Out To Capture Quebec At Any Price

ORONO, March 7—"The Progressive Conservative party will endeavor to win Quebec at any price during the next federal elections," Hon. Lester Pearson, minister of external affairs, said last week at the largest Liberal nomination rally in the history of Durham county. More than 800 people saw John James of Bowmanville, chosen Durham riding federal candidate. Ballots were cast by 315 delegates.

Mrs. Pearson said an "unholy alliance" of "Bay St. colonels supported by people like Duplessis and Houde" had been formed to capture Quebec from the Liberal party. "They make very strange bedfellows, Drew on the one side and Duplessis on the other. I don't know who is on the right but I know who is furthest to the right," he said.

"They are endeavoring to confuse the public for the next election. The Newfoundland question, for instance, should have been a simple one. The opposition had already approved the terms of the union. Now they say they disapprove of the methods of doing so. They want each province consulted on it.

Part of a Plan

"It is all part of a plan to play one province against the other. The union with Newfoundland might thus have been postponed indefinitely. It might have thwarted it altogether.

"There is no time for playing province against province or class against class with the treacherous days ahead of us today. The hope of world peace has temporarily disappeared as a result of communism. We are opposed in the United Nation by Communist dealings at every turn. This is a problem that casts its shadow over all Canada and if it goes unsolved it will bring tragic results."

At the same time he warned "passing padlock laws and making communism illegal in Canada would not be successful. Let us be careful we do not throw away our liberalism to combat communism," he said.

He also paid tribute to the Prime Minister Louis St. Laurent "There is no wiser, greater or more intelligent man in Canada than Mr. St. Laurent," he said, "and my service in the department of external affairs gave me a wonderful opportuntiy of watching him."

FIRST SHIP out of winter quarters at Sarnia on Saturday was the Imperial Simcoe and the Imperial Cornwall (above) was first to move cargo. The Cornwall is moving oil to storage a few miles downstream, but still within Sarnia's port limits; so no silk hats will be awarded for Saturday's movement—one of the earliest in the memory of port officials. Tanker movements to Georgian Bay and Lake Huron ports are expected to start about March 10.

Omemee Legion Branch Formed

OMEMEE, March 7 (ENS). — Forty veterans of both World Wars from Omemee and vicinity met in the Coronation Hall to form a branch of the Canadian Legion, BESL, last week.

E. Jones, Lindsay, Zone Commander, assisted by Harold Yelland, president of Branch 52, Peterborough, and Messrs. Heffernan and Corrie of Sir Sam Hughes Branch, Lindsay, initiated 25 applicants and installed the following officers:

President, Ross Widdis; first vice-president, Edward Lowes; second vice-president, Elwood Faukner; padre, Rev. V. E. R. Zufelt; secretary - treasurer, George Stephenson; sergeant-at-arms, James Brooks; executive committee, Walter Mitchell, Art Jamieson, William O'Neill, and Reuben Reeds.

Mr. Jones gave a vivid picture of the activities of the Legion from a service and veteran's re-establishment standpoint. Mr. Yelland congratulated the members on their initiative in forming the branch. The charter members, by election, included the members of the executive and William J. Thorn, Fred Evans, L. M. Curtis, Victor Callaghan, Bert Weir, William Acreman, John Magee, and Ross Rehill.

Better Enforcement Of Fish Laws Asked

QUEBEC, March 7 — (CP). — More rigid enforcement of fish and game laws was recommended by the Quebec Federation of Fish and Game Associations at the close on Saturday of its annual two-day convention.

The resolution requested a reorganization of the province's law enforcement service. It suggested:

1—An increase in the number of full-time fish and game wardens, properly outfitted with uniform;

2—Establishment of an aerial watch in the principal fishing and hunting areas;

3—Careful selection and training of wardens.

At the closing luncheon meeting, Dr. Camille E. Pouliot, Quebec Minister of Game and Fisheries, appealed to each citizen to become an apostle of conservation of wild life.

Ocean Fishing Food Backbone

AUCKLAND, N.Z., March 7—(CP)—In the years ahead mankind will have to turn more and more to the ocean for food to survive, in the opinion of leading food experts attending the Pacific Science Congress at Auckland.

Doubling of the world's population in the last century and the lack of new land areas for development means that man will need new fishing methods to exploit wider ocean areas.

"The ocean is man's next frontier—it may be his last," declared Dr. J. L. Kask, of the Food and Agriculture Organization.

Most fishing by man so far had been done in relatively shallow waters, he added. Echo sounders used during the war found huge schools of edible fish at considerable depths. Before the war, Japanese fishermen had started to delve into the ocean depths, using new methods such as luminous baits.

The Pacific Ocean covering more than one-third of the world's surface, supplies less than half the fish produced each year, Dr. Kask added.

About 95 per cent of the catch in the Pacific was taken north of the equator, mostly from shallow waters. Coasts of Australia and New Zealand were effectively fished only in part, while the Antarctic was not touched at all.

Truman On Holiday

KEY WEST, Fla., March 7 (AP) —President Truman started a two-week Florida vacation Sunday in a chipper mood. His plane landed just ahead of the press plane, which usually precedes him. Truman walked over to the press plane and with pad and pencil in hand asked AP Correspondent Ernest Vaccaro what he thought about Molotov. Vaccaro replied: "No comment."

Red Leaders In U.S. Stress Peace Efforts

NEW YORK, March 7 (AP).—Two leaders of the American Communist Party Sunday told President Truman that "despite all threats and persecutions he will continue resolutely to work for peace."

The statement by William Z. Foster, the party's national chairman, and Eugene Dennis, general secretary, was in the form of a letter to Truman. It was made public by the Communist Party's National Committee.

The letter was described as a reply to "the President's reference to their statement of March 2 as that of 'traitors.'"

CONGRESS THREATENS WAR ON A.F.L.

ESKIMO BABY, Edwina Grey, is the prime favorite in the hospital at Fort Churchill these days. The three-month-old child who hails from the Churchill district is recuperating from an attack of pneumonia under the care of the Army medical staff at the northern Manitoba post. She is shown above looking none the worse for her ordeal in the arms of Lieut. (Nursing Sister) M. L. Clift of Melfort, Sask.

May Need Permanent Base In Arctic For the Eskimos

OTTAWA, March 8—(CP).—Ravages of the first poliomyelitis epidemic to strike Canada's Eskimos may make it necessary to establish a permanent camp or base to care for the victims, a health official suggested today. Dr. P. E. Moore, director of the Indian and Eskimo health services of the Federal Health Department, told a press conference the paralysis would affect the very livelihood of a people who depend on their physical prowess for food.

Its growth now can be traced from the movement of one Eskimo, Tutu, north from the army base at Churchill, Man., last September. It developed from a particularly virulent virus he carried unwittingly until it has taken 13 lives, struck 60 natives out of 275 within a 100-mile radius of Chesterfield and led to imposition of a quarantine over an area of 40,000 square miles.

Dr. A. F. W. Pert, department chief of epidemology just back from Chesterfield said it looked as though the thing had started last August when someone, presumably a white man, was taken from Churchill to Winnipeg with the disease. A month later Tutu left Churchill.

Two Contributing Factors

Two factors contributed to its growth. The first is the Eskimo habit of calling on one another and sleeping together, all under the same fur and all naked, as they travel around the country. The other is the fact that a mild fall last year ruined their stored cariboo meat and an unusual number of the natives were congregated in Chesterfield, 300 miles north of Churchill, by the time the disease struck there.

Dr. J. P. Moody, resident physician at Chesterfield, started last October to try to track the disease, travelling 3,000 miles by dog team and reporting by radio. But it was early December before officials tumbled to its nature. As a result, the worst was over before the white man's help arrived.

Dr. Moore said the Eskimos could not understand just what a quarantine was but that they will follow the instructions of Mounties or trappers to stay put. In this way, travel could be restricted.

Drought Cuts Europe's Lights

PARIS, March 8 (AP) — Drought is turning out lights all over Southern Europe. Taps are running dry and crops are drying up.

For five months virtually no rain or snow has fallen in France. Worse conditions are reported from Portugal, Spain, and, until recently, Italy. In other portions of Europe the effects have been lessened by recent rains and snow.

Ordinarily in these southern countries reservoirs are at low levels at this time of year, but they have not been as low as now in a long time.

Electric plants are being told to cut their power down to try and span the limited supply of water power until the April rains.

Representative Bloom Dies In Washington

WASHINGTON, March 8 (AP) —Representative Sol Bloom, who rose from a childhood of near-poverty to riches and world prominence, died suddenly, Monday night.

The colorful New York Democrat, chairman of the Foreign Affairs Committee of the House of Representatives and a familiar figure in the United States capital for almost 30 years, was stricken with a heart attack almost on the eve of his 79th birthday.

The veteran legislator's death caught him at the top of a fabulous career. It included such varied pursuits as song-writing, acting, business enterprises—which are reported to have made him a millionaire before he was 20—and finally a seat in Congress and a position as one of the most prominent makers of American foreign policy.

Will Become Republic Nehru Warns

Indian Government Proposes To Stick Strictly To Plan

NEW DELHI, March 8 (Reuters)—Prime Minister Nehru said today the Indian Government proposes to adhere strictly to the Congress Party's December resolution that in a few months India should become an independent Republic.

He was referring in parliament to India's future relationship with the British Commonwealth. At present India holds the same Dominion status as Canada.

"In no way in our external, internal, political or economic policy do we propose to accept anything which involves the slightest decree of dependence on any other country," he said.

"Complete integration with India," was the only future for the French and Portuguese possessions in India.

The government was trying to achieve this in a peaceful way.

The Congress resolution of December stated that while establishment of an Indian Republic would mean a change in the present Association with the Commonwealth "The Congress would welcome her free Association with the Independent Nations of the Commonwealth for the common weal and the promotion of world peace."

Shoot On Sight Bombay Orders

BOMBAY, March 8 (Reuters)—Bombay police Monday night received orders to "shoot at sight" any one found tampering with public property. In 24 hours a Communist-sponsored railway strike is due to begin.

The police Monday took 16 persons into custody in a raid on a branch office of the Communist-led Girni Kamgar (mill workers) Union following a general one-day token strike called by the Bombay Provincial Trade Union Congress "in sympathy with railway labor."

In Rurat, 100 miles north of Bombay, Baroda and Central India Railway, 18 persons were detained..

Orders to shoot were given the Bombay police not only in cases of persons actually tampering with public property, but also where persons might be found moving about in a suspicious manner near vital installations.

Troops and police were guarding key points on the railways.

No chances were being taken in view of the Communist Party's call to all railroad men to strike. The All-Indian Railwaymen's Federation, largest national railway grouping in India, opposed a stoppage.

Head of Soviet Delegation To UN Reported Ill In Bed

LAKE SUCCESS, N. Y., March 8—(CP)—Two Russians today were the centre of United Nations interest although both were shielded from the public gaze.

They are: Jakob A. Malik, head of the Soviet delegation to the U. N., reported ill in bed at his home on Park Avenue.

Valentin Gubitchev, Russian national employed by the World Peace Agency as an engineer in building its headquarters, held in jail in New York on charges of suspicion and espionage.

Malik's absence from the Security Council meeting yesterday marked the first time anyone other than the head of the Soviet delegation had represented Russia at a Council meeting.

Semen K. Tsarapkin, Russia's representative on the U. N. trusteeship council, took the place of the Soviet Deputy Foreign Minister.

The council meeting was the first since Andrei A. Gromyko took over Andrei Vishinsky's post as first Soviet Deputy Foreign Minister and Vishinsky succeeded V. M. Molotov as Foreign Minister last week.

Gromyko was expected to be head of the Russian delegation here at the General Assembly opening April 5.

The big, affable Malik has taken no part in the furore raised by the arrest of Gubitchev, 32, who came to the United States in 1946 as a member of the Russian delegation.

Although Malik is the top-ranking Russian in the United States, he apparently leaves all matters outside U. N. affairs to Russia's Ambassador in Washington, Alexander Panyushkin.

Panyushkin has demanded Gubitchev's release on the grounds that he is diplomatically immune. U. N. officials contend any U. N. employee is immune only as long as he is working in the interest of the world body. Gubitchev was suspended from the organization immediately after his arrest.

Investigate Epidemic

WINNIPEG, March 8—(CP).—Findings of the five-man medical team which last week investigated the poliomyelitis epidemic sweeping the Chesterfield Inlet region of Canada's sub-Arctic will be studied today at a meeting of Federal health officials at Ottawa.

Atlantic Pact 20-Year Pledge Against Attack

LONDON, March 8 — (AP) — Diplomatic writers published Monday night what they said were details of the proposed North Atlantic Defence Pact. They said the treaty would be signed in Washington before the end of March.

The alliance is a 20-year pledge that all signers will resist with military force an armed attack on any signer, said Frederick Kuh, London correspondent of the Chicago Sun-Times.

Kuh said the draft recognizes however, that only Congress can commit the United States to war by stating "this treaty shall be ratified by each of the parties in accordance with their constitutional processes."

W. N. Ewer, diplomatic writer for the London Daily Herald, organ of Britain's ruling Labor party, listed three points he said were in the treaty: immediate help to any member in case of attack; mutual aid in the preparation of defence; consultation if there seems any danger of attack.

Foundation Members

The diplomatic correspondent of the Liberal News Chronicle said the United States, Canada, Britain, France, Belgium, Holland, Luxembourg and perhaps Norway would be the "foundation members."

He said one article "declares that the treaty will remain in force for 10 years, after which the parties may consult for the purpose of reviewing the treaty if necessary and may decide to terminate the pact after another 10 years."

Kuh said this meant the treaty would remain in force for 20 years, after which it may be denounced by any signatory on two year's notice.

He said the first two articles of the pact dealt with an avowal of a devotion to peace, and pledged al possible elimination of threats to peace, including economic ones.

He said the text of the treaty provided the signers may agree among themselves to invite any other power to participate, provided such country "is in a position geographically to strengthen the principles of the treaty."

Seeking Nurse On Murder Count

HULL, Que., March 8 — (CP). —Adjacent municipalities were being searched to-day for the apprehension of Mrs. Roma Gibson, wanted by police on a murder charge in connection with the death of 25-year-old Jacqueline Lambert of Hull.

Police from Montreal joined with police from this centre on Monday night to comb the district for Mrs. Gibson, believed to have formerly resided in nearby Aylemr, Que.

Miss Lambert, a patient at the Sacred Heart Hospital for the last three weeks, died yesterday, from what police believe was an illegal operation performed in mid-January.

A few hours later warrant for Mrs. Gibson's arrest on the murder charge was sworn out in Hull Police Court by Sgt. Detective Ubald Legault of the Quebec Provincial Police at Montreal. Whereabouts of Mrs. Gibson was then unknown.

Her name was linked with a police assertion that they were looking for a middle-aged woman, said to be a graduate nurse, and also a man, said to be a friend of Miss Lambert's.

Will Fight If Unions Withdrawn

Domination Moves Bring Forth A Slashing Attack

OTTAWA, March 8 (CP)—The Trades and Labor Congress of Canada executive today threatened a jurisdictional war in Canada with the American Federation of Labor, its powerful United States ally, if the A.F.L. makes good a veiled threat to pull some of its unions out of the Congress.

The Congress leadership cut loose with a slashing attack on "unwarranted" A.F.L. attempts to dominate the T.L.C. in a letter prepared for dispatch to the Congress' 400,000 members.

It was the latest move in an internal labor battle touched off last summer by unorthodox moves of Frank Hall, Canadian chief of an A.F.L.-T.L.C. union, to clean the Congress of Communists.

Immediate Spark

The immediate spark was a sharp reprimand delivered to the Congress by the AFL executive last month over the TLC's suspension of Hall and other issues, which has been interpreted as an ultimatum to the Congress to fall in line with AFL policies or lose at least some of its international affiliates.

The total membership of these affiliates in the Congress is estimated at about 300,000.

If any of these unions decide to withdraw from the Congress, its executive declared in its letter, it "will have no other choice than to take over jurisdiction" of those unions.

In that case, said the statement, national or federal charters would be issued covering employees remaining loyal to the Congress.

To-day's letter was signed by Congress President Percy R. Bengough and Secretary-Treasurer John W. Buckley, on behalf of the seven-man executive council.

Ceylon Meeting Now Cancelled

LONDON, March 8 — (CP)— Speculation increased today over the time and place where foreign ministers from the commonwealth countries now will meet, since a Ceylon conference scheduled for May definitely has been cancelled.

Some say Ottawa will be the site.

With a western peace front rapidly approaching reality, nervous eyes revert to the east, where Communist influence is being consolidated in China and Burma for further expansion.

London morning papers comment today links uneasiness in the Mediterranean and the East with reports of the cancellation of the Ceylon conference.

Pass First Hurdle

WASHINGTON, March 8—(AP). — A bill promising western Europe $5,580,000,000 in second-year Marshall plan aid has successfully passed its first major hurdle in the United States Congress. The measure, authorizing the full sum asked by the economic co-operation administration was unanimously approved late Monday by the Senate Foreign Relations Committee.

Premier Sun Fo Resigns; Ho Successor

NANKING, March 8—(AP) — Premier Sun Fo, carry-over from the Nationalists regime of retired Generalissimo Chiang Kai-shek, quit today. His resignation opened the way for a premier more acceptable to the Communists in peace talks to end China's civil war.

Gen. Ho Ying-chin, former Minister of Defence, emerged immediately as the most likely man to succeed Dr. Sun. The General, like Sun, is on the Communists' "war criminals" list, but is regarded as far more acceptable to the Reds.

Official government circles gave Ho the nod as Acting President Li Tsung-jen's probable choice. He be a compromise among various would be a compromise among various Nationalist factions and would be able to influence the powerful Whampoa military clique. (Whampoa is the old Chinese military academy).

Selection of Ho, it was pointed out, would weaken the control over the cabinet by Chiang and other ultra-conservative elements of the Kuomintang (Government party). Chiang's weight has been felt in the Government despite his retirement since Jan. 21 at his ancestral home in Fenghwa.

Closer to Li

Ho is said to be closer to Li than too Chiang. He and the Generalissimo have had an uneasy truce in recent years.

Sun's announcement that he and his cabinet had resigned came suddenly at a meeting of the Legislative Yuan, which has had his policies under fire. The legislators cheered Sun's announcement.

Sun, whose father was Dr. Sun Yat-sen, "father of the Chinese Republic," stepped into the Premiership as Chiang's choice last Nov. 26.

Sun and Li had not seen eye to eye. Lo has been seeking to end China's three-year civil wah at almost any price. Sun had balked at stiff Communist demands.

Sun moved the Cabinet to Canton after Chiang left in January, leaving Li in Nanking. Last month Lo flew to Canton to persuade Sun to return to Nanking.

ROME, March 8—(AP)—Italy's cabinet today unanimously approved Foreign Minister Carlo Sforza's pro-American policies and backed the country's proposed entry into the North Atlantic alliance.

Four Bulgarian Ministers Get Life Imprisonment, Nine Others Sent To Jail

Order Property Of Quartette Confiscated And Loss Of Civil Rights; Two Of Group Receive Suspended Sentence

SOFIA, March 8—(CP).—The four top defendants in Bulgaria's spy trial of Protestant churchmen today were sentenced to life imprisonment. Sentence imposed on nine of the others ranged from nine to five years in prison. The remaining two were given suspended sentences of one year and fined.

The four receiving life sentences are: Rev. Vassil Georgiev, Ziapkov, 48, Congregationalist minister; Rev. Yanko Nikola Mihailov Naumov, 49, Bap- Ivanov, 48, Methodist; Rev. tist, and Rev. Georgi Chernev, 46, Pentacostal.

Ziapkov was fined 1,500,000 leva (about $5,012) and the other three 1,000,000 leva each.

The Moscow-trained prosecutor, Dimiter Georgiev, had demanded death terms for each and long prison terms for the other 11. All were accused of spying for Britain and the United States and most of them of black-market currency dealings. Ziapkov also was accused of treason.

The property of the four also was ordered confiscated and they were sentenced to loss of civil rights.

The Ministers, called "squealing little rats" by a Government press department paper, stood without outward emotion while the three judges announced he sentences. Then all the defendants announced they were satisfied with the findings and would not appeal.

Ziapkov broke into tears at the conclusion of the judge's reading. Weeping, he declared:

"I am satisfied. I promise to work with all my strength to build the new man in myself and to help in the construction of our Socialist Republic."

Ziapkov, religious representative of the United Evangelical Churches in Bulgaria, also received terms of 15 years for allegedly trying to incite against the government and of five years for spreading false rumors.

All the accused had confessed at length, some with tears in their eyes. Some begged for mercy and professed they now are convinced Communism is best for Bulgaria.

Violent Deaths Up Toronto Police Find

TORONTO, March 8 (CP). — Traffic fatalities, suicides, and deaths from heart attacks are on the increase in Toronto, the annual report of the Police Traffic Department revealed to-day.

During the last year, 71 persons were killed in traffic accidents, 51 committed suicide, three were murdered, and 70 others lost their lives in various types of accidents. Sudden deaths from heart conditions totalled 423, a marked increase over former years.

Red Activities In Canada Watched Closely

OTTAWA, March 8—(CP). — Communist activities in Canada are due for close check and there is a possibility of new and restrictive legislation. This was disclosed in the Commons yesterday by Prime Minister St. Laurent in reply to a question from George Drew, Progressive Conservative leader. Mr. Drew asked for restrictive legislation in view of recent statements by National Communist leaders in many countries pledging support to Russia in event of war between their own and the Soviet.

This series of statements from Communist leaders abroad were described by Mr. Drew as "a world-wide pattern of treachery."

He said Communists, obviously on orders "issued from the Kremlin," had disclosed "their purpose in treason," and that they would "sabotage preparations for defence."

Mr. Drew said these statements gave "a new meaning and entirely different singnificance" to statements reported to have been made by Tim Buck, Labor-Progressive party leader, in Vancouver, Nov. 13, 1946.

On that date, Mr. Drew said, Tim Buck was reported have said he would not defend Canada if it were at war with the Soviet Union.

Most of this comment from Mr. Drew was in a letter—distributed among press gallery reporters — addressed to the Prime Minister and on which he based his question in the Commons.

Mr. St. Laurent referred to the letter and assured the House that the Government had such matters under "constant surveillance."

He also said the Justice Department was giving close examination to a bill introduced earlier by Wilfrid Lacroix (L-Quebec-Montmorency) designed to strengthen criminal code provisions against totalitarian activities.

Odom Has Set World Record

TETERBORO, N. J., March 8—(AP)—Big Bill Odom soared in from Hoonolulu shortly after noon today setting a 5,000-mile world's non-stop record for light planes.

The 29-year-old former second World War ferry pilot, already holder of the world-circling speed record, touched down his tiny monoplane at this North Jersey airport at 1:06 P.M. EST., 36 hours and one minute after leaving Honolulu.

The exact mileage of the long-distance hop awaits an official check of his sealed instruments, but fight sponsors estimated it between 4,999 and 5,010.

Hundreds of persons immediately swarmed around the plane as Odom brought it to a stop at 12:09 p.m.

Study Compensation For Infected Cattle

OTTAWA, March 8—(CP) — Agriculture Minister Gardiner told the Commons Monday the Government is considering legislation increasing the compensation for farmers whose cattle are found to be infected with tuberculosis and slaughtered. Answering a question by A. E. Robinson (PC-Bruce) Mr. Gardiner said the present maximum payments are $100 for pure-bred cattle and $60 for other animals.

New Enthusiasm In Bulgarian Churches

Canadian Reporter Finds More Freedom Temporarily Under Communists

By GEORGE FORSTER

TORONTO, March 8 —(CP)— Last July Rev. Vassil Ziapkov told me in a visit there was more religious freedom under Bulgaria's Communist government than under its pre-war monarchy.

He told me, too, he believed that the Communists would raise the standards of living of Bulgaria's poverty-stricken peasants.

In short, he believed that Communism was a good thing.

Ziapkov, head of the Bulgarian Evangelical church, is one of 15 protestant clergymen on trial since Feb. 25 on charges of treason, espionage and black-market currency operations.

I met Ziapkov and Rev. Yanko Ivanov, head of the Bulgarian Methodist church and another defendant, while in Bulgaria on a holiday trip. There was no indication then that they both would be in jail within three months.

Ziapkov, 48 and American educated said relations between his church and the Communists were friendly. The government had given him money to rebuild his church when it was bombed in an air raid. The mother and sister of Prime Minister Georgei Dimitrov, the country's No. 1 Communist, both went to his church.

Continual Interference

Before the war, he said, the Russian Orthodox church—by far the largest denomination in the country—was supported by the monarchy. He told of continual police interference with the religious activities of protestant churches.

He said this ended when the Communists took over.

Zaipkov admitted that Bulgaria was a satellite of the Soviet Union but he said he was not a Communist.

Both Ziapkov and Ivanov were puzzled about the future. But they told me there was a new enthusiasm and a new spirit among their congregations. I attended services in both their churches. They were full of people of all ages, but even a foreigner could see their devoutness and enthusiasm.

At the same time, Dimiter Iliev, Minister of Education and Religious Affairs in the Communist government, was telling foreign churchmen that Bulgaria was grateful for the financial assistance western churches were giving the hard-hit Bulgarian congregations.

Charge Funds Misused

The Communists now charge that the relief sent Bulgarian churchmen was payment for espionage by the Bulgarian ministers. They charge that the money they received was used at the black market after the foreign clergymen had relayed the information to their governments.

Iliev's statements last summer indicate that the Communists themselves, don't believe the changes.

The Communists could be:

1. Trying to stamp out organized religion in Bulgaria.

2. Trying to remove the favorable impression western churches would create among Bulgarians by sending relief to Bulgarian churches.

3. Unable to understand that people from western Europe and the United States could be sincerely interested in relieving suffering and hardship behind the iron curtain.

Hunt Oleo Smugglers Around Hull

Will Search Cars, Buses, Street Cars On Three Bridges

OTTAWA, March 8—(CP). — The Quebec-Ontario border joined at the Capital by three well-travelled bridges, will be the scene of police investigations for contraband margarine, Quebec police predicted Monday.

Detective John Ross of the Quebec Provincial Police said that following the provincial edict against margarine passed last Friday, "every Hull housewife is a potential smuggler, and every street car, bus, and motor car will have to be searched."

Street cars or buses cross the Chaudiere and Alexandria bridges, while the Chaplain bridges on the western outskirts of the city are for auto traffic only. Some years ago when Quebec's liquor laws were easier than Ontario's, Ontario Provincial Police kept a check on possible smuggling of beer and liquor from Hull to Ottawa.

So far, margarine has been scarce in Ottawa stores.

Quebec's ban on the import of margarine from other provinces is illegal, in the opinion of several Toronto lawyers.

R. M. Willes Chitty said his opinion was that any effort by Quebec to prevent the import of margarine is a violation of the British North America Act, which declares that there must be freedom of trade between the provinces.

Quebec could prohibit the sale of margarine, but not the import of the butter substitute, in Mr. Chitty's opinion. He recalled that during the early '20's the federal government passed an act forbidding the transport of liquor from wet Quebec to dry Ontario. Prior to this it was quite legal to import liquor into the province, although it was under prohibition.

There is no federal legislation with respect to the import of margarine from one province to another.

Another lawyer said he doubted very much whether Quebec could impose an import ban on oleo. Provinces cannot legislate on questions of provincial or international trade, he said.

Quebec Provincial Police search of vehicles and passengers crossing from Ontario to Quebec would be illegal, it was thought.

J. J. Robinette said he doubted whether police would have the power to search without a warrant.

British Wages Continue To Rise

LONDON, March 8 — (CP) — Wage rates in Britain continued to rise in 1948 despite repeated efforts of the Labor Government to apply a check.

By the end of the year nearly 8,000,000 persons—more than one-third of the working population—had been given wage increases. The country's over-all payroll went up by £1,890,000 ($7,560,000) a week.

Most observers expect the pressure to continue in 1949. When trade unions accepted the government's wage stabilization policy last year it was on the condition that prices would remain steady too. There has been a considerable rise in the cost-of-living since the last round of pay increases.

The minimum wage for farm workers is almost certain to be raised soon from the present £4 10s. Miners and railway workers are among other groups who are hopeful of getting a further boost.

The largest industry to benefit in 1948 was shipbuilding and metal engineering. More than 2,575,000 workers got raises exceeding £640,000 a week.

Golds Show Advance On Toronto Exchange

TORONTO, March 8 (CP). — Golds continued their advances as both senior and junior producers gained steadily on the Toronto Stock Exchange to-day. Industrials and base metals tightened slightly and Western oils held steady on mixed gains and losses.

Volume for the first three hours was 506,000 shares, about 57,000 shares more than yesterday's similar period.

Golds moved quietly in their upward trend with gains held to fractions in seniors and ranging up to 15 cents in juniors.

Key industrials were ahead fractions. Bell Telephone, Algoma Steel, Massey-Harris, Dominion Woollens, and Canadian Dredge were among the gainers.

Anglo-Canadian and Calgary and Edmonton lost 10 cents in the two-way Western oils. Leduc-West, Pacific Petroleum and Oka-alta were penny gainers.

REALLY VALUABLE

The most valuable animals in the London zoo are the okapis and the black African rhinoceros, valued at $8,000 each.

Butter Prices Show Drop In Many Cities

By The Canadian Press.

Butter prices dropped and sales fell off in several Canadian cities Monday. Some wholesale dealers blamed competition from margarine, now plentiful in most places. Others said it was the law of supply and demand—retailers had ample stocks of butter and the market was "dead."

In Toronto, the drop ranged from one to 7½ cents a pound. No. 1 butter solids at 67 cents were one cent lower than a week ago; No. 2 solids at 60 cents were down seven cents. In prints, No. 1 was down 1½ cents at 69; No. 2 was down 7½ cents at 62.

In Montreal, butter was offered at 68 cents a pound, ½ cent below the ceiling. March futures were offered at 68 cents.

Three Saskatchewan points — Regina, Yorkton and Swift Current—reported declines of three cents a pound in prices for first-grade butter. At Halifax prices remained steady but grocers said sales had fallen off since margarine first made its appearance a month ago.

Offerings Four In

Butter offerings poured into Montreal from Toronto and Western points, contributing to unsettled trading. This was blamed in margarine sale in other provinces. In Quebec, where sale of margarine is banned, demand for butter has remained steady.

To head off any drastic reduction in the butter price in Toronto, butter brokers, wholesalers, retail store executives and creamery officials plan to meet with the Board of Trade next Thursday. They said 2,225,000 pounds of butter were on hand in Toronto March 1.

The Ontario Department of Agriculture warned creamery producers to make every effort to improve the quality of their product. A spokesman said "first-grade butter has been the only butter in demand in the last month."

Cream prices followed butter downwards. In Toronto it dropped four cents to 70 cents for No. 1, delivered.

Alexander Zahariev, 65, Methodist minister, was acquitted of espionage but sentenced to a year in prison for spreading false rumors. He was fined 5,000 levas and deprived of civil rights for two years.

The sentences against Dinev and Zahariev were suspended.

Green Hornets Add New Touch

OTTAWA, March 8 — (CP) — Something new has been added to Arctic terminology — "The Green Hornets."

That's the name fishermen in the Great Slave Lake area of the Northwest Territories have pinned on Fisheries Department officials. The explanation lies in their distinctive green winter garb.

The department reported today that three of the "hornets"—Inspector D. M. Stewart and guardians H. A. Burden and L. Letourneau—recently added a new transportation step to northern development. They circled Great Slave Lake, which covers 11,400 square miles, in a snowmobile to check the possibilities of using the machine on long patrols.

It said this was the first time the continent's fifth largest lake had been circled by mechanical equipment.

Kingston Trio Gets $1,000 Blanket Bail

CORNWALL, March 8 (CP) —Charged with extortion and robbery, three Kingston men Monday were released on blanket bail of $1,000 and were ordered to appear for trial next June at the general sessions of the peace.

The accused, John Graham, 21, George Smyth, 23, and Russel Parker, 23, were scheduled to stand trial at the Supreme Court Assizes.

They are said to have obtained $825 from a district resident by threatening to involve him in a divorce action brought by Smyth against his wife, Marjorie Smyth.

A weakening disturbance over Northern Ontario this morning will move into Western Quebec today. To the south of it mild air from the Mississippi Valley will enter the southern half of the province and push temperatures up near to the 40 mark this afternoon in most sections. The polar air over northern regions will move slowly south reaching the Muskoka area tonight and to Lake Simcoe by noon Wednesday where its advance will be retarded by the approach of another disturbance from the south-western states. Thus the lower lakes regions are forecast to remain mild today and Wednesday.

Forecasts:

Lake Erie, Lake Huron, Lake Ontario, Niagara, Southern Georgian Bay and southern Haliburton regions. Overcast and mild today and Wednesday. Intermittent rain tonight and Wednesday. Winds southerly 20. Low tonight and high Wednesday at St. Thomas 36, 39; St. Catharines 38, 40; Wingham and Trenton 35, 36; Muskoka and Killaloe 33, 34.

Summary for Wednesday: Intermittent rain. Mild.

Urges Ottawa Sponsor Plan For Art, Crafts

OTTAWA, March 8 (CPY) — Debate on the speech from the throne, growing more and more repetitious as it moves into its fourth week, may be interrupted long enough today to allow the Commons to vote on a motion of non-confidence in the government sponsored by the CCF party.

There were no sensational developments yesterday as backbenchers kept the debate moving slowly during the six-hour sitting.

John Probe (CCF-Regina City) by-passed the usual demands for tax reductions and other changes in government policy to urge that the Federal authorities sponsor a plan for providing Canadians with training in skills, arts, hobbies and sports.

He attributed the increasing number of physical and mental breakdowns among Canadians, as well as the country's lack of game-winning feats in international sport, to lack of means of expending leisure time. He urged that the country's national parks be made playgrounds of the people.

Douglas Ross (PC-Toronto St. Paul's) devoted his speech almost entirely to criticism of the CBC, which he described as the "greatest example of bureaucracy" in Canada.

At the House opening, Trade Minister Howe announced that payments of five cents a bushel on oats and six cents a bushel on barley will be made to producers of the grains out of surpluses accumulated from export sales in the 1947-48 crop year.

Under Control

Health Minister Martin reported that an epidemic, believed to be anterior poliomyelitis among Eskimos in the Hudson Bay region, now appears to be under control.

Defence Minister Claxton said an incident aboard the Destroyer Athabaskan in southern waters, involving an apparent breach of discipline was "a minor one which was settled by the commanding officer in short order and without difficulty."

In the debate, Mr. Probe drew attention to the growing Canadian losses in hockey, basketball and tennis abroad and recalled the high percentage of Canadians rejected for military service during the war on medical grounds. Added to these evidences of physical softness" were the ever-growing numbers of Canadians requiring treatment for mental and emotional stresses.

He attributed these deficiencies to the changing living habits of Canadians which turned them from a simple, predominantly rural existence to a highly-specialized and mechanized way of living which called for little initiative and self-reliance.

Suggests Crafts

The Federal Government, he said, should provide free courses in hobbies, arts and skills of a recreational nature. Grants could be made for the building of community halls and playground facilities in towns and villages and the Dominion could provide instructor coaches of team games and training facilities for Canadian entrants in international track and field events.

Mr. Ross said the control of radio in Canada should be taken out of the hands of the CBC and placed in the hands of an independent body. The CBC should operate as a public service without commercialization. Private stations should be allowed to operate a network.

D. J. McCuaig (CCF-Maple Creek) said he would not argue whether or not Britain should be given wheat at low prices, but he did not think the wheat producers should foot the bill. The other taxpayers in Canada should share the cost of supplying Britain with cheap bread.

Anthony Hlynka (SC, Vegreville) urged that farmers be given a fair share of the national income. Statistics showed, he said, that in only two years in the period from 1926 to 1947 had Canadian farmers received what could be called a "parity" price. In other years, they suffered losses.

He called on the government to disclose what it plans to do to obtain markets for Canadian products when European Recovery Program aid and credits to European countries are exhausted.

Find Jeweller, Wife Shot; Suicide Pact

Paid Heavy Fines For Failure To Collect 25% Tax

PEMBROKE, March 8—(CP)— The case of Pembroke's tax-opposing jeweller came to a tragic climax today when George J. Simpson and his wife were found shot to death in their Pembroke apartment. Police said it was double suicide.

Simpson, 43, who had staged a one-man battle with the Revenue Department since he opened a new store here last November, was found dead in bed with his wife, Rachael, shortly after noon.

Both had been shot through the head by an automatic .22-calibre rifle Simpson still clutched when discovered about 12 hours after the shooting, which apparently took place about midnight last night. The rifle, reported purchased last fall, still had a price tag attached.

Leave Note

Police Chief Dan Carnegie labelled the case as "double suicide" and produced a note found in the couple's apartment, wrapped in a key to Simpson's tax-free store. It read:

"Thanks to those who have befriended us. May those I have hurt forgive me. Good-bye and God bless the righteous."

Coroner D. A. McKercher of Cobden said the suicide weapon was found in the hands of Simpson. The weapon apparently had held four bullets. One empty shell was found on the bedroom floor. Another empty shell plus the two unusued bullets were found in the weapon.

A bullet was lodged in the right temple of Mrs. Simpson. Simpson's body was found stretched across a side of the bed. The coroner said there were no indications that the couple had tried to commit suicide before.

Wouldn't Take Tax

Simpson, a former Baptist preacher who came to Pembroke several years ago, recently paid heavy fines to the Revenue Department for failure to collect the Federal 25 per cent tax on his merchandise.

Throughout the trials in December and January on charges brought by the Department, he conducted his own defence, insisting that he refused to be an "unpaid tax collector for the Federal Government."

Since then, he had abandoned his tax-free policy and to-day Vernon C. Naumon, Assistant Deputy Revenue Minister, said the tax and fines had been paid up "within a few dollars."

Coroner McKercher said it was unlikely a post-mortem would be held. His estimate that the couple had been dead about 12 hours tallied with a report by Mrs. James Craig, wife of a local lawyer who occupies the same building, that she heard a "bang" about midnight Sunday night.

Dr. J. D. Cotram, the Simpson's physician, said both Mr. and Mrs. Simpson had been "in a state bordering on nervous breakdown" for some weeks. Mrs. Simpson had been sick in bed for days.

Fight Epidemics By Air Spraying

LONDON, Eng., March 8—(CP) —Present standards are so low that almost any attempt at air disinfection would be an improvement says an experts' report entitled Studies in Air Hygiene.

"In large offices good ventilation, good lighting and dust control are worth while as premanent measures," the report concludes. "Air disinfection by chemicals or ultra-violet radiation is worth adding when an epidemic is prevalent."

Sodium hypochlorite is suggested as an efficient liquid spray. Dr. D. B. Bourdillon, who directed the survey, says a large typing office should have one spray for every 10 workers, and it should be used every half hour.

He notes that hand-sprays are frequently used with unsuitable liquids, including formalydehyde which "is useless or dangerous since it is only effective in concentrations which are highly irritant to the human respiratory tract."

The experts noted "alarming outbreaks" of pulmonary tuberculosis in the Royal Navy due to over-crowding. One recommendation was that vacuum cleaners be used instead of brooms which raise big clouds of dust.

The microbic content of hospital air was closely studied and it was urged that windows in wards be opened as a regular practice after bed-making and dressings to permit escape of infected air.

104 In Shade Said Cool In Marble Bar

By LESLIE BRODIE
Canadian Press Correspondent

PERTH, Australia, March 8—(CP)—Residents of Marble Bar, a tiny ghost town on the west coast of Australia, cannot use their shower-baths during the day—the water flowing through the pipes gets too hot to use.

Marble Bar is the hottest town in Australia. This summer, however, the town's 60 white inhabitants claim they are having a mild summer. The temperature has been over 100 degrees in the shade only 111 days, and the average has been at the comparatively low figure of 104.5 degrees.

During the summer of 1923-24 (from September to April at Marble Bar) the temperature rose over 100 degrees on 160 consecutive days and 182 for the summer.

All work begins at "Little Hell" as early as possible to allow a break during the afternoon when the heat reaches its maximum. School for the town's 50 schoolchildren begins at 7:30 a.m. and closes at 7 p.m. Work starts at dawn.

Isolated Spot

Marble Bar is one of the most out of the way places in Australia. Most food supplies come by ship to Port Hedland and then on a small railway. Some canned goods are trucked up from the railroad at Meekatharra, 600 miles south of the town. Fresh vegetables and perishable goods are flown in by air from Perth. A government subsidy makes it possible to air-freight perishables at eight cents a pound to the consumer.

There is no entertainment except a weekly film show and an occasional dance put on at the local hall.

The hospital is staffed by a flying doctor from the Inland Mission, who flies in once a week to treat his patients.

At the turn of the century Marble Bar had a population of 1,500 making their fortune from gold mining. Since then Marble Bar has decayed, but unlike most of the old gold-rush towns of Australia, it has always been on the verge of a revival.

In the Pilbarra hills at the back of the town prospectors have found traces of tin, copper, tantalite, columbite, dolomite, antimony, asbestos, beryllium and a number of other minerals. Because most of these minerals have not been properly prospected the people live on optimistically expecting a boom.

Manitoba, B.C. Tied For Lead

HAMILTON, March 8 (CP)— Manitoba and British Columbia went in a first-place tie after the third round of the Canadian curling championships at the Thistle Club here today. Each has three straight victories.

Ontario, which went into the round in a tie for leadership with the two Western provinces, dropped into second place when Pete Gilbert's Chatham rink dropped a 14-6 decision to B.C.

Manitoba had little trouble today, defeating Quebec — which now shares the cellar spot with New Brunswick and Alberta with three losses each—16-5. Ken Watson, Winnipeg skip seeking his third Dominion title, played a draw and running game to outclass the Matane, Que. quartet.

Prince Edward Island came through with two three-point ends in the 11th and 12th to defeat Saskatchewan 14-9. The Western rink led 9-8 at the end of the 10th.

It marked P.E.I.'s second Dominion championship win in 92 games since the province entered the competition in 1936.

The Northern Ontario all-miner rink skiped by Jimmy Sutherland changed it's style from a knock-out to a running game and scored a convincing 15-6 triumph over Alberta.

New Brunswick and Nova Scotia shotmakers played a strict draw game, the N.S. rink coming up with a 13-7 victory. N.B. got all it's points on singles.

Young Composer Praised By Critics

NEW DELHI, March 8—(CP)— An Indian schoolboy, Azim Lewis, born in Delhi, is leaving to study western music in London.

Now 15, Lewis has been playing the piano since he was four. He broadcasts frequently from Delhi on the All-Indian Radio and his compositions have been praised by music critics in England and in Europe.

He began serious study at the age of six, won the Trinity Exhibition Award at 10 and in 1948 obtained his licentiate diploma from Trinity College, London.

Team Of Horses Drown

Milk Drivers Reject Offer

TORONTO, March 8 — (CP)—Wage proposals by Toronto dairies were rejected Monday night by a membership meeting of the Toronto Milk Drivers' Union (AFL)

They included an offer of $5.50 increase in the minimum wage for inside dairy workers to bring the scale up to $42 a week, with a minimum increase for all employees in that category of $3.50 a week. Drivers were offered a minimum of $42 a week, an increase of $4.50.

In addition, the dairies offered commissions of 1½ cents a quart for every quart over 1,800 up to 2,000 and two cents a quart over 2,000 delivered weekly. In addition, the companies offered to bring into effect on or about Oct. 1 a five-day week and at the same time maintain seven-day delivery of milk.

At the meeting which voted down the proposals were approximately 500 drivers and other dairy employees.

About 1,500 dairy employees are involved in the negotiations.

Alderman Asks Probe Of Hospital Costs

KITCHENER, March 8 (CP)—Alderman S. F. Leavine told city council last night that some services at the Kitchener-Waterloo hospital cost from 85 to 155 per cent more than "comparable services in another hospital."

He said charges on hospital bills brought to his attention indicated "there must be something wrong in the figuring" and they appeared to be "something approaching fraud."

Hospital administrator Gordon Friesen said the alderman had brought up a "definitely administrative problem" in council for political purposes and "it should not have been aired here until ther had been a chance to go into the matter" with him.

BORDERLINE ANEMIA*

is no help to a happy marriage!

Do everyday tasks exhaust your energy and leave you feeling fatigued, depressed and irritable? Do you look and act older than your years? These signs often come from a blood condition and — if you have them — you may have a Borderline Anemia, a mild anemia due to a nutritional deficiency.

Yes, the red cells in your blood may be losing their healthy color and size—may be too weak to transmit full energy to your body. Many women, men and children drag through life with this Borderline Anemia.

How Ironized Yeast Tablets Build Up Your Blood and Vigor

If this common blood condition is robbing you of your usual healthy color and buoyant energy, take Ironized Yeast Tablets. They are specially formulated to help build up faded red blood cells to healthy color and size. Of course, continuing tiredness and pallor may be due to other conditions. Always consult your doctor regularly. But in this Borderline Anemia, take Ironized Yeast Tablets to help build up your blood. Then energy and color can come surging back! You can get some fun out of life again.

Says Planning Helps Industry

CAMPBELLFORD, March 8—(ENS)—J. E. Turnbull of the Department of Planning and Development, Toronto, spoke to the Rotary Club on Monday on Municipal Industrial Expansion. He said that the first requisite was to supply prospective industries with factual information on local markets and services, labor conditions, land values and transportation. This could best be done through an industrial committee he said.

Railways, banks and governments were agencies interested in industrial expansion and anxious to assist municipalities," he stated. "However, in the final analysis, municipalities must prove to industry that they had something of real value to sell."

The chief functions of the department, he said, were to assist industries already established by providing information regarding home and foreign markets and giving small manufacturers the benefit of its research work There were many English industries coming to Canada. English industrialists preferred the large centres to the small municipalities but the department was trying to persuade them to see Ontario before coming to a final decision on location.

Rotarian Percy Denyes introduced the speaker and Rotarian J. Heathcote proposed a vote of thanks. President Bill Brady was in the chair.

Former Tobacconist Dies In Campbellford

CAMPBELLFORD, March 8 — (ENS) — Funeral service for William Albert Rowe who died on Thursday was conducted by the Rev. D. Mansell Smith on Monday followed by burial at Mount Pleasant cemetery.

Mine Strike Costly Business

TORONTO, March 8 — (CP—Every time a mine strike is made foundations are automatically laid for another Canadian community, K. A. Davis of Toronto said today in picturing what the prospector means to the life of the country.

He was addressing the annual convention of the Prospectors and Developers Association of Canada, attended by delegates from across Canada.

"Every trail blazed by a prospector may one day become a paved road, and the work of thousands of people living far from the mining country is from the results of the efforts of prospectors and developers.

"A vast series of operations lie behind the actual diamond drilling. For every foot of rock an operator drills, $2 has to be spent in the field and at the home base, to provide him with the necessary tools.

"In 1947, 4,484,490 feet of exploratory work was carried out in Canada, an end-to-end footage of approximately 849 miles. Thus the invested capital in the diamond drilling industry was more than $8,000,000.

Thirty-Five Million Dollars Of Liquor Revenue

The Ontario Budget presented to the Legislature last Friday showed that the largest single item of increased revenue was nine million dollars which the Liquor Control Board has made; $9,000,000 of extra profit above that expected a year ago. The total net revenue which the Government and people of Ontario made from the sale of liquor was $35,000,000. Most of this was of course tax. Another $1,205,000 was netted from Liquor Authority transfer fees.

• • •

If the prohibitionists had their way they would ban the sale of liquor. How do they propose to find the $35,000,000, or one-sixth of the Province's total revenue, which the Province would thereby lose? While the liquor laws of Ontario may not be perfect or result always in true temperance, there is not the lack of control that existed in O.T.A. days, and in addition there is this revenue of $35,000,000 which is raised not by direct taxation on all the people, but only by those who are willing to pay it.

Round The World In 94 Hours

Last Tuesday, ninety-four hours and one minute after they had taken off from it, fourteen men landed in a field in Texas, having flown around the world. No stop was made during the journey, for re-fuelling was carried out in the air. It was an American air force plane and an air force crew. This voyage around the world astounds and dismays us. Where is now the romance of going around the world with Jules Verne in eighty days? Perhaps new romance is on the wing awaiting stories of flying around the earth faster than the globe turns. According to our reckoning, that is not a fantastic notion, since planes have flown faster than sound, and the speed of earth's rotation at the equator seems to be only slightly more than 1,000 miles an hour.

According to Verne, Phileas Fogg made his spectacular though fictitious journey around the world in eighty days of 1872. Fact speedily caught up with, and even passed, fiction, for only seventeen years later Nellie Bly circumnavigated the globe in 72 days, 6 hours, 11 minutes. From that time on hundreds of people, including the Chief of Police of Chicago, attempted faster, record-shattering round-the-world trips. The Chicago policeman, Charles Fitzmorris, made it in 60 days, 13 hours and 29 minutes, in 1901. By 1924 military planes were whirring round the earth—a U.S. group took 175 days in that year, 14 days and 15 hours of actual flying time. Two years later Edward Evans and Linton Wells, as a publicity stunt for the New York *World* and using all available modern means of transport, reduced the time to 28 days, 14 hours, 36 minutes and 5 seconds.

In 1931 Wiley Post flew the monoplane Winnie May around the northern air circumference of the earth in 8 days, 15 hours and 51 minutes. It is important, of course, where and in what direction the globe is traversed. At the equator there are 24,902 miles to be got through at sea level. At the pole, it is merely a matter of stepping around an imaginary point, which would take no time at all. Two years ago a converted American army bomber was flown (with stops for refuelling) around the world from New York to New York in 78 hours, 55 minutes and 12 seconds—a shorter time than the non-stop flight which ended last Tuesday. However, that plane covered only 20,000 miles. The daring men in the flying machine last week flew 23,458 miles on their jaunt.

There may be as high adventure in such excursions as there was when Magellan's ships sailed west to undiscovered lands in 1519 and three years later returned to the home port of Seville after having made the first journey around the world. There may be even more amazing high-jinks when air-minded men attempt to outpace the world as it spins. What, for instance, will happen when a plane travels east at exactly the same speed as the earth revolves. Will it move at all? Such matters are more stultifying to our mind than to our imagination, for there is a certain spice to the new flights of fancy which was undreamt of by Magellan among the Spice Islands.

Scolding Mothers

In our amble to lunch yesterday our ears were assailed by three tirades of scolding. Three different mothers on three different streets were nattering at three different children. We wondered at this rash of ranting. Is it typical of the dog-days of winter, when mothers have too much of the indoors presence of their offspring and must blow a gasket to relieve the strain? Perhaps it is a noise of spring, easily overheard when a child and its mother are standing at open doors. Perhaps such scolding goes on day after day in those households, but is usually unheard by passers-by.

We looked at the child who had dropped a parcel in a puddle and whose mother was screaming "I've a good mind to clout you on the ear". (Why must they call their minds "good" under such circumstances? It so often seems like gross over-statement). The child was standing stoically, his face expressionless. He had heard that story a hundred times. What hardness had entered his young soul because of it? We looked at the little girl whose mother was saying, her contralto voice not harsh though the words came out ten a second: "How many times have I told you not to... Haven't you any brains...Can't you ever learn...." The little girl was as calm and unmoved as the boy has been. What scorn for her mother was being kindled? We observed the face of the boy whose mother was threatening to sic his father upon him. Again the features were cold. The boy seemed bored. Would the venom of the maternal voice bring a venomous response in the boy? Perhaps only pity for the mother would result.

A scolding mother is not the noblest work of God. In fact, the three of them rather marred the brightness of our day. We do not know what effect they had on their children's day.

The Olivier "Hamlet"

This afternoon a large group of students from the P.C.V.S. saw the film of *Hamlet* in which Sir Laurence Olivier, as director and actor, is an important focus of interest. Chief interest, of course, lies in the play itself, for it is one of the pinnacles of English drama. It is an altogether splendid thing that Peterborough students should have a chance to see a first-rate production of this great play.

Fault can be found with the Olivier *Hamlet;* critics and scholars have picked at it, declaring that it is "not Shakespeare"; how these gentlemen have become so positive regarding Shakespeare's intentions we do not know. But we do know that this film is a finer version of *Hamlet* than thousands of people will ever see in any other way; if it falls short of perfection, it is still a triumphant realization of a masterpiece. It is superbly theatrical — and by that we mean that it holds the attention of its audience from start to finish — and it rises to tremendous tragic heights; it contains some noble speaking of verse, and it is lavish in the pageantry which Shakespearian plays demand.

We are often told that the foundations of English literature are the Bible and Shakespeare. The Bible is accessible to everyone, for it is read aloud in every church in the land, and it is available for private study. But the plays of Shakespeare must be acted if they are to be fully understood, and they must be acted well. The film of *Hamlet* gives an opportunity to thousands who might otherwise never see the play, to see a great performance of it, and to realize why the name of Shakespeare is a glorious one in the world's literature.

NOTE AND COMMENT

An M.P. from British Columbia wants to know why Ontario would need a hog subsidy. This may be a legitimate question, but it has all the earmarks of a dirty dig.

The world's population is increasing at the rate of about one per cent. each year. And the more people there are, the bigger the wars are. If Nature were a stock-farmer now, she would begin selective breeding for docility.

An Oklahoma cow who jumped through a door a foot and a half by two feet into a silo and couldn't get out will receive a good deal of sympathy from Peterborough citizens who have been in a similar fix with those baby seats in the P.C.V.S. auditorium.

A new government map for immigrants has been issued which shows only Ottawa and Toronto among Ontario cities. Any immigrants who start to plough at the corner of George and Charlotte will get a big surprise.

Problems Of Unesco

(Times Literary Supplement)

A RECENT debate in the House of Lords has reopened a question which fully deserves the discussion it obtained: "Does the world need Unesco?" In one form or another the question has been posed since 1919, although the League of Nations cannot be said to have succeeded very well in fortifying faith on this point, for the Committee of Intellectual Co-operation never succeeded in making a sufficiently vigorous impact even on the scholar's limited world to command great confidence in the value of its contribution to peace.

✧ ✧ ✧

THAT committee, with the Institute of Intellectual Co-operation created and largely endowed for it by the Government of France, was, however, by no means the sole nor even the most vigorous of the many international organizations striving to develop an interest and enthusiasm for the life of the mind on a world-wide scale. The International Bureau of Education survives as one expression of forces which in almost every discipline drove men and many countries to come together, co-operating to advance their special studies and interests not merely in their own country but throughout the world. In natural sciences and technology, in history, in philosophy, in archaeology, in the world of museums and of libraries this same expansive unifying interest was manifest. What more natural, therefore, than to demand an International of Internationals in the realm of education, science and culture which should harness this energy and direct it in the service of peace and international understanding? For otherwise how would the seething mass of international organizations struggling for survival have achieved any coherent pattern? Inevitably their needs and aspirations would meet with a poor response, because they would neither be heard nor understood by the lay and secular powers of Governments and their treasuries, without whose aid in the past they plainly have achieved very little. In the Director-General of Unesco they now have a tribune who must listen, who will understand who will be able to report their cause aright to the magistrates and chief officers of States. In this way money may, indirectly, be obtained from national budgets which national parliaments could not be asked to vote directly. In 1949, for example, the United Kingdom will have to find just over a quarter of a million pounds for Unesco. It seems a large sum; but more was spent on publicity for the Road Safety Campaign in 1948 and as much is needed by one of our local authorities to build and equip a single modern English school.

✧ ✧ ✧

FURTHER questions, however, arise. It has been asked, "What has Unesco done?" and, more rarely, "What sort of activity should Unesco undertake?" The achievements of Unesco, as some of its critics appear to anticipate with eager relish, are not yet very impressive. This does not mean that they are non-existent, for Dr. Julian Huxley in his last annual report as Director-General recites a long list of activities; but their value cannot seem substantial in the current context of international antagonisms. And what is worse in many eyes is Unesco's failure to arrest the attention of the man in the street.

✧ ✧ ✧

TO discredit Unesco on either of these two grounds would surely be premature. We are only at the threshold of knowledge about the treatment of tensions affecting international understanding. Nothing moreover, would be more disastrous than for Unesco to neglect to build its own foundations while it tried instead to make an easy and impressive display. In this, Unesco is no different from the other specialized agencies of the United Nations, all of which have to map out their future activities while they deal at the same time with new problems of organization and of planning. Does the public expect more of Unesco? It is to be hoped so, if only because an attitude of critical expectancy must prove an encouraging stimulant. For it will be upon the promise of performance in the many years ahead rather than upon activities during the three which lie behind that a just appreciation of Unesco is to be formed.

✧ ✧ ✧

THOSE who look askance at any form of novelty are always sure of a public and never more so than when the novelty may be made to appear expensive as well as exotic. The popular Press has on the whole shown restraint in exploiting Unesco in this way. Some attacks there of course have been, often on the ground of treating omne ignotum pro risible. Small wonder if the promotion of a concentrated attack on the whole range of scientific problems impeding the development of the vast resources latent in wet tropical forests wins scant sympathy when it is presented to the world as a proposals to establish "A Hyiean Amazon Institute." And it remains to be seen whether derision from those enjoying an ample rainfall will greet Unesco's new inquiry, approved in Beirut, into the desirability of assisting the foundation of a new international institute to be dedicated to the human and scientific problems of the world's arid zones.

Unesco must be regarded as an experimental laboratory in the great task of achieving human understanding. Its labours may serve as the prolegomena to all other schemes of international understanding. There are fundamental problems such as that restated last year by the Lambeth Encyclical, whether increased knowledge of the human environment and a greater control of its resources will gradually but certainly ensure the perfection of the characters of men and of society. Clearly it must be among the first tasks of Unesco to avoid uncritical acceptance of a facile Rousseauism and to rethink its philosophical foundations.

NEED FOR ARTIFICIAL ICE

Sir: May I be granted a space in your paper to speak a word in favour of artificial ice in our arena? The views I would like to put forth are those of the Minor Hockey Executive.

Peterborough is grouped with other cities, for purposes of sport, according to our population. This grouping is called "A". However, during the past three years the Provincial Minor Hockey Executive granted our city a "B" grouping on condition and I quote "providing a group of at least four teams are operated in each series (bantam, midget and juvenile). The winning team must enter provincial playoffs unstrengthened." This was done and this year we had twelve teams playing in these three divisions.

On our new arena we were given the opportunity to rent three hours on Tuesday and three hours on Thursday nights. This means only one game per team a week in the arena with no time for practice. To supplement this we arranged for the same amount of time on the outside rinks, but the weatherman beat us in all but two nights. We were also "January thawed out" at the arena for most of January.

As a result our teams had only played three games at the end of January when I received this ultimatum from the Provincial Secretary and again I quote, "It is necessary that we start the playdowns without delay. Delay in starting the playdowns means going to artificial ice for the early rounds of the playoffs. Peterborough and Lindsay must have a two-game series finished by Feb. 5."

When our representatives attended the O.M.H.A. annual meeting in Toronto on Nov. 27, they informed us that the teams in our group from Western Ontario had been playing a month and a half.

Nevertheless our boys with a three-game experience had to playoff with boys having three months' practice.

Artificial ice in "Ouimet's cut flower shop", would remedy this nicely.

Thank you,

ARNOLD OLMSTEAD,
Sec. Peterborough Minor Hockey Association.

FACTS ABOUT INCOME TAX

Sir: At a recent dinner meeting of the County Federation of Agriculture the speaker, discussing Income Tax was asked the question, "Do I have to file an income tax return." His reply, according to your report in your issue of Feb. 23 was, "Only if the person's income exceeds the stipulated amount, does he have to do so."

In your issue of January 11, 1949, commenting on a statement by R. A. Stewart, then president of the Ontario Federation of Agriculture, you said editorially:

"Mr. Stewart seems to think that the income tax people are molesting farmers as a class by expecting them to file income tax returns. Does he not know that in this county every person from the cradle to the grave who is earning money of some kind or other is required to fill out forms, whether he believes he has a taxable income or not. Even a boy of 18 who is earning $16.00 a week has to make a return."

Incidentally a boy of 18, if he is a student working in vacation does not have to make a return regardless of the amount he is earning.

If I were editor of a supposedly responsible newspaper, I think I would be extremely careful to get my facts straight before committing myself to print. Otherwise I would forsake the editorial chair, and commence dabbling in drama.

A. T. BROWN.

R.R. 1, Peterborough.

EDITOR'S NOTE: The speaker at the County Federation was not completely accurate; Income Tax authorities may insist that anyone file a form, regardless of income. Otherwise single persons earning $750 or more, and married persons earning $1,500 or more, must complete forms. A boy of eighteen, earning $16 a week, makes $832 a year, and his tax is $8. Any student working in the summer who earns over $750 must file a return. These facts have been carefully checked and are correct. We suggest that our correspondent do a little dabbling in the law regarding Income Tax before he spreads any further misinformation.

One Job For 63 Years

Last week a well known figure of the Annan district for as long as any residents there can remember passed away in the person of Thomas Day. Mr. Day had spent his entire life of 88 years in that vicinity, which in itself is quite a record, but, at the same time, not unique. But Mr. Day had been in the employ of one family of that district for 63 years on the one farm. In that time he had outlived most of the family which employed him. At the same time, he had become a part of the very farm itself.

Bible Message

At that time Berodach-baladan, the son of Baladan, king of Babylon, sent letters and a present unto Hezekiah: for he had heard that Hezakiah hearkened unto them, and shewed them all the house of his precious things, the silver, and the gold, and the spices, and the precious ointment, and all the house of his armour, and all that was found in his treasures: there was nothing in his house, nor in all this dominion, that Hezekiah shewed them not.

Then came Isaiah the prophet unto king Hezekiah, and said unto him, What said these men? and from whence came they unto thee? And Hezekiah said, They are from a war country, even from Babylon. And he said, What have they seen in thine house? And Hezekiah answered, All the things that are in mine house have they seen: there is nothing among my treasures that I have not shewed them.

And Isaiah said unto Hezekiah, Hear the word of the Lord. Behold, the days come, that all that is in thine house, and that which thy fathers have laid up in store unto this day, shall be carried into Babylon: nothing shall be left, saith the Lord. II Kings 20: 12-17.)

Charge them that are rich in this world, that they be not highminded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy; that they do good, that they be rich in good works, ready to distribute, willing to communicate; laying up in store for themselves a good foundation against the time to come, that they may lay hold on eternal life. (I Tim. 6: 17-19.)

Unconsidered Trifles

An old lady was going down into a coal mine for the first time. As the cage descended, she noticed how she and the rest of the party were dependent upon a single rope to which it was attached.

"Do you think it's quite safe?" she asked a miner, as she glanced at the rope.

"Safe as the bank," returned the miner. "There's nothing to be afraid of. These ropes are guaranteed to last 12 months, and this one ain't due to be renewed until tomorrow."

Winter vacationing, a prosperous old sheepman had been plunged into worry when his ranch manager sent him a cablegram reporting that a severe blizzard had struck the range. In an effort to escape his troubles, the flockmaster went to a night spot for a few drinks. But, during the floor show, he got up to make his exit.

"Where are you going, Mac?" demanded a surprised companion.

The sheepman nodded at a dazzling array of dancing hula girls and groaned: "Knowing my sheep might be snowbound and hungry, I just can't bear to look at all that grass going to waste!"

"Well, dear," said her aunt. "I dunno! If I had my time over again, I think I'd get married before I was old enough to have sense not to."

Siamese Expect West To Help Halt Communism

By HARRIS JACKSON

BANGKOK, March 8 (AP). — Brightly colored and gilded paintings on the walls of Bangkok's famous Emerald Buddah Temple relate the ancient Hindu epic of the "Ramayana," how the Hindu Princess Sita, captured by the enemy Prince Ravan, was rescued by her husband Rama with the help of the monkey King Hanuman.

Today the Kingdom of Siam, like Sita, looks fearfully toward another raven in the north—the southward-sweeping wave of Chinese Communism.

Foreign observers here agree that to keep this Siamese Sita free to ship rice to non-Communist parts of Asia, a present-day Hanuman is wanted.

With Britain's resources strained to the utmost in Europe and in Malaya, the United States is their choice of the role. The United States, they say, must send Siam substantial shipments of military equipment, not only to modernize her poorly-equipped army of 30,000, but also to show that if Communism does seek to enter Siam the Western democracies will come through quickly with something more than words.

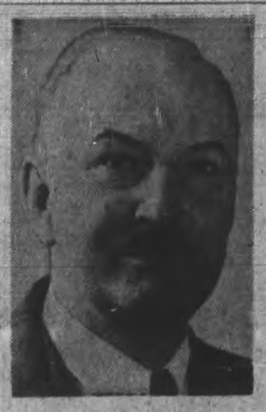
Otherwise, say these observers, Siam probably will fall passively into the Communist camp.

Don't Expect Invasion

They do not expect an armed invasion. Instead they anticipate a wave of sabotage and trouble from Communists in the ranks of Siam's 3,000,000 or more Chinese, along with diplomatic pressure from what may soon be Communist areas just over the borders.

Few people in Siam want Communism.

Communism itself is strong only among Chinese laborers.



There is indication that, if encouraged enough, Siam would fight to keep Communism out. The country's Premier, Field Marshal Phibun Songgram, has said publicly he considers his country on the side of the democracies.

Seaway Costs Being Revised

OTTAWA, March 8—(CP)—Canada's share of the cost of building the St. Lawrence seaway and power project is being brought up to date and the estimate should be available to the government within the next month or two, official sources indicate.

In 1941, the bill for the engineering and construction job that would open the way for ocean-going ships to penetrate to the heart of the continent was estimated at $544,000,000 of which the United States was to shoulder $280,000,000 and Canada $264,000,000. A tentative estimate in 1944 put the total at $610,000,000. Inflation has added to the costs.

The actual bill for the Federal Treasury was slimmed to roughly $68,000,0000 under the 1941 figures for two reasons: Canada had already footed a $131,900,000 bill for the Welland Canal and Ontario had agreed to pay $64,125,000 of the total as its share of the Hydro power development in the international rapids section.

May End Exemptions

TORONTO, March 8 — (CP)— A Toronto paper said in a news-page story Monday the federal government is considering paying taxes on its property in Toronto as a preliminary to removal of all exemptions of taxation between the municipal, provincial and dominion governments. Federal government land and buildings here are assessed at $12,526,833. Assessment Commissioner A. J. B. Gray ha decribed the figure as "ridiculously low."

2,500 Veterans In Hospitals Are TB Cases

Tuberculosis death rate in Canada was 4,100 in 1946, John C. Stephenson told the Rotary Club, Monday. Mr. Stephenson, who is Casualty Supervisor of the Department of Veterans' Affairs, Kingston branch, was telling about educational campaign for tuberculosis veterans.

That same year, he went on to say, tuberculosis was seventh as a killer in Canada. In the early 1900's the number of deaths each year due to this disease was 20,000 and it was then the top killer.

"In the past ten years 40,000 Canadians have received treatment in sanitoriums, enabling them to return to their own communities. This was the result of three things: mass X-rays, finer treatment and sound rehabilitation practices."

Mr. Stephenson gave much of the credit to finding tubercular patients in the industries. He said before the war each employee was given a thorough physical treatment. During the war smaller plants started the same practice.

Tuberculosis is caused by a germ which is usually airborne, he said while telling something of the disease and its sure.

"Tuberculosis is only active when the resistance of the body is broken down by overwork, mental strain or injury to the body. It can be overcome by building up the body's resistance by plenty of rest."

50 Per Cent T.B. Cases

Twenty-five hundred veterans out of the 5,000 still in Canadian hospitals are tubercular cases. In this district which includes nine counties covering an area from Brockville to Lindsay there are 195 TB veterans. Of this number there are 121 working today, 44 still in the hospital, 18 attending school, four unemployed and the remainder are not quite ready for employers.

"Most of the veterans in the hospitals joined the services in the early part of the war. That means they have been in the hospitals and the service eight or nine years. Soon many will be knocking at your door for employment. Have a chat with him. Ask him how he feels. If he is the type of man you want, consult the Department of Veterans' Affairs. They look to you for employment, and we hope they get a good reception."

Mr. Stephenson was introduced by Gordon Monkman and thanked by Dr. R. A. Kelly, MOH.

Charles Allen and the Glee Club led the Club in a short singsong.

Harley Keefer, vice-president, acted as chairman for the meeting as president William Hamilton was absent.

Milk Sales Jump

TORONTO, March 8 — (CP)— Ontario fluid milk sales in December jumped 1,700,000 quarts over sales in the corresponding month in 1947. The monthly dairy report by the Ontario Department of Agriculture says commercial dairies sold 36,291,700 quarts of fluid milk at an average price of 17.5 a quart against 34,579,600 at 16.8 cents a quart in December, 1947. The increase was 4.7 per cent.

5,000 More Sentenced

TORONTO, March 8 — (CP)— Five-thousand more persons were sentenced to Ontario reform institutions in 1948 than in the previous year. In its annual report, tabled in the Ontario Legislature Monday, the Department of Reform Institutions reported 36,598 persons were committed for trial and 30,613 sentenced. Highest number ever sentenced before was in 1938 when 34,914 persons were committed and 27,926 sentenced.

Mining Officials Facing Bitter Fight With Farmers

By ROBERT D. BROWN

LONDON, March 8—(Reuters).—Britain's bid to sell more coal in overseas markets has brought mining chiefs into bitter conflict with farmers and landowners. One of the most successful aspects of the mining drive has been the production achieved by "open cast" working—called strip mining in Canada.

Last year this method added 11,729,000 tons to the deep-mined output total of just less than 200,000,000 tons. This year the open-cast target has been set at 13,000,000 tons.

For years this method of digging coal out from the surface was considered uneconomical. The war made that objection unimportant and in 1941 work began, with the aim of gaining 5,000,000 tons of coal. So far almost 50,000,000 tons have been obtained by open-cast working and some experts believe another 200,000,000 tons may be available.

The original intention of abandoning open-cast mining at the end of 1951 is likely to be dropped. The date to be fixed is not expected to be sooner than 1955.

By the end of 1951, 90,000 acres of land is likely to have been requisitioned, stripped of it stop layers of soil and divested of the coal seams running near its surface. Most of the sites are in Yorkshire, the North Midlands, South Wales and Scotland — Britain's traditional mining areas.

Huge machines are used to clear the ground, to scoop out the coal and to restore the countryside. After the machines have finished their work, government agricultural authorities take over, sow crops and satisfy themselves that the land is in good shape again before it is restored to its owners.

But farmers assert the land is not restored to its original condition.

They are dissatisfied, too, with the compensation they get if their land is requisitioned.

Giving evidence to a parliamentary committee, the National Farmers' Union objected that, where first-class and intensively-farmed land was found to have coal below it, it seemed clear there was an almost automatic decision that it should be taken for coal and not left as farm land. The NFU feels there are cases where Britain's interests would be better served by leaving land in cultivation.

Dennis Admits Robbing Loretta Young Of Jewellery

WHITE PLAINS, N. Y., March 8—(AP)—A west-coast police captain said Monday that Gerard Graham Dennis, accused society burglar, has admitted robbing the homes of Screen Star Loretta Young and 11 other Californians.

Dennis' largest burglary in the Los Angeles area, Capt. Emmett Jones added, was the $257,775 jewel robbery of apartment house manager Thomas R. Winans in West Los Angeles.

The dapper, 29-year-old native of St. Catharines, is said by police here to have netted about $600,000 during a cross-country burglary career.

A Westchester County Grand Jury has voted 11 indictments against Dennis for burglaries in this area.

Jones said Dennis had co-operated 100 per cent in clearing up the west coast robberies.

The following were among west coast robberies laid to Dennis by Capt. Jones:

Mrs. T. H. Lewis (Lortta Young) of West Los Angeles, $20,810 in jewels and furs July 21, 1948.

Mrs. Mack Gordon, wife of a Twentieth-Century-Fox songwriter, between $15,000 and $20,000 about four months ago.

Thomas R. Winans of West Los Angeles, $275,775 in jewels on Jan. 30, 1949.

Legionnaires Go Two Up With Win Over Meteors

Clincking up to form for five goals in the last half of their game in Lindsay last night, Legionnaires racked up a 6-2 victory over Toronto Meteors before a big crowd of fans. It was their second straight win in as many starts of the best-of-five OHA Senior "B" group finals. The next game will be in Peterborough on Wednesday night.

Outplayed in the first period and a half, Legion had the push and fight in the last part to earn the decision in a speedy and fairly rugged joust. The winners drew eight of the 18 penalties handed out. The improved Meteors led 2-1 in the first period and had a margin on play a good part of the second, but Legion notched the only two tallies of this heat, and they rapped in three more in the third.

Three Aces

The starry first line of the Vitarelli squad again paced the team to victory. Joe Rochetta was in on four markers, while Bill Crowley and Bob Greenlaw ware in on three each. Bob Parnell toiled hard all through, and again the steady defence work of Ned Vitarelli and Johnny Godfrey was a big factor. Ross Nicholls turned in a four-star effort in the goal as Meteors threw a lot of hot rubber at him from close range in every period. B. Robertson, Bell and Williams were probably the pick of Toronto over the distance.

DeLaat drew an early holding penalty but returned with no damage done. B. Robertson was robbed as Meteors clicked well on passes to press hard. Bell scored halfway through on neat in-close combination with Williams. Crowley went off for slashing and Parks followed for roughing as they played for keeps. All were back when B. Robertson made it 2-0 on Sadler's corner passout with Nicholls down from one save. Near the finish, Hill dented the hemp neatly on Mortimer's pass across the goal mouth. Parks and Mortimer got the nod then for roughing.

Threw a Bottle

Williams almost counted to open the second on a breakaway as play swept up and down fast. Stewart and Fisher were gated for roughing and someone threw a bottle on the ice. Meteors threatened and Ross had to jump. Williams got the air for high-sticking and Campbell followed for tripping. Legion roared in to score off Crowley's stick, with Rochetta and R. Greenlaw building up the play. Both returned and Fisher got it for high-sticking with Parnell following shortly for hooking. They got back and a Rochetta-Crowley try nearly paid off. Near the finish, Rochetta scored a nice one on a perfect pass from Bob Greenlaw to make it 3-2.

It took but six seconds of the third for Legion to score on the best play of the game. Right from the first faceoff, two quick forward passes and a sizzling swoop by Bob Greenlaw shot the rubber by a startled goalie, Crowley and Rochetta having assists. The Parnell line pressed a space and finally got one, Bob scoring on neat combination with Stewart and T. Greenlaw. Fisher was robbed and, with Coombs over for cross-checking, Ross Nicholls was plenty busy—for a time without a stick, which broke. Coombs returned and Crowley roared in fast to slap home Rochetta's pass and as Legion looked much better. Parnell and Carter in turn test the goalies till Mortimer went off for charging, followed by Ned Vitarelli and B. Robertson for high-sticking. They were back when Vallure got it for elbowing and then Nicholls for slashing near the close.

The teams:

Legion—Goal, Nicholls; defence, Vitarelli and Godfrey; centre, Rochetta; wings, Crowley and R. Greenlaw; alternates, Parnell, T. Greenlaw, Stewart, Coombs, Stock, Hill, Mortimer, and Burns.

Meteors—Goal, Lynn; defence, Thoms and Campbell; centre, Bell; wings, Vallure and Williams; alternates, Carter, DeLaat, Parks, Fisher, B. Robertson, Sadler, Conacher and C. Robertson.

Referees—J. Crombie and M. Reesor.

Summary:

Meteors—Bell (Williams) 9.36.

Meteors—B. Robertson (Sadler) 13.35.

Legion—Hill (Mortimer) 18.41.

Penalties — DeLaat, Crowley, Parks (2), Carter, Mortimer.

Second Period:

Legion—Crowley (Rochetta, R. Greenlaw) 10.04.

Legion—Rochetta (R. Greenlaw) 19.53.

Penalties—Stewart, Fisher (2), Williams, Campbell, Parnell.

Third Period:

Legion—R. Greenlaw (Rochetta, Crowley) .06.

Legion—Parnell (Stewart, T. Greenlaw) 5.11.

Legion — Crowley (Rochetta) 10.23.

Penalties—Coombs, Mortimer, Vitarelli, B. Robertson, Vallure, Nicholls.

Manitoba Tied With Ontario And BC Rinks

HAMILTON, March 8 (CP) — The ancient game of curling is a non-gambling sport and anybody who follows it wouldn't bet a nickel on Manitoba's chances of winning the Dominion championship. But rinkside experts at the 1949 competition figure skip Ken Watson is in.

Manitoba, now in a first-place tie with Ontario and British Columbia with two victories each at the end of two rounds, is tabbed the "surest" bet to end the four-day round-robin tournament in the No. 1 slot.

Watson isn't talking of his chances—"It's a slippery game and anything can happen," he says—but the form his rink has shown in Monday's opening day play stamps the Winnipeggers as the big threats. They are masters of the draw game, their chap-and-lie style is the best shown amongst the 10 rinks (two from Ontario) competing for the title and followers claim their knock-out style compares favorably with that of any rink in the title hunt.

The Winnipeg foursome showed its style Monday when it pulled out with a first-round 17-5 victory over New Brunswick and followed with a thumping 15-9 decision over the strong Saskatchewan rink. The chips were down in the Saskatchewan game and an 11th-end five-rock count by the Manitobans clinched victory.

Touch and Go

Up to that point it was a 10-8 game in Manitoba's favor and the way things were going it was touch and go.

Skipped by Stuart Beagle, Alberta started the competition with a 10-5 loss to Prince Edward Island and bowed 12-9 to Ontario in the second. It now is in a last-place tie with New Brunswick and Quebec with two losses each, one slot lower than PEI, Saskatchewan, Nova Scotia and Northern Ontario who have a record of one loss and one victory each.

Ontario, skipped by the oldest competitor of the tournament, 68-year-old Pete Gilbert of Chatham, followed up an 11-9 first-round victory over Nova Scotia with its 12-9 decision over the Alberta foursome in the second draw.

British Columbia stayed in the running with a decisive 15-7 verdict over New Brunswick, following up its 16-13 slam-bang triumph over Northern Ontario in the first round.

Win First Game

Prince Edward Island won its first game in two years of Dominion competition with its surprising 10-5 victory over Alberta in the first round but the rink couldn't stand success and dropped a 14-7 decision to Northern Ontario's hard-rock mining quartet in the second draw.

In their match with British Columbia's representatives in the first draw, the Northern Ontario quartet scored a four in the final end but their rally was too late to catch the west coast rink. British Columbia, matched Northern Ontario's knockout style of play throughout.

Northern Ontario had two three-ends and one four-end while B.C. came up with one four-ender, one three and four twos.

Ontario's Chatham rink had a tough time before edging out Nova Scotia 11-9 in its first round match. Leading 10-9 going into the final end, it took the last rock of the game, tossed by Gordon Gilbert, son of the veteran skip, to clinch the match.

With one Nova Scotia rock biting the button which would tie the score and force the game into an extra end, Gordon took it out with a beautifully-aimed draw shot to give Ontario the point.

Teams Register 4-2 Decisions

Little change was recorded in the YMCA Men's Five-Pin League last night as the teams registered 4-2 decisions. Artists, Quakers, B'nai B'rith and Canada Packers won from Tip Tops, Jay Bees, Commercials and Aberdeens.

Eddie Dixon turned in the best triple score of 754. Charlie Orr had 708 and Fred Willison 702.

Charley Orr had high single of 324.

Canada Packers came up with top team score of 3158 and 1188.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Scribe Bill Gaynon of the Niagara Falls Review remarks: "A couple of former athletic greats will be prominent at the coming OBA convention in Peterborough. Davey Kerr, for years topline goalie with Maroons and Rangers, is proprietor of the hotel where the two-day session will be staged. And delegates will be welcomed by Mayor Max Swanston, former OBA executive member and star catcher for some fine Peterborough senior clubs when the COBL flourished. He is a thorough baseball man, starring in the playing field and being a conscientious worker for many years on the governing body. As late as 1939 when Falls were eliminated by Peterborough, Max convened the game in the liftlock city.

* * * * * *

"Dave Kerr won't be active at the ball meeting, but is certain to be a conspicuous figure around his house at the time. We've had many pleasaht fanning moments with the then little custodian in his big-time hockey days. One of the reasons we regret not being on the convention crowd from here is that we won't be able to reminisce with Swanston and Kerr, and pay a visit to another fine friend, Dit Clapper, who'll be through with hockey and back in the hometown settings by that time." Yes, these chaps will recall the veteran Falls' writer.

* * * * * *

Bill, Max And Jack

Bill Kay was on the OBA executive at the last convention here in 1931, and some years later Max Swanston—who was COBL president—was elected to that body. The last couple of years saw Jack Turner representing this city on it, but now he's living up north. It might be a good idea for local ball men to nominate another Peterborough chap right away. Several have mentioned Cy Whatley as a good bet. Meantime, we hope the convention committee here lines up the manufacturers and business men to help put it over in a big way. City council will throw a dinner for all the delegates in the Empress Hotel.

Legionnaires could win their OHA senior "B" group title here tomorrow night, when they tangle with Toronto Meteors at 8.45 in Civic Arena. It would be their first championship on local ice and, in fact, the first crown for any Peterborough team won here in quite a few years—on account of we didn't have a home rink for a longish spell. Anyway, Legion need but one more victory in their best-of-five group finals, having roared from behind last eve in Lindsay to tote home a 6-2 win before a full house. Meteors had a 2-1 edge the first frame and outplayed Legion most of the second, but the Vitarelli pack clicked better in the third to earn the duke.

* * * * * *

Ross Hot As Pepper

With Ross Nicholls spectacular in the cage back of a strong defence, they held off the determined Meteors' attack until the forwards got clicking late, and that was that. A fast, rather rugged scrap with fights threatening several times. Meteors never quit trying and for a spell they looked better than Legion, but the starry first line of Joe Rochetta, Bob Greenlaw and Bill Crowley are speedy opportunists around the other guy's twine teepee, and they parked the biscuit in there enough for a comfy decision. The Toronto pucksists drew more penalties and kicked like a herd of steers every time the ref's thumb went up. Ice is expected to be good for this third one here, and it should be another sizzling struggle with the chips down.

* * * * * *

A Trojan AC meeting the other night settled several matters. Canadian nouveas were awarded the Hugh Waddell Trophy, while Ranger bantams get the Harold Rehill Cup. They'll also get crests and group pictures. The ice carnival and broomball game will become annual events. The Art Pagett Sr. Memorial Trophy will be awarded each year to the player showing most athletic ability and best sportsmanship, winter and summer. The meeting decided artificial ice is needed in Civic Arena to help minor hockey, and it would not conflict with the proposed Memorial Centre. No grant will be asked from the Recreation Commission for the season's sport. A committee will check on forming a softball league, but baseball and lacrosse will come under the city leagues now operating.

The distance of the Coronation Stakes, a fall feature run in Toronto for Canadian-foaled two-year-olds, may be increased to a mile and 70 yards. Present distance is one mile.

The Ontario Jockey Club originally planned to make the change for the 1951 running of the futurity. When horsemen suggested that the distance be changed for this year's race, the club asked breeders if they would agree. The breeders' replies to a questionnaire still are awaited.

The National Boxing Association agreed to recognize the winner of a heavyweight fight promoted by Joe Louis as the world's champion to avoid "an endless and pointless scramble," Commissioner Abe J. Green said Monday at Paterson, N.J. Louis has matched Ezzard Charles and Jersey Joe Walcott in June, with the winner taking on Lee Savold or Gus Lesnevich within three months. The N.B.A.'s blessing of Louis' promotion didn't, however, head off a scramble. Within a few hours, a variety of promoters had announced "tournaments for the world's championship."

A blow on the forehead from a hockey puck caused the death yesterday in a Rolla, N.D., hospital of Fred Harlin Sarkilahti, 15, a member of the Rolla High School hockey team. An autopsy disclosed the death was caused by a blood clot.

At Toulouse, France, police are trying to find out who bit off Firmin Seilhan's ear in a soccer game Sunday. Seilhan was playing for the Samatan team against Toulouse when the accident occurred during a heated scrimmage. In the uproar that followed, the umpire called the game off.

Stockyards Have Loss

TORONTO, March 8 — (CP)— The Ontario stockyards board had a net operating loss of $1,217 in 1948, according to a report tabled Monday in the Ontario Legislature. The previous year the board had shown a profit of $21,904. The reversal was due in part to a smaller volume of livestock and higher wages for employees, the board reported.

LED SCORERS — Joe Rochetta, above, was in on four goals to lead Legion to their 6-2 win over Meteors in Lindsay last night, as line-mates Bill Crowley and Bob Greenlaw figured in on three each. The win puts Legion in a preferred position in group finals.

Campbellford Enters All-Star OHA Team

CAMPBELLFORD, March 8—(ENS)—Coach Owen Hendy of the Campbellford Hockey Club is sponsoring an O.H.A. intermediate "B" team which is comprised of a carefully selected group of players from the Trent Valley Hockey League. The team goes into action against Napanee in a two-game series with goals to count on Wednesday night and the second game will be played on local ice Friday. Owen says he has a team that is comparable to the fast-stepping Marmora aggregation.

The team is as follows: Goal: Nelson; defence, Schmidt and Forrester; centre, Robinson; wings, Blake and Peloquin; alternates, the Mason brothers, Desjardins, Petticrew, West, Harrington, Hendy, Tanner, Muffitt and subgoalie, Aquino.

Mark St. Takes Bantam Title In Church Loop

Mark St. bantams beat St. George's 6-1 and 6-0 in a two-game series at Omemee last night to capture the cup for the third straight year and the Church Hockey League championship. Ferguson opened the scoring early in the first game on Pammett's pass, with Ted Post tying the count the same frame. Pammett and Ferguson and Scriver all counted in the second in the second, with Ferguson getting an assist. Near the end of the period, Pammett and F. Ash combined for one. Scriver tallied the lone marker of the third.

In the second game of the goals-to-count twin bill, Scriver slapped in three, Lipsett counting on one. Pammett, who also starred in both jousts, scored two more. Scriver also had an assist. White, Post and Parry went best for the losers, while all the winners looked good in the two struggles. The teams:

Mark St.: Goal, D. Ash; defence, F. Ash, Lipsett; centre, Pammett; wings, Ferguson, Scriver; alternates, Starr, Beavis, Hutton, Bentley, McFee, Innis

St. George's: Goal, Bryan; defence, White, Parry; centre, Post; wings, Davis, Doleman; alternates, Moffat, Sanders, Dunston, Brooks, Bryce.

Referees, P. Calladine and G. Brooks.

Germans Can Compete

Britain yesterday opened the door for Germans to compete in international sports. An announcement by a British military government in Berlin said that Germans "should be permitted to travel abroad on a personal or club basis to take part in sporting events to which they have been invited." Clubs and individuals accepting invitations abroad must be cleared by military government, the announcement said.

Atkins 1st Defence Of Title Will Be Against Mike Sharpe

The new British Empire wrestling Champion Fred Atkins defends his title for the first time when he steps into the Brock Arena ring on Wednesday against Mike Sharpe. Atkins defeated Whipper Billy Watson in Toronto last week to accomplish the greatest upset in Empire wrestling circles in nearly six years. Now the big rough Aussie will attempt to hold off the challenge of powerful Mike Sharpe who fought to a thrilling draw with him here two weeks ago. Last week the handsome and effective Mike polished off rough, tough Sandy O'Donnell. Wednesday's bout will have no time limit and the most stirring mat action of the whole season is expected.

Mike Mahalakis

Paul Stanlee

Another match that should ordinarily rate main bout billing will be the semi-final in which Sliding Billy Hanson tackles surly John Katan. Hanson is a great favorite with local fans.

In the first bout Mike Mahalakis will make his much postponed appearance in a match with Paul Stanlee. Stanlee has been runner-up for the title of Mr. America two years in succession and is reported to be a magnificently developed specimen of physical culture. The card rates a capacity crowd.

Dukes Drop Teepees 4-3 Win Semi-Final Series

By The Canadian Press.

Today, for the first time in 20 years, Toronto Marlboros have a clear road to the Ontario Hockey Association Junior A finals.

Last night the Dukes disposed of St. Catharines Teepees 4-3 to win their best-of-five semi-final series in three straight games. They now will meet Barrie Flyers for the title.

And it was black-haired George Armstrong who was the big gun. The rangy right-winger garnered two goals and assisted on two others as he led his Marlies to victory.

Armstrong, always a spearhead of the Duke's offensive, more than proved he was worth the $5,000 Toronto paid Stratford Kroehlers for him early in the season.

It was Armstrong's third period goal that clinched the game, after he had tallied once and got two assists in the first period.

Lockhart Stars

However, all the laurels won't go to Armstrong. Litle Don Lockhart's sterling game in the Toronto nets aided in the victory, also

Lockhart stopped numerous shots, especially in the second period, and turned them away with the coolness and agility seldom seen in junior company.

The Dukes moved into a 3-1 lead in the first period, were outscored 2-0 in the second and then got the only goal of the last session. Lorne Pirie got the other two Toronto goals, while Ron Switzer, Tom Buck and Obie O'Brien counted for St. Catharines.

Marlies went ahead before the first period was two minutes old when Pirie tallied on a three-way play with Armstrong and Howie Lee. The Teepees drove back and Switzer got the equalizer minutes later on a goal-mouth scramble. The Dukes pulled away again when Pirie and Armstrong tallied.

In the second stanza, the Teepees turned on the pressure. Midway through the period they finally beat Lockhart when Buck got his goal and less than three minutes later tied it up on O'Brien's marker.

In a hectic third-period the Teepees did everything but score and lost heart when Armstrong got his second goal before the half-way mark.

Lakefield Lions Challenge Locals

LAKEFIELD, March 8. (ENS)—Lakefield Lions offered to give Peterborough Lions Club a chance to show their improved hockey prowess by playing them a return match March 17, to try to recapture the trophy they lost last year at their opening March meeting.

Feature of the night was the playing of a series of records by President Ken. Morris, recording a series of radio descriptions of historical moments of the past 15 years, exactly as broadcasted at the time.

After general discussion, on motion by Lions D. Weaver and E. H. Northey, the public speaking contest was abandoned due to the lateness of the scholastic season.

Lion W. Morrison reported that the Sports Night was cancelled since there was little likelihood of getting a profitable gate due to several Lakefield hockey teams taking part in the play-offs.

After discussion, a motion by Lions Weaver and Ryan was adopted instructing the proper committee to fix a date and a location for the holding of a Ladies' Night in the near future.

Mr. C. J. Davis was the guest of Lion Stan Burger. Eighteen members were present.

Decide To Split Scoring Money

MONTREAL, March 8 (CP) — Roy Conacher and Doug Bentley Monday decided to split an individual pot of gold in a last-ditch try to help their Chicago Black Hawks into the National Hockey League play-offs.

Either Roy or Doug is a cinch for the NHL scoring championship—worth $1,000 to the winner and $500 to the runner-up. The linemates have been playing tag with each other all season at the top of list and today Doug, who is second, holds a 16 point lead over the nearest threat—Sid Abel of Detroit.

Monday the Hawk management announced that Roy and Doug had agreed to split the $1,500 first and second money.

"They realized it would help the team to know that there would be no two-man race for points at a possible cost of missing the play-offs," Manager Johnny Gottselig said.

During the past week Conacher picked up four points to run his total to 66—25 goals and 41 assists. Bentley got three points to hold second place easily with 64 points—22 goals and 42 assists.

PCVS Seniors Draw With Lindsay Girls

PCVS senior girls tied Lindsay on the latter's floor 20-all in a neat basketball tussle. Jane Hall got four points and Mary Braund two in the first as Y. Reddick and L. Collis counted two each for Lindsay for a 6-4 first quarter. It was 12-8 in the second on six points by J. Hall, the same Lindsayites getting two each. M. Braund and Katie Clifton tallied two each in the third, with Y. Reddick having four and Marj Coombes three for the homesters. K. Clifton clicked for four in the fourth on free tosses, as Y. Reddick got two and M. Coombes three.

Play was keen all through with both sides hustling and not much to choose between them at any time. It was 16-15 to end the third for PCVS but they were outscored 5-4 in the fourth for the draw. The teams:

PCVS—M. Braund, J. Hall, P. Estlick, K. Clifton, C. Graham, B. Lawrie, H. Westran, N. Mason, K. McElroy.

Lindsay—M. Coombes, Y. Reddick, M. Owens, I. Green, L. Collis, J. Carew, R. Green, S. Algar, M. Frost, S. Brooks.

Referees—L. Corneil, B. Morrison.

Slykhuis Wins The Legion Mile

MONTREAL, March 8—(CP)—A lot of track officials were still looking today for the lost lap in Willy Sykhuis' Canadian Legion mile and for some fancy opposition to toss at Harrison Dillard.

Holland's flier won the muddled mile, the American Negro hurdler-sprinter upset Canadian records and the crowd of 6,000 in Montreal Forum Monday night was happy.

Somewhere during the mile run some officials miscalculated on the number of laps covered, and instead of going 12 laps the runners went 11. For a while the bewildered timers thought Slykhuis had set an undreamed of mark for an indoor mile.

He wasn't pressed either in the 50-yard dash. He won his heat in 5.2, against the Canadian record of 5.3, and took the final in 5.3. Don Pettie of Calgary, track man at Drake University, Des Moines, Iowa, was second and Don Stonehouse, North Toronto's young print sensation, was third.

Neither the crowd nor the runners appeared to know when or how the Legion mile shrunk from 1,670 to 1,618 yards. The runners simply kept on going as the laps were flagged.

Illegal Entries Cause House Uproar

OTTAWA, March 8 — (CP) — An irate Prime Minister St. Laurent assailed John Diefenbaker (PC-Lake Centre) Monday in the latest Commons' outbreak over illegal entries into Canada.

At the House opening Mr. Diefenbaker recalled that he had asked Resources Minister MacKinnon, in charge of immigration, to table all orders-in-council passed since July 1, 1946 "legalizing illegal entries". He wondered when they would be forthcoming.

Mr. MacKinnon said there were two questions from Mr. Diefenbaker and one from Douglas Ross (PC-Toronto St. Paul's) which remained to be answered. Consideration was being given to them and an answer would be made shortly.

Mr. St. Laurent jumped up when Mr. Diefenbaker made a retort which could not be heard in the press gallery. He attacked the retort, the form in which Mr. Diefenbaker had asked his original questions. This made them hard to answer but they would be answered.

There had been no legalizing of illegal entries. There were some orders-in-council which allowed some persons who had entered Canada illegally to stay here "but that is not the same." All pertinent orders-in-council would be brought down. They had not all been tabled or made public.

The first 100 of the thousands of orders passed since July 1946 would be tabled and it would be shown just how they had been handled so Mr. Diefenbaker could see for himself.

Appointed Editor

TORONTO, March 8 — (CP)— The Telegram Monday announced the appointment of Reginald McEvoy, a member of its staff for 46 years and an editorial writer for 20, as its editor. A native of Birmingham, England, Mr. McEvoy came to Toronto as a boy of eight. He worked for the old Toronto World before joining the Telegram in 1903.

U.S. War Dead Lie In Extinct Volcano Crater

By DON H. CARLSON.

HONOLULU, March 8 (AP) — In the peaceful crater of an extinct volcano overlooking the broad Pacific, the United States Army is reverently burying hundreds of American war dead.

Soldiers, sailors and marines who died on battlefields across the Pacific are being brought here to rest in the new national cemetery of the Pacific.

An unknown serviceman who died in the Pearl Harbor attack on Dec. 7, 1941, was the first to be interred in the new cemetery. He was buried Jan. 4. About 200 of his Second World War buddies are being buried daily.

The body of Ernie Pyle, beloved war correspondent of the G. I.'s who was killed by Japanese machine gun fire near Okinawa will be brought here for burial.

Each grave will be marked only by a simple granite stone set flush with the ground.

In the cemetery of the Pacific there will be no segregation of graves, Lt.-Gen. John E. Hull, Pacific army commander, said. Privates and colonels, apprentice seamen and commanders will be laid side by side.

To Bury 16,000

By the end of February, it has been estimated 8,000 servicemen will have been buried. This dead, representing almost half the number to be buried in the red soil of the 35-acre crater, are being given traditional military burials.

The national cemetery of the Pacific is in the crater of a volcano which has been inactive for hundreds of years. The volcano, Punchbowl, is one of the last evidences of volcanic activity of Oahu Island. It is a sister volcano of Hawaii's famed Diamond Head.

In Hawaiian legends Punchbowl is described as a "mountain of sacrifice." Natives were immolated in the old crater for breaking taboos of ancient gods and high chiefs.

Records reveal that Punchbowl was first suggested as a cemetery site 50 years ago when Hawaii was still a republic. Sandford B. Dole, president of the republic and later the first territorial governor, vetoed the proposal.

Following the First World War, veteran's organizations began a campaign to have a national cemetery located in the crater. The drive died out, but was resumed at the outbreak of the Second World War.

A bill for the creation of the cemetery passed through Congress early in 1948 and was signed by the President on June 26. More than $1,170,000 was earmarked for the project. Construction was started in August.

The cemetery is now in the final building phase, and army engineers estimate it will be ready for dedication about May 30, Decoration Day.

Quebec Gets Share

OTTAWA, March 8 — (CP) — Quebec will not receive more than its share of national health scheme grants in any year, Health Minister Martin said in the Commons Monday. In answer to a question by M. J. Coldwell, C.C.F. leader, Mr. Martin replied that, while the total of all projects approved onder hospital construction for Quebec is greater than the province's share of the grant for this year, the actual expenditure and commitment for the year will not exceed the authorized amount.

Jim Hawthorne In New Show

James Hawthorne, a former resident of Peterborough and son of Mrs. Jessie Hawthorne, Antrim St., has a part in a new musical play scheduled to open in New York on April 7.

Name of the production is "South Pacific," starring Mary Martin and Ezio Pinza and presented by Richard Rodgers and Oscar Hammerstein the 2nd. Lyrics are by Hammerstein, music by Rodgers. Directed by Joshua Logan it is adapted from James A. Michener's Pulitzer-prize winning "Tales of the South Pacific."

Prior to this latest musical, Mr. Hawthorne was in the cast of "Inside USA," starring Beatrice Lillie. It is now on tour after a successful year on Broadway.

Mr. Hawthorne went to New York in 1946 and has also appeared in Victor Herbert's "Sweethearts" and "The Red Mill."

Gordon Cuffe Named Dummer Assessor

WARSAW, March 8.—Gordon Cuffe was appointed assessor of the township of Dummer at the regular council meeting held Thursday in the town hall. Mr. Cuffe's appointment was made on motion of Councillors Olver and Hamblin which set his salary at $700, plus postage.

The tax collector's time for returning the 1948 tax roll was extended on motion of Councillors Gallaher and Sloan to April 1, while on motion of Councillors Olver and Sloan the clerk was instructed to advertise for cedar posts and braces delivered and peeled for Development Road No. 10.

Road accounts totalling $860.88 and general accounts $1,048.53 were ordered paid.

The benediction was pronounced by Mrs. Stenner.

May Lose Leave

OTTAWA, March 8 — (CP) — Extra hours of work or cancellation of leave may be the punishment awarded to 30 or more junior ratings involved in the Athabaskan incident, a naval spokesman said Monday night. Explaining why the charge of "slackness" was levelled against the men, the spokesmen said the men appeared "slack" or "slow" when they were "piped" to their stations early Saturday morning. They had not refused a direct order, but instead had asked to see the captain.

Proposed Site For Centre Worth $79,540

By HARRY THEOBALD.

The proposed King St. site for the Community Centre was appraised at $79,450 in the report of the valuating committee of the Peterborough Realty Board to the council Monday night.

It was signed by Gordon Hancock, F. Garth Braund and John R. Sinclair. The property they examined has 271 ft. 11 in. on King St., 219 feet frontage on Sherbrooke St. and depth of 378 feet.

The committee was asked by the council to examine the property west of the Jackson Park creek which had been recently mentioned as a central location of obvious advantage.

In their report they said they did not consult owners in that area about the amounts at which they would sell, but went independently about estimating values as they appeared. The letter from the realty committee has been forwarded to the Community Centre committee for whom it was obtained.

Joint Effort.

It was suggested recently that if some of the service clubs wished to join hands in the enterprise for the youth of the city they could make a joint effort to obtain central property for the Memorial Centre. Other assistancies appreciated, it was said, but it happens that this is the most pressing problem in the field of local community and youth work.

BOUNDARY MAKERS of Canada, John W. Pierce (Left) and his son, John G. Pierce. Mr. Pierce, Sr., died at his home today after an illness of two weeks. In 1920 Mr. Pierce commenced the survey of the Ontario-Manitoba boundary and this work was completed by his son more than a year ago. Father and son are pictured above looking at the map which marks the line the boundary survey was to take.

Citizens Protest Swimming Pool Site

Burnham St. residents visualize a crowd of youngsters and others not so young hiving around the proposed Lions Club swimming pool at the street level of Riverside Park. They object to a summer time of scanties roaming their neighborhood. A deputation, supporting a petition, requested the council Monday night that the swimming pool be placed somewhere down in the park where it won't have a depreciative effect on their property values.

Ald. Dodds said the dressing room adjunct of the pool was to be built 40 feet back from the street line. The Lions' Club plans were ready, he said, and suggested that a meeting might be arranged for tonight at which they could be discussed with representatives of the Burnham St. neighborhood.

$50 Offered Council For Standing Wood

George Martin's offer of $50 for the standing wood, mostly poplar, on the property north of the C.N.R. and east of Erskine Ave., was accepted conditionally by the council Monday night.

Ald. Herbert Young said Armar Butcher, parks superintendent, might need this fire wood for heating the dressing rooms of the public rinks.

"If Butcher doesn't want it, we can tell Martin he can have it," said Mayor Swanston.

Mr. Martin's intention is to cut the wood by July 1.

John W. Pierce Well Known Surveyor Dies

John Wesley Pierce, 492 Homewood Ave., prominent member of both the Dominion and Ontario Land Surveyors' Associations, died at his home this morning of an acute heart condition with which he was stricken two weeks ago.

Probably his most important work was his commission by the Dominion government in charge of the difinitive boundary between Ontario and Manitoba.

Mr. Pierce was born at Eaton, Que., 63 years ago, son of the late Rev. Barry Pierce and his wife, Catherine Farnsworth.

He attended the University of Toronto, and in the practice of his profession he had roamed widely throughout Canada from New Brunswick into the Great Slave Lake area of the North-West Territories. His assignment in 1920 by the Dominion Government to mark the boundary line between the Provinces of Manitoba and Ontario was regarded by Mr. Pierce as his greatest responsibility. Of his experience in charge of assistants who cut a swath through the wilderness in severe winter conditions of that area was the subject of many of his reminiscences of occasional writings and talks before service clubs and other assemblies.

The work of Mr. Pierce, which was begun in 1920, was later retraced and extended by his son John A. Pierce in 1947. He was a past president of the Ontario Land Surveyors Association and Dominion Land Surveyors Association, a member of the Professional Engineers Association of Ontario, and of the Manitoba Land Surveyors' Association.

Prior to coming to Peterborough from Ottawa in 1932, Mr. Pierce was engaged with the Topographical Survey Branch of the Dominion Department of the Interior. He acquired here the practice and the field notes and records of the late James W. Fitzgerald, OLS, from which he provided the Examiner and its readers with many interesting episodes of survey work in this district, covering in some instances more than a century. In fact, back to the time of the original surveyor, Richard Birdsall and later Dr. Reed. In a comparatively short time, he built up a wide practice, beginning with his own work here until recently he was employing a staff of 11 persons.

Mr. Pierce was a member of Trinity United Church and of its Official Board, and of the Masonic Order, Scottish Rite and Rose Croix. He was one of the valued member of the Kiwanis Club, and in the 17 years of his residence and professional work here, he had won many friends in the city and district.

Mr. Pierce leaves his wife, the former Mabel Gourley, two daughters, Mrs D. A. Thomson (Helen) of Orillia, Mrs. (Dr) D. L. Wilson (Mary), Kingston, and his son John G. Pierce of this city; also his sisters, Miss Mildred Pierce of Kingston, Mrs. Muriel Ames, Noranda, Que., and brother, G. B. Pierce of Cloverdale, BC. His brother, Capt. B. C. Pierce, was killed in action in the First World War.

Funeral announcement will be made later.

1,000 New Houses In April Renters Must Be Feathered

About 1,000 new houses, ready for their respective inhabitants, will be on display on April 22. And a large crowd, including several leading civic dignitaries, is expected to be on hand for the great event.

But whoa! neighbor, don't let the first flush of this news entice you to blow your top. Better think twice about it before giving the landlord the razzberry or sassing the mother-in-law who owns your domicile and runs it in Captain-Bligh fashion from the lower flat.

These houses are for birds; no others need apply.

It is the second annual Bird House Building Contest sponsored by the Peterborough Fish and Game Protective Association. Last time this contest was held there were 800 entries, and judging by the enthusiasm shown this year by local children, Fred Goodfellow and his fellow-committeemen feel sure there will be 1,000.

A long list of prizes is promised for the lucky winners. There will be a trophy presented for top entries from both the city and the county.

The Peterborough Fish and Game Protective Association has promised $50 toward prizes, and other awards will be donated by local merchants.

Any school child in the city and county of Peterborough is eligible.

Mr. Goodfellow has distributed entry forms and instructions to the local schools and K. O. Birkin, county school inspector, has done the same in rural school areas. Those wishing extra entry forms should write to Mr. Goodfellow, at 379 Water St.

Nesting boxes for the following birds may be built: purple marten, house wren, tree swallow, bluebird, crested flycatcher, flicker, screech owl, sparrow hawk, and robin. Specifications regarding construction may be had upon request.

Purpose is to interest the children in protecting song birds and to give them a healthy form of recreation as well as an instructive hobby.

Included on the committee, besides Mr. Goodfellow, are: William Joiner, Norman Bradley, Alfred Pink, Ernest Guppy and Joseph Rogers.

All entries must bear a tag, specifying the type of bird house and the price asked if it is to be auctioned.

Robert J. Martin Is Widely Mourned

Rev. H. G. Douglas conducted the funeral service of the late Robert Jeffrey Martin, on Saturday, at 2:00 p.m. from the funeral home of A. Comstock & Sons, Water Street.

Mr. Martin was born in Peterborough, the son of the late Wm. J. Martin and Agnes Steel and during his lifetime made a very large number of friends, which was evident by the many floral tributes and the largely attended funeral service.

The pall-bearers were: Fred Mann, R. J. Murduff, Fred Green, Frank Barrie, Gordon Miles and Bob Hendry.

He leaves his wife, the former Martha Raby, one daughter, Mrs. Joseph Watson of Peterborough, two sons, Orville of Peterborough and Hubert of Toronto, and one brother Albert of Toronto.

Interment was Little Lake Cemetery.

Spring Flowers In Big Demand

When daffodils and tulips burst into bloom it is always a sure sign that spring is not far behind. Already the greenhouses on Water St. are sporting a colorful array of flowers grown from bulbs and there is no shortage of these pre-spring blooms for decorating the home this year.

Cecil Williamson, who has been growing flowers under glass for the past 25 years, thinks Peterborough people are becoming more enthusiastic about flowers. He says he sells more in one week now, than would have been bought in a month only a few years back.

There is no longer any difficulty about importing bulbs from Holland. Prices are high, with pots of hyacinths, tulips and daffodils selling at $1.25 which, Mr. Williamson thinks, has been deterring a number from buying. But prices are coming down and will be considerably lower next year, Mr. Williamson believes.

This is only the beginning of the floral season. During the next few weeks leading up to Easter there is going to be a radiant display of gloxinias and tuberous begonias, which have not been seen in Peterborough for the past two years. Hydrangeas, rose bushes and Easter lilies will soon be in bloom.

RUBBISH FIRE REPORTED

Firemen were reminded on Monday that Spring is just around the corner. They went to the residence of R. Lane, Frank St. to extinguish a grass fire, the first of the season.

Authorize City To Borrow For Hospital

TORONTO, March 8 — (CP) — A bill to incorporate Wasaga Beach as a village was passed today by the private bills committee of the Ontario Legislature.

The committee voted 16 to 7 against a motion by William Dennison (CCF-St. David) to set the bill over for further consideration. Mr. Dennison said the bill involved the principle of what representation should be allowed non-resident ratepayers of the Georgian Bay summer resort. The bill provides annual elections shall be held Dec. 31, when most summer cottage owners are not present.

The committee set over until March 15 a bill which would provide for the amalgamation of school districts in suburban Etobicoke township and election of a board of education under a ward system. The committee will consider at its next meeting an amendent, moved by Campbell Calder (Lib.-London) providing that a plebiscite be held among township ratepayers within the next two years on the question of whether or not the board should be elected on a ward system.

Other bills passed today by the committee authorized the City of Peterborough to borrow $1,500,000 for the erection of a public hospital and confirming the franchise of Cornwall Street Railway Light and Power Company to operate trolley busses in the city and township of Cornwall.

Survey Operators On Closing Bylaw

A letter from George R. Melton, representing the garage and service station operators, informed the council Monday night that the members are being circularized "with a view to ascertaining their present feelings toward the early closing bylaw. It will take some days to analyze the replies. Information will be sent the council as soon as possible."

OBITUARIES

MR. FRANCIS SHANAHAN

Francis Shanahan, 72, a Peterborough resident for the past 46 years died on Sunday in Peterborough. He had been in failing health for some time.

The funeral was from the residence of his sister-in-law, Mrs. John Shanahan, Hunter St., to St. Peter's Cathedral for Requiem Mass at 9 a.m. today. Celebrant was the Rev. Raymond Garvey of St. Peter's. He was buried in the Cathedral cemetery.

Mr. Shanahan was born in Ennismore, son of the late John Shanahan and Ellen Costello. And he farmed there until coming to Peterborough 46 years ago.

He leaves a brother, Michael of Peterborough; a sister, Mrs. D. J. Doran (Agnes) of Calgary, Alta. He was not married.

He was a member of St. Peter's Cathedral.

Pallbearers were Thomas Hickey, John Casey, Thomas Turcotte, Albert Ryan, John E. Galvin and Edward Thiebolte.

NORMAN McLEOD BRACKENRIDGE

Norman McLeod Brackenridge, 77, of Lot 19, Concession 2, Cavan township, died on Monday at his residence following a lengthy illness. He was born in Asphodel township, son of the late John Brackenridge and Agnes Stevenson, and lived there before moving to Cavan 31 years ago.

He leaves his wife, the former Euphemia Leaitch, and three daughters: Mrs. Allie Bidgood (Iva) of Springville, Miss Agnes Brackenridge of Hamilton, and Mrs. Keith Campbell (Margaret) of Fraserville. There are six sons: John and Howard of South Monaghan, Charles of Millbrook and Roy, Ernest and Arthur of Cavan township. A sister, Mrs. Jane Thompson, lives in Westwood, and there are two brothers, Hugh of Vancouver and James of Edmonton. He was a member of Centreville Presbyterian Church.

Funeral service will be held at the family residence on Wednesday at 2 p.m. The Rev. Walter Patterson of Grace Presbyterian Church, Millbrook, will officiate. Pall-bearers will be James Thompson, Gordon Manley, Charles Kindred, Albert Fife, Allie Bidgood and Keith Campbell. Burial will be at Westwood Cemetery.

Study Auxiliary Power Unit To Serve Lindsay District

LINDSAY, March 8.—(ENS). —Hydro prospects for this district are brighter after word from Ontario Hydro Chairman Robert Saunders that he will investigate the possibility of installing an auxiliary power plant here. Mr. Saunders, who was in Lindsay on Saturday, said he would send an engineer to give the matter expert attention.

The Hydro chairman reviewed the power problem and said that auxiliary generating equipment already installed at strategic points in the province was alleviating the shortage. Additional units would be located at similar strategic and economically practical points, he intimated.

"It all depends on the weather," was his comment on how the Commission members expected to fare through the summer and fall, but he added they were "hopeful they would be able to get through next fall without power cut-offs."

Mr. Saunders stated he expected a levelling off this year in power demands, and this coupled with increased generating capacity throughout the system, would help prevent an acute shortage similar to that experienced at the last dry season. He emphasized, however that the aid of normal rainfall throughout the coming seasons was imperative.

Failed To Get Junk License

Thomas Hughes, the autowrecker whose lot is depreciating property values down Monaghan Road, as complained by residents in that area, did not comply with a police by-law requiring him to obtain a licence to carry on the business.

That was City Clerk Outram's report to the Council Monday night after delving into the records. A by-law in 1937 was drafted "to regulate and govern junk and second-hand shops."

"For the purpose of this, act "junk yard" shall include an automobile wrecking yard or premises, although By-law No. 16 of the Police Commission does not mention automobile wrecking yard or premises, it is reasonable to assume that the by-law intends that such yards should also require a licence."

That appears to be Mr. Outram's opinion volunteered in the absence of City Solicitor Huycke.

He comments: "Since Mr. Hughes has no licence under this by-law, I have requested the Chief Constable to investigate, and if it is found that Mr. Hughes operates such a yard, to lay a charge against him for operating an automobile wrecking yard without a licence."

The assumption in the note to the Council is quite plainly that junked motor cars are veritable junk, and that the Hughes premises is a junk yard.

Aldermen Question Sale Of Factory Property To Sealright For $30,000

Canadian Sealright Co. notified the Council Monday night of its intention to exercise an option from the city to buy the land and factory buildings occupied by the company on Aylmer St. for $30,000. The option was transferred to Canadian Sealright by Canadian Nashua Paper Co. Dec. 31, 1947, with the Council's consent.

Announcement of the company's decision of purchase was conveyed in a letter from Mr. S. J. Whitehouse, general manager, enclosing a deposit cheque of $3,000.

Lease of the industrial property was first given to Nashua Paper in 1920 and was renewed in five or ten-year periods, until that company erected its new modern factory on Braidwood Ave. In the meantime Canadian Sealright had become an infant tenant, gradually developing to the stage at which it needed a substantial increase in manufacturing space by the time Nashua Paper was preparing to move out. It was then proposed that the parent tenant should be permitted to transfer its lease to Canadian Sealright. The Council of 1939 agreed, and the conditions were extended in the new instrument.

$1,500 a Year Rental

City Clerk Outram explained to the members of the Council who might have been unacquainted with the details that the tenant company was paying $1,500 a year rental, plus taxes and interest as agreed, and that the present lease expired March 31 next.

Assignment of the lease to Sealright was made in October, 1947, and with it the option of purchase was also transferred.

Move Bylaw be Prepared

Ald. Hurrell Dodds, moved, seconded by Ald. Dick Raine that the City Solicitor be instructed to prepare a bylaw authorizing sale of the property to Canadian Sealright.

Ald. Doug Miller asked: "Do we have to sell at $30,000? So far as I am concerned it seems ridiculoous that we should accept such a sum for a property like that."

Mayor Swanston: "It is there in the agreement."

Ald. Raine: "In regard to today's prices we all feel the same way. But, the city council made the agreement years ago, and it is there in black and white. I can't see what else we can do. For that reason I am seconding the motion."

Ald. Grant Miller: "Wasn't the price ever altered at the time of renewals of the lease?"

City Clerk Outram replied that originally the option of purchase was for $56,531, and the annual rent was $3,957. In March 1939, those amounts were changed to $1,500 rent and the purchase option to $30,000. The lease was renewed twice since then on the revised terms. It was also agreed that, on each extension, the lease was to be submitted to the County Judge for his approval.

Ald. Grant Miller: "It looks to be as if in 1939 the purchase value should have been doubled instead of cutting it in half."

Mayor Swanston: "The Sealright Co. spent about $18,000 last year in repair of the buildings."

Just a Gift

Ald. Doug Miller: "I understand the public toilets on the market square cost $30,000. We are selling a factory building with railway siding. It's a gift at $30,000."

City Clerk Outram recalled the circumstances of Nashua Paper moving into the Aylmer St. plant in 1920 as a comparatively small industry. The buildings had been long in use and were in a "very dilapidated condition." The company had spent thousands of dollars in the last 29 years on maintenance and repairs, had steadily increased their business and the number of their employees. Through their interest they had made room for Canadian Sealright.

Prior to 1939, Nashua Paper had considered the advisability of looking for some other location. The cost of keeping the buildings in satisfactory condition was an item of expense which entered into their reckoning. The company made enquiries throughout the province, even into western Ontario. Subsequently, in discussions with the council new terms of lease were written into agreement, and the company concentrated its manufacturing plans in the local premises. Further growth of the business required additional space, and the company decided to build in Peterborough the factory that has now been in operation a year on Braidwood Ave.

At the time of its quarter-century of operations in Peterborough the company intimated that it had in view interesting development here, but the conditions then precluded action. That long chapter of progress has been known to the public, and is recalled as a matter of gradual expansion as the business of the company in this country warranted it.

Double Payroll

City Clerk Outram gave the amplifying information that Canadian Sealright had invested $250,000 in plant equipment and had more than doubled its payroll during the last year. "It may seem that the city is making a sacrifice, but it has improved its economic position by having two industries employing close to 200 people."

Ald. Raine: "The present council might make some commitment which seemed advisable in all the circumstances, but in 20 years it might appear foolish. But, the council would have to consider them as they existed and reach a decision on that basis."

Ald. Anglesey: "Remembering the bus barn, should we ask for a condition that if the company decided to sell the property in a year or two the city would have the first chance to buy it back?"

Mr. Outram: "There is no condition of that kind in the lease."

Ald. Gillespie "Before we go any further, are we legally bound to sell this property?"

Gave Company Option

Mayor Swanston: "The council gave the company an option to buy."

Ald. Grant Miller: "Sometimes there are legal technicalities in these matters. I am wondering whether there is anything like that here."

Mayor Swanston: "We could get the solicitor's advice."

Ald. Herbert Young: "When Sealright buys the property we are assured of their remaining here."

Mr. Outram recalled that the council of the time was seriously concerned about Nashua Paper leaving Peterborough, and a great deal of effort was done to keep them here. The condition of the buildings was an expense of maintenance to the company.

"The city solicitor can check the agreement," Mayor Swanston said. He called for the vote on the Dodds-Raine motion. Ald. Doug Miller did not raise his hand when Mayor Swanston enquired: "All those in favor?"

Volleyballers' Kingston Win

Two Peterborough YMCA volleyball teams were guests of the Royal Military College at Kingston over the week-end and returned undefeated after trouncing three other teams in a five-team round-robin series.

In the final match the two victorious local teams met and the Golds downed the Blues 15-8.

Other entries in the "invitation tournament" were two teams from the Royal Canadian Corps of Signals, and one from the Military College. Each team played the other contestants once.

The Peterborough contingent went down to Kingston on Saturday and were guests in the Vimy officers' mess, reputed to be the finest mess of its kind in Canada.

Local line-ups:

Golds — Jim Gillespie, Errol Hanbidge, William Scott, Ab Blondin, Howard David and Albert Dryland.

Blues—Cliff Cadd, Steve Csumrik, Stan Payne, Don Crawford, Ken Kingston. Nels Stanger. Coach was Al Clark, physical director of the YWCA.

The referee was Claude Elliott of Peterborough.

Music Pupils Present Recital

Piano and vocal pupils of Peterborough music teachers gave on Monday night a recital at the Public Library. Pupils ranging from youngsters of public school age to accomplished men and women contributed to a program which included simple tunes and the more complex compositions of Purcell, Bach, Handel and Sibelius.

There was an outstanding performance by Betty Ann Stevens of St. Cecilia's School of Music who, despite her extreme youth, had mastered the difficulties of a Sonatina by Clementi and also played variations of the nursery rhyme Three Blind Mice.

Among the performances of the older pupils there was Handel's Art Thou Troubled and the Mermaid's song, Haydn, sung by Iris Whalon, a pupil of Thursa Williamson; a group of songs by Robert King, pupil of Olive Searles, another group by Emil Hawara, taught by Charles Renaud which displayed an excellently controlled voice. Barbara Smith played Chopin's Waltz in D Flat, Bach's Three Part Invitation No. 10 in G Major was played by Mary McBride, the Nocturne in B Major by Chopin was presented by Edna Stevens, a Beethoven sonata was played by Mildred Hayward and Nancy Rowell chose another Chopin nocturne.

Two other groups, the first including works by Palmgren, Purcell and Chopin played by Alice Smith and Bach and Sibelius by Janet Estlick were admirably performed.

Teachers of these pianists were Adeline Doris, Charles Allen, F. G. Mann, Helen McNeil, Mary Harstone, Agnes Logan Green and Norine Renaud.

Perhaps the most courageous of all the contributors were young Marie and Marlene Guerin who opened the recital with a delightful duet. There was no stage shyness throughout the entire evening's entertainment.

There were piano solos played by Diane Reynolds and Elaine Osborne followed by a duet by Loreen Moore and Margaret Bowman. Marjorie Turner displayed a fine voice singing Canterbury Fair and Little River. Creditable piano performances followed by Patricia Warman, Beverley Lillico, Jane Stuart, Joan Green and Terry Northrop. Ruth Pitchford and Bob Cuff played a piano duet and there were two songs by Mary Conlin.

Teachers were Frances Williamson, Hazel McLaren, Marguerite Rome, Elsie Chambers Flett, Aileen Richardson and L. M. Greenslade.

The program was introduced by Thursa Williamson, president of the Peterborough branch of the Ontario Registered Music Teachers' Association, sponsors of the recital.

No Conference Plan

OTTAWA, March 8 — (CP) — Prime Minister St. Laurent told Howard Green (PC—Vancouver South) in the Commons Monday that no arrangements have been made to hold a commonwealth foreign ministers conference on the Far East in Ottawa. Mr. St. Laurent said the meeting had been proposed for Ceylon in May but this was off and there had been no decision whether it should be held later and where.

Ontario Opposition Critics Take Frost Budget Apart

TORONTO, March 8 — (CP)— Opposition financial critics will have their day in the Ontario Legislature today as they take Provincial Treasurer Frost's budget apart nickel by nickel.

Mr. Leslie Wismer (CCF-Riverdale) will present his party's view and John G. Brown (Waterloo North) will speak for the Liberals. A. A. MacLeod (Toronto-Bellwoods will represent the two-man Labor-Progressive Party.

Opposition critics are expected to charge that the Progressive Conservative Minister's bookkeeping should have shown a surplus of several million dollars more than $1,132,000 reported.

Premier Kennedy, who is anxious to adjourn the session before the end of the month, has announced there will be a night sitting tonight.

Bolt Traces.

One Progressive Conservative member and three Liberals bolted party traces Monday on second reading of a bill concerning Cottam Farmers Ltd., of Essex County.

The bill would permit the company to distribute patronage dividends as a co-operative under the terms of the Companies Act but would exempt the company from the Act's provision that a Co-Operative may not distribute more than 35-per-cent dividends on capital investment. The bill also provides that the company would not be required to use the word co-operative in its name.

The bill, sponsored by Progressive Conservative whip William Murdoch (Essex North) was given second reading by a vote of 52 to 25.

Rev. W. J. Foote (PC-Durham) was the only Progressive Conservative member to oppose the bill. The Liberal group with the exception of three members voted in favor of the bill. Liberal members opposed were C. C. Calder (London,) T. K. Foster (Bruce) and Ross McEwing (Waterloo North.

C. C. F. and Labor-Progressive members opposed the bill.

Standing in the 90-seat house is Progressive Conservatives, 52; C.C.F. 21; Liberals, 14; Labor-Progressives, 2. There is one vacancy.

Passed Last Week.

The bill was passed in the Private Bills Committee last week by a vote of 19 to 5. Only C.C.F. members opposed it.

Eamon Park (CCF-Toronto Dovercourt) said Monday the company should not be allowed to "masquerade" as a co-operative. The wording of the Act did not prohibit the company from describing itself as a Co-operative if it chose. The company had recently paid dividends of as high as 35 per cent on capital invested.

Agnes Macphail (CCF-York East) said the company either was or was not a Co-operative. There was no no-man's land. If it were a Co-operative, it should comply with all the provisions of the Companies Act applying to Co-operatives.

Attorney-General Blackwell said that in order to become a full-lenged Co-operative the company would have to be dissolved and some $64,000 be distributed among 200 farmer shareholders. Much of this amount would have to be paid in personal income tax.

C. H. Millard (CCF-York East) asked if the Attorney-General was suggesting the bill would enable stockholders to evade income tax payments.

Mr. Blackwell said "even such an August body as the Privy Council" had agreed that "a man with any brains" would do what he could legitimately to reduce income tax payments.

Boy 6 Passes Exams

OTTAWA, March 8 — (CP)— Mr. and Mrs. A. E. Ellard of Ottawa are not using the word 'prodigy" to describe their six-year-old son, Barry, but they're pretty proud of him just the same. At six, and still unable to read and write, Barry has passed his grade IV piano exams, duplicating a feat performed three years ago by his elder brother, Brian. Barry started lessons at three.

Pouliot Explains Speech On King

OTTAWA, March 8 — (CP) — Jean Francois Pouliot (Ind. L—Temiscouata) explained Monday night in the Commons why he suggested Rt. Hon. W. L. Mackenzie King should have resigned as prime minister when he relinquished the Liberal leadership at a convention last August.

(Mr. King remained as prime minister until November when he was succeeded by Rt. Hon. Louis St. Laurent, chosen Liberal leader.)

Mr. Pouliot recalled that he had said at the close of the last session of parliament that Mr. King, then about to leave the Liberal leadership, should resign as prime minister immediately he ceased to be party head.

He explained that he had said that because "I wanted the leader of my party to be the boss."

When he made the statement, he recalled, he "aroused a storm." People said his speech was the "vilest" ever heard in the House of Commons.

"What I did was painful," he said, "but I did it because I felt it was my duty. I want to see order in this government and in the country. But I was abused; I was insulted; I was called names."

Famous German Guide Books To Appear Again

HAMBURG, March 8 (Reuters) —the famous red guide books published by Karl Baedeker and known to tourists the world over, are to reappear.

Karl Baedeker, great-grandson of the founder of the firm, has been granted a licence in Hamburg to re-start this world famous business which was disrupted first by the war, then by the destruction of all archives and steros in the air raids and finally by the fact that its seat was in Leipzig, in the Russian zone, where it was found impossible to make a fresh start.

Although the firm published a small guide to Leipzig last year the first real new post-war Baedeker will be a volume on Schleswig-Holstein where Karl Baedeker has been living since the war.

A relatively modest beginning, the volume of Schlesweig-Holstein will contain 200 drawings of the arms and other characteristics of the province. It is due to appear early this year. The edition will be limited to 10,000 copies.

Next on the list are guide books on Westphalia, Lower Saxony and, in turn, all the other states in the western zones.

Plans Volume on Britain

Herr Baedeker said that he was working in conjunction with Sir Stanley Unwin, British publisher, to produce a volume on Great Britain in English, while he has arranged with a Norwegian publisher to produce a guide book on Norway, which will be also in English.

The rebirth of this famous firm is thus limited at present to a comparatively few volumes. Herr Baedeker does not wish to commit himself to produce volumes on other foreign countries until he has had time to study the public taste and investigae publishing possibilities.

The difficulties of producing foreign guide books are still numerous with foreign currency, travel permits, editorial assistance and financial resources all constituting formidable obstacles — not to mention the masses of red tape to be unravelled.

Herr Baedeker said that he did not think that it would be possible to produce new guide books on foreign countries for another five years at least owing to these difficulties of production.

Tourist Courts Dot Countryside At Mount Vernon

By ROBERT E. GEIGER.

MT. VERNON, Va., March 8 —(AP)—What would George Washington think if he could see his old plantation today?

It's hard to guess his reaction to the spaghetti hall, the filling stations and the tourist courts on U. S. Highway No. 1, which runs through the farms he owned.

But it is certain he would be interested in the experiences of the Mount Vernon farm staff and in life on the few small farms that now exist on what was the plantation. Washington's will indicated he owned 8,000 acres surrounding Mount Vernon at the time of his death 150 years ago.

He divided the properties among relatives. Since then they have been divided many times, until today thre are some home sites with a frontage of only 25 feet. The restored Mount Vernon estate contains about 500 acres.

George Washington loved the place and said so many times in his diaries and in letters.

"No estate in United America is more pleasantly situated than this," he wrote to an Englishman. 'It lyes in a high, dry and healthy country 300 miles by water from the sea on one of the finest rivers in the world . . . it is situated in a latitude between the extremes of heat and cold . . ."

The Mount Vernon Mansion House farm is still well kept by the Mount Vernon Ladies' Association and its staff of 75 people, headed by Charles C. Wall, superintendent.

Poor Farm Land

But George Washington knew that his lands were far from being the most productive in America. It was a struggle to make them pay.

Joseph E. Beard, Fairfax County agent, says Washington probably was the best farmer who ever farmed the 8,000 acres.

"You have to qualify that, of course, by saying Washington was the best farmer of them all considering the handicaps under which he worked," Beard said.

"The handicaps consisted of the meagre scientific agricultural information available in the general's time, the crude tools with which people worked and the fact he had to be away from Mount Vernon a great deal on military and government affairs."

Tried Crop Rotation

Washington experimented with crop rotation and with other methods of preventing the deep gullies common on Virginia farms even 150 years ago. He knew that tobacco and corn depleted the soil. He tried to work out a plan to minimize this damage.

There is conflicting evidence concerning Washington's farm profits. The Encyclopedia Britannica says he realized $10,000 to $15,000 a year from all his estates. (He owned other lands besides those in Virginia). The handbook of the Mount Vernon Ladies Association says:

"The farm ledger for the year 1798 credits the four outlying farms and related activities with a profit, but most of this was cancelled by the expense of maintaining the Mansion House farm. The favorable balance for the year was less than $2,700—and 1798 was not a bad year."

Czech Culture Included In Soviet Plans

By SYDNEY BROOKES

PRAGUE, March 8—(Reuters) Culture in Czechoslovakia now has to be revised to meet the needs of the Czechoslovak five-year plan.

A statement issued by the syndicates of Czech and Slovak composers at a recent joint meeting, declared:

"Music must actively co-operate in the five-year plan and in the sharpened class struggle, and music must meet the present needs of the people.

"Most important is the production of mass songs to inspire the new heroes of labor and the new labor collective (a form of Stakhanovism). Where folk songs are used as a basis, next texts must be found expressing the new political philosophy.

"Instrumental music must give the people new dances, new marches, and new forms of entertainment. New music must be produced for political gatherings, popular festivals, and all manifestations of collective life.

"A new style is necessary in the great instrumental forms.

"The best opportunities will be found in dramatic music for composers to fulfil the new demands. Many new text books are needed. Old books must be amended and new translations made.

"Composers must fill the new need for serious and comic musical plays, for cabaret music, for scores for song and dance shows, for broadcasting music, melodramas, and ballet, all conforming to the new Marxist requirements.

Music's New Mission

"Musical science and criticism must conform to the new mission of music in society, defining the basc aesthetic principles and preconditions of socialist realsm.

"The whole concepton of music must be revised and only what is progressive must be retained.

"The history of Czechoslovak music must be shown as an active participation in the political development of the nation.

"Scientists and critics must always show the danger of one-sided formal musical explanations.

"The syndicate must organize clubs where contact can be maintained with the workers."

At the meeting, the composers agreed to form a central syndicate, with selected membership, to be affiliated inside the trade union movement.

About the same time, a newly founded club of film critics decided that they must concentrate attention on Soviet films as an example of socialist art, and "disclose the emptiness and recationary tendency of bourgeois films."

The critics must seek "the closest contact with the workers as their helpers, and learn from the rich experience of the workers."

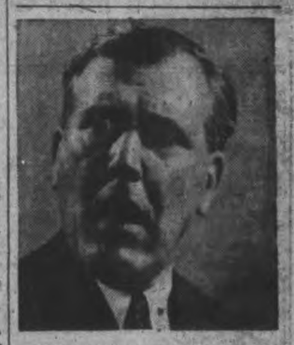
WORTH THEIR SALT

Roman soldiers received part of their pay in the form of salt.

Social Situations

SITUATION: You stop by to see a friend and while there meet a friend of your friend.

WRONG WAY: When you leave pay no special attention to the person you have just met.



RIGHT WAY: When you leave make a point of saying "Good bye" to the person you met, and adding, "I'm so glad to have met you," or "I hope I'll see you again soon."

Author's Teacher Dies in S. Britain

WORTHINGTON, England, March 8—(CP)—Thomas George Treadgold, who once taught author P. G. Wodehouse at Dulwich College, died aged 95, in this Sussex town.

Of Wodehouse Treadgold once said: "There never was anyone at the school like 'Plum' for quiet humor. He sat at dinner making jokes which came naturally and without effort. He never had to try to be funny."

Known as "Treadie" to his scholars, Treadgold was Britain's oldest public schoolmaster when he retired in 1928.

ENJOY the lustre and protection genuine Johnson's wax gives floors and furniture . . . at the price you've always paid! Nothing touches the high quality of Johnson's. In liquid or paste form, it's still Canada's finest — and first choice!

It's so different today

Who would envy the early-Victorian housewife? Up with the lark to cook a heavy breakfast! Today's favorite breakfast dish is ready-to-eat, easy-to-digest Post's Grape-Nuts Flakes. Pour a bowlful with milk (add fruit if you wish) and presto! . . . there's a simply scrumptious start to the day.

Post's Grape-Nuts Flakes are made from TWO grains — wheat and barley — to give you the unbeatable Grape-Nuts flavor . . . in delicious, honey-golden flakes. They supply useful quantities of carbohydrates, proteins, phosphorus, iron and other food essentials to set you up for work or play. Try Post's Grape-Nuts Flakes tomorrow.

DOROTHY DIX

Mother Tries to Select "Nice" Boys for Daughter

DEAR MISS DIX: My problem is my mother, who is deathly afraid that I will go with someone who is not "nice" enough for me. "Nice," in Mother's vocabulary, means socially important. No matter how fine the boy and girl in question are, if they do not come up to Mother's standards, they are taboo for me.

There is a certain boy I would like very much to date. His parents are fine, hard-working people, but they are not up to Mother's ideals. The boy is very popular at school. He goes with the very best crowd and everyone else thinks he is grand, but Mama says he is not. She has never even met him. Yet she says he is not "nice," and is not willing for me to have anything to do with him. And she takes the same attitude with many of my other friends. It is very embarrassing to me.

Dorothy Dix

I understand that she thinks she is doing it all for my good, but don't you consider that she has gone a little too far?

J. O. P.

✧ ✧ ✧

ANSWER: It is stretching things pretty far in a democracy where we are all officially free and equal for a mother not be willing for her schoolgirl daughter to associate with anyone whose name isn't in the Blue Book. Of course, it is a mother's bounden duty to keep a watchful eye on her little ewe lamb and see that she doesn't flock with the black sheep, but that is just about as far as Mother should go in picking out little Mary's associates.

Snobbishness Doesn't Pay

As a matter of fact, it is practically impossible for a mother to keep her daughters from knowing anyone who isn't in the Social Register, because we are such a shifting population, with values that change so often that those who are at the top of the social pot one day may be at the bottom of it the next. So it doesn't pay to be snobbish. You are too apt to meet someone who is going upstairs when you are coming down.

Many a mother who has kept her daughter from marrying a poor boy from the other side of the tracks has seen him rise to fame and fortune and his wife riding in limousines, while her daughter is a tired and worn old maid slaving behind a counter.

✧ ✧ ✧

DEAR MISS DIX: Speaking of girls being trained for domesticity as a preparation for marriage, don't you think it would help if the lads also were educated on running a household? If marriage is a partnership, why shouldn't husbands also do their bit?

Suppose a wife doesn't know very much about cooking—is that a tragedy? Can't both the husband and wife chip in and do the cooking, instead of the wife doing all the wrestling with the pots and pans? I speak from experience as my three brothers and I have all been trained as cooks. One of us naturally outshines the others, but we can all turn out a good job in the kitchen and are handy with the mop and know how to market at the grocery stores. It is a wonder we are not confined bachelors, but we are not.

So how about taking it easy on the girls? Let them have fun if they want to. They will have to buckle down soon enough.

GEORGE

✧ ✧ ✧

ANSWER: The chief grouch of wives is that they have to slave in the kitchen while their husbands are taking it easy on the living-room couch. So it seems like the promise of a new earth and a new heaven to thousands upon thousands of worn and weary women who are struggling with the demonic peculiarities of a cook stove, to hear that men are learning to cook, and to like it.

Heretofore, men's only contribution to the domestic menu has been criticism and inquiries as to why Friend Wife can't make pies like Mother used to make. So without doubt it will add much to keeping marriage a going concern for husbands to lend a hand not only with the cooking, but with the subsequent dish washing.

✧ ✧ ✧

DEAR MISS DIX: I am a girl of 25, married and have a 4-year-old child. My husband is a good provider. He stays at home unless we go out together, but he is one of the husbands who stopped his love-making at the altar and this makes me very unhappy.

Please tell me how to handle him. Should I try making him jealous, or what? I just don't seem to know what to do about it.

FORLORN

✧ ✧ ✧

ANSWER: The days of miracles are over and there isn't any way to turn a dumb husband into a romantic love-maker. Your husband says it with deeds, no words. Thank God you've got a man who is a good provider instead of a great lover.

VICTORY SIGN—Prime Minister St. Laurent raises his fingers in the victory sign to a crowd of several hundred guests at a banquet in his honor in Montreal Saturday. It was Mr. St. Laurent's first official visit to Montreal since becoming prime minister.

Home and School Association News

QUEEN ALEXANDRA SCHOOL

Father's Night meeting of Queen Alexandra Home and School Association was opened by the president, Mrs. Jack Hayward, who extended a welcome to guests. After dispensing necessary business, she turned the meeting over to Mr. Ken Kingston, chairman.

Ex-mayor Wm. G. Ovens as guest speaker gave a splendid talk on good citizenship. He was introduced by Mr. O. J. Hayward and thanked by Mr. P. F. Down.

Humorous entertainment was provided in a skit portraying a meeting of the Home and School executive as it would be conducted with men as officers. The methods embodied the "Wrong way to do everything" from the woman's point of view. Mr. Kingston acted as chairman of the meeting with Messrs. R. W. Lowry, G. H. Hutchinson, P. J. Harrison and O. J. Hayward taking part in discussion.

Comedy impersonations by Herb Mullin and George Rutherford with their violins were greatly enjoyed. Several sing songs with all taking part interspersed the program. Mr. Quirt McKinney was leader and Mr. Jack Telford was at the piano.

Mrs. B. Boucher expressed appreciation for the entertainment.

Refreshments, prepared appreciation for the entertainment.

Refreshments, prepared under direction of Mrs. G. H. Hutchinson and committee, were served by the men wearing vari-colored aprons, specially designed of crepe paper for the occasion.

Receiving at the door for this meeting were Mr. J. E. R. Munro, principal, and Mr. Telford, vice principal.

A collection was taken for the Save the Children Fund with Messrs. B. Boucher and P. Evans collecting.

It was announced that the Rev. Ivan Morgan will speak at the next meeting. The school senior choir, under direction of Mr. Telford, will perform.

✧ ✧ ✧

CENTRAL SCHOOL

A most successful Father's Night meeting of the Home and School Association was held Monday evening. Due to record attendance it was necessary to hold the meeting in two classrooms.

Mrs. S. Malsch, president, welcomed the guests and presided for business.

R. J. Bolton welcomed the fathers and introduced the chairman for the evening, Dr. Eldon P. Roy. With a few humorous remarks he opened the program.

A sing song was led by Messrs. S. Hayman and T. Pritchard with Mr. S. Gilmore at the piano. Special feature was some much enjoyed selections by a seven-piece orchestra, directed by Mr. A. Seidel. Other numbers were a humorous recitation "Bathsda Washday" by Mr. S. Rowe and piano solos by Mr. S. Gilmore.

Magistrate W. R. Philp, KC, was guest speaker, his subject being "Juvenile Delinquency—its causes and control." "There is not one cause, but many," said Mr. Philp. "In school, the teacher realizes the tendency to delinquency before there is any. The church gives the child appreciation of spiritual values, while recreational bodies provide the feeling of achievement necessary to children. But it is the primary responsibility of parents. The greatest cause of juvenile delinquency in this district, is broken homes."

Mr. Philp closed his fine address by reading some pertinent directions on the sure way to make a juvenile delinquent of a child.

Sincere appreciation of the large audience was conveyed to those taking part by Mrs. W. G. Gunn.

Refreshments were served by the fathers under the direction of Mr. F. Earle.

✧ ✧ ✧

QUEEN MARY SCHOOL

The Junior choir, in two choruses, under direction of Miss M. Stenton and Miss Musa Cox, opened the meeting of Queen Mary Home and School Association Monday evening. Two most pleasing piano accordion numbers were later contributed by Mrs. L. B. Rawson.

Speaker of the evening was Mr. F. B. Smitheram, introduced by Mr. R. A. Wilson. His subject, "Rythmic Arithmetic" was one of great interest to the large audience of parents and teachers. When he conducted a practice class with six Grade 7 pupils he proved that children can learn this type of arithmetic by visual and oral study.

Mr. Roy Lewis expressed thanks for enlightenment on a subject presently under discussion.

President, Mrs. C. C. Collins, presided for routine business. She announced plans completed for the annual St. Patrick's tea and sale being held in the school Thursday, March 17 under general convenership of Mrs. Chas Huffman.

Refreshments were served by Mrs. R. Burnside and her social committee.

Games Follow Meeting

Lily Lake WA met at the home of Mrs. M. Dunford last week with Mrs. Clarence Hancock as co-hostess. Mrs. George Middleton, president, had charge. Scripture was read by Mrs. Everett Tully and in observance of the women's World Day of Prayer, each member offered a sentence prayer. It was decided to become a member of the National Film Council. A social evening was planned for next meeting when films will be shown. A special collection will be taken in aid of the British Emergency Relief Fund. A card of thanks from Miss Clara Dobbin, recently a patient in hospital, was read. Games of progressive euchre and crokinole followed the meeting. Winners were: high score, Mr. and Mrs. Everett Tully; consolation, Mrs. J. A. Middleton, Mr. Arthur Hancock. In crokinole, high score, Mrs. Ross Nicholls, and consolation to Mrs. Evans McConkey and Mrs. J. Warwick. Lunch was served by the hostess.

6—In Memoriams

SHERIDAN—In loving memory of a dear mother, Mrs. James Sheridan, who passed away March 8, 1936.
There is a sad but sweet remembrance
Of a mother fond and true,
There is a token of affection always
And a heartache still for you.
—Always remembered by daughter Agnes.

YOUMANS—In loving memory of my dear father, Eleazar Youmans of Havelock, who passed away on March 8, 1947.
There is a long and winding road,
Along which each must go,
It leads beyond the hills of time,
Into the sunset glow.
But only for a little while,
Our loved ones leave our sight.
For just beyond the hills they wait,
In God's eternal light.
—Ever remembered by his daughter Edith, Mrs. Wm.—Stevenson.

Soon Lose Freedom

MUSKEGON, Mich., March 8—(AP)—Freedom was short-lived Monday for three prisoners who escaped from the Muskegon County jail by tunnelling through a three-foot wall while a fourth enjoyed liberty a few hours longer than his companions. Two of them were captured less than 12 hours after breaking out, and some seven hours later officers recaptured the third man.

Women Demonstrate

GARY, Ind., March 8—(AP)—Angered Gary women, more than 1,000 strong, marched on city hall Monday night demanding an end to alleged vice and gambling in the city. The slaying Thursday of of school teacher Miss Mary Cheever, precipitated the civic outburst. Police have attributed the death of the 45-year-old woman to a purse-snatcher.

OFF TO THE WOODS — Early every morning, a whopping breakfast inside them, woodsmen leave the many logging camps in the Gatineau Hills to fell trees which will eventually become paper for newspapers, books and magazines. Cutting of pulps is one of Canada's largest winter industries. This photo by Malak of Ottawa shows the men leaving Camp Thibault, typical logging camp, for the woods. They are part of the army of 246,000 men and women employed in Canada's pulp and paper industry.

300 Acres At Moira Lake Developed As Youth Camp

HAVELOCK, March 8—(ENS)—Sunday was observed at the Havelock United Church as Youth Sunday and both services were in charge of the Young People's Union. In the evening the boys were in charge, when John Lewis of Bethel (Millbrook district) an outstanding leader in young people's work in the Bay of Quinte Conference and leader of last year's boys' camp, was the speaker.

"Responsibilities of Canadian Youth Today" was the subject of Mr. Lewis' address, based on Christ's comparison of a man who should hear His sayings and obey them to a man who built his house upon a rock.

Prayer was offered by James Thompson and Kenneth Nobes announced the hymns and gave the opening prayer. The offertory was taken by Jack Shotton, Albert Smith, Robert Watson, and Gordon Bales. A dueta was sung by Mr. and Mrs. R. Dooley.

The morning service was conducted by Robert J. Hill. The responsive reading was led by Joyce Agnew, with Philip Chevalier reading the Scripture lesson.

Described Camp

Instead of a sermon, there was a dramatized 15-minute conversation between Gerald Melville, who took the role of one interested in attending a summer camp this year, and the Rev. F. R. Vanderburgh, whose answers gave the background of the new camp at Moira Lake.

Mr. Vanderburgh is chairman of the building committee for the new Moira Lake camp, situated 25 miles north of Belleville, seven miles from Madoc and six miles from Tweed. Here 300 acres of property are being developed as boys' and girls' summer camps, young people's camps and for other Christian education needs in the spring, summer and fall of each year.

The new camp, known as the Quin-Mo-Lac, will be one of the finest in Canada. It is hoped that $8,000 or more will be donated by the young people and families of the Bay of Quinte Conference to speed up its development this year in order that it may be officially opened in 1950 on the occasion of the 25th anniversary of the United Church of Canada.

Started in 1947

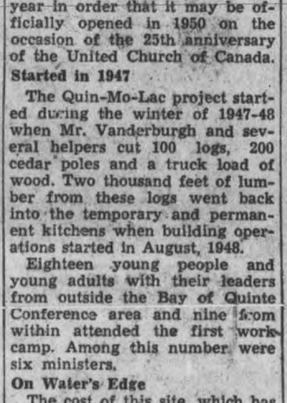
The Quin-Mo-Lac project started during the winter of 1947-48 when Mr. Vanderburgh and several helpers cut 100 logs, 200 cedar poles and a truck load of wood. Two thousand feet of lumber from these logs went back into the temporary and permanent kitchens when building operations started in August, 1948.

Eighteen young people and young adults with their leaders from outside the Bay of Quinte Conference area and nine from within attended the first work camp. Among this number were six ministers.

On Water's Edge

The cost of this site, which has a mile of lake frontage, including 100 yards of sandy beach and 200 yards that can easily be made into a beach, was $3,000. The sum of $2,500 was received from Young People's Unions in 1947 and about $1,900 more came into the treasury in 1948. The county of Hastings made a grant of $400 to put a road down a 200-foot hill. Four hundred yards of gravel have been put on the road leading to the main gate by township and county men. Albert Reid of Ivanhoe was in charge of the bulldozer which put a road down the hill, dug out the kitchen basement, gravelled the road to the kitchen, and put a road through the trees for a line of cottages.

Five springs of running ice-cold water have been opened 100 yards from the kitchen, and palisades of stones have been built up on the lake front in front of them. They are 10 feet above the lake level.



Permanent Kitchen Ready

A permanent kitchen was built last year, 36 by 20 feet, with a cement cellar wall under it seven feet in height. An old street car was used for temporary housing accommodation while the work was being done.

The project for the summer of 1949 is the erection of 15 cottages suitable for eight to ten people to sleep in each, and the main dining hall, planned in a "T" arrangement with the kitchen, which will be 75 by 30 feet, to accommodate at least 150 persons at mealtimes.

The Quin-Mo-Lac camp will be run by a board of 10 directors who will be responsible to the Christian Education Committee of the Bay of Quinte Conference. Most of the camps will be interdenominational.

There will be a work camp all through the month of August, where young people will share in work and worship.

TYPICAL LOGGER—Typical of the men who cut the pulp wood in Canada's forests is Joe Cote, Montcerf, Que., native who at 69 has spent 54 years working with Gatineau logs. Today, this veteran logger shown in this photo by Malak of Ottawa, is a veritable traffic cop on ice. He is foreman of the "dump" lake where the logs are piled for the spring drive to the mills.

Artificial Ice For Arena Again Debated

By HARRY THEOBALD

City council and a deputation once more discussed the Community Centre-Civic Arena Monday night, and as the French aphorism says "The more it changes, the more it is the same thing".

That same thing is—"whence is the money coming?" Ald. Hugh Waddell mildly reminded all hands, and once more, that the Memorial Centre fund was placed by the people themselves as a trust in the responsibility of the men who were nominated for that purpose, and, therefore, those funds must be used only for that purpose.

The next step is due this week as suggested by Mayor M. J. Swanston when the committee of the whole is scrutinizing the budget. The council then may be in a better position to ascertain what money is or could be considered available for an artificial ice plant at Civic Arena. The two projects keep rubbing shoulders in public discussions, and Monday night they were both separately and jointly mentioned.

The deputation visiting the council had more variety in its personnel, and was plainly eager to get something done "for the youth of the city" in providing them with skating and hockey facilities such as Lindsay, has been enjoying this winter.

Joint Deputation

Members of the Triple Link executive, minor hockey league and the figure skaters' group combined in asking the council for the immediate action which was indicated as necessary if Peterborough is to get an ice-making plant for its Park St. Arena in the installations that are now being booked for summer work.

Triple Link Club was represented by Herb Young, Andy Price and Bill Harris.

Ralph O. Standish made a plea in behalf of the figure skaters, and particularly the parents of the young people who are willing to contribute $1,500 if they get the extended accommodation they desire, nine months of ice, instead of at best 60 days with natural ice.

Clare G. Collins relayed an idea that was recently proposed to him, that, since some of the original subscribers to the Community Centre fund were interested mainly in an artificial ice rink, $75,000 of the fund be allocated to the necessary improvement of the Arena, and the remaining $225,000 be used for a community hall.

The only immediate result from this discussion with the council was the suggestion that the question of financial furtherance of the Arena be considered first in the light of the forthcoming budget and tax rate probably Wednesday night.

Admit Bank Robbery

SHERBROOKE, Que., March 8—(CP)—Emile St. Pierre, 29, and Andre Jacques, 23, both of Sherbrooke, pleaded guilty in court Monday to the armed robbery of the Bromptonville, Que., branch of the Banque Canadienne Nationale last Thursday night. St. Pierre was sentenced to seven years in the penitentiary and Jacques to five years.

WELCOME SOUND—No sound is more welcome to the ears of the hungry loggers who cut Canada's pulpwood harvest every winter than the cook's call to dinner. Working in outdoors in cold weather gives the woodsmen big appetites and those at Forbes Depot are no exception. This photo by Malak of Ottawa shows H. Gagnon summoning the forest workers to their evening meal.

Hastings Victors

HASTINGS, March 8 (ENS)—Hastings eliminated Beaton Legion 4-3 here last night to take their OMHA midget "C" playdown round in a good, clean and speedy contest. Both goalies showed up well, while Chambers and Morrow shone for the winners, the latter being in on four goals. Kelly and McDonald were best for Beaton.

Morrow got a pair in the first, Wrightly and Stevenson each assisting once. McDonald scored one for Beaton, with Kelly scoring one and assisting on one. Morrow tallied from Ford but McDonald got it back next period. Morrow counted from R. Spencer in the third as G. Keough got Beaton's goal from Kelly. The teams:

Beaton: Goal, Kearns; defence, G. Keough, L. Keough; centre, Kelly; wings, Murray, Letts; alternates, Lisk, McDonald, Aitkens, Nellynchuk, N. Keough, Hoover, Williams.

Hastings: Goal, West; defence, Wrightly, Chambers; centre, E. Spencer; wings, Davis, R. Spencer; alternates, Morrow, Dodds, Harrington, Fairman, Stevenson, McMillan, Ford, Condon.

Vast Labrador Iron Deposits To Play Important Future Role

By DAVE McINTOSH

ST. JOHN'S, Nfld., March 8—(CP)—Labrador and what it holds may change the face of the North American steel industry.

Vast deposits of iron ore in its interior bordering Ungava soon will be in production, replacing Minnesota's Mesabi range, fast petering out, as chief supplier for steel plants in the United States and Canada.

Work is being started on a railway to the north of the St. Lawrence and cars carrying 10,000,000 tons a year should be rolling over it in about three years. When that day comes the American steel industry may be on the move to the Atlantic seaboard.

Since Labrador, as part of Newfoundland, is to enter confederation with Canada soon, many see the export of iron ore to the United States as helping to cure the Dominion's dollar shortage.

Labrador comes from the Portuguese word "Ilavrador," a yeoman farmer. The name was originally given to Greenland in the first half of the 16th century and was transferred to the peninsula in the belief that it formed part of Greenland.

The story goes that the first person to sight Greenland was a Ilavrador from the Azores.

Largely Unexplored

Comprising 110,000 square miles of forested, largely unexplored territory, Labrador—or "the" Labrador as Newfoundlanders call it—was the subject of a judgment of Privy Council in 1927.

The Privy Council decided that the border with Quebec would be the watershed of rivers running into the Atlantic and the 52nd parallel of latitude. Quebec is disputing the boundary because the iron ore deposits lie athwart it. As the border now is laid out, the lion's share of the iron range is in Labrador.

But iron was not the centre of the dispute when it was taken before the Privy Council. For years Newfoundland fishermen had worked up and down the coast from Blano Sablon to Cape Chidley. Ownership of the hinterland came into dispute over a claim by the Newfoundland government of its right to tax a lumber industry located on one of the deep inlets.

Not as desolate as it's said to be, Labrador is heavily wooded and there is an annual big cut of pulpwood on Hamilton Inlet near Goose Bay, the airport built by Canada for $25,000,000 during the war. On the Hamilton River, 200 miles west of Goose and only a few miles from the iron range, is Grand Falls, with a potential of 10,000,000 horsepower, enough to supply all Canada.

There are about 5,000 permanent residents in Labrador of which about 1,000 are Eskimos. There is also a floating population of some 4,000 fishermen who head north from Newfoundland during the summer.

Fishing Industry

Fishing is chiefly for cod, carried out by some 250 vessels from Newfoundland. Salmon and herring also get attention and there is a thriving sealing and whaling industry.

A range of mountains stretches up the coast of Labrador and is probably an extension of the range that forms the spine of Newfoundland. In the north the range climbs as high as 8,000 feet. Great fiords hack into the coast and mighty rivers hurl themselves through steep gorges to the sea. The Hamilton river tumbles 760 feet in 12 miles, including a sheer drop of 315 feet at Grand Falls. This, taken with the river's volume, makes it the greatest fall in North America.

Labrador has a couple of items named after it. One is labradorite, or Labrador spar, a lime-soda felspar which is often cut and polished for jewelry. When wet, the stones are brilliant and eskimos call them "fire rocks."

The other item is Labrador tea, a small evergreen shrub that grows in bogs and swamps. The leaves have been used as a substitute for tea.

Whether labradorite and Labrador tea will be developed is doubtful although Labrador itself is on the threshold of a new era.

Winter Travel Takes New Turn

By LORNE LETHERBY

COLDWATER, Ont., March 8—(CP)—Keith Robinson, a young merchant here, is developing amphibious winter travel. A furniture dealer and undertaker in this village of 700, 18 miles from Midland, Robinson also builds boats.

Latest product of his machine shop is a snowplane, which travels over land and water, snow and ice.

Robinson's scoot looks like a Buck Rogers' invention. Fourteen feet long with a six-foot beam, the snowplane has a snug cabin for five persons with front and side windows and curved nose.

Powered from the rear by a 140-horse-power Tiger Moth engine, the flat-bottomed scoot can travel more than 100 miles an hour on a snow surface. Cruising speed is about 50 miles an hour.

Robinson was dissatisfied with his snowmobile as its skis were suitable for ice and snow surfaces only. His first snowplane, completed a few weeks ago, was made for a former Coldwater man, Herbert Sheppard of Biscotasing, who needed a snowplane for transportation in the north.

Tests Succeeded

Named the "Penguin," this snowplane tested perfectly at Honey Harbor. During part of the run the amphibian plunged through thin ice and travelled several hundred yards in the water before regaining firm ice again.

The scoot weighs less than 100 pounds and is operated with a gas throttle and lever. This type of machine is becoming very popular "up the shore" where travel during winter months is severely restricted.

Residents among the islands of Georgian Bay used to depend on dogs and horses, but weather conditions sometimes render animals and sleighs useless.

Some use makeshift snowmobiles including converted punts with airplane motor attachment.

Competition in manufacture of scoots has been stimulated by the annual carnivals at Honey Harbor and Penetanguishene which draw thousands of spectators and are the highlight of winter activity in these parts.

Some of the features of the scoot have been copied from a snowplane designed by Keith's brother-in-law, Alfred Brodeur. Member of the Brodeur boat-building family of Waubaushene, Brodeur is an overseer for the Ontario department of Lands and Forests. His "Otter" amphibian for travel among the 30,000 islands of Georgian Bay is now used by the department.

POTENTIAL VALUE—Labrador which until now has been largely unexplored will see a new era dawning when vast deposits of iron ore are known to exist in the interior are developed. Exploration work has been extensive and work has started on a railway from the St. Lawrence to the interior to move out upwards of 10,000,000 tons yearly. This aerial photo shows typical country where this ore is found. This particular photo was taken in the Burnt Lake area bordering on Quebec.

St. Laurent Denies Secret Wheat Deal

OTAWA, March 8 — (CP) — Prime Minister St. Laurent denied Monday night that he has a "secret deal" with President Truman which would enable Britain to buy Canadian wheat should the United States declare wheat a surplus commodity.

He was commenting on a London dispatch quoting the Daily Mirror as saying such a deal had been arranged because Marshall-plan aid rules, if rigidly applied, would prevent Britain from buying Canadian wheat and "bring ruin to Canada."

"The ERP regulations," the Prime Minister said, "are not constituted to bring ruination to a friendly country."

He said he naturally had confidential discussions with Mr. Truman during his recent visit to Washington, but scoffed at the suggestion that "secret" arrangements had been made.

VON Conducting Poster Contest

Peterborough branch of the Victorian Order of Nurses is offering cash prizes totalling $175 for the best designs submitted in a poster competition. Apart from stimulating interest in the work the competition is to submit one of the Order, the main purpose of poster from Peterborough in a national competition organized in Ottawa.

Designs, which are to be based on the work of the VON, will form the basis of the Order's publicity campaign.

The first competition was held last year when first prize of $20 was won by Jack Hammer. Mrs. Mary Lee of Lakefield was awarded second prize of $10, and $5 for third prize went to Arthur Burrows.

The three best posters in this year's competition, for which entries must be sent in by March 26, will win prizes of $100, $50 and $25.

Studios Racing To Get Jet Picture Screened

By BOB THOMAS

HOLLYWOOD, March 8 (AP).—Paramount seems to be zooming ahead in the race to get a jet flight picture on the screen.

"Jet Fighter" is getting high priority on Alan Ladd's busy schedule. He may start the film after he finishes "After Midnight." Meanwhile RKO's "Jet Pilot" is still in the scripting stage and no starting date is announced for Warner's "Jet."

Gable and Goddard

Clark Gable's vehicle "being whipped up by Preston Sturges sounds like a dilly. Clark will play a tycoon who suffered a breakdown and is told by his doctor to slow down. So Clark goes to a small town for a rest. He ends up by reorganizing the town and working as hard as ever.

Paulette Goddard has been dropping hints that she'd like to play the dumb-mistress in "Born Yesterday." It would mean a repeat with Brod Crawford, who is appearing with her in "Anna Lucasta."

MGM rousted out its stars again for a portrait by a national magazine. To avoid any protocol, the names were seated alphabetically. That Gable is always in the middle of any picture," said Spencer Tracy. "He picked the right initial."

Two Smart Men

John Payne has a smart plan to fit current conditions. "Whenever I sign for a picture, I promise to help exploit it by tours or any other means," he tells me.

Charles Coburn keeps busy enough at 71. He goes from "The Western Story" at U-I to "Everybody Does It" at 20th-Fox to "Bodies and Souls" at MGM.

Acheson Says Signatories Of Atlantic Pact To Fight Any Aggression

Treaty Intended To Frighten Russians If Thinking Of War By Presenting Demonstration Of Unity

WASHINGTON, March 9—(AP).—State Secretary Dean Acheson said today the Atlantic Treaty, as now drafted, makes clear the countries signing it will defend themselves against aggression from any quarter. Acheson did not disclose the treaty text in his press conference discussion. But he said that in his opinion the United States, Canada and the countries of western Europe have, through the text as it now stands, accomplished four major achievements:

They have recognized the facts of life in preparing to establish a formal relationship between the United States and the western European countries.

The treaty, in every word and every thought, fits within the United Nations charter and makes clear the determination of the United States and association countries to exercise their inherent right of self-defence (as recognized in the United Nations charter) against aggression from any quarter.

Further, the treaty as now drawn provides means for eliminating a sense of insecurity and thereby aiding recovery among the signatory States. Presumably Acheson meant, though he did not specifically say it, that the Marshall-plan countries of Europe, having extraordinary assurance of United States military support, will feel less fear of war and generate greater confidence in the future—a confidence necessary to economic progress.

The treaty will set up what Acheson called the institutional aids and machinery which will make the regional security principles effective. The machinery will include a consultative body of the member nations and a sort of North Atlantic regional high command.

Strong Front

The pact would have the effect of binding North America to the defence of western Europe. The alliance is intended to make such a demonstration of unity on the part of the Western Pow-

Czech Reports Spies Planted Among Refugees

MUNICH, March 9 —(AP)—Czechoslovakia planted spys in refugee camps in the United States occupation zone of Germany, a former intelligence officer of the Communist-dominated country asserted today.

Capt. Vojtech Jarabek made the assertion as he testified for the prosecution in the trial of eight Europeans charged with collecting United States military information in Germany for an unidentified foreign power.

He said trained Czech agents were deliberately placed in refugee camps by the Czechoslovakian ministry of the interior and the Czech Intelligence Service.

Jarabek described the Czech Intelligence Service as "farming out" agents to officers who then gave them assignments and took reports.

Jarabek and another former Czech captain, Otakar Feifar, fled their country last Nov. 8, bringing with them secret intelligence files. Feifar already has testified.

Special protection measures were continued as the second former Czech army officer testified against his former colleagues. Armed military police watched over the scant group of spectators.

Tries To Cut Off Legs With Knife

TORONTO, March 9 (CP), — Pearl Posishchuk, 23, to-day fought for her life after an attempt yesterday to hack both her legs off with a sawtoothed breadknife.

Described as a religious fanatic, the pretty girl had her right leg amputated Tuesday night and doctors expressed hope of saving the other. They said her condition was "fair" early to-day and that she may survive. She still is unconscious.

A native of the Peace River country, Pearl was found by a fellow-roomer, Herbert Tandy, in her Central Toronto roominghouse yesterday afternoon.

"I saw her foot sticking out of her door," Tandy said. "I heard her moan and say 'I'm coming, God.'" She was sitting on the floor with the knife in her right hand. Both her legs above the knee had been cut through to the bone and she was making another wound when Tandy entered.

A hospital attendant said the girl, studying to be a preacher in the religious sect, told her that "God told me to do it." She was singing the Lord's Prayer when admitted to the hospital.

Gibraltar War Games Show Navy Vulnerable

LONDON, March 9—(AP)—War games off Gibraltar have shown the Royal Navy to be "pretty vulnerable" to air attack, an Admiralty spokesman said today.

As a result, the spokesman announced, more exercises will be held this month in the Bay of Biscay and in the approaches to Plymouth.

"Defending" forces repulsed an "attack" on Gibraltar by ships of the British and Mediterranean fleets led by Rear Admiral Earl Mountbatten in the games, the Admiralty said.

FLIER BILL ODUM is shown climbing aboard his single-engine plane at Honolulu for the trip which won him new laurels. He set a 5,000-mile world's non-stop record for light planes in his flight from Hawaii to Teterboro, NJ.

Say Elections May Upset Malan's Gov't

JOHANNESBURG, March 9—(AP)—South Africa voted today in provincial elections which may affect the position of Prime Minister Daniel Malan's Nationalist government.

Although party strength in the National legislature is not at stake, the elections represent the first popular test of Nationalist stewardship since Malan beat Jan Christiaan Smuts' United Party last May.

Transvaal, Cape Province, Natal and Orange Free State will choose 171 provincial councillors. Voting in the Cape, with 55 councillors, and the Transvaal with 66, will be with the same registration rolls and in the same district as in an election of parliament.

The other two provinces choose 20 more councillors than they would parliament members. The fairest method of comparison with the results of the parliamentary elections of last May, therefore, will be in the total popular vote cast for each party.

The Smuts party started with an advantage of 34 unopposed candidates. Malan had nine Nationalists unopposed.

It is not likely that a trend will be apparent until Thursday, when results from the rural districts, seat of Malan's main strength, begin to come in.

Malan heads a coalition of Nationalists and the Afrikaner party, led by N. C. Havenge. The coalition depends upon nine Afrikaner votes for its majority in the National Assembly. The government is in a minority by one vote in the Senate.

Last December, Havenge placed the government in jeopardy by balking at Malan's color program. Malan had proposed to abolish the right of African natives to vote and have representation in parliament. He proposed to do this by a simple majority, instead of a two-thirds vote.

Catch 2 of 5 Youths Fleeing From Burwash

GUELPH, March 9—(CP)—Two of the five youths who escaped last night from the Ontario Reformatory were recaptured at Rockwood, seven miles northeast of here, provincial police reported today.

Recaptured were Charles Clubine, 18, of Milton, and 17-year-old James Albert of Barrie. Still at large are Walter Johnston, 18, Mount Brydges Robert Morris, 17, Sturgeon Falls; and Gerald Leduc, 19, of Timmins.

Johnson had only one month to serve of his sentence imposed at Chatham for auto theft. Leduc had about seven months still to serve on his Timmins sentence for house breaking and auto theft. Morris would have been due for release in three months on charges of auto theft and receiving stolen goods imposed at Sudbury.

Striking Grave-Diggers Quit Parent CIO Union

NEW YORK, March 9—(AP)—Striking grave-diggers at Calvary cemetery have quit their parent C.I.O. union whch Francis Cardinal Spellman has termed "Communist-dominated."

Some 800 members of the United Workers Local to which the strikers belong voted unanimously Tuesday to withdraw from the food, tobacco and agricultural workers of America (C.I.O.).

Joseph Manning, the local's president, said the action "eliminates any suspicion" of Communism as an issue in the dispute which has resulted in accumulation of more than 1,000 bodies at the big Roman Catholic cemetery on Long Island in the last eight weeks.

The Local, which also represents workers at 16 other cemeteries, voted to affiliate with the Building Service Employees International Union (A.F.L.) Manning said.

The Local has 1,500 members, of which 800 were present at the closed meeting last night.

Some 250, all Roman Catholics, are involved in the strike at Calvary cemetery, where Cardinal Spellman for the fifth day Tuesday led seminary students and priests through picket lines to bury the dead.

There was no immediate comment on the Union's realignment from Cardinal Spellman.

The striking grave-diggers, who previously had voted to recommend disaffiliation from the C.I.O. body are seeking a five-day week at $59.40, the same pay they have been getting for six days.

Decide King To Undergo An Operation

See Little Danger As Ruler's Health Excellent—Doctors

LONDON, March 9 (CP)—The King will undergo a nerve operation soon to improve the flow of blood to his right leg which still is suffering from a circulation obstruction in the main artery.

This was disclosed Tuesday night when Buckingham Palace released a bulletin signed by His Majesty's six doctors. It was stressed that the operation is not serious and had been foreseen by His Majesty's medical advisers 3½ months ago when the King's ailment was diagnosed as a circulatory obstruction in his legs.

The decision to operate did not result from any sudden worsening of the King's health, court correspondents were told. The bulletin said the monarch's general health is excellent.

The operation consists of making a smal incision in the right lumbar region—the loins—to cut the nerve controlling the blood supply to the foot. This results in a dilation of the blood channels and freer flow of blood. As much as possible of the nerve will be removed.

The degree of success of the operation depends on whether the undamaged collateral arteries which surround the main leg artery are able to take on the increased flow of blood.

Two-Day Examination

The Press Association's court correspondent wrote that the King had a two-day examination by specialists last Wednesday and Thursday. The operation was then decided upon. "The doctors concluded that the necessary conditions for a successful operation have been established as the result of the King's long rest."

The operation likely will take place in Buckingham Palace and will last half an hour. It is probable the King, who is 53, will be under anaesthesia during that time.

The King's ailment, disclosed last Nov. 23, is known as thrombo-angiitis obliterans. This produces a progressive tightening of the arteries due to inflammation inside.

In severe cases the legs lose their feeling and the patient is unable to walk.

Prime Minister To Visit Oshawa

OSHAWA, March 9 — Prime Minister St. Laurent is scheduled to address a convention of the Central Ontario Liberal Association here March 26, and local Liberals are hard at work oiling up party machinery in anticipation of an early election.

Loss of the traditionally Liberal riding of Ontario last June to the CCF was a heavy blow to party organizers. Only one of 15 constituencies bounded by Dufferin-Simcoe on the west and by Frontenac on the east is held by the Liberals. Ontario riding is the only one in Ontario having CCF representation in both Federal and Provincial Houses.

It is not known whether the Liberals will use the St. Laurent visit as the occasion for nomination of a candidate. It is considered certain that the man to be selected will be Lyman Gifford, East Whitby Township farmer, who ran second to Arthur Williams in June.

External Affairs Minister Pearson and Trade Minister Howe attacked Opposition Leader George Drew at a nomination meeting in Orono last Thursday when Durham Liberals selected John James, Bowmanville newspaperman, to oppose the sitting member, Charles Stevenson.

Hydro Station Fire

PARIS, March 9—(Reuters)—An all-night blaze caused considerable damage to outbuildings of France's largest Hydro-electric power station at Genissiat, near the Swiss border. Several fire brigades fought to save key installations. The station was completed last year at a cost of $30,000,000. A Lyons dispatch said the damage would not seriously affect French power reserves.

Thinks Lower Butter Price Foolish

Cutting Dairy Product Prices Like Reducing Industrial Wages

TORONTO, March 9 (CP)—John R. Ballantyne, president of the Ontario Cheese Producers Association said today housewives' demand for lower butter prices could be compared with a demand by the dairy industry for lower industrial wages.

Mr. Ballantyne told the Ontario Agricultural committee today that housewives had approved the recent one-cent a pound reduction in second-grade butter prices and had expressed the hope that they would be further reduced to a "decent level."

That would be the same as dairy farmers saying they looked to a five-cent reduction in hourly wages of urban workers and that they hoped they would take a further drop to a "decent level."

Returns from the cheese industry had never approached the level of urban wages, he said.

Canada last year had a contract with the United Kingdom for 50,000,000 pounds of cheese and had failed to fill it. This year Britain had asked for a 35,000,000-pound contract but Canadian farmers had guaranteed to provide 50,000,000 pounds if Britain would also sign a contract for Canadian eggs. Britain has agreed.

Cheese was "the balance wheel" of the dairy industry. If a "firm price" could be established for cheese, dairy prices would remain firm "all along the line."

C. H. Millard (CCF-York West) said consumers were being "rooked" in the sale of margarine. Packers had said they made as much as 11 cents a pound profit on butter, "much more than the farmer ever got." If Packers could make this profit on butter what profit must they be making on margarine which could be produced as cheaply as shortening?"

Favor Conference In London

LONDON, March 9—(CP).—A Commonwealth meeting with Prime Ministers or their deputies attending is hoped for towards the end of April and there is a feeling that London now is favored over Ottawa as a site, Government sources said today. Whether it will be a conference at the Prime Minister or Foreign Minister level still has to be decided. But because of the number of subjects to be discussed it is anticipated that the Prime Ministers of at least some of the Dominions will attend rather than leave the meeting to Foreign Ministers, as first proposed.

The final decision of the various Dominions on their representation will be made when special United Kingdom envoys visit them during the next few days with a suggested agenda.

There had been speculation that Foreign Minister delegates to the United Nations would go to Ottawa in April. But with the prospect of Prime Ministers attending, London now is looked on more favorably as a location.

A Government spokesman said April is considered the most suitable time for the gathering in view of prospective elections in the Dominions.

Has No Comment

He refused comment on a suggestion that a new Royal title, "King of the Commonwealth," will be among the matters reviewed.

"This sort of subject might be examined but we have no information," he added.

The proposed meeting would replace the conference of Commonwealth Foreign Ministers planned for Colombo, Ceylon, in May. This was cancelled last week.

Faced with questions raised by Communist advances in the Far East, the Indian decision to be "an independent republic" within a few months and continued difficulty over the dollar shortage in the sterling area, the meeting now is regarded as of "urgent importance" for Commonwealth members.

But all decisions must await the conclusion of consultations now under way with all the Commonwealth countries.

Present Petition For Vote On Havelock Liquor Store

HAVELOCK, March 9—(ENS).—A petition for a vote to be taken on the question of establishing a liquor store and brewer's warehouse in Havelock was presented to the Town Council Monday by Harold Kennedy. It was signed by 25 per cent. of the villagers eligible for voting in elections. The petitioners refused E. C. Pace permission to look at the petition and the clerk then described the correct procedure to be followed.

The petition is to be checked by the town clerk and then forwarded to the Liquor Control Board which sets a date for the vote to be taken. After the return of the petition to the clerk, in whose hand it must be for a month prior to the voting, both parties may appoint a leader to inspect the petition.

Mr. Race compared the village at the present time with the days when there were bar-rooms "Some of your fathers helped to bring this town into a dry territory and let us keep it that way," he said.

Reeve Leeson pointed out that if the petition was in order the council could take no other action than arrange for the vote.

Bernard Smith said he was shocked when he heard the disgusting news that a petition was being circulated for a liquor store. As one of the oldest business men of the village he had enjoyed living in a community where there was no liquor store. Those who signed the petition could not be interested in the building of youth, and he asked the Council to discourage a liquor store coming here.

Rev. F. R. Vanderburgh said he was irrevocably opposed to any extension of liquor outlets, on account of the youth, as a large percentage of those who start to drink become liquor addicts. Also because during his ministry he had answered many calls, sometimes in the middle of the night, for help in homes broken by the liquor habit.

Mutt 'n Jeff Bandits Strike Three Times

TORONTO, March 9 (CP). — Toronto's Mutt and Jeff bandits struck three times on Tuesday night. The six-footer and his pint-sized pal stole a $60 wrist watch from the Toronto Watch Hospital, $150 from storekeeper Abraham Wellinsky, and $50 from Holland Nicholls' rug store. All the stores are in the downtown area.

Police blame the two men for holding up five other small business establishments in the last week.

At the Watch Hospital, a small jewellery and repair shop, the thieves identified themselves to clerk Reg Boutwood. The tall man tried on a watch, then he pointed a nickel-plated revolver through his coat pocket and said: "We're the Mutt and Jeff boys, in case you don't know."

Spend More On Training

LONDON, March 9 (Reuters)—A sizeable increase in the amount Britain will spend on civil defence training and equipment during the coming year was shown in the government's civil estimates today. Equipment and materials, on which only £2,000 ($3000) was spent during the current year, will cost £254,000 in the next 12 months. The amount spent on training will be £472,360 against £64,260 for the present year.

'Quakes Rock San Francisco, No Bad Damage

SAN FRANCISCO, March 9—(AP)—A sharp earthquake jolted the central California coastal region twice early today. There were no immediate reports of injuries or extreme damage.

Windows and plaster were cracked in Hollister, about 100 miles southeast of San Francisco. The 4:28 a.m. (PST) quake apparently centred in the Hollister area.

In San Francisco rocks rolled off Telegraph Hill onto roofs below, burglar alarms went off and residents were shaken out of their sleep. Many alarmed residents recalled the great quake of 1906.

The jolt was felt south of San Francisco as far as Santa Cruz on the coast, north into Marin County and eastward in Oakland and cities as far as Sacramento, about 90 miles from the coast.

The quake knocked a needle off the seismograph at the University of Santa Clara. Rev. John A Webber, Santa Clara seismologist, said the first shock at 4:28.50 a.m. lasted 11 minutes on the record and apparently was centred in the Hollister region. He said there was a slight aftershock at 4:57.30 a.m.

One house in the San Francisco Mission district, reported a water pipe broken as the house wall swayed.

One woman, living beside precipitous Telegraph Hill, reported to police that prowlers were on her roof. Investigation showed the prowlers were rocks shaken loose from the hill.

Light fixtures at the telephone building in the centre of the town swayed back and forth six inches.

Mill Valley, in Marin county, north of the Golden Gate felt the shocks strongly, as did the East Bay cities of Richmond, Berkeley, Oakland and Alameda.

May Be In Minden

TORONTO, March 9 (CP). —City police Tuesday issued 1,500 circulars bearing a picture of Mary Elizabeth Walsh, 15-year-old Jarvis Collegiate school girl, missing from her home here since last Tuesday. Latest clue as to the girl's possible whereabouts came from Minden, where a grocery store owner said he believed he had served her Saturday evening.

Hundreds Left Homeless By Floods In 4 States

CHICAGO, March 9—(AP)—Flood waters left hundreds homeless in four states today.

A new flood threat developed in Montana, and surging waters from swollen streams spilled over thusands of acres of land in Nebraska, Iowa, Montana and Louisiana.

Minor floods were caused north of Sidney, Mont., after ice 30 to 40 inches deep blocked the Yellowstone river and sent water over its banks. Some residents expressed fear of widespread floods if the ice gorge backed up for 20 miles. Farmers and ranchers along the river were urged to leave their homes and remove their livestock.

In Southeastern Montana, the Tongue river was running bankfull and threatened to flood Miles City. The Missouri river is frozen from the mountains near Helena to the headwaters, and no immediate flood is threatening.

Many Nebraska communities battled the rising waters. At Beatrice, nearly 100 families were evacuated as the Big Blue river overflowed. Four of the eight schools in the city of 11,000 closed.

Other families fled their homes in Seward and the flood waters reached within two blocks of the business district of Crete, a college town of 3,000. Some roads were impassable because of mud and snow run-off and washed out bridges.

Threatened by backwaters of the Mississippi river's tributaries in Eastern Louisiana, 245 families have been evacuated.

Water from ice-jammed tributaries of the Missouri covered thousands of acres of Iowa lowlands. Many families fled their homes.

Car Upsets In Ditch, Pal 19 Hurt

Steal Car, Pay Phone Near Newmarket, Try To Elude Police

NEWMARKET, March 9—(CP)—Norman Edwards, 18, of Newmarket was killed and his companion, Donald Douglas, 19, of Guelph, seriously injured today when their automobile crashed after an 80-mile-an-hour police chase through Newmarket streets and the surrounding district.

Douglas is in Newmarket under police guard. His condition is described as serious but his injuries were not made known.

A third man, also believed involved in the crash, was sought by police after they followed blood tracks for several yards from the scene of the accident.

Police said the youths were seen trying to break into a telephone booth but when approached they jumped into a car. Police pursued for some time but lost the car.

Hears Cries

Later, Robert Carson, Glenhill school master, heard cries for help and found the auto overturned in a ditch. The car was so badly wrecked police had to pry open the doors to remove the body.

The car failed to make a steep turn in the road and crashed down an embankment. Police say the youths spree began when an automobile was stolen Sunday. Later a new car, belonging to Rev. M. C. Young of Beaverton, was taken.

Officers said a stolen pay phone was found in the back seat of the wrecked car.

Warkworth Man Killed In Mine

KIRKLAND LAKE, March 9—(CP)—Elwood Skinkle of Warkworth was instantly killed underground Tuesday night at the Kerr Addison mine 20 miles east of here. According to an informant at the mine, the 23-year-old mucker was crushed by an ore car which became derailed shortly before midnight.

The body will be taken to Warkworth for burial. A brother, Lorne, is said to be employed at the same mine.

Hall Says War Threat Studied By Union Men

MONTREAL, March 9.—(CP).—The Trades and Labor Congress' threat of jurisdictional warfare with the American Federation of Labor in Canada will be considered in a day or two by the Association of International Union Representatives, Frank Hall, rail union head, said today.

Mr. Hall who heads AFL-affiliated Rail Brotherhoods in Canada, said Tuesday's action by the TLC will be one of the items on the agenda of the association he formed several months ago as an "anti-Communist bloc."

Mr. Hall, who has tried to clean Reds out of the TLC, described the Congress executive's action as "hysterical and irresponsible," and hinted that it was exploiting national sentiments and narrow antagonisms to destroy the international unions.

Police Smash Plot To Provoke Riots

BOMBAY, March 9—(Reuters)—Police early today raided the "sweepers colony" in the heart of Bombay and arrested a dozen persons who they alleged, were about to issue instructions in a plot to provoke police to open fire on workers.

Those arrested included a professor of a local college and two officials of the Communist-led Textile Workers' Union. The police also seized large quantities of leaflets calling upon workers to come out of the factories and workshops.

Police claimed to have smashed the plot which, they said, was to seize rifles from the hands of armed police near a factory or workshop and provoke the police to open fire on the workers who would crowd around.

Expect Three Non-Confidence Votes In House

OTTAWA, March 9 — (CP) — Parliament likely will get the chance this afternoon to vote on whether or not it has 'confidence" in the government—the vote deciding whether the government is to stand or fall.

From all visible indications, the government will stand.

The vote of non-confidence—one of a number of traditional poll-countings at this stage of the session—will come on a CCF amendment to the address in reply to the speech from the throne.

The CCF amendment will declare that the government has failed in social security measures and a number of other measures.

Still to come is a vote on another non-confidence motion proposed by the Porgressive Conservative party.

After that one has been disposed of—or possibly before that—it is expected another non-confidence motion will be put forward by the Social Credit party.

External Affairs Minister Pearson said he would make an announcement in the next day or so on whether the government is negotiating with the United States on a new extradition treaty.

Not Decided

Prime Minister St. Laurent said the government has not yet decided whether or not it will propose amendments to the Annuities Act at this session.

Harry Jackman (PC-Toronto Rosedale) suggested a contributory national retirement plan to give Canadians security in their old age.

Mr. Jackman declared contributions should be tax-free but should be taxable when the contributor began drawing upon the savings as an annuity after retirement.

A Quebec Liberal — Leonard Tremblay of Dorchester—attacked the Progressive Conservatives and accused them of indulging in a "burlesque" in conflicting stands on the North Atlantic Pact.

Mr. Tremblay said it would be to Canada's "everlasting credit" that the idea was first broached by the man who now was the Liberal prime minister of Canada.

R. J. Henderson (PC-Lambton-Kent) objected to the new income tax forms for farmers, declaring the farmers were honest and willing to pay thir taxes but the forms were beyond their comprehension.

AWAIT SPRING BREAK-UP—Logging men use the many waterways flowing through the pulp wood regions of Canada to get their logs from the forest to the mills. The trees are felled, cut into four foot lengths, and hauled onto the ice of the nearest river to await spring thaws. This photo by Malak of Ottawa shows the logs piled on the ice of Rapid Lake near Forbes Depot, 180 miles north of Ottawa. When the ice breaks up the logs will be carried to the paper mills on the Ottawa River.

150 Pigs Die In Fire As Big Barn Razed

BRANTFORD, March 9—Damage amounted to $25,000 when fire destroyed a big barn on the farm of N. O. Hipel, former MPP for South Waterloo, near Glen Morris.

Lost in the blaze were 150 pigs, fine Yorkshires, in which the farm, "Spottiwood," has been specializing for some time. About 85 pigs were saved and these were taken to market for sale Tuesday afternoon, as no accommodation for their keeping could be found immediately. Lost with the pigs were a horse and cow, a big quantity of feed and some equipment.

Cause of last night's blaze has not yet been determined. It was discovered by Mrs. Roy Sholer, one of the tenants on the farm. The whinnying of the horse in the barn had attracted her attention. Mr. Sholer, Ed. Paulizski and R. Miesel, also tenants on the farm, could do nothing to stop the spread of the flames, but they managed to get the 85 pigs out.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

Use Microscope To Reveal Facts

The other day, your J-M reporter found out why asbestos makes the difference in Built-Up Roofing. With the aid of the microscope, a Johns-Manville roofing expert pointed out that asbestos fibres were not tubular, but solid! This prevents any capillary action within the fibre—makes it impossible for the fibre to act as a wick through which the sun can draw off the asphalt so essential in keeping a roof waterproof.

This is but one feature of Johns-Manville Asbestos Built-Up Roofing. In addition, it is fireproof, rotproof and will stand weather's worst. You can get the complete facts from an interesting booklet, "Things You Should Know About Your Roof." For your free copy, write on your company letterhead to Canadian Johns-Manville, 199 Bay St., Toronto, or see your nearest J-M roofing contractor.

Taxi Driver Is Bailed For Trial

A description of a street accident which resulted in the death of Mrs. Alice Waldron, who lived with her son, Stanley T. Waldron at 735 Young St. was heard in city police court today. Mrs. Waldon was knocked down by a taxi cab January 19 at the corner of Lock St. and Braidwood Ave. and died later at St. Joseph's Hospital.

Murray Hill, driver of the cab, faces a charge of reckless driving and today elected trial by Judge and jury and was later committed for trial. Bail of $2,000 was granted.

At the preliminary hearing before Magistrate W. R. Philp K.C., Constable J. F. Morrow described how when he arrived at the scene of the accident, Mrs. Waldon was lying in a ditch. Both legs were broken, there was blood around her head and she seemed to be in great agony.

Mrs. Kathleen Gilbert of River Road, who saw the accident, described how Mrs. Waldon had been crossing the street to catch the 6.30 a.m. bus when the taxi knocked her into the ditch.

Mrs. Gilbert, who was herself waiting for a bus to take her to work, said she usually saw Mrs. Waldon at the corner in the mornings. She knew her by sight only.

On the morning of the accident, she saw Mrs. Waldon come from Braidwood Ave.—walking in the roadway—to Lock St. and walk east across the road. When Mrs. Waldon was in the middle of the road she turned around to say hello and was as she turned back to continue across the road that the cab struck her.

Mrs. Gilbert told Crown Attorney John Bradshaw the taxi was travelling at "a pretty good speed." Later, in cross-examination, she told T. J. Carley, KC, counsel for the defence, that she had never driven and "knew nothing about speed." She said after the cab had hit Mrs. Waldron it jacknifed in front of the next house. Then she saw Mrs. Waldron lying in the ditch on the west side of the road.

Mr Carley maintained that although there had been evidence to show the woman was knocked down, there had been nothing to show there was reckless driving. The nearest approach to it was Mrs. Gilbert's remark about the speed of the car, but she had also said she knew nothing about speed.

Mr. Bradshaw maintained that there was ample evidence to suggest reckless driving from Mrs. Gilbert's evidence that there were no marks on the road to indicate that brakes had been used before the impact and the distance Mrs. Waldron was thrown.

Douro Man Fined $10 Reckless Driving Count

Denying charges of reckless driving when his car was involved in a collision on Hunter St. early last month, Patrick Ryan, Douro, was convicted and fined $10 with $6.75 costs at city police court today.

Ryan told Magistrate W. R. Philp, KC, that he was driving a 1927 car along Hunter St. during a snow storm. He was going to turn into Sheridan St. and had pulled across the centre of the road before he saw the glare of an oncoming car, knowing he could not make the turn he steered away from the middle of the road but the car did not respond and there was a collision.

Herbert Mullens, who was driving the oncoming car, said he had pulled his car to a halt before the collision. He said Ryan had offered to pay for damages to his car. Although Ryan had been drinking, Mullen did not consider he was drunk. Constable Sherman Keile said Ryan was in no condition to be driving.

W. J. A. Fair, defence counsel, claimed that Ryan had used reasonable judgment under the circumstances and it was more a question of misjudgment than recklessness or negligence.

J. C. Haggerty, Havelock, was fined $17.50 for driving without adequate brakes and Francis Brough, Havelock, was fined $5.50 for driving with inadequate lighting on his car.

MRS. LOUIS FRY

Mrs. Eva Robena Fry of Bailieboro died on Tuesday in hospital following a short illness. She was born in South Monaghan, daughter of the late William and Mary Jewison, and has lived a lifetime in the district. Her husband, Louis Fry, and a daughter Helen both predeceased her 10 years ago.

She leaves one son Norman, and two brothers, Jeffery and Fred, all of Bailieboro. She was a member of Bailieboro United Church and its Women's Auxiliary and the Women's Institute.

Funeral service will be held on Thursday at 2 p.m. at the Comstock Funeral Home. Rev. Bernard Haywood will officiate and burial will be at Bailieboro Union Cemetery.

JOHN DONNELLY WITHERS

John Donnelly Withers, 59, of 547 Douglas Ave., died today following a sudden illness. He was born in Glasgow, son of the late James Withers and Mary Donnelly and before coming to the city 12 years ago, lived in Sherbrooke, P. Q.

He leaves his wife, the former Isobel Brown, and two sons James Pender and Wesley Conboy Withers, all of Peterborough. There is one brother, William, in Toronto.

Mr. Withers was employed at the Canadian General Electric Company and was a member of St. Paul's Presbyterian Church. He was a veteran of the First World War during which time he was attached to the RCAMC for four years. He was a member of the Canadian Legion, Branch 52, BESL.

Funeral service will be held on Friday at the Nisbett Funeral Home at 2:30 p.m. The Rev. C. G. Boyd will officiate and burial will be in Little Lake Cemetery.

MRS. GEORGE EDWARD ROGERS

Mrs. George Edward Rogers, 56, of 280 Lansdowne St., died in Toronto on Tuesday following a lengthy illness. She was born in Tweed, Mary Ethel, daughter of Mrs. Mary Jane Thompson and the late Arthur Thompson. Before coming to the city, 35 years ago, she lived in Norwood.

Besides her husband she leaves one son, Leslie, a sister Mrs. H. Colmer (Lottie) and a brother William, all of Peterborough. Another sister, Mrs. D. Perdue (Gertrude) resides in Toronto. She was a member of St. James' United Church.

Funeral service will be held at the Comstock Funeral Home on Thursday at 3:30 p.m. The Rev. F. W. Craik will officiate and burial will be at Little Lake Cemetery.

TRASH CAN ON FIRE

Some anonymous passer-by decided to start early on the annual "Clean Up" campaign. He tossed a lighted match into a trash can on Park St., near King Edward School, and firemen had to extinguish the resulting blaze shortly before midnight. A hand pump was sufficient for the job. Local residents are reportedly tired of seeing wrapping papers from Toronto newspapers blow about the vicinity and hint at further clean-ups" if the situation is not rectified.

CAN CHANGE SEX

The shrimp can change its sex, and some have been found to be self-fertilizing.

Vote Recount Shows Change

TORONTO, March 9 — (CP)— A recount of votes cast last June in the Toronto-St. George constituency gives Education Minister Porter a plurality of 2,711 votes—2,053 votes less than indicated in the form filed by the returning officer.

The recount, conducted by Judge A. J. Gordon of Essex County, was reported Tuesday to the Ontario Legislature Committee on Privileges and Elections. The committee was set up to investigate CCF charges of irregularities in the election. The charges are that the returning officer listed more votes for Mr. Porter than were reported to him from deputy returning officers in the various polling places in the constituency.

Judge Gordon said in his report there was no evidence of any irregularity on the part of the deputies or clerks. The recount confirms an investigation made last January by Major Alex. Lewis, clerk of the legislature and chief returning officer.

Million Damage In Edmonton Fire

EDMONTON, March 9—(CP)—Fire of undetermined origin broke out early today in the Revillon Building in Edmonton's downtown industrial section. Damage was estimated unofficially at more than $1,000,000.

The building houses a wholesale dry goods firm and other smaller wholesale offices.

The stubborn blaze started on the fourth floor. It was still out of control at 11:30 a.m. EST, but firemen reported they were gaining the upper hand.

Despite use of all Edmonton's fire-fighting equipment, flames spread to the fifth and sixth floors.

Base Metals Down In Light Trading

TORONTO, March 9 (CP). — Base metals dipped in light trading here to-day following news of a two-cent-a-pound cut in the price of lead by major United States producers. Golds weakened from recent advances and industrials and Western oils mixed gains and losses on a slightly weaker tone.

Volume for the first three hours was 386,000 shares, about 120,000 shares less than yesterday's similar period.

The base metals list dipped sharply at the opening, but then slowed down towards noon and began a slight recovery movement.

Golds slipped from recent advances that had pulled the group up to the best levels in two weeks. Seniors were down fractions and losses ranged up to 10 cents in junior producers. Speculatives were largely ignored.

Industrials were in a two-way movement with several issues showing losses ranging up to $1. Most of the gains were small. Papers were easier and McColl Oil led a weaker refining oils list.

Plan To Arbitrate Canning Crop Price

HAMILTON, March 9—(CP)—Possibility of arbitration to decide prices for 1949 canning crops was indicated Tuesday at a meeting of representatives of the Ontario Growers' and Ontario Canners' Associations. The growers said they were faced with 15 per cent additional expense due to the increased cost of labor, fertilizer and field spray. The canners said consumers won't pay higher prices.

Opposition Says Frost Surplus Much Too Low

TORONTO, March 9 (CP) — The Ontario Legislature hopes to complete budget debate Thursday and will sit Thursday night if necessary to wind up this phase of its sessional business.

Premier Kennedy has indicated that he would like to see the session finished before the end of March. A farmer himself, he knows that, if signs pointing to an early spring are borne out, farmer-legislators soon will be impatient to rise from their parliamentary benches and get out on the land.

The House turns to-day to considering estimates, probably those of the Agriculture Department.

Opposition Party spokesmen at Tuesday's afternoon and night sittings criticized the budget brought in last week by Provincial Treasurer Frost. Party viewpoints were expressed by Leslie Wismer, Toronto Riverdale, for the CCF, by J. G. Brown of Waterloo North for the Liberals, and by A. A. MacLeod of Toronto Bellwoods for the Labor-Progressive Party.

All three Opposition speakers claimed that the $1,132,000 surplus reported by Mr. Frost for 1948 should have been higher.

"Concealed Surplus"

Mr. Wismer charged that Mr. Frost's budget "concealed" a $20,000,000 surplus for 1948 to avoid the embarrassment of reporting a large surplus. The 1947 surplus was $25,000,000.

Mr. Wismer said that to the $1,132,000 the government should have added such expenditures as $10,000,000 paid into the sinking fund, $1,500,000 advanced to operators engaged in salvage activities in the Mississagi fire area, which will be paid back in full; and an $8,298,000 highways expenditure in excess of estimates.

"I cannot urge too strongly upon the government the serious error it is making in failing to get authority for expenditures from this House before they are made," he said.

Too Old-Fashioned

Mr. Brown, a chartered accountant, declared the province's bookkeeping system "a throwback to the horse and buggy days" and he accused Mr. Frost of inconsistency. He said that when a $25,000,000 surplus was reported a year ago, debt retirement, not shown, was $14,000,000 so that the surplus was actually $11,000,000. This year, however, the government had shown the debt retirement item by putting $10,000,000 into a sinking fund.

Mr. Brown said that Ontario's failure to sign a Dominion-provincial tax agreement cost the province $14,000,000 in 1948 and 1949.

It was to the "shame of the government that the people of the province had been deprived of this amount for the past two years through the Ontario government's stubborness."

He "pleaded" with the government to go now to Ottawa "with hat in hand and on bended knee" seeking a tax agreement. If they did not do this now, in a few years — perhaps a matter of months — the government would have to go "crawling on their stomachs."

Mr. Brown said the Ontario government demanded precise auditing of municipal accounts and did make its own accounts conform to the same standard.

Compares Responsibility

The Dominion government's public accounts were audited by the auditor-general who was responsible only to the House of Common. The Ontario auditor was responsible only to the provincial treasurer and did not submit an audit.

Mr. MacLeod dubbed Mr. Frost "the sorcerer's apprentice" and said the provincial treasurer reminded him of the rich recluses who in life appear poverty-stricken while having vast sums of money stored under mattresses, in the cookie jar and in other strange place. He claimed that Mr. Frost had underestimated the year's ordinary revenue by more than $28,000,000.

"The more of his budget I study the more impressed I become with the utter unreality of what purports to be a summary of the government's financial position," Mr. MacLod added.

Education Minister Porter denied that the work of his department had been harmed by delay of the Royal Commission on Education in submitting its report. The commission was appointed in 1945 and it has been announced that its report may be ready next June.

ers that Russia, if she were ever so tempted, would not dare to attack any of them.

The text of the proposed treaty is expected to be made public in about a week, before it is signed. Officials now believe it will be signed by the end of the month.

While the treaty text is still secret and all negotiatons have been conducted behind closed doors, the essential points are known. These include:

1. The obligation that each of the countries signing the treaty will consider an armed attack on any one of them as an attack against all of them.

2. In such an emergency, each country will be committed to resist the aggression both on its own and collectively with the others, taking immediately such action, including use of armed force, as it may consider necessary.

3. A pledge to join in mutual aid program, the purpose of which will be to strengthen the total military power of all the countries in the alliance in order, officials say, to reduce the danger of an attack.

4. The creation of consultative machinery, including a virtual military high command to coordinate the defences of the area ahead of tme agianst the danger of any attack.

The draft of the treaty is understood to reaffirm the obligations of all members to maintain and uphold peace in accordance with the United Nations charter.

Purchase Of Cobourg Property Results In Fraud Charges

COBOURG, March 9—(ENS)—An elaborate and intricate real estate build-up by Peter Walker of Toronto, was described in court here when Walker appeared on three false pretense charges, one of obtaining $50 from David Carr, local realtor; $60 from Roy Caine, Cobourg contractor and $300 from A. F. Peasley, estate manager of "Ravensworth." He was remanded until Monday for sentence, after he pleaded guilty and some of the Crown evidence was heard.

James Sands of Toronto, formerly of Glasgow, told the court that he was a brother-in-law of the accused. He said that Walker had lived in Glasgow until 1936 and left to go to Canada, staying in this country until 1946. Since then he has returned to Scotland several times.

Buying Property

Dave Carr testified that Walker came to see him about buying some property in Cobourg and was shown the Roy Caine planing mill and he also enquired about the Ravensworth property, (Hickman summer home) a short distance east of the town. After seeing the Caine planing mill he offered $20,000. Caine wanted $25,000 and they settled for $22,000. An agreement for sale was drawn up to be finally paid by January 3. The negotiations took place early in December of last year. Walker offered $45,000 for the Ravensworth property and the offer was communicated to the owners in Louisville, Kentucky. The owners came up to Canada to close the deal.

Gave Financial Proof

"I asked Walker for financial proof and he showed me a bank book on the Union Bank of Scotland, Renfrew, for fifty-five thousand pounds. His lawyer would look after the business details of the transaction, he told me. He said that he came here three months ago. His wife and child were living in New York and she was in poor health and was going south for the winter. He said he wanted to fix up Ravensworth for her return. He got me to secure engineers, figures on heating and also on painting. I cashed his cheque for $50 on a bank here and he said that he was having funds transferred to that bank from New York. When I presented the cheque there were no funds," testified Carr. Witness added that when he got after him about the cheque, he was given another one for $52 which he cashed at the bank. The two dollars extra said witness with a grin, was for an additional two dollars which Walker borrowed. When the bank cashed the cheque this time, his suspicions were lulled.

"He told me that he was going to New York to close the deal for Ravensworth and that when he came back he was going to close the Caine deal. He never came back," testified Carr.

Roy Caine said that on the strength of his negotiations with Walker and the latter's statement that he had some money being transferred to him, he lent him $60 on December 4. He received an IOU in return.

A. F. Peasley, manager of the Ravensworth estate, told how he parted with $300 to Walker. The owners of the estate, Mrs. Blakely and Mrs. Rhodes came up from Louisville to close the deal. Walker was at Ravensworth nearly every day for a considerable time.

Felt Sorry For Him

"He asked me if I would carry on as caretaker until January 15 and that after that date he would pay me $150 a month and let me hire all the help I needed. He said he would be back on January 3. On December 24 I drove him to his train and he said he was going to fly from Toronto to New York. He said that his wife had sent him a cheque for $1,000 from New York but due to exchange routine it would have to go to Ottawa to be signed and could not be cashed here. I felt sorry for him and offered him $200 but he said he would have to have $300 to get by on until he got to New York so I gave him the $300 and took an IOU in return. That was the last I saw of him," Mr. Peasley related.

Provincial Constable Don Nicol then took up the story. Walker was arrested in Toronto on Feb. 21 and at the time of his arrest he was employed on Gould Street with a company representing several English engineering firms in Canada. He was about to become one of the partners and was to put £3,000 in the business. The money didn't come, but the head of the firm, on the strength of Walker's premises, took orders which he could not fill. Walker had been staying at the Selby Hotel, but was put out because one of his cheques bounced. Walker owed $30, and his clothing was held, but his boss put up the money to release them. In Walker's wallet was a National Registration card and the LCB notations on the back of it showed that he had not been out of Canada during the war years. He was married to a Toronto girl who now is supporting herself and child. She had never lived in New York, the constable said.

"I didn't intend to keep the money. I intended to pay them back or else I wouldn't have gone to Toronto where I could be picked up," interjected Walker.

Had Business Appointment

Recalled, David Carr said that he went to Toronto in January to find him. He had received a phone call earlier from him to make an appointment in Toronto and he learned the call had come from the YMCA. He went to the Royal York where the appointment was to have been, but was called to the phone there and told by Walker that he had a business appointment elsewhere. Carr told him that there was a warrant out for Walker's arrest, and Walker said to give him three days and that he was staying at the Selby Hotel.

"I checked it and found he was not there. I also wrote his bank in Scotland and they said he was not known to them," said Carr.

"I intended to pay the money back. I told some lies, but I didn't intend to defraud anybody. I can pay it back. I am with a firm of five men up in Toronto. I put $700 in it, and it will go broke as I am the only one who can run the finances of it," Walker said.

"He borrowed the money from the employees," commented Crown Attorney Harry Deyman.

"What happened to the Ravensworth deal?" Magistrate R. B. Baxter asked.

"The monies haven't come through yet," he replied. "Where are they?" asked the magistrate.

"They are tied up in London," replied Walker.

"Remanded for sentence until March 14," said the magistrate.

Grant Is Made Music Festival

CAMPBELLFORD, March 9—(ENS)—Council granted the Northumberland Music Festival $10 and the Salvation Army $50 at the monthly meeting this week. No action was taken on requests for donations from the local Canadian Red Cross Society, the Prisoners' Rehabilitation Society and the Canadian Welfare Council.

J. Meier volunteered, without cost to the town, to use his trucks and equipment to improve the grounds surrounding the cenotaph. Council agreed to accept Mr. Meier's offer, providing the Department of Transport would grant permission as the cenotaph is on government property.

Action Approved

The action of the property committee in leasing A. J. Meyer's building for 10 years at $80 a month for the town offices was ratified by Council. A. Burgis' offer to purchase town property at the rear of Davidson's Arena for $300 was not accepted.

On the presentation of a list of lots subject to a tax sale by J. Birmingham, tax collector, Council voted to proceed with the sale.

The property committee was instructed to ask J. E. Ayrhart to appear at the next meeting of Council to explain his intentions regarding the lot on Front St.

H. Nicholas' bill of $592.82 for installing cupboards in the town offices was disputed by Council. Several councillors, including the Mayor, thought the price was exhorbitant and asked Mr. Nicholas to accept a lower fee. It was finally settled for $545.

No action was taken on a local drover's request for leasing of town property near the weigh scales. It was decided that the position of garbage collector would be let by tender. The curfew law, whereby children under fourteen must be off the streets by 9:30 p.m., will be enforced.

The Blue Water Highway is Number 21 starting just east of Sarnia. It parallels Lake Huron's shore, north 150 lovely miles to the Bruce Peninsula, Owen Sound and the Georgian Bay district. Every type of accommodation and vacation fun can be found on the way. There are resorts, cabins, hotels, camping grounds—you can rent a boat or take a cruise, swim at sandy beaches, fish the lake or inland streams—and enjoy the varied scenery. From Owen Sound take Highway 26 for Barrie—10 for Hamilton and 6 for Guelph. Write the Blue Water Highway Association, Sarnia, Ont., for holiday plan details.

Fire Damages Cobourg Shop

COBOURG, March 9—(ENS)—L. J. Bishop of the Fire Marshal's department opened an investigation Tuesday afternoon into the fire which broke out early in the morning in the basement of Malcolm Bird's taxi and tire shop. Firemen fought a blaze for several hours which had worked its way under the floor and up one corner of the wall. While the damage by the fire was slight, a great deal of damage by water and smoke was occasioned. A bowling alley, butcher shop and men's clothing store had to remain closed yesterday because of smoke damage. The occupant of the shop left Monday night, apparently for Belleville, on the late bus and the fire alarm was turned in at 2:30 next morning. Mr. Bird's whereabouts were not known yesterday.

Let Us Not Jump To Conclusions

In spite of wild guesses and ingenious theories nobody outside a small group of men in the Kremlin really knows what the replacement of Mr. Molotov with Mr. Vishinsky as foreign minister of the U.S.S.R. will mean in terms of Russian policy. When news of the change became public last Friday a number of commentators contorted themselves painfully in attempts to explain its significance. A few newspapers declared that Mr. Molotov had been "fired" and was out of favour with Stalin—a foolish conclusion in the light of the few facts available. Since that time the picture has become a little clearer; it appears that Mr. Molotov will now give all his time to his duties as Deputy Premier, and this is not surprising, for rumours about the ill-health of Marshal Stalin have persisted for two years. And Mr. Vishinsky, as foreign minister, will continue to be what he has been for so long—the eloquent spokesman of Russian policy, but without any discernible influence in the shaping of that policy. If we are to join the ranks of the guessers, let us guess that Stalin's days are numbered, and that Molotov is getting used to the job of ruling Russia.

* * *

It has been suggested also that as Mr. Molotov is of a hard and intransigent nature, and promoted a hard and intransigent Russian policy, Mr. Vishinsky may be the proponent of a more compliant policy, because he himself is of a more winning nature than Mr. Molotov. We feel that this also is mere guesswork, for although Mr. Vishinsky can be pleasant when the occasion demands, he can also be as hard as nails when needful. He is an accomplished actor and a practised advocate, and he can be agreeable, indignant, pitiful and malicious—all in the course of an afternoon, as the opportunity occurs. And from his conduct at U.N. meetings it is also clear that he does exactly what he is told; when orders are lacking his silence is impenetrable. Very likely Mr. Vishinsky will continue to do as he is told, and it is quite probable that the man who tells him what to do will be Mr. Molotov.

* * *

We cannot expect to foresee what Russia will do. We can only decide what we of the western democracies will do. And our best plan is to continue our work on the Atlantic Pact. If Russia wishes to be peaceful she has nothing to fear from such a pact, and if Russia wants to go on being provocative the pact can mean much to us.

What The Japs Don't Know

American occupation forces in Japan recently confiscated large stocks of whisky which were being sold in bottles with labels imitated from famous American brands; there were a few which were so false that they would not deceive anyone, except possibly a thirsty Japanese; one label bore the extraordinary claim "Famous Since 1484".

The Japanese are admirable workmen in their own special lines. There are manufacturing jobs which they do better than any other race in the world. But they are persistent imitators, and they have an amusing faith in their ability to imitate foreign goods about which they know very little. Presumably these imitation whiskies are made of neutral spirit, coloured and flavoured with something resembling gravy colouring. A Scot, or a Canadian or an American, would certainly not recognize the result as even a bad imitation of whisky.

The aging of whisky is what gives its distinctive flavour. New whisky is as colourless as water; it is aged in oak casks which have been used to transport sherry, and which have sometimes been slightly charred inside. These casks give the liquor its colour, and the fact that a wooden cask "breathes" assists in the maturing of the spirit. Good whiskies age for several years—ten years in the case of some types—before they are bottled for sale. Contrary to a popular belief, whisky alters and improves very little after it has been bottled.

The Japs might have found that out before they attempted to counterfeit whisky, but they are a race of incurable optimists. Also, they have a persistent delusion that the people of all other races are foolish.

Air Pollution In Peterborough

The Governments of Canada and the United States have agreed on terms of reference to the International Joint Commission requesting it to investigate complaints of air pollution along the international boundary in the area of Windsor and Detroit. It seems that not only factories discharge smoke and soot into the air above the two cities. Vessels passing through the Detroit River are said to be dirty agents. Peterborough's air is also polluted though happily not as much as Windsor's. Although we do not need to air the matter before an international commission, it should be aired somewhere—in the Council for instance.

The evidence of the pollution is seen on snow a week or more old. It is on verandahs and window sills. It is on Monday's washing. Perhaps it is a penalty we pay for growing larger and being primarily an industrial city. However, it has not been proved that factories are the chief culprits. Factory managers try to operate their plants economically, and heat and power that is going up in thick smoke is uneconomical operation. Further, most factories have tall chimneys. More imperfect combustion which lays soot low over the city is generally brought on by amateurs who keep the home fires burning than by firemen tending industrial furnaces. From our own observation we find that churches, schools, other public buildings and railway engines, are major culprits. Visual proof that churches are not entirely blessings is given on winter Saturday afternoons when church furnaces are being stoked for Sunday. The schools likewise pour out filth. The other day we noticed a freight train standing at the station. Its engine was belching a column of thick, black smoke a hundred and fifty feet into the air. It is a pity that a freight engine cannot stoke up enough courage for a country run in some other place than the centre of the city. Sometimes the smoke from a locomotive is so heavy that an area three blocks square is obscured by it.

A year ago Toronto took municipal action against the menace of smoke through a new smoke-control law. We have no such regulations in Peterborough. There is sufficient pollution of the air over the city to warrant at least a Council discussion of the matter.

Advertising On License Plates

Of the forty-eight states in the U.S.A., thirty-five use automobile license plates which are simple identifications; the other thirteen advertise themselves on their plates, and the Milwaukee *Journal* recently protested against this custom, and particularly urged the State of Wisconsin to stop advertising itself as "America's Dairyland" in this way. Wyoming adorns its plate with a picture of a cowboy on horseback; Vermont says "Green Mountains"; Florida proclaims itself "Sunshine State"; New Mexico grandly asserts that it is "The Land of Enchantment" and Arkansas says it is "Opportunity Land". The other seven make claims of various kinds on their plates.

We do not do this in Canada, and upon the whole we are glad of it. However great our pride in our provinces, we should not compel motorists to become travelling advertisements for them. If any alteration is made in our license plates we hope that it will be a change to a permanent, fixed plate, with a slip which can be changed from year to year. The arguments in favour of such a plan are many, and not the least of these is the saving of labour and material which it would bring about.

Signs Of Spring

Spring comes to Canada officially on March 21st. Actually in most parts it comes a month later. However, this year some sort of equalizer has been at work. Victoria, where snow is reputed to be as rare as manna, has had a heavy winter, so roses are not yet blooming. Ontario has had a light one and already twigs seem to be burgeoning—in fancy at least. Sap is running in the Maritimes. Ice-breakers have come up the St. Lawrence as far as Montreal, reaching that port almost a month earlier than any date on record. The weather locally may still be described as "cold" and not merely cool, but a year ago Monday the thermometer dropped to seventeen below zero, and this week it has been well above zero and the sun radiant. We cannot honestly say that the grass hereabout is showing new green, as it is in Vancouver, nor that tulips are up and in bud, as they are in Victoria. But we have hope, after such a light winter, that spring is on the way.

CANADIAN CAUSERIE

To Plan Or Not To Plan

By GEOFFREY VIVIEN

FOR the last ten minutes I have been watching our cat licking itself. This has made me wonder how far animals are methodical, and therefore how far it is natural for the human race to be methodical too. Five minutes ago the cat—whose name, by the way, is George Wifflewit, one of the Elgin Street Wifflewits—was dealing with his left ear; he then went on to his tail, gave his right front leg a quick work over, and is now suddenly back at his left ear. I inform him that he has done this ear already and should be working on the right one. He eyes me with the contempt that belongs only to cats and sixth generation Torontonians and walks away. Who was wrong? Was he following a carefully-planned routine: Monday—left ear—tail—tummy; Tuesday—right ear—back legs—chest; and so on? Or is the very notion of method foreign to animals?

❖ ❖ ❖

AS an unmethodical person I like to think it is against nature to work to schedules, and I am always pleased when I find people of distinction who share this view. Among writers there are plenty. They include Canada's foremost story-teller, Mazo de la Roche, who explained to Eva-Lis Wuorio in a recent article in Maclean's: "I never have a cut-and-dried plan. I feel my way through the story, continually turning aside and changing the original idea as my characters urge me". A story-teller of a very different sort, James Joyce, let wayward inspiration guide him in much the same way in the creation of his famous "Ulysses". Sometimes, he said, he was working on no less than five different parts of the book simultaneously. Somerset Maugham is another writer who was not afraid of letting inspiration have its head. "I had always half a dozen in my head" he writes in one of his prefaces; and adds "I am an improviser, hit or miss. The elaborator gets nearer perfection, but the improviser perhaps has a greater spontaneity."

❖ ❖ ❖

THAT, I suppose, is at the bottom of our reluctance to be systematic; we're afraid that our inspirations will get systematised out. A glance at some of the best things in our literature should dispel this fear. For example the opening lines of Keats poem "Hyperion". Here the many changes that the poet made have been preserved and if you want to see inspiration at work study the passage in Cecil Day Lewis' book "The Poetic Image". (pag 76) where he analyses the thoughts that led Keats to make the changes. A full-scale effort to watch inspiration on the job has been made by the University of Buffalo. Here in the Lockwood Memorial library are 10,000 printed books, 350 files of magazines, 3,000 sets of worksheets and 2,500 letters, all illustrating the process by which poems grow. Some thoughts on this collection and its usefulness were gathered together recently in a book called "Poets at Work". The four essays which compose the main part of the book (by Rudolf Arnheim, W. H. Auden, Karl Shapiro, and Donald Stauffer) should dispel the idea that modern poets are slapdash fellows who put down the first word that comes into their heads. One of the poems quoted went through no less than eighty-one revisions!

❖ ❖ ❖

THAT brings us around to the systematic workers. Such a writer, for example, as A. E. Mason, who used to write six chapters at a time; no more, no less. He would then stop; go over these chapters and revise them where necessary, and so on the next six. Another novelist who managed to work to a schedule was Edith Wharton. All her thirty novels were written before eleven in the morning. After that time there were the affairs of the day to attend to. How distinguished to slip into literary fame on one's efforts before coffeetime!

❖ ❖ ❖

THAT seems to be all that I have in the way of saws and instances on the subject of method. . . . . I chew the end of my pencil, uncomfortably aware that this piece is a hundred or two words short. If only I had thought it out a bit more systematically! Now what to do? Help comes from an unexpected quarter. George Wifflewit enters. "Ah, George" I say quickly " how nice to see you. Now tell me, what are your views on method?" He eyes me gravely and sits on the chair opposite. "You are stuck", he seems to say "and you want me to save you Why should I? You have no one but yourself to blame. You lack discipline, control. Look to it." "But I will" I say eagerly, "I certainly will. Just tell me how to start." He does not answer for a moment. Then, closing his eyes, he rolls on his side and begins licking his tummy.

It's An Old Canadian Custom

In Toronto the Police Commission has been holding an inquiry into complaints of some Chinese businessmen of officiousness of police officers. It appears that constables whose business it is to put down illegal gambling had inspected without warrant the premises of some Chinese merchants, even in at least one case the living quarters above the store.

It is an old and seemingly inextinguishable tradition among police that the Chinese are inveterate gamblers, that a store or restaurant or laundry invariably is likely to be a "front" for a fantan game or an illegal lottery. At one time in Ottawa the Chinese colony was being raided frequently. It seemed to have become a sort of sport and The Journal protested that it amounted to persecution.

The fact is that the Chinese in Canada—and the records prove it—are among our most lawabiding residents. They are, in the main, sober, decent, hard working people, and they have made a very distinct contribution to our national life.

Nor have we ever seen anything to convince us that the Chinese gamble more than other people, or if they do that it is a menace to the community, but it is taking them a long time to live down a popular impression.

—Ottawa Journal.

Letters To The Editor

ASHBURNHAM 1884-1949

Sir: As I glanced through my favorite items Saturday evening in your paper, I came upon a very interesting item with this heading—O Tempora, O Mores, O Ashburnham. After reading it through I decided to reply to the author and give my version of the answer to his question at the end of his information—"So much for Ashburnham in 1884. How much for it now?" I have no doubt that my letter may be not too well worded and is mostly likely not very well informed as it is only one person's opinion and view point. I have been a resident of East City since my first birthday, in 1926. At that time I was on Armour Road. I recall the old Lundy residence on the corner of Burnham St., Maria St. on the south and to James St. on the north. I also recall hearing of Mr. Burnham and we all know Mr. Sullivan, one of the first merchant in East City, who recently sold out to a chain store. Today, Ashburnham may still boast of some assets. I will now attempt to name a few of the ones which I would see as I start eastward on Hunter St. bridge. As I walk east on the bridge I glance over my right shoulder and see on the south side of Hunter St. steps leading down to the Ashburnham bowl, where most of the city league softball games are held. I continue on down towards the river and see the Lions' play grounds and wading pool. Here there are swings, a slide for youngsters and a water slide. They also play basketball. There are dressing rooms to change clothes. In the winter the bowl is used for three skating rinks—two for hockey, the other for skating only. I continue on my way south of the playground and see Riverside Park, where many older residents have, no doubt, spent many a Saturday afternoon watching a baseball game. The Lions are talking of putting an outdoor swimming pool in the section where the bowl is today; which I think is a splendid idea. In the summer there are usually a few carnivals held in this section just south of the bridge. I will now direct your view to the north side of the bridge. I may walk underneath the bridge and behold one of the most up-to-date softball park and tennis courts in this city. There is a natural grandstand made on the east bank at the end of the bridge. It is set off by a beautiful little rock garden. They also play tennis on a double court and some horse shoes. There is a long little log cabin club house with a bath where one may buy a drink (soft) and a bar or gum. In the winter this is used as a changing room for skaters. The reader will please note that we are still barely over the Hunter St. bridge. On the south side of Hunter St. is Burnham St., running to Little Lake. On the west of Burnham is one of the residential sections of Peterborough, Engleburn Ave. This avenue runs to the C. P. R. footbridge, and the Burnham Point wartime houses. I well remember, before the last war, the Peterborough Lumber Co. had it's mill on Burnham's Point. When that company vacated the premises, it was a haven for hoboes who were passing through. Ashburnham may boast of the highest Lift Lock in the western hemisphere, the Western Clock Co. on Hunter St. hill, across the road is a fair size public school. There is also the most satisfactory hospital, St. Joseph's and the Immaculate Conception Church and school. There are a few smaller factories, a mattress factory, a marble works and on Hunter St. there is the business section which has developed in the last few years. There is a dairy, two drug stores, a shoe repair shop, three grocery stores, a bicycle shop, a Chinese laundry, a service station, ladies' ready to wear store, hardware store, barber and pool parlour. There are a couple more stores on Armour Rd., another service station and refreshment stand, another grocery store on Douro St., another grocery store on Roger St. There is also Fichias factory on Armour Rd., and Sophia Street and a paint store on Burnham St. We also have a dock and pick up excursioners. The old Lundy residence, which was vacant for many year has been converted into an apartment house. I recall exploring through this house when I was going to school and will always remember the beautiful fireplaces and beautiful grounds around the house. The home of the late Judge Huycke is on Engleburn Ave., it has also been changed into an apartment house. I also recall the tasty plum and grapes they used to grow and the scratches and scrapes we used to receive while obtaining these said things. In the last five years Ashburnham has been stretching out further just east of Armour Rd., from Smith St. south, not to mention the other ones built up through the district. I conclude with this closing remark.—This letter undoubtedly is open to criticism, in fact I challenge criticism. No doubt I have overlooked the most important assets of the modern Ashburnham, but after all, no doubt the generation before me will not yet see their own version of Ashburnham ahead of mine. I think Ashburnham, East City or whatever you may prefer to call it is, on the whole, a very compact and important section of the municipality of this fair city of Peterborough. I conclude with this remark. How much for Ashburnham in the year 2000?

I am, yours sincerely,
AUBREY E. K. FERGUSON,
(age 22 years).

AT THE ROOT OF ALL THINGS

Sir: Off and on all day Saturday over the radio came news of store openings and sales. Spring! Heralded by purring feminity and preening ladies and girls.

In the country spring is announced in another fashion, a different tone. The exultant mating cry of the gander is in the air, and the cackle of hens is a more incessant song. Cows, full-bellied, walk heavily about, their swelling udders giving promise of more than enough for their calves. Crows are cawing and many birds are back. Life (that thing we call sex) is evident every where, proof of the Creators wisdom, for without it we were unborn. There would be no milk and honey, no eggs, fruit, seed or flowers, nothing. Not even a ghost or spirit (?) nothingness.

Ironical is it not that the thing we depend on so, has been mocked, violated, glamorized, and denied.

Bible Message

(From the Authorized Version)

Seek ye the Lord while he may be found, call ye upon him while he is near. . . . For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord.

For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts. (Isa. 55: 6, 8, 9.)

Ask War Declared On Harmful Lamprey

WASHINGTON, March 9—(AP)—Great Lakes fishermen asked Congress Tuesday to declare war on the sea lamprey which they said is killing the lake's fish.

The principal problem, however, appears to be finding the right weapons to use.

F. A. Westerman, chief of the fish division of the Michigan Conservation Department, told a House Merchant Marine Committee:

"The matter of greatest concern to all of us is that no one as yet has any practical suggestion to provide adequate control.

Claude Ver Duin, Grand Haven, Mich., secretary of the Michigan Fish Producers Association, explained that the Lamprey attaches itself to fish in the Great Lakes—preferring the large lake trout—and burrows into their sides to suck their blood.

Exchequer Court Act Will Be Simplified

OTTAWA, March 9—(CP)—The Senate received a government bill Tuesday which would amend the Exchequer Court Act to simplify the procedure for appeals from there to the Supreme Court.

A private bill introduced Tuesday night would clarify the investment powers of the pension-fund society of the Bank of Montreal. Another would incorporate the Northwest Commercial Travelers' Association with J. H. Roe as its head and Winnipeg as headquarters. The firm would become a fraternal benefit society.

In his first speech since entering the Chamber, Senator J. G. Fogo (L-Ontario) introduced an act to amend the statute law to bring a considerable number of federal statutes into line with the entry of Newfoundland into Confederation. Already passed the Commons, it was sent to committee for study.

Nova Scotia Last Legislature To Be Opened

By The Canadian Press.

Amid talk of a Provincial election in the offing, Nova Scotia's Legislature opens today, last of the Provincial Parliaments to start the 1949 season.

Premier Angus L. MacDonald's Liberals hold 25 seats in the 30-seat house, the CCF two and there are three vacancies. No contentious legislation is expected.

Meanwhile, the Quebec Parliament is nearing the end of its session. The Legislative Assembly Tuesday night cleared the order paper of government legislation and Premier Duplessis announced that only two more Government measures will come before the House before the end of the session.

The Legislative Assembly earlier approved a bill to authorize collection in Montreal of a special one-per-cent sales tax to raise school funds. It also gave approval to a bill to tighten highway traffic regulations.

Waive Debate

Legislation dealing with labor, marshland reclamation, agriculture and public safety was forecast yesterday at the opening of the New Brunswick Legislature. For the second time in seven years, the Opposition waived debate on the address in reply to the throne speech, shortening the session and paving the way for consideration of legislation so far prepared.

Prince Edward Island's Premier J. Walter Jones indicated to an agriculture delegation that his Province's ban on sale and manufacture of margarine might remain in force pending outcome of the Canadian Federation of Agriculture's appeal to the Privy Council against lifting of the Federal ban. The Premier said it was hardly worth passing his government's proposed margarine legislation while the appeal was pending.

The Manitoba Legislature rejected a resolution asking the government to consider amending the Workmen's Compensation Act to give $50-a-month pensions to widows of men killed in industrial accidents before last April 2. On that date the pension payable was raised to $50 a month.

BC Leigslature Members Roar To Wives' Defence

VICTORIA, BC, March 9—(CP).—Party lines were forgotten in the British Columbia Legislature Tuesday as members roared to the defence of their wives. The fireworks culminated in a motion passed unanimously, saying the Legislature "affirms its belief in, and support of, the freedom of the press but does not condone or support the press when freedom of the press deteriorates to license of the press."

Drawing the ire of the members — and their better halves — were two stories carried Monday and Tuesday by the Vancouver News Herald.

The stories were concerned with the wife of the Lieutenant-Governor, Mrs. Charles A. Banks, and the wives of Legislature members.

Monday's story said the first lady was forced to reprimand the wives for failing to answer promptly invitations to a formal luncheon.

The story also alleged one lady had a cocktail or two "too many" before arriving.

What sent the Legislative body, and presumably the domestic life of the members, into an uproar, however, was the Tuesday story.

Make Amends

It said the wives would try to make amends for their breach of social etiquette by inviting Mrs. Banks to be their guests at a luncheon.

"There will be no drinking by the political girls at this bury-the-hatpin luncheon as liquor is not served in the parliamentary dining room," the story said.

"Mrs. Banks has accepted and if everyone is nice and ladylike, it is hoped that Government House will forgive and forget and that the MLA's wives will be restored to grace and social standing."

Opposition Leader Harold E. Winch started off by rising on a point of privilege and reading parts of the stories.

"No one particular wife was picked out; both articles cast a shadow over all our wives," said the CCF member.

The House and members themselves were indirectly reflected on, he said.

"This House is entitled to an apology."

In Lighter Vein

Mrs. Banks took the matter in lighter vein than most of the members.

"The ladies were very sweet, very understanding and very kind," she said in commenting.

"Some of the ladies were very late and I asked them if they would come earlier next year to avoid inconvenience to our staffs in the kitchen and dining rooms.

WILLS: "Can a will be written in longhand or be typed by the person leaving the estate, signed only by himself, and be accepted as legal in Ontario courts?"
Say our legal experts, having the will done in lead pencil or on a typewriter does not make it illegal. But—having no witnesses means that will does not stand up in any Ontario court. Witnesses, warn our lawyers, must not be beneficiaries.

PUBLIC SPEAKING: "I'm a 15-year-old high school student (masculine). We have a public-speaking contest this year and my brothers think I should enter. We can choose our own topics. What would be a good subject?"
What about "What's the Future of Youth in Canada?" You could be both original and inspirational. You could apply, or those on that topic.

HOSPITAL BEDS: "What's the difference in height between the standard metal bed and a hospital bed? How could an ordinary bed be raised in height temporarily because of sickness in the home?"
The average metal bed stands 17-18 inches from the floor. Hospital beds stand 21-22 inches from the floor. The ordinary bed could have wooden blocks put under each leg to raise it to comfortable height for patient-tending. And, incidentally, a slatted chair back makes a comfortable back rest if it's adjusted over the bed head.

HOT ROLLS: "Your recipe for yeast rolls says 'let rise in a warm place (82° F)'. My kitchen is modern. Where on earth would it be 82 degrees?"
How about the top of your radiator with a heavy rug between the boiler and the heat? If no place else is available, close up the batter in a cupboard with an uncovered pan of boiling water.

BEDS FOR RENT: "Where in Toronto can I rent extra beds or couches for the week-end?"
Help, please, who has an answer? Phone ELgin 9032.

SPRING TRAINING—Hank Biasatti, Windsor, native who played with the Toronto Maple Leafs in the International League last year gets a few words of encouragement from Connie Mack, Philadelhpia owner, as spring training begins at the A's training camp at Fort Lauderdale.

Here And There In Sports . . .

By The Canadian Press

Bob Masterson said Tuesday night at Toronto he will continue to coach the University of Toronto football team because his job here gives him "more security."

Masterson, 28, said he had declined an offer of $8,500 for two seasons or $9,000 for three seasons to coach Winnipeg Blue Bombers. He has been given a new appointment as coach of the Varsity team and an increase in salary.

His new pay rate could not be ascertained, since University of Toronto policy forbids disclosing salaries of its employees. However, Warren Stevens, athletic director at Varsity, said the salary Masterson is receiving here "doesn't approach the Winnipeg offer."

Sid Smith, the American Hockey League's leading scorer, left Tuesday with his Pittsburgh Hornet team mates for Hershey, Pa., apparently recovered from a bruised pelvis.

Smith crashed into a goalpost in Saturday night's game at Pittsburgh with Buffalo. He underwent X-rays after the game to determine the extent of his injuries. They were held to be minor.

At West Palm Beach, Fla., Connie Mack, 86-year-old owner-manager of the Philadelphia Athletics, was shaken up in an automobile accident Tuesday. A car in which Mack was riding was hit from the side by another car, police reported. Connie's car was driven by his chauffeur.

At Louisville, Ky., Churchill Downs race officials announced Tuesday that approximately $4,500 worth of diamonds will be mounted on the Gold Cup which goes to this year's winner of the Kentucky Derby. The 1949 Derby, the diamond jubilee, will be held at the track May 7.

Norwood Triumphs

NORWOOD, March 9—(ENS)—Keene and Norwood, second and third place holders in the rural loop, played their first two-out-of-three semi finals in Norwood arena Monday night. Norwood pulled a 4-3 victory out of this one. Brown, Sutton and Webb paced the homesters to victory, while Mackness, McCarthy and Houle led the attack for Keene.

Brown from Webb early with Doughty in the cooler gave Norwood the lead and Sutton from Rusaw one minute later put Norwood two up. Mackness from Dalton on a nice combination put one past Aldred; Mackness was given a minor, and Webb made use of this to break away to make it 3-2 to end the first period. Stackhouse was given two minutes to cool off.

No score in the second, but Houle and Brown were gated for fighting, and Robertson earned a minor.

Brown and Sutton tallied in the third and Keene put on the pressure and finally scored, Houle from McCarthy at 15 minutes. Robson and Pryde were given two minutes each in this one.

Norwood: Goal, Aldred; defence, Stackhouse, Spring; centre, Sutton; wings, Cuthbertson, Webb; alternates, Brown, Rusaw, Kumpf, Robson.

Keene: Goal, Musgrave; defence, Robertson, Doughty; centre, Houle; wings, T. McCarthy, B. Thompson; alternates, Kempt, Mackness, Pryde, W. Thompson, Kumpf, Hawks, Whalen, Dalton, Anderson.

Referee—W. Leggett; linesman, MacArthur.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Toronto Meteors make their big bid to stave off elimination when they face the local Legionnaires at 8.45 tonight in Civic Arena. Down two games in their best-of-five OHA senior "B" group finals, the touring huskies—who play "home" games in Lindsay—will have to shoot the works to stay in the hunt, as Legion are title-hungry and anxious to wind it up tonight. They want to take that group title on local ice before a big home crowd. Peterborough fans, too, should be hungry to see a championship decided on ice here, for a change. The Meteors are no setups at all and Legion can't fool for a minute. It ought to be a sizzling scrap.

* * * * * *

Prominent for the Legion again, no doubt, will be Johnny Godfrey, veteran captain and defenceman—not to mention being a roving goalie. He and the canny Coach Ned Vitarelli form a powerful pair back of the blue line. It'll be Ned's last puck season here, we understand. Godfrey could have gone to Europe this winter with the Canadian team. Max Silverman calling him up three times. They were only paying $30 a week and expenses, we hear, and whatever it was didn't sound enough to Johnny, who works here and is married. Doug Free said on his return that the Canuck coach often wished afterward that he'd upped the ante on Godfrey as the team needed at least one more experienced defenceman. Johnny made a puck tour of Europe before.

* * * * * *

It's Been Some Time

Speaking of local titles, the last one captured when the Brock was an ice rink came in 1942, the Petes taking senior "B" honors over Merritton. The scene shifted then to Lindsay and Omemee ice for the Petes and, after the war, to various "home" centres for Legion as intermediate and senior entries. Legion won it last year but not on home ice, and tonight's their big chance to do that very thing. If they slip this eve, the teams go back to Lindsay on Saturday with a possible fifth playoff fray for sure on Monday. The OHA has ordered a winner by that date to meet the Belleville-Kingston victor in provincial playdowns.

* * * * * *

Annual open meeting of the Girls' Softball League, Prexy Dot Millar advises, will be held next Tuesday, March 15, at 7.30 p.m. in the YMCA. Everyone interested is invited, particularly prospective club coaches and managers. They'll present the 1948 reports, check on team entries—though it's too early to set a closing date yet—elect the '49 slate of officers, and discuss plans for the coming diamond campaign. And we don't mean the sort of diamonds some lasses are thinking of coming on toward spring. A good turnout can start the season off properly.

* * * * * *

Doyle Loses Interest

A phone call from a chap named Doyle, and he wanted to know if Peterborough would be interested in entering a new Class "A" pro ball loop, made up of New York State and Ontario clubs. When informed that we had no floodlights in Riverside, Mr. Doyle promptly lost interest. Inquired what things were like in Oshawa as to lights, interest, etc., and we had to tell him 'twas now pretty much of a softball centre, and his snort from Syracuse was quite audible. But he plans to check on the Belleville setup, where they have a good lighting system. No chance of getting the arcs here this year, nor in fact covered stands.

* * * * * *

As an indication of how U.S. clubs are exploring Canadian diamond possibilities, comes a booklet from Branch Rickey on the Dodgers of the National League. Deals considerably with scouting and with the development of minor pro ballsters right up to the big time where the average annual salary is better than $10,000. A lot about the up-to-date training methods used, all sorts of gadgets being utilized to teach hitting, throwing, sliding, conditioning and whatnot. Like other big league clubs, the Dodgers will likely run a school in Ontario this season to check on promising amateur talent. Several local players have taken a crack at these schools in the past.

Marmora Losers

MARMORA, March 9 (ENS)—Marmora midgets played their opening game with Bradford in the fourth round of the OMHA series on the latter's ice Monday to retire unbeaten by the score of 7-2. The losers were the first to score but Bradford tied it 1-1 before the close of the period.

The second period was marked with faster play with Bradford adding three goals and Marmora failing to respond. Phillip, who was outstanding throughout for the winners, added three in the final frame with Marmora registering on one of their best movements of the game. About 400 fans witnessed the encounter for which the ice was in good condition.

Teams:

Goal, Drummond; defence, Darrah, Trumble; centre, Brooks; wings, Brown, Nicholson; alternates, Nicholson, Mumby, Mantel, Jones, Paranuck, Hickey, Meehan, Walker, McNally, spare goalie, Kouri.

Bradford: Goal, Tupling; defence, Phillip, Jackson; centre, Gaski wings, B. Osdachuk, T Osdachuck; alternates, T. Collins, Veale, Lotto, Thomson, Evans, R Fallis, D. Fallis. Spare goalie, Wilson.

Referee, J. Grainger, Richmond Hill. Linesman B. Carter Bradford.

72 YEAR REIGN

The longest reign in European history—72 years—was that of Louis XIV, from 1643 to 1715.

Warsaw Victors

NORWOOD, March 9—(ENS)—Warsaw defeated first place Westwood, in the two-out-of-three semi finals in the rural loop on Monday night by 5-2.

McQuaig with E. Darling getting an assist on each counted two for Warsaw in the first period, with G. Payne, E. Darling and B Thompson each getting a minor penalty.

Play was rought in the second, Clements and G. Payne were gated and Marshall and H. Warr were sent off together. J. Watts scored, Don Sharpe getting the assist.

Thompson was sent off the ice early in the third and Woods together with E. Payne were off for fighting. E. Darling earned two minor penalties in quick succession. H. Warr, unassisted, accounted for Westwood's first goal of the game. McQuaig alone for Warsaw, Andrews from Mason at the 19.00 mark, and Evans of Warsaw with just 30 seconds to go banged home a nice shot to beat Renwick. Shearer also was in the cooler for two minutes.

Warsaw: Goal, Heath; defence, Short, Evans; centre, McQuaig; wings, Darling, G. Payne; alternates, D. Sharpe, I. Watts, J. Watts, E. Payne, V. Clements.

Westwood: Goal, Renwick; defence, Morris, Thompson; centre, Mason; wings, Woods, Andrews; alternates, Starke, Humphries, Elmhirst, Shearer, Sargent, H. Warr, B. Warr.

Referee—W. Leggett; MacArthur.

Cardinal Pitchers Seek Quick Showdown

NEW YORK, March 9 (AP)—A quick showdown in the courts was sought today by two former pitchers for St. Louis Cardinals. The hurlers are suing organized baseball for $2,500,000 damages as an outgrowth of their suspensions for jumping to the Mexican League.

Max Lanier and Fred Martin, two of nearly a score of Major-leaguers waiting out five-year bans, filed papers in Federal court Tuesday. At the same time, they sought reinstatement until their cases could be settled.

They obtained a Federal court order directing baseball to show cause by Tuesday why it should not be temporarily restrained from enforcing both the suspensions and the reserve and termination clauses of its standard contracts.

It's the reserve clause, the legal backbone of the sport binding a player to one club until that club is ready to dispose of him, that is under fire in this and an earlier $300,000 suit by Danny Gardella, former outfielder for New York Giants. The Gardella suit is still pending in the courts.

John L. Flynn of New York, counsel for Lanier and Martin, said he expected the show-cause order to produce an "early and definite" decision in baseball's running court battle with banished players.

And once again it was the local rinks that came out on top in the second days' play of the mixed rink bonspiel for the Empress Hotel trophy.

C. Giroux and T. McAruthr will be back on Friday for the finals of the main event and H. Murphy of Bacaygeon in the finals of the consolation event.

The games got away around 9:00 a.m. and play was going continually until the tea hour. As was the case on Monday, play was witnessed by a large crowd, and this big mixed event is proving quite an attraction.

The games continue today.

The local rinks were: Mrs. D. Davis, G. Green, Mrs. G. Green, T. McArthur, skip. Mrs. A. Malby, V. Selkirk, Mrs. V. Selkirk, C. Giroux, skip.

W. A. Smith's rink did well up in Midland on Monday. They go back again on Friday to play off in the consolation finals. The rink was: R. Payne, J. Fanning, G. Gabel, W. A. Smith, skip.

Tuesday's results:

Main event:

Peterborough, T. McArthur 11, Babcaygeon, H. Murphy 10.

Lindsay, Dr. Laidley 10, Peterborough, T. Doughty 8.

Bobcaygeon, T. Gordon 4; Lakefield, B. Dench 14.

Peterborough, C. Giroux 11, Lakefield, G. Scriver 9.

Lakefield, F. Wannamaker 10, Lakefield, G. Samis 8.

T. McArthur won from Dr. Laidley.

C. Giroux won from F. Wannamaker.

T. McArthur won from B. Dench.

Consolation event:

G. Scriver won from G. Samis.

T. Gordon won from G. Scriver.

H. Murphy won from T Doughty.

H. Murphy won from T. Gordon.

A men's bonspiel at 7.30 sharp tonight, draw from the board, at a two-bit fee.

EXPORT BREEDING CATTLE

Britain exported 2,002 head of cattle for breeding purposes, in 1948, valued at $2,000,000 or about four times the 1938 export figure.

AT THE BROCK TONIGHT—A new British Empire Wrestling Champion, Fred Atkins of Australia, will engage an outstanding challenger, Mike Sharpe of Hamilton, in the no-time-limit man bout in the Brock Arena tonight. It will be young Sharpe's greatest opportunity in his mat career. He and Atkins battled it out to a time-limit draw here two weeks ago but tonight they will have all evening in which to bring out a winner. An all-star preliminary card will have John Katan wrestling Sliding Billy Hanson, and Mike Mahalikis meeting the new man Paul Stanlee.

SEEKS NEW LAURELS—Marlene Smith of Niagara Falls who teamed with Donald Gilchrist of Toronto to capture the Canadian senior pairs crown in Ottawa last month, tries on her new costume prior to leaving for Philadelphia Tuesday for the North Armerican championship contests. Miss Smith will be a leading contender for the women's senior crown now held by Baarbara Ann Scott.

Kingston Nylons Hand Diesels First Setback

BELLEVILLE, March 9—Kingston "Nylons" handed CNR "Diesels" their first setback in 10 starts at the Belleville Memorial Arena Monday night, edging them 7-6 in the first game of the best-of-five series for the right to advance into the OHA Senior "B" playdowns.

The trainmen opened the scoring after less than three minutes of play, only to have the visitors knot the count and then take a 2-1 margin before the first period ended. Both Kingston markers were scored while the Diesels had the odd-man advantage. Each team scored three in the middle stanza.

Two goals by centre Leo Goyer put the Diesels back in the van early in the third period, but the Nylons pressed to tie the score at the 13.12 mark and then scored the winning marker with less than two minutes of play remaining.

Ken Partis, with four goals, led the attack for the winners, while Joe Catlin, Walt Gerow and "Mucker" McKeown also scored. Leo Goyer and Jack Wardaugh each bagged a pair for the locals.

Down Port Hope

PORT HOPE, March 9 (CP) — Collingwood defeated Port Hope, 8-4, to take their semi-final round in the Ontario Minor Hockey Association juvenile playoffs. Collingwood won the round, 22-9, and now meets Port Edward for the provincial championship.

Almost Sure Bet West To Win Curling Crown

HAMILTON, March 9 (CP). — There is so little doubt about it, you can practically mortgage the homestead that the main fight will be between Manitoba and British Columbia for the 1949 Canadian curling championship.

While the top-calibre Winnipeg rink is chosen by spectator skips as the 1949 victor, there is better than an outside chance that Reg Stone's British Columbia rink could upset the dope and bring it back again to Trail, BC. That is where the silverware rests as a result of Theo (Frenchy) D'Amour's victory last year.

The writing was on the wall on Tuesday for the other eight rinks in the Dominion final when Ken Watson's Winnipeg quartette and Reg Stone's West Coast foursome racked up third and fourth round decisions.

They are the only rinks with a clean sheet in the "won" column although the British Columbians had a big scare from Alberta and the experts figure they will continue their winning ways until the ninth and final round Thursday night.

Both are adept at any style of game, but Watson's experience gives him a slim edge.

The "Cinderella" rink of the competition, Alberta's Stuart Beagle foursome from the village of Blackie, came within an eyelash of springing the biggest upset of the 'spiel to date Tuesday against British Columbia. Losers in three successive games, the Blackie rink took the highly-fancied British Columbians to the 12th end before losing a heart-breaking 11-10 decision.

Leading 10-9 going into the last end, but with last rock against them, the Albertans blew a fine chance to register their first victory.

Two Dead-Ends

Two dead-ends featured yesterday's play—a rarity in Eastern Canada where the draw game is stressed. They occurred in the 12th end of the Manitoba-Northern Ontario match and the seventh end in the British Columbia-Alberta game.

Manitoba's play Tuesday was of big-time calibre. The Watson rink pulled up with a decisive 16-5 victory over Quebec in the morning game and made it 15-9 over Northern Ontario in the afternoon.

Saskatchewan split even on the day. The Western club lost 14-9 to Prince Edward Island in the third round and bounced back with a 14-8 decision over Nova Scotia.

Ontario's quartette, skipped by 68-year-old Pete Gilbert of Chatham who plays third, was dumped 14-6 by British Columbia, but bounced back for an 18-10 decision over PEI.

New Brunswick also split on the day's play. The rink lost 13-7 to Nova Scotia and in the fourth round whipped Quebec 13-5.

May Be Upset

Ontario's rink from Chatham, with a won-lost 3-1 record, is considered the only quartette that might upset the "dope" and beat either the BC or Manitoba outfits.

The Ontario rink ran into a perfect draw shot by Reg Stone in the fourth end in its game against BC in the third round.

The shot was one of the best seen in the 'spiel. Ontario was lying three in the house, well guarded by two rocks midway between the hog-line and house, when Stone sent his shot away.

It threaded a needle between the guards, eased and curled into the house to the button and stopped dead for a point. It "robbed" Ontario of three points but it was such a masterful toss the Chatham curlers complimented and shook hands with the light-haired cigar-smoking skip.

Dentist Tours Rural Ontario

APSLEY, March 9 —(ENS)— Rural dentistry was described to the women's Institute when 15 members met at the home of Mrs. N. H. Wilson.

The speaker was Dr. F. Froud who has been in the District with the Dental coach since June. This project is sponsored by the Junior Red Cross Society and is still in the experimental stage of trying to take dental health to rural Ontario.

There are only two coaches in operation, one at Wilberforce and the one stationed here. It is costin the Red Cross $500 a month to maintain this service.

On some days Dr. Froud extracts and fills as many as 200 teeth. The Dental Association is working for a full time Public Health Dentistry. Lunch was served.

Bugaria Trying To Justify Trials

SOFIA, March 9 (AP) — Bulgaria's controlled press today splurged stories contending that 15 prominent ministers had fair trials in a "people's court" which Tuesday sentenced them to prison.

In an attempt to prove their point, the newspapers quoted a British clergyman, Rev. George B. Chambers, as declaring in an interview that the trial was justified. Western governments and churchmen have denounced the trial as religious persecution by Bulgaria's Communist Government.

Chambers, known as the "Red Vicar" of Carbrooke, Norfolk, England, attended the trial briefly as a self-styled "Independent observer."

Women Quilt All Day

SELWYN, March 9 (ENS). — Women's Association met in the church hall on Thursday for an all-day quilting and pot-luck dinner. There were 16 members present A hot meat pie supper was planned for March 18 in the hall, followed by films shown by Alex Kay of Peterborough. There will be another quilting in the hall on March 11.

APPEARING FOR THE FIRST TIME in his new role as Chief Deputy Foreign Minister after the sudden shift in the Soviet top command, Andrei Gromyko greets the North Korean People's Democratic Republic Delegation as it arrives in Moscow. Gromyko, former Russian delegate to the UN, wears uniform in centre of front row here. Russia unsuccessfully tried to get the Red-sponsored North Koreans recognized by the UN.

Decide Cadieux Over-age Begins 5-Year Suspension

TORONTO, March 9—(CP) — Joseph Pierre Gascon Cadieux today started on his five-year suspension from organized hockey.

The wiry-haired, stocky winger of Stratford Kroehlers Junior A Club yesterday was suspended for five years by Ontario Hockey Association officials for playing junior hockey while two years over age.

Officials said that Cadieux used a birth certificate belonging to a cousin in his hometown of Valleyfeld, Que., also called Pierre. The player was allowed 30 days in which to appeal the suspension.

A storm blew up over Cadieux's eligibility during a playoff series between Stratford and Toronto Marlboros. After newspaper stories said the player was two years over the limit, the Marlboros filed a protest. But it was withdrawn within a few hours and the Marlies went on to win the series in two straight games.

OHA officials investigated and the Quebec Amateur Hockey Association produced a birth certificate proving Cadieux was 22. The certificate on file with the OHA—actually his cousin's—gave his age as 20.

Further proof that Cadieux was over-age came to light when the birth date on a "C" form signed with Montreal Canadiens conflicted with the OHA certificate.

Cadieux played with Montreal Junior Royals in the 1944-45 season, with Hamilton Szabos, a now-defunct junior club the next year and performed for Stratford the last two seasons.

The Stratford Club was absolved of any participation in the infraction by Cadieux.

Plan To Build Modern Hotel At Belleville

BELLEVILLE, March 9—Construction of a two-storey hotel at Belleville at a cost exceedi $50,000 is planned for the near future. Already a building permit has been issued. Permit for the construction of the hotel was taken out by F. E. Martin with three others of the same family name, including one woman. George Hardy Ltd. of Toronto have been named as the building contractors. Plans call for an L-shaped construction with 12 bedrooms to be situated on the second floor of the building. On the first floor will be diningroom, kitchen and men's and women's beverage rooms.

No indication was given as to when construction of the hotel would commence.

Ask Investigation

TORONTO, March 9 (CP) — The Ontario Milk Control Board was asked Tuesday to state its position in regard to charges that cheap surplus milk from unsanitary barns is being sold in Toronto. The request was made in a letter from J. E. Houck, secretary-manager of the Toronto Milk Distributors Association. It said the charge was made by L. B. Jolly, an official of a Toronto Milkshed Association.

Want Farm Help

TORONTO, March 9 (CP) — Ontario Secondary School Principals were asked Tuesday to solicit pupils below grade 13 for summer farm work after May 20, and grade 13 students after departmental examinations. Under the student-help plan, grade 13 candidates must remain in school and write departmental examinations. However, candidates for grades 11 and 12 may be released after May 20 if they are entitled to departmental standings without writing the final June exams.

HALIFAX, March 9 (CP) — Cape Breton was slowly recovering today from a driving sleet storm which isolated the area for several hours Tuesday. Northern Cape Breton is still without telegraph communications. All main roads are reported passable, although ice-coated.

Buried 63 Days

CODY, Neb., March 9 — (AP)—Two Hereford heifers caught in the Jan. 2 blizzard were alive and in reasonably good condition today after being entombed 63 days in a straw stack. John Yancy, who found the two-year-old heifers in the straw-stack late Friday, said they had kept themselves alive by licking the snow and eating straw.

Uncle To Blame

REGINA, March 9 (CP) — A 19-year-old unmarried mother — whose uncle said he was the father of her child and "to blame for all this trouble"— Tuesday was sentenced to one day in jail when convicted of infanticide. The girl, Francis Fisher, was charged with throwing her newborn son into a lighted stove at her grand-parents' home here Feb. 21, night of the infant's birth. It died three days later in hospital.

Air Bubbles In Vein Cause Worker's Death

TORONTO, March 9 (CP) — Dr. E. C. Fielden said Tuesday that the death Feb. 13 of Thomas Gordon, 55, coal yard worker, resulted when air bubbles entered a severed varicose vein and travelled to his heart.

Thomas fell into a coal bin and died en route to hospital. He suffered only minor cuts and bruises.

"It was a very unusual cause of death," Dr. Fielden told a coroner's jury. "The vein was so enlarged that when it was cut it did not collapse, and the pumping of the heart drew the air in."

Coroner Dr. F. W. Tickett said that "anybody that didn't have a varicose vein could fall in there every day and have a cut like that and not die."

See 28 Deer

APSLEY, March 9—(ENS)—Twenty-eight deer were seen at Jack Lake Sunday by Mr. and Mrs. Chesel McColl and Mr. H. McColl. The family had driven to their summer cottage on the lake and counted the deer in different herds. Some were quite tame and Chesel McColl managed to take pictures with his movie camera. Others were shy and seemed frightened of noise and the bright red paint of the truck.

TERRIER BROODS OVER CHICKS—John Caza, of Leamington, Ontario, brought home 31 chicks, and set them in the kitchen for a few days, before putting them outside. He didn't count on the maternal instinct of Shorty, his female fox terrier. The chicks snuggled up to Shorty's warm body, above, and she loved it. Now she snaps at anyone who tries to pick up a chick, and, if one strays from the nest, she picks it up gentle, below, and brings it back. Caza figures that next she'll start clucking.

Red Cross Has Been Pioneer In Many Phases Of Health Work

LAKKEFIELD, Feb. 8—(ENS)—C. J. Davis gave a most interesting and educational address on "Our Mental Attitude" at the February meeting of the Red Cross held at the Curry home on Monday evening.

"Today," said the speaker, "Everyone is more or less health conscious. The establishment of a ministry of health in our Federal government has given people an insight into and a realization of the importance of good health habits. The Red Cross has been a pioneer in many phases of health work and along with results of examination of young people for war services has probably enacted enough pressure on our Government that we now have a Ministry of Health. All this so far applies to our physical health—the animal part of our life. That, of course, is important, but more attention should be given to the mental part of our make-up. Mankind is a combination of body and mind—each acts and reacts on the other."

County Doctor

"The old fashioned country doctor as he was so often called was usually a good psychiatrist, although that word was not in his vocabulary at that time. He knew the mental make-up of his patients as thoroughly as he knew their physical peculiarities and in most cases treated them just as scientifically as the most modern high priced specialist of today would treat them.

"The 50,000 mental patients in Canada cost more than all the other patients combined," the speaker declared.

In closing Mr. Davis gave ten positive commandments which help toward right mental attitude.

1. Thou shalt think well of thyself and well of thy neighbour.
2. Thou shalt add to the health, wealth and happiness of the world.
3. Thou shalt be on good terms with sunshine, fresh air and water.
4. Thou shalt get eight hours sleep a day.
5. Thou shalt eat moderately and exercise every day in the open air.
6. Thou shalt love the memory of thy mother and be true to the friends that have done so much for thee.
7. Thou shalt recognize the divinity in all men.
8. Thou shalt remember the week-day to keep it holy.
9. Thou shalt remember that thee can only help thine by helping other people and to injure another is to injure thyself, and that to live and benefit others is to live long and well.
10. Thou shalt love the stars, the ocean the forest and reverence all living things, recognizing that the source of life is one."

Mrs. F. H. Grylls moved a vote of thanks to the speaker, who was introduced by Mrs. J. McKerchar.

Mrs. J. Huddart was named social convener for the year.

A donation of $10 was received from the Catholic Women's League.

Mrs. S. A. Grylls reported that she had 77 registered blood donors.

Mrs. Arthur Morris' reported eight registered donors from Young's Point with more promised; $25 coollected for the campaign from the Point and more pledged.

Mrs. W. Deliedonne said the well baby clinic is progressing favourably with several new babies registered.

President Mrs. W. Leonard announced that new quarters must be found for the well baby clinic as well as for regular Red Cross meetings.

Lunch was served by Mrs H. Penberthy, Mrs. S. E. White.

Monture Urges More Prospecting

TORONTO, March 9 (CP) — An intensive program of prospecting and exploration in Canada for base metals was advocated today by G. C. Monture, chief of the Mineral Resources division of the Federal Department of Mines and Resources, in an address to the annual convention of the Prospectors ad Developers Association.

Production today, he said, still is from nearly the same mines as in 1939, with the exception of the new Calumet Mines and Quebec Manitou in northern Quebec.

"We have had no outstanding discoveries with the exception of Lynn Lake in Manitoba and some promising indications at Pine Point, south of Great Slave Lake in the North West Territories.

"The new operations at Mayo in the Yukon may also be added and there are some indications that the Slocan and other areas of British Columbia may again make a substantial production.

"Our production has decreased from our 1939 peak and also from our wartime peak—even in the face of prices that are substantially higher."

Would Allow Townships To Issue Hunting Licences

At least two local Reeves are not in favor of the East Whitby resolution that hunters should have to take out township-issued licences before indulging in their favorite sport.

The East Whitby resolution has urged the Department of Game and Fisheries to amend the Game and Fisheries Act so that hunters would have to purchase a licence from the particular township in which they do their hunting. It also asks the government to ban hunting from sundown on Saturday to sunrise the following Monday.

"I'm not in favor of it at all," said Reeve James Humphries of Asphodel when queried on what he thought of the motion by the Examiner.

He was joined in his dissent by Jeremiah Mahoney, Reeve of Douro, "That might be all right for East Whitby," he said, "but not for here."

Several other members of the County Council indulged in skeptical grunts but made no comment.

Have Real Problem

The resolution began in Unionville when Council members from the townships oof Markham, Pickering, Vaughan, Whitchurch and Whitby met to discuss the problem of "uncontrolled hunting

According to the terms of the present Game and Fisheries Act the townships had no authority to issue a licence, one of the Councillors at Unionville stated.

"It is not right at all," said Councillor Norman Down, "It is getting to the point where they are hunting right on your doorstep. The other day a hunter shot a bird of some kind, not 20 rods from my doorstep."

Members of the council said that unrestricted hunting might be all right in some thinly-populated townships but not in East Whitby They expressed belief that the hunts carried on by the Oshawa Fish and Game Protective Association were doing good, not harm because they were well organized and controlled.

Acquit Reporter Of 'Obstructing'

PARIS, Ont., March 9—(CP)—James R. Hunt, Toronto Star reporter, Tuesday was acquitted on a charge of obstructing police. The charge arose when Hunt was arrested Feb. 17 during a disturbance at the strikebound Penman's Ltd. textile plant here.

The wages strike was called Jan. 18.

"In my opinion this was simply a case of a reporter being a little over-zealous in his duties," said Magistrate R. J. Gillen.

Crown evidence indicated that after the arrest of striker William Stewart of the United Textile Workers (AFL), Hunt pushed through the police line to get a closer look at the prisoner in the police car.

Constable Nernardo and Cpl. McLure who made the arrest, said they did not know Hunt was a reporter. They thought he was rushing to Stewart's rescue.

Hunt said he only tried to reach the police car to see who was arrested and what the police were going to do with him. He said to the best of his knowledge he did not take up an attitude of fighting a charged by the police.

Farm Fatalities Too Numerous With Machinery

Far too many fatal and maiming accidents are occurring on the farms of this country, Prof. H. Kitching of the Ontario Agricultural College, affirmed Tuesday at the farm implement maintenance school in the Y.M.C.A.

Children falling off tractors and trucks represented a variety of accidents which could be entirely prevented. Too many lives were being lost in the operation of implements essential to agriculture.

Prof. Kitching urged that children should have no place on tractors and other machines of the farm. In that advice to the seniors present, he suggested that not even boys of 12 and 13 years should be permitted to take charge of that heavy and powered equipment. Many boys should be 15 or 16 before being entrusted with dangerous machines.

The experience and prudence of farmers should warn them against letting the younger juniors operate machines that required the ability and caution of adults.

Well Attended

Peterborough was selected for the first of a series of meetings in conjunction with the Department of Agriculture for the discussion of practical aspects of farm mechanization. The response of this district, and especially of its young men was highly encouraging. The attendance appeared to be 150 or more, one of the larger farm assemblies here this season.

Some of the topics indicate the purpose of this experimental school of one day care of tires, including the story of the industry's development of the big tires that are used on tractors and other machines, and with gain and economy of power care of spark plugs; care of tractors and also the adjustment of equipment used with tractors.

Frank C. Paterson, agricultural representative, opened the morning session, congratulated the young men on their attendance, Stuart Hall followed as chairman of the sessions. The program included motion pictures of phases of the general subject.

Roy Galvin, Toronto, said the interest demonstrated here was the first sign that the present series of meetings would be of practical help to farmers. The meeting today is at Brantford, and Mr. Galvin said that the programs would probably disclose some spots that should be improved.

"It's a new idea," Mr. Galvin told The Examiner. "We picked Peterborough to head the list, and the farmers here did not let us down. We are grateful to them for the way they have turned out. We want to make these meetings as useful as possible."

ONTARIO RETAIL FARM EQUIPMENT Dealers' Association, Peterborough Branch, held an all-day meeting on Tuesday at the YMCA. Some of those who attended are shown above, Left to Right, E. A. Bingham, instructor; Roy Galvin, business manager; Stuart Hall, president; F. Venator, instructor; Frank Paterson, agricultural representative; T. Bailey and A. Richardson, both instructors.

Drivers Blame Other For Crash

Judge S. L. Smoke on Tuesday reserved judgment in a suit for damages brought by D. H. Lawson, Mount Pleasant, against James Finlay Clark, North Monaghan, as a result of a car crash on August 11, 1948.

The accident took place at the east approach of a small cement bridge on the 13th Concession of North Monaghan, slightly more than two miles from Peterborough.

Case for the plaintiff was heard on February 7.

Lawson claimed that both Clark's vehicle and his own approached the bridge at about the same time; he pulled over to the extreme right to allow the Clark car to pass, but it struck his car on the front left fender or hubcap, forcing it into the northeast pillar of the bridge.

Clark had a different version: "I saw a car come over the hill on the east side of the bridge. We both went to the bridge. As the Lawson car came down the grade it pulled over to the right side of the road and it appeared that the car was going to come to a stop."

When the cars were approximately abreast, Clark said, the Lawson vehicle struck the bridge; the rear portion "seemed to bounce" about 14 inches to the left, directly in front of his left fender, thereby causing the crash.

Clark testified that the impact threw his car over on to the right side of the road and he continued on for about three carlengths before coming to a halt. He denied that he collided with the left-front wheel of the plaintiff's car.

The two witnesses called by the defendant were both employed in Clark's foundry in Mount Pleasant and were being driven home to Peterborough when the accident occurred. They were William Hagerman of Donegal Street and Leo DeLaire, Park Street.

Both said that Clark was travelling at not more than 30 miles per hour and were under the impression that Lawson's car was slowing down. Both said the crash of Lawson's car hitting the bridge and that of the impact between the two vehicles was "about simultaneous."

T. J. Carley, KC, represented the defendant, and W. J. Arthur Fair, KC, appeared for the plaintiff.

Lakefield Couple Observe 55th Wedding Anniversary

LAKEFIELD, March 9—(ENS).—Mr. and Mrs. Charles Smith, Queen St., quietly celebrated their 55th wedding anniversary on Tuesday. Mrs. Smith, formerly Alma Green, was born 72 years ago in Lakefield, in what is now the Catholic Church.

Mr. Smith, who is 76 in December, was born in Peterborough—in a house where is now the Summer Gardens.

His father, Charles Smith, Sr., operated a fruit and fish store on George St., and was the first one to move into the Harper Block.

Mr. Smith, who has led a varied and interesting life, recalled the days when there were no buildings below Sherbrooke Street—only a swamp.

Worked at Edison

He worked in the Edison now C.G.E. when it was all in one building.

A highlight of Mr. Smith's boyhood days was a three-day bicycle meet with big parades and barbecues at night at Crawfords Grove.

Recalling the days when he worked in Thomas Fitzgerald's livery stable located on Charlotte St. Mr. Smith said there was no water works in Peterborough then — they led the horses to the creek to get a drink. There were only two top buggies in all Peterborough — all the rest were buckboards.

When the Lift Lock was being built Mr. Smith drove a team at night there and made 90c a night.

Mrs. Smith who was famed for her beauty in her younger days is very fond of animals and birds. The birds peck at her window if she is late feeding them and often fly right in the house.

Mrs. Smith recalled singing when a child in the Bradburn Opera House.

Mr. Smith was overseas three years in The First World War, was wounded and spent 11 months in the hospital.

Two Pensioners Die In Fire Trapped Shack

TIMMINS, March 9—(CP)—Two old age pensioners died Tuesday night when fire trapped them inside their small two-roomed shack at Connaught on the shores of the Frederickhouse River 25 miles east of Timmins.

The dead are Joseph Picotte, 86, and Alderic Ladurante, 80.

Twisted metal and charred timbers were all that remained in mute evidence of the blaze that trapped the two old men before they could break out of the tiny wooden dwelling.

Swimming Pool Site Opposed

Mayor Swanston's civic day Tuesday extended into overtime. Returning towards evening from Toronto, where the Council's deputation had met the Private Bills Committee of the Legislature, His Worship sat in with the committee considering the proposed Burnham Sereet location of a Lions Club swimming pool. Nothing definite in progress was accomplished other than a deputation of the property owners agreed to meet representatives of the club at Riverside Park on Saturday afternoon.

Sentiment of the residents of Burnham Street is reported to be determined to oppose the swimming pool being placed on the street level, and it is said, 28 feet from the street line.

One of their contentions is that the community represented by the Council, rejected property north of the Hunter Street Bridge proffered as a gift to the city by the Quaker Oats Company. Acceptance would have secured to the municipality ample space, and in most suitable location, north of the bridge for such developments as the proposed swimming ppol, And, they say, nobody's property would have been affected.

But that was not done. It is recalled that the site that is being considered for the swimming pool was obtained for the city by the purchase of the old vacant brewery building during the Mayoralty of Roland Denne. Its removal greatly appreciated the value of adjoining residential property.

Now, the council, Burnham St. residents say, is being asked to reverse that policy, and to convert civic investment in beautification into an accommodation for youth from all sections of the city that would be a nuisance.

Feeling is appreciative of the work the Lions Club has done at the waterfront, and is the neighborhood conviction that the bathing beach is adequate and can be satisfactorily maintained without causing grief to the owners of homes up on the street.

STREETS SAFER

There have been no street accidents brought to the attention of the city police since Saturday.

Food Prices Coming Down, Buyers Price-Conscious

Food prices are coming down from their all-time high and Peterborough grocers say a more price-conscious public is largely responsible for the drop. While butter prices have dropped two cents since Saturday, certain frozen foods, flour and some canned goods also are on the way down.

Retailing through the winter at 72-74 cents, butter has dropped as much as two and three cents since Saturday. In the last week a seven-pound bag of pastry flour dropped from 52 cents to 49 cents. Canned tomatoes and peas have decreased about three cents, now selling at 15 cents.

Shortening has dropped from 38 to 30 cents a pound, while lard is retailing at 20-21 cents compared with 32 cents a few weeks ago.

Frozen green peas are two to three cents less than a few weeks ago, with a similar drop in frozen fruits.

Good quality canned peas can new be bought for pre war prices three tins cost a quarter whereas they have been selling at two tins for 35 cents. Wax beans are 19 cents for two tins.

Certains kinds of jam, jelly powders and pickles are also down and merchants are expecting the downward trend to continue during the next few weeks. Nor is it just a seasonal drop. People have been avoiding high prices lately and the note considers the time has come to pay greater attention to the public's reaction to prices.

Tomatoes, which due to the scarcity caused by the import ban last year were selling at a dollar and more a pound, are now between 29 and 35 cents. Potatoes sell at 10 pounds for 25 cents, a reduction of 10 cents on last year's price and fruiterers ar expecting these prices to remain steady.

On Monday there will be Californian cabbages for 10 cents a pound. Canadian cabbages are at present 9 cents.

Retailers in Toronto predict that soaps and soap products will be selling for less shortly but Peterborough traders have little comment to make on this supposition, except to say that price trends are dow

There seems little hope of additional drops in meat prices.

Nearly all store keepers agree that the decreased butter prices could be traced to competition from margarine sales. One Peterborough store says that butter s has dropped by more than 50 per cent since the introduction of margarine.

Give Up Charter Or Quit Community Fund

Because of orders from the Ontario Division of the Red Cross Society, the Oshawa branch is faced with the alterative of withdrawing from the Oshawa Community Chest or giving up its charter.

The matter was raised at the annual meeting of the Oshawa branch on Monday night when it elected its new president, Alex C. Hall, Crown Attorney for Ontario County.

A particularly delicate situation has arisen because although the provincial body's decision is apparently binding, the local society has just received $14,000 from the Community Chest for its 1949 expenditures.

This year the Red Cross will begin its $5,000,000 campaign and the Oshawa branch will be expected to fulfill its quota. members thought this would be as much as $25,000 while others said the amount would have to be fixed by the new executive.

Mr. Hall said he thought it unfortunate that the continuity of office-holders had been disrupted by the decision of divisonal headquarters. Similar to the Peterborough branch, that of Oshawa has been associated with the Community Chest for a number of years.

Forced To Withdraw.

"It is an unfortune matter and I would like to point out that there is no conflict between the local branch of the Red Cross and the Community Chest," said Mr. Hall. "It is simply a matter that the local branch was forced to withdraw because of the instructions of the superior organization."

"The Red Cross must carry on," stated the speaker. "It may be that we locally know better what is good for our organization than the principal body but by same token, the provincial body knows better what is good in the wider sphere of the province."

Mr. Hall said that the organization of the Red Cross begins on an international, not a local level; it then works downward.

The local body exists by virtue of charter. We may not a minority agree but it would appear that we had to take orders."

It is expected that this problem of Red Cross branches being allied with local Community Chest will be extensively discussed at the annual meeting of the Ontario Division which takes place in Toronto on March 25.

Parents To See Sons Cavorting In Y Pool

Friday night at the YMCA is Parents' Night for the Boys' Department. This night is planned to show the parents how the YMCA teaches the boys to swim from the beginners to the accomplished swimmers. It also gives the parents a chance to see their own children in action. Besides the swimming of the various groups, an exhibtion will be given by some of the boys who have taken part in open Ontario swimming meets.

Those boys who are taking part are from eight to ten years old. Some of the older boys have been in the club since they were beginners, not knowing how to swim and being afraid of the water.

Non-swimmers who have learnt to swim a length of the YMCA pool are in the Beginners' Class. The Tadpole group are boys who are able to swim two lengths of the pool. They are taught to develop a better stroke and to be able to swim more lengths of the pool until they can swim 22 lengths. When they can swim the 22 lengths, they are admitted into the Junior Club. Here the boys receive training in all the strokes of regulation swimming and improve their style.

After the swimming exhibition there will be a movie and refreshments.

Give City Trust Authority To Finance City Hall Site

By HARRY THEOBALD

Authority for the City Trust Commission to use its surplu funds for the purchase of the site for the new City Hall wa one of the provisions of the Peterborough private bill whic received the approval Tuesday of the committee of the Legislature.

Another clause sanctioned the city payment of the outstanding $5,500 on the cost of the Park St. Arena, and the third gave permission to the issuance of debentures for the completion of Civic Hospital. The stated additional amount authorized by the ratepayers is $1,500,000.

Went To Toronto

Mr. Vincent Eastwood, chairman of the City Trust Commission, accompanied Mayor Max Swanston, Ald. Hugh Waddell, chairman of the finance committee, City Clerk Outram and Edward Humpage, city auditor, to Toronto Tuesday for the hearing of the local bill before the Private Bills Committee.

The action of the council, in the City Hall site clause, was a laying of groundwork for the financing of the purchase of the Murray-George-McDonnel and Water Sts. block. It is the main step in finding the land money for that municipal undertaking which is chiefly financed by the bequest of W. G. Morrow.

If the city sells Aylmer Street factory to Canadian Sealright Co. according to the option given by the council, the $30,000 proceeds become available for the City Hall site fund. However, it might be dropped into the treasury as an offset to something less than a mill in the 1949 tax rate. Another comment heard of late was in the tone of another recognition of the usefulness of the City Trust Commission in this community. Its sands are running out, although not for a few years yet, but the council has shown a disposition to avail itself of the scope of the Commission in his property buying.

Pierce Funeral On Thursday

Funeral service for the late John Wesley Pierce, of 492 Homewood Ave., will be held from the family residence to Trinity United Church at 3 p.m. on Thursday. The Rev. Dr. Bruce Gordon will officiate and burial will be at Litte Lake Cemetery.

Mr. Pierce died at his residence on Tuesday following a short illness. He was born at Eaton, PQ, 63 years ago, son of the late Rev. Barry Pierce and Catherine Farnsworth, and has a surveying office in Peterborough since 1932. He was a prominent member of both the Dominion and Ontario Land Surveyors Associations and was an Ontario, Manitoba and Dominion Land Surveyor.

Sr. Hi-Y Challenges Belleville Cub

Alan Clark, physical director of the YMCA, was guest speaker Monday at the Senior Hi-Y luncheon in the YMCA Board Room. Carl Sargent introduced Mr. Clark who was thanked by Howard Hempstead.

Ontario Hi-Y conference was discussed and it was decided to send delegates. The club is going to challenge the Belleville Senior Hi-Y Club to a home and home basketball tournament.

ADDRESSES KIWANIS

J. Alexander Edmison, K.C., executive secretary of the John Howard Society of Ontario will be guest speaker at the Kiwanis luncheon Thursday. His topic will be "Europe Revisited".

Federal Grant Depends On Old Hospital

Until a decision is made about the future use of the present Civic Hospital, the present Board of Governors has "no idea" how large the federal grant will be.

"If the present hospital is maintained in any form it will greatly affect the amount of the grant," said J. R. Marshall, chairman of the Board of Governors.

"It might be anywhere from $130,000 to $250,000," he said.

The new Civic Hospital would benefit under the Hospital Construction Grant, part of the Federal Government's new $30,000 national health program. This money, which is "to assist in providing additional public health service facilities," is part of the $13,000,000 set aside for that purpose—$4,336,439 of which is Ontario's share.

The worrying word in the clause is "additional." If the present hospital is closed up entirely 96 beds in the new hospital may be considered as replacements and not additional ones.

(According to Dr. G. W. Cameron, deputy minister of national health, who spoke in Peterborough recently, "$1,000 is to be provided to assist in the construction of each active treatment bed and $1,500 for each chronic or convalescent bed, provided the province makes an equal grant.

Normal School Site Still City Property

The Normal School site, gift of the city to the provincial government, has never been registered as departmental property. The deed is not in the records and possession of the architectural branch of the Department of Public Works. That omission was recently ascertained when the council applied to the government for a right-of-way through a fringe of the school property desired by a ratepayer.

Hon. H. R. Scott, in a letter to the council Monday, suggested friendly expropriation to clear the government's title of the property. The council agreed to the formality of correcting an oversight at the time the land was contributed by the city in 1907-08 for the Normal School location.

Manitoba SOS For Aid Will Be Heard

OTTAWA, March 9 — (CP)— A spokesman for the federal government's Fish Prices Support Board said Tuesday night the plight of some 2,000 Manitoba fishermen has been substantiated and will be brought to the attention of the Cabinet within the next two days.

A report from Gimli said the fishermen in Manitoba's interlake region were facing financial ruin because of inability to find markets for hundreds of tons of frozen fish caught this winter.

The spokesman said the board received an appeal for help about 10 days ago and immediately sent out an observer, since the federal government does not administer fisheries in Manitoba.

"The observer has just returned and his report has been under consideration by the board for the last two days," the spokesman said.

At Gimli, Steini Kardal, president of the Manitoba Fishermen's Association, said fishermen had no funds to remove stores of fish from fishing grounds. Their credit had been stopped by storekeepers because of the market failure.

The spokesman here agreed conditions for Manitoba's fishermen were grim.

They had arisen only recently because of two important factors:

1. Decline in the United States market for Canadian frozen fish within the last two or three months.

2. Slowing down of the fishermen's mail order business for frozen fish both in Canada and the United States because of adverse winter conditions.

Dancer On Trial

LOS ANGELES, March 9 (AP) —Vicki Evans, blonde dancer, went on trial Tuesday on marijuana charges while movie actor Robert Mitchum, currently a county jail prisoner, waited for an hour to testify. Miss Evans, 25, is charged with participating in a marijuana smoking party last Aug. 31 with Mitchum and two others. After Mitchum had waited about an hour, Miss Evans' counsel announced he would not call the actor, who has already been convicted.

Finishes Post Mortem

PEMBROKE, March 9 (CP) — Dr. M. O. Klotz, Ottawa pathologist, Tuesday completed a post-mortem on the body of George J. Simpson but a report of his findings may not be disclosed until today. The post-mortem was expected to determine whether the double shooting of the 48-year-old Pembroke jeweller and his wife early Monday morning was a case of double suicide or murder and suicide.

THREE LITTLE PIGS, among 85 rescued from $25,000 blaze in barn on N. O. Hiple farm, Spottiwood, near Glen Morris, are held by Roy Sholer (left), Mr. Hiple and Henry Fetter. One hundred and fifty Yorkshire pigs were lost in blaze.

Syria To Delay Armistice Talks

DAMASCUS, Syria, March 9—(AP)—Reliable informants said today Syria has refused to enter armistice talks with Israel until termination of similar discussions now under way between Israel and Lebanon.

The same sources said Syria has informed Dr. Ralph J. Bunche, United Nations mediator at Rhodes, she will not consider any proposal to alter the present positions held by Syrian troops in Northern Palestine.

Peace Talks Bogged Again

NANKING, March 9—(AP) — Government preparations for peace talks with the Communists were bogged down today pending formation of a new cabinet.

Premier Sun Fo and his cabinet resigned yesterday, but Sun still heads the 10-man committee named to draw up the government's peace plans. Most of the committee is composed of cabinet members, who agreed to stay on their committee job until a new cabinet is formed.

Gen. Ho Ying-Chin, former defence minister, still appears to be the choice of acting president Li Tsung-Jen for premier. Ho is in Hangchow celebrating his 60th birthday. Ho has been quoted as saying he doe not want the post. When these customary Chinese amenities have been dispensed with, the decision wil lbe known. Whether the new premier will replace Sun as chairman of the committeee is causing much speculation here.

Czechs Close Border Along U.S. Sector

HOF, Germany, March 9—(AP) —German border police said today they had been informed Czechoslovakia will close all border points to American-occupied Bavaria March 20.

The Germans said the regulation probably will affect only foot and road traffic.

American military government officials said they had no explanation either.

Heroic Mother Saves One Twin

GREENVILLE, Ont., March 9 (CP)— A two-year-old boy was saved by his heroic mother from the icy waters of Spencer's Creek Tuesday while his twin sister drowned. Plunging into six feet of water, Mrs. B. H. Russell could save only one of her children.

Unable to break through a three-inch layer of ice on the creek six miles West of Hamilton, the woman watched little Catherine Elizabeth drown. Seconds before he had pulled little George Henry from the fast-flowing water.

Volunteers of the West Flamboro Fire Department used a boat to recover the girl's body but 30 minutes' work with an inhalator by Hamilton firemen failed to revive her. The children had wandered out on the ice of the creek behind an old mill dam about 75 yards from their home.

Hearing yells of her son, Mrs. Russell rushed from her home and jumped into the creek. Neighbors ran to the scene to hear the mother screaming "I can's find Cathie."

Mr. Russell was at work in Hamilton at the time.

Phony Publicity Frightens Paris

PARIS, March 9 —(AP)—Some Parisians going to work this morning thought they were still having a nightmare.

Gen. DeGaulle's party, reassemblement du Peuple Francais, had plastered billboards during the night with phony announcements of a Red occupation of Paris.

Rubbing their eyes, the early-morning crowds saw imitation of the newspaper Le Matin which had collaborated with the Germans. Now it bore headlines such as these:

"We will collaborate in honor and dignity, Premier Thorez says in radio message."

"London suffers unprecedented bombardment."

'Britain at the end of her rope."

Floods Cut Supplies For 1,300 Australians

SYDNEY, Australia, March 9—(AP)—Rain-caused floods have cut off 1,300 persons from food and medical supplies in a normally-arid section of New South Wales. At least three persons are missing, and may have been drowned.

Four to five inches of rain which fell within a few hours converted wide areas in the northwest corner of the province into a veritable inland sea.

The flood area starts about 100 miles north of the mining town of Broken Hill.

POW Captured In Factory After 3 Years

MONTREAL, March 9—(CP)—Officials of the army and RCMP announced here Tuesday that a German prisoner of war who escaped in Canada three years ago, has been captured in a suburban Ville la Salle chemical plant where he was working.

The man was identified as Willie Gottschalk, 28-year-old merchant seaman. Police said he probably will be deported to the Russian occupied section of Germany, where he lived before the war. He is being held in provincial police headquarters pending advice from Ottawa.

Major Charles Rochon, the army's provost marshal here said about 30 more escaped Germans are still thought to be in Canada.

Major Rochon said Gottschalk was held in the highest esteem by fellow workers and employers in the plant. He was earning about $50 a week and living in East-Central Montreal.

The German escaped from Tillsonburg in September, 1946, while he was working as a farmhand He had been held at a prisoner-of-war camp at Monteith.

"He is not very happy at the prospect of returning to Germany," Major Rochon said.

Gottschalk was said to be the first prisoner of war to be captured in Canada since Hans Hilpert was found here in August, 1947, working as a cook.

RCMP Inspector W. Brady said the arrest was made as a result of "reliable information" on which constable Stan Sauter was working.

Power Proposal Sidetracked

WASHINGTON, March 9—(AP)—The Federal Power Commission formally announced Tuesday it has pigeon-holed New York's proposal to construct with Ontario only the power phase of the proposed St. Lawrence Seaway Development.

The Commission's action, in view of President Truman's opposition to the New York proposal, was not unexpected.

Truman has said time and again that the power construction should go hand-in-hand with the building of the seaway.

Late last year, the State Department put the damper on the New York proposal by declining to refer the matter to the International Joint Commission.

Approval by the latter Commission is necessary before construction can be undertaken. Thus, even if the Power Commission had decided favorably on the New York application, its approval would have been only academic.

Georgia Demos Bride Of Alun V. Davies

St James' United Church was setting for the wedding on Wednesday of Georgia Demos, daughter of Mr. and Mrs. Theodore Demos, to Alun Victor Davies, son of Mr. and Mrs. W. A. V. Davies, all of Peterborough.

The bride was given in marriage by her brother, Mr. Peter Demos of Cambridge, Mass., and the ceremony performed by the Rev. F. W. Craik. During the signing of the register Mrs. Charles Renaud played "O Perfect Love."

The bridal gown was fashioned of white chiffon crepe with fitted bodice, fastened with self-buttons, coming to a point over a full gathered skirt. The three-quarter length sleeves and sweetheart neckline were edged with filmy lace. A half-halo of orange blossoms that was also worn by her mother held the veil of white net. She carried a cascade of pink Delight roses and white sweet peas.

Mrs. Patricia Lambros of Wiarton was her only attendant. She wore pale blue tulle in classic design with full skirt gathered to a pointed bodice. Her matching hat was in Mary Queen of Scots style, and she carried a cascade of pink carnations.

Mr. Garry Davies was groomsman for his brother. Ushers were Ted Lambros of Wiarton and J. J. MacDonald of Peterborough.

For her daughter's wedding Mrs. Demos wore silver grey printed jersey with hat of black caracul and corsage of pink Delight roses. Mrs. Davies, mother of the groom, was in navy bengaline with white accents and hat of matching milan straw and her corsage was of pale pink roses.

For her wedding trip to Toronto and Niagara Falls the bride wore a suit of shepherd's check wool with three-quarter topcoat in apricot shade, half-hat of persian lamb, and black accessories.

Mr. and Mrs. Davies will live in Peterborough.

MR. ALUN VICTOR DAVIES AND HIS BRIDE, the former Georgia Demos, daughter of Mr. and Mrs. Theodore Demos. The groom is a son of Mr. and Mrs. W. A. V. Davies, all of Peterborough.

KING GEORGE SCHOOL

"There are five major interests in the life of an individual," said Mr. Quirt McKinney of the Normal school staff, addressing the meeting of King George Home and School Association Tuesday evening. He named them, Work, Worship, Child Education, Duty of Citizen to Community, and Education.

As his subject was recreation and parent education he dealt with the last named. "Recreation is anything you do because you like it," he told them. Sheets with songs of various countries were given each member and after he had explained the origin of each, he taught them the song. Then all adjourned to another room where he taught two folk dances.

Another speaker was Miss Helen Bonnycastle, Grade 3 teacher at Queen Alexandra school. Her topic was writing in the junior grades.

The speakers were thanked by the president, Mrs. B. Bell.

Mrs. J. Nornabell explained plans already made for the spring tea and bazaar being held in the school April 27. Mrs. Payne's room won the attendance award.

Refreshments were served by Mrs. J. Skelton, Mrs. F. MacConnachie and assistants.

Afternoon Skirts Horsehair Lined In Spring Showing

NEW YORK, March 9 —(CP)— Clothes that are frank, straightforward and wearable were presented last night in an advance spring and summer showing.

Daytime models are pencil-line in silhouette with navy and black the favorite colors.

One navy wool dressmaker suit featured a short jacket buttoned down the front with accents of grosgrain on the cuffs and lapels, and under the petal-shaped pockets.

What was labelled a 'prophetic' skirt comprised a straight back with a flying panel in the front.

Afternoon dressy models had molded hips with skirt fullness that flared gracefully to the hemline. The navy-and-white silk print showed the molded hipline with a skirt falling full with an overlap. The hem of the skirt was lined with horsehair to make it stand away from the wearer.

Evening gowns consisted of two types, the flattering bouffant and the bell silhouette, molded to the knees and then flared to the floor. Imported prints with huge floral motifs, some hand-painted on chiffon, taffeta and organza, were used extensively.

Bridge Winners Announced By Junior League

Catholic Junior League meeting was held Monday evening at St. Mary's Convent with Mrs. Gladys Leahy presiding.

Mrs. Dorothy McKenna announced that a rummage sale will take place Saturday, April 2 on first floor of the Knights of Columbus building. All articles to be donated should be delivered Friday evening, April 1.

Mrs. Louise Butler announced the monthly visit had been made to the hospital and House of Providence and magazines had been sent to northern parishes.

Refreshment convener, Mrs. J. Lynch stated that refreshments during lent would be curtailed to tea and cookies.

Miss Jean Dorris announced prize winners of the telephone bridge held February 24 were Miss Julia Murphy, high score and Miss Veronica Scollard, lucky draw. Gross receipts to date from the bridge are $30.00.

Mrs. Anne Gannon read rules of nominations and slips were handed out to be completed and delivered to the nominating committee 2 weeks prior to elections which will be held at the next meeting, April 11.

Members were favoured with a piano duet by Miss Bernice Greenan and Miss Betty Strano playing "Over Hill and Dale." Little Anne Murray, dressed in green, sang "My Girl is an Irish Girl" accompained by Miss Veronica Scollard. Miss Greenan played a selection, "On Wings of Song."

Legion Auxiliary To Adopt European Child

Mrs. A. Mason, president, conducted the meeting of the Ladies' Auxiliary to the Canadian Legion Monday evening. She introduced Mrs. Chas. Ray, president of Peterborough Branch of the Red Cross Society, who gave an outline of the work that is being accomplished in this district. She also told how blood donors can aid sick and suffering humanity and asked for assistance from the members. She was thanked by Mrs. R. Ritchie.

Sick committee, convened by Mrs. T. Sarginson, reported 36 calls, 2 lots of flowers, 1 basket fruit and 7 cards sent during the past month. Mrs. H. Beresford, social convener, thanked members for assistance in catering. Mrs. S. Windsor, sewing committee convener, displayed material that has been cut out, ready for distribution. Mrs. A. Gynane reported for Local Council of Women.

Mrs. F. Parsons donated 2 woollen baby sets, one to be given the Red Cross, the other placed by the Auxiliary.

The Auxiliary decided to adopt a European child through the Unitarian Service plan explained here recently by Dr. Letta Hitschmanova. The cost is $45 and a cheque is being mailed for this purpose.

A card party will be held on March 24 at the home of Mrs. Beresford on Murray St. An Empire Day tea and a bingo are also planned.

Refreshments were served by social committee.

DOROTHY DIX

Girl Finds Boys Easier To Catch Than to Hold

DEAR MISS DIX: I am a junior in high school and am fairly Good-looking and attractive. My problem is that after I have dated a boy two or three times he drops me, and I have no idea why. I try to make myself as interesting as possible. I don't quarrel with my boy friends. I dress well and have a good appearance. My mother makes my dates welcome, so I don't see why I am not popular.

Dorothy Dix

Can you help me solve the problem of how to hold my dates?

A BEWILDERED GIRL

✧ ✧ ✧

ANSWER: Well, daughter, it is always easier for a girl to catch a man than it is to hold him. The charm that wows him one days falls flat on him the next, and so it is no wonder that you little sweeties are bewildered when the lads who they thought were their steadies drop them without rhyme or reason.

There are many explanations for this. One is that a boy's taste in girls changes as it does in all-day suckers. Or he outgrows the girl, or he goes off to school and absence makes the heart grow fonder of some other charmer. Or the boy is a kid and the girl is a kid and they don't know how to handle each other, so love's young dream just peters out.

Humiliating Experience

Millions of young girls go through this humiliating experience of having their steadies become unsteady and finally vanish from the scene, and they don't know why. They are just as young and pretty and cute today as they were yesterday and they can't see why Johnny or Tom has lost his taste for them, but he has.

Generally it is because a boy's fancy wanders to another, but mostly when a girl loses her boy friend it is because she did not know how to manage him. She drove with too tight a rein, or he was too possessive, or she was too jealous, or she hinted too much for presents, or she made too many demands upon him, or she wasn't a good play fellow, and so the dates became fewer and fewer until there were none at all.

✧ ✧ ✧

DEAR MISS DIX: I w[illegible] like some advice about how to get rid of in-laws who infest our house all the time and practically crowd us out of it. We are never able to have our own friends come to see us because my wife's people have just filled every nook and cranny in it. They never seem to think that we would like to have a little privacy and that we would enjoy being alone.

Can you tell me how to get rid of these deadbeats and still be a gentleman?

A. N.

✧ ✧ ✧

ANSWER: I doubt that there is any gentlemanly way of getting rid of sponging relatives. It takes a strong-armed man with a good vocabulary to rid his house of such pests, for hints and suggestions and harsh words and turning the cold shoulder on them won't do the trick. They will forgive you for treating them rought, and stay on.

However, this is no time to dally with the problem of visiting relatives because the housing shortage gives them a perfect alibi. You have to be up and doing and bar the doors quickly if you expect to escape your in-laws.

✧ ✧ ✧

DEAR DOROTHY DIX: What should be the length of time between when a boy asks you to marry him and when he gives you a ring and the engagement is announced?

EMILY

✧ ✧ ✧

ANSWER. It depends upon circumstances. There is no time limit. It may be either long or short as best suits the contracting parties.

Photogenic Male Discovers Modelling a Good Sideline

By ROBERT MARX
Canadian Press Staff Writer

NEW YORK, March 9 (CP)—So you think girls have the modelling field sewed up? T'ain't so—there are male models, too.

The handsome fashions-plate dressed in evening clothes or a business suit the detectives and thugs illustrating a mystery story; the he-man in trunks, surrounded by bathing beauties. But, unlike the girls, most of them make modelling a sideline.

Most important qualification for a model is that he be photogenic, says Miss Pat Allen, who heads a large New York model agency. But she says the word can't really be defined. It's just a matter of looking well in a photograph. Often an unattractive man comes out as a handsome brute, and she says he can't explain it.

Many of the men who model are actors who find modelling a good way to earn some extra money and keep their faces before the public (including, of course, movie and theatrical producers and casting directors).

Only about one per cent of male models are free-lance," Miss Allen reports. "The others all make their main living from other full-time jobs."

How about pay? The girls have the edge. Men are paid less top about $15 an hour— because they don't have to bother with fancy hairdressing or wardrobes.

Of All Ages

Males of all ages can model. Children are brought to model agencies by parents. Older men are in demand for poses requiring dignity, character, or caricature.

Often a model has to have photogenic hands or feet as well as face. The hand supporting a tray of Martinis in a liquor ad is that of a paid model.

Almost all models work through agencies. Advertising companies, art directors and individual photographers keep files of all models who work for them, and ask an agnecy for the right type when they need a model.

"But it's not as simple as that," said Byron Halsted, veteran actor. "There's lots of legwork and you've got to have plenty of initiative to sell yourself.

"Modelling is a lucrative profession if you work at it 365 days a year."

Tom Ward, a young actor who has not been modelling long, said that besides fashion work he has [illegible] ed the "straight" role in some "undes[illegible]les." For girls "undesirables" include lingerie advertisements or shots for "humor" magazines, when they call for scanty costumes.

"Girls get paid double for that kind of work," Ward said. "But mer get only half the regular rate because, in those 'humor' shots, they have all their clothes on."

Social Situations

SITUATION: You are arranging to meet a friend downtown and from past experience you know you cannot count on the friend's arriving on the dot.

WRONG WAY: Agree to meet at the entrance of some building in front of a theatre, or on a street corner.

RIGHT WAY: Pick a better place to wait in case one of you is late, such as a hotel lobby, where there is a chance of sitting down and relaxing while you wait.

Lapland has no doctors.

Doctors Prove You, Too, may win A Lovelier Complexion with the Palmolive Plan!

Regardless of Age, Type of Skin or Previous Beauty Care!

Have a lovelier complexion ... *In Just 14 Days!*

To gain a complexion men admire and women envy—stop improper cleansing. Instead, follow the Palmolive Plan—using Palmolive Soap alone—the way doctors advised. Yes, leading skin specialists proved that the Palmolive Plan brought lovelier complexions to 2 out of 3—*regardless of age, type of skin or previous beauty care!* Start *your* Palmolive Plan today. It's easy. 1. Just wash your face with Palmolive Soap. 2. Then, for 60 seconds, massage gently with Palmolive's soft, lovely lather. Rinse! 3. Do this 3 times a day for 14 days. This cleansing massage brings your skin Palmolive's full beautifying effect!

Remember... DOCTORS PROVE PALMOLIVE'S BEAUTY RESULTS

6—In Memoriams

DIXON—In loving memory of a dear father and husband also son, Malcolm Dixon, who passed away March 9, 1946.
His life is a beautiful memory,
His death is our silent grief,
He sleeps in God's beautiful garden,
In the sunshine of perfect peace.
His presence is ever near us,
His love remains with us yet,
For he was the kind of a father
His loved ones will never forget.
So we leave him in God's keeping,
The rough road safely o'er,
And our dear one we loved so dearly,
Has only gone before.
—Ever remembered by wife and family; also Father, Mother, Sister and Brothers.

DIXON—In memory of our dear father, Malcolm Dixon, who passed away three years ago today.
The rolling stream of life rolls on,
But still the vacant chair,
Recalls the love, the voice, the smile,
Of one who once sat there.
—Always remembered by Walter, Richard, Carole and Douglas Dixon.

EVERITT—In loving memory of Arnold Everitt, who passed away March 9, 1947.
There is a link death cannot sever,
Love and remembrance last forever.
—Remembered by his wife Irene, son Ted and daughters Mrs. E. Hotrum and Mrs. J. Kanally.

McCOLL—In loving memory of Clifford McColl, son of Mr. and Mrs. Hugh McColl, who passed away March 9th, 1941.
Days of sadness still come o'er us,
Tears in silence often flow,
Memory keeps you ever near us,
Though you died eight years ago.
—Remembered by Mom, Dad, Brothers and Sisters.

7—Cards of Thanks

Mr. William H. Gray would like to express his sincere thanks to the attending doctors and nurses of Civic Hospital also Rev. Mr. Kelly of Lakefield United Church and his many friends and neighbors for cards, flowers and other deeds of kindness during his recent operation and stay in hospital.

MEN WHO DESIRE TO SELL IN YOUR OWN BUSINESS
No Investment
Men Without Previous Selling Experience are establishing themselves in a business of their own Selling our Products, and the incomes that are being made are hard to believe. Would you like to see the proof of the earnings of one man, E.K., who was paid in cash last month (February) $1,452.00. He was operating as an individual Dealer selling our products on a Dealer's Discount basis.
This is not a salary job. You are in business for yourself. We finance your accounts, consign equipment, and pay your discounts weekly.
C.B., a Peterborough man, formerly on the railroad, earned $620.00 last month (February), and this is the first job he has ever had which had anything to do with selling.
There is no Investment on your part. However, Men applying must be between the age of 26 and 50, be able to furnish all references, have a Car, and be willing to take a test to determine their aptitude for selling.
One half the world doesn't know how the other half makes a living. Here's a chance for You to find out.
Our Company has just introduced another revolutionary new product —the last word in a Floor Polisher. The demand is so great we cannot keep up with it.
We don't particularly want Men with previous Selling experience. We will discount selling experience in favor of a desire to work hard and learn, because these products sell themselves on Demonstration.
Apply by letter to Box 36 Examiner.

Convict Two Priests In Mindszenty Case

BUDAPEST, March 9 — (AP) —Two Roman Catholic priests today were convicted and imprisoned, one of them on charges linked with the case of Joseph Cardinal Mindszenty.

Monsignor Janos Farbrian, archivist of the primate's court, was sentenced to one year on charges of concealing various documents concerning Cardinal Mindszenty's case.

Monsignor Mikloc Beresztczy, former director of Catholic action here, got eight months for "neglecting the duty to report to the police" regarding "the treason committed by Zsigmond Hihalovics," an escaped leader of Catholic action.

Would Tax Women For Being Unmarried

JUNEAU, Alaska, March 9—(AP)—Braving the wrath of spinsters, Democrat William Egan introduced a bill in the Alaska House of Representative Tuesday night calling for a tax of $50 a head on single women.

He said its intent was to "further the institution of matrimony, relieving the housing shortage and levy a special tax on the privilege of being single."

The bill was referred to the ways and means committee.

Bus Line Threatened

PARIS, Ont., March 9—(CP)—The strike of employees at the Penman textile mill here is threatening to put the town's bus line out of operation, owner George Griese reported today. He said receipts have dropped $25 daily since the strike started, making it impossible to carry on. He has appealed to town council for financial assistance.

Joseph Trudeau Takes Over Rate Assessment

HAVELOCK, March 9—(ENS)—Joseph Trudeau has been appointed village assessor at a salary of $300. His was one of two applications made to the town council.

County assessor Sparling of Peterborough under whose supervision the village assessor is to work, explanied to the council the new system of assessment which calls for size of lot, type of dwelling, exterior, roof, foundation, size basement, heating, plumbing to be taken into consideration.

Mr. Trudeau was asked to record the approximate capacity of the cisterns so the fire department could make an estimate of the water supply in the various sections of the village.

A communication was read from Charles L. Maybee, fire chief of Shedden, Ont., giving particulars of a fire truck equipped with four chemical engines which the village was offering for sale. No action was taken in the matter as the engines were old designs.

Veterans Granted $50

Harold Smith addressed the council, requesting a grant for the new Legion Hall. The veterans were given a donation of $50.

Mr. Lorimer, who operates the moving picture show in the town hall every evening, asked the council to reduce the $8 rental fee saying it was out of line with other municipalities in the district. No reduction was granted.

Chief of Police Bell reported two complaints, three accidents, two fires, one door unlocked, one break-in, four warnings and one charge during the period Feb. 7—Mar. 7.

Fleeced Of $800 In Card Game

BRANTFORD, March 9 (CP)—Frank Barchuk, Harley, told police Tuesday that he was fleeced of more than $800 in a card game at a local hotel.

He said he was approached by a man on the market square and persuaded to join the game. After losing the money he had with him, Barchuk said he went to his bank, drew $800 and lost it too.

He said he played with three other men one of whom was also "losing." When the latter and Barchuk were broke they set out to get some "bonds."

His companion suggested that Barchuk return to the hotel to make certain the other two men remained in the game. Both had fled when he returned to the hotel and the man with the bonds has not been seen since either.

Robbers Use Tank Technique

LONDON, March 9 (AP) — Bandits used tank corps technique, complete with crash helmet, to smash and loot a jewelry store window today.

Witnesses said three men in a car drove over the sidewalk and into the jewelry store window in South London. A fourth man rode on the roof his head protected from flying glass by a helmet.

The "turret" burglar grabbed trays of valuable jewelry. The car swerved back into the street and sped away.

Proprietors could not estimate the loss but said it was considerable.

Pollution Of River

TORONTO, March 9 (CP) — The Humber Valley Conservation authority will seek aid from the Ontario Government to combat pollution in the Humber River and restore what members termed "a natural playground."

At a meeting Tuesday, B. Lewis, Etobicoke member, said a series of parks and recreation grounds would be established on both sides of the Humber when the river is cleaned.

He said more than 1,500,000 people would benefit by the development but Toronto would pay the largest share of the cost.

Student Veterans Offer Scholarship

KINGSTON, March 9.—(CP)—The Students' Veterans' Council at Queen's University today announced a scholarship for sons and daughters of war dead. Officials said the scholarship is in line with resolutions passed at a recent national conference of student veterans. Necessary arrangements have been made with the university.

The award is to be on the basis of academic merit and financial need, is tenable at Queen's and is open to any part of Canada. Amount is subject to modification but is to be not less than $100 a year to each student qualifying. Money not used for the awards goes into a fund from which loans may be made as a supplement to the scholarship. Funds will be raised among war veteran graduates and undergraduates of Queen's.

Britain Helps House Hunters

LONDON, March 9—(CP) — The Commons has approved legislation to prevent unjust premiums being demanded of homeless people who require accommodation.

"Key money" can no longer be charged. Excessive prices for furniture or other articles as a condition of tenancy, are to be treated as premius and will be illegal.

A tenant who has paid a legal premium in return for a reduction in rent will be allowed to charge a succeeding tenant a reasonable proportion of this premium.

Health Minister Bevan, as sponsor of the Landlord and Tenant (Rent Control) Bill said it was always illegal for a landlord to charge key money and now it would be illegal for tenants to make such a charge.

"The time has come to put an end to this mischief which has caused a considerable amount of ill-feeling, much hardship and aroused a great deal of public indignation," he said.

Mrs. Jean Mann, Labor member for Coatbridge, said severe overcharges were made by landlords for furniture and other articles.

"There might be only a nail in the bathroom, a towel rail, or a laundry pole in the kitchenette, yet the price charged is often £100 ($400). It is really key money."

Family United After 25 Years

VANCOUVER, March 9 (CP) —A 25-year-old dream came true for Francesco Calle.

"Frank," as he is called, was the first of an excited crowd of 50 Italian citizens to run down the station platform after waiting more than an hour and a half for an important train to come in.

The crowd cheered as Frank scuttled aboard a coach to welcome his wife and 25-year-old son whom he left in Italy more than a quarter of a century ago.

He kissed the son he had never seen, and then kissed his wife while the crowd cried a little and sang a little, because it was so good to see.

It was 25 years, almost to the day, since bad times at home forced Frank to leave his wife, Carmello, in the south of Italy and cross the Alps into France in search of work. There he found a ship bound for Canada, and he wrote Carmello that he had gone to find a new home for her and her expected baby.

But poverty, immigration regulations and then war kept him from realizing his dream, and theirs, until recently.

The world was once again a good place in which to live, as Frank, Carmello, and their son Vincent, made they way through the happy throng to their new home.

James Stewart Returns To Reporting In New Film

By BOB THOMAS

HOLLYWOOD, March 9 (AP) —James Stewart, the movie makers' idea of a newspaper man, has his pad and pencil out again. He is playing a reporter of sorts in "Operation Malaya" and he admits he is sticking his lengthy neck out.

Jimmy said he doesn't know why he is so often chosen to play reporters, but he doesn't mind it at all. "Newspaper men are such complex characters, they're a challenge to play," he remarked.

Risk Wrath

The only hazard is risking the wrath of newspaper men by movie boners. His last news job, "Call Northside 777," had a whopper. Reporter Stewart slipped some paper into the typewriter and put a headline on the story before he wrote it. (Reporters don't write heads on Metropolitan papers.)

Jimmy said many newspaper men commented sourly on that inaccuracy. (The typewritten copy was single-spaced, too!) There were also jeers about the luxury of the reporter's apartment.

The actor started his film career in 1935 as a reporter in "Murder Man." He has also legged it in "The Philadelphia Story," for which he snagged an Academy Award.

He jests that he's not so sure "Malaya" will be as good for him.

"In the first script, I was killed in the last reel. It has gradually been shoved forward so now I get bumped off in the third or fourth reel."

The scene may not salve his actor's pride, but at least it demonstrates good qualities for a reporter: Listen well, ask questions and keep moving.

HOW EPIDEMIC SPREAD—Tutu, a young Eskimo, is believed responsible for the spread of poliomyelitis through an area of 100 mile radius on the northwest coast of Hudson Bay around Chesterfield Inlet. Tutu who has been identified as a carrier, left Churchill in September en route north. He visited Nunulla and Eskimo Point on the coast leaving cases of poliomyelitis at both places. Jimmy Gibbons, Eskimo special constable with the RCMP at Eskimo Point, contracted the disease and both arms became paralyzed. In that condition Gibbons travelled to Padlei, 100 miles inland, and seven cases and two deaths have been reported from there. He continued on to Chesterfield leaving infection at every community he visited. As a result over 60 cases have been reported, 13 have died and 36 Eskimos paralyzed.

Can't Account For Missing 2,000 Votes

McCabe Says Eyesight Not Too Good, But Always Manages

TORONTO, March 10—(CP)—Dan McCabe, returning officer in the election last June in Toronto St. George, said he was unable to account for the discrepancy of some 2,000 votes in the plurality of Education Minister Porter, in his report and an official recount.

"I can't account for it," Mr. McCabe told an Ontario Legislature Committee on Privileges and Elections. "If I could, I would have cleared this up long ago."

The committee, set up to investigate CCF charges of irregularities in the election, examined reports on voting in Polling Division 10 of the riding.

Forms submitted to Mr. McCabe by the Deputy Returning Officer gave Frier 101, Porter 27 and MacVicar 35. Mr. McCabe's report was the same except that Mr. Porter's vote read 127

Provincial Treasurer Frost, chairman of the committee, asked Mr. McCabe, who has an obvious cast to his right eye, whether his vision was good.

Not Too Good

"It's not very good," Mr. McCabe said. "I can get by on it."

He said he was able to read figures on the election documents.

An investigation conducted by Major Lewis last January 17 showed there were discrepancies in 25 polls between figures submitted by deputy returning officers to Mr. McCabe and figures submitted by Mr. McCabe to Major Lewis.

In all cases the discrepancies were in votes cast for Mr. Porter and Mr. Frier, not in those cast for Mr. MacVicar.

CCF Leader E. B. Jolliffe asked if Mr. McCabe could suggest any explanation of the fact which seemed "more than a coincidence."

"No, I can't suggest any explanation at all. I don't know how it happened. I didn't know it had happened."

Mr. McCabe agreed these polls would be among the first to be received. Mr. Jolliffe said in all these polls but one Mr. Frier was in the lead.

Mr. McCabe told Mr. Frost he had not changed any of the forms submitted him by deputy returning officers. He agreed that if any changes had been made it was by someone else.

Mr. McCabe told Mr. Jolliffe that during the first 15 minutes after polls closed, Mr. Frier was leading.

Mr. Frost suggested two theories that someone might have been "stupid enough" to attempt to add votes to Mr. Porter's "already healthy majority" or that someone attempted to add votes to Mr. Porter's count "to discredit him."

Mr. Jolliffe suggested a third theory: that someone was afraid as first votes came in that Mr. Porter would be "licked," and had attempted to change the vote.

Mrs. Grace Livingston, returning officer's clerk, said she could offer no explanation of the discrepancies.

Consider Budget

MOSCOW, March 10—(CP).—Russia's two-house parliament, convened for what may be a revealing session, voted today to consider the Soviet Union's budget for 1949 in joint session. The Council of the Union and then the Council of the Nationalities, equal houses in the Supreme Soviet of the USSR, took the action soon after assembling for a meeting closely watched by the Western countries for clues to Russia's intentions.

Smuts' Party Making Good Comeback

JOHANNESBURG, March 10—(CP).—Jan Christiaan Smuts' United Party, ousted from leadership in the government last May, was making a strong comeback to-day in the early returns from the South African provincial elections.

The voting, held Wednesday, was heavy. Election officials predicted it would exceed the polling in the general election. The ruling Nationalist Party of Prime Minister Daniel Malan looked for a heavy popular vote in support of its policy of complete "white supremacy"—a key issue in the elections.

Although party strength in the National Legislature was not at stake, the elections represented the first popular test of Nationalist support since Malan defeated Smuts in the May general election.

Early returns showed that the United Party piled up bigger margins of victory in incumbent seats than it did in the general election. It also was holding its own elsewhere against the Nationalists.

Results tabulated by noon showed Smuts' Party holding a substantial lead in three of the four provinces. However, at that time returns from more than 70 districts were still forthcoming—mostly from rural areas thought to favor the Nationalists.

At noon the United Party had won 62 of the 171 seats contested. The Nationalists won 23.

Believe Driver Hiding In Bog

NEWMARKET, March 10—(CP)—Police today continued their search for 28-year-old Harold Bate of nearby Holland Landing, believed to be the driver of a stolen automobile in which a teen-ager was killed and another severely injured Wednesday after an 80-mile-an-hour chase.

The car went out of control and crashed into a cedar swamp killing 18-year-old Norman Edwards of Newmarket and injuring 19-year-old Donald Douglas of Guelph. Douglas is in hospital suffering a broken hip and internal injuries.

Police believe that Bate was holed up in a shack in the nearby swampland. Wednesday night they were informed that Bate, who knows every inch of the treacherous bogs, had fled there.

Israel Denies Clashes With Arabs

Trans-Jordan Says Jewish Troops Reach Gulf Of Aqaba

TEL AVIV, March 10—(Reuters)—An Israeli military spokesman today categorically denied reports from Arab sources that clashes have taken place between the Trans-Jordan Arab Legion and Israeli troops. "All Israeli units were, and are, within Israeli territory," he said.

"They have not crossed any frontier, nor have they any intention of doing so."

Denying Arab reports Wednesday night of clashes between Trans-Jordan troops and Israelis advancing swiftly towards Aqaba, the spokesman said:

"There have been no clashes and there are no clashes at present going on.

"Israel has no designs on Trans-Jordan or Aqaba, which is inside Trans-Jordan territory."

The Israeli military spokesman suggested the Arab reports of clashes might be cover for the possible intention of their crossing into Israel to create a "suitable atmosphere" during the present armistice talks at Rhodes.

He would give no comment on the whereabouts of the Israeli troops in this area.

Reach Gulf

AMMAN, Trans-Jordan, March 10—(Reuters)—An Israeli force today was reported to have reached the Gulf of Aqaba, at the head of which stands Aqaba port, where British troops were stationed. Trans-Jordan sources here added that the Israelis were digging in.

A large Israeli force, including heavy tanks, was said to have advanced down the Wadi Araba in the Eastern Negev area of Southern Palestine, which runs close to the Trans-Jordan frontier, but to have been "repulsed" 30 miles to the north by the Arab Legion.

Arab reports said a detachment from this column crossed five miles into Trans-Jordan territory yesterday, reaching El Risha.

Report Roads Fair As Light Snow Falls

TORONTO, March 10.—(CP).—A light steady snow throughout Ontario today has left all roads snow-surfaced, but in "fair" driving condition, the Highways Department reported.

Roads in the extreme soouthern sections were lightly sprinkled, while those in the north and central areas received from two to five inches.

Sanding and salting operations are continuing as the snow was expected to fall all day. The weather office reported a storm, moving north from Kentucky, may hit Ontario later today.

Misunderstand Remarks

TORONTO, March 10 (CP).—Fire Marshal Sam Hill, who was reported to have said that all but two of Toronto's Public Schools are fire traps, said Wednesday that he had been "misinterpreted and misunderstood." He said he based his remarks to a special civic committee on Tuesday on a report compiled in 1943. "In that report, 37 of the city's 87 Public Schools were listed for "improvements." "What I really told the committee was that a few of the 37 schools had been improved and that the remainder of the 37 are fire traps if they are in the condition the report describes."

Drop Food To Ranches

SYDNEY, Australia, March 10—(CP).—Planes today began dropping food parcels to more than 60 ranches isolated by flood waters sweeping through "the dry corner" in northwestern New South Wales. Police and medical department planes dropped the first of many 12-pound parcels soon after dawn this morning. Other light aircraft left Broken Hill to fly a shuttle service to the small township of Tibooburra, short of food for a week.

Mutiny Reports Exaggerated Captain Says

BALBAO, Canal Zone, March 10—(CP).—Cmdr. M. A. Medland, captain of the Canadian destroyer Athabaskan, today described as "grossly exaggerated" reports that there had been a "mutiny" aboard his ship.

An investigation is under way of the incident which Cmdr. Medland likened to a "family upset." The incident which gave rise to the mutiny report occurred Feb. 26 while the ship was oiling at Mazanillo Bay, Mexico.

"The men asked some questions and I answered them," the captain said.

He added that an anonymous letter had been printed in a newspaper in Vancouver wherein the "vicious word 'mutiny'" was used. He said this explained the sensation which had been caused.

Cmdr. Medland said the questions the men asked involved "routine" matters of work schedules. He said the ship had not been delayed in any way by the incident.

Asked whether any disciplinary action results, the captain said the investigation still is under way and that no final decision has been made.

Answering a question whether any officers participated, he said the incident involved "only junior men and no senior men." He said there had been no further occurrence since.

Drope Complains About Service

OTTAWA, March 10 (CP)—The government was upheld 174 to 39 in a confidence vote in the Commons Wednesday, but there were indications that the division only paved the way for a new non-confidence motion.

The vote was on a motion sponsored by M. J. Coldwell, C.C.F. leader, during the debate on the Throne Speech. Its defeat—it was opposed by Liberal and Progressive Conservative members—opened the way for a similar motion by the Social Security party.

Solon Low, Social Credit leader, will have the floor when the debate on the Throne Speech is resumed today.

The C.C.F. motion asked the House to vote non-confidence in the government because of its failure to provide an over-all national health insurance program. It also called for the elimination of speculation in foodstuffs and steps to provide for the orderly marketing of farm products and for the exchange of goods needed in Canada.

Form of Amendment

Police Trail Pair Of Suspects To Washington Pawnshop, One Wounded Resisting Law

Injure, Rob Passengers Of $1,000 On West Virginia Train; Take Kidnapped Fireman To Tavern Holdup

WASHINGTON, March 10—(AP).—Police reported a confession today from two suspects seized in the daring Martinsburg, W. Va., train robbery. The two were trapped by police today in a Washington pawnshop. One was shot when he drew a pistol. Police Lieut. John E. Winters, who said the pair confessed, named them as Luman Ramsdell, 23, and George Llewelyn Ashton, 21, both of Youngstown, Ohio.

Winters said Policeman Elwood Lomax fired when Ramsdell drew a .45-calibre revolver. Ramsdell was taken to a hospital with a bullet wound in the stomach.

The two were captured 15 hours after two young gunmen halted the Baltimore and Ohio's westbound Ambassador train Wednesday near Martinsburg, terrorized passengers and escaped with more than $1,000.

Ramsdell and his partner were found in the pawnshop by officers searching the area on a tip that two young men resembling the train robbers got off a bus from the train robbery area.

Buying Suitcase

The men, police said, were talking about purchase of a suitcase in the pawnbroker's when Lomax and Constable James D. Kennedy entered.

The officers said that the pair answered the descriptions given for the train robbers, and they approached to ask for identification.

Lomax said Ramsdell made a gesture toward his hip pocket as if to produce a wallet. Instead, the police said, he came out with a pistol.

Kennedy, standing alongside his partner, shoved the second suspect into the man with the pistol, at the same time yelling to Lomax:

"Let him have it."

Lomax did. The second man gave up.

Detectives who reached the scene soon after the shooting said they found several hundred dollars in the men's pockets, in bills ranging from $1 to $20 denomination. They expressed belief it was part of the train robbery loot.

Confess Guilt

The detectives said they asked both men directly:

"Did you help rob the train in West Virginia Wednesday night."

"Yes," was the answer from both men, the officers said.

The first tip that the train robber suspects had backtracked to Washington came from Martinsburg police, who were informed that two suspicious looking men had been questioned by a Leesburg, Va. policeman. The latter,

4-Count Indictment Returned In Spy Case

NEW YORK, March 10 (AP)—A Federal Grand Jury to-day returned a four-count espionage indictment against Judith Coplon, Department of Justice analyst, and Valentin A. Gubitchev, Russian engineer employed by the United Nations.

One count said Miss Coplon delivered to Gubitchev "information relating to the national defence, to wit, documents, writings and notes containing intelligence reports relating to espionage and counter-espionage activities in the United States."

Apsley Man Killed By Log Jammer

Henry Edwards, 46, of Apsley, was instantly killed Wednesday when a log jammer attached to a bulldozer he was driving broke his neck and crushed his chest.

Mr. Edwards was driving the bulldozer at the Standard Chemical Lumber Camp at Harcourt, Haliburton County, which was pushing a log jammer ahead of it. The only witness to the accident was Edward Brooks, who saw the jammer fall back against the tractor. He warned Edwards to jump, but the noise from the tractor was too great for him to hear and he was pinned down in the driver's seat as the jammer fell on him.

Brooks rushed to Edwards' rescue but found that he had been instantly killed.

Mr. Edwards, who has a wife and two daughters, had been working at the camp since July.

Provincial Constable E. J. Milligan of Minden, investigated the accident.

Quebec Woman Found By Police

TORONTO, March 10 (CP)—A 43-year-old Hull woman, Roma Bishop Anderson (alias Gibson), sought by Quebec provincial police since Monday on a charge of murder, was arrested here early today.

Her arrest was in connection with the death in a Hull hospital of 25-year-old Jacqueline Lambert, of the Hull suburb of Deschenes. Quebec police said the Lambert girl died as the result of an abortion and illegal operation.

Taken into custody with the woman was a 46-year-old man identified as William Francis Gibson, said by police to be her common-law husband. He was held as a material witness.

The couple was found by police in the home of friends—a flat in a fashionable west-end Toronto residential district. Police said the couple came to the flat Sunday.

Detective Normendeau said both Gibson and Roma Anderson would be charged with murder.

Police said they believed the two had rented a room in Ottawa and in the cellar of a house at Deschenes where abortions were performed on girls living in Ottawa and Deschenes.

They said five men in Hull had been arrested but police did not say what charges had been laid.

Toronto Girl Located Goes To Winnipeg Police

WINNIPEG, March 10—(CP).—Mary Elizabeth Walsh, 15-year-old Toronto girl whose disappearance 10 days ago touched off a wide search and raised the possibility she might have been kidnapped, today waited to board a plane to take her back to her home from where she started on a 1,300-mile hitch-hiking trip. Her whereabouts became known Wednesday when she walked into a police station here and told officers she understood her parents were worried about her. She discounted rumors that she might have been kidnapped and said she "just got the idea she wanted to leave home."

Police, meanwhile, are seeking two men whom the attractive girl said had given her rides from Ontario to Wadena, Sask., 100 miles west of the Manitoba border.

Detective Inspector Peter Cafferty and Mrs. E. J. Laidlaw—superintendent of the Manitoba Home for Girls where Mary was given overnight accommodation—said she was in "fine physical and mental condition."

The story of her disappearance began after breakfast March 1, when she left her home with word to her parents that she was going to visit a friend. She took with

Radar Fence Wins Approval

WASHINGTON, March 10.—(AP)—Two defense moves to guard North America, in co-operation with Canada, against sneak aerial attack and to develop long-range missiles for counter-attack won unanimous approval in the House Wednesday.

The House passed and sent to the Senate a bill authorizing the air force to set up a radar fence to warn of the approach of enemy planes and a measure approving construction of a 3,000-mile range for testing guided missiles.

Robot missiles capable of travelling 500 miles will be ready for testing this year.

At the outset, the bills would limit expenditures to $85,500,000 for the radar warning system and $70,000,000 for the missiles range. Ultimately the radar net is expected to cost $161,000,000 and the rocket-test range about $200,000,000.

The proposed radar system would be linked up with a similar network in Canada and would be augmented by four radar picket vessels operated offshore by the navy.

21 Passengers Killed In Australian Crash

SYDNEY, Australia, March 10—(CP).—Twenty-one persons were killed yesterday when a Lockheed Lodestar aircraft crashed while taking off from Bilinga Airfield, 85 miles south of here.

The plane rose to about 100 feet in the air, then nose-dived into the trees near the end of the runway. Sixteen adults, two children and three crew members died in the crash.

Observers at the field said the plane appeared to be attempting a forced landing, possibly because of motor failure, when the crash occurred. The plane burst into flames as soon as it hit the ground, trapping anyone who might have survived the crash itself and making rescue work impossible.

Hears Daughter Screaming For Mercy From Killer

NEW YORK, March 10—(AP).—Two men and a woman died in a blast of gun-fire Wednesday night while a mother 3,000 miles away listened by telephone to her daughter's dying screams for mercy.

Police said Emory Holt, 32, apparently suspicious of a love triangle, called his wife's mother in Hollywood, and said:

"I am sorry for what I am going to do."

With the telephone circuit still open, police said, he shot his attractive, brunette wife, Norma, 34, and David Whittaker, 32, an executive in the firm where she worked, then killed himself.

It was a call from the panic-stricken mother, Mrs. Elsie Thomas, that led police to the scene of the triple-shooting in Whittaker's 16th-floor apartment in London Terrace, a huge apartment development in downtown Manhattan.

Police said Mrs. Thomas heard her daughter crying and pleading with Holt for mercy, then screams and a series of shots. Silence followed.

Mrs. Holt's body was found on a couch. She was shot in the chest and behind the left ear.

Beside her was Whittaker. He had been shot in the left forearm, right temple and left side.

Holt's body was collapsed over a chair, a bullet hole through his heart. An automatic pistol still was grasped in his left hand, police said, and a box of cartridges was found in his pocket.

A medical examiner listed the case as a double murder and suicide.

Police said Whittaker was an assistant to the president of the Universal Camera Corporation here. Mrs. Holt, they said, was secretary to the firm's president, Otto Githens.

Police said Holt apparently had taken his wife to Whittaker's apartment Wednesday night "for a showdown." An elevator operator said Mr. and Mrs. Holt had visited Whittaker's apartment on one previous occasion.

Dutch Won't Release Indonesian Leaders

LAKE SUCCESS, March 10—(CP)—An official Netherlands spokesman declared flatly today his country finds it "impossible" to comply with orders from the United Nations Security Council to restore Indonesian republican leaders to power.

The spokesman, J. H. Van Royan, Dutch U.N. representative, said he would state this view in an address to the Security Council this afternoon. "We believe," he said in an interview, "that if the Republicans went back, they would immediately avail themselves of the opportunity to start subversive activity and intensify the guerrilla warfare."

His country wants to make all Indonesia independent, but does not want "indepedence to mean the upset and trouble that it has meant for Burma." That Asian country has been plagued by almost constant civil war since it quit the British Commonwealth a year ago.

Decide To Run Communists Out of Town

Angry Australian Citizens Turn Political Meeting Into Minor Riot

SYDNEY, Australia, March 10.—(CP).—Residents of the small town of Bourke in New South Wales today decided to take the law into their own hands and "run every damned Communist out of town."

It was understood that about 30 Communists and Communist sympathizers are among the town's population of 2,000.

The decision of the residents' group followed a Communist-convened meeting Wednesday night when some 1,500 townsfolk turned it into a minor riot.

The meeting was held in support of Dr. H. J. P. McMeekin, Communist nominee in the Cober by-election for New South Wales' State Legislature. The townsfolk attacked four Communists and pelted them with rotten eggs and stink bombs.

When McMeekin tried to shout above the singing, the crowd surged forward and smashed his campaign table to pieces. They tore the coat and shirt from his back and pursued him to the police station, where he and his supporters ran for protection.

Crowds remained outside the station for four hours demanding that the police surrender McMeekin and his followers.

Wednesday night's meeting came only a few days after a statement by L. L. Sharkey, general secretary of the Australian Communist party, that Australian workers would welcome Soviet troops to Australia "if in pursuit of aggressors." This followed the line of other Communist leaders throughout the world.

The feeling at Bourke today is said to be typical of that all over Australia.

Find 2 More Youths From Reformatory

TORONTO, March 10.—(CP).—Two more of the five youths who escaped Tuesday night from the Ontario reformatory at Guelph were recaptured here early today, leaving only one man still at large, provincial police reported.

Found hiding in the North-End garage after a brief chase by police were Gerald Leduc, 19, of Timmins and Walter Johnston, 18. The third youth, Robert Morris, 17, of Sturgeon Falls, made his getaway.

Recaptured yesterday at Rockwood were Charles Clubine, 18, of Milton and 17-year-old James Albert of Barrie.

Pay Increase For Cabinet Rouses Storm

TORONTO, March 10—(CP)—Education Minister Porter leads off today as the Ontario Legislature resumes the budget debate adjourned Tuesday night.

Opposition members Wednesday criticized the government for restoring to $10,000 the Cabinet Ministers' salaries voluntarily reduced in 1937 to $8,000 a year by the administration of Liberal Premier Mitchell Hepburn. The salary discussion arose as the House considered the $13,800,000 estimates of the Agriculture Department.

Premier Kennedy said the salaries had been set at $10,000 by Statute and that no Premier had the authority to reduce them.

Liberal Leader Farquhar Oliver said any raising of salaries should have been done last year when the Legislature approved an additional $1,000 expenses for all members. The Ministers' raise was being introduced at a time when social services were being limited to persons who "needed them very badly." The Government had recently declined to raise the basic old age pension from $30 to $40 monthly.

"Collossal Gall

A. A. MacLeod (Lab-Prog—Toronto Bellwoods) said the Government has "the collossal, unmitigated gall" to accept higher salaries 24 hours after refusing the pension increase. This was "one of the most disgraceful acts ever performed by Government members in the history of this Province."

Provincial Treasurer Frost asked if Mr. MacLeod had refused the $1,000 voted members last year.

Mr. MacLeod said he had not been in the House when the measure was approved. There had been no division. The other Labor-Progressive member, J. B. Salsberg (Toronto St. Andrew) had been in the House, however, and had spoken against the motion.

William Temple (CCF-Toronto High Park) asked the government to consider adding a consumers' representative to the three-man Ontario Milk Board which now includes representatives of producers, distributors and one judge. The Premier said the Judge's duty was to represent consumers.

Asks Higher Estimates

Mr. Jolliffe suggested that estimates for the Ontario Veterinary College at Guelph, which was known throughout the western hemisphere, should be increased to allow the college to accommodate students from the United States and other countries who could not be admitted at present because of limited facilities.

Mr. Jolliffe said there was no provision in the estimates for subsidies on either cheese or hogs.

Mr. Kennedy said the subsidy on hogs was made while the Dominion government was requisitioning hogs for the British market. When the Federal requisition ended the Ontario bonus ended too.

The government would do "much more" for cheese than the two-cent subsidy.

Report Molotov Heads Defence

WARSAW, March 10 (Reuters)—The Russian inner defence cabinet has been remodelled under the direct control of Vascheslav Molotov, released from his duties as foreign minister last week, information reaching political headquarters here today indicated.

Molotov was said to have been charged with long-term co-ordination of the industrial and military potential of the Soviet Union and her allies in Eastern and Central Europe.

This move, these sources stated, reflects growing Soviet alarm at Marshall plan progress and the success of recent Atlantic pact moves by the west.

It was believed here that the first task of the reconstituted Soviet defence cabinet has been to call an Eastern Union meeting of satellite service chiefs with their political and intelligence aides which was reported due to take place in Hungary shortly.

Some quarters here believed the next step will be the summoning of emissaries from each country concerned to Moscow for briefing on fresh Soviet moves to counter growing western influence in Scandinavia and to discuss revised priorities for heavy industrial production.

OBITUARIES

MRS. JAMES SHARP

NORWOOD, March 10—(ENS)—Mrs. James Sharp, mother of Mrs. George Wright, died at her home in Toronto and the funeral took place Saturday at Trinity Anglican Church, Port Credit. Burial was at Clarkson Cemetery conducted by the Rev. B. Berley who was assisted by David Lemon.

MARY BRUNTON DAVIDSON

The funeral of the late Miss Mary Brunton Davidson took place Wednesday afternoon at 1.30 from the family residence, 643 Water St. Rev. C. C. Boyd of St. Paul's Presbyterian Church conducted the service and interment was made in Little Lake Cemetery.

The pallbearers were Messrs. W. S. Hill, Charles Ray, O. Watkins, George Middleton, George Huffman and Robert N. Pearse.

WILLIAM THORN

William Thorn, 87, of 308 Boswell Ave., died on Wednesday in hospital following a short illness. He was born in South Monaghan, son of the late John Thorn and Ellen Jane Lucas, and after farming in the Raeboro district for a number of years, moved to Peterborough in 1919.

He leaves his wife, the former Minnie Graystock, and one brother James of Millbrook. He was a member of All Saints' Anglican Church.

Funeral will be from the family residence to All Saints' Anglican Church on Friday at 2:30 p.m. The Rev. W. E. Kibblewhite will officiate and burial will be at Little Lake Cemetery.

MRS. CHARLES WILLIAMS

Mrs. Charles Williams, 75, of RR No. 9, Otonabee township, died suddenly at her residence on Wednesday. She was born in England, daughter of the late Mr. and Mrs. James Booth, and has lived in the Otonabee district for the past 41 years.

Besides her husband she leaves three daughters, Miss Frances Williams of this city, Mrs. Ben Cleland and Mrs. John Romonoff, both of Peace River, Alta. She was a member of the Church of England. The body is resting at the home of Miss Frances Williams, 527 Chamberlain St. Funeral service will be held at 2:00 p.m. on Saturday, March 12, from the residence of her daughter, Miss Frances Williams, 527 Chamberlain St., with interment in Little Lake Cemetery.

REUBEN J. LYNCH

The death of Reuben J. Lynch of Rochester occurred at his home there Wednesday evening. He was born in Peterborough, son of the late Mr. and Mrs. John J. Lynch. Going to Rochester in his youth, he secured employment with the Eastman Kodak Co., retiring several years ago.

Mr. Lynch leaves his wife and eight children. One son, Frederick, was killed in the service of the United States Army in the Italian campaign of the Second World War. There are also ten grandchildren. He leaves also his brother, Frank, and sister, Mrs. Wilfred Vondette (Agnes) of this city.

Mr. Lynch retained his interest in Peterborough by returning nearly every summer for his vacations.

MISS JOSEPHINE A. GORDON

Miss Josephine A. Gordon, 120 Lock St., died suddenly early this morning at her home. Death came several hours after she had returned from visiting friends.

Miss Gordon was born in Peterborough, daughter of the late Clement Gordon and his wife, Leonice de LaPlante. She had lived here all her life, and was on the staff of the Trent Canal office from which she had retired a few months ago. The news of her death was received by her many friends this morning with a deep sense of shock and with feelings of personal loss of a greatly esteemed personality.

She leaves her sisters, Mrs. John R. Marlyn and Miss Eva Gordon, and brother, Mr. Roland Gordon of this city. Miss Gordon was a member of the Church of the Sacred Heart, its Catholic Women's League and Altar Society. The body is resting at the funeral home of Thomas J. Lane & Son, 243 Hunter St. until Saturday morning when the funeral will be at 9 o'clock to the Church of the Sacred Heart and St. Peter's Cemetery.

VINCENT McDONNELL

The funeral of Vincent McDonnell, who died Wednesday in Detroit, will take place Saturday from the Anglesey Funeral Home, Simcoe St., at 8.15 a.m. to St. Joseph's Church, Douro. Requiem mass will be celebrated there at 9 o'clock, and interment will be at St. Joseph's Cemetery. Mr. McDonnell was the husband of Patricia McAuliffe. They both formerly lived here.

Wants More Hogs

LONDON, Ont., March 10 (CP). — Canadian farmers are missing the boat by reducing hog production instead of increasing it and taking advantage of a good export market, Clayton Frey of Sarnia told the annual Middlesex Seed Fair Wednesday. Mr. Frey, a director of the Ontario Hog Producers' Association, predicted that unless the present situation improves Canada will lose her export market within 10 years.

WINNIPEG GRAIN

WINNIPEG, March 10—(CP)—Rye futures prices continued to reflect the easier tone in this commodity on American grain markets, showing modest declines in light trading on the Winnipeg Grain Exchange today.

Light shipper demand supported both oats and barley where prices moved narrowly.

11 a.m. prices:

Oats—May unchanged at 72¼A; July unchanged at 68¾A; Oct. not open.

Barley — May ⅛ lower at 1.07⅜B; July unchanged at 99¼; Oct. not open.

Rye—May ⅝ lower at 1.19⅝; July ½ lower at 1.18¾A; Oct. ⅜ lower at 1.17⅛A.

Flax—May, July—Not open.

Clear cold weather continues over northern districts where temperatures 20-30 degrees below zero are reported this morning. In Southern Ontario readings are 20-30 degrees above zero. Under cloudy skies, a light snow is falling in most localities. A storm centre over Kentucky this morning, headed for the coast, will cause little change in the weather picture over Ontario today, but in its wake cold northerly winds will continue to bring polar air from northern regions into southern districts on Friday.

Forecasts:

Lake Ontario and Haliburton regions. Intermittent snow today and most of Friday, clearing Friday evening. Continuing cold. Winds northeasterly 20. Low tonight and high Friday at Trenton 19, 24; Killaloe 14, 18.

Summary for Friday: Intermittent snow. Continuing cold.

Victory For Dairymen

WASHINGTON, March 10 (AP)—United States Dairy interests claimed a first-round victory Wednesday in the battle of oleomargarine vs. butter. The House Agricultural committee gave thumping 24 to 3 approval to a bill to lift all federal taxes from oleo—but also voted to prohibit the sale of yellow-colored oleo in Interstate Commerce.

the world's food supply, Canada was one of the main surplus food producers.

Canadians did not know hunger as it was known in many parts of the world. He told of hearing how trucks were going about China picking up children who were dying in large numbers from starvation.

But Canadians in helping to supply the world's food should be careful to conserve the soil. Only a few inches of top soil separate the human race from plenty and from oblivion.

T. A. Kidd (PC — Kingston) protested against seizures of United States currency from Canadians living on the border who are innocently unaware of exchange control regulations.

While individuals were prevented from taking a few dollars across the border, scores of useless articles were allowed to come into the country through normal trade channels.

He blamed Finance Minister Abbott for failing to see that sufficient publicity was given to the restrictions. The controls were being "so rigidly enforced that they have become ridiculous." leader, which asked the chamber to declare that the government no longer enjoys its confidence. The vote on Mr. Drew's motion may be taken before the week-end.

R. E. Drope (PC—Northumberland) complained about the mail service in his Ontario constituency and criticized the operations of the National Film Board.

Mr. Drope said a large quantity of cheese is made in Canada, but not as much is being sold as formerly.

He criticized the government's tax policies and said "We are being taxed to death."

He urged efforts be made to solve the problem of distributing while raising assessment on other property a total of $750,000.

Toronto Girl

her a small bag containing a few personal belongings.

At an early hour today the parents still were waiting a chance to hear their daughter's voice on the telephone. Pending authorization from Manitoba's attorney-general, J. O. McLenaghen, nobody outside of officials was permitted to interview or speak to the girl, not even her mother, who made several phone calls from Toronto during the evening.

When Mary walked into the police station Wednesday afternoon, a few hours after reaching Winnipeg from Wadena, she astonished officers with the remark that she understood the police were looking for her and that her parents were worried about her whereabouts.

Search Restricted

With the search having been restricted to Ontario, belief having been she might have done to some ski centre, no circulars containing her picture have been received in Manitoba, and officers had to rely on newspaper reports to confine her story until they were able to check with Toronto police.

In her story to police, Mary was reported to have said that she had first gone from Toronto to Gravenhurst, Ont., then hitchhiked through Northwestern Ontario and Manitoba into Central Saskatchewan.

One of the two men who had given her lifts then was reported to have seen a newspaper account concerning her disappearance. Becoming worried, he drove her back to Winnipeg, left her on a city street with a curt "go to the police," and disappeared.

Police said that no charge had been laid against the two men whom they described as being fairly young, but that their whereabouts were being sought.

unaware of the train robbery, let the pair go after they explained they had been in an automobile accident.

The Leesburg policeman told Martinsburg authorities the men boarded a bus for Washington.

Posses of police from West Virginia, Virginia and Maryland had been searching the Blue Ridge mountain country for the men when the break came.

Brazen Robbery

MARTINSBURG, W.Va., March 10—(AP)—A brazen train robbery, executed with all the trappings of frontier days, put police of three states on the prowl today.

References to the days of Jesse James were many and frequent as officers pieced together an account of how the Baltimore and Ohio's westbound Ambassador was stopped and the passengers terrorized Wednesday night.

Shots were fired while two men ranged the coaches of the fast train.

Road blocks were set up. Bloodhounds came in from Virginia on the chance the daring bandits were hiding somewhere in the hills. They picked up no trail.

For several hours after the express was held up there was some confusion as to how many robbers there were.

Passengers and others were certain there were only two.

Th B. and O. could only find a report of two.

Tavern Robbery

But a tavern robbery which occurred nearby soon after the hold-up caused police to spend some time looking for four. They abandoned that theory later.

Because the train's fireman was "Shanghaied" and taken to the tavern, police said it seemed fairly certain the train bandits also looted the roadhouse.

The fireman, R. B. Purdue of Baltimore, later fled the tavern and rejoined his train.

Walter Epps, 30, of Baltimore, negro chef, suffered a minor leg injury when a bullet was fired through the glass of a train door.

Rebecca Davis of Detroit received head injuries when she was struck by one of the bandits with a gun. Others also were treated by a physician on the train.

The robbery occurred two miles west of Martinsburg shortly before 8 p.m. The signal cord on the train was pulled and the train stopped. All witnesses agreed that the robbers forced it to back up a considerable distance to what is known as Warm Springs crossing.

List Loot

The B. and O. had reports of $767 taken from coach passengers, along with a $100 ring and an $85 watch. The crew lost $126. Ten Pullman passengers also were robbed but there was no estimate of their losses.

After threatening and injuring some of the people, two men left the train and commandeered an automobile which had been halted at the crossing by the train.

Charles H. O'Roke and his wife were in the car. He told police he was beaten painfully when he protested against the men pulling his wife from the automobile.

The O'Roke automobile was driven away but soon after was found abandoned.

Still later police discovered an automobile taken from in front of the tavern looted soon after the train robbery.

Dr. John J. Prendergast of Detroit, medical director for the Chrysler Corporation, ducked gunfire to help the injured.

Checking On Lights

The Examiner regrets that Provincial Constable Cecil Chambers was erroneously reported on Tuesday to have been fined $5.50 for driving with inadequate lighting. Constable Chambers was the plaintiff, and has not been charged with any offence.

Gardiner Sees Markets As Urgent Need

CAMPBELLFORD, March 10—(ENS)—Rt. Hon. James G. Gardiner, Federal Minister of Agriculture, was guest speaker at the annual meeting of the Northumberland Liberal Association in the town hall, Warkworth, on Wednesday afternoon.

"Our present leader," Mr. Gardiner said "possesses that rare ability to form correct judments and every lawyer must admit that he stands at the top of his profession. Business men find in him a wise counsellor but business is quite aware that Mr. St. Laurent will not be a party to unfair business practices. I have been his colleague for nine years and I would rather serve under him than any other man in the government.

Need Outside Markets

"We must have British and European markets and part of the United States market," he stated, "so that farmers can sell their produce above parity. We cannot have markets abroad unless we open our home market to the countries who purchase our surpluses.

"The Tories brand the Liberal party," he remarked, "as being half way between those who believe in private enterprise and those who believe in socialism." Most of the social services we have today, he said, were discussed long before socialism came into being.

Old age pensions, unemployment insurance and workmen's compensation are a heavy drain on the national treasury but we must remember that the people are on the march and the common man must have a share of the amenities of life.

In answer to the question handed to him before the meeting: "Why doesn't the government promote trade with the United Kingdom?" Mr. Gardiner said that at the present time we were selling our surplus bacon, surplus butter and surplus cheese to Great Britain. We cannot afford to lose the British market because it is the surest market we have. Apples were practically the only commodity not sold extensively on the British market. This affected seriously Nova Scotia and British Columbia where apple production far exceeded home consumption. The British people were practically independent of foreign growers in apples.

As a safeguard against recurrence of war eight nations have formed what is known as the Atlantic Pact. Canada being a member will benefit economically from this union by furnishing large supplies of the products of her farms, forests and mines to member states."

William Fraser of Trenton, ex-Liberal member for Northumberland said that in order to win elections the constituency must be fully organized along business lines. He stated that the Liberals had lost Northumberland in 1945 because of lack of concentrated organization. "Give us a strong candidate," he remarked, "and we will send him to Ottawa in 1949 with a large majority."

The following committee were selected, the first named acting as chairman:

Finance Committee — Clayton Dudley Warkworth; Jack Burnett Cobourg and Walter Wiggins Campbellford.

Publicity Committee — Jack Ball Baltimore: Allan Field, Cobourg, and Clayton Smith, of Colborne.

Ladies' Committee—Mrs. Helen Upper, Colborne; Mrs. Minnie Craig, Brighton; Mrs. Lena Fisher, Cobourg; Mrs. Charles Wolfraim, Campbellford; Mrs. George Adams, Wooler; Mrs. Gordon McCubbin, Warkworth, and Mrs. Gilles McKay, Colborne.

The following members were named for the association executive: President, Leonard Gordon, Colborne; vice-president, Clayton Dudley, Warkworth; second vice-president, Mrs. Helen Upper, Colborne; secretary-treasurer, J. C. M. German, Cobourg.

The nomination convention for the choice of candidate will be held on Wednesday, March 30, at 8 p.m., in the Town Hall, Warkworth. Leonard Gordon of Colborne introduced the speaker. J. C. M. German acted as secretary and Dr. F. Robertson, Cobourg, was in the chair.

BEGINS NEW LIFE—Emma Woikin, one of the key figures in Canada's espionage trials and who served two-and-a-half years in prison for her role in the spy ring, is beginning a new life in Saskatchewan. She is shown here with Louis Sawula of Saskatoon, Canadian National Railway employee, whom she married last Saturday. Prior to her marriage she was employed in a chemical laboratory.

Find Sanitation Of City Good

Apart from the housing situation Sanitary Inspector R. M. McPherson expressed general satisfaction with conditions in Peterborough for February.

Altogether there were 33 complaints—12 for dwellings, six for rodents, four for animals and fowl, three for insects, and eight miscellaneous.

"Restaurants and booths were well kept during the month. Refrigerators, store rooms, kitchens and dining rooms were clean and foods wholesome and properly cared for. There were no foods condemned as unfit for human consumption."

He said that several slaughter houses were visited and found in good order. Bakeries, grocery stores, butcher shops inspected were all found satisfactory.

"The housing situation continues acute and we still run into cases of overcrowding," he said. "However, every attempt is made to relieve the situation and it is hoped that relief was in sight. One house was closed as unfit for human habitation. This was due to lack of sanitary facilities, lack of water and general disrepair. This action did not, however, cause any particular hardship on anyone since the house was vacant."

Local establishments inspected by the Sanitary Inspector include: pasteurizing plants 11, restaurants 37, refreshment booths 12, hotels 2, bakeries 6, grocery stores 3, butcher shops 4, slaughter houses 4, fowl examined 1, dwellings 17, yards 14, lanes 9, city dumps 1, stores 2, barber shops 2. There were also two lectures given.

Ice samples taken from the various ice fields and submitted to the laboratory for analysis were all Class "A". "In other words, our natural ice meets the requirements of a sanitary supply," he said.

Failed To Fyle Returns

For not sending returns of his income to the income tax authorities between 1940 and 1946, Leo Pearson, 26 Park St. was finde $25 with $1.75 costs by Magistrate W. R. Philp K. C. at city police court. Wednesday. John Kelly, Norwood, was also fined $25 with $1.75 costs by failing to make an income tax return for 1947. Both pleaded guilty.

May Break Relations

HAVANA, March 10 (AP) — Cuba apparently has laid the groundwork for breaking diplomatic relations with Russia by sending two strong notes to the Soviet Embassy here. One document charged the Soviet Embassy with propaganda "offensive" to a democratic government. The second note rejected a Russian protest against sale here of carnival masks with faces resembling that of Prime Minister Stalin.

Has No Desire To Keep Orders Secret

OTTAWA, March 10—(CP) — Prime Minister Louis St. Laurent Wednesday told the Commons the government has no desire to prevent publication of orders-in-council.

He made a lengthy statement on this form of government administration—a form of legislative enactment on the authority of either statutes or government prerogative—which is almost annually a subject of protest in opposition circles.

The prime minister was specifically answering questions asked by John Diefenbaker (PC—Lake Centre) about the number of orders-in-council passed within certain periods.

They are so numerous that the prime minister suggested it would bulge the files of the house document room if all were tabled.

Between Sept. 1, 1939, and last March 4 there were 145,382 orders-in-council but more than half of them were routine minutes of the treasury board having to do with personnel and expenditures alreday authorized by parliament.

A great many of the regulatory orders-in-council are passed by authority of statutes. The great majority have no general public interest, the prime minister said.

He tabled two groups of 100 successive orders each passed during periods mentioned in Mr. Diefenbaker's questions, as descriptive cross-sections of the matters dealt with in this way.

The prime minister also offered to submit monthly lists of orders-in-council for the information of the opposition leaving it open for members to ask for production of any in which they are interested.

Thirty Thousand For City Treasury

The Canadian Sealright Company has an option to purchase a city-owned property which it has been using. The Company has notified the Council that it intends to take up the option and buy the land and factory buildings. The price stated in the option is $30,000. Some people are now shocked and unwilling to let the property go for such a modest and pre-war price. They would like the matter reconsidered.

* * *

The time to have been shocked, and the time to have the agreement considered was in 1939 when the original lease and the option to purchase were revised, and revised downward. The original option of 1920 set the purchase price at $56,531, which was reduced to $30,000 in 1939. Now, it seems to us, nothing can be done except to honour the agreement. An option is a legal document. If the city attempts to welsh on it, the only result would be, we think, to bring the city's good name for honest dealing into disrepute. We can understand the concern of some of the present aldermen but think it of little avail and perhaps not advisable to express it officially. It may be, too, that the Council of 1939 acted as wisely as it could in reducing the rental and option price then. It had the facts as they were then known and its members were honourable men.

* * *

The $30,000 which will result from the sale of the property will, we have reason to hope, not be dumped into current revenue. It is capital and should not be used for the benefit of ratepayers in this one year. It should be used for capital investment. It could be well applied to financing the new city hall's site. If it is so used we think that the citizens will fully approve.

The St. Lawrence Seaway Important In National Defence

In the early, portentous years of the war the Canadian Prime Minister and the American President worked out an agreement for the construction of the St. Lawrence Waterways. It was advocated as a contribution to peaceful life and trade, and planned as a definite line of communication for the defence of our continent. Mr. Claxton, Minister of National Defence, said more than a year ago in Sault Ste. Marie:

"If it were desirable in 1941 that we should construct the waterways for purposes of transportation and for power, recent events have shown that it is even more desirable today; if it were desirable to proceed with the construction of the St. Lawrence Waterways for purposes of defence in 1941, nothing that has happened since has in any way diminished that need.

"In the interest of National Defence and International Security the St. Lawrence Waterways project should be started as soon as possible and pressed to completion".

That is a responsible Canadian opinion, pronounced with the authority of a senior Cabinet Minister who is at the head of our defence councils. Canada has continued to urge that the project be undertaken and completed. Parliament is being asked this session to approve the 1941 agreement, subject to the approval of the United States authority. This condition is made necessary because of the U.S.A.'s being the larger partner in the enterprise. The U.S. Administration has urged that the waterway be developed. The Permanent Joint Board on Defence recommended it in 1947, and although its recommendations are not ordinarily made public, this was. General Marshall put it in evidence at a Congressional hearing. James V. Forrestal, until the other day the U.S. Defence Secretary, also gave evidence on the need for the project.

It is to be hoped that this matter so strongly urged and continually supported by President Roosevelt and President Truman, will soon be given legislative as well as executive sanction. It is still before the American Congress, though not as actively as many Americans and most Canadians wish. This continent's defensive outposts may be in Europe and Asia but we should not forget that the main bastions are at home.

Brighter Hydro Prospects

Mr. Robert Saunders, Chairman of the Ontario Hydro-Electric Power Commission, gave some encouraging information about Hydro during the last twelve months—the first twelve months of his Chairmanship. The kilowatt-hour output of the system has increased by some five million KWH. In the late autumn, as we all know, the output fell; chiefly, Mr. Saunders says, because forty per cent. of the power resources are from rivers which have a variable flow (unlike the St. Lawrence and the Niagara). The flow declined sharply during the autumn. Here is an interesting table which compares three periods: February, 1948, November, 1948, and February, 1949:

WEEK-DAY KILOWATT-HOUR OUTPUT

Week ending From:	Feb.22/48 KWH	Nov.14/48 KWH	Feb.20/49 KWH
Run-of-the-river or variable plants	9,529,000	7,073,000	12,410,000
Continuous flow plants	21,395,000	21,782,000	22,828,000
Totals	30,924,000	28,855,000	35,238,000

During the year much new construction was undertaken, and other plants were completed. Those at Stewartville on the Madawaska river, Aguasabon in the Thunder Bay district and at Ear Falls in the Patricia district were completed. Good progress is reported on the developments at Des Joachims, Chenaux, Pine Portage and the Tunnel project for Northern Ontario. Work has been started on the Windsor steam plant.

In the last twelve months the kilowatt-hour output has been increased, service has been provided along 3,479 miles of new rural wiring for 26,036 new rural consumers, and the great new plants on the Ottawa and elsewhere will within a few years be providing vast new quantities of power. With the situation thus fairly satisfying now and very large power prospects after two or three years, is there any real need for costly steam plants such as the one planned for Toronto? Are they being built from necessity or from panic? They will be expensive to built and operate. They may be a luxury which industry and domestic consumers may find helpful in 1950-51, but which in all the years afterwards could be ill-afforded by the Commission and the people of the Province.

Where The Police Apologise

Two or three weeks ago agents of the Toronto police invaded houses in the Chinese section of that city without search warrants and greatly annoyed the residents there in a search for gambling materials. They did not find anything to justify their suspicions or their bad manners and illegal entry. Last week the Toronto Police Commission apologised for their conduct. No doubt it will be a long time before the Toronto police try such tricks again.

The interesting thing, the hopeful thing, the creditable thing about the incident was that the police apologised when their high-handed behaviour was shown up for what it was. There are a great many countries in the world where the police never apologise; it is not part of the national or governmental philosophy that the police or other agents of the state can ever be wrong. If the police make a mistake it is covered up, or there is a good deal of official lying to deny the fact that a mistake has been made. But in Canada the police can, and do apologise, and that is one of the things that makes this a great country.

The police have a difficult job, and they wield great power. It is not surprising if, sometimes, that power is misused. But so long as citizens have the right to protest, and so long as the police are capable of apologising, nothing can go too far amiss. We think the better of the Toronto police for their frankness in admitting a mistake.

Intimate Journalism

Every newspaper has its own rules and establishes its own tone. As a general thing the rules are the result of widespread newspaper experience, and in Canada the tone tends to be an impersonal, somewhat formal one. But we are always delighted when we hear of a dissenter, and it is a long time since we discovered anything comparable to this notice from a weekly paper in Kansas:

"Ten cents straight a line will be charged for all obituary notices to all business men who do not advertise while living. Delinquent subscribers will be charged 15 cents per line for an obituary notice. Advertisers and cash subscribers will receive as good a send-off as we are capable of writing, without any charge whatever. Better send in your subscription, as the hog cholera is abroad in the land".

As a means of making friends and influencing people this may leave something to be desired but for verve and tang it will not be easily surpassed.

A-plan is on foot to teach English to Eskimos by means of comic books. The first requirement will be some comic books written in a language recognizable as English.

From The Critic's Notebook

THE CORNER THAT HELD THEM, by Sylvia Townsend Warner (Chatto & Windus). Although she has a large and discriminating following there do not appear to be many critics who share the opinion of the present writer that Sylvia Townsend Warner is one of the really important novelists of our day. To a wise, sophisticated, comprehensive view of life she adds an admirable style, tenderness of feeling and humour. She scorns cheap and sensational effects, yet her novels are not for the queasy. She is a woman of great learning, but she touches in her historical backgrounds so deftly that a careless reader may scarcely be conscious of them. She is, in everything, an artist.

This new novel of hers tells the story of a Benedictine convent in eastern England during the latter part of the fourteenth century. An unpromising subject, you think? Not in the hands of this remarkable novelist. The money worries of the nuns, their quarrels and their politics, their ups and downs of fortune, and the details of their daily life make, in her hands, a story of a wonderful, rare flavour. It is many months since I read a novel which gave me so much pleasure.

We are accustomed to inflated historical novels, crammed with textbook knowledge and characters who seem at once to be larger than life and utterly unlike human beings. This book is an historical novel as such works should be, taking us into another age with such skill that we gain as we read, not only an insight into another age, but an increased appreciation of the vagaries of human nature in all ages. Most decidedly this is not a book to be missed. R.D.

HARVEST TRIUMPHANT by Merrill Denison (McClelland and Stewart). This is a surprisingly absorbing book. Commemorative histories of industrial companies tend, like regimental accounts, to be dull and of interest only to people associated with the company or the regiment. This is the history of a company—Massey-Harris. It reads like a first-rate story, which it is, and engages both the mind and imagination. That is due partly to the professional skill and ability of the writer Merrill Denison, partly to the subject.

From its beginning when Daniel Massey gave up farming to open a small factory near Newcastle, Ontario, in 1847, to its development by 1947 into a world-wide and world-famous organization, the Massey-Harris Company is a segment of Canada's expanding story. Our history books tell of explorers, pioneer settlers, politicians, statesmen, generals and even educators. A private business such as this, which became without public money a leader over American, British and continental firms, which had representatives all over the world before Canada had its own diplomats abroad, which established two great family fortunes which have culturally enriched Canada and whose scions are men like Raymond Massey, the Right Honourable Vincent Massey and Lawren Harris the painter, has an important and too little recognized place in our national story.

"Harvest Triumphant" will interest businessmen and industrialist; it has also some interesting information for sociologists. Why is it that an ambitious farmer like Daniel Massey, turned to the manufacture of agricultural implements? Why, as well as how, did his son Hart Massey develop the business into a multi-million dollar enterprise, and become both a hard-fisted autocrat and a philanthropist? What is the significance of the difference between his two sons? Walter the businessman (whose son is Denton Massey) toured grandly and brought back from the Holy Land in 1888 archeological specimens which were the inspiration of Charles Trick Currelly, a young student in Walter Massey's Bible Class. (Young Currelly became Dr. Currelly, the begetter and director of the Royal Ontario Museum.) The other son was Chester D. Massey, a gentle and rather frail man who was honorary President for many years but only for a few did he take an executive part in the affairs of the great company. Lionel Massey and Vincent Massey are his sons. And what is the place of Sir Lyman Melvin-Jones, who came from the Harris Company to become a "vital and opulent" Director, General Manager and President of Massey-Harris? If any history of Canadian business and industry is a saga, this is. T.J.A.

THE ESSENTIAL JAMES JOYCE, edited by Harry Levin (Clarke, Irwin). This book forms an admirable introduction to the most enigmatic writer of our time. It contains most of Joyce's understandable work—"Dubliners", "A Portrait of the Artist As A Young Man", "Exiles" and a generous selection of the poems, as well as long selections from "Ulysses" and "Finnegans Wake". Mr. Levin has supplied useful notes and introductions, as well as an essay on Joyce which serves as a general introduction, in which he talks plain sense about Joyce, and avoids the mystical contortions which afflict some of his lesser critics. As an introduction to Joyce I do not think this book could be improved upon, and the reader, when he has finished it, should be able to decide whether he is ready to embark upon the very considerable venture of tackling Joyce's two major works.

WAGSTAFF, a novel by Robert Greenwood (J. M. Dent & Sons).

A very pleasant yarn about a retired Lancashire industrialist who invades a sleepy cathedral town in the south of England, with brash ideas of progress and a great good humour. This book has a mellow quality not usually found in North American novels, which tend to be more tightly written.

At first the local aristocracy make life uncomfortable and almost unhappy for poor Wagstaff, whom they privately refer to as "hairy heels". But good humour, and open purse, a pretty daughter, combined with hard-headed integrity soon make the person of Horace Wagstaff appreciated and finaly indispensable. The plot of this little social comedy rests upon the class barriers of English society, which are more complex than our own, but it will serve to while away an hour or two quite pleasantly. H.T.K.

THE PORTABLE SHERWOOD ANDERSON, edited by Horace Gregory (Macmillan). Sherwood Anderson's reputation has declined since his death in 1941. This is something which is likely to happen to any author; it is dangerously easy to patronize the recently dead. But his work had enduring qualities, and in particular he showed qualities of tenderness and understanding in writing about simple men which gives it distinction and even a hint of greatness. This collection of short stories, letters, journalism and one novel ("Poor White") shows us all that was best in Anderson, his deep feeling, but honesty and his command of atmosphere, and it should serve as a springboard for future, more valid criticism of his work than that which we have seen during the past few years. JOINING THE CONVOY

Letters To The Editor

THE MINOR HOCKEY TEAMS

Sir: May I be granted further space to list the successes of our Minor Hockey teams this year.

Our Juvenile team was defeated in the second round of their play-offs by Port Hope. Port Hope's team, while they had natural ice had much more time on their rink for practice than ours, and this factor alone defeated our team.

Our Midgets fell by the way to Belleville, boys who had months of skating and practice. Three weeks after our defeat, when a replay was ordered with Peterborough, because of an irregularity in the Belleville line up, we were again defeated. Many of our boys had not had a chance to skate since our last game with Belleville while our Quinte rivals were drilling continually.

Our Bantams are now in the provincial finals—due only to the "long-headedness" of Eddie Woodcock and not, to their amount of practice on an indoor rink. Even they face the necessity of finishing the season on Lindsay's artificial ice.

If we intend to continue the healthful pastime of hockey and so organize our boys into puck-chasing squads, rather than leave them to assemble into destructive bands of delinquents—artificial ice is a must for our fair city.

To make matters worse, our special dispensation into "B" grouping will not be granted next year. Therefore, places the size Port Hope and Belleville will not be given a chance to defeat us. In order to cope with stiffer opposition, a longer playing period is necessary and only artificial ice can give us that.

Boys like Dugan, Mortimer and Sullivan, who can find pleasant jobs elsewhere, due to their hockey prowess, would have been much better had they had more of it when they were younger. These ambassadors of good will are certainly a fine type of advertising for Peterborough.

I understand that the "big time" hockey scouts have looked in on even our few games this winter, and are casting knowing glances at a half dozen of our Minor Hockey players. It seems to us that we owe these boys a chance to make good in a healthful, pleasant and lucrative business.

Thanking you for your space,
P.M.H.A. EXECUTIVE.

PETERBOROUGH INVADED FROM OUTSIDE!

Sir: What is the matter with the citizens of our town? Huh! nothing, you may answer. All right, explain this.

If an architect for the City Hall is needed, where is one obtained? Here? Never. From far fields. Is there no architect in our town?

If a city assessor is wanted, where do they look for one? Is there not one man here capable of filling that position? Not one! There should be hundreds.

If they want a librarian, where do they look? Here! There must be dozens here qualified for that work.

Can't you name other personnel drawn from outside?

What more proof do we need that a prophet has no honour in his own town? Let's take a long lingering look at ourselves. Is it a case of malicious rivalry or have we citizens become a decadent race?

"FEALTY".

Unconsidered Trifles

A young man whose knowledge of cards was vague was roped in to complete a bridge four. He committed his first mistake by throwing away a king on a trick already taken by his opponent's ace.

"Good Heavens!" bellowed the young man's partner, sarcastically, "a king doesn't usually beat an ace."

"I know," stammered the beginner, "but I thought I'd let it have a try."

The wife of a sportsman prohibited her husband from backing horses, but he continued to gamble secretly.

One evening an old friend, unaware of the prohibition, dropped in and said to the punter: "Well, did you have any luck with Millicent yesterday?"

Instantly the wife shot her husband an ugly look and went out of the room.

"You've torn it," groaned the husband. "My wife thinks I don't bet now. You'll have to square this with her."

In a few moments, when the wife returned, the friend said, breezily. "I say, Mrs. Brown, I'm awfully sorry if I misled you just now. Millicent isn't a horse, you know, she's a barmaid."

Bible Message

(From the Authorized Version)

And the apostles said unto the Lord, Increase our faith. . . .

And as he entered into a certain village, there met ten men that were lepers, which stood afar off: and they lifted up their voices, and said, Jesus, Master, have mercy on us.

And when he saw them, he said unto them, Go shew yourselves unto the priests. And it came to pass, that, as they went, they were cleansed.

And one of them, when he saw that he was healed, turned back, and with a loud voice glorified God, and fell down on his face at his feet, giving him thanks: and he was a Samaritan.

And Jesus answering said, Were there not ten cleansed? but where are the nine? There are not found that returned to give glory to God, save this stranger.

And he said unto him, Arise, go thy way: thy faith hath made thee whole. (Luke 17: 5, 12-19.)

Homes For Three Millions

About three and a quarter million people in Britain have been rehoused since 1945. New homes are being built at more than twice the rate achieved after the First World War. This is disclosed in official housing returns issued recently. The total number of new houses completed since the war is now nearly 583,000. These are made up of about 426,000 permanent and 157,000 temporary dwellings.—UK Information Office.

The boss man of hockey's professional world champions—Conny Smythe—has swung from the Montreal Canadiens to his own Toronto Maple Leafs as the team to beat in the Stanley Cup playoffs.

"If the Leafs get in there sound they'll take it all," said managing-director Smythe, who recently told Coach Dick Irvin that he thought Montreal Canadiens would have the edge because they have been playing playoff-type hockey longer than any other club in the National League.

Bobby Berry, left-handed pitcher for St. Catharines Teepees of the Niagara District Junior Baseball League, has been signed by Brooklyn Dodgers of the National League, it was announced Wednesday night at St. Catharines. He was assigned to the class "D" Sheboygan, Wis., club. Last year he won 15 games and lost four while playing with the Teepees.

Ottawa Senators Wednesday night clinched their first-place standing in the Quebec Senior Hockey League by defeating Phil Watson's last-place New York Rovers 9-2 in a rough contest at Ottawa. A crowd of 5,066 saw two major penalties handed out in each of the second and third periods for fighting. Seven minor penalties were also issued in the hard-hitting game.

At Sarasota, Fla., St. Louis Cardinals and Browns failed to settle their sizzling feud today in a one-hour hearing before Commissioner A. B. Chandler. Although Chandler expressed the "urgent hope" that the teams would settle their differences "then and there" by concessions from both sides, it didn't happen. Nobody said so but there was every indication that Chandler will step into the picture at a later date—before the April 1 deadline—if the clubs fail to get together.

At Atlantic City, N. J., the American Bowling Congress' executive board of directors voted Wednesday against admitting Negroes to membership in the ABC. Twice before the ABC has rejected the proposal, made by the Rev. Charles Caron of Brooklyn, N. Y. The board acted in face of suggestions of a New Jersey official that unless the ABC lifts its restrictions against Negroes, it would face a legislative ban in the State.

Marmora Midgets Win Round, 11-8

MARMORA, March 10 (ENS). —Ten minutes of overtime were necessary to decide the fourth round of the OMHA midget series between Bradford and Marmora on the latter's rink on Wednesday evening. Through Marmora adding three goals to win the game by 9-1 they took the two-game series by 11-8. The visitors lacked the services of their star defence man Phillip, who scored five goals for his team at Bradford. In the third period, with four goals scored against them, Bradford players tried to lower the lead, and Lotto on a breakaway got their only goal. Drummond in the Marmora nets robbed them of several possible counters, while his teammates added two more to their total. The overtime was keenly fought. Eventually Mantle got two goals in quick succession with Brooks adding another. Trying their hardest in the last stages of a memorable game, the Bradford team failed to respond and the round which they were expected to capture went to their opponents. The attendance at the game was slightly over 400.

The teams:

Bradford — Goal, Tupling; defence, Thomson, Jackson; centre, Gasko; wings, B. Osadchuk and T. Osadchuk; alternatives, Collins, Veale, Lotto, R. Fallis, D Falis, and Wilson.

Marmora — Goal, Drummond; defence, Darrah and Trumble; centre, Brooks; wings, Brown and Nicholson; alternates, Mumby, Mantle, Jones, Paranuik, Hickey, Geehan Walker, Kouri.

Referee—P. Everett, Belleville. Linesman—T. Cousins, Deloro. The summary:

First Period

Marmora, Brown (Brooks)	9:00
Marmora, Trumble (Meehan)	18:00

Penalties—Jones, T. Osadchuk.

Second Period

Marmora, Darrah	1:30
Marmora, Nicholson (Jones)	15:10

Penalty—Lotto.

Third Period

Bradford, Lotto	8:15
Marmora, Mumby (Mantle)	14:55
Marmora, Darrah	16:20

Mumby.

Penalties—T. Osadchuk, Veale and Mumby.

Overtime

Marmora, Mantle (Darrah)	1:08
Marmora, Mantle (Brooks)	1:71
Marmora, Brooks (Darrah)	2:10

Penalties—Nicholson, Veale.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Cage activity continues apace for local hoop teams. Cobourg colleens play Towne Togs at nine tomorrow eve in the YW, return tilt of their LOBA playdown series, with Togs holding a 13-point lead. Neill's play CGE first at eight. PCVS juveniles tote a 49-point lead to Bracebridge on the morrow in OABA playdowns, and the COSSA district finals commence Friday. In men's OABA play, Marines "B" bunch tangle at 8.30 p.m. Saturday in the local YMCA with either Kingston or Belleville in the second round of their playdowns, probably preceded by an exhibition joust. Marines "A" basketeers meet the winner of St. Kitts-Toronto away, in St. Catharines this Saturday or in Toronto next week, depending on the winner.

* * * * * *

Oddfellows' junior "B" scoring list is in tonight and shows that Chum Fyrla, like Abou Ben Adhem, led all the rest. In just 12 games, schedules and playoff, he scored 14 goals and had seven assists for a total of 21 points—a fine showing. Tommy Birch, the spinning top from Lakefield, was second in sniping with 13 goals and six passes in 17 games for 19 points. Teeder Collins came third with 16 points, while Don Floyd and Don Pagett tied with 15 each. Some players were in more games than others as they were juggled around, especially the first half of the season, in an effort to ice the strongest possible squad. The team, as a whole, did pretty well.

* * * * * *

Bantam Finals Here

OMHA bantam finals commence at eight p.m. Saturday night in Civic Arena, if the ice is okay. Not Friday as first decided. The return of the goals-to-count series away some time next week. Crowland puckists, down Welland way, play the local Outboard Marines for the provincial title, and we hope the boys get plenty of fan support. They play a pleasing brand of hurry-up hockey, and the Ontario crown is at stake. Coach Albert Watkins (his aide is Ed Woodcock) has his team at full strength, except for Goalie Bob Delahaye, out with a fractured cheek bone. Murray Byrne will be in the twine teepee for the Marines in the big money series.

* * * * * *

Once again, natural ice beats Peterborough players and fans in important puck playoff numbers. Last night's Meteors-Legion senior "B" group final was postponed as Meteors sent word they wouldn't play if the ice was soft. It wasn't too firm, so Legion laid the game over till Friday, hoping for ice. If the weather has tightened enough, it'll go at 8.45 tomorrow eve in Civic Arena. We can't tell at this writing. If they can't play this one, the scene will have to shift to Lindsay's artificial ice Saturday. And that's the score, folks: Legionnaires are sorry but nobody can control the weather, and we've no artificial ice.

* * * * * *

They Asked For It

One can't chuck too much sympathy toward Bunny Morganson of the Tely, who doesn't think well of the OHA action in disqualifying both Stouffville and Markham for using ineligible players. Markham ousted Stouffville in intermediate "A" group finals and the losers launched a protest. Markham in turn protested Stouffville and investigation showed that neither centre had anything like six local players (as required) in their lineups. In short, they were teams packed to the hilt with Toronto puckists. So both were tossed out. Rules are rules, and other clubs in the province must abide by 'em, so why let Toronto suburban squads get away with packed teams? Both played in our senior "B" grouping this season.

* * * * * *

Customers aplenty on Brock Avenoo last p.m. for the grapple bouts and they saw heaps of action. Many were mad as two hatters when Australian Fred Atkins won the main go over popular Mike Sharpe, but none were more peeved than big Mike. He had his elbow and lip cut and bleeding from the first fall and he suffered a two-stitch forehead gash in the final. Part of the ring collapsed during the hot action of the husky opponents, with Referee Bert Maxwell being no lightweight, either. We liked the semi-final as Slijding Billy Hanson—a speedy, colorful and popular matman—won from rough John Katan with a flying head scissors. Try it sometime with the wife or a neighbor, if you think it's easy, especially if you weigh 224 pounds! Standee and Mahalakis went to a lively prelim draw.

PCVS Cagers Get Win At Port Hope

PCVS Seniors defeated Belleville CVT in a sudden death playoff at Trinity College, Port Hope, last night 45-22. By winning PCVS earned the right to play Orillia CI for the opportunity to compete in the Ontario Federation of School Athletic Associations championship tournament April 1 and 2. This is expected to be a 10 team tournament to decide the provincial senior high school basketball championship.

Outshot 76 to 61 by Belleville, the PCVS boys converted 28 per cent of their shots to win without too much difficulty. Once again a strong first quarter accounted for much of the difference in score. Four hoops by Neil Thompson, two hoops and two foul shots by Al Northcott and two free throws and one hoop by Don Griffin added up to an 18-2 first quarter lead. Half time was reached following a more even second quarter with the score reading 25-8.

Eight of the twelve Peterborough players figured in the second half scoring with only Don Griffin with six points and Hugh Dibben with four, scoring more than two points. Play all through the half was quite even but once again the Peterboroough team was able to make more use of its scoring opportunities.

Top scorer for Belleville was starting centre, Galbraith, who had seven points.

The teams:

PCVS—Sergeant 2, Taylor, N. Thompson 8, Hempstead 1, Northcott 6, D. Dibben 2, Griffin 10, H. Dibben 4, Dinsdale 2, Grafstein 2, Richardson 4, B. Thomson 4. Total 45.

Barons Trounce Philadelphia 6-3

By The Canadian Press:

The idle Indianoplis Capitals sat on the sidelines Wednesday night and watched first place in the American Hockey League's western division move out of their grasp into the hands of the Cleveland Barons.

The Barons downed the Philadelphia Rockets 6-3 to take over the top spot.

Providence, the league champions, knocked over the last place Buffalo Bisons of the western loop 4-1. Jack Stoddard, Roger Bedard, Ray Laplante and Chuck Scherza were the Providence marksmen while Calum MacKay scored the lone Buffalo tally.

St. Louis Flyers moved into a second-place tie in the western division race by defeating Washington Lions 3-2. The victory left the Flyers deadlocked with Indianapolis.

Hershey Bears clinched second place in the eastern loop by defeating Pittsburgh Hornets 5-4.

Curling Notes

By HERB MARTIN

It was Dr. McKee's local rink and W. Langdon of Lindsay who came through yesterday's spiel in the main event. They will return on Friday for the finals.

It was another big day at the rink. Lots of good curling and a good crowd. Today is the last qualifying day and then for the finals Friday.

The annual mixed rink bonspiel for the Sturgeon Trophy is set for March 19 and March 26. The fee is $3.00. The first 28 rinks entered will make up the draw.

Four rinks from our club are motoring over to Lindsay Saturday evening for a friendly game.

The winning skips in last night's bonspiel were: J. Welsh, W. Harvey and J. Lawes.

Main Event:

Bobcaygeon, G. Devitt 6; Peterborough, N. Hamley 15.

Fenelon Falls, T. Graham 4; Peterborough, Dr. McKee 11.

Dunsford, M. Thurston 8; Peterborough, F. Stinson 9.

Bobcaygeon, C. Lee. 6; Peterborough, B. Scott 12.

Bobcaygeon, R. Bottom 13; Peterboroough, D. Dinsdale.

Lindsay, A. Langdon 13; Woodville, T. Miller 6.

Dr. McKee won from N. Hamley.

F. Stenson won from B. Scott.

W. Langdon won from R. Batten.

Dr. McKee won from F. Stenson.

Consolation Event:

D. Dinsdale won from T. Miller.

M. Thurston won from C. Lee.

G. Devitt won from T. Graham

Last Night's Stars

By The Canadian Press

Ted Lindsay, Detroit left-winger, who scored once and helped on three other goals as the Red Wings blanked Toronto 5-0.

Harry Lumley, Detroit goalie, who played airtight hockey for his sixth shutout of the season.

Jimmy Peters, Boston winger, who notched two goals as Bruins overwhelmed New York 8-1.

Red Hamill, Chicago forward, whose goal with less than four minutes left earned the Chicago Black Hawks a 2-2 draw with Montreal.

Detroit Clinches NHL Title Blanks Maple Leafs 5-0

By BERT ALLEN,
Canadian Press Staff Writer.

Detroit Red Wings, who have topped the League since Dec. 11, made it official Wednesday night by clinching their first National Hockey League championship in six years with a convincing 5-0 victory over last year's titleholders, Toronto Maple Leafs.

Although the Wings appeared to have the pennant in the bag as long as a month ago, their triumph Wednesday night shared the spotlight with Bill Durnan's feat of surpassing the "modern" record of shutout play set by the late Chuck Gardiner of Chicago in 1930.

The Montreal netminder ran his scoreless string to 309 minutes and 21 seconds before a Black Hawk sniper could dent his armor, Gaye Stewart being the villain of the piece with his goal at 5:36 of the second period. After this Canadiens managed to hold the Hawks to a 2-2 tie.

In the other game on the night's bill, Boston plastered an 8-1 defeat on New York to end any mathematical chance the Rangers had of making the playoffs.

11-Point Lead

Detroit's victory gave them an 11-point lead over the second-place dwellers, Montreal and Boston, who each have only five games remaining on the regular schedule.

Chicago's tie didn't brighten their waning playoff hopes. The Black Hawks now trail Toronto by seven points and have four games left. A Toronto victory or Chicago defeat will shunt the Hawks to the sidelines.

"Terrific Ted" Lindsay was a thorn in the side of the Leafs Wednesday night, scoring one goal and assisting on three others.

The shutout was the sixth of the campaign for Harry Lumley.

Veteran pivot man Sid Abel scored the first two Red Wing markers, while Jimmy McFadden, Gordie Howe and Lindsay fired the others.

Toronto held the Wings off the score sheet until 19:43 of the middle frame, but Detroit showed their championship class by busting through with a four-goal spree in the finale.

Has No Miracles

At Chicago before 15,311 stadium fans, Durnan held the Hawks scoreless in the first period to run his total of consecutive shut-out periods to 15. But Big Bill couldn't perform miracles forever, and Stewart hit the target at 5:36 of the second period. Durnan's 309 minutes and 21 seconds compared with Gardiner's scoreless run of 290 minutes, 12 seconds. In 1928, when teams generally concentrated on defensive tactics, Alex Connell had a record of more than 400 scoreless minutes, which still stands as the all-time mark.

Veteran Red Hamill scored the other Chicago counter while Joe Carveth and Ken Mosdell found the range for Montreal.

Hamill's tying goal, at 16:44 of the third period, came on a play set up by his linemates, Metro Prystai and Bep Guidolin. Hamill standing directly in front of Durnan, tipped in Prystai's long shot for the equalizer.

TOUGH ONE—These Regina public school boys are seriously considering a difficult shot in a school "jam-pail" curling tussle. Most of Regina's public schools have outdoor curling rinks and competition is keen. A bonspiel to decide the jam-pail champions is in the offing.

Atkins and Hanson Victors Against Sharpe and Katan

Fred Atkins polished off Mike Sharpe in the main mat bout at the Brock Arena last night, while Sliding Billy Hanson took the semi-final over burly and surly John Katan. Hanson challenged the winner of the main bout but it is doubtful if either is available for next week. The Mahalakis-Standee prelim went to a draw. A big crowd saw a fine card but many were peeved at the finish of the final scrap.

The tough Australian at 249 pounds had it pretty much his own way over Sharpe, scaling 245, in the first round of the main go. Atkins roughed it up plenty and kept ploughing in to keep big Mike on the defensive. Fred used a torturing hammerlock for quite a spell and, despite a couple of game rallies by Sharpe, he forged ahead all the way — paying no heed to Referee Bert Maxwell who warned him for roughing. Atkins finally clamped a half-nelson on Mike and threw him viciously into the corner ropes and then pinned him in 17 minutes with a back slam as the crowd booed.

Mike Dro

The fans cheered heartily in the second round as Sharpe drove hard from the start and won in six and a half minutes with his "stretcher" hold. He punished Atkins plenty for a few minutes and then, when Fred tried again to throw him into the corner, he bounced back and flattened his rough opponent. Mike followed up fast with flying tackles and body slams to soften Atkins up and then made him concede the fall with his paralyzing stretcher grip. Fred previously pulled hair and got away with a lot.

The final fall came in slightly more than two minutes. The ring boards had buckled in one corner at the end of the second round, and both grapplers carefully kept away from that spot. They mixed briefly in the centre, hard and on pretty even terms, and then they rolled out of the ring. As fans scrambled to safety, the pair squared off with elbow smashes on the arena floor until Atkins got a neckhold on Sharpe and rammed Mike's head against the ring boards. The referee had been counting the pair out but Fred scrambled back on the nine-count to get the nod, and Mike wound up with a two-stitch cut in his forehead, as the crowd filed out after booing the windup heartily.

Slider Won

Sliding Billy Hanson, 224-pound challenger for the world title, and highly populad here, earned a semi-final win over rough John Katan in 18 minutes. He pulled the 241-pound Katan in off the ropes with a flying head scissors to gain the fall as the crowd yelled approval. Katan was pretty peeved and blamed the referee for not breaking it up when they were on the ropes. Before that, he had tried to get away with a dozen illegal tricks but found the wily and speedy Hanson a tiger at times, to, to make it a rousing bout. The referee was kept quite busy through this hot struggle.

Mike (Prince) Mahalakis, at 222, and the 230-pound Paul Stanlee battled to a 30-minute draw in the prelim. It was a good go most of the way and the fans liked the action. They opened it up fast and went through a variety of holds fairly evenly. Stanlee raced around the ring, weaving in and out at a hot clip to the customers' approval as he piled up a lead. But the Prince proved pretty rugged later with a lot of rough stuff to slow Stanlee down. They displayed their strength in hold-breaking and each in turn did a bit of biting in hot action after Mike started with the molars. It was hot and even at the finish and Maxwell decided it was a draw.

Marlies Edge Dutchmen 2-1, Leading Series

By The Canadian Press

Pudgy Howie Harvey should feel proud of himself today.

The fair-haired little netminder Wednesday night turned aside 49 shots as his Toronto Marlboros defeated Kitchener-Waterloo Flying Dutchmen 2-1 to take a 3-0 lead in their best-of-seven Ontario Hockey Association Senior A final series.

To the former Toronto St. Michael's College Majors goalie, it was double victory. If it's any consolation, he now has the drop on the Dutchmen's Marcel Pelletier, who grasped the best-average trophy from Harvey at the end of the regular schedule.

But Harvey will have to give a lot of credit to his Marlies, who managed to get only 20 shots at Pelletier, and made two good.

Only four penalties were meted out as the Marlboros garnered two goals in the first period, were outscored 1-0 in the second and then fought a scoreless third period. Chuck Blair and Johnny McLellan tallied for Toronto while Art Hurst counted for the losers.

The Dutchmen failed to look impressive, however. In the last period they had a one-man advantage when Ray Hannigan got a major for fighting but couldn't get the tying marker.

Slugged With Stick

With 40 seconds remaining in the game, Pelletier was taken from his chores but Toronto was wide with two shots on goal. Just before skating to the bench, Pelletier trapped the puck at centre ice and stick handled long enough to get a shot into the Toronto end.

The flareup occurred mid-way through the last period when Hannigan hit defenceman Jack Shewchuck on the head with his stick. While Shewchuck held his head and skated from the ice his defence mate Bill Dinning rushed at Hannigan.

Hannigan got a major for slugging Shewchuck and a major for fighting with Dinning. Dinning got a major.

Keene Ties Series

NORWOOD, March 10—(ENS)—Keene defeated Norwood 8-4 on Tuesday night to tie up the semi-final series in the Rural Loop in Norwood Arena. Keene opened the scoring in the last half of the first period, with Ted McCarthy from Dalton, Kempt from Mackness one minute later and three goals were scored near the end. Dalton from Houle, Kempt from Mackness and Webb for Norwood unassisted at 19.59. Webb also earned a minor penalty.

In the second, Rusaw tallied for Norwood, and three Keene players were waved to the box, B. Thompson, Mackness and Hawkes. Dalton scored on a nice set-up by Mackness, who played an outstanding game from start to finish. Blair Thomson scored two in the first minute of the third period, with McCarthy and Doughty getting assists. Robson shot in a nice one to beat Musgrave, Pryde from Mackness made it eight for Keene. Webb scored on a lone effort to end the game 8-4 for Keene.

, Norwood boys were short a few players.

Keene—Goal, Musgrave; defence, Doughty and Robertson; centre, McCarthy; wings, Houle, B. Thomson; alternates, Dalton, Anderson, Mackness, Pryde, Kempt, W. Thompson, Hawkes, Whalen.

Norwood—Goal, Aldred; defence Spring, Robson; centre, Kempt; wings, Webb, Sutton; alternates, Brown, Rusaw, Cuthbertson.

Referee—Bud Webb, linesman, Bruce Goodfellow.

Confederation Wins

In the semi-finals to decide the winners of the Southern Section of junior school hockey, Confederation defeated King Edward in a fast game played at the Civic Arena on Monday afternoon. The winners now meet King George School for the city championships.

Confederation took the lead in the first period by scoring two goals. King Edward scored in the second and one in the third period while Confederation scored two more to make the final score 4 to 2.

For the winners the goals were by Parry (2), Dolman and Strickland. For King Edward both counts were by Pagett.

Confederation — Goal, Jones; defence, Strickland, Pearton; forwards, J. McDonald, M. Parry, Floyd; subs, Dolman, Coldie, Sloan, Hele, Bolton, B. Bryan, R. Jones.

King Edward—Goal, Halcrow; defence, Tarkington, Keatting; forwards, Smythe, Dugan, Pagett; subs, Rusaw, D. Sutherland, J. Sutherland, Phillips, Roode, Hunt, Stevens, Johnston.

Referee—D. Ouimet.

Westwood Victors

NORWOOD, March 10—(ENS)—Westwood and Warsaw are tied in the rural loop semi-finals with one game each. Westwood defeated Warsaw in Norwood Arena on Tuesday evening 3-2. Thompson and Woods were back in form, with the former netting two and Woods one. G. Payne alone and I. Watts were the goal getters for Warsaw, in a hard-fought battle. Starke and E. Payne of Warsaw started one near the end of the third and were given five minutes. Thompson and Short were also gated for roughing; other penalties during the game were Don Sharpe (2), Mason and Marshall.

Westwood—Goal, Renwick; defence, Sargeant, Shearer; centre, Mason; wings, Woods, Thompson; alternates, Starke, Andrews, Morris, Humphries, B. Warr, Elmhurst.

Warsaw—Goal, Paterson, defence, Marshall, Short; centre, McQuaig; wings, Evans, Darling; alternates, G. Payne, D. Sharpe, J. Watts, I. Watts, B. Judge, V. Clemens, E. Payne.

Referee, Bud Webb; linesman, Bruce Goodfellow.

A Baby is calling YOU

A wall of fire lays waste a village or a city block. A flood engulfs a whole community. From out the devastation a baby cries. The moan of a mother is heard. A child is suffering from burns, or cold, or hunger. A score, a hundred or a thousand people are left homeless. Within a few hours the Red Cross has organized relief. Food, blankets, clothing are rushed to the scene of the disaster. Shelter is found for the unfortunates. The shock of disaster is eased. Tears give way to smiles.

This is but part of the great work YOUR Red Cross is doing. Its *Free* Blood Transfusion Service is fast being extended to cover all Canada. It gives aid to crippled veterans. It supports Outpost Hospitals in lonely settlements. Its helping hand brings comfort to suffering humanity everywhere.

The Red Cross urgently needs YOUR support now. Give generously.

Red Cross services also include: Treatment for Crippled Children, Nutrition Services, First Aid and Home Nursing Courses, Swimming and Water Safety, Women's Work Activities, etc.

When considering your donation, remember that this year the Canadian Red Cross needs 8 Million Dollars—40% more than the previous appeal.

ANOTHER SHUTOUT!—Big Bill Durnan is busy playing shutout hockey for the Montreal Canadiens in the NHL these days but still manages to find time to show youngsters a few pointers on Montreal's outdoor rinks. Here he shows 10-year-old Stewart Lowson how to block an angle shot.

2 Western Rinks Lead Field For Curling Title

HAMILTON, March 10 (CP) — The curling grandstand skips are saying today—and it's a safe bet they're right—that the 20th annual Domonion final bonspiel will be decided in the ninth and final round tonight. And they'll name the match: The Manitoba-British Columbia set-to.

Ken Watson, workmanlike skip of the Winnipeg Strathcona Club, entered the fourth day of the round-robin tournament with the one object in mind of taking the silverware for the third time—something no other rink has accomplished in the big 'spiel. And skip Reg Stone has his sights set on returning with a trophy to his home-town of Trail, B.C., it's resting place after the 1948 tournament.

There isn't a whisker separating the two western Canada clubs as they enter the last day of the competition. Each has a won-lost 6-0 record for a top-slot tie in the standings.

Manitoba had a shocker in the fifth round Wednesday against Nova Scotia Watson, whose speciality is draw but who can also throw a take-out rock with the best of them, edged out Nova Scotia 12-11 in the most thrilling game of the tournament, which is being held at the Thistle Club.

One up going home, the Manitobans kept the house clear and the 12th end was a blank.

Convincing Win

Manitoba completed the two-round day with a convincing 16-7 triumph over Prince Edward Island.

British Columbia followed up its fifth-round 13-6 victory over Prince Edward Island with a convincing 16-10 triumph over Quebec. The British Columbians' decision over Quebec was clinched with a six-rock 10th-end, a rare occurrence in Dominion competition.

Northern Ontario and Saskatchewan were the only rinks in the competition to keep in step with the blistering pace set by the two leaders. The all-miner Northern Ontario quartette registered a 13-9 fifth-round decision over Ontario and followed with a close 11-10 verdict over Nova Scotia, while Saskatchewan made it 14-9 over New Brunswick and 11-8 over Alberta.

Ontario and Quebec split in Wednesday's games. Ontario lost to Northern Ontario 13-9 in the fifth round, and defeated New Brunswick 16-8 in the sixth. Quebec dropped Alberta 13-5 and lost to BC 16-10.

Scoring Honors Captured By Chum Fryia

Salvatore (Chum) Fryia, classy centre for the OHA junior "B" Oddfellows of this city—group finalists during the season—led the team in scoring with 21 points. He gained his total with 14 goals and seven assists in just 12 games including group contests and playoffs. Fryia was out six games early in the season but took part in the rest, playing fine hockey. He suffered a bad facial cut in the last two minutes of play in the final game here.

Second in scoring was Tommy Birch, also a centre, of Lakefield. He played 17 games, having 13 goals and aiding on six more, for a total of 19 points. He was followed by Teeder Collins with 16 points in 13 contests. Two Dons, Pagett and Floyd, were tied in the next slot with 15 points apiece, as Bob Wyatt got 11 and Johnny Truss 10. Following is the team scoring list:

Raid 32 Houses For Lotteries

HALIFAX, March 10—(CP)—R.C.M.P. raided 32 houses in four provincial towns Tuesday in a concerted drive to stamp out various lottery rackets.

Tickets, numbering machines and other equipment used in printing tickets were seized in Halifax, Sydney, North Sydney and Amherst. No charges were laid.

The drive would not continue as the raids Tuesday night "completed the campaign," officers here said.

In Halifax officers raided 24 buildings, in Sydney five, in North Sydney two and in Amherst one.

In Sydney one raid netted 10,000 hockey tickets and "hundreds of dollars in cash."

Steelworker and coal miners in the Cape Breton industrial area are heavy buyers of such tickets.

Douro Increases Council's Pay

DOURO, March 10 —Douro township council at its March meeting decided to increase the sessional allowance for council members from $3.00 to $5.00 per session.

On motion of L. Maloney and C. Sullivan the Road Superintendent was instructed to order 2,000 feet snow fence from the County at 10 cents per foot.

Council accepted the application of Frank A. Payne for renewal of insurance on road liability premium $115.35 also renewal on coverage on Four Wheel Drive Truck premium $70.80 and Workmen's Compensation premium $40.25. A communication was received from the city of Peterborough advising that due to increase cost to city taxpayers of Fire Protection Services, it would be necessary to have a charge of 3 mills levied on the ratepayers in the Douro area serviced by the Peterborough Fire Department. Formerly a rate of 2 mills had been agreed upon. The letter pointed out that a rate of nearly 5 mills for all factors of Fire Protection would be levied on city ratepayers in 1949. The following accounts were ordered paid, Road accounts; Ronald Clements $80.80 Those Hefferman $61.60, T. Wilson repairing Township truck $54.75, Goodwin Machine Tool Co., $39.90, R. Clements freight and postage charges on snow plow wing $6.80, Weststeel Products Limited 3 culverts $211.20, H. J. Ayotte gasoline $64.40, H. E. P. Co., light bill $2.70, P. G. Towns and Sons gasoline and salt $57.28, general accounts, Toronto Stamp and Stencil Works 400 dog tags $18.61, Richard Sheehan salary as Relief Officer for month of February $2.00, P. G. LONELY HEARTS—Mabel Jenson, 34, a New York stenographer, read about bachelor Michael Arneson, who lives alone atop a Norwegian mountain and says he wants a wife. So she called him in Aardal, Norway, to console him. Arneson was chased into the mountains by the Nazis and never bothered to come down. Cheered by Mabel's conversation, he asked her to hurry over and visit him.

2 Women Sue After Crash

HAMILTON, March 10 (CP)—The Argyll-bus and street.car crash in Toronto Nov. 6 was vividly recalled today when it was learned that two of the surviving bus passengers, both widowed by the crash, had opened suit against the Canada Coach Lines, Limited.

They are Mrs. Elizabeth Russell Noble and Mrs. Edith Ellen McKie, both of whom lost their husbands, Frank A. Noble and Earle William McKie, in the collision between a Canada Coach Lines, Ltd., bus and a TTC street car on Lakeshore Road, Sunnyside, Toronto.

In all seven persons died from injuries received in the early morning collision. The bus was returning to Hamilton with a busload of Argyll members and their wives after a reunion party of the regiment.

Liquor Referendum

AUCKLAND, N. Z., March 10—(CP) — New Zealanders today voted in a national referendum to decide two issues on which the country is deeply divided. The first was whether liquor sales should be permitted in the evening or whether the present closing time of 6 p.m. should be retained. The second was whether a legal alternative should be provided to betting on totalizators at race tracks.

Get Five Years For Robbery

BROCKVILLE, March 10 (CP)—Two Toronto men, Alan MacDonald, 23 and Frederick J. W. Estwick, 33, were sentenced to five years in Kingston Penitentiary today when they appeared before Magistrate George A. Wright on charges of armed robbery and abduction.

The men were arrested in Cornwall March 1 in connection with the holdup of a Brockville cab driver, Tom Curry, on February 28. The two in company with a female companion, who has not yet been apprehended, allegedly forced Curry to drive them from Brockville to Ottawa at gunpoint after robbing him of $50.

Each received a five-year term for armed robbery and a one-year concurrent term on the abduction charge.

SeamanAgentAppeals 3-Month Sentence

CORNWALL, March 10 (CP)—Crown Attorney R. P. Milligan said Wednesday an appeal against a 3 month sentence imposed on Milton Nuttall, Canadian Seamen's port agent, has been launched by the Attorney General's department.

Nuttall was sentenced early in February by Judge D. E. Lewis, of Brockville, after being convicted of charges of seizing and confining two crew members of the CSL freighter Acadian here last June 12.

Radicals Quit As Peron Plans 2nd Term

BUENOS AIRES, March 10 — (AP)—Radical Party opponents of President Juan Peron walked out of the Constituent Assembly today, calling it a farce.

Left to themselves Peron's followers then approved 101 to 0 a new Argentine constitution which permits the president to succeed himself in 1952.

Before executing their dramatic prearranged exit, the radicals charged the Peronistas had revealed that the only purpose of the constitutional convention was to arrange for a Peron succession.

Peronistas hailed their chief as a modern-day San Martin (Argentine liberator and national hero), and a radical countered sarcastically: "Your praise of him does not go far enough. I would call him the Jupiter of America."

Jupiter, in Roman mythology, was chief of the gods and the god of rain, lightning and thunder.

Just after the vote, President Peron caused surprise by announcing that he is to pay a luncheon visit tomorrow to the army and air garrisons at Campo de Mayo and Palomar, 15 miles outside Buenos Aires.

Political observers speculated that Peron's visit to his old comrades-in-arms at this time was to constitute a public display of harmony intended to lay rumors of military displeasure with the government's economic policies.

Study Bill To Develop Hydro In Banff Park

OTTAWA, March 10 — (CP)— The Senate gave second reading Wednesday to a bill to enable the development of Hydro power for Calgary in an area now within Banff National Park.

The bill would amend the National Park Act to exclude from Banff Park the Spray lakes district where the power would be developed.

Senator G. H. Ross (L—Alberta) said that power developed in the project — about 90,000 horsepower — would be turned over to the province of Alberta for distribution in Calgary.

Unless new power were developed shortly, he said, Calgary would have a "serious shortage."

The area to be excluded from the park consists of about 22 square miles. Total area of the park is 2,563 square miles.

Women Hear Call For Patriotism

LAKEFIELD, March 10 (ENS) —Mrs. E. H. Northey, newly elected regent of the Catherine Parr Traill Chapter, IODE, presided at the March meeting held at the Curry home Monday.

Mrs. J. McKercher, treasurer, reported that $56 had been raised at the ice follies.

Conveners were appointed for offices as follows: Child and Family Welfare, Mrs. Earl Orr; Empire study, Mrs. T. Chaplin; post war service, Mrs. L. Quackenbush with Mrs. E. Waldon and Mrs. D. Weaver as assistants; films, Mrs. G. Winder Smith; press, Mrs. Don Hendren; ways and means, Mrs. J. Huddart; program, Mrs. Ray Jackman; social convener, Mrs. A. Aiken. Mrs. E. H. Northey was appointed representative to the IODE convention in Hamilton. Mrs. W. O'Brien will also attend the convention.

Mrs. George Tanner gave a reading on Communism, which was followed by a prayer for peace by Mrs. Chaplin.

Mrs. C. Turner, municipal regent from Peterborough, gave a talk on IODE work.

The IODE, founded 49 years ago, had filled a great need among the patriotic women, Mrs. Turner said. Members of the organization were urged to raise their voices against subversive powers in Canada.

The new bulletin, issued by Mrs. O'Brien, was discussed, and it was moved by Mrs. Arnott and Mrs. Aiken that Mrs. O'Brien be allowed sufficient money to cover the expenses of editing and mailing the bulletin prior to all future meetings.

Mrs. Don Hendren recited a poem.

Miss Marion Sloan was presented the scholarship certificate by Mrs. M. Douglas. The $50 had previously been presented at the annual High School Commencement.

Mrs. Douglas gave a reading and conducted a quiz on the constitution and by-laws of the Order.

Five new members, Mrs. J. L. Browne, Mrs. Allan Graham, Mrs. Walter Killoran, Mrs. Mary Martin and Mrs. Donald Marr, were accepted into the organization.

Mrs. Arnott thanked Mrs. Turned for her address.

Mrs. J. Huddart, Mrs. G. Winder Smith and Mrs. Ken Lichty were appointed as a committee to inquire into the cost of having a dance or card party and to assist with executive.

Lunch was served by Mrs. Weaver (convener), Mrs. J. Arnott, Mrs. D. Charlton and Mrs. W. O'Brien.

CSU Asks Increase

TORONTO, March 10 — (CP)— New proposals, including a $30 monthly wage increase and time-and-a-half pay for overtime, were submitted Wednesday when the Canadian Seamen's Union (TLC) opened negotiations with Great Lakes shipping concerns. Negotiations were postponed until March 15 following a lengthy conference of company representatives. It is believed likely they will submit counter-proposals when talks are resumed.

Committee Studies City's '49 Estimates

Council Asked For Sewer Braidwood Ave.

As a result of complaints by nearby property owners, the Peterborough Board of Health on Wednesday decided to recommend to City Council that a sewer be put in on that section of Braidwood Ave., east of Lock St.

A terrace on Braidwood, directly opposite the Brinton-Peterborough Carpet Co., owned by two sisters Josephine and Eva Gordon of 120 Lock St., is directly affected, according to a letter written by Paul R. Koster, Fradette Ave.

Mr. Koster's residence on Fradette Ave. overlooks the terrace, although not directly behind; and he and his brother, Carl, own four lots on Braidwood Ave., adjoining the Gordon property.

In his letter to the Board of Health he describes conditions at the terrace as deplorable.

As Mr. Koster could not obtain the signatures of two-thirds of the property owners, representing at least 50 per cent of the assessed value of the Braidwood properties, he was unable to get action through the Land Improvement Act. Consequently, with the other signers of a petition for proper sewage facilities he has asked the Board of Health to recommend the installation.

Besides those of the two Kosters the petition bore the names of J. Hardy, R. G. Dorell and Ernest Gibson; but it was not sufficient to invoke the Act.

Mr. Koster claims that Braidwood, east of Lock St., is the only street south of Lansdowne without these facilities.

No Discrimination

"There are four outhouses, the smell of which keeps everyone out of their backyard in the summer. The people living in this terrace have to throw their dirty water etc. into their backyards on a narrow strip of property behind same, which is the same as throwing it in the backyards adjoining the property as flies show no discrimination.

He said Miss Gordon "refused to sign the petition or make any corrections whatever to overcome the unsanitary conditions of the terrace."

If the city put in the sewer and water services he said that he and his brother would be prepared to build four houses on their property totalling $25,000 in value. Taxes, he estimated, would be about $400 a year and this would help defray cost of these utilities.

The Brinton Peterborough Carpet Co. to the north has its own private sewer.

"The thing we have to consider is whether this is a nuisance and a menace to public health," said Mr. Dutton.

Sanitary Inspector R. A. MacPherson stated "It is definitely a nuisance. The houses on Fradette Ave. overlook these outside toilets."

Mr. Koster said in his letter he had been complaining about the sanitary conditions on that street for the past two years.

The Board unanimously decided to recommend to Council the installation of the sewers.

Firemen Do Not Wear Vests Provided Them So Why Purchase New Ones Alderman Asks

While men's suits are returning to multiple pants, four-piecers, the uniforms of Peterborough's firemen have been reduced to two—coat and pants.

Ald. Doug Miller, chairman of the fire, water and light committee of the council, cited that economy to vouch for his fine-tooth-combing of the estimates of Chief George Smith.

"We asked about the uniforms that are bought every years," Ald. Miller said, "and we learned that of the present 48 men in the department only three of them wear the vests the city was buying for them. Naturally we asked ourselves why we should buy vests to hang up in a lot of clothes closets. So, we decided to cut them out, as one of the little savings we were able too make.

Forty-eight times $5 amounts to $240."

The custom of buying replacement hose every year was also suspended in the present budget.

"Chief Smith felt satisfied that he had enough hose in stock for this year," Ald. Miller said. This item last year was $1,-841.38.

School Board Criticized In Taking TB Skin Tests

Protests over the way the Board of Education is conducting its TB skin tests in city public schools are to be made by the Board of Health to the Provincial Department of Health and the Department of Education.

Dr. R. A. Kelly, MOH, declared tha the skin test was unnecessary at the present time; that the parents of children had not received proper information regarding the significance of a positive reaction; that results of the tests, in some instances, were not being kept confidential and that the Board of Education was unable to take action on the basis of its findings.

"The TB tests in Public Schools are infringing on our territory," said Dr. Kelly. "Such a program now is unnecessary; and as it was carried out it was of no assistance—only a detriment."

"The skin test only shows the person has been in contact with T.B.," he said. And he contended that the local Board has received many calls from parents of children wanting to know what significance can be paid to a positive reaction."

"The parents were just given a card to fill out to obtain their permission for the tests to be taken. There was no other information given."

What to do?

Having taken tests of the children, the Board then found itself at a loss to know what step should be taken regarding positive cases, he stated.

"They embarked on this program and then realized that they had no provision for completing it," delared the MOH. 'I'm referring particularly to X-rays."

'The Superintendent of Schools phoned me asking what I was going to do about positives. I said 'nothing'."

Dr. Kelly pointed out that he has no jurisdiction over the health service of the Board of Education which maintains its own dental and medical units.

He said he would not want to "saddle" the Peterborough county T.B. Association with this expenditure, and also there were many suspects and contacts who must be X-rayed at the Referred Clinics and should not be delayed for the doubtful cases of school children.

(Dr. Kelly later told the Examiner that a province-wide survey taken a couple of years ago resulted in the conclusion that T. B. skin tests on children were not worth while."

As there is going to be a city-wide survey in the near future he said he saw no reason for the Board of Education embarking on its own scheme.

He also claimed that the results of these surveys were not being kept confidential. Queried by chairman James Duton the MOH quoted specific cases.

"The solution would be an amalgamation of the health services said Dr. Kelly, instead of the Board of Education maintaining its own."

"I don't think you have a chance in the world with amalgamation so far as the Board of Board of Education is concerned," said Mayor Max Swanston.

A general discussion on the advantage and disadvantages of a generalized health service followed.

May Once Have Had Doubts

Mr. Dutton said there was once a time when the Board of Education could have legitimate doubts as to the efficient service provided by the local Department; but that time is now long passed. I'd like to call the attention of the powers that be, in Toronto, to this condition," said the chairman.

The motion by Dr. Kelly and Mayor Swanston for a letter to be written to the provincial body and the Department of Education (with a copy to the Peterborough Board of Education) registering a protest on the T. B. tests passed unanimously.

Replies To Dr. Kelly

In replying to Dr. Kelly the Superintendent of Schools K. S. Wightman said today that Dr Kelly had been consulted before the skin tests were taken. "I fully discussed with him what we proposed to do and he at no time offered any objections. He advised me where the tuberculin could be secured, what type to ask for and not to get too much at one time, as we might have difficulty in keeping it. As a result of this advice we secured the tuberculin on three different occasions."

"When the suggestion of TB skin tests in our schools arose I first discussed it with Dr. L. E. Mylks, our school doctor and then with Dr. Kelly. I explained to him what we intended to do and who would do the testing and at no time did Dr. Kelly object to the course we proposed to follow."

"The Department of Health in Toronto was also consulted and there was no objection from that source either. As to keeping this information confidential, if there were any talk it was among the children. I know that Dr. Mylks on his return visit to the schools following up the tests, discussed privately with every child who showed a positive re-action and advised that the reaction did not necessarily show that they had TB, but that at some time in their life they had been in contact with the disease. Why all these objections on Dr. Kelly's part at the present time is certainly a mystery to me," the superintendent said.

Given Lodging For Night Boys Disappear With Wallet

For stealing money from his mother by adoption and for receiving money which he knew belonged to her, Edward Armstrong, Romaine St. was sent to Guelph reformatory for eight months by Magistrate W. R. Philp K. C. at city police court Wednesday. Appearing in the dock with him was Donald Asling, North Monaghan Township, who was sent to the reformatory for five months for stealing $32 from Mrs. Armstrong and for another five months for stealing three watches, a razor and wallet from Theo Moore.

Armstrong pleaded guilty to both charges. Asling reversed his plea twice on the charge of stealing from Mr. Moore from guilty to not guilty and then back to guilty. On the other charge he also pleaded guilty.

Wallet Stolen

Detective William Clark told that Mr. Moore had told the police the two boys had asked him the way to Armour Hill and he had gone with them in their car. As they were driving back they told him they had nowhere to spend the night and so he offered them hospitality in his home. They went to bed and when he woke the next morning the boys had disappeared his wallet was missing from underneath the mattress and the watches and razor had also gone.

Detective John Stevenson said that after Mrs. Armstrong notified the police that she had lost more than $100 a warrant was issued for the boys' arrest.

Police discovered that the boys had boarded a train for Ottawa. They notified the police at Smiths Falls and the boys were taken from the train there. Armstrong had $57 and Asling, $44.

No Consideration Given Driver When Charged

W. J. A. Fair K.C., made a plea before Magistrate W. R. Philp K.C. at city police court today against suspending drivers licences when motorists convicted of technical offences against the Highway Traffic Act have shown in court that reasonable care and judgment was used.

Gordon C. Toms, 366 Mark St., who Mr. Fair was defending against a charge of driving through stop lights, as the result of which it was claimed two other cars collided, was found guilty and fined $5.

After telling the magistrate that Toms, who was only 17, would lose his job as a truck driver if his licence was suspended, he launched into a dynamic attack against previous traffic convictions and a tirade against the Department of Highways. He said that even when there was ample evidence brought to court of care and good judgment on the part of technical offenders, no consideration was given when they tried to convince the Department of their claims to leniency.

Mr. Fair complained that "the police are always right in these traffic cases." He had not won a case for the past three weeks and he thought no one else had. He was not going to take fees from people if that was going to be the result."

Has No Control.

The magistrate told Mr. Fair that he had no alternative than to impose fines which, he said, were "clear cut." As for the question of licences, that was a matter over which he had no control.

The case tried by Mr. Philp today arose from an accident on the ice covered road on Sherbrooke and Aylmer Sts. on February 23 Gordon Toms, was driving a truck along Sherbrooke St. He applied his brakes but found he was not going to be able to stop. He saw he was going to hit another car, so took his foot off the brake and accelerated.

Robert B. Jackson of Otonabee, who was driving the car Toms had tried to avoid, said he braked to avoid Tom's car and collided with a third car driven by Gerald H. Montgomery of Aylmer St. Toms was fined $5.

Health Charge Raised To Separate Schools

The Separate School Board appears to be facing a rise in the cost of its medical services is supplied by the Board of Health.

Last year, the Separate Schools paid $720 for the medical services given the children in the school. The Board of Health lost money at this figure, said James Dutton, chairman, who proposed that the charge of $720 be raised to $1,600.

'We feel very strongly now that $1,600 would be little enough for this year, and the services provided would still be economical," he stated.

A letter is to be sent to the Separate School Board informing them of the increase in costs for the medical services.

A reporter never realizes how widely his work is read until he makes a slip on his typewriter. Then he is deluged with criticism and rightly so. Shakespeare put our current concern aptly in his well-known lines from Macbeth, quoted above. Unlike the Bard we have to deal with trout, not a murder, and with the feature story entitled "Some Fish Through Ice..." wherein the trout caught were called speckles instead of lakers. We have had our knuckles rapped by Hon. H. R. Scott, the game wardens and every fisherman on the street. They will never be called speckles again, when they should be lake trout, unless we personally count every speckle.—N.

Board Of Works Will Require $208,500 in '49

Finance committee of the Council resumes tonight the listing of the 1949 municipal expenditures to be financed by the taxpayers before the frosts of fall are felt again. A tedious session of nearly four hours Wednesday night was largely an assembling of figures for preliminary survey as they were brought together from committees and commissions. It was the usual process of bringing forth the tax rate.

Board of works requisition was $208,500 as compared with the 1948 appropriation of $155,000 and total spending of $196,608.37, showing an overdraft in that department of $41,608.37.

The board's estimates for this year are grouped as follows: Roads, $94,000; bridges, $1,000; sidewalks, $17,300; sewers $33,800; general expenditures of the department, $41,700; and construction work, $39,200. That is a total of $227,000 which is reduced by truck depreciation of $8,000 to $219,000. A further deduction of $10,500 to $208,500 was merely the effect of slight change in accounting.

The committee accepted the suggestion of City Clerk Outram that an item of $10,500 for workmen's compensation should be taken out of that column of appropriations, and transferred to a separate fund. The purpose, he said, was to accumulate a bank credit of something like $30,000 to provide for possible emergent requirements of compensation for injuries of employees engaged in civic work. A similar but smaller item comes out of the garbage collection estimates.

Separate Fund

Mr. Outram suggested that the money set aside for compensation should be kept in a separate fund. Any surplus in that account at the end of the year should be retained there in the following year, instead of being used as a general treasury credit. By that means a substantial sum should be showing at the end of two or three years, and that annual requisition could then be substantially reduced. Even a few serious mishaps involving compensation payments could amount to a considerable sum in any year, probably exceeding the appropriation for that purpoose. But, by the plan of a separate account the council could now begin a method of protecting its limited resources against such unforeseen demands.

The board's expenditure of $96,608.37 last year was comparable with $174,929.34 in 1947.

The appropriation for roads was up from $67,500 last year to $94,000, and sidewalks from $12,-000 to $17,300, to enable the department to catch up on improvements that have become urgently necessary.

Charity appropriation of $29,-000 is increased to $44,860. The amount spent in 1948 was $33,-279.46.

Fire department is allotted $120,000 as against $100,827 last year and the actual expenditure of $104.010. Salaries get a large slice of that appropriation, $89,805 estimates last year and $93,017 spent; and the present estimate $109,435.

Other Items

Garbage collection and disposal: $70.000 estimated last year, $77,798 spent; and $86,000 in the present estimates. The salary estimates are up from $47,000 to $58.000: payments last year $53,651.73.

For parks, playgrounds, rinks and cutting and trimming trees the appropriation last year was $40.000; expenditure $48.503 01, which ws reduced by $1.508.82 receipts to $46.994 19; and estimate for this year $53,100.

Health and sanitation combined: estimated last year $27.985; spent $29.247.94; estimate for this year $36.924.70.

Police department, the requisition of this Commission: last year's estimate $93.000; spent $83 - 950; present estimate $96.117 30 Police salaries, estimated, are up from $78 020 50 to $81,000; actual payments last year totalled $81,-000.

Recreation Commission: estimated $22,450 last year; spent $24,-072; present estimate $24,425, reduced by $3,000 government grant to $21,425.

That summary is part of the picture of the budget as it is being filled in, somewhat heavier of color than in 1948.

British Happy To Hear Battleships At Sea Again

By JAMES McCOOK

LONDON, March 10 —(CP)—Maybe future wars will be fought only by jet aircraft, juggernaut tanks and lightning fast little ships, but the conservative British are happy to hear their battleships are at sea again. A year ago Parliament was shaken by the announcement that the home fleet consisted of no more than one cruiser and four destroyers actually in service.

Winston Churchill, as opposition leader and former First Lord of the Admiralty, protested this announcement as injurious to the country and added the actual potential strength of the navy was far greater as it included battleships that might be put to service quickly.

Modernization Planned

Defence Minister Alexander also a former first lord, said he agreed with Churchill. Although in a period of change and reorganization the ships at sea might be reduced. Britain was ready to put a task force into service within a week or 10 days. And within a few months the navy would be modernized and refurbished.

"The Silent Service" has made no boast of its achievements since, but defence authorities agree reorganization is far advanced. The home fleet now has an operational strength including one battleship, the 35,000-ton Duke of York, the 23,000-ton fleet carrier Illustrious, two 14,-000-ton light carriers, at least three cruisers and about 20 destroyers plus other fighting craft

Still Formidable

Britain's operational battleship fleet ready for duty is probably the most formidable in the world. The United States has one operational battleship, with 14 in reserve, France two and Russia will have two, counting the Italian battleship being given her.

British authorities agree that the battleship has lost its old stature as "Queen of Battle" and the fleet carrier, with its flock of far-flying planes, may be the most important individual navy unit.

But they insist the "Battle Wagon" is capable of giving and taking more punishment than any other warship. Until it has been eliminated from the naval programs, the battleship will be retained by Britain and have a place in a balanced fleet, ready for protection or bombardment duty

$43,500 In Estimates For Arena Ice Plant

An artificial ice plant item of $43,500 was inserted into the council's budget by the finance committee Wednesday night.

"We'll put it down for the present," said Mayor Swanston. That means down at the bottom below the roads and sewers, the salaries of the firemen and policemen, to say nothing of school teachers and a lot of other expenses. At any rate, it may be reported to the Civic Arena enthusiasts that they have a toehold on the budget in its present stage of preparation.

The (police) station wagon received approval.

"Police cars!" said Ald. Gillespie, with an unposed pause, gathering emphasis, " the worst in the world. The police have to carry drunks in them, and you can imagine what that means. Drunks plus bicycles and all sorts of things. I'm all in favor of this purchase."

The truck with radio will cost around $2,100.

May Leave School For Farm Work

Secondary school students in Grade IX to XII who do not need to write their final examination June, may be released for farm work, the Minister of Education has announced.

In a memorandum to Secondary School Principals and School Boards the Deputy Minister stresses the need for the youthful farm help:

"Secondary School pupils, even before the war, played a useful part in farming operations but it was not until they responded in such large numbers to the appeal for assistance during the war that they demonstrated their special value by meeting in such a satisfactory manner the seasonal requirements of fruit and vegetable growers and mixed farmers throughout the Province."

Grade XIII students, all of whom must write their June examinations, will be allowed to work on the farms as soon as they have completed their examinations.

The plan under which schools are asked to co-operate with the Ontario Farm Service Force in enrolling pupils willing to assist farmers in 1949 is as follows:

1—A candidate for Grade XIII (Upper School) standing shall be required to remain in attendance and to write the Departmental Examinations.

2—At the discretion of the board the principal may release from attendance after May 20, a candidate for Grades XI and XII (Middle School standing who (a) has attended regularly up to and including May 20; (b) is found by the principal on that date to be entitled to Departmental standing without writing the final school tests in June; (c) undertakes in writing to engage in farm work and to remain in the work as long as his services are required, but in the case of a candidate returning to school, not later than the Saturday before the opening of schools in September. . ."

These candidates will be recommended for Departmental standing as though they had continued attending until the end of the term.

Where applicable a similar plan will be followed in the case of promotions from grade to grade in Grades IX to XII.

Visit Schools

Representatives of the Ontario Farm Service Force will correspond with principals and where possible will visit schools during March and April to discuss farm-work plans with teachers and pupils.

The Deputy minister states that the need for food production is as great throughout the world today as it has ever been and that it is of the utmost importance that the goals set for Canadian agriculture in 1949 be reached.

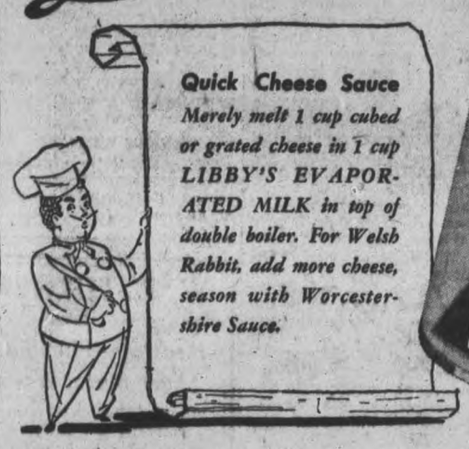
It is believed by the Ontario Farm Service Force that a substantial contribution toward this objective can be made by the student group.

THIS FROZEN AND QUITE DEAD BOBCAT stands like a monument to death near the goose, right, it killed on a farm near La Grande, Ore. The hungry cat jumped into the spring in the background after one of the several geese swimming there. Dripping wet, he was making his escape he brushed against an iron pulley, arrow. His coat froze instantly to the metal, and death soon followed in 28-degree-below-zero weather.

To Seek Nomination

TORONTO, March 10—(CP) — Roland Michener, former provincial secretary of Ontario, Wednesday said he will seek the Progressive Conservative nomination in St. Paul's federal riding in Toronto when the party's district association convenes March 21. Mr. Michener, 49, was an unsuccessful candidate in Toronto-St. David riding in last year's provincial elections.

1,000 Join Search



SASKATOON, March 10 (CP) —Search by aircraft, with police dogs and afoot of more than 1,000 persons so far has failed to yield any trace of two-year-old Emily Stone, missing from her home since mid-afternoon Tuesday. Hundreds of tired searchers Wednesday night continued the hunt for the little girl, who wandered away from her home near the South Saskatchewan river and disappeared.

Big Farm Budget

LONDON (CP)—The government will invest $1,800,000,000 in Britain's farms during the next four years. Half of this sum is to be spent on mechanized equipment. Agricultural machinery production in Britain is now valued at $280,000,000 a year.

Bergen Seeking Gag Writers At Universities

By BOB THOMAS

HOLLYWOOD, March 10 (AP) —Edgar Bergen is going to hunt for gag writers within the ivied walls of universities.

The ventriloquist, enjoying his short-term retirement, is heading for a vacation jaunt to Florida and Cuba. When he returns, he says he'll tour colleges in search of bright young men to help write his air show.

Bergen hopes the fresh writing talent will bring his program a new slant. He realizes he will be in tough company next fall on CBS, since he will follow Jack Benny and Amos 'N' Andy and precede Red Skelton. Bergen has indicated he'll aim toward the realm of fantasy.

Mature on Himself

Victor Mature, who is a great press agent for Vic Mature, was showing a letter he received from Paramount boss Henry Ginsberg. The bigwig said early comments about "Samson and Delilah" have only been equalled by those about "Gone With the Wind" and "Best Years of Our Lives."

Vic may still do "Paradise Lost, 1949" in Italy, now that Dana Andrews has been put into another role. But the muscle man isn't eager to work. He has three unreleased pictures and feels the public can get too much of a good thing.

One of the hottest races in Hollywood history is going on today between film companies hurrying pictures on negro themes. The contenders' 20th-Fox's "Pinkie," MGM's "Intruder in the Dust," Louis Derochemont's "Lost Boundaries" and screen play's "Home of the Brave."

"Take me out to the Ball Game" (M.G.M.) is a sure cure for anybody's blues. Seldom has there been a film loaded with such fine entertainment. Bright young people like Frank Sinatra, Gene Kelly, Esther Williams, Betty Garrett and Jules Munshin make even the contrived plot likable.

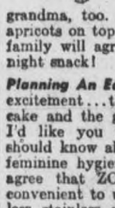
Adorable! That's what your baby's curls will be after you've given her this marvelous hair treatment! If baby's straight hair is your despair — then NESTLE BABY HAIR TREATMENT is truly your dream—come true! Yes, your baby can have the curliest head of hair imaginable with the "magic" of this gentle lotion! Here's what you do:—As soon as baby's second growth of hair is one inch long, she's ready for those "Nestle" curls. Every time you bathe her, comb Nestle lotion through her hair—then train those easy-to-manage ringlets in soft curls all over her head. Nestle Baby Hair Treatment—tested and commended by "Parents' Magazine"—is so safe and kind to baby-hair! One bottle lasts for four months if you dilute it according to instructions!

My Idea Of A Particularly Good Lenten Menu . . . Vegetable Soup — Buttered Toast Strips — Tossed Green Salad — *Kraft Dinner* — Floating Island — Coffee. Yes, there's many a luscious, Lenten menu that can be planned around delicious KRAFT DINNER! You see, it's a wonderful macaroni-and-cheese combination that makes a main dish for four. It costs only a few pennies, but it's a "compliments-for-the-cook" dish, if ever I've seen one! And so very easy to prepare! In every package of Kraft Dinner is a special *fast-cooking* macaroni that cooks to fluffy lightness in *only 7 minutes!* And in the same package, there's cheddar cheese, already grated, to sprinkle in for good cheese flavour! Ask your grocer for Kraft Dinner—he has it for you *now at a new low price!*

Snooping Through A Friend's Kitchen just before dinner-time the other evening—I found her making gravy—and looking pleased. "I just know the family is going to like this gravy!", she said. "Just wait 'til you taste it! It's made with BENSON'S CORN STARCH and it's really delicious!" Yes, gravy is just one of the many good things to eat that you can make with Benson's! Try it—in custards—puddings — meringues...results with Benson's are always better! And as my gravy-making friend says—"It's Benson's for Better Cooking—in my kitchen!"



"The Top O' The Marnin' To Ye!" And whether you claim any Irish ancestry or not, "sure an' you'll be awearin' of the green" come St. Patrick's Day. Plan to serve something a little special for dessert that day, too. Mould Lime Jell-O in a shallow pan. When firm, cut in cubes and pile into serving glasses. Then top each dessert gaily with a mound of sweetened whipped cream, a Lime Jell-O shamrock cut-out. You'll love the tangy, fresh-fruitiness of Lime Jell-O and *all seven* delicious "locked-in" JELL-O flavours. They're favourites in so *many* homes.

Something For Junior To Crow About! . . . this "grown up" food that tastes so good and is so good for him! Yes, 5 Minute "CREAM OF WHEAT" cooks to baby-ready digestibility in just five minutes of boiling . . . and it contains blood-enriching Iron—provides extra Calcium and Phosphorus for diets deficient in these elements. 5 Minute "Cream of Wheat" is a "family" treat if ever I've seen one. Good for baby—grown-ups—and grandma, too. And how everyone loves it. Serve it with raisins or apricots on top. Splash on milk and sprinkle with sugar! I'm sure your family will agree that it's a "delectable" dish for breakfast or good-night snack!

Planning An Early Spring Wedding? Well, when all the excitement...the rice and the flowers—the wedding cake and the guests have vanished—here's something I'd like you to remember:—Something every bride should know about is this truly satisfactory method of feminine hygiene. Yes, thousands of fastidious women agree that ZONITORS are wonderfully dainty and convenient to use . . . and effective! Zonitors are greaseless, stainless, snow-white vaginal suppositories—powerfully germicidal yet absolutely safe to delicate tissues! Zonitors are available at drug-stores all across Canada—and for frank facts you'll want to know about feminine hygiene—write to me—Barbara Brent, 1411 Crescent St., Montreal, P.Q.—for the ***free booklet*** on this important-to-brides subject! The booklet will be sent to you in a plain wrapper.

Spring Clothes, gay and lovely though they are, can never look their loveliest on you if your skin is "winter-weary"! That's why the NEW WOODBURY POWDER is such a boon-and-blessing . . for it comes in seven truly flattering shades—it clings longer—covers skin flaws better! What's more, it contains a very special ingredient that gives a smooth-as-satin finish to your skin . . . and it's mixed with Woodbury's new "super-blender" that whirls colour into powder and powder into colour at terrific speed! This results in a fineness of texture and richness of shade that are truly amazing! No wonder that in the most extraordinary beauty test ever made, American women from Coast to Coast voted *4 to 1* for the New Woodbury Powder!

"Begorrah!" . . . the first signs of Spring and St. Patrick's Day come in early March—so it's a merry month in spite of its blustery winds! And here's a merry thought for St. Patrick's Day Dinner!...make it a truly Festive meal with SHIRRIFF'S FLAVOURING EXTRACTS AND FOOD COLOURS! They make both the appearance and the flavour of foods *particularly* appetizing! Try this for a touch of the Irish:—Tint the frosting for your St. Patrick's Day cake a soft, fresh green with a few drops of Shirriff's Food Colour. Flavour "to match" with Shirriff's Peppermint, Mint or Lime Flavouring Extract. And for still more appetizing "atmosphere" do the same with your candies, sauces and home-made ice cream. Better prepare for your St. Patrick's Day Dinner *now*. . ask your grocer tomorrow for Shirriff's Flavourings and Food Colours!

Imagine How YOU Would Feel if you had spent hours cleaning and polishing your living room for a tea-party . . . only to overhear this remark from one of your guests—"Yes, this is a lovely room, but how *stuffy* it is!" It's so easy to forget that even the smell of a fine cigar can linger in your drapes. So best make *sure* your room is fresh-smelling before your guests arrive! Just uncap a bottle of VAPAIR—pull the wick—and it will "clear the air" of *all* stale odours in a jiffy! Yes, Vapair banishes cooking smells—odours from birdcages, dogs or cats . . and stale cigarette smoke. And it costs less than a cent each time to use! Just try it!...ask for the big value 10-oz. size at 89c or get the money-saving 16-oz. refill bottle at $1.19.

QUEEN ELIZABETH SCHOOL

Mr. W. Tinker addressed Queen Elizabeth Home and School Association on "Citizenship" at the regular meeting Tuesday evening. Quoting Daniel Webster he stated "Whatever makes a man a Christian makes him a good citizen." Mr. Tinker suggested that to be a good citizen one must trust in Good, take life as it comes and make the best of it.

The speaker was introduced by Mrs. J. Astelle and thanked by Mrs. P. Jarvis.

Ten pupils from Miss B. Brown's room sang "Vesper Hymn" and "The Fiddler". They were accompanied at the piano by Mr. W. Morrow. Other numbers on the program included a reading "At Night in the Wood" by Arlene Payne and "Tewkesbury Road" by Arlene Jarvis.

Nomination of new executive was held. Miss Brown's room won the attendance prize. A social half-hour in charge of Mrs. M. Rea was enjoyed at the close.

Clothing Drive March 14-18 By George St. WMS

Used clothing, bedding and food parcels are still much needed by people of Europe. W. M. S. members of George Street United Church were informed by supply secretary Mrs. F. Burnham at the meeting Wednesday.

There will be a collection of these articles and donations of money accepted during the week of March 14-18. The members of the church are asked to give this worthy cause their utmost support.

Mrs. H. Girven reported 165 calls. Mrs. H. J. McMillan gave a short talk on Temperance. Mrs. J Bickle sent letters of sympathy to bereaved members of the congregation during the month.

Mrs. E. H. Brown, president, conducted the business. Mrs. W P. Purdy was at the piano.

Mrs. Ruth Reynolds, leader of district 7 took charge of the devotional period with Mrs. G. Miller reading scripture and Mrs. V. Boorman leading in prayer.

Mrs. Roy Powell, Mrs. F. Burnham and Miss Eva Brown, gave an interesting summary of the Study Book chapter.

Solo "Count Your Blessings," was by Mrs. J. Goldie, accompanied by Mrs. Ross Moore.

BABY'S CRY IS NOT ALWAYS TEMPER

DISTINGUISH between your baby's cry of pain and cry of temper. The "pain cry" should have instant attention. For the feverish distress due to gas on stomach or bowels or those common digestive upsets, give Baby's Own Tablets at once. Mrs. May Mundy, of Toronto, finds they work every time.

"I am the mother of nine children, three of them prize babies, and Baby's Own Tablets have been my only medicine in raising them to the healthy children they now are. As soon as my children became a little feverish I at once gave them Baby's Own Tablets and in a very short time the fever disappeared and the children were normal again."

Equally effective for constipation, upset stomach, teething troubles and other minor ailments of babies.

Quickly effective. Sweet-tasting — easily crushed to a powder, if desired. No "sleepy" stuff — no dulling effect. Get a package today. Sickness often strikes in the night. 25 cents. Money back if you are not satisfied.

Definite Slimming-Down Noted at Fashion Revue

Fashion's point of view was interestingly presented in the Salon of Fashion on Wednesday night in the PCVS auditorium with direction and commentary by Brenda Davies. First showing of trousseau clothes, a special hat revue and holiday outfits by Jeanette Scott Chapter, IODE, were seen by a capacity audience.

The collection revealed a definite slimming-down of fashion this spring—superfluous width and length pared off and extravagant attitudes made to suit conservative taste. Ingenious designers have applied fresh ideas and thoughtful detail to last year's big revolution, not unexpected after hum drum war years. There was no mention of hemline heights but they were shorter — about mid-calf, excepting a few late afternoon dresses, and of course for evening.

"Make sure you make a beautiful picture — in your hat," Mrs. Davies said, and the models had evidently heeded her advice. Hats were all straw, except a casual ribbon cloche, and most of them had yards of veiling to tie in a chin bow or anchor on the shoulder with a smart pin. Flowers filled the brims and sometimes cascaded to the shoulder on one side. There is much use of taffeta ribbon trim, skillfully manipulated into pouffs and wing peaks, and a favorite color is green, often shot with gold used on pink and rose hats.

Wedding Scene First

Contrary to precedent, this fashion revenue was opened with the wedding tableau, believing this occasion is the beginning of a woman's really significant part in life, rather than the climax. The bride, Miss Nancy Ackerman, was seen posing for the camera, in late Victorian style gown of white brocaded satin, the skirt held out with hoops and a bow in back suggesting a bustle. The off-shoulder neckline, to be revealed latter at formal dances, was covered up with a brief jacket, buttoned down the front, that had small cuffs on the long sleeves. Bridesmaids, Misses Melva Lee Doxsee and Helen Weddell, were in pink and blue dresses, echoing the neckline cut, with matching long net mitts and Juliet caps of tulle.

Mrs. Jas. Matthews as the bride's mother wore blue Chantilly lace with matching crepe skirt showing all-around pressed pleats and her silk hat was trimmed with violets and roses.

High Fashion Points

Guests at the wedding came forward after the pictures to show what they were wearing. Dresses featured unusual hip lines, peg-topped draping, bows and loops for trim, and rich materials. One was outstanding because of a plunging neckline — reversed. Most elegant was a black wool suit with corded ribbon outlining the jacket opening and down the side of the skirt which had an interesting row of buttons on the back of the jacket. Hats were selected to enhance and bring comment on the personality of the wearers.

Quite a few capes were shown, some in fur. A cape-suit of mahogany red was particularly admired. Shirring in the shoulders and an inverted pleat gave back fullness, and buttons on the arm openings made them look like pockets. Pink as the accessory color made this outfit pretty and feminine.

A peplum of corded ribbon, cut-work on sleeve and at neckline, and a swashbuckling sash with fringe gave high color on a navy bolero suit the detail attention this spring. French heels are again appearing in the shoe picture and narrow straps give beauty to the foot and ankle. One model carried an extremely colorful parasol. Another modelled—of all things for a trousseau—a maternity dress, but the commentator remarked that emulation of Princess Elizabeth would give need for one within the year.

Color Notes

Brown for glamorous evening dress has heretofore been denied its lovers, but Wednesday night it was a snow-stealer in the taffeta ball gown worn with evident pleasure by Mrs. Walter Perry. A spray of white gardenias highlighted a back pouff at one side, and the stole was lined with white. Tangerine, the color of the cotton in a simply styled day dress was stunning with black belt and accessories.

Mrs. C. G. Holmes was applauded at every appearance. She showed clarity and distinction of silhouette in the clothes and her bearing was pleasing. A black dress with shirt bands tying in bows down the back was her biggest triumph.

Double Hat Tricks

Circumstances and budgets frequently force women to wear one costume for commonplace and special occasions. The Salon made it clear they needn't look the same each time. Models first appeared in suits and dresses worn with quietly matched hats and accessories, right for the office and committee meetings. Quick change of accessories, most noticeable in the headdress, made them ready for teas, parties, dinners and into the night. A basic suit of forest green gabardine was practical and efficient with trim black hat, bag and shoes, but the wearer had become interesting and vital when she returned in pink hat with matching blouse showing at the neckline, brown bag and shoes and a fur neckpiece

Vacation Ho

To the stage setting of a fashionable salon smart luggage and holiday posters were added when selections for the traveller were shown. Even shoes were keyed for sight seeing comfort on a European tour, Canadian holiday in the Rockies or motoring in USA. Nowhere would the summer holidayer feel out of place in a white linen suit, treated against creasing, and offering endless possibilities for accessory changes. Remaining in the Dominion, the three-piece suit of soft green was ideal

Something exciting is assured for the holiday evening when one wears black Chantilly lace over pink skirt with strapless taffeta top and a voluminous lace stole seductively wrapped about the shoulders. Another charming formal was of iridescent taffeta showing prune and flame colors as the lighting changed.

WOMEN'S FANCIES ARE FOCUSED ON A NEW WARDROBE following Jeanette Scott Chapter's first night presentation of the Salon of Fashion. A charming ensemble to greet the spring season is modelled by MRS. JOHN CURRELLY (left) in full length wool crepe, lined with gold satin that matches the gold and black figured silk dress, and her hat of golden straw is held in place with block veiling ties. MRS. WALTER PERRY (seated) is wearing high fashion navy in a taffeta suit dress with flower trimmed hat of white straw, softened with veiling. Centre photo shows hip interest of the grey crepe afternoon dress MRS. KEN ROBERTSON wears, created by a sash in lighter shade. She gets color from the hat which is pink straw trimmed with green shot silk and flowers and the final touch is a short fur cape. Hat designers are using femininity as their keynote and models show three variations in right photo. MRS. E. TURNER (seated) wears wide-brimmed type in lacy beige straw. MRS. MAX COMSTOCK (centre) has the very popular halo brim style with over-face veil tied in chin bow. MRS. MORT KNOX (standing) suggests the perfect hat for a tailored costume in deep rose fine straw with stiffened bow and peak of emerald green shot silk. *(See story on Page 17.)*

Milk tastes better made into RENNET DESSERTS!

• If your child occasionally tires of plain milk, serve deliciously different rennet desserts. Made in a jiffy just by using Rennet Powder or Rennet Tablets with milk. THEN the milk can be eaten with a spoon and the rennet makes it more readily digestible. Most doctors approve them. Get "Junket" Brand Rennet Powder or Rennet Tablets at your grocer's today.

WELL SUITED FOR THE EASTER PARADE are these three models from the "Salon of Fashion" presented Wednesday by Jeanette Scott Chapter, IODE, MRS. WILFRED PRESTON (left) wears cameo brown wool with fish-tail back on the jacket and slightly flared skirt. The hat is in lighter tone with flowers and veiling. Large checks are smart in a combination of grey, green and rose for the junior miss suit worn by MISS MELVA LEE DOXSEE (centre) The hat with rolled brim is of pink straw with dark green shot taffeta ribbon bow. MISS MARALIN MUNRO (right) wears a cape-suit that illustrates effective use of stripes and plain material in an all-purpose costume.

Who Can Claim to Know Limits to Duties of a Wife?

DEAR DOROTHY DIX: What are the duties of a wife? I have been married for 20 years to a man who insists that it is the duty of a wife to be a slave to him; to prepare his food and serve it piping hot no matter how late he comes home nights; to take care of his clothes and have them always freshly pressed; to wait on him hand and foot, even to taking the car to the garage and parking it, instead of his putting it up himself.

Dorothy Dix

For all this service I get neither thanks nor pay, and I am tired of it and am going to stage a reform, but before I do I would like to know just what are the duties of a wife.

MRS. J. C.

ANSWER: The duties of a wife are too numerous to catalogue, but mainly they consist in a woman being a true and faithful wife and making her husband a happy home. But certainly they do not include letting her husband make a servant of her.

Marriage is a partnership, not a monopoly, and husbands and wives should share equally in its joys and sorrows, its work and pleasures. It is the husband's duty to bring home the bacon and the wife's to cook it.

Pitiful Figures

The doormat wife is a pitiful figure, but when all is said she is to blame for her sad lot, for no husband can trample on his wife if she resists. Every wife who demands fair treatment from her husband gets it. Every wife writes her own price tag with her husband.

✧ ✧ ✧

DEAR DOROTHY DIX: My daughter is date-crazy. She is married to a nice man. She has a good home and children. But she spends all of her time and money on baby-sitters and fine clothes and having affairs with strange men. What will cure her of this fault?

MRS. H

✧ ✧ ✧

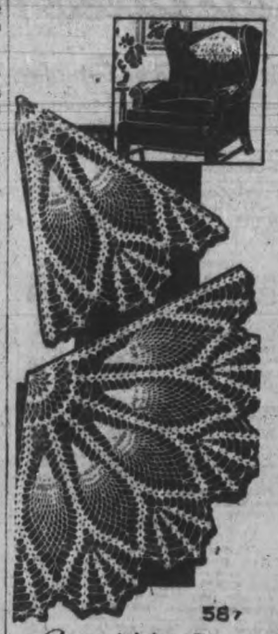
ANSWER: Disgrace and ruin are the bitter medicine that it will take to cure your daughter of having affairs with strange men. She craves forbidden fruit instead of the bread and butter of domestic life. It flatters her vanity to be able to pick up men on the street, and she is silly enough and vain enough to think that she can dance without ever having to pay the piper.

Such a woman is never cured of her folly until her patient husband revolts and drags her into the divorce court, and her home is broken up and her children taken from her. Then it is too late.

✧ ✧ ✧

DEAR MISS DIX: I am a girl of 17 who is having parent trouble. I have been going out with boys since I was 15 and now I have met one whom I like very much, but my father refuses to let me go out alone with him because he is 21 years old. So I can't go anywhere unless my mother tags along, and it isn't any fun for me to have my mother along on all of my dates. What can I do?

DESPERATE



✧ ✧ ✧

ANSWER: If you have been dating boys ever since you were 15, I should think you would be sufficiently acquainted with the species to know how to handle them. Anyway, it seems to me that your father makes a mistake when he objects to a lad for no other reason than that he is 21 years old. I think a boy of that age is more to be trusted than one who is in his teens, because the older boy is more mature, has seen more of life and feels more responsible than the kid does.

Of course, it is the duty of fathers and mothers to watch over their daughters and try to protect them, but they don't do it by hanging the family around their girls' necks and setting the little brothers and sisters to spy on them when they even go to the movies. All that they accomplish is to keep Sally and Mamie from ever telling Mother any of their plans and to make them do the sly things that they would never do if Mother trusted them and put them on their honor to behave.

6—In Memoriams

LOWERY—In loving memory of a dear wife and mother, Mrs. Ida Frances Lowery, who passed away March 10, 1944.
Five years have passed and gone,
Since one we love dso well,
Was taken from our home on earth
With Jesus Christ to dwell.
The flowers we place upon her grave
May wither and decay,
But the love of her who sleeps beneath,
Shall never fade away.
—Sadly missed by husband and daughters Lottie and Viola

LOMAX—In loving memory of Arthur Lomax, who passed away March 10, 1944.
We cannot clasp your hand, father dear,
Your face we cannot see;
But let this little token
Tell that we still remember thee.
—Ever remembered by his sons.

MOONEY—In memory of a dear dad, William Mooney, who passed away March 10, 1947.
The dearest Dad this world could hold,
The cheeriest smile, a heart of gold,
For those who knew him all will know
How much I lost two years ago.
—Sadly missed, Viola.

REHILL—In loving memory of Bruce Harper Rehill, who died March 10, 1945.
Just a thought of sweet remembrance
Just a memory sad and true,
Just the love and sweet devotion,
Of one who thinks of you.
—Ever remembered by wife Hilda and daughter Doreen.

SHEWARD—In loving memory of our dear mother, Selina Sheward, who passed away March 10, 1948.
God knows how much we miss her,
Never shall her memory fade,
Loving thoughts shall ever wander,
To the spot where she is laid.
—Lovingly remembered by family.

TALLMAN—In loving memory of our dear mother, Flossie E. Tallman, who passed away March 10, 1943
Oft and oft our thoughts do wander,
To the grave not far away,
Where we laid our dear mother,
Just six years ago today.
—Ever remembered by John and Robert Bolderson.

TALLMAN—In loving memory of our dear mother, Mrs. Flossie E. Tallman who passed away six years ago today.
What would we give her hand to clasp,
Her patient face to see;
To hear her voice, to see her smile,
As in the days that used to be.
—Sadly missed by daughters, Eva, Muriel, Katie, son-in-law John, and Grandson Garry.

ates of the CCL belong to the CCL," he said.

During an hour-long speech there were fiery exchanges.

"I will see you all in hell with your backs broken before you will raid this union," said a delegate from the convention floor.

Mr. Mosher urged the convention "to submerge your prejudices and individual ideologies and accept the will of the majority of your associates so that we can build one organized body to represent all of Canada. Divided we are prey to the opposition."

Referring to union troubles in Port Colborne and Timmins, Ont., he said the IUMMSW had "failed to retain the support and loyalty of the majority of the workers," in those centres.

"We (the CCL) went to Port Colborne only when the vast majority of workers decided they weren't going to remain in the international union. We have no apologies to make."

Plan Documentary Film

LONDON, March 10 (CP). — John Grierson, father of documentary movies in Britain and formerly head of Canada's National Film Board, is to make a movie on Anglo-Canadian relations. It will be one of a record number of documentaries he is producing for the British Government this year in his capacity of controller of the films division, central office of information.

Won't Free Gubitchev

WASHINGTON, March 10 (AP) —Dean Acheson, secretary of state, turned down Wednesday a new Soviet demand for immediate release of Valentine A. Gubitchev, Russian member of the United Nations staff who is held as a spy suspect. Acheson rejected a renewed contention by Soviet Ambassador Alexander S. Panyushkin that Gubitchev is entitled to diplomatic immunity.

Labor Splits Threatening Unity-Mosher

VANCOUVER, March 10—(CP) —Labor splits — differences of opinions—threaten the unity of the working people of Canada, A. R. Mosher, president of the Canadian Congress of Labor, said here Wednesday.

He spoke at the district convention of the International Union of Mine, Mill and Smelter Workers (CIO-CCL), dealing with the jurisdictional battle between leaders of the CCL and the mine and mill union.

"Problems of labor must be dealt with intelligently and firmly," he told the delegates. "Failure will mean that organized labor will become a rabble rather than a force for good for the working people."

The IUMMSW has been ordered to withdraw from organizing at Port Colborne and Timmins, Ont. The order was ignored.

Mr. Mosher denied a charge of union raiding, especially by CCL steelworkers.

Here's All You Do! Try FAB for *all* your family washing. See how FABulous FAB washes everything *Faster And Better* than anything you have ever used!

Then read below why Canadian women prefer FAB. Check off the *one* reason *you* think is most important. Mail your entry form today—along with a FAB boxtop or facsimile—to *FAB, Toronto, 8.*

100 WINNERS

The first 100 correct entries drawn from all entries received by April 1st, 1949,

EACH WIN A YEAR'S SUPPLY OF FAB

The reason chosen by the majority of entrants will be considered the correct entry for the purposes of this contest. Each entry must be accompanied by a FAB boxtop or reasonable facsimile. Decision of judges is final.

FAB—Colgate's NEW WASHING DISCOVERY with SUPER-WETTING ACTION!

HERE ARE THE REASONS WHY WOMEN PREFER FAB

You may win a year's supply of FAB simply by checking off the reason you think is the most important and sending your entry to FAB, Toronto, 8.

- ☐ FAB washes dirtiest clothes—even greasy overalls—faster, cleaner than any soap!
- ☐ FAB, in hardest water, does *twice as much* family wash as any soap!
- ☐ FAB washes *everything!* You need no other laundry soap!
- ☐ FAB *gives more suds*—longer lasting suds—than any soap known!
- ☐ FAB *leaves no bathtub or sink ring*—no scum in washes or dishpan!
- ☐ FAB washes clothes so white they need *no bluing, no bleaching!*
- ☐ FAB makes white clothes whiter *—no dingy film to gray or yellow your clothes!*
- ☐ FAB makes greasy pans, dishes, glasses sparkle, *in half the time!*
- ☐ FAB keeps woolens soft, like new, *without stiffening or matting them!*
- ☐ FAB has a *pleasant* perfume—gives your clothes that sweet, *"fresh-air"* fragrance!
- ☐ FAB washes dirtiest clothes, yet is *so gentle* it makes a beautifying bubble bath!

Contest open to residents of Canada only. Employees and agents of Colgate-Palmolive not eligible. Contest closes April 1st, 1949

Mt. Carmel Pupils Entertain For Priest

HASTINGS, March 10 (ENS)—On Friday afternoon Rev. J. J. Garvey was entertained by the pupils of Mount Carmel School, Hastings, prior to his departure for Florida where he will spend a few weeks.

The program included songs by pupils of the first two grades, a recitation by Marie Quinlan, piano solos by Frances Barry and Barbara O'Shea and a small play in which John Bolton appeared in the role of St. Peter.

The children were happy when Father Garvey highly commended them on their efforts. Kerry Kumpf ably discharged the duties of the chair.

Annual Meeting

The annual meeting of the Holy Name Society of Our Lady of Mount Carmel Church was held on Sunday.

Howard Kelleher was elected for president for 1949; Arthur Lamey as vice president; Victor Lynch as secretary-treasurer; Wilfred Lynch as marshal; Gordon Lynch, Tom McMillan and J. L. Doherty as councillors.

New President Hostess

MILLBROOK, MARCH 10 — (ENS)— Mrs. K. Moncrief was hostess for the March meeting of the Ladies' Aid of Grace Presbyterian Church held at her home at the weekend. Mrs. Moncrief is the newly-elected president of the society. Business items included arrangements for the annual St. Patrick's Day tea to be held in the church basement on March 16. The program included a reading outlining the life of St. Patrick by Mrs. J. R. Thompson and an Irish poem by Mrs. Walter Patterson. The hostess served afternoon tea.

Five Suggestions For Safety Accepted

What Would You Give to Find Relief Like This Man?

To Be Free From Discomfort of Gas, Indigestion and Sour Acidity? To Be Rid of Dull Backache, and Tired, Run-down Feeling? Let Him Tell You How Syntona Helped Him.

MR. CHARLES McNAMARA

Have you been wishing that you knew of a safe, pleasant, easy-to-take medicine that would give you dependable relief from the discomforts of common stomach disorders? So that you could enjoy your meals without having to suffer from gas, indigestion, heartburn, dizzy feeling or nervous irritability afterwards. If so, you can get prompt relief and feel much better than you do by taking Syntona Herbal Compound.

Here is a medicine that has helped thousands of men and women suffering just as you do. Many additional symptoms such as headache, backache or rheumatic aches and pains usually disappear.

For example, Mr. Charles McNamara, Seaforth, Ontario, said only a few days ago:

"Although I suffered from stomach and kidney disorders for a good many years, the effect of taking Syntona certainly surprised me. All the gas, indigestion, heartburn, and sour stomach is cleared up and I have a keener appetite for all my meals.

"Whereas my sleep used to be disturbed several times each night, I now sleep through till morning and awaken feeling far more rested and refreshed. I am also free of dizzy feelings and pains in my back and limbs that I had for years and I cannot begin to tell you how glad I am that I found out about Syntona when I did."

Syntona is sold and recommended in Peterborough at Elliott's Drug Store.—(Advt.)

Israel, Trans-Jordan Sign Formal Cease-Fire For Entire Palestine Front

Arabs Report Jewish Forces Thrust Some Miles Into Their Territory; Israel Official Says Just Few Shots Fired

RHODES, March 11—(AP).—Israel and Trans-Jordan signed a formal cease-fire agreement today for their entire front in Palestine. The agreement is a necessary prelude to a full armistice. It pledges Israel and her neighbor across the Jordan not to attack one another. There was no immediate indication of the effect of this upon the Aqaba situation. United Nations observers were intensifying a check into reports from Amman, Trans-Jordan's capital, that Israeli troops were attacking in the area between the Dead Sea and the Trans-Jordan Red Sea port of Aqaba. Israel has denied this.

At London, State Minister McNeil told the Commons to-day that Trans-Jordan has reported Israeli forces thrust "some miles" into Trans-Jordan territory, raided a police outpost and withdrew.

He said another report received from King Abdullah's Trans-Jordan government told of movement of a "considerable force" of Israeli troops toward the Gulf of Aqaba. These troops now are "reported to have reached" the gulf, he said.

McNeil said no British troops have been "involved in any action" as a result of these reported Israeli moves.

Britain has a treaty with Trans-Jordan pledging assistance if that kingdom is attacked. British troops now are stationed at Aqaba at the request of King Abdullah.

Few Shots Fired

Foreign Minister Moshe Sharet of Israel said to-day that a few shots were fired but that no one was hurt when an Arab legion patrol "brushed past" an Israeli unit several miles into Israeli territory west of the Trans-Jordan police post at Gharrandal.

He described it as "minor incident" between Israeli and Arab legion troops.

Sharet, who changed his name last week from Shertok (Sharet is the Hebrew word for servant) firmly denied charges that Israeli troops had crossed the Trans-Jordan border in the Aqaba region.

Royall Accuses Russia Of Duplicity

WASHINGTON, March 11—(CP)—Army Secretary Kenneth Royall today accused Russia of duplicity and falsification. He called her blockade of Berlin a "day-to-day threat to the peace of the world."

Royall's discussion of foreign affairs was contained in a plain-spoken report on the status of the United States Army Department.

The report said the armed forces of the United States and Canada are continuing their wartime co-operation through the permanent joint defence board.

The report, reviewing what Royall called "Soviet intransigence," set down the record of attempts since 1945 to come to agreement with Russia, said that "from the beginning of the blockade and up to the present time the situation in Berlin has been tense." It asserted:

"It has been apparent that the Soviet authorities have had no intention either of respecting past agreements or of composing the growing differences. On the contrary, it has been their manifest purpose to cause all possible confusion and conflict short of war, in an effort to drive us from Berlin and diminish American influence in Europe and in the world."

Wants Salaries Cut

TORONTO, March 11 — (CP).—Liberal Leader Farquhar Oliver Thursday gave notice in the Ontario Legislature of a motion to reduce Cabinet Ministers' salaries from $10,000 to $8,000. The bill would amend the Executive Council Act. Opposition members Wednesday criticized the Progressive Conservative Government for restoring the $2,000 increase after it was dropped in 1937 by the administration of Liberal Premier Mitchell Hepburn. Salaries were increased from $8,000 to $10,000 in 1930 under the Conservative Premier Howard Ferguson.

Say Carbon Monoxide Caused Cabin Deaths

TORONTO, March 11—(CP)—A coroner's jury found Thursday night that a young couple who secretly met in a tourist cabin in suburban Scarboro last Feb. 5 died as a result of carbon monoxide poisoning. The couple, David Duncan Harnden and Dora Lacombe, was found dead in a tightly closed cabin.

The girl came to Toronto from Thessalon, 60 miles east of Sault Ste. Marie only a short while before her death.

It is believed the fatal fumes were from an oil heater in the tiny cabin, which was tightly closed.

Malan Captures Transvaal Cuts Smuts' Edge Sharply

JOHANNESBURG, March 11—(CP).—Prime Minister Daniel Malan's Nationalist forces gained a majority of seats in South Africa's Provincial Council elections, fought on his policy of racial segregation. Final returns today showed the Nationalists won control of Transvaal province from Jan Christiaan Smuts' United Party.

They sharply cut Smuts' majority edge in the Cape Province Legislature. They strengthened their own hold in the Orange Free State.

Only in Natal, always a Smuts stronghold, did the United Party slightly consolidate its position.

And more ballots were cast for Dr. Malan and his followers than for any other party. The Nationalists received 48 per cent. of the popular vote.

Dr. Malan, with a majority of only four in the Union House of Assembly, had asked the electorate to give him a mandate in the provincial elections to go on with his segregation policy.

In the 1943 provincial elections the Nationalists won 48 seats and the United Party 97. Today's figures gave the Nationalists 86, the United Party 78.

As recently as last year's National election, Smuts and the United Party had a slight edge in the popular vote although the Nationalists gained a slight majority in Assembly membership. In the provincial voting, Malan won out.

Charges CCF Fomenting Riot

TORONTO, March 11—(CP)—Reforms Minister Dunbar said in the Ontario Legislature Thursday that CCF members were "trying to start a riot" in Toronto jail.

He made the statement after B. E. Leavens (CCF-Torono Woodbine) said neither the city nor the reforms department would give the guards collective bargaining rights.

Mr. Leavens described the guards as "'men without a country" and said the city had declined to allow the guards to join the Municipal Employees Union. The Reforms department would not allow them to be classified as civil servants.

Mr. Dunbar said the CCF members were creating discontent among jail employees in an attempt to start a riot.

Mr. Leavens said guards were paid a minimum of $1,550 and a maximum of $2,000. The widow of one guard had been deprived of three days' pay because the guard died three days before his holidays ended, he added.

Blast Wrecks Plant 11 Dead, 36 Injured

HANNOVER, March 11—(Reuters)—Eleven workers were killed and 36 injured today in an explosion in the former Hermann Goering steel works at Salzgitter.

The explosion, believed to have been caused either by a demolition charge or by the bursting of an oxygen cylinder, brought down a large workshop which was being dismantled.

About 200 men were in the workshop when the explosion occurred and were buried in debris.

The workshop had been used by the British Dismantling Command for breaking up scrap iron. The explosion was heard more than 10 miles away.

The newspaper Neue Presse at Frankfurt today reported the death of 41 German workers in an explosion of a powder factory near Bautzen, in Soviet-occupied Saxony.

Belleville Inquiry Adjourned One Week

BELLEVILLE, March 11—A Royal Commission investigation of the Belleville crown attorney and seven members of the provincial police has been adjourned until March 21, it was announced Thursday.

The investigation, which started Feb. 7 and adjourned to Feb. 18, was schedule to resume March 14.

The commission was ordered by Attorney-General Blackwell to investigate charges of maladministration of justice, interference and perjury.

Fishing Seasons

The wildlife branch of the Department of Lands and Forests announced today that the Ontario trout season will open May 1 and close Sept. 15, the same dates as last year.

The pickerel season starts May 16 and ends Dec. 31, while both the black bass and muskie seasons opens July 1 and close Oct. 15.

Limit for trout is 20 fish a day or 10 pounds, while the limit for bass is six, with a minimum length of 10 inches. For muskies the limit is two fish a day or 14 for the season, with none under 30 inches to be kept. Six pickerel of 13 inches or more also may be kept.

Find Couple In House Dead 10 Days

Murder-Suicide Pact Police Verdict In Timmins Inquiry

TIMMINS, March 11 (CP). — A 10-day-old murder-suicide pact came to light shortly after midnight Thursday with the discovery by police of the bodies of a Timmins couple shot to death in a bedroom of their home where they apparently had lived together in a common-law union.

The dead are Oscar Bazinet, 43, a former Hollinger miner, and Mrs. Janine Bedard (alias Mrs. Arthur Dontigny), aged about 40.

The bodies were discovered when a neighbor across the street, puzzled by the lack of activity about the house and the brightly burning light in the bedroom, telephoned Hector Brousseau, Timmins dog catcher, shortly before midnight. Brousseau went to the house and finding all the doors locked notified the police.

Discover Bodies

Police broke through the locked front door and discovered the bodies of Mrs. Dedard and Bazinet lying dead on the bed with bullet wounds in their heads.

A .22 single calibre rifle still rested between the dead man's legs. He had apparently fired the bullet into his mouth with his foot. This and the position of the bodies led the police to the belief it was a murder-suicide pact. This was further strengthened with the discovery of two wills dated March 1 made out by the dead couple and left on a chiffonier nearby.

Empty liquor, wine and beer bottles were in the kitchen and the two bedrooms of the house.

Mrs. Bedard, who was dressed in a bright cherry red chenille robe, lay under a soiled comforter near the outside edge of the bed. The head rested on its left side exposing the bullet hole in her right temple. A trickle of dried blood extended from the wound down under her chin and on to the soiled bedsheet.

Bazinet's body, fully dressed in an Air Force shirt 2and brown gabardine trousers, lay sprawled across the dead woman's feet.

Rob Widow Of $50 Four Youths Arrested

HAMILTON, March 11—(CP)—Four youths, who allegedly robbed a widow and her two daughters of $50 Thursday night, today were remanded one week on charges of robbery with violence.

Charged were James Armour, 19, Lawrence Miller, 19, Donald Cameron, 19, and Everett Spurr, 17. Bail for Armour, said to be on probation for an Oklahoma conviction, was refused, but bail for the others was set at $6,000 each.

Mrs. Florence Goodale, moving business operator, told police four youths, all masked and armed with a gun, a knife and a hatchet, entered her home and forced her to open a safe. Her two daughters, Barbara, 17, and Roena, 16, were struck in the face by the bandits, she said.

The bandits escaped with $50, watches, pens and a loaded revolver. Police said most of the loot was recovered.

Stick-Swinging Corps Of 125 Constables Quell Battle In Quebec Tavern, 3 Injured

QUEBEC, March 11—(CP)—A stick-swinging corps of 125 police constables quelled a short-lived battle Thursday night in the bartenders' strike which began five days ago for higher pay. Nine men were arrested and three injured, one seriously.

Leopold Pruneau, 30, was taken to hospital suffering severe head wounds. Two other men required treatment.

Police were called to the tavern "La Marne" when a gang of youths pushed inside and upturned tables, smashed beer bottles and beat up temporary bartenders and patrons. The three injured were barmen serving as temporary replacements for striking bartenders.

The nine men arrested were described as "mostly second offenders'. Police said they were not members of the striking Local 790 of the Hotel and Restaurant Employees and Bartenders International Union (AFL). Police said it appeared the gang acted as "improvised picketers" in front of the tavern.

Truck Load Of 25 Pigs On Way To Market Overturns In Ditch, Porkers Set Free

An unusual highway accident which involved considerable squealing—on the part of some 25 packing house bound pigs—occurred Thursday afternoon on Highway 7 in front of Giler's Service Station when a truck carrying the "porkers" turned over on the slippery road. Apart from a few cuts and abrasions sustained by several of the pigs, neither man nor beast, was hurt in the accident.

The truck was operated by Gordon McEachern of Cannington and he had with him in the cab his 8-year-old son Ronald. McEachern, owner of the hogs, was transporting them to Peterborough. The accident took place as the driver attempted to slow his truck down to the city speed limit on approaching the outskirts. When he applied his brakes the truck slewed and on striking the shoulder of the road it turned over on its side with wheels in the air.

Damage to the truck consisted of a bad battering received by the roof of the cab, damage to one front spring, and demolition of the rack which enclosed the pigs. The animals soon sought to escape over the highway. With the help of residents of the vicinity, McEachern managed to herd the pigs into a nearby field where they remained for some hours until another truck could be secured to complete the journey to the packing plant.

The accident was investigated by Constable Stevens of the Provincial Police.

Southern Ontario Buried Under Foot Of Snow In Heaviest Winter Storm

By The Canadian Press

One of the heaviest storms of the winter hit Eastern Canada today. It piled up nearly 12 inches of snow in Ontario and moved east, probably to blow itself out over the Gulf of St. Lawrence sometime Saturday. Weather forecasters said they expected drifting in some areas until afternoon. After that, the weather will be cold and windy. Snowplows worked through the night to keep provincial highways open. Sanders were sent out to slippery sections.

One death was blamed on the storm. Phillip Honan, 57, died in Toronto, after shovelling snow from the front of his home and Acting Chief Coroner Dr. C. N. Mooney advised all persons over 50 to "leave snow cleaning to somebody else."

Virtually all roads were reported heavy and traffic was slowed during the storm but no serious accidents were reported.

Motor traffic moved at a crawl at Niagara Falls, St. Catharines and Fort Erie but it never came to a halt.

Bad Tie-Up

200-vehicle tie-up was reported on No. 7 highway west of Brampton when a trailer-truck jackknifed on a hill approaching Norval village.

Toronto had been warned to expect seven inches of snow by the time the storm ended. But at midnight the snowfall measured 10 inches and about two inches more fell by dawn.

Only one highway is reported blocked—the Ferndale-Tobermory road in the Bruce peninsula.

Northern Ontario didn't fare as badly as the south and total snowfall there during the last 24 hours averaged only about four inches.

The weatherman issued this brief synopsis of weather conditions by aras:

In the western districts of Chatham, London and Stratford, no more snow is expected.

Hamilton, Owen Sound and Toronto areas, one to two inches additional fall, ending by noon.

Eastern Ontario, two to four inche sof snow continuing all day.

Moderate drifting is forecast for Southern Ontario today and plowing operations will continue.

Russia Spending $15 Billion On '49 Defence

MOSCOW, March 11—(AP)—Finance Minister A. G. Zvrev told the Supreme Soviet Thursday night the Soviet Union plans to spend almost 20 per cent more on her armed forces this year than last.

The new figure is 79,000,000,000 rubles, a total which is the equivalent of $15,000,000,000 by the Russian official yardstick.

Speaking before Prime Minister Stalin, Deputy Premier V. M. Molotov and other leaders in the great hall of the Kremlin, Zverev announced the largest budget in Russian history.

It provides for revenues of 445,208,000,000 rubles during the current calendar year and expenditures of 415,355,000,000. Thus the Russians plan to have a budgetary surplus of nearly 30,000,000,000 rubles.

Zverev revealed that the government spent 66,000,000,000 rubles on Soviet armed forces in 1948.

Zverev told the Supreme Soviet that much of the increase in expenditures for the armed forces was accounted for by higher wholesale costs, due to the abolition of state subsidies. The Soviet Union's policy of world peace would continue, he declared.

The finance minister then delivered a sharp attack on the United States, blaming it for the present troubled international situation. United States military expenditures in this year's budget are 15 times higher than they were in 1937 Zverev said. He also criticized Britain for increasing military expenditures.

Police Uncover Abortionist Ring

HULL, Que., March 11—(CP)—Police today held five persons—one on a charge of murder—as investigation continued in what police believe may be a three-city abortionist ring operating in Ottawa, Hull and Montreal.

Police named four of the persons involved, but declined to name the fifth.

Lt. Ubald Legault of Montreal said that as a result of police investigation into the Lambert death discovery has been made of the alleged "ring" believed to have engineered 100 illegal operations in the thre cities since 1947.

Eight days before the Lambert girl died, it was learned, she made a statement which put police on the trail of Roma Anderson. A warrant for her arrest on a charge ofo murder was sworn out a few hours after the Lambert girl died Monday.

CALL OFF STRIKE

NEW YORK, March 11 (AP)—An eight-week strike of gravediggers at Calvary Cemetery here ended today on terms offered by Francis Cardinal Spellman some weeks ago.

Axes, Bars Used To Free Injured Pair

Gates Not Lowered Charge To Be Laid Against CNR Gateman

TORONTO, March 11 — (CP)—Two men were pried from a smashed automobile today after rescue crews worked for half an hour with crow bars and axes to free them.

They were: Jack Wilson, 52, and Guy Walton, 35. Both were in hospital with fractured skulls. Wilson was pronounced in serious condition and Walton, with two broken arms, was in critical condition.

Wilson was the driver of the car that was struck broadside by a fast-moving passenger train and jammed up against a railroad car.

Police said charges would be laid against Joe Jenkins, a Canadian National Railways gateman. They said he failed to lower the gate at the West Toronto level-crossing where the accident occurred.

Jenkins told police he didn't hear the bell of the approaching train.

Wilson is president and Walton secretary-treasurer of the Caroll Transportation Company. Both men were given first aid while in the car by a passing Department of Veterans Affairs nurse.

The car was carried approximately 800 feet down the tracks and jammed against a coal car in the railway yards.

Cobourg Woman Dies Of Burns

COBOURG, March 11—Burns suffered in a weekend fire Thursday caused the death here of Mrs. Grace Mary Hugh.

Mrs. Hugh suffered burns of the arms and her side when her dress was ignited by flames from a heater while she was house cleaning. Immediate cause of her death is believed to have been shock.

A native of Cobourg, she is survived by two daughters, Bernice of Cobourg, and Doris of Toronto; three sisters, Mrs. Anne Woods and Mrs. F. J. Skitch of Cobourg, and Mrs. S. B. Warren of Toronto.

NHL Governors Reject 70-Game Schedule

TORONTO, March 11—(CP)—The National Hockey League Board of Governors today rejected a proposal for a 70-game schedule in the 1949-50 season.

At a meeting which also fixed dates for Stanley Cup semi-final playoffs opening March 22 or 23, the Governors decided to stick with a 60-game schedule which has been in operation for three seasons.

Labor Party Retains Seat In St. Pancras By-Election

LONDON, March 11 —(CP)—The Labor Party yesterday won a by-election in the working-class London borough of St. Pancras north when Kenneth Robinson, a company secretary, was elected to parliament with a majority of 5,087 votes.

The labor majority in the 1945 general election was 7,630, or 2,563 votes more than Thursday's polling.

Results announced early today gave Robinson 16,185 votes to 11,118 for the Conservative candidate, Nell Shields. The Communist candidate, John Mahon, lost his £150 ($600) election deposit when when he polled only 854 votes. Mahon is the London district secretary for the Communist party.

On the eve of the by-election, playwright George Bernard Shaw refused to campaign for Mahon. Shaw, who is 92, said he was "past such activities." He offered Mahon the advice that because of the "political ineptitude" of the Communist party it was better for him to run as an Independent.

In a lettter to the Communist secretary Shaw wrote: "The Communist party knows no more about electioneering than a pig knows about a holiday."

Labor's total vote in the St. Pancras balloting declined 553 from the 16,738 figure the party polled in the 1945 general election when George House was elected. House's recent death necessitated yesterday's by-election.

The Conservative vote increased 2,010, almost the same as the gain in the total popular vote. There was no Communist candidate in 1945 but the Independent opponent polled 403 votes.

The popular vote was 28,157 compared with 26,249 in 1945—a gain of 1,908.

The by-election was the 49th since 1945 and it kept intact Labor's record of not losing any seat it won in the general election. Thursday's was the 32nd seat the party has retained in parliament.

St. Pancras was the third government victory in a series of four by-elections.

Little Man Who's Not There Almost Gets McGill Degree

MONTREAL, March 11—(CP)—The little man who wasn't there almost got a degree from McGill University.

A duly registered law student, Henri d'Ung was revealed as a mythical character in the biggest joke of the year at the college campus Thursday despite the fact that he had been registered at the University for two years and had passed all his examinations.

Henri was created when a group of law students became embroiled in a discussion concerning fictitious and real persons under the criminal code.

The students, bent on a little fun at the expense of the university administration office and as an experiment in connection with their law studies, registered Henri as a student from Paris on a French government scholarship.

His forms were completed and signed and sent to the registrar's office. His name was entered in the university's files and appeared in the student's directory.

When the final day for payment of fees arrived the perpetrators of the hoax and the Bursar's office engaged in a barrage of correspondence.

Henri explained politely that he was on a French government scholarship and that his funds had been delayed. The Bursar's office, not wishing to offend either Henri or the French government, graciously replied that Mr. D'Ung could forward his fees whenever the draft was received.

But Henri's campaign managers felt that he was being discriminated against when his picture, pen sketch and platform failed to appear with those of other candidates in the student body election posters.

Alarmed, other students investigated. They discovered that Henri, the scholar, was a figment of the imagination. It was revealed that another student had submitted Henri's examination papers along with his own.

The only regret that the students had in their hoax was that "we didn't have enough time to graduate poor old Henri."

Farm Brief Urges Kennedy To Take Action On Margarine Manufacture

Suggest Government Give Assistance In Organizing Beef Marketing; Want Equal Representation On Milk Board

TORONTO, March 11—(CP).—Government action to protect the Ontario dairy industry against the unrestricted manufacture and sale of oleomargarine is urged in a brief prepared for presentation today by the Ontario Federation of Agriculture to Premier Kennedy and the Ontario Cabinet. "We wish to continue to press upon the Government the seriousness of the threat to the dairy industry of an uncontrolled substitute for butter and request early legislative action on the requests contained in our brief presented Feb. 25," the brief said.

The previous brief urged laws to ensure that margarine offered for retail sale was neither colored nor packaged to resemble butter, that plants for packing or storing butter substitutes be kept far from those handling butter and that licence fees be set for margarine plants.

The Federation said it approved of sections of the new Milk Control Act providing for co-operative hauling of milk by farmers and for the setting up of marketing agencies.

But it suggested that the legislation be changed to provide that all negotiations for adjustment of prices and conditions of sale of fluid and concentrated milk be handled by a provincial committee with equal representation by producers and distributors.

30-Day Limit

A 30-day limit for completion of all negotiations and arbitrations was suggested, with a permanent board of arbitration ready to take over at any time, if negotiations broke down.

From these recommendations the brief ranged far afield, covering most of the problems and aspirations of people on the farms.

It called for accident insurance for the farmer, for his family and for the hired man; for speedy extension of rural Hydro lines; for expansion of rural credit unions; for support of junior farmer activities intended to help keep young people on the land; for assistance in soil conservation; for an increase in the number of agricultural workers in the public service, especially in teaching, research and field work.

Ask Marketing Scheme

It urged government assistance in organization of a beef cattle producers' marketing scheme; aid to the hog producers' marketing scheme; steps to encourage competition in transportation of livestock and farm products; extension to one year, instead of the present six months, of the period within which a farmer can apply for tax rebate on gasoline used for farm purposes; encouragement of doctors to take up practice in rural districts.

The Federation also put in a word for persons who have trouble finding their way through the maze of concession lines.

"We request that the Department of Highways and the Department of Municipal Affairs make provision for markers to indicate to those not familiar with the different parts of a county the locations of concessions, with names and numbers, and also markers to indicate township boundaries."

"May we stress again our belief that wise expenditures on agriculture, building rural population and thereby enriching all citizens, will prove a revenue-producing investment for the province."

Potatoes kept in a closed bin with some ripe apples will not sprout.

Cloutier Hanged For 2 Slayings

MONTREAL, March 11—(CP)—Showing the same resignation to his fate as when he was sentenced to be hanged for the murder of two Montreal policemen, Noel Cloutier walked to the gallows calmly today.

He was hanged at 12:02 a.m. and his body was cut down at 12:20 when he was pronounced dead.

There were 35 witnesses at the hanging, many of them detectives who had presented evidence against him in court.

Cloutier, 24, who tried to cheat the gallows twice—once when he slashed his wrists in Montreal while awaiting trial and again when he made an ill-fated attempt to escape from Bordeaux jail, looked up to the scaffold as he was escorted by guards.

He showed no emotion as the mask was placed over his head and made no movement as the noose was placed around his neck.

7 Soldiers Injured Truck Overturns

PICTON, March 11—Seven artillerymen suffered injuries early Thursday morning when the truck in which they were riding skidded off the road on MacCauley's Hill near here.

The men, all members of the Picton Royal Canadian School of Artillery, were in an army truck with 19 others when the accident occurred. The truck, unable to climb the slippery hill, slid backward, left the pavement and overturned in a ditch.

The injured were taken to Kingston Military Hospital for treatment.

Cars In Head-on Crash During Snow Storm

Treacherous driving conditions caused by Thursday's heavy fall of snow led to a collision between two cars on the Millbrook road, about 12 miles from Peterborough at 5.00 p.m. No one was injured in the head-on crash, but one of the cars, operated by Harry Harker of Millbrook, sustained damages amounting to about $35 and consisting of a broken radiator grill and crumpled front bumper. The other car, operated by Merle Lunn of Fraserville, escaped undamaged.

It was snowing at the time of the accident and there was no sand on the road. The damaged car was towed from the scene of the crash, which was investigated by Constable Langton of the Provincial Police.

CCF Member Asks Teachers Be Paid More

TORONTO, March 11 (CP). — Hopes that the Ontario Legislature budget debate would be completed by Thursday night went glimmering as the House plodded through six hours of discussion punctuated by exchanges over the Aguasabon power development in North-western Ontario, Toronto Jail guards, and Ontario teachers' salaries.

Premier Kennedy and Mines Minister Frost jocularly offered to move the Aguasabon project out of the Lakehead area after Mr. Cox renewed objections to the big development and F. O. Robinson (CCF-Port Arthur) concurred with him. Mr. Cox said the project was started without approval of the Fort William and Port Arthur Hydro Commissions.

"We'll take it out for you," said Premier Kennedy.

Eamon Park (CCF-Toronto Davenport) crossed swords verbally with the Education Minister over teachers' pay. Mr. Porter said the average Public School teacher earned $2,082 in 1948, compared with $1,905 in 1947 and $1,664 in 1946, but Mr. Park insisted that teachers still were paid less than common laborers.

Promises Investigation

Mr. Frost promised an investigation after W. H. Temple (CCF-Toronto High Park) claimed that some private prepaid medical plans made "misleading" representations. Mr. Temple said some subscribers found conditions they thought they were providing against were excluded in clauses "at the bottom the page in small type."

E. B. McMillan (L.-Kent East) suggested construction of steam-powered plant to generate electricity at Erieau in Kent County. He said such a plant would be convenient to the industrial centres of London, Windsor and Sarnia.

Cheese, Produce And Livestock

HOG PRICES

TORONTO, March 11 — (CP)— Hogs at Stratford this morning were unchanged. Grade A paid $31.10 to farmers and $31.25 to truckers. At Hull grade A were unchanged at $30.50, delivered.

Wholesale to retail: Grade A large 46-47; grade A medium 45-46 grade A pullet 43-44 grade B 44 grade C 37.

Butter solids are unsettled with an easier undertone and have been offered at the nominal price of 60 cents for first grade, but no sales were reported.

WINNIPEG GRAIN

WINNIPEG, March 11—(CP)— A weakened trend in American grain market prices was reflected on the Winnipeg Grain Exchange today by rather sharp early losses in rye futures. This grain saw support thin in the face of expanded commission house offerings.

Following fair processor demand in barley and light shipper interest in oats, these grains eased somewhat on a modest increase in offerings.

Trading was on the dull side. All grains showed losses from previous closing levels.

Prices:

Oats—May ⅜ lower at 71¾; July ⅜ lower at 68⅝; Oct. not open.

Barley — May ⅜ lower at 1.06⅝A; July ¼ lower at 98⅝B; Oct. not open.

Rye—May 2⅛ lower at 1.14¾B; July 2⅝ lower at 1.14⅜; Oct. 2¼ lower at 1.12¼A.

Convicted Of Murder

NORRISTOWN, Pa., March 11—(AP).—James M. Johnson, 36, Thursday was convicted of murder in the wrecking of a Reading Railroad passenger train near Valley Forge, Pa., last fall. He was sentenced to death in the electric chair. He was accused of tampering with the railroad ties and causing the wreck, which killed two.

Social Credit Party Outlines Financing Theories To MP's

OTTAWA, March 11—(CP)—The Social Credit Party's complex theories of public financing were outlined in the Commons Thursday as the 12-man group launched a new round in the marathon Throne-Speech debate with another motion of non-confidence in the Government. Solon Low, leader of the group—fourth largest in the Chamber—moved the motion which criticized the Government for its "studied indifference to Social Credit financial theories as a means of bringing social security to the people."

The motion, the third to be moved since the four-week debate started, opened the way for members who have already spoken to make a second speech. When the 10.30 p.m. adjournment came without signs of a break in the speech-making, Prime Minister St. Laurent said that unless the debate is concluded today it will be suspended indefinitely.

Mr. St. Laurent said that before March 31 parliament must pass legislation providing for extension of controls such as those on domestic rents, butter, sugar, certain other food products, timber and steel. Study of that legislation would have to be started Monday.

Members, who Wednesday voted 174 to 39 against a CCF motion of non-confidence in the government, will divide on the Social Credit and Progressive Conservative party motions before the debate ends, but not necessarily before a suspension.

Financial Advice

While Mr. Low and his supporters touched on other matters, they mainly confined their remarks to the way in which a Social Credit government would handle the finances of the government.

External Affairs Minister Pearson said there are no negotiations under way with the United States for a new treaty of extradition.

Mr. Coldwell stepped briefly into the main debate to say that his party could not endorse the Social Credit motion because of the means it suggested as a remedy of the country's ills.

D. D. Shaw (SC-Red Deer) urged government action to prevent Communists from using the mails to spread their "treasonable" propaganda. He said Communists in Canada are beginning a drive against the North Atlantic Security Pact.

The Communists in his constituency had distributed through the mails a circular attacking the pact and asking those who received it to write and urge him to oppose the pact in Commons.

Mr. Michaud suggested federal legislation to set a minimum price for potatoes sent out of the country and to establish an adequate acreage in growing areas. Prices paid Maritime growers were too low.

Protestants Seeking Vatican Conference

CLEVELAND, March 11—(AP)—A proposal for an unprecedented conference on religious liberty between top protestant world leaders and the Vatican comes today before representatives of 35,000,000 American Protestants.

Consideration of the plan is expected near the close of a four-day conference on Christian influences in international affairs.

The plan was conceived, a resolution said, because "recent actions of the Hungarian Government leading to the conviction of Cardinal Mindszenty and (Lutheran) Bishop Ordass have shocked the conscience of freedom-loving men all over the world."

The resolution said the conference was needed "in order that clear understanding be reached as to what each (Protestant and Roman Cathoolic faiths) means by religious liberty for all men, and as to the methods whereby the full observance thereof should be sought."

During her residence in Peterborough, Mrs. Baker was an active member of Murray St. Baptist Church, and assisted for years in all its congregational work and worship.

VINCENT McDONNELL

Mr. Vincent McDonnell, who died Wednesday in Detroit, had been ill only five days of influenza. The attending physician was so impressed by progress of recovery that he expected Mr. McDonnell would be able to return to work next week. Death followed a sudden relapse.

Mr. McDonnell was born in Douro, son of the late Louis McDonnell and his wife, Elizabeth O'Leary. The family moved to Detroit years ago. He leaves his wife, the former Patricia McAuliffe, his brothers, John and Michael of Detroit, and Rev. Brother Alexius of the Christian Brothers, Aurora, Ont.; and sisters, Mrs. Ernest A. Elliott (Mary), and Miss Agnes McDonnell, Detroit, and Mrs. Annie Burgess, Toronto.

The funeral Saturday morning will be from the Anglesey Funeral Home, Simcoe St., at 8.45 o'clock to St. Joseph's Church, Douro, where requiem mass will be celebrated at 9 o'clock. Burial will be in St. Joseph's Cemetery.

Beggar Fined

Norman Woods, Toronto, was arrested Thursday for begging in Peterborough. Today at city police court he was fined $15 with $2.50 costs with an alternative of 15 days in jail.

R. C. Nicholls, RR 1, Pontypool, paid $5.50 for not dipping the headlamps of his car when within 500 feet of an oncoming car.

OsgoodeDean 2 Colleagues On U.T. Staff

Speculate Monopoly Of Law Society May Soon Be Broken

TORONTO, March 11 (CP)—A new deal may be in store for Ontario's legal education system.

Dr. Cecil A. Wright, who resigned in January as dean of Osgoode Hall Law School, was Thursday appointed as dean of the University of Toronto's Law School. Two of his colleagues, who resigned lectureships at Osgoode Hall at the same time, were also given professorships at the university school.

The move, announced by Dr. Sidney Smith, university president, was the latest step in the dispute over legal education between Dr. Wright and the Law Society of Upper Canada, which directs and controls Osgoode Hall. Dr. Wright, long a proponent of purely academic legal education, resigned over an announced move to increase the amount of practical training in law offices for Osgoode students.

With his university appointment, and those of John Willis and Bora Laskin—two of three Osgoode lecturers who resigned in January — came speculation that the long-held monpoly of the Law Society of Upper Canada over entry to Ontario's legal profession may be broken.

Donald Carrick, executive member of the County of York Law Association and a supporter of Dr. Wright's views on education, said Thursday night that legislation may be passed qualifying graduates of the University Law School to practice law in the province. At present admission to the Ontario bar is confined to those who pass through Osgoode Hall.

With Dr. Wright's appointment came the announcement of the retirement of the present dean of the University Law School, Dr. W. P. M. Kennedy. Under Dean Kennedy the law school became the only post-graduate school of law in Canada with students from across Canada. Its standards and degrees became recognized by the English Bar Association.

With the announcement of the appointments, Dr. Smith said: "Acceptance of the university posts by these three men benefits not only the University of Toronto but the whole cause of legal education in Canada."

They will join the university staff July 1, 1949.

Jailed For Drinking

Jack Whaley, 314 Park St., was sent to jail for three months by Magistrate W. R. Philp, KC, at city police court today for a third offence of drunkenness. He was also fined $10 with $2.50 for causing a disturbance in a hardware store on Simcoe St., where he was arrested Thursday.

Found Dead In Home

NEW YORK, March 11—(AP). — Joseph Castellano, 40, who police said was once convicted and later freed of a homicide charge, was found dead in his Brooklyn apartment Thursday night, shot four times through the body. Police said the presence of two whisky glasses in the dead man's kitchen indicated that Castellano knew the person who killed him.

A-Bomb Planes

WASHINGTON, March 11—(AP)—The United States Air Force has several long-range bomber groups specially trained and equipped for dropping atom bombs, it was learned Thursday night.

Three People Suffer From Gas Fumes

OSHAWA, March 11—(CP)—Three persons today suffered from effects of coal gas and one of them, Mrs. H. Rogers of Toronto, is confined to hospital. The gas escaped during the night from a jacket heater on which the damper was closed.

Mrs. Rogers was visiting the home of her daughter here, Mrs. I. Smale, who was awakened by cries of her 16-months-oold son, Jimmy. With difficulty Mrs. Smale telephoned a neighbor who called the fire department.

Hastings News

Word has been received here of the birth of a daughter (Ellen Dorothy) to Mr. and Mrs. Wally Ward, the former Lura Nelson of Hastings, at Wellesley Hospital, Toronto, on March 7.

Mr. and Mrs. B. J. Preston, Mrs. B. Johnston, and daughters Darlene and Janice Lynne were Sunday guests of the former's son Mr. and Mrs. William Preston, Peterborough.

Mr. and Mrs Robert Collins and Bobby and Miss Evelyn and Milton Beavis of Norwood were Sunday tea guests of Mr and Mrs. Percy Beavis.

Bobby, the small son of Mr. and Mrs. Reg. Scriver, Front St., celebrated his sixth birthday on Thursday afternoon with a party.

Guests included Sharon and Dinna Edwards, Georgie Duff, Kenenth Montgomery, Terry Crowley, Melvin, Shirley, Carol, Bobby and Jeannie Smullin, Roger Perrier, Donna Radford, Bobbie and Ronnie Scriver.

To Take Vote On $15,000 Rink Debenture

HAVELOCK, March 11 (ENS) Ratepayers will vote April 12 on the proposed by-law to authorize the issuing of a debenture for $15,000 for the erection of a covered rink in the town park. The Council has been asked by the Rink Committee formed recently at a public meeting to contribute this sum to the rink fund. A second public meeting was held in the Town Hall on Wednesday when Mr. Wilson of Cannington, the contractor who built rinks last year at Marmora, Hastings, Peterborough, Parry Sound, and Little Britain, gave construction details.

The local committee had decided to have an ice surface of 180 x 80 feet, the regulation size for OHA games. Mr. Wilson pointed out that 175 x 75 feet was the largest ice surface he had built in any of the district rinks and was sure they were large enough to accommodate league games.

A vote of thanks was proposed to Mr. Wilson by Rev. F. R. Vanderburgh. After discussing a proposal to enlarge the rink committee and to form sub-committees, it was decided that the present committee of seven would remain throughout the campaign. It will have authority to appoint sub-committees, over which it will act in a supervisory capacity.

H. A. McNeely, chairman of the rink committee, presided, and F. Rogers was secretary. All the organizations of the village are to be asked to organize and work in aid of the rink project.

Millbrook News

Women's Institute has received a letter from the Great Minden, Hertfordshire, England, branch thanking members for a food parcel sent from them recently.

Tidy Teens Club was entertained at the home of Mr. and Mrs. Luther Olan, south of the village, on Friday for games, dancing and a lunch. Mrs. J. W. Hilton, leader, Irene Trick, Lena-Marie Lowery, Jessie Lunn, Doris Hutchison, Elizabeth Olan, Betty Fallis and Lois Gardiner were present.

Miss Jean Smith, vice-president, gave an outline of the book, The Greater Gift, at the inter-church Young People's group on Monday in the absence of the cultural vice-president, Velma Thexton. Don Spicer, president, was in the chair, Betty North led in the opening sing-song, and Edith Elson was secretary. Melba Ball and Jean Smith reported the purchase of two plays, which are to be directed by Mrs. G. A. Woods and Mrs. B. B. Dawson.

The meeting was in St. Andrew's United church basement.

Mrs. J. W. Hilton has so far enrolled five girls for the Garden Club sponsored by the Department of Agriculture. They are Joan Sanders, Irene Trick, Beverley Patton, Elizabeth Olan and Lois Gardiner. The local club had an excellent record last year.

Millbrook branch of the Horticultural Society was represented at the provincial convention in Toronto by Mrs. G. F. Harrington, Mrs. H. R. Edmunds, Mrs. Howard Fair, Mrs. Charles Thorndyke and T. W. McCamus, who drove the party to the city. Dr. Harold Young was the guest speaker at the banquet.

Police Comfortable

TORONTO, March 11 — (CP).—The heavy navy-blue tunics previously worn year-round by Toronto policemen will be discarded this summer, with city police pounding the beat in uniform trousers and a gray shirt. Citizens had written so many letters to council complaining about how hot policemen look in summer heat that board of control decided some of the police dignity could be sacrificed.

Cobourg Death Results Of Flu

COBOURG, March 11 (ENS)—The funeral of Mrs. Percy Bradbury, who died this week in her 70th year, was held this afternoon with interment in St. Peter's Cemetery. The funeral service was conducted by Rev. H. Bedford-Jones. Mrs. Bradbury contracted pneumonia after suffering an attack of flu. She was born in England, coming to Cobourg in 1913. She is survived by her husband, two sons, James and Edward of Cobourg and a daughter Mrs. Howard Niles of Kirkland Lake.

Roseneath WMS Ends Study About China

ROSENEATH, March 11 (ENS)—The last of the China programs, a picture of the Chinese church in West China in all its pain, losses and privations was presented by Mrs. T. S. Coyle on Tuesday afternoon at the meeting of the United Church WMS.

The meeting was held in the home of Mrs. T. S. and Mrs. D. Coyle and Mrs. A. Halstead second vice-president was in the chair. A letter from Mrs. R. C White, president, was read acquainting the members with the program, "Advance during this year". A letter from Mrs. Rebecca Beatty, Port Hope, Presbyterial supply secretary, was read asking for supplies of good used clothing for overseas needs. This will be dealt with at the April meeting.

Mrs. J. A. Nichol, treasurer, reported $84 in the treasury.

The April meeting will be held in Mrs. F. Derry's home with Mrs. D. Coyle in charge of the Easter thankoffering program. Mrs. A. J. Campbell read a poem bearing on temperance.

Report Perreault Attempts Suicide

QUEBEC, March 11—(CP)—Hours before the scheduled hanging in Montreal of his former pal for the murder of two police officers, Donald Perreault was reported here yesterday to have attempted suicide in Quebec jail.

The report, attributed to a guard at the jail where Perreault has been held for more than a month, said the Montrealer had slashed both his wrists, apparently with a razor blade, earlier this week. The report said he was found by prison guards and taken to hospital.

Jail authorities denied the report, which was given front-page prominence in two Quebec newspapers.

Bethany Guild Plans

BETHANY, March 11—(ENS)—Ladies' Guild of St. Paul's Church met at the rectory on Tuesday. Mrs. Charles Reynolds presided. Plans were completed for the Maher Double or Nothing program which will be held in the town hall on May 2.

The sum of $16.10 was reported from the sale of greeting cards. As a further project the ladies are making children's quilts. The Rev. T. S. Gault closed the meeting with prayer and Mrs. Gault served a lunch. Mrs. Mervyn Smith invited the members to her home for the April meeting.

Falls Down Funnel

SAINT JOHN, N. B., March 11—(CP)—Michael Yeomon Parker, 18, merchant seaman from London, England, was killed Thursday when he fell down the funnel of the freighter Beckingham at her dock here. He had been stringing a wireless antenna and presumably either lost his balance or was overcome by smoke fumes. The body was recovered from the smoke box in the hold.

Boy Frightens Thugs

TORONTO, March 11—(CP)—Toronto's Mutt and Jeff bandits struck again Thursday night at a midtown drug store but were scared off by a plucky delivery boy. The boy, 15-year-old Roy O'Connor ran out the back door after opening the till, shouting, "It's a robbery."

Cobourg Woman Burned In Accident Dies

COBOURG, March 11 (ENS)—Burned in a household accident last week-end, Mrs. Grace Hugh died at her home yesterday from complications arising from her burns. Mrs. Hugh was doing her housework when her dress was ignited by a heater. She was alone at the time and beat out the flames herself, sustaining burns about the arms and one side. However, her burns were not very serious and she was making a good recovery when she suddenly became worse early this week.

Mrs. Hugh was born and educated in Cobourg. Her husband died 14 years ago and since then she has been operating the bakeshop which Mr. Hugh started. She is survived by two daughters, Bernice of Cobourg and Doris of Toronto, and three sisters, Mrs. Anne Woods and Mrs. F. J. Skitch of Cobourg and Mrs. S. W. Warren of Toronto. She will be buried on Saturday in Cobourg Union Cemetery.

Smuggling Margarine

The Quebec Legislature distinguished itself notoriously last week by passing a law banning margarine in all the ways it could be banned. A housewife in that province may not even accept a pound of it as a gift from a well-meaning Ontario friend. If margarine is found on her pantry shelf or hidden in the woodpile, she is liable to be fined or jailed. Margarine thus has become—in Quebec—as risky a commodity as stolen jewels or contraband dope.

* * *

The Canadian people are, it seems, to witness the farce of one of their provinces setting up an international border against the others. The bridge between Ottawa and Hull will become like an internationtl zone, with Quebec police acting as customs official at the Quebec end of it. The Provincial Police of the province say that, since the new edict, "every Hull housewife is a potential smuggler, and every street car, bus and motor car will have to be searched". What a scandalous situation within the borders of a politically united country!

* * *

By what right has the Quebec Legislature dared to make regulations which, though supposedly merely provincial, are in their effect federal? In legislating for itself it has legislated for other parts of Canada, notably Ontario. It is true that there are bans against taking liquor from one province to another. Such regulations have been made possible by an Act of the Federal Parliament. The border barrier against margarine is a different matter. Margarine is a food. No one province has the right or should have it to prevent normal inter-provincial commerce in a commodity that is as innocuous as margarine. Quebec is a Canadian province and not a separate country. Quebec business relating to the rest of Canada should be brought up in the House of Commons in Ottawa by that province's representatives there, and not by Premier Duplessis and his legislature. The province of Quebec has some amazing legislation, but nothing more fantastic that the recent law which would make smugglers of thousands of Quebec housewives.

Pembroke Suicide And Politics

Some attempts have been made in the House of Commons to attribute the suicide of Mr. George J. Simpson and his wife, of Pembroke, to harsh treatment on the part of the Department of National Revenue. Mr. Simpson's story is well known; he was a jeweller in Pembroke, and he refused to collect the retail sales tax which applies to the greater part of a jeweller's stock-in-trade; he said that he would not serve as an unpaid tax collector for the government; in due course he was fined a sum in excess of $5,000; afterward he collected the tax, but last week he and his wife were found dead in their bed, obviously killed by Mr. Simpson; it has been shown that the fine did not bring about his financial ruin or anything near it. Now Mr. L. E. Cardiff, the Progressive Conservative member for Huron North, has said that the Simpson suicide will make the government unhappy, and Mr. John Diefenbaker has said that he too will raise the matter in the Commons.

We do not think that they will be able to cover the government with shame respecting this matter. Enough has been made public about Mr. George J. Simpson to show that he was a man of eccentric opinions, and that his refusal to collect the retail sales tax was only one of his vagaries. Nor is there anything to link his suicide with his brush with the tax authorities.

We do not suppose that anyone who is affected by it likes the retail sales tax. Nor do any of the thousands of employers who are forced to serve as unpaid tax gatherers in Canada relish that position. But until Mr. Simpson's death we have not heard of a single employer or merchant who has sought a solution for this special problem in suicide. This leads us to suppose that Mr. Simpson's problem was greater than that of taxation, or else that he was not fully capable of meeting the problems of daily life. To try to attribute his action to governmental severity is foolish.

Television Wrangles Ahead

Television in Canada is not yet in its infancy, but is coming into being somehow or other and very soon in some parts of the country. The somehow-or-other state of affairs cannot go on much longer. The Government's proposed Commission on cultural affairs is expected to study matters and make some recommendations, but radio men are disinclined to wait on it, and not at all anxious for the Government or the C.B.C. to have much to do with controlling the infant when it comes.

There are no television stations in Canada but there are thousands of receiving sets, chiefly in Toronto and west along the lake shores to Windsor. These tune in American stations. The flat district of western Ontario, including Hamilton, St. Thomas, Chatham and Windsor, is one of the more extensive and better areas for television in Canada, and already Canadian broadcasters are worrying about the American filtration—an invisible import (carrying advertising) across the border which becomes visible in Canadian living-rooms.

The Canadian Association of Broadcasters has been meeting in Quebec city. They have discussed television with anxiety and a sense of urgency which seems to be lacking in Ottawa. A statement was issued on Wednesday that the C.A.B. would co-operate whole-heartedly with the C.B.C. on a "mutually satisfactory basis". The wrangles will develop when each tries to arrive at its own definition of mutuality. For instance, the C.A.B. wants powers of regulation to be placed in the hands of an independent body. We shall not set ourselves up as arbiters on this contentious matter, but await the fray with more than a little interest.

How Are Your Proportions?

Yes, we said, How are your proportions? We do not mean your sense of proportion, but your physical proportions. We were set on this track by a chance remark in a contemporary that a man's chest measurement should be ten per cent. greater than his waist measurement. That is to say, a man whose waist measures forty inches, should have a chest measurement of forty-four inches.

If that information embarrasses you, permit us to further your discomfiture with this additional information: the length of your head, from crown to chin, should divide 7½ times into your total height; four such lengths should be above the crotch and 3½ below. Your shoulders should be two head-lengths in breadth, and your hips 1½ head-lengths. At the narrowest part of the waist you are permitted one head-length. These proportions are those favoured by artists, and they are founded upon the measurements of many athletes, both of our day and of earlier times.

We should like to point out that the breadth of hip given in this scheme of proportion is a fairly generous one. The man with very broad shoulders and very narrow hips is not really well-proportioned, nor is he likely to be as strong as his height might suggest. In lifting, walking, running, wrestling and many other pursuits, the hips must be broad enough and strong enough to bear heavy strains. The "narrow-loined" man of magazine fiction cannot do it. The really well-made man is stockier and thicker than either the ideal of illustrators or the long, thin men who appear in clothing advertisements.

Cheaper Chocolate Bars?

Children do not ordinarily read about New York market prices of cocoa. If they did they would have noticed that the cocoa market declined spectacularly last January. A few months ago cocoa beans were being landed in Canada at prices of 39 and 40 cents a pound. Now they can be brought here for 25 cents. Cocoa is a principle ingredient of chocolate bars, which now sell at eight cents. That is a substantial price for children's purses and heavy enough for adults who want a quick lunch at ten in the morning. Will the price come down? Not likely, at least for a few months, since candy manufacturers still have large stocks of cocoa bought last autumn at the old high price. Further, the price of the bean has not come down to the pre-war figure of 6½ cents a pound, when bars sold for five cents. However, the post-war bars are niggardly things compared to the fat, lush fellows of 1939, so we can at least hope that when the manufacturers start to use the lower-priced cocoa, the modern small bars may be lowered in price or increased in size.

This year's Easter hats, we hear, will include some made from common carpet material. We have an ancient and well-seasoned office rug which we are ready to sell to any aspiring local milliner, at a very low figure.

Notes And Queries

By ALPHA

Questions are solicited for this column, particularly those relating to local lore and tradition.

DEAR ALPHA: Have you noticed that although the west side of George Street is the busier business side, the east side is the more brightly lit? Why?

ANSWER: Yes, the neon signs on the east side are larger, more vivid, and more numerous. The obvious reason is that four of the city's five movie houses are on the east side, and wherever a movie house is, there is light, lots of it, hundreds of it—unless Hydro chams of Toronto order us to revel in darkness. That is not the only reason. Signs in front of our noses or over our heads are not easily read. Since most of the down-town foot-traffic is on the west side, signs across the road, on the east side, have more readers and are more readily noticed than those on the west side.

ALPHA: I read that Newfoundland is not to be allowed to export margarine to the rest of Canada when she joins the Dominion. Is Newfoundland not to enter the Dominion with full provincial rights and privileges? Is she just to be a sort of vassal state?

ANSWER: When the Terms of Union were drawn up, the ban on margarine in Canada was still considered legal. Therefore Clause 46 Part (2) was included in the terms. It reads "Unless the Parliament of Canada otherwise provides or unless the sale and manufacture in, and the interprovincial movement between, all the provinces of Canada other than Newfoundland, of oleomargarine and margarine, is lawful under the laws of Canada, oleomargarine or margarine shall not be sent, shipped, brought or carried from the Province of Newfoundland into any other province of Canada". The Supreme Court of Canada has since declared the ban ultra vires. Therefore the sale of margarine in Canada is legal, therefore Newfoundland will be able to send margarine to other provinces (like Ontario), unless other provinces (like Quebec) try to exclude it.

DEAR ALPHA: This is just a private beef so please don't give any direct publicity to it. Perhaps you may be able to refer to the matter discretely in your column. I have been in Peterborough only a few months (having come from the province of Quebec) and I don't know what to make of the parties to which I have been invited....How does one behave under such circumstances? The men all sitting on one side or nattering at one end of the room, the women parked permanently on the other side of the room talking about their babies, their kitchens or their husbands. Mon Dieu! There must be more to parties in Peterborough than that. I want to talk to the women, but nobody else seems to....

ANSWER: (The question above, dear readers, has been considerably abbreviated from the doleful letter I received. You will be able to judge its tenor from the excerpts printed). There is more to Peterborough parties than that, even excluding the ones where liquor flows too abundantly. I suspect that the very wet parties are chiefly a confession of social inadequacy by the host and hostess.

It is difficult to advise you on what kind of party to avoid. By the way, since you come from P.Q., how did you avoid Westmount (Montreal) parties? Compared with the Westmount variety, Peterborough's dullest are heavenly....In general, I try to steer away from an evening which does not begin with a cup of coffee, or better, a glass of sherry or punch. Guests are always more at ease with something in their hands, and it is surprising what a drop of sherry or a tumbler of punch does for a mixed group.

Lest I be accused of being in the pay of the Liquor interests let me tell you of a party to which I was party the other evening. There was nothing to drink stronger than coffee. The hostess had thoughtfully provided too few chairs for her guests. By the time they had all assembled, only a third could sit down. They felt too conspicuous seated, so eventually nobody sat, except briefly. No body was stuck on a sofa for the evening. All had to move around, even on so trite an errand as to get food. So I was able to talk to a banker, a contractor, a plumber, an apothecary and a grocer about the singer at the Community Concert, the new hospital, the cost of pepper, Mayor Swanston, and other diverting matters. More important, I could ogle and mumble the sweet nothings at all the pretty maids and matrons at the party... The party was a success because there weren't enough chairs to go around. By the time guests take to sitting on the floor, the party has been a success.

Only by trial and error can you find such parties. Since hope springs eternal etc., keep on trying.

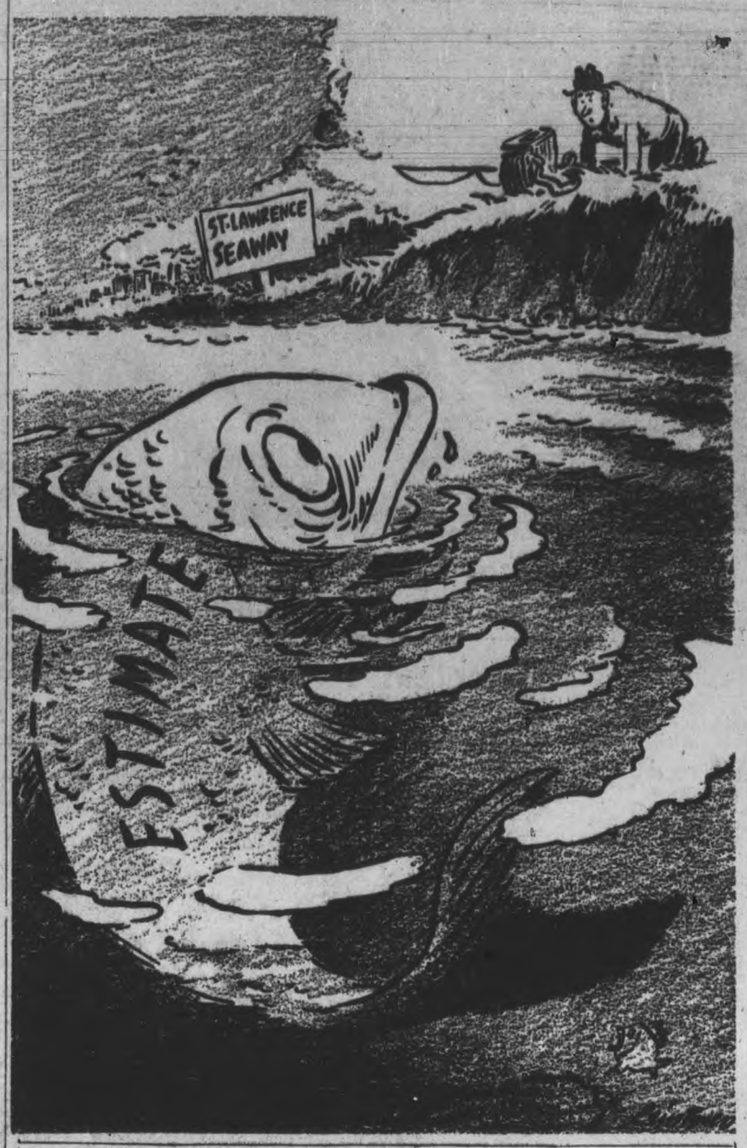
SIR: What is the biggest township in Peterborough County? I say Smith.

ANSWER: Smith has the largest population—3,189; but Harvey is the biggest—95,185 acres. Smith's area is 57,438 acres. The smallest township is North Monaghan with 12,650 acres and the second smallest is Ennismore, with 17,206 acres.

◇ ◇ ◇

ALPHA: You seem to know a little about country things, or so I judge from your remarks about pigs. I'm another city fellow, and want to know how many cows can a milking machine milk at one sitting? And must the cow always have four t—ts before you can use a machine?



ANSWER: I'd hardly call it a sitting. It's only the human milker who sits at the job. The machine can milk as many cows at one time as it has units, i.e., pails to which the tubes are attached. The average milker has three or four units.

I do not know why you are so priggish about t—ts. The word is teats, pronounced as spelt. In this district sometimes the 'e' is left out of the word, both when it is written and when it is spoken....Proper herdsmen do not recognize a cow with five teats as worthy to be called cow, nor one with three. However, many a good cow loses the lacteal functions of one of its nozzles. In such cases, one of the four teat-cups of the milker may be knotted to cut off the vacuum in that part of the hose and thus the other three teat-cups can pump merrily. A milking machine operates by vacuum, like a vacuum cleaner. It cannot, as far as I know, reverse the process—as some vacuum cleaners can — and blow air out. Which is just as well.

FOR THE RECORD: The other day I dined in town with a lady who had dined the day before at her home in Victoria B.C. She had left Victoria by plane at 8:30 p.m. our time, had about an hour in Vancouver, then took a North Star out of Vancouver at 9:45 (6:45 p.m. Pacific Time). The plane touched down only at Calgary and Winnipeg before depositing my friend in Toronto at 7:55 the next morning. Ten hours and ten minutes from Vancouver to Toronto! Such speedy travel will do much to unify Canada, and make all of us at home everywhere in the land.

THE ONE THAT "GOT AWAY" IN '41

Letter To The Editor

DOES IT PAY?

Sir: Under the heading "Thirty-Five Million Dollars of Liquor Revenue" you comment editorially "If the Prohibitionists had their way, they would ban the sale of liquor. How do they propose to find the $35,000,000 or one-sixth of the total Provincial revenue which the province would thereby lose?"

Speaking as a taxpayer and a resident of the Province of Ontario I might suggest that the Provincial Treasurer might get the one-sixth where he got the five-sixths. Recently when the Ontario Government announced they intended to spend some 600 million on Hydro services and expansion the Ontario taxpayer knew full well that no Santa Claus or fair godmother would be on hand to finance the undertaking, but sooner or later, he, the user or the taxpayer, "would be the boy who would pay the shot".

Direct taxation is never popular, but it is safer, and it is educational. It teaches the taxpayer that if he wants and demands government services, he must be prepared to pay the bill. Securing provincial revenue from certain other sources such as that derived from government encouragement of the increasing sale of liquor may cost us "too much for our whistle". Liquor revenue is not just "found" money. Government business in Ontario is now big business. Sometimes in commercial life it is considered good business to spend money to make money. Does this principle hold true when applied to the Ontario Government's handling of this thirty-five million dollar revenue derived from the sale of liquor?

For the year 1947 the Provincial Treasurer announced the sale of intoxicating beverages in Ontario totalled $155,000,000. I understand no later official figures on the sales in 1946 have been released but due to the recent encouragement given increased sale by the expansive programme of the liquor barons, associated with the stimulating effect of lessened restrictions and freer government sale the case of the galloping consumption of liquor in Ontario is now estimated to have reached close to the astounding total of a quarter billion dollars for the current period. These figures are appalling. People have purchased from the Province of Ontario around $250,000,000 worth of liquor during the current year from which the government derives a revenue of around $35,000,000. How much does it profit?

Business executives in Canada, the United States and other countries are becoming more and more concerned about the disastrous effects of this increasing wave of intemperance upon the output of materials and business generally. Quite recently The American Business Men's Research Foundation of Chicago after making an exhaustive survey of this question have found that for every dollar spent directly on alcohol another 89.6 cents is spent indirectly in policing, jails, court costs, institutions for the care of alcoholics, loss of time, accidents etc., as a result of such liquor expenditure.

Aside altogether from the question of increased highway killings, drunken brawlings, murders, hoodlum gangsters, mangled bodies and ruined lives directly chargeable to drink. As one business man to another, is it good business for even the Government of Ontario to spend around 150 to 200 million dollars (89.6 per cent. of direct sales 250 million) to derive a revenue of $35 million?

We do not believe that under present conditions that any political party in Canada would attempt to govern any province under total prohibitory legislation, but there is every evidence that there is a strong body of public opinion in Ontario opposed to futher government stimulation of increased liquor consumption by lowered restrictions and increased outlets. Possibly you have noticed the action of Toronto Civic Council the vote in High Park, that set Ex-Premier George on the march, and lastly that 75 per cent. of the test votes all over Ontario have given a verdict in favour of keeping their community dry.

Sincerely,
G. A. BRETHEN,
President of Peterborough City and County Temperance Federation.

Bible Message

(From the Authorized Version)

And David said to Saul, Let no man's heart fail because of him; thy servant will go and fight with this Philistine....And he took his staff in his hand, and chose him five smooth stones out of the brook, and put them in a shepherd's bag which he had, even in a scrip; and his sling was in his hand: and he drew near to the Philistine....

And the Philistine said unto David, Am I a dog, that thou comest to me with staves? And the Philistine cursed David by his gods.

Then said David to the Philistine, Thou comest to me with a sword, and with a spear, and with a shield: but I come to thee in the name of the Lord of hosts, the God of the armies of Israel, whom thou hast defied. This day will the Lord deliver thee into mine hand; and I will smite thee, and take thine head from thee...And all this assembly shall know that the Lord saveth not with sword and spear: for the battle is the Lord's, and he will give you into our hands.

And it came to pass, when the Philistine arose, and came and drew nigh to meet David, that David hasted and ran toward the army to meet the Philistine. And David put his hand in his bag, and took thence a stone, and slang it, and smote the Philistine in his forehead, that the stone sunk into his forehead; and he fell upon his face to the earth.

So David prevailed over the Philistine with a sling and with a stone, and smote the Philistine, and slew him; but there was no sword in the hand of David. (1 Sam. 17: 32, 40, 43, 45, 46, 47-50.)

Decidedly Not 'Reverend Jones'

We notice a growing tendency for people to use "Reverend" quite wrongly, so we thought we might blow off a little steam about it. "Reverend" is an adjective describing a state or condition just as the word "Honourable" is used to describe a cabinet minister, etc. It is not a title, and should not be used to address a person; for example, "Good morning Reverend Jones" is quite wrong. The correct way is "Good morning Mr. Jones". The adjective "Reverend" is used correctly only to modify, i.e. "the Reverend Mr. Jones said etc." or "the Reverend John Jones will speak at the—".

WITH THE BOY SCOUTS

Craft Show Members of the special committee are doing their best to contact every Troop and Pack with the data for entries in the May Craft show. Every Cub and Scout should get busy toward the success of this affair and we urgently solicit the support of the parents by encouraging their sons. A Hobby can be the foundation to a life's work and it is well for everyone to have some hobby to divert the mind from the worries of every day life.

Camporee:-We understand that the commissioner's Staff will be holding a meeting on Friday to discuss plans for the running of the Camporee again this year.

At St John's:-Members of the Hobby show visited the St. John's Group last Friday and outlined the program. Following the close the Group committe met and elected Bruce Baker as chairman for the coming year with Price Morris re-elected secretary treasurer.

St. Paul's:-Twenty-one Cubs started out along the Jungle Path at the last meeting to learn the laws and ways of the Jungle people. Allan Amos prove his ability and will be invested into the Pack next week. Teddy Coulson could be seen strutting along the Trail with books balanced upon his head to pass his balancing test. Akela spoke of the coming Craft show and asked the boys to get busy.

Star Awarded:—At the last meeting of the Trinity Pack J. Freeman presented his son with his Second Star badge. Jack can now go ahead with full steam to earn all the badges possible before he leaves the Pack for the Troop. Frank Jobbitt, Peter Chown, Gary Hancock and Jack Freeman came through to take the Dress Up competition. Each Six put on a play as the evening's project among which were the following titles "The Family Goes to the Seashore"— "A Circus Parade"—"A Corn Roast" etc. Gary Hancock passed savings, model and physical exercise, Grenville Dafoe—time telling and Jack Freemen—handicraft.

Salvation Army Pack:—Another name was added to the roll as Bernard Burns was accepted as a Ne Chum. Many tests were passed during the evening with ball throwing being the speciality. This was passed by David Blackmore, John Livingston, Jack Parsons, Peter Hall, Robert Gilpin, Raymond Barton, whilst Art Danahy told the time.

The games of "Red Rover" and "Cock Fighting" were played and proved the boys' good sports. Work on Craft Shof projects will be taken up every Saturday afternoon until the show.

Paper Collection

Just a reminder to all the friends of Scouting to get busy and clean up all the paper laying around the house. The Drive will take place the first week in April.

What are your boys doing:—that you don't send in any reports. We are missing those weekly columns from Trinity Troop, St. Andrew's Pack, St. Luke's Pack. You do your part, we'll do ours. Remember the old slogan "It pays to advertise."

Scouts Own:—A Scouts Own service was held in All Saints church with members of the Pack, Troop, Brownies, Guides, Group Committee, Mother Auxiliary and Rover Crew attending in a body. The Rover Crew in full uniform acted as ushers and also took up the offertory. The Group Chaplain Rev. Mr. Kibblewhite built the service around Scouting. The Subject of his sermon being "The pattern of our lives with the Life of our Lord."

SOUTHERN ALLY

Brazil is the only South American country which declared war on Germany in the First World War.

Grave Located Missing Airman

Alderman A. B. Burrows and Mrs. Burrows, 232 McDonnel Street, have received more definite information of the burial place in Germany of their son, Flying Officer Bernard Arthur Burrows "who lost his life on air operations against the enemy, on March 25, 1945."

A letter from the office of the Chief of the Air Staff, Ottawa, communicated this week information "which had just been received from our Missing Research and Inquiry Service which states that its representatives on visiting the cemetery at Amelsbueren, five miles south of Munster, located the communal grave containing the remains of your son and the members of his crew."

The family of Flying Officer Burrows had been previously informed of the location of the cemetery, but the present letter afforded more exact details. It continues: "In accordance with the agreed policy of the nations of the British Commonwealth that all British aircrew buried in Germany would be moved to British military cemeteries located in Germany, your son and the members of his crew were moved to the permanent British military cemetery 3½ miles south-west of Cleves. This cemetery is known as the Reichswald Forest British Military Cemetery. Your son was laid to rest in Plot 12, Row G, Grave No. 7. His crewmates lie at rest beside him in adjacent graves

"This cemetery will be cared for and maintained in perpetuity by the Imperial War Graves Commission, of which Canada is a member.

"The cemetery will be beautified by the planting of trees, shrubs and flowers, and the Commission will erect a permanent headstone at your son's grave.

"It is my earnest hope that you will be comforted with the knowledge that your son's resting-place is known, and that it will be permanently maintained, and I should like to take this opportunity of expressing to you and the members of your family my deepest sympathy in the loss of your gallant son."

The letter was from W. R. Gunn, RCAF casualties officer.

Ex-Roseneath Man Dr. H. Hershey Dies

ROSENEATH, March 11 (ENS)—Word has been received here of the death of Dr. J. Harold Hershey at Roseburg, Oregon, on March 6. Dr. Hershey practised in Roseneath about 23 years ago. At the time of his death he was head surgeon at the veterans hospital, Roseburg.

He is survived by his wife, formerly Louisa Smith, two daughters, Mrs. Frank Scioscia and Beverly Hershey, Portland, Oregon, and one grandchild, Louisa Scioscia. Dr. Hershey was 51 years old. The funeral was held in Portland, Oregon, Thursday.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Give a listen and we'll list some of the basketball activity coming up for you hoop fans. Two girls' games tonight in the YW, starting at eight: Neill's vs. CGE and then Cobourg vs. Towne Togs in a playoff. Local lasses' playoffs commence next Friday. PCVS juveniles take a hefty lead to Bracebridge tonight in OABA playdowns. Senior PCI-ers next meet Orillia along the playdown trail. Gord McIntyre's Marines "B" basketeers play Kingston or Belleville at 8.30 tomorrow night in the "Y" in the second round of intermediate "B" playdowns. And Al Clark's good Marines "A" squad goes to St. Catharines tomorrow to open their two-game Southern Ontario semi-final series, return one being here March 19.

* * * * * *

Toronto Meteors play Legionnaires at 8.45 tonight in Civic Arena, if no further hitch occurs. Third game of their best-of-five OHA senior "B" group finals. Legion having won the first two. The title could be captured by the local team at this time, and Ned Vitarelli's bunch will make every effort to do so. Meteors really mean to make it a do-or-die fight. They refused to come here Wednesday as they figured the ice wouldn't be fast enough. Then they declined to play Thursday as they couldn't get all their players that night—but they expect to ice their strongest squad tonight. Likely a capacity crowd to see a streamlined senior "B" playoff ere our ice goes.

* * * * * *

OMHA Bantam Final

Crowland and Outboard Marines clash at eight Saturday night in Civic to open their goals-to-count OMHA final series, return one being down Welland way some time next week. This opener was first slated to go here Friday, but 'twas thought advisable to make it a Saturday struggle so the competing kids wouldn't miss school. Likely the local lads won't make the peninsula trip until next week-end for the same reason. Fans shouldn't pass up this provincial final between two outstanding bantam teams. The youngsters hustle all the way and play surprisingly good hockey, assuring their home towns of plenty of good puck material in the years ahead.

* * * * * *

In passing, we might mention that the Outboard Marine Co. is one of our better shops in sponsoring amateur athletics in this city. Several others are okay, too, but Marines' names keep popping up in hockey, basketball, baseball, softball, bowling and so forth, season after season. Hugh Campbell, Clarence Neal and other officials of that company deservedly can take a bow for their efforts along this line. And we think it is a good thing for employees and their families of any firm to have such backing in sports. Athletics produce healthy bodies and supply fine entertainment.

Three City Champs

Titles in the Peterborough Minor Hockey Association were settled last eve at Civic Arena in a triple-header. Legion-sponsored Trojans took the juvenile crown 11-1 over the northenders, Clapper's picked off the midget championship 8-3 from Jaycees, and Marines won bantam honors 8-2 from St. Peter's. Congrats to the victors. This marks the end of a fairly good season—it would have been a most successful one but bad weather beat the boys out of a lot of hockey. League officers, who did a good job for the lads, were: The Rev. J. Coughlan, Johnny Russelle, Eddie Woodcock, Lindsay Brown, Dick Ouimet, Arnold Olmstead and the hard-working coaches and managers.

* * * * * *

In district hockey, Campbellford is at home tonight to Napanee after dropping a 6-3 OHA opener in Napanee. 'Cayugeon is at Lakefield tonight in third of their OHA series, Lakefield evening it up 13-11 the other evening. Marmora hits into OHA intermediate playdowns at home Monday against Sutton, returning to Sutton on Wednesday. Marmora midgets open their OMHA semi-final round at Sundridge this week-end, too. Lakefield beat Lakehurst 4-1 last night to begin the best-of-three Haywire Loop finals, next one being either Monday or Tuesday in Lakefield—depending on what the ex-TVL team does this eve. And the Rural Puck Loop playoffs are in full swing now, also.

Acquit Vicki Evans

LOS ANGELES, March 11—(AP)—Blonde Vicki Evans, 26-year-old dancer charged with possessing marijuana at a party also attended by actor Robert Mitchum, was acquitted by a jury Thursday. Mitchum, actress Lila Leeds and real-estate agent Robin Ford previously were convicted on similar marijuana charges at a court trial without a jury. Mitchum and Miss Leeds are serving 60-day jail sentences and Ford is awaiting sentence.

Quakers Tie Rays

HASTINGS, March 11—(ENS)—Two Peterborough teams of the Industrial Hockey League, Quakers and Sun Rays, battled it out to a 6-all tie here last night in one of the fastest games seen in the arena this season. In a penalty-free first frame, Sun Rays racked up a 5-0 lead as J. Parsons and Corkery each counted twice and Henwood once, with Boyle having three assists, McIndoo two and Corkery one.

Quakers came back with four in the second, B. Willshaw netting the disc twice and Weaver and J. Hill once, the latter and D. Willshaw each drawing an assist. White and Wisenburg got penalties. Parsons counted for Sun Rays from McIndoo in the third but B. Willshaw and H. Willshaw scored for Quaker, the latter and Robinson getting an assist each. Hill and Robinson drew penalties. The teams:

Sun Rays—Goal, Peters; defence, Simpson, Evans; centre, Parsons; wings, McIndoo, Maudsley; alternates, McMaster, Giles, Henwood, Boyle, Corkery, Webb.

Quakers—Goal, Hartwick; defence, Hill, Wisenburg; centre, H. Willshaw; wings, D. Willshaw, B. Willshaw; alternates, Weaver, White, Harris, Robinson, Vyse, Morgan.

Referee—W. Hewitt; linesman, S. Richardson.

CLOISTERED BOWLING

The sport of bowling originated as a religious ceremony in cathedral cloisters, where, if a parishioner bowled over his pin, he was considered to be leading a clean life.

Riley Rollers Hit 3700 In City Loop

Rileys moved to within four points of the league-leading Shockey outfit when they blanked Clappers Sports last night in the Men's City Five Pin League. They turned in high pinnage of 3700 in their victory. Shockey's four-point win over McCannan Electric left them in top spot by a slight margin.

Ostranders won a 4-2 decision from Charlotte Credit Jewellers to remain within striking distance of first place. King George took a 4-2 win over Fashion Craft, the Crafters turning in their second consecutive poor showing rolling only 2934. The Stanbury crew moved into a fifth place tie with Charlotte Jewellers.

In the other games four-point victories were chalked up by DeLaval over Sunocos, Marinos Lunch over Esquires and Cavanaghs over Bond Clothes. Russelles blanked Empress Old Timers 6-0.

Esquires turned in high single game of 1295.

Only three 800 sets were bowled with Jack Wade on top with 827 followed by Bert Hall 820 and George Gimblett 800.

Bert Hall had high single with a powerful 385 mark. Next in line were Alf Matiucci 338, Bill Miller 316, Gene Reynolds 311, Fred Martin 308, N. O'Brien 306, Ned Vitarelli 305 and Nels Routley 300.

Prince Of Wales Wins School Title

Prince of Wales defeated Confederation 2-0 yesterday at Civic Arena to capture the senior Public School Hockey League championship and the Board of Education Trophy for this year. This final game had been postponed several times, owing to soft ice, and it turned out to be a keen, exciting match all the way through.

Close checking marked the first frame with the goalies seldom being tested. Prince of Wales took a 1-0 lead on a rolling puck shot by K. Lockie, with assists going to A. Buott and R. Deck. It was faster in the second with each side in turn pressing. J. Armstrong lifted a high one into the net this heat to end the scoring. He and Buott played a solid game on defence, with Lockie back-checking well. A. Daniels, G. Crouter and K. Outwater were best for the losers. Teams:

Prince of Wales—Goal, Evans; defence, Buott, Armstrong; centre, Kennedy; wings, Lockie, Holbrook; alternates, Deck, J. Smith, A. Smith, Fadiers, Collins, Mongraw.

Confederation—Goal, Tyndall; defence, Miller, Holden; centre, Crouter; wings, Daniels, Outwater; alternates, Bryan, Holland, J. Post, T. Post, Simmons, Dunstan.

Referee—D. Lawless.

RUNNERS-UP—Here are the members of the British Columbia entry, second place winners in the Dominion championship curling bonspiel held at Hamilton this week. Top photo shows Reg Stone, left, skip of the rink and west coast professional golfer when there is no ice for curling. With him is Hugh Miller. In the bottom photo are Roy Stone, left, and Scotty Ross. The rink hails from the Trail, home town of last year's Canadian champs.

Manitoba Rink Sweeps 9 Matches To Win Curling Championship

HAMILTON, March 11 (CP)—A seven-year dream of Winnipeg's brother curling combination—Ken and Grant Watson—to play on three Dominion championship teams, has been realized.

The dream came true Thursday night when Manitoba, skipped by 44-year-old Ken and with 43-year-old Grant as third, captured the Canadian "World Series" of the ancient sport with a 14-9 victory over British Columbia. Ken became the first skip to pilot three rinks to a Dominion title and Grant, as third, has been a member of each.

They were on the winning Manitoba rinks of 1936 and 1942, equalling the two-time title winners, Gordon Hudson and Howard Wood of Winnipeg and Edmonton's Cliff Manahan, and it was their big ambition to surpass this mark. They were provincial champions in 1943 when the Dominion championship was cancelled because of the war.

Their 1949 sweep to victory was achieved by nine straight triumphs in the four-day round-robin tournament open to the 10 provincial winners (Ontario has two). They were odds-on favorites to take the title and their masterful draw style of game mixed with the chap-and-lie brand, couldn't be beaten.

The only real competition came from the British Columbia rink from Trail, skipped by Reg Stone, who had hopes of returning with the trophy won last year by fellow-townsman Theo (Frenchy) D'Amour.

But Ken and Grant who have been curling since their high school days of 30 years ago, wouldn't be denied.

Two Scares

They had a couple of scares—From Nova Scotia, which held them to a thrilling 12-11 score in the fifth round and from British Columbia Thursday night—but they rose to the occasion each time. Ken, who was jittery in Manitoba's 11-8 victory over Ontario in the eighth round Friday afternoon, steadied in the final game when the chips were down.

British Columbia took a big three-rock first-end lead and spectators settled back for a drag-out battle. But Manitoba, capitalizing on miscues by the less-experienced B. C. rink, took the next five and led 7-3 at the half-way mark.

It was 12-9 with Manitoba on top going into the 12th and the Winnipeggers scored two in a tense last-end duel to take the silverware.

Fourth position was taken by Ontario, skipped by 68-year-old Pete Gilbert, who has been throwing them down the ice for 35 years. Ontario ended with five victories and four defeats.

Henry Of Peterboro' Enters Semi-Finals

TORONTO, March 11—(CP)—Toronto's Don Smythe proved himself a giant killer Thursday night when he upset the favored Vancouver star, Daryl Thompson, in the third round of the men's singles competition at the Toronto Granite Club's invitation badminton tournament.

Thompson, runner up to John Samis for the Canadian championship, split the first two games, and dropped the third to give Smythe a 15-6, 8-15, 15-11 victory.

Winners of the men's doubles matches Thursday night sending them into the semi-finals are Grant Henry of Peterborough and Aikenhead of Galt, Jack Moon and Beau Summers, Toronto; Little and Mee, Toronto, and Muir and Porter, Toronto.

Art Houtteman Tigers Star Badly Injured

LAKELAND, Fla., March 11—(AP)—Detroit Tigers' hopes of making a fight for the 1949 American League Pennant got a smashing blow today.

They lost Art Houtteman, young pitcher of high promise.

In a Lakeland hospital early today it was discovered that the 21-year-old right-hander suffered a skull fracture in an automobile-truck collision Thursday night.

A medical report also said that Houtteman suffered a fracture of the cervical vertebrae, which is just below the skull.

The Tiger's frankly didn't know when the fast-ball youngster would return to action—if at all. Doctors weren't making any comment on that.

Five hours after his convertible car collided with a five-ton fruit truck in downtown Lakeland, Houtteman was still unconscious.

President Charles Campbell of the Maritime Amateur Hockey Association said Thursday night he had asked the Canadian Amateur Hockey Association to consider addition of three players from the branch of the Maritime senior champions.

Mr. Campbell made the request after similar appeals from the Alberta and Ottawa and district branches of the CAHA.

In past years it has been CAHA policy to grant Maritime junior clubs replacements. But this is the first time additional help has been sought for senior clubs.

At New York four men were sentenced to prison Thursday for attempting to fix a college basketball game.

Three of the men were sentenced to terms of 15 months to 2½ years on bribery charges and a suspended one-year term for conspiracy. They were Joseph Aronowitz, 35; Philip Klein, 34, and Jack Levy, 40, all of Brooklyn. William Rivlin, 43, of Queens was sentenced to a year on a conspiracy charge.

Skiing conditions described between good and excellent were reported in Ontario Thursday.

The Ontario Travel and Publicity Department listed "excellent" conditions at Barrie, Collingwood, Haileybury, Haliburton, Huntsville, Owen Sound and Orangeville. Good bush conditions are found in Fort William, Dagmar and Toronto Summit but hills are in poor condition.

Marines, Clappers, Trojans Capture City Hockey Crowns

PMHA finals were played on good ice at Civic Arena last night as Outboard Marine bantams, Dit Clapper's Midgets and Legion Trojans defeated St. Peter's, Jaycees and Northend Juves by scores of 8-2, 8-3 and 11-1 respectively, to conclude a fine, though short season.

All games were clean, fast, hard fought battles from start to finish, despite the one-sided scores. The juvenile game was the roughest as Referees Ouimet and Romhany handed out 11 penalties, mostly for minor infractions.

Marine bantams took a decisive win over St. Peter's in the curtain-raiser leading 4-1 at the end of the first, on goals by Jerry Frizzelle from Strickland, Gary Kearns from Jim McGrath and two by B. Turner assisted by J. Corbett and L. Ball. St. Peter's tallied one, B. Ferren from D. Griffin. Frizzelle clicked again from Griffin in the second, Kearns again from B. McDougal and Strickland from F. McGillen. Frizzelle added one more in the third to complete the hat trick, from McGrath while Ferren again registered for the Saints. All the boys, in addition too those who scored and assisted on goals, played fine hockey.

Marines—Goal, M. Byrne; defence, B. McCormack, F. McGillen; centre, McGrath; wings, Strickland, Frizzelle; alternates, Ball, Kearns, McDougall, Kelly, Holden, Corbett, Turner.

St. Peter's—Goal, O'Brien; defence, Legros, O'Connell; centre, P. Ferren; wings, Pearson, Griffin; alternates, J. Hickey, L. Febre, Corkery, D. Foley, Cote, Ryan, B Ferren, Galvin.

Too Strong

Clapper's easily outscored Bill Post's Jaycees in the Midget joust to take the round 11-5, having won 3-2 on Tuesday. Jaycees evened the round as Merv. Buchan clicked on a neat one at 17.30 in the first but Doug. Mortimer's lads changed it all again in the second as Mongraw from Sullivan and Don Clapper, Stewart unassisted, Floyd from Murdock and Ken Pammett solo, all tallied in that order to more than match two by Junior Daniels and Art Batley from Allen. Sullivan from Mongraw early in the third put Clapper's three up while Pammett added two more to also complete the hat trick, one from Stewart and Floyd, also scored from Ron Wood late in the third, to give the Clapper boys a six-goal round margin.

Clappers—Goal, Curtis; defence, Stewart, Murdock; centre, Pammett; wings, Spencer, Ferguson; alternates, Wood, Floyd, Scriver, Sullivan, Mongraw, D. Clapper, Reynolds, Kimball, Seabrooke.

Jaycees—Goal, Ron Tyndal; defence, Parry, Outwater; centre, Buott; wings, Daniels, Hope; alternates, Batley, Allen, Buchan, White, Strickland, Armstrong, Collins, Breadman.

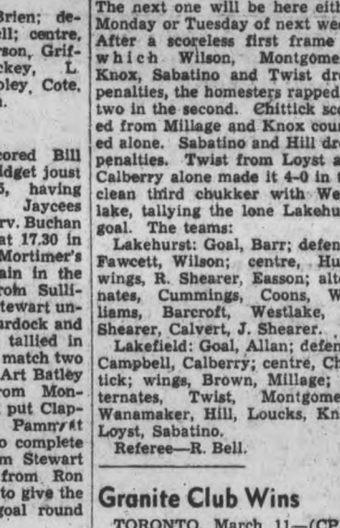
Legion Trojans completed a fine season by winning the juvenile city title as they trimmed Bill Murphy's lads. Brian Robinson was the big star, potting five goals and aiding on three others. Brother Gary was good too with three and one, while Al Buckton had two and two as these three led the way. Their mates all played well in front of fine goal tending by Battley. The losers tried hard and were not as off colour as the score indicates.

Legion Trojans—Goal, Batley; defence, Armstrong, Bigford; centre, Jensen; wings, Douglas, Jones; alternates, Brian Robinson, Gary Robinson, Buckton.

Gord's Juniors—Goal, McGrath; defence, Vincent, Shearer; centre, P. Ferguson; wings, Gandy, D. Ferguson; alternates, Heffernan, Foster, Thompson, Murdock, Mongraw.

Lakefield Victors Against Lakehurst

LAKEFIELD, March 11 (ENS)—Opening the best-of-three Haywire Hockey League finals here last night, Lakefield defeated Lakehurst 4-1 in a good game. The next one will be here either Monday or Tuesday of next week. After a scoreless first frame in which Wilson, Montgomery, Knox, Sabatino and Twist drew penalties, the homesters rapped in two in the second. Chittick scored from Millage and Knox counted alone. Sabatino and Hill drew penalties. Twist from Loyst and Calberry alone made it 4-0 in the clean third chukker with Westlake, tallying the lone Lakehurst goal. The teams:



Lakehurst: Goal, Barr; defence, Fawcett, Wilson; centre, Hunt; wings, R. Shearer, Easson; alternates, Cummings, Coons, Williams, Barcroft, Westlake, G. Shearer, Calvert, J. Shearer.

Lakefield: Goal, Allan; defence, Campbell, Calberry; centre, Chittick; wings, Brown, Millage; alternates, Twist, Montgomery, Wanamaker, Hill, Loucks, Knox, Loyst, Sabatino.

Referee—R. Bell.

Granite Club Wins

TORONTO, March 11—(CP)—Mrs. Roy Smith's Toronto Granite Club rink won the 22nd annual Shannon Trophy Bonspiel here Thursday, defeating a rink from the same club skipped by Mrs. C. S. Robertson, 13-10. Ontario rinks from Hamilton, Oshawa, Kitchener, Barrie and Beaverton, and from Montreal clubs took part in the trophy meet.

Remember When—

By The Canadian Press

Major Frederic McLaughlin's threat to "ice" an All-American National Hockey League team was carried out at Chicago 12 years ago tonight. The Black Hawks, re-named "Yankees" for a night, didn't do so well, losing to Boston Bruins 6-2. The Chicago boss gave up the All-American hockey idea in short order.

Blames Slump In Films On Dull Stars

By BOB THOMAS

HOLLYWOOD, March 11 (AP) —Everbody's got a reason for the movie slump and now Dan Dailey offers a new and original one—film stars are too dull.

The song and dance man gave this wistful comment: "We actors advertise the fact that we lead terribly simple lives and limit our adventures to the small space directly in front of the camera.

"Except for an occasional actress falling in love with a prince, or some star carrying on a transcontinental courtship, most of us must sound pretty dull to movie audiences. They want their movie heroes dished up with a dash of excitement."

Now Dailey doesn't advocate wholesale immorality among the film famous. The thing can be done without breaking moral or criminal laws.

Dailey admitted that he contributes little to the glamor of Hollywood. "I probably lead a more ordinary life than most actors," he said sadly.

We Agree

Things brings up a matter which is dear to my heart. I have contended that the studio have made a mistake in their buildup of new stars in the last few years.

It seems to me the studios have been too intent on selling individual pictures. People go to see movie to view the stars and they're not intrigued by seeing people who are normal citizens. They want lively, exciting stars.

I'm not saying they should imitate the headlines of Lana Turner, Robert Mitchum and Rita Hayworth. But young stars should realize that publicity is as essential a part of their careers as the art of acting.

Oleo Wins First Round But Fight Not Over Yet

By GEORGE RONALD

WASHINGTON, March 11—(CP)—Oleomargarine has won the first round of its latest battle with butter—but the fight isn't over yet. Lovers of the popular substitute went ahead on points as the Agriculture Committee of the House of Representatives approved repeal of federal taxes on margarine. The committee voted at the same time to bar the sale of yellow margarine in interstate commerce.

Congress tackles the oleo-vs-butter issue—and all its political ramifications—against a background of decreased butter consumption and steadily-rising use of margarine.

The administration favor repeal; it was one of the main planks in the Democratic election platform last fall.

Several repeal bills have been introduced. They would eliminate these taxes:

Colored margarine—10 cents a pound, plus a $480-a-year levy on wholesalers- and $48 on retailers.

Uncolored margarine — one-quarter cent a pound, plus a $200-a-year tax on wholesalers and $6 on retailers.

Both types — $600 a year on manufacturers.

Heavenly Gift

Coloring plays a big part in the argument. For example, representative George H. Christopher (Dem. Mo.), a dairy farmer, told the House of Representatives recently:

"I am ready to vote for the repeal of all taxes on oleomargarine if they will color it red or green or purple—or leave it white.

"But I do think that if the American dairy farmer does not have a copyright on the yellow color that God and nature gave to butter, then he ought to have that copyright."

Many a fellow Congressman agrees with Christopher.

Oleo bakers, on the other hand, contend there's lots of yellow coloring going into butter these days, too.

The greatest "evil" of the tax structure, they say, is that the housewife gets the worst of it. She should be able to buy oleo at a price which contains no "anti-margarine" tax.

Canadian Novels, Writing Increasing

TORONTO, March 11 (CP)—Will R. Bird, Halifax novelist and short story writer, said Wednesday that the literary output of Canadian writers, as revealed to him on a cross-Canada tour, amazed him.

"Canadian writers are producing twice as much as a expected," Mr. Bird, President of the Canadian Authors Association, told an interviewer. "I found 11 persons who had just finished novels, while there was constant evidence of steady sales to American periodicals.

"Edmonton amazed me. They are active in three workshop groups that have already produced four books.

"Everywhere I was met at stations by whole groups of writers. I discovered one free-lance who is making $5,000-$6,000 a year, though no Canadian editor will take his stuff."

Asked if this was a common situation, Mr. Bird said he thought it was. He said one western woman has been selling poems for $25 and $30 each to the New York Times and similar markets, but when she offered [illegible] which paid other poets $1.50-$4 an item, the editor told her to paste her poems in a scrapbook and forget verse as she had no talent for it.

Mr. Bird said that, in his opinion, Canadian books are not well advertised or promoted.

Hear BNA Bill

LONDON, March 11—(Reuters)—The House of Lords Thursday gave formal first reading to the British North America Bill which confirms and gives effect to the union of Newfoundland with Canada. There was no discussion. The bill has already passed the Commons.

FEARLESS ABBE—Abbe Arthur Maheux, Laval University professor and one of the most controversial figures in Quebec, is shown here in his study at the Quebec seminary. His campaign for national unity between French and English-speaking Canadians has won him many admirers and some critics as well.

Campaign For National Unity Brings Priest Anonymous Threats

By PIERREDUBOIS

QUEBEC, March 11—(CP)—A lean, scholarly Roman Catholic Priest whose campaign for national unity has brought anonymous threats of violence to his door, is carrying on a cause which he admits cannot end in complete victory.

Although the tempests his outspoken views have raised throughout Canada now have abated, Abbe Arthur Maheux today remains one of the most controversial figures on the national scene in Quebec. But even his enemies harbor a deep respect for the Laval University professor. He gave an address in Peterborough February 24.

Monsieur L'Abbe tackled the most explosive topics in bilingual Canada during the hectic war years when he stumped the Dominion from Halifax to Vancouver trying to promote a greater understanding between French and English-speaking Canadians.

Like a fond parent trying to beat some sense into stubborn children, he administered verbal spankings to both sides, sparing neither.

His public addresses and the books he wrote on the subject contained simple, homely illustrations of the good results between French and English-speaking peoples. He still contributes articles regularly, in both languages, to the Montreal Star on various problems as he sees them in Canada today.

With the philosophical outlook that comes from long experience and profound study, Abbe Maheux today looks back on his campaign as something contentious which inevitably would bring him bitter criticisms, but he believes that the movement gained ground.

"I even received anonymous letters in the mail threatening me," he said in an interview.

In Quebec, his bitterest critics were people with strong nationalistic leanings. So far as they were concerned, he could have done little worse had he sold himself to the devil rather than to say the English were not always at fault in their past dealings with the French.

"Any time the Nationalists want to battle it out I am ready," said the 64-year-old Priest, a descendant of pioneer Quebec farming stock, who was born in the "Bois-Franc (harwood)" county of Megantic, in 1944 he was awarded the Order of the British Empire, civilian branch.

Racial differences in a country such as Canada never will be completely solved, he said. But greater understanding and more amicable relations can be fostered by the people themselves seeking first-hand knowledge instead of relying on hearsay evidence about each other's good or bad points.

Former Associates In Surveying Attend Funeral Of J. W. Pierce

An impressive tribute to the memory of John Wesley Pierce, noted Peterborough land surveyor, was paid at his funeral service Thursday afternoon in Trinity United Church by the pastor, Rev. Dr. D. Bruce Gordon, who extolled the late Mr. Pierce's outstanding contribution to his community and nation, his home, and church. The service was attended by a large number of Mr. Pierce's former associates in land surveying from Toronto, Ottawa, Pembroke, and other Ontario cities.

The late Mr. Pierce died at his home, 492 Homewood avenue, on Tuesday morning after a brief illness. He had been a prominent members of the Dominion and Ontario Land Surveyors' Association for many years and his most notable piece of work was his commission by the Dominion government to take charge of establishing a definitive boundary between the provinces of Ontario and Manitoba.

Mark of a Christian

The deceased, in the words of Rev. Dr. Gordon, exemplified in his life that "fine blending of love of God and love for man which is the real mark of a true Christian" and his life will "remain a challenge to us all to serve, to build, to believe. We have inherited a nobler heritage still because of his life."

Mr. Pierce's "ability and integrity won for him an important place in the community and nation," said Dr. Gordon, who referred also to his "quiet, honest, and unassuming nature." The deceased served his fellow men "quietly and effectively" and "achieved a high standard in his chosen profession." His work on the boundary line between Ontario and Manitoba will remain as "a monument to his memory."

The service opened with the singing of the hymn "Unto the Hills Around Do I Lift Up My Longing Eyes" and an organ solo was rendered by Miss Mildred MacIntyre entitled "O Love That Wilt Not Let Me Go." Rev. Dr. Gordon led in prayer and read four selected Scripture passages.

Close Friends Pallbearers

Prominent citizens and close friends of the deceased acted as pallbearers including the following:—honorary pallbearers, R. J. Kidd, R. F. Downey, F. D. Kerr, K. C., R. L. Dobbin, C H. Saunders, all of Peterborough, T. H. Barkley, Industrial Commissioner for Toronto, and S. Fawcett, E. Fry, J. Carroll, and R. D. Davidson, all of Ottawa and former associates of Mr. Pierce in the Topographical Survey Branch of the Dominion Department of Interior.

Active pallbearers were: T. J. Carley, K. C., B. V. Moore, E. A. Outram, J. E. Girven, F. W. Beatty, Surveyor-General for Ontario, Toronto, and C. Taylor, of Pembroke.

The church service was preceded by a brief service at his resident for the members of the immediate family. The large profusion of beautiful flowers testified to the esteem in which the deceased was held. Interment was made in Little Lake cemetary, with Rev. Dr. Gordon also officiating at the graveside.

Relief Parcels Free

OTTAWA, March 11 — (CP) — The post office department said Thursday night relief parcels intended for personal use of Greek families will be permitted into Greece duty-free until the end of June, 1949. The parcels are limited to 20 pounds.

Rodionov Released

LONDON, March 11—(AP)—The Moscow radio said Thursday night M. I. Rodionov has been "released" from his post as chairman of the Council of Ministers of the Russian Socialist Federation of Soviet Russia. He has been replaced by B. N. Chernousov. No reason was advanced for the switch.

23,000 Laid Off

DETROIT, Mich., March 11—(CP)—Chrysler Corporation announced Thursday that the 23,200 workers laid off early this week because of a shortage of automobile frames will return to work Friday on their regular shifts. The shortage results from a brief strike Monday at Midland Steel Co.

Peace Offensive At An End Reds Get Tough Again

By LEON DENNEN
NEA Special Correspondent

WASHINGTON, March 11 — (NEA)—The Russian "peace offensive" is over; Moscow is warning the West that we can expect her to use all means short of war to prevent the success of the Atlantic pact.

That is the grim significance some of the best-informed sources on Russia see in the reshuffle of the Soviet top command. Admittedly nobody in Washington has a pipeline to the Kremlin, but this analysis is based on the best available knowledge of Russian leaders and policies.

This is why these observers believe that Russia's "soft" policy of the past several months will soon harden:

1. **Andrei Vishinsky**, the embodiment of an aggresive policy against the West, has been taken off the shelf. He was sent into temporary retirement at a Czechoslovakian resort while the Kremlin experimented with "peace" tactics—abandonment of the French and Italian strikes, Premier Stalin's statement to Correspondent Kingsbury Smith, moderate tactics in the United Nations instead of the ranting of Vishinsky.

2. **Anastas Milkoyan**, reputed one of the "moderates" in the Politburo, was fired from the office of Minister of Foreign Trade.

3. **The Atlantic pact** has succeeded beyond Russia's most pessimistic expectations. Europe's industry, strengthened by the Marshall Plan infusion of dollars, is recovering at a fast clip.

4. **Even the recent tactic** of having Commie leaders in Western countries assert they'd fight for Russia in a capitalistic war failed to frighten Europeans into expectation that they'd soon see the Red Army marching across their borders.

And don't think that Vyacheslav Molotov is through. The fact that he relinquished his post as foreign minister to Vishinsky is hardly an indication that he has lost favor with Stalin, his lifelong friend and fellow-conspirator. His true role will develop in time but for the present it is seen as especially significant that Molotov's protege, Andrei Gromyko, has been named deputy foreign minister.

Gromyko reportedly is a sworn enemy of Vishinsky. This appointment is seen here as another evidence of what Leon Trotsky dubbed Stalin's "zig-zag policies." To maintain the balance of power, the aged and ailing dictator may be manouvering between the various forces in the Politburo.

Should Vishinsky's "get tough" policy fail, Gromyko would be ready to succeed him as Stalin's policy "zagged."

The immediate effect of the changes just made is expected here to be a renewed wave of Communist-inspired strikes and sabotage against the Marshall Plan in France and Italy. Despite rumors of troop movements on the borders of Finland, it is doubted that Russia would risk war through armed intervention in Finland or Norway.

Andrei Vishinsky: Mr. "Get Tough" has been taken off shelf.

"LOOK—a cheque from Ottawa!"

This month you may be in for a pleasant surprise.
Cheques, representing refunds on compulsory savings during 1943-1944, are now being mailed to over 2,250,000 Canadians. One of these cheques may be coming to you.
Saving this money meant sacrifice and self-denial. Think twice before you spend it. You can make it count for something by tucking it away in a Royal Bank savings account. Use it as a nest egg—to build up your savings, to gain that added sense of security that savings bring.
You'll always be glad you saved.
FASCINATING FACTS—The Canadian Government will pay back this month over $247,000,000 in refundable savings.
Some 50,000 cheques are still held at Ottawa from last year's distribution because the owners cannot be found.
NOTE... if you have changed your name or address since 1943, be sure to inform the Department of National Revenue. Change of address cards for this purpose are available at all Post Offices and District Income Tax Offices.

Better Business Bureau Speakers

A. R. HASKELL

Two officials of the Toronto Better Business Bureau: A. R. Haskell, general manager, and W. R. Saunders, director of the Junior Educational Dept., will visit Havelock on Monday.

Mr. Haskell will address an evening meeting of the Rotary Club, discussing the work of the six bureaux in Canada. The subject Mr. Saunders has chosen is "The Importance of Education and Honesty in Business." He will be speaking to High School students.

Expresses Thanks For Congratulations

City Council has received a letter of appreciation from Mr. Robertson Davies for its resolution of congratulation upon his winning triple honors as playwright and producer in the national drama festival.

"It was kind of you to include a copy of the letter which has gone to Mr. R. J. Bolton" (president of the Little Theatre), Mr. Davies wrote to City Clerk Outram. "I know that the Little Theatre members will appreciate this attention deeply, as I do myself.

As I said in a letter to the Mayor, the Little Theatre is self-supporting, and we hope that it will never be necessary for us to ask the Council for any financial help. Nevertheless, we are very happy to think that we give pleasure to our fellow citizens (we had an audience of about 2,300 people for "The Taming of the Shrew"), and that when we travel elsewhere in eastern Ontario we give a good impression of our own city. The Dominion Drama Festivals are a national movement, and they provide an excellent form of competition in which questions of race, religion and politics never arise. Once again

I thank you personally, and the Council through you, for your message, and I will pass it on to the members of the Little Theatre at our annual meeting."

Transfers Job

OTTAWA, March 11 — (CP) — Prime Minister St. Laurent announced Thursday to the Commons that ministerial responsibility for the projected Trans-Canada highway has been transferred from Resources Minister MacKinnon to Reconstruction Minister Winters. He gave no explanation, beyond saying that the transfer was being made at Mr. MacKinnon's request.

OTTAWA, March 11 — (CP) — Sir Norman Brook, secretary to the United Kingdon and special emissary of Prime Minister Attlee arrived here Thursday night for a week's talks with Prime Minister St. Laurent and his cabinet. Sir Norman would add nothing to the brief official statement made in London concerning him and three other high permanent officials who have gone on similar missions to Australia, New Zealand, India, Pakistan and South Africa.

Two Teen-Agers Given Six Months In Jail

TORONTO, March 11—(CP)—When four teen-aged boys were found guilty in court Thursday of taking a car without the owner's consent, one father said "It's about time they were put away."

Thomas McKay, 16, and Gilbert Jeans, 17, were sentenced to six months definite and six months indefinite in the reformatory. Cecil Everingham, 16, and William Brown, 17, were given suspended sentence and placed on one year's probation. All four pleaded guilty.

"I have done everything for my son, finding him jobs in the city, then on the farm. But he just won't work," McKay's father said.

Legislature Passes Special Hydro Bill

TORONTO, March 11—(CP)—The Ontario Hydro-Electric Power Commission—which has a $40,000,000 power development program under way—will, for the first time, be given express authority to generate power by a bill introduced Thursday in the Ontario Legislature.

The Power Commision Act, in its present form, does not give the Commission authority to generate its own power. The right was implied, however, in a clause that allowed the commission to "construct and operate works."

The bill also provides some 7,000 permanent employees with a new pension scheme. It also permits the commission to reimburse certain firms who choose to convert their own machinery from 25- to 60-cycle power and to compensate manufacturers for extra cost involved in turning out electrical equipment which can be easily converted.

Educationist Killed

BURLESON, Tex., March 11—(AP)—Dr. John W. Lord, 70, New Brunswick-born educationist, was found beaten to death Thursday in his secluded North Texas home near here. Officers are seeking for questioning a 19-year-old youth who has been missing for two days. Dr. Lord was chairman of the Department of Social Science and Dean of the Graduate School at Texas University in nearby Fort Worth.

One gallon of gasoline, properly mixed with air, is equivalent to 83 pounds of dynamite.

Cattle Market Loses Earlier Gains

TORONTO, March 11 (CP). — The Livestock Market opened the week stronger and the cattle prices jumped 25-50 cents, but Wednesday the market lost its gains and finished the week unchanged. Calves, sheep and lambs were unchanged and hogs gained 25 cents. Sows were up 50 cents.

Cattle receipts of 5,885 cleared well in spite of Thursday's dull trading and there was a small holdover of 50 head. Weighty steers sold as high as $21.50-$21.75, but closed with few over $20. Good light steers and heifers closed at $19-$19.50, with a few at $20. Plain steers and heifers sold downward to $17. Good cows closed at $16-$16.50 after early $17 tops. Canners and cutters were mostly $10.50-$12.50. Good bulls closed at $18.50-$19.50 with plain lights downward to $17. Fed yearlings were mostly $20-$23. A few plain stockers sold at $14-$17.50. Ordinary quality milkers and springers were $140-$180, with a few better kinds up to $200.

Calves were steady on a run of 1,360 head. Good to choice vealers opened steady at $28-$30, then sold at mid-week at $27-$30. Plain to medium kinds dropped $1 or more and sold $17-$26. Heavy grass calves sold for slaughter at $14.50-$16.50.

The hog run totalled only 1,888 head. Grade A sold at $31.25, with Grade B1 at $30.85. Sows were up 50 cents at $23.50, dressed.

Sheep and lamb receipts of 1,118 included 924 Western lambs. Good Western lambs and a few good locals sold at $25-$25.25. The few sheep offered sold at $7-$12, according to the quality.

GOOSE BAY, on Hamilton Inlet, Labrador, was built during the Second World War by Canada as an alternative field for Gander in Newfoundland. It is 450 miles northwest of the other base and was used primarily as a coastal command and ferry base in wartime. Now it is shared by Canada with US forces.

Canada Gets Biggest Bases In Far North With Union

By DAVE McINTOSH

ST. JOHN'S, Nfld., March 11 (CP).—Entry of Newfoundland into Confederation will give Canada her biggest far-north bases and her most easterly outposts.

Through Gander hundreds of thousands of war planes were ferried to Britain during the war. In a busy month, 1,700 flights still go through this "crossroads of the world."

Canada will have bases farther north than Goose Bay and Gander, but none bigger or better equipped. Ten airlines make scheduled stops at Gander, an airport community of about 2,000 persons.

Canada poured $25,000,000 into Gander at the start of the war and will take over the $1,000,000 annual deficit incurred in running it now. Canada also built Goose Bay, 450 miles northwest of Gander, primarily as a costal command and ferry base during the war, and as an alternative to Gander. She now shares the field with United States forces.

Nearest to Europe

Torbay, the airport for St. John's, was also used by the RCAF during the war.

Nearest airdrome to Europe in the western hemisphere, with the exception of two American bases in Greenland, Torbay is small in comparison to Gander and Goose and it is only a few hundred yards from the coast.

The three other big bases in Newfoundland are owned by the United States, obtained in the destroyers-for-bases deal in 1940 for 99 years. They are Fort Pepperell, just outside an army post; which is strictly a narmy post; Argentia on the south coast, both a navy and air force establishment, and Harmon Field near Stephenville on the west coast, an air force base.

It is not likely that Confederation will bring any modification in the bases deal. If Americans will be based on Canadian soil, Newfoundlands point out that Americans have been based on other Canadian soil for some years: at Seven Islands on the St. Lawrence; Fort Chimo on Ungava Bay; Frobisher Bay on Baffin Island; Eureka Sound, Resolute Bay, Cambridge Bay, Sawmill Bay, Kittigazuit, Fort Nelson and Churchill in northern Manitoba.

There are dozens of other small airports in Newfoundland and Labrador, most of which could be developed as rapidly as Gander or Goose. Most of them were built as emergency landing strips.

Wartime Activity

There have never been big service establishments in Newfoundland such as one finds in most countries. Thousands of Canadian, Newfoundland and United States servicemen were stationed here during the war but all but a handful of Americans have disappeared since and former RCAF and army barracks are falling into ruin.

On Signal Hill, towering above this old capital, the Americans placed heavy siege guns during the war when the city always blacked out then, expected naval attack. None ever came and the guns have been taken away. Fort Amherst, manned by Canadians, sits at the entrance to St. John's harbor. A sole lighthouse keeper is the only person who goes near it now.

The Newfoundland serviceman, since the English wars with the French for the mastery of North America, has always fought away from home. Extremely loyal to Britain though often accusing her of misusing Newfoundland, the islanders would be the first to go to her aid if the Mother Country became involved in another war.

Though Newfoundland is paying no particular attention to defence now, it is most probable that with Confederation, Canada will look closely into that matter.

Newfoundland has strategic defence posts left over from the last war. The problem would seem to be only how quickly they could be re-equipped if the need arose.

85th Birthday For Belmont Man

HAVELOCK, March 11 (ENS) —Henry Pacey, one of Belmont Township's oldest residents, celebrated his 85th birthday at his home a mile north of the village, on Wednesday. With Mr. Pacey for the celebration, which took the form of an afternoon tea party, were his daughter Miss Mabel Pacey, his niece Mrs. John Leask, Mr. Leask, Mrs. Pearl Peters and Mrs. Douglas Brennan. The table was centred with a birthday cake decorated in pink and topped with candles.

Mr. Pacey received many cards and among his gifts was one from Havelock Lodge, AF and AM, No. 426, of which he is a charter member.

Born at Harwood, Mr. Pacey is a son of the late Shallum Pacey and Jean Barnett. His parents were natives of Hull, Yorkshire, England. He came to Belmont Township at the age of eight with his parents, who settled on what is known as the old Pacey farm, across the road from where he now lives. He is the last of a family of 13. Mr. Pacey has only one daughter Mabel, who, until last year, was a member of the High School teaching staff at Finch. She resigned owing to her father's failing health. His wife formerly Isabella Buchanan, died more than 30 years ago.

Dogs Destroying Deer In Haliburton

An increasing number of deer carcasses, with dog tracks nearby, have been found in the vicinity of Haliburton in the last six weeks. Residents have removed the carcasses from the scene in order that the dogs would not be attracted to them. However, last Friday one was left as bait to catch the killers. A bear trap was set near and Saturday morning a dog was in the trap. Setting the trap again a second dog was caught Sunday morning.

One of the dogs had a slight resemblance to a wolf, but are most mongrel collies. Saturday's dog had a snare fastener on the neck and the other dog had an old bullet wound in the leg. Residents believe that one was the leader of the pack.

All the deer have been found within five miles of Haliburton village. Some natives suggested the dogs had been chasing the deer and the animals broke through the crust of the snow, floundered, and were slashed by the dogs.

A group of 10 citizens with Game Overseer Walter Scott set out one day this week to shoot the dogs. However, no dogs were shot, but one was found in a trap.

A member of the party believes one of the animals to be a dog which attacked him while setting a snare last Fall. He then took a couple of shots at it.

One of the dead deer, a doe, was found to be carrying twin fawns.

Former Norwood Man R. H. Richardson Dies

NORWOOD, March 11 —(ENS) —Robert H. Richardson, who was born and lived in Norwood for many years, died recently at MacLeod, Alberta.

Born in Norwood in 1870, Mr. Richardson went to Morrisey, BC, as a young man to open a men's furnishing store and shortly after the turn of the century he went to MacLeod to start a similar business here, from which he retired some 15 years ago.

He was married in MacLeod to Agnes Chalmers who survives him. He also leaves a daughter, Mrs. Isobel Chatten of Edmonton and a granddaughter, Myrna Lynn, a brother, Archie of Tillsonburg, Ont., and a sister, Miss Annie Richardson of Norwood. Also surviving are nieces and nephews. Dr. Roy Richardson of Toronto is a nephew.

Funeral services, conducted at St. Andrew's Presbyterian Church were attended by a number of friends. Several members of Mountain View Rebekah Lodge No. 23 of which Mrs. Richardson is a member, were present.

Mrs. Richardson was accompanied by her daughter and her brother, Alex Chalmers of Victoria. Pall bearers were L. A. Dixon, A. A. Neddow, J. Shand, H. Winchcombe, Les Nash and Tom Bailey.

$429,390 Paid In Wages In 5 Department

Wages in five of the city's departments amount this year to approximately $428,390. They are, police, fire, streets, parks and garbage collection or sanitation.

The outlet of remuneration also extends through other branches of the municipal service, but this group salary total was mentioned at the meeting of the finance committee Thursday night as basis of arriving at a new means of providing a fund for the purposes of workmen's compensation.

Board of Works wages last year, City Clerk Outram reported, amounted to $150,955. This sum is accepted as substantiative for estimates that are not in the board of works statement of wages. That department spreads its wage bill through all the various jobs. It does not show as a bulk sum as in the sanitation, police and other branches of the municipal household. As a convenient sum in present computation the total of board of works wages paid last year is used.

$109,435 For Firemen

Firemen's wage bill this year is around $109,435, police $80,000, sanitary department $58,000 parks and rinks $30,000. They amount to $428,390. Mr. Outram said he had enquired here and there about the method of accumulating a fund against compensation possibilities, and was recommending that a percentage method be adopted.

Four per cent of the $428,390 would provide $17,135.60.

Several of the items for compensation in the present budget added up to more than $12,000. Board of works was $10,500 of that amount. There was no allowance for parks and police.

"I think that such a fund could be built up as a cushion against any accidents to employees and resulting compensation," Mr. Outram said.

At 3½ p.c. the amount would be $14,903.52, and tat was so close to $15,000 that the finance committee decided to recommend that round-numbered sum.

Any surplus at the end of this year from the compensation fund would be carried over into next year. Policy of the council will be to build up a reserve in this separate account of something like $30,000.

Board Completes Plans To Have Pupils X-Rayed

Plans drawn up for the X-raying of Grade 8 pupils and high school students at the Collegiate over a two-day period were approved on Thursday night by the Board of Education.

A letter was received from Keith E. Pilington, secondary school chairman of the Junior Chamber of Commerce, stating that a mobile X-ray unit would be at the Collegiate promptly at 9 a.m. on Monday, May 9. By 1.30 p.m. the following day it is hoped that all the Grade 8 pupils from the public schools as well as PCVS students will have been X-rayed.

Also Separate Schools

Separate School pupils and students are expected to be X-rayed in the remaining three-hour period on May 10.

The survey is being undertaken by the Peterborough T.B. Association in conjunction wiyth the Department of Health. The Junior Chamber of Commerce has offered its services to organize this mass X-ray scheme.

As a result of T.B. skin tests being given to 3098 public school pupils and 1,056 Collegiate students, a total of 92 boys and girls were found to be positive.

Children below Grade 8 were not scheduled for the X-ray, but those whose skin tests showed positive will be X-rayed at the Collegiate at 9 a.m. on May 10. This was the result of a request made by the Board of Education to officials in charge of the mass survey.

Propose Naming Secretary To Commission

Proposed appointment of City Clerk Outram as secretary of an industrial commission puzzled Ald. Doug Miller to the point of question at the budget meeting of the finance committee Thursday night.

"If Mr. Outram, and I want to make it clear that I have every respect for his ability and work, if he is paid $4,450 a year as city clerk, that means it is a full time job," said Ald. Miller. "This other work that would have to be done if he takes it on would have to be during part of the same time that he is working as city clerk. How are we going to explain that, and how are we going to justify an increase in Mr. Outram's salary. I want to get this clear."

Ald. Miller said it was a matter with him of getting full understanding of the proposed arrangement, so that he knew and could explain it to others.

"We believe that he is fully busy now," he continued. "If we give him more work to do, does that mean more work falling on the assistant city clerk?"

Ald. Dick Raine, chairman of the industrial development committee, who introduced this industrial commission idea, said there was no provision in the by-law appointing him city clerk, connecting with Mr. Outram with the manufacturers committee.

Wants It Clarified

"Mr. Outram has suggested that this situation be clarified," Ald. Raine said.

The industrial commission is composed of Ald. Raine, Mayor Swaston, and Mr. H. L. Garner whom the council recently requested to join them as a representative of Peterborough at large.

City Clerk Outram said he found time for the extra work of the industrial committee because he greatly liked it.

"In fact I have been active in it since I came to the city offices," Mr. Outram said. "My predecessor, Mr. Armstrong, held the dual position of clerk and industrial commissioner. When I fell heir to the clerkship, I was not appointed industrial commissioner."

Proposed Space In City Hall Said Inadequate

Space reserved for the Board of Education on the architect's plans for the new City Hall on Thursday night were described as "totally inadequate," by the Board.

A letter is to be forwarded to the city council informing them of the Board's attitude.

Keith S. Wightman, Superintendent of Schools, criticized the size of space allotted the Board, which is located on the second floor, and said that there was no vault space and no provision made for board or committee meetings.

Facilities offered the Board were described as "totally inadequate and totally disproportionate. "As far as I am able to judge," said Mr. Wightman, "the Board would find nothing but inconvenience. Frankly I don't think much of it."

Mr. Wightman said that when renovations were completed at South Central school, there would be sufficient space for the Board to properly function.

A copy of the architect's plans was perused by the members, none of whom was satisfied with the facilities offered to the Board.

Fun Night Plan At Dixon House

Plans were made to expand the committee of the Neighbourhood Council at a meeting of the executive Thursday night at the Dixon House. At present there is an executive of six and an Advisory Board of representatives from the organizations using the House. The committee plan to divide the area designated by the Council, a half mile radius around the Dixon House, into 12 zones. Residents of each zone will elect a representative to make a contact between the homes and the Neighbourhood Council.

A fun night for the children of the area was planned for next Friday night. Profits from the Fun Night held last week will cover the expenses. Movies, a magician, and games will be provided at the Dixon House for the children's amusement. If there are more than can be accommodated, tickets will be given out to those who are turned away. Ticketholders will be allowed in first at the next fun night. A euchre and dance party is also planned for following week.

Extension of the activities of the Council were discussed. Representatives of the Peterborough Camera Club said they would like to have a room in Dixon House for a dark room. If this is granted, the club will give instruction on developing and printing of films. A class in Physical Education for the women of the area will soon be conducted by a teacher, who has taught PT, and is now residing in the area.

Committee discussed the possibilities of having a Branch Library in the Dixon House. They said during the war there had been a library. It was decided to petition the Public Library Board for a branch library similar to that established in the southend of the city.

A Junior Fire Department and a Junior Police Department are being planned. They will be operated if possible, in co-operation with the two main bodies in the city. They will be given instruction on fire prevention and safety rules. The members of the main Departments will be asked to speak on their respective departments.

A series of nights will be allotted for the holding of a ping-pong tournament. The facilities for such a project are in the building. It was hoped that contestants from other parts of the city would enter into a championship tournament with the winner of the Dixon House area.

Two-Inch Snow No Hazard Here Ski Weekend

In comparison with Toronto on which the winter's heaviest snowfall seemed to centre, with a 12-inch snowfall, Peterborough was blanketed lightly. Official weather recorder Jim Harrison reports a depth of two inches fell on Thursday until dark and through the night slackened off to one and one-quarter inches. His barometer has been steady, likewise his thermometer, which until 9 a.m. today stood at a constant 24 degrees.

City truck transport firms report that their drivers found the going heavy between Peterborough, Toronto, Hamilton and Montreal. There were minor delays in running schedules but no accidents. They said that fleets of snowploughs and sanding trucks had been working all night on main highways and that driving, with caution, was very good. Down Cobourg way there was six inches of snow on sideroads and snow was still falling steadily at 9 a.m.

A taxi made the run up from Port Hope at three a.m. without difficulty at maximum speed. District motor coach services were running on time and there were no delays or cancellations. City bus drivers reported that main arteries were cleared and that there were no delays on morning rush-hour trips.

Great numbers of Peterborough skiers, according to some of their more avid members, are looking forward to an ideal week-end for skiing since there is a promise of weather clearing later today and becoming colder. Reports of snow conditions from Fort William to Northumberland Forest on snow conditions showed that there was plenty of snow in the sheltered bush and most slopes were well-covered for a good week-end of sport.

At Cobourg county road office reported roads open. Overnight crews kept roads clear. Six inches of snow were reported in rural parts, and more was coming down at ten this morning.

Fair Skiing Conditions

Skiing conditions are described as only fair in the Peterborough area. Lack of a good base for the three and a half inches of light snow that has fallen makes the skiing dangerous on rocky hills. Conditions at Kemp's Hill will be the best in the district, having the grassy base. Bethany will be open but the skiing conditions are poor.

Skiing in the bush is excellent in some parts where the sun has yet to reach the snow. Here there is a fair base for the new snow. Dagmar and Toronto summit are reported to be in good condition with a good base for the 12 inches of light snow.

Conditions at Barrie, Collingwood, Haliburton and Huntsville are excellent. There was skiing at these places last week-end. With new snow the slopes are at their best.

Apsley Log Victim Funeral Saturday

Charles Henry Edwards, who was killed on Wednesday at Harcourt as result of a logging accident, lived on Lot 38, Concession 12 in Anstruther township. He was 47 years of age and was born in Otonabee township, son of John James Edwards and Norah Orde. He lived all his adult life in Anstruther.

He leaves his wife, the former Ruby Rose Rickles, and two daughters, Mrs. John Scott (Doreen), of Apsley and Miss Betty at home. There is one sister, Mrs. Harold Peters, in Campbellford, and two brothers, Clive, near Lang, Ont., and Neil of Bracebridge.

Mr. Edwards was a member of Trinity United church, Apsley, and was a veteran of the First World War.

Funeral service will be held on Saturday at 2.30 p.m. at Trinity United church, Apsley. Layman G. Cleveland Robb will officiate and burial will be at the United church cemetery of the village.

At West Guilford, a small community north of Haliburton village, dogs have been reported running wild, killing the deer. Similar actions have been believed to be cleaned up around Haliburton earlier this week. Representatives for the Department of Lands and Forests, Ray Simpson and Wallace Scott, were sent to investigate the damage done.

Garage Window Broken, Thief Gets $25

Following tracks in the snow which led to a broken window at Bob Hayes' service station, George St. north, Constable Louis Rodergue discovered a $25 robbery shortly after midnight.

The constable was patrolling his beat when he noticed the tracks, the smashed glass and open window. The $25 had been taken from the till and a number plate had been torn from J. E. Tooley's car which was stored at the garage.

$2,034 Damages In Car Accident

Charles Libman, proprietor of Darling Ladies' Wear Ltd., has been awerded $2,034.94 and costs by the Supreme Court of Ontario as the result of the wrongful removal of his car from the garage of W. J. Hickey, Charlotte St. service depot operator.

The Hon. Mr. Justice Genest heard the case in May 1948.

According to the evidence an employee of Hickey, unknown to him, on Aug. 2, 1947, took Libman's car from the garage where it had been for simonizing and other repairs. The car was finally wrecked in an accident at Clonsilla and Third avenues.

The employee, who took the car, Vincent Dainard, was severely injured. He admitted taking the car without the knowledge of either Hickey or Libman.

Despite this Hickey was deemed responsible under law for Dainard's actions.

Summing up Justice Genest said: "I find for the plaintiff and there will be judgment in his favor in the sum of $2,034.94."

A. S. Pattillo appeared for the plaintiff and T. J. Carley, K.C. for the defendant.

Father Holding Board Liable For Accident

W. J. George McNabb, Ross St., has informed the Board of Education that he holds it liable in the injury of his son at PCVS on February 28. The youth severed two fingertips of his left hand while using a jointer machine.

Among other things, he claims the machine was not properly set up. A bill was also received by the Board from George H. Noyes, Rogers St., for medical care following a knee injury his daughter Margaret received while attending a P.T. class at the Collegiate on October 4. Miss Noyes reported she had fallen and hurt her knee after attempting a high jump over a mat. Both matters were referred to the insurance company.

Basic English and Citizenship classes which were due to cease about the middle of this month will be continued until June 15 at PCVS. It was reported that four full classes and one overflow class, composed of new Canadians, are availing themselves of this tuition.

ALLOW STUDENTS RELEASED

The Board of Education on Thursday night empowered the Principal to decide what students who have conformed to Department of Education regulations may be released for farm work. All Grade 13 students will have to write their June examinations and may not join the farm service until after the examinations are completed.

FORM AUBODON CLUB

Permission has been granted to Lewis Bird, secretary Peterborough Nature Club, to form Junior Audobon Clubs in the Public Schools. The Board of Education passed it on the provision that it be non-compulsory. "If the individual teacher wants to introduce it into the classroom, then I say they should go ahead," said Keith S. Wightman, Superintendent of Schools. "But it's no good having those not interested doing it."

TWO CARS COLLIDE

First street accident reported by city police since Saturday occurred Wednesday when two cars collided, damaging a car driven by M. Starr, 568 Bolivar St. to the extent of approximately $35 and causing approximately $7 damage to a car driven by R. J. Stewart, 180 Clifton St. Mr. Starr, who had been driving along Charlotte St. was crossing the intersection at Water St. and Mr. Stewart was starting to turn into Water St. from Charlotte St. when the cars collided.

FRASER QUESTIONS DISPATCH

Gordon K. Fraser, M.P., questioned a dispatch in the House on Thursday from London which stated John Grierson, former head of the National Film Board would produce a documentary film in Canada for the United Kingdom. Reconstruction Minister Winters replied that Mr. Grierson had made no approach to the Board regarding the production. Mr. Grierson is now Controller of the Films Division in the British central Office of Information.

Refuse Request To Allow Use Of Taxi Meters

A complaint that some taxi cab operators were charging 25 cents and others 50 cents for the same runs and a suggestion that Peterborough had grown sufficiently to warrant introducing taxi meters, were considered by the police Commission Thursday. These were contained in a letter from Hugh Davis, Capitol Taxi Service. Mr. Davis supplied information on prices of meters stating that they would cost approximately $260 each.

Magistrate W. R. Philp K. C. said that the size of Peterborough had not grown since the commission decided a year ago not to introduce meters and it was decided to take no action.

Charles Gray and Frank Thompson, who stated that they wished to go into partnership to operate Independent Taxi Cabs, were granted owners' and drivers' licences; William Kemp was also granted owners' and drivers licences and Noble W. Montgomery and Percy Hawthorne, drivers' licences.

Four applications for owners' licences from drivers who wanted to take over cabs as owners or part owners, were held over because the commission wanted additional information.

It was said that there was 77 driver's licence holders for taxi service and 50 owner licences. The quota set by the commission was 60 cabs.

Sign Not Observed

Judge S. L. Smoke said he had noticed No Turn sign at Charlotte and George Sts. was often not obeyed. He thought a more prominent sign was needed. The Mayor, Maxwell J. Swanston, thought notices concerning pedestrians crossing the streets were placed too high. Judge Smoke said he felt concerned about the state of the signs in the city and would even go so far, if necessary, as to sponsor a request to the council to ask the Board of Work to make improvements.

An application from a detective sergeant for an increase salary to bring it up to $200 more than a first class constable was refused. Magistrate Philp wanted to know whether the commission intended to make agreements with individuals after drawing up an agreement with the men. It was ruled that the agreement for 1949 already made would stand.

Collection For Cards

Miss M. Bowers, acting president, was in the chair for the meeting of St. James' Church WMS this week. Mrs. H. F. Doig was pianist. Christian Stewardship was covered by Mrs. H. K. Sloane who also read a letter from Presbyterial secretary Miss Mabel Dulmage urging that members advance in giving to meet increased need in the mission field. Mrs. Geo. Rowe reported 22 house calls and three hospital visits.

A special collection was taken for Easter cards. A Sunday school program on Missions is to be arranged by Mesdames Rowe, Sloane and Hunter. A mother and daughter banquet will be held in May. Mrs. R. B. English took the program based on "Thy kingdom come." Miss Bowers dealt with home missions. A solo was contributed by Mrs. L. McLaren. Study period was led by Mrs. F. McAdams, who synopsized the chapter on "Citizens in training in China." Readings were given by Mesdames English, McAdams and Miss Bowers.

Council Spring Tea Held As Winter Stages Return

It was called a "spring" tea and that adjective will likely appear in the secretary's minutes, but Local Council of Women held this annual event just several days late for the weather to apply. If there had not been a steady snowfall throughout Thursday afternoon, the YWCA Green Room might have held a colorful array of spring hats, since many of the guests had been inspired by flower-bedecked bonnets at a fashion show this week. One Council member, and she was a tea convener too, decided at the last minute that she couldn't appear in a winter hat. Not having a new straw on hand, she went to work to trim up last year's, did it nicely too.

"People seem to be coming to tea earlier now," one lady remarked, concerning the large crowd that gathered early. While this may be true, they were still arriving long after the closing time announced. Early comers, it is noted, usually go right to the home-baking table. At this tea they were not disappointed, for a nice selection had been arranged by conveners Mrs. R. C. Cottrell and Mrs. H. Dunford. Assisting with the sales were Mrs. Jos. Henderson and Mrs. R. P. Henderson.

Potted plants were offered at a table attended by Mrs. Gordon Rutherford and Mrs. N. Stanger.

In Table Centre

Deep rose candles were tastefully chosen for a color note that contrasted nicely with the light green walls. Those on the tea table were balanced on snouts of seals made of heavy crystal. A reflector centering the lace cloth was edged with a crepe paper fruit combining the two colors.

One of three varieties of spring flowers in the centre bouquet became the topic of conversation over tea cups. While everyone admired the soft yellow petals curved toward a black centre, few were able to name the flowers. They were ranunculi, or more simply, garden buttercups. Purple iris and a centre filled with pale yellow narcissi made up the attractive arrangement.

Serve Guests

Mrs. W. F. Connal and Mrs. E. B. McWilliams convened the tea arrangements. Pourers were Mrs. J. R. Marshall, Mrs. T. J. Carley, Mrs. W. H. Morton and Mrs. Adam Sands

Serving were Mrs. G. A. Adams, Mrs. M. Moncrief, Mrs. H. Cherney, Mrs. I. Moldaver, Mrs. M. Pakenham, Mrs. Rosa Humphreys, Mrs. A. Mason and Miss Lillian Esplen. Plates were replenished by Mrs. O. Williamson and Mrs. A. E. Barrie and tea was made by Mrs. M. Drysdale and Mrs. C. Olaveson.

Mrs. Ivan C. Morgan received with the president Mrs. W. Addyman. Hostesses in the tea room were Mrs. A. A. McIntyre and Mrs. E. Wand. Registration was taken by Mrs. W. C. Steinkrauss and Mrs. W. T. Fanjoy was treasurer

Proceeds of the tea will be used for running expenses of the Local Council of Women

One-Eyed Parisian Models Copied in Spring Hats

By MURIEL NARRAWAY
Canadian Press Staff Writer

LONDON, March 11 (CP)—In London's spring hat shows the "side sweep" is top favorite.

Carried in cloche, turban and other close-fitting styles, it rises from the modest little brim to the "one-eyed" styles now prevalent in Paris. This is a wide, deep, tucked, side brim drop; flowered or feathered, it generally covers one side of the face and hair.

Four Paris "one-eyed" styles were chosen by British hat manufacturers for reproduction here at modest prices. They are:

1. A deep-crowned pale green rough straw with folded front brim tucked back from the forehead and side sweep covered with green silk peonies, reproduced in cheaper straw with rayon flowers, machinestitched instead of hand-made. It will sell for £3 ($12).

2. A Chinese baku straw in cornflower blue, its wide brim swathed with blue organdie and its side-sweep crowned with cornflowers, reproduced in sisal straw with hand-done trimming. Price £4.

3. A navy blue petersham of turban shape with high front brim folding back from the face and side-sweeping in two deep flutes, reproduced in plain felt for £2.

4. A deep, close-fitting crown with folded brim and deep, wide side sweep with narrow-ribbon-loops decorating the attractive forward sweep. Made in white synthetic straw it will reproduce in the same material for four guineas ($16.80) or in a cheaper one for three guineas.

Suit Hats

Cloche styles are popular in smooth baku straws and soft felts with small curling brims and slight side-sweeps. Mostly undecorated, except for brim contrast they are an excellent combination for the slim lines of the new tailored suits.

Silk, linen and petersham are being used for brim covering usually to match a dress or suit.

Rougher straws and felts have big feather mounts, floral or fruit posies. The decorations, if any, are elaborate.

Hats are again being covered with silk or linen to match the ensemble — especially turban shapes—and tartan is used a lot in little hats with feather mounts intended for combination with matching accessories.

The "parachute beret," in white light-weight felt—sunray pleated from centre crown—folds neatly into case or handbag.

Bonnets are back again. A black baku with no brim, its forward sweep accentuated by white lace trimming, its side decorated with two big camellias, is a lovely finish to a black moire suit. A rough straw biscuit-colored bonnet has rough tan veiling —shoulder length behind, scarf length in front—finished with a wide ribbon for accentuation.

Watteau lines are still being used but worn with a side tilt, the rising sweep of the brim accentuated by silk or satin ribbon and finished with a single flower at one side, shepherdess style. The back brim is generally pleated.

The "flower-pot" hat is the latest teen-ager. A "flower-pot" of felt or straw is worn straight on the head, back from the face, and decorated only by wide contrast ribbon.

To Take Easter Offering

Under supervision of the superintendent, Mrs. Keith Fairbairn, Nettie McKenzie Mission Band of Knox Church met in the primary department. Forty-five members were present for regular study period.

President Dorothy Ann Johnston conducted the opening ceremony and business period. Mrs. C. H. Ross was pianist.

Raymond Henwood, temperance secretary, gave a reading, "Take Thou The Side Of God".

Members were reminded of the Easter thankoffering which will go toward Baby Welfare Work, Chengtu, West China and Christian Literature Society, Shanghai.

Maurietta Rosborough conducted worship service on the theme, "God's Love for the Children of China." Dennis McDonald and Paul Ross took part in the call to worship. Carol Douglas read the scripture. Arlene Williams led in prayer. Mrs. D. Richardson told the study book story. Wayne Kempt and Sandra MacCourt took the offering. Christine Dougla distributed Mission magabines.

YPU Meeting

Miss Hazel Wilson led a sing song to open the meeting of George St. Young People this week. The call to worship and prayer was taken by Miss Berniece Davidson, missions convener. Scripture and a poem entitled "Holy Orders" were read by Miss Frieda Meadows. Study topic was "Conditions in China" and was given by Miss Wilson. She concluded with reading of a letter from Floyd Honey, a missionary in China. Next week's meeting will be in charge of Culture group and Miss N. Schell will be guest speaker.

Speaks On Delinquency

Mrs. R. Honey, Weller St., was hostess to Trinity Scout and Cub Mothers' Auxiliary Thursday evening. Magistrate W. R. Philp spoke to the members on juvenile delinquency. He named poverty, housing conditions and broken homes the foremost of many causes. The remedy lies in home training with aid of the school and church, he said. The family court was also explained. A number of questions were answered by the Magistrate after his talk. Two pleasing solos by Bobbie Ritchie was enjoyed. He was accompanied by his mother, Mrs. R. Ritchie. President Mrs. N. Elliott was in the chair for business. Mrs. A. Malby, convener, announced final plans for a rummage sale on April 9, in the Orange Hall. Refreshments were served by the hostess and Mrs. C. Vincent, Mrs. H. Gray and Mrs. L. Sparrow.

✧ ✧ ✧

To Affiliate In LCW

Miss S. Summers, president, presided at the monthly meeting of Knox WA Thursday afternoon in the church parlors. Mrs. Maurice Dunkley as guest speaker dealt with the responsibilities of raising children stressing the need for prayer for the growing child. Mrs. C. Weldon entertained with a pleasing solo. They were thanked by Mrs. J. Lancashire. Mrs. W. Collins took the scripture lesson and prayer was offered by the president. Mrs. J. Londerville and Mrs. Weldon supported a motion to become affiliated with the Local Council of Women. It was decided that the WA would cease catering for weddings but would supply dinner for the father and son banquet. Mrs. Lancashire was appointed to the desk committee after resignation of Mrs. H. Trotter. Mrs. A. Sparks and Mrs. Londerville moved the holding of a rummage sale in April. A donation is to be given the Food for Britain fund. Mrs. C. Kidd reported on the card committee's action during the month and Mrs. Weldon gave a summary for the cent-a-day committee. Light refreshments were served.

Insult Uninvited Guests Who Cannot Take a Hint

DEAR MISS DIX: What is to be done with the new menace, "The Television Vulture," who have descended upon us like the wolf on the fold? Before we got a television set we had a happy and peaceful home. Now we are being crowded out of our own house by uninvited guests who do not feel that seeing a television program calls for any manners.

Dorothy Dix

Not content to come alone, they bring their friends, children and relations. They stop in on their way home from work. They sit around in the living room in dirty and muddy clothes. They eat and drop crumbs all over the place. They turn lamps on and off as they please. And they demand to know if there is any coffee or beer. They break up our chairs and come in such crowds that the family is reduced to sitting on the floor.

Would it be too drastic if the next time the vultures descend on us I turned off my T.V. set and locked the door and called out through the keyhole that I am very sorry, but we aren't turning on the T.V. tonight?

A DESPERATE T.V.-er.

✧ ✧ ✧

ANSWER: Alas, poor, suffering soul, there is no balm in Gilead for you, for there is no way in which you can get rid of deadbeats except by insulting them, and few of us have the courage to do that. In every group there is always a mother who wishes her children off on other people to rear, while she goes gadding; a borrower who is chronically out of sugar and butter when she goes to make a cake, and who knows you won't mind lending her your new hat; a sponger who rides in your car oftener than you do, and who is sure to drop in whenever you are having a special party.

Great Pests of Life

Certainly these grabbers and intruders and holdup artists and unexpected visitors who drop in on you at ungodly times are among the great pests of life, but there is little you can do about it for their hides are those of a rhinoceros. You can only grin and bear it, for vultures are not birds that shoo off easily.

✧ ✧ ✧

DEAR MISS DIX: I am 15 years old and have a problem that is nearly driving me crazy. I have met a man who is 60 years old and very wealthy and he wants to marry me. I am still in school, but long for the beautiful things that he would give me.

My mother thinks that I am still a child at heart and she is much opposed to my marrying this man. What shall I do.

E. T. C.

✧ ✧ ✧

ANSWER: Any girl of 15 who even considers marrying a man of 60 is not going crazy; she already has gone crazy. For nothing but having taken entire leave of her senses could make her do such a foolhardy thing as swapping off her youth and the thrill and excitement of having boy friends and being in love, for a few dresses and gimcracks.

Believe me, child, there isn't anything they make in Paris or that you can buy in a jewelry store that will pay a 15-year-old girl for having to live with an old man who would bore her to death, because they would not have a single thing in common.

✧ ✧ ✧

DEAR DOROTHY DIX: Do you think that the mother of a family should have as much personal spending money as the father has?

X. Y. Z.

✧ ✧ ✧

ANSWER: Depends upon whether the family money is folding money or chicken feed. Certainly any woman who works about 18 hours a day cooking and washing and baby-tending, and who practically performs miracles with the house money, deserves to have a liberal personal allowance.

But the question of whether a wife should have as much spending money as the husband does is practically an academic one, for there is very little of it that sticks to Papa's pocket after the bills have been paid. True, Father totes the pocketbook, but Mother has a new hat oftener that the old man does.

Screen Kisses Routine For Movie Wife

By GENE HANDSAKER

HOLLYWOOD, March 11 (AP) —Ever wonder what a movie wife thinks when she sees her handsome husband passionately kissing other women on the screen?

Brenda Marshall used to blow her top or, as she says, flip my lid. It tormented me. Her husband is William Holden.

Driving home from the preview of one of his pictures, he asked, "Well, how did you like it?" Brenda snapped bitterly, "How you kissed that Claire Trevor!"

Bill was silent and angry for several miles. Finally, he exploded, "Is that all you can say about the picture?" There followed, Bill says, "one of our worst fights."

The problem was "a big fighting point," Brenda adds. "I'd lose all sight of whether a picture was good." One day she visited his set and planted herself where he'd see her when he went into a clinch.

"Anything to throw him," Brenda admits. Bill led her aside and said, "Get off the set. You've upsetting my leading lady."

This was several years ago. Brenda has become reconciled—even proud. "After all, which could be more intriguing that to be married to a big romantic star?"

Fans Phone

It didn't annoy her a bit when three New York telephone operators, on their afternoon off, recently made a party-line call to Bill at a restaurant here. Just to talk with their movie hero. "As long as it's the females who are being aggressive," Brenda smiles. "Now, if it were the other way around. . .!"

It did annoy her that Bill never complained about her own movie love-making—with Errol Flynn and others. ("She didn't do so bad," Bill remarks.) Except for the forthcoming "Whispering Smith," Brenda has sidetracked her career to bring up their children. He calls her by her real name, Ardis.

The Holdens live in the big-homes-and-lots-of-lawns suburb of Toluca Lake, in the San Fernando Valley. Around 7 p.m. their three youngsters—11 to 2½ years—are in nighties and bathrobes on a living-room davenport, absorbed by blackface comedy on television.

No actor is a star to his own kids. Youths who come to the door for Bill's autograph are, to 11-year-old Virginia, "silly." Fan magazine photos of the Holdens are noted by the children without comment. After attending "The Man From Colorado," five-year-old West (short for Peter Westfield) said merely that he had seen "a western picture." Bill prodded" "Did you see Daddy in it? Disinterestedly: "Yeah, I saw you."

West reported sadly the other day, "Rickey (a playmate) says you're nothing but an actor." Bill retorted, "Tell him his father is nothing but the vice-president of an oil company!"

Home and School Association News

GROVE SCHOOL

Mrs. S. F. Sanders, president, welcomed guests and conducted business of Grove Home and School Assocociation at the meeting this week. She introduced Miss Margaret Green, the guest speaker.

The address opened with remarks on her work as home instruction teacher. She then told of types of children in the average classroom and of training the preschool child. In the latter connection she suggested two kinds of play—solitary that teaches independence and concentration, and social which teaches ability to get along with others.

Miss Green entreated mothers to answer questions of pre-school child no matter how irksome. She pointed out five steps in training a child to have a sense of responsibility in completing the tasks assigned him. "Mothers should train them to make decisions and abide by them. The best way is by example" she said She also urged them to teach a pleasing impression of school.

Messrs. Herb Mullen and George Rutherford entertained with comedy impersonations on the guitar and violin.

The next executive meeting was announced for March 23 at the school. Date of a social evening previously arranged was changed to March 18 in place of 15.

To add interest in the scrap iron drive being undertaken by the pupils, it was decided to donate a prize to the winning room, in the form of a picture. Mr. J. Barnard is to be in charge of choosing and purchasing.

A fashion show and picture contest were announced as features of April meeting by Mrs. Hargrave.

Mrs. J. Colt is in charge of collecting and assembling blocks for a name quilt.

A most amusing and successful auction of food parcels and miscellaneous items was conducted with Mrs. R. Clements as auctioneer.

Refreshments were served by Mrs. Nels Foster, Mrs. L. K. Mowry and Mrs. C. Jopling.

✧ ✧ ✧

ST. JOHN'S SCHOOL

Mrs. J. Doleman, president, opened the regular meeting of St. John's Home and School Association. She welcomed Miss Hazel Guerin and Mrs. Ray Bacon, visitors from Immaculate Conception Association, also Mr. and Mrs. F. Kirkcaldy of Sacred Heart.

The Rev. F. Sullivan took the chair for a panel discussion. He spoke on the true meaning and purpose of education for children. First, to be healthy, physically and mentally, that they may develop knowledge to live harmonlously with society. To be able to work and play; to have trust and understanding; and above all to be tolerant and understanding of customs of others. That they may be ready for the responsibilities of their approaching adulthood, these necessary requirements are developed from four main sources: the home, which should be neat and clean; playmates, community teachers, and school teachers.

Miss Hazel Guerin dealt with co-operation between teachers and home. "They should be working together to build a citizen who, in turn, can build a home and form part of a community, thus part of a nation. One who has dignity, religious and moral training that springs from parents' example, in support of teachers' views and those of executive and religious authorities."

Mrs. R. Waldie spoke on "What should a child get from school in preparation for life?" She said, "Besides the three R's he should learn true values, team play, and be able to face the complex world ahead."

Mr. F. O'Connor, representing the School Board, stressed need for parents to educate themselves in order to help their children. This may be done by study groups and use of the Home and School manual. "It is most important to be sure you are working right along with the school," he said.

Well-known Irish songs was the excellent entertainment given by pupils. "Galway Bay," by Rosemary Jones; "Mickey," by Joan Lefley; "Irish Lullaby," by Shirley and Don Walker; "Irish Eyes," by Evelyn Hazniak; "Rose of Tra-Lee," Ann Lavoie: "Dear Old Donegal," by Pat Masterson, Kenny Corbett and Gary Johnston.

Social Situations

SITUATION: A friend who has a car offers to stop by for you and drive you to a meeting of an organization to which you both belong.

WRONG WAY: Wait until the friend arrives to put on your coat and hat and see to last-minute chores such as shutting windows, etc.

RIGHT WAY: Be ready, with hat on, waiting for the friend when she drives up in front of the house.

Spinach Salad Excellent As St. Patrick's Day Dish

By KAY REX
Canadian Press Staff Writer

OTTAWA, March 11 —(CP)— Sure and it wouldn't be fair to meet St. Patrick's day without a special recipe in hand.

Home economists have concocted just the thing—a spinach salad with the flavor of spring and the color of Old Erin.

Saint Patrick's Salad—Ingredients: two tablespoons gelatin; one-quarter cup cold water; 1¾ cups boiling water; one teaspoon salt; one-eighth teaspoon pepper; three tablespoons vinegar; two teaspoons grated onion; one tablespoon sugar; one-half teaspoon spicy meat sauce; 1¾ cups pureed cooked spinach; one hard-boiled egg.

Soak gelatin in cold water for five minutes. Add boiling water and stir until dissolved. Add salt, pepper, vinegar, onion, sugar and sauce. Cool until partially set. Fold in pureed spinach. In the bottom of each of eight individual moulds place a slice of the egg and pour in spinach mixture. Chill until firm. Unmould to serve. Yield: Eight servings.

Here is a new "stew" recipe, while not strictly of the "Irish" variety, nevertheless it is guaranteed to go over well for dinner on shamrock day.

Ingredients: two pounds veal steak; two cups tomatoes; one package spaghetti; one-quarter pound butter.

Grind meat and roll into small balls, dip in flour and then brown in butter before pouring a little boiling water over all. Simmer until boiled 20 minutes and drained. Add the butter. Allow the mixture to simmer until thick. Season with salt, pepper and paprika.

'Twould be a roarin' shame to allow an Irishman—or any man for that matter—to eat his meal without potatoes.

Home economist of the Dominion department of agriculture have come up with a new method of preparing this lowly tuber which has led too long a life in the boiled or mashed form.

This time it is Creole Fried Potatoes.

Ingredients: five medium potatoes; two medium onions; two tablespoons bacon fat; three tablespoons catsup; one-half teaspoon salt; one-eighth teaspoon pepper.

Peel potatoes and onion and slice thinly. Melt fat in a heavy pan; add potatoes and onion, cover and cook until tender (about 40 minutes). Stir well and continue cooking, uncovered, for 10 minutes. Yield: six servings.

SIGNIFICANT STYLE TRENDS—Noted in collection of original creations by leading couturiers of Paris and London are above. Left to right:—Balenciaga's very sheer black wool crepe dress with rounded neckline and detachable scarf; Hardy Amies' suit in black and grey hound's tooth with back interest stressing continuity of motif into the skirt; Jacques Fath's much talked about navy blue wool with new forward movement in the shoulders, high collar faced with white pique and full skirt accented by two pockets; Hardy Amies' navy blue taffeta with embroidered dots featuring hip drapery ending in large bow in the back and skirt forming slight train.

Shamrock Salad Pays Honor To St. Patrick on March 17

BY GAYNOR MADDOX

Green—vivid and living—that's the color for St. Patrick's Day. It's the color of spring thoughts, too.

The shamrock plays a part in that day, also. So how about a shamrock molded salad made with lime gelatin and grapefruit sections. Of course, there can be watercress and cream cheese sandwiches to carry along the theme.

Shamrock Salad

One package lime-flavored gelatin, 1 cup hot water, ⅛ teaspoon salt, 1½ cups grapefruit sections, canned or fresh, cut in pieces, 1 cup grapefruit juice and water, combined.

Dissolve gelatin in hot water. Sprinkle salt over grapefruit; drain thoroughly, if necessary, add enough water to grapefruit juice to make 1 cup, and add to gelatin. Chill until slightly thickened. Then add grapefruit. Turn into a large shamrock mold. Chill until firm. Unmold, and with pastry tube outline shamrock with cream cheese. Serve with lettuce and mayonnaise and, if desired, shamrock sandwiches made of softened cream cheese and chopped watercress.

Irish Medley
(Makes 10-12 servings)

One package orange-flavored gelatin, 2 cups hot water, ½ cup canned crushed pineapple, drained, 1 cup cake crumbs, dash salt, 1 cup cream, whipped, 1 package lime-flavored gelatin, 1 3-4 cups hot water, 1 drop oil of peppermint.

Dissolve orange-flavored gelatin in 2 cups hot water. Chill until slightly thickened. Then fold pineapple into 1 cup of the gelatin and turn into an 8x8x2-inch pan. Chill until firm. Fold cake crumbs, salt and remaining gelatin into cream. Pour over gelatin mixture. Dissolve lime-flavored gelatin in 1 3-4 cups hot water. Add oil of peppermint. Chill until slightly thickened. Place in bowl of ice and water and whip with rotary egg beater until fluffy and thick like whipped cream. Pour over cream mixture in pan. Chill until firm. Cut in squares. Note: If desired, mold in a large (2-quart) shamrocok mold.

6—In Memoriams

ANDERSON—In loving memory of Pte. Don Anderson, killed in Italy, March 11, 1944.
Deep in my heart is a picture,
Worth more than silver or gold,
It's a picture of my dear Don,
Whose memory will never grow old.
—Lovingly remembered by his mother

BLOOM—In loving memory of Private Tom Bloom, killed in Italy five years ago today.
There is a link death cannot sever,
Love and remembrance last forever.
—Remembered by Beatrice, Benny and girls.

BUCHANAN—In loving memory of dear wife and mother Mrs. Robert C. Buchanan, who passed away March 12, 1937.
Time takes away the edge of grief,
But memory turns back every leaf.
—Every remembered by her husband and daughters.

BLOOM.—In loving memory of Thomas Bloom, who was killed in action, March 11, 1944.
He died as brave men have a chance to die.
Fighting to save a world's morality,
He died the noblest death that man might die.
Fighting for God, and right and liberty.
—Always remembered by Myrtle, Bill and Terrance.

BLOOM, Thomas—
Somewhere in Italy, in a soldier's grave
Lies our dear son among the brave
He never shunned his country's call
But gladly gave his life, his all
He died the helpless to defend
A faithful soldier's noble end.
—Lovingly remembered by mother, dad, brother and sisters.

MOONEY—In loving memory of a dear father, William Mooney, who passed away, March 10, 1947.
When evening shades are falling
And we sit in quiet alone,
To our hearts there comes a longing
If he only could come home.
Friends may think we have forgotten,
When at times they see us smile,
But they little know the heartache,
Our smiles hide all the while.
—Ever remembered by son Percy and daughter-in-law Muriel.

HUGGINS—In loving memory of dear mother and father, Thompson Huggins, who passed away March 12, 1944. Mary Huggins, who passed away July 4, 1923.
If we had all the world to give,
We'd give it all and more,
To hear their voice, to see their smile,
And greet them at our door.
But all we can do dear parents.
Is go and tend your graves,
And leave behind the tokens of love
To the best parents God ever made.
—Ever remembered by the family.

Debate Pampering

Youth of today are pampered was the decision of the judges when the subject was debated by the Y's Men's Club Thursday night. The speakers for the motion: "Resolved, that youth of today are pampered," were Ray Brown and Wilfred Pinn. The resolution was opposed by Joseph Barnard and Donald Harwood. Gordon Morrison was in the chair. Replacing president William Moorhead, Cecil Osborne thanked the men who took part in the debate. Judges for the debate were Quirt McKinney, Donald Crawford and Burritt Smitheram.

Jack Wilson reported the preparations for the 22nd anniversary of the Club, which will be observed Thursday, March 17th.

Two French PC's Want Separate School Solution

OTTAWA, March 11—(CP)—The two French-speaking Progressive Conservative members in the Commons said Thursday night they have agreed to assist an "important group of Franco-Ontarians" in efforts to obtain a solution of some Ontario separate-school problems.

Georges Heon, member for the Quebec constituency of Argenteuil, and Renaud Chapdelaine, member for Quebec's Nicolet-Yamaska riding, said in a prepared statement the group called on them last week to enlist their support in obtaining a solution to some isolated rural and separate-school problems.

Mr. Heon sat as an Independent Conservative until last week when he attended a Progressive Conservative party caucus and agreed to become a full-fledged member of the party. Mr. Chapdelaine was elected in a recent by-election.

Want Matter Settled

The statement said:

Because Mr. Chapdelaine and I are Roman Catholic, French-speaking Conservatives, and because by the people's will, a good Conservative Government is installed in Toronto, it was quite natural for an important group of Franco-Ontarians, highly interested and concerned with the Ontario Separate-school issue, and with some isolated rural and urban school problems to solve, to come to us and enlist our support in their suggestions. This we have and will always agree to do.

"In answer to a question put by a member of the delegation as to how far our support would go, we have stated, and are willing to state again, that we could not and would not support a political party that would not treat our Franco-Ontarian brethren with fairness and justice."

Air Cadet Campaign

SEIGNIORY CLUB, Que., Mar. 11—(CP)—A campaign for public support of Canada's Air Cadets will be launched during observance of National Air Cadet week, April 6-13. This was announced Thursday night as the two-day annual meeting of the Air Cadet League of Canada drew to a close. The League also announced that another 27 scholarships have been raised by Provincial committees of the League to send Air Cadets to Royal Roads, and Royal Military College, Canada's two service colleges.

Winter Snaps Back

CHICAGO, March 11—(AP)—Fading winter snapped back with revived strength Thursday, dumping heavy snow along a narrow, 1,000-mile-long belt from Missouri to New York. The storm piled drifts across highways in Missouri, Illinois, Indiana and Ohio. The snow spread eastward toward the New England coast.

JUST LIKE THEIR GREAT SEA-FARING and exploring ancestors, 75 Danes, 25 of them children, have just left Denmark to settle in Canada. They are all farmers headed for Quebec, Ontario, Alberta and British Columbia. Here are shown friends and relatives crowding the platform at Copenhagen's central railway station as they exchange last farewells. Definitely thrilled and wide-eyed at the thought of their new adventure are, from left to right, inset, ANNIE and ULLA CHRISTENSEN, who, with their parents, will settle in Saskatchewan.

Axis Sally Guilty Of Being Traitor

WASHINGTON, March 11—(AP) — A federal jury today found a verdict of guilty against American-born Mildred E. "Axis Sally" Gillars, branding her a traitor for broadcasting Nazi propaganda during the Second World War.

The jury deliberated 17 hours and 20 minutes, with time out overnight for sleep, in reaching its verdict.

The white-haired defendant took the verdict with outward calm. Her face paled and her eyes blinked to fight back the tears, but she stood rigid and made no sound.

Later, pacing a small ante-room and taking fierce puffs on a cigaret, Miss Gillars told a reporter angrily:

"I wish those who judged me would be willing to risk their lives for America as I did."

This was an apparent reference to her contention, throughout the trial, that she always loved the United States and that she actually helped the United States war effort by her radio broadcasts to the families of captured American soldiers.

The prosecution contended that she got a sadistic joy out of the broadcasts, notably those in which she described in harrowing detail the agonies of wounded American soldiers before they died.

Defence attorney James J. Laughlin immediately announced he would seek a new trial on the ground that Federal Judge Edward M. Curran gave inflammatory instructions to the jury.

Civil Liberties' Group

TORONTO, March 11—(CP)—A group of Toronto citizens said Thursday a meeting will be held here tonight to discuss formation of an organization to defend and promote civil liberties in Canada. Speakers for the meeting include: Toronto lawyers John Sedgwick and John J. Robinette; E. B. Jolliffe, Ontario CCF leader and David Croll, Liberal member of parliament for Toronto-Spadina. Organizing committee members include: B. K. Sandwell, editor of Saturday Night F. Andrew Brewin, chairman of the Ontario CCF Association; and C. H. Millard, Canadian director of the United Steelworkers Union (CIO).

Protests Attack

LAKE SUCCESS, N. Y., March 11—(CP)—The United States Thursday walked out of a United Nations Council chamber protesting Poland's verbal attack on Lt.-Gen. John Hodge, former military commander in Southern Korea. The United States representative, E. Leroy Stinebower, stalked out of the economic and social council when Poland's Dr. Julius Katzsuchy referred to Hodge as a "gauleiter"—a title given German occupation governors under Hitler.

Expect Debate On Atlantic Pact

OTTAWA, March 11—(CP)—Debate on Canada's participation in a North Atlantic Security Alliance may be precipitated in the Commons as soon as the throne-speech debate ends.

This was indicated Thursday as the Government took under consideration the draft of the Security Pact written in Washington after nine months' discussion.

There was an unofficial indication that opportunity for debating the draft might be made in a government resolution approving dispatch of a delegation to finally approve and sign the historic document.

Text of the draft, completed at a conference of the State Department in Washington and the Ambassadors of Canada, the United Kingdom, France, Netherlands, Belgium and Luxembourg, was placed before Cabinet Council Thursday.

So far as could be learned the Government here has no significant changes to propose in the draft and will advocate making it available to the public at the earliest opportunity.

Police Hunt 3 Gunmen, $25,800 Loot

Thugs Rob Bank As Employees Count Day's Receipts

MONTREAL, March 12 (CP)—Three gunmen were the object of a city-wide search here today following the $25,800 holdup of an east-end tobacco wholesaler's office Friday night and a shooting in which one thug was killed.

The fourth member of the gang, which broke into the establishment of A. Dubord Company at 8.05 p.m., was identified at the city morgue early today as 28-year-old Ovila Larose.

Police said the dead gunman, killed after failing to halt after a police constable's warning, had apparently used acid on his fingers in an attempt to erase fingerprints.

Larose was believed to be a sailor. Tatoo marks bearing the word "Halifax" were found on his arm.

The four gunmen broke into the office just as company president Walter Reiche and two employees were counting the day's receipts.

Wearing masks and armed with small calibre automatics, two of the four men took up stations outside the office while the other two ordered Reiche and his employees to raise their hands over their heads. They were forced into a small cupboard which was locked.

Then the gunmen rifled the open safe and escaped by a back stairway.

Reiche and Elphage Gauvreau, assistant accountant, broke out from the cupboard, took guns from a drawer and pursued the bandits into the street, firing a dozen shots at them.

Police were notified and soon after two radio police cars were on the scene.

Following tracks in the snow, Constables Napoleon Lavellee and Raoul Brossard cornered one of the suspects in the rear yard of a house located on Jeanne d'Arc Street, a few hundred feet away. Lavallee said he fired one shot in the air, warning the suspect to surrender. When the man refused, Lavallee climbed on to a garage roof and saw the bandit trying to escape over a fence. He fired another shot and the bandit fell on his face.

THE FATE OF A WANDERER is the city pound for this good-natured collie who was picked up on a city street by the Peterborough Humane Society patrolman. On Friday there were six dogs in the pound, none of which will be disposed of, if Inspector Gerald Dunford can possibly find a good home for them. Some owners claim their dogs in short order but genial tramp dogs have to wait for some kind person to take them in.—(Examiner Staff Photo).

Relieve Clergy Of Red Tape

TORONTO, March 12—(CP)—Clergymen are relieved of some red tape by a bill given second reading Friday in the Ontario Legislature.

Henceforth the bride and groom will fill out a form providing the government with their vital statistics. All the minister has to do is sign it. Previously he had to fill it out himself.

Another bill introduced by Municipal Affairs Minister Dunbar provides that a nurse or some other qualified person—not necessarily a doctor — may certify deaths from natural causes. The bill was designed to avoid the necessity of doctors travelling great distances to view the body.

An amendment to the Companies Act provides that every corporation coming under the section of the Companies Act dealing with co-operatives must include the word "co-operative" in its corporate name. It also provides that co-operatives shall have only one type of share with a par value of $5 or a multiple of $5 and not exceeding $100.

Trawler Breaks Down Radios For Help

HALIFAX, March 12 —(CP)—The trawler St. Nicholas reported today she had "completely broken down" about 20 or 40 miles off the Nova Scotia coast and required "immediate assistance."

R.C.A.F. search and rescue said a tug would go to her assistance. The trawler was believed in no immediate danger.

Lloyd's register of shipping does not list the St. Nicholas. The trawler reported she was off the coast about 80 miles east of Halifax.

5% Tax Continues On Boxing Frost Declares

TORONTO, March 12 (CP)—A five-per-cent tax will continue on professional boxing and wrestling gates to allow the Ontario Athletic Commission to control them, Provincial Treasurer Frost told the Ontario Legislature Friday.

Mr. Frost described professional wrestling matches as a "racket" and said some amateur athletic organizations had made "suggestions and complaints" about professional boxing.

The legislature, taking time out from the budget debate, gave second reading to a number of government bills, including one to abolish the two-per-cent tax on all professional athletic contests except wrestling and boxing. The bill also provides that the athletic commission be transferred from the treasury to the education department.

Mr. Frost said it was becoming increasingly difficult to distinguish amateur from professional sports and the tax was difficult to apply. Professional sports were already assessed a 20-per-cent amusement tax.

Steele Chairman

Mr. Frost indicated that Fred Steele, secretary of the commission would likely become chairman to succeed Syl Apps, former Toronto Maple Leafs hockey player who resigned recently.

Liberal Leader Farquhar Oliver said there was a danger that in putting the commission under the education department amateur sports not connected with schools would be neglected.

Canada's Foreign Trade Threatened By U.K. Policy

OTTAWA, March 12—(CP). — A warning that Canada's foreign trade is endangered by the tendency of the United Kingdom and other dollar-short European countries to trade among themselves is contained in the 1948 report of the Foreign - Exchange Control Board.

The report is signed by Graham Ford Towers, governor of the Bank of Canada and chairman of the board set up in the first week of the war in 1939 to conserve foreign exchange. It foresees the possibility of lost European markets, especially in countries Canada has helped with loans and grants of credit.

The immediate picture presented was encouraging in that it recorded the sharp increase of United States dollar holdings at the end of 1948 as compared with the previous year, and a record peace-time favorable-trade balance with all countries.

Where United States dollar and gold holdings had shrunk by $743,000,000 in 1947 and forced the curtailments of imports and other "austerity" measures, 1948 saw an increase of $496,000,000.

This left the total gold and U.S. dollar holdings at $997,800,000 well within the ratio considered healthy in terms of government economy.

Aids Dollar Supply

Increased exports to the United States, decreased imports from the United States, increased U. S. tourist expenditures in Canada, and a $150,000,000 loan from the United States, accounted for the improved dollar situation.

Canada's favorable balance of trade with all countries was $472,000,000, a peace-time record, although exports to the United Kingdom and other western European countries had shrunk while imports from those countries had increased more than 35 per cent over the previous year.

To retain markets in the countries concerned, it might be necessary to make further credit grants. Or, in making special deals involving Canada, it might be necessary to take increased exports even at a higher price than they could be obtained elsewhere.

Lewis Orders 2-Week Closing

WASHINGTON, March 12 — (AP)—A two-week coal shutdown will start in the eastern United States Monday as John L. Lewis' latest protest against President Truman's selection of James Boyd as director of the Bureau of Mines.

Lewis' announcement Friday stirred swift demands in Congress to keep a big club against major strikes in the impending American labor law. But it caused little concern over the loss of fuel.

An abnormal 45-day supply is on hand: About 70,000,000 tons of bituminous coal. A 30-day backlog is considered normal.

Technically, Lewis described the walkout of about 400,000 members of the United Mine Workers as a "memorial" shutdown, or mourning period, permitted under his contract with coal operators.

American miners west of the Mississippi, in areas where the winter has been unusually severe, were not called out.

Those who leave the pits Monday, the mine chief said, will be mourning the 1,015 miners killed and more than 50,000 injured last year.

Pope Celebrates 10th Year As Roman Catholic Head

VATICAN CITY, March 12—(AP)—Pope Pius XII today celebrated the 10th anniversary of his coronation as spiritual ruler over the world's Roman Catholics.

Members of the diplomatic corps in full ceremonial dress gathered with members of the Pope's court and others for a solemn pontifical mass in Rome's famous Sistine Chapel.

The Pope notified his representatives abroad last week that because of 'sorrowful conditions" facing the church in some countries, he did not desire the usual coronation anniversary receptions this year.

The special mass today, with the Pope clad in white and wearing his triregnum (triple crown) continues a series of observances begun 10 days ago.

On March 2 the Pope celebrated the anniversary of his election to the throne of St. Peter in 1939 and also his 73rd birthday. On April 2nd he will mark his 50th anniversary as a priest.

The Vatican City newspaper Friday published an editorial stating that the beginning of the 11th year of the Pope's reign finds the church "like an army ready for battle."

The second decade of the Pope's leadership starts on a note of discord with Communist governments behind the Iron Curtain.

Before the ceremonies, the Pope was carried reverently to the Sistine Chapel in his sedia gestotoria, or ruler's chair.

Throngs of faithful along the route cheered him, shouting "Viva il Papa! Viva il Papa!"

The Pope imparted benediction to all present at the end of the mass, along with a 30-year indulgence.

General Ho Becomes Premier Of China

NANKING, March 12 (AP). — Gen. Ho Ying-Chin, former Defence Minister, became Premier of Nationalist China to-day. The peace talks with the Communists await formation of his Cabinet.

Acting President Li Tsung-Jen's choice to succeed Dr. Sun Fo was approved by the Legislative Yuan at a special session. The vote was 209 to 30. Sun Fo resigned Tuesday.

A compromise choice for Premier, Ho is expected to strengthen the position of the Central Government in what is left of Nationalist China. This in turn will bolster Li's hand in peace negotiations with the Communists.

Nine Doctors Say Condition Satisfactory

Will Remain In Bed For One Week; Operation Takes Hour

LONDON, March 12 (Reuters) —The King today successfully underwent an operation to improve the circulation in his right leg, a Buckingham Palace statement said.

The following bulletin was issued at 6.15 a.m. EST: "The operation of lumbar sympathectomy was performed on the King at 10 a.m. His Majesty's condition is entirely satisfactory."

The doctors had said earlier that the operation was not a dangerous one. It is known as a lumbar sympathectomy, cutting a small nerve-centre near the spine to allow blood to flow more freely through the leg arteries.

The King has suffered since last fall from impaired circulation in the arteries of both legs. The blood flow in the left leg has improved satisfactorily, the doctors said. They described his general health condition otherwise to be "excellent."

The palace room in which Prince Charles, the King's first grandson, was born was converted into an operating room for the operation.

The King spent last evening quietly in the palace with Queen Elizabeth. Prince Elizabeth and her husband, Prince Philip, remained at the palace instead of making their usual week-end trip to the country.

The operation was performed by Professor J. R. Learmonth, an Edinburgh surgeon. He was assisted by Professor James Paterson Ross of the University of London.

After the operation, Professor Learmonth personally told the Queen that her husband's condition was satisfactory.

The operation took less than an hour to complete and by noon the King had recovered from the anaesthetic.

Most of the nine doctors who took part in the operation had left the palace by noon. Professor Learmonth remained.

The King will probably stay in bed for about a week. The doctors were understood to be well pleased with his condition.

Storm Paralyzes All Maritimes

HALIFAX, March 12—(CP).—Gale-whipped rain lashed Nova Scotia today as Maritimers struggle to repair battered communications and power lines knocked out in Friday's ice storm.

Northeast gales up to 50 miles an hour are buffeting the southern half of the St. Lawrence area.

Poor weather, continuous for the last week, is expected to continue during the week-end.

Gale warnings are displayed in all coastal areas.

Communications were paralyzed Friday as ice-coated telegraph and telephone lines toppled. Halifax was cut off from the outside world for hours.

Line crews, battling in the face of wind-driven drizzle, continued to patch communication lines. In the Wentworth Valley in northern Nova Scotia, ice on telephone wires between Amherst and Truro was two inches thick. In one section, 50 poles toppled under the load and falling trees felled other wires.

Soviet Plans Inquiry

ANKARA, March 12—(AP). — Russia seems to be making guarded, but anxious, inquiries into possible formation of a Mediterranean defence alliance which would be linked to the projected North Atlantic Pact.

There were strong indications that Russian Ambassador Alexander Lavrishev has discussed the proposed Mediterranean agreement in recent conversations here with envoys of other powers.

Diplomatic sources said he talked in the last three weeks with Ambassadors of France, Italy, Great Britain, Greece and, perhaps, the United States. American sources wi hheld comment.

FRENCH WAR HERO — General Henri Honore Giraud, 70, died from food poisoning, Friday night. He had served in two wars.

Food Poisoning Kills War Hero General Giraud

PARIS, March 12—(CP)—Gen. Henri Honore Giraud, 70, French hero of two world wars, died Friday night at a military hospital in Dijon. He had been stricken by food poisoning.

Earlier Friday the general, who had been retired since the end of the Second World War, received the last rites of the Roman Catholic Church.

His death was announced at a night session of the National Assembly, the Lower House of the French parliament, by Socialist Deputy Andre le Troquervice, assembly president.

During the two wars, Giraud escaped six times from German prisons. He received the Medaille Militaire Thursday. This is France's highest decoration and is generally given only to men from the ranks. It is an unusual distinction for an officer to receive it.

Since his retirement, Giraud had been living quietly with his wife and two daughters in Metz. He entered the Dijon Hospital suffering from food poisoning this week. His condition was reported much worse Friday morning and he received extreme unction.

Giraud commanded the French forces in North Africa in the 1942-43 Allied invasion and campaign. He resigned in April, 1944, after a quarrel with Gen. Charles de Gaulle, commander of the fighting French forces in exile.

Dramatic Escape

At the outbreak of the Second World War in 1939 Giraud commanded the French Maginot Line defences. In the Battle of France in 1940 he commanded groups of armies in Northern France. He was cited for holding back the Germans until his forces were crushed and he was captured on May 21, 1940.

Taken as a prisoner to Germany, Giraud finally was placed in Koenigstein Fortress, in Saxony, from which he escaped in April, 1942. This escape was one of the most dramatic incidents in his adventurous life.

Reports were that Giraud spent eight months painstakingly weaving together a 65-foot rope from small strands of thread sent to him in letters by his wife. The night he slipped down the wall at Koenigstein, he encountered a German sentry. In perfect German, Giraud remarked, "Pretty

Rum-Runners Thumb Noses At Boatless Police Force

ALERT BAY, B.C., March 12—(CP)—A sleepy Indian village by day, this centre on the northern east coast of Vancouver Island turns into a king-sized headache for a boatless four-man provincial police department.

Rum-running on a small scale has cropped up with sleek power boats virtually thumbing their noses at a police detachment which must depend on a slower four-cylinder launch operated by the provincial game department.

Cpl. A. J. Dillabough today said there's an off season right now with only two boats in operation. But last summer there were more.

The one boat which police can use isn't much good because it hardly ever is available and it isn't fast enough.

First news of the police plight came this week in the legislature when H. J. Welch, coalition member for Comox pleaded for a police launch at the centre 175 miles north of Vancouver.

Police said week-ends are especially bad with as many as 1,000 loggers coming to town for beer they can't get anywhere else. In addition, about 2,000 Indians from five reserves nearby add to the confusion although they aren't supposed to buy the stuff.

To get liquor legally residents buy it through government mail order service but that ups the cost $1.40. Most of the bootleg booze is believed brought from Campbell River, B.C. 80 miles south, where the nearest liquor store is.

A taxi driver was blunt.

"In this country, bootlegging is a legitimate racket," he said. "The government won't give us a liquor store. They have made it that way."

Labor Unions Wield Power In City Of Windsor Not Church Or Business

Sociologist Completes Two-Year Survey Finds UAW Strongest; All Social Problems Taken To Unions

TORONTO, March 12—(CP). — A sociologist reports that Windsor, Ont., is undergoing a social upheaval in which labor unions—not the church or big business—wield chief influence in the civic affairs of the bustling Border City. Prof. C. W. M. Hart, noted Canadian sociologist, after a two-year study of Windsor conditions, reported in the current issue of the Canadian Journal of Economics and Political Science that trade unions now are the most potent authority there.

The professor said that the impact of the unions has led to a split in Windsor's 100,000 citizens —violently for or against labor. Windsor has 20,000 unionists, and 18,000 of them are members of the United Auto Workers' Union (CIO).

Now Professor of Sociology at the University of Wisconsin, Prof. Hart conducted his Windsor investigation under auspices of the University of Toronto's Institute of Industrial Relations.

He found that the labor union, in this case the UAW, had so thoroughly organized the city that in order to keep from standing still, the union has had to spread to other fields.

Headaches Go

The Professor said his findings might equally apply to such highly industrialized Ontario cities as Oshawa, Brantford, St. Catharines. He found that the people in Windsor now take their troubles and headaches to the union instead of to the local clergyman and other services."

Labor under its collective title of a trade union "now is a social institution like the church or the state or the family," he said, and in Windsor had had taken the lead.

He found that three out of every five Windsor residents are either union members, or their parents or children are union members.

More than 40 per cent of Windsor's population are Roman Catholics.

Second Strange Death On Jinxed Vessel

SOUTHAMPTON, Eng., March 12 (CP)—The S.S. Durban Castle, the "porthole murder" ship, was to be boarded by police on arrival here today for investigation of the shooting death at sea of a honeymooning husband.

Stephen Harper, 24-year-old son of chairman Percy Harper of the Cyrstal Palace Football Club, was found shot to death in his locked cabin 10 days ago. He was returning with his bride after a South African honeymoon.

The Durban Castle is the vessel from which the body of actress Gay Gibson was jettisoned through a porthole after her death under mysterious circumstances last year.

Another son, Eric, also aboard the Durban Castle, sent a radiogram saying Stephen was "accidentally shot" while in his locked cabin.

2 DP Children Here 2 Weeks Perish In Blaze

PEFFERLAW, Ont., March 12—(CP)—Two newly-arrived Polish children died Friday when fire of unknown origin destroyed a suburban tourist cabin in this Ontario county village, 50 miles north of Toronto.

The children, two-year-old Margaret Olijnyk and her three-year-old brother, Nicholas, had been left alone by their mother, Mrs. Margaret Olijnyk, who returned from a shopping trip to find the cabin in flames.

The mother made a desperate attempt to rescue the children but the fire forced her back.

When the blaze died out, one of the children was found on a cot. The other was on the charred floor.

Bill Villneff, who manages the camp area here in which a large group of European displaced persons live along the banks of the Black River, ran to the scene with two other men when he heard the mother's screams. The heat was so intense that entry to the cabin was impossible.

The children's father, Dimitro Olijnyk, a workman with the Ontario Hydro Commission, was unaware of the deaths until he returned from work.

The Olijnyk family arrived here from Europe only two weeks ago.

The couple met and married in a concentration camp where later both children were born.

May Get Budget Before March 31

OTTAWA, March 12.—(CP). — Prime Minister St. Laurent hinted Friday in the Commons that Finance Minister Abbott may be in a position to bring down the 1949-50 budget before March 31.

He dropped the hint in replying to a question of M. J. Coldwell, CCF leader, during discussion of a motion giving precedence to debate on bills extending government control measures.

Mr. St. Laurent said he hoped a discussion on a draft of the North Atlantic security pact would be limited to one day. There might be supplementary estimates which the members would have to pass before the end of the month. A bill providing for bonus payments to rural carriers was due to expire March 31 and would be submitted for extension.

Then, said Mr. St. Laurent, Mr. Abbott might be in a position to bring down the budget.

All Provincial Roads Have Been Opened

TORONTO, March 12—(CP) — The Ontario Highways Deparment announced today all roads in the province are open again following Friday's 12-inch snow fall in the south. However, highways along the Niagara River from Niagara Falls to Fort Erie still are blanketed with snow.

Weather officials, meanwhile, forecast a two-inch snowfall for the Lake Huron-Georgian Bay districts, accompanied by moderate drifting.

Occasional light snowflurries are predicted for the rest of the province with temperatures remaining below freezing.

Hit By Train 2 Men Die Of Injuries

Gateman Fails To Shut Safety Gates Charge To Be Laid

TORONTO, March 12 —(CP)— Leo Jenkins, Canadian National Railways gateman, was scheduled to appear in court today on a charge of criminal negligence arising from the death of two men after a level-crossing automobile-train collision in West Toronto Friday.

The men, John C. Wilson, Jr., 52, president of the Carwill Transport Company, and Thomas Guy Walton, 42, the firm's secretary-treasurer, died in hospital Friday night.

Police said the veteran gateman failed to lower the safety gate at the crossing. The car was carried 800 feet when struck by the Midland-Toronto train.

The two men, critically injured, were trapped in the car after it had been carried along by the locomotive and finally crushed against a coal car standing on a siding.

Walton suffered head injuries and compound fractures of both arms. Wilson, who received a fractured skull and suffered from shock, did not recover consciousness before he died.

Praises Nurse

Police had high praise for Nurse Dorcas Bolton of the Victorian Order of Nurses, who gave emergency treatment.

"She was the coolest person I ever saw," said Patrol Sergeant William Battersby.

"How she managed to squeeze through such a small opening to get at the two men I'll never know."

While Miss Bolton attended the men, a rescue crew of citizens, railwaymen and police used crowbars to pry apart wreckage in order to get them out.

Jenkins told police he did not hear the second alarm bell which warns of an approaching train. He said he saw no car drive onto the track and did not hear a crash "but as soon as I saw the train I put the gates down."

RETURNING HOME—Anne, three, and Lawrence, five, happily kiss each other as they receive word they will be leaving for England to live with their grandparents, Mr. and Mrs. R. L. Hargreaves of Kettering, Northamptonshire. Their war bride mother, Gwen Hargreaves, died during a visit to England shortly after the birth of a third child, and since that time the two have been living in a London, Ont., orphanage.

Vote Confidence In Gov't By Margin Of 8 In St. Laurent's First Test

OTTAWA, March 12—(CP).—The Government Friday weathered the first major test of strength in the Commons since Prime Minister St. Laurent took over the leadership last November. It defeated a combined opposition 97 to 89 on what was tantamount to a vote of confidence. Only J. L. Gibson (Ind.—Comox-Alberni) joined the Liberals in supporting a motion, which in a round-about way, sounds out the feeling of the Commons on the Government's legislative program as outlined in the Speech from the Throne. The motion was to adopt the Address in reply to the Speech from the Throne.

The victory, which won Mr. St. Laurent a thunderous, lengthy ovation from the Liberal benches, came on the heels of the easy defeat of two non-confidence motions sponsored by Opposition parties. The Opposition parties split on these motions because of their contents.

By a vote of 180 to 12, members rejected a Social Credit motion which asked the chamber to declare non-confidence because of the government's "studied indifference" to the use of Social Credit theories as a remedy for the country's economic ills.

John Sinnott (L-Springfield) joined the Social Crediters in the vote.

Sound Defeat

Minutes later a Progressive Conservative amendment, which simply asked the House to declare that the Government has lost confidence was defeated 124 to 62. The CCF had described this motion as a "phoney" and voted against it with the Liberals.

An unofficial count indicated 27 Liberals were absent on the count on their motion, 13 Progressive Conservatives away on the vote on theirs and one Social Crediter absent on that party's motion.

With the throne-speech debate ended, members will turn Monday to debate the government's measures for the extension of controls on such things as domestic rents, certain food prices, timber, steel and a few other products.

The throne speech forecast a lengthy list of legislation ranging from steps to ratify the North Atlantic Security Pact to bills to broaden the scope of family allowances and abolish appeals to the Privy Council.

Negotiating Body Elected By UE

Local 524 UE-CIO has elected its Negotiating Committee. Six hundred union members voted, according to Martin Byers, chairman of the election committee.

Elected, and listed in order of standing, are George O'Brien, Joseph Murphy, Keith Chiles, Mervin Chambers, Cyril O'Donnell, William Whibbs, Philip Doherty, and Thomas Davies.

This committee, together with Jack Morton, president of Local 524, will work with the Negotiating Committees of the Toronto CGE plants to negotiate a 1949 master agreement.

Television Plan Unfair-Drew

OTTAWA, March 12—(CP) — Opposition Leader George Drew Friday told his weekly press conference that the CBC, by its "dog-in-the-manger" attitude toward television, was delaying private development and making it likely that all the best-wave-lengths would be swallowed up by United States companies.

Television was one field which private enterprise should be allowed to develop. It would be wrong for the CBC to spend money collected from all Canadians on entertainment which for years could be enjoyed only by those in the populous centres.

Mr. Drew said all applications for television permits from qualified companies should be granted.

He also said that if the Progressive Conservative party attained power he would separate the functions of the CBC as between supervision and operation, it was not right that supervision of private radio stations should be in the hands of their competitors.

Russians Trying To Swing Stick

VIENNA, March 12—(AP) — You have to take this one slowly:

Some time ago 11 men were arrested by Austrian police for war crime in Russia. Russia wants them. They are jailed in the United States sector of Vienna. The Americans want to surrender them to the Russians.

The Russians refuse to accept the men from the Americans. They want the Americans to turn them over to the Austrians and the Austrians to turn the prisoners over to the Russians.

The United States said in the Allied Control Council Friday the Austrians have no say in this matter.

The whole thing was dropped after some confusing debate. The United States may try again to give the men to the Russians, but it is suspected the Russians still won't take them. It seems the Russians want to set a precedent which eventually would give them the right to demand any person jailed in any occupation zone.

Council Will Seek Boundary Changes

WARKWORTH, March 12. —(ENS) Percy township council decided this week to approach Alnwick, Cramahe, Haldimand, Seymour and Brighton townships to discuss new boundary agreements.

Council is inviting tenders for crushing and hauling 4,000 yards of gravel.

Promise Vote In Nova Scotia "In Due Time"

By The Canadian Press.

Premier Angus Macdonald told the Nova Scotia Legislature yesterday that a provincial election would be held "in due time." The 1945 election returned 28 Liberals and two CCF members to the 30-seat House.

Premier Macdonald's statement came in the Throne-Speech debate when he said that "not only are we able to increase our expenditures, we are able at the same time to offer reductions in taxation."

Nova Scotia's three-cent-a-gallon tax on gasoline used in fishing, farming and lumbering operations would be removed, he said.

Bad weather — a heavy snowstorm—kept many members away from the Prince Edward Island Legislature at Charlottetown, but he sparsely-filled House gave second reading to two private members' bills. Third reading was given eight others, notably an amendment to the Agricultural Act regulating sale of fruits and vegetables by grade in cities and towns.

At Fredericton, the New Brunswick Legislature received 14 private bills and heard five other petitions for Bills, adjourning to Tuesday. Government legislation apparently was not ready for introduction.

Renews Criticism

At Winnipeg, the Manitoba House heard renewed criticism of the Coalition Government from Edmon Prefontaine, who left the Coalition ranks to become an Indeepndent Liberal. He said that partisan considerations had necessitated the appointment of the present 12-man Cabinet, at the expense of he taxpayers. Premier D. L. Campbell said that it was true expenses were higher, but that government now provided more services than before.

At Regina, Labor Minister C. C. Williams told the Saskatchewan Legislature that he was informed there was a definite "anti-Prairie feeling" at the Pacific Coast. In Throne Speech debate, he said the only explanation was that "our citizens were energetic and ambitious." He suggested the Prairie governments should have a portion of the sums collected by British Columbia on succession duties from those Prairie citizens who retired in the West Coast province. "Every cent of that money has been made in the Prairies," he said.

Women Pack Court

HORSHAM, England, March 12 —(AP) — Women packed the courtroom Friday for the hearing of John George Haigh, charged with murdering a wealthy widow. Police believe the widow's body has been dissolved in acid. Five magistrates, one of them a woman, adjourned the hearing until March 18 at the request of Scotland yard. Haigh, a 39-year-old business man, was ordered held, meanwhile, in Briston prison.

Seek Foster Home

VANCOUVER, March 12—(CP) — Probation officers Friday sought a foster home for an 11-year-old boy who had been chained to a bed almost every night for six months. "It was to discipline him," the father told juvenile court Judge Mackenzie Matheson. "He kept bad company." The father had fastened his son to the bed with leg irons.

Tony Demers, the Quebec Senior Hockey League's most valuable player award winner who played in an Intermediate League game without permission, will be allowed to rejoin his QSHL team — Sherbrooke St. Francis — and play out the remainder of the season, the Quebec Amateur Hockey Association announced on Friday night at Montreal. Azarie Choquet, the QAHA president, said in making the announcement that Demers will be suspended for the first 10 games next season, no matter what team he is playing with then.

At Toronto, four young Western amateur hockey players worked out here Friday with the Toronto Mariboro Juniors at the Maple Leaf Gardens Coach Hap Day of the National Hockey League Toronto Maple Leafs and other officials, saw the Westerners, Chuck Lunsden of Winnipeg Monarch Juniors, Orris Sage of Flin Flon, Erne Gare of Trail, BC, and Len Hanton of Kenora Juveniles.

At Paris, Canada's Sudbury Wolves battled the Racing Club of Paris to a 4-4 tie Friday night in the second game of an international ice hockey tournament. The United States beat the Racing Club 8-5 Thursday night. The final match of the tournament between Canada and the United States will be played to-day.

From London comes word that Johnny Morris, star inside forward for Manchester United, was sold Friday to a rival First Division club in the English League for a reported £25,000 ($100,000). The 23-year-old player was sold to Derby County. The reported figure is the highest ever paid for a player in British soccer history. The previous high was £20,000.

Ducks Unlimited, an organization of sportsmen-conservationists, will hold their annual meeting at Reno, Nev., late this month it was announced Friday at New York. The meeting of Ducks Unlimited will be March 25 and 26. The meeting of the Canadian affiliate, Ducks Unlimited (Canada) will be held the two days following the meeting of the parent group.

Urges Changes In Financing For Colleges

LONDON, March 12—(CP) — Fundamental changes in the financing of university education in Canada were recommended Friday by President G. Edward Hall of the University of Western Ontario.

Dr. Hall, a prominent research scientist during the war, said in an interview that the next three years "can be the most critical period in the history of Canadian universities." He predicted that student university fees may have to be increased so greatly to meet expenditures that higher education would be confined to the wealthy.

Most seriously threatened by financial troubles were the four major private non-denominational colleges—Dalhousie at Halifax, McGill at Montreal, Queen's at Kingston, and Western.

He recommended increased government grants and an independent body such as the University Grants Committee in Great Britain to administer the system.

The bodies, set up on a provincial basis, would survey financial needs of universities and then ask provincial treasurers for the money needed.

"The great burden of meeting current revenue," he said, "is passed on to increased student fees. With fees going up and up . . . university education . . . is becoming exclusive when it should be a privilege available for all capable of receiving it."

He said university leaders have had to become "executives, supersalesmen, leaders of delegations, and beggars, so that universities may even remain in existence."

Visit To Europe Described Kiwanis Club

A short account of his visit to Europe in 1948 was given to the Kiwanis Club on Thursday noon by J. Alexander Edmison, KC, executive-secretary of the John Howard Society.

He urged his listeners to continue to send parcels to Great Britain as the diet there remains drab. "These parcels from Canada supplement that diet and are an aid to the morale of England," he said.

Recounting with delight his visits to the historical landmarks in London, he commented that he agreed with the remark of the famous Dr. Johnson: "When you tire of London you tire of life."

Thousands of peasant people in France live simple lives without radios, newspapers and many other amenities, said the speaker. "These people live in the past."

Throughout Europe, the constant theme of all peoples, was "no more war", he said. Even the Swiss, although living in comparative luxury were worried lest the Third World War break out. They know that next time there will be no neutrality for them, said Mr. Edmison.

The Austrians reflect this fear strongly, stated the speaker. There are still 35,000 Austrian POWs in Russia an Austrian acquaintance told him; and they are only released if they are dying or insane.

He urged his listeners to "get behind the UN and maintain peace in our time."

Mr. Edmison was introduced by William Richardson and thanked by John R. Sinclair. President Vincent McCabe was in the chair.

Mrs. Ridge Convenes WMS Meet At Home

MILLBROOK, March 12 (ENS) —Group B, with Mrs. J. Ridge as convener, took charge of the program for the March meeting of the Women's Missionary Auxiliary of St. Andrew's United Church Wednesday at the convener's home.

A report of the recent Presbyterial rally in Trinity Church, Peterborough, was given by the delegate, Miss Gertrude Clarry. The allocation of $11,510 for the Presbytery was presented and it was suggested that an increase of one dollar per member in givings would meet the whole amount.

Mrs. R. Matchett presented the stewardship message, "What is That in Thine Hand?" making the claim for use of individual talents. Selective living and putting aside unworthy activities were emphasized. Mrs. Ridge covered the concluding chapter of the study book. A new member, Mrs. James Thompson, recently arrived from Holland, played the piano. Mrs. A. Coulter assisted the leader with the worship service.

Mrs. G. C. R. McQuade, president, took the chair for the business period and the executive was appointed to plan the April program. A special appeal was read for clothing for overseas' relief to be left at the parsonage.

Miss A. Thornton reported the crib quilt for the supply bale completed and other work under way. Mrs. Ken Pinnington assisted the hostess serve during the social hour.

German Revival No Way To Meet Russian Menace

By DAVE McINTOSH
Canadian Press Staff Writer

HALIFAX, March 12 (CP). — Where does a man like Otto Strasser fit in the east-west cold war?

Strasser, the former Nazi living in exile in Nova Scotia for five years, broke with Hitler in the early '30s and fled Germany. Now he wants to go back to lead a party that he calls "The League for Germany' Revival."

What kind of a revival? Perhaps this a clue:

In a recent speech in the Annapolis Valley town of Kentville, Strasser urged establishment of a German defence force of 100 divisions—nearly 2,000,000 men—to protect the western zones of Germany against what he termed an imminent Russian onslaught. He said Russia would attack western Europe in three months. (In July, 1947, Strasser told The Canadian Press Russia would attack Europe in seven months.)

A man who knows Europe well, Dr. George Adamkiewicz was to take issue with Strasser. Dr. Adamkiewicz is a Pole, worked for five years for the Polish government in London and now is professor of political science at St. Francis Xavier University in Antigonish, N. S.

Time Well Chosen

In a letter to the editor of the weekly Antigonish Casket, he said:

The psychological moment for this (Strasser's) address was well chosen; we are still aware of the serious threat to world peace implicit in Russian expansionism, both in the west and the east.

"But the question to be asked at present is whether the remedy proposed by the speaker does not come desperately near what we mean when we speak of 'casting out the devil with the aid of Beelzebub.' . . .

"This (Strasser' suggestion for a defence force) would call for a military alliance with a resurgent Germany; that is to say, it would involve recognition, by the Western powers, of an independent, remilitarized and intrinsically German State.

"The stage would thus be set for the reinstatement of that unholy union of nationalism, militarism and dictatorial government so symptomatic of Germany's power politics, whenever she felt herself in the saddle."

Dr. Adamkiewicz scoffs at Strasser's suggestion that the west could sit back and feel itself safe from Russian aggression behind the protecting wall of a strong German army. The story of modern Germany, the professor adds, "speaks quite a different language."

Dr. Adamkiewicz hints strongly that Strasser is using the east-west split to drive in the wedge of a remilitarized Germany. Gen. Lucius D. Clay, United States military governor in Germany, has branded Strasser's league as "infamous."

But does the real danger lie in Strasser and his followers?

Other Views

Others believe Strasser is on the fringe, a talker who possesses no real authority but serves as a useful cover for Germans who would like to see Germany re-established on its 1940 pinnacle of power.

The influential British magazine New Statesman and Nation, for instance, recently recalled that late in 1920 Lord d'Abernon, British ambassador in Berlin, said the French attempt to have militarist formations in Germany disbanded was "almost insane." The New Statesman says it was from those militarist foramtions that the army sprang which almost conquered almost all of Europe.

The New Statesman, arguing that a remilitarized Germany is not the way to meet the Russian threat, say there are two causes for alarm:

1. Nationalist groups organized in 'clubs" and the like. Strasser and his like are lighting "the magnesium flare of neo-Nazism."

2. The unchanged pattern of German economic and social life since the end of the war, permitting industialists, educationists, and politicians who helped Hitler to power re-build their empires.

And through whom? Another Hitler?

Late Ontario Hansard

This is only the third year since the Legislature of Ontario has had a kind of "Hansard" — verbatim corrected account of what is said and done in the Legislature. Unlike the Hansard of the House of Commons and the Senate, this daily Ontario report does not appear on members' desks the morning after the business which the report records.

* * *

Hansards are primarily useful to members as exact accounts of the business of the House. They are useful to the public as the only full account of what Parliament is doing and what the members are saying day by day. They have a great indirect value, in that the printed word is a salutary check on the spoken. Members are not so liable to speak rashly or loosely when they know that every word they say goes into official print, and becomes a permanent record which can be referred to long after the spoken word has been forgotten.

* * *

The official reports of the debates in the Ontario Legislature have some of the values of the Parliamentary Hansard but lose a great deal by the slowness with which they appear. For instance, the report for March 1st reached our desk only on March 11th. A mailing-machine stamped date-line set the time of posting in the Legislative Assembly building as March 8th. It seems to have taken the report a long time to get out of the building, for the ordinary Post Office mailing time between Toronto and Peterborough is but one day. The chief delay is in the printing. We know how busy the King's Printer for Ontario is with the Government's multitudinous and voluminous papers. However, if priority and speed were given the printing of the Ontario Hansard, members of the Ontario house would benefit, and so would the public who like to know what is being said and done in the Ontario Legislature as soon as possible and without a delay of one or two weeks.

Canada Broadens Abroad

Nothing indicates Canada's rapid development in national stature more strikingly than the present extent of the Department of External Affairs. Although we had a High Commissioner to Westminster as early as 1880, he was a kind of Canadian appendage to the British Colonial Office and certainly under its shadow. There was no Department of External Affairs until 1909, and it did not become a department separate from the British Colonial Office until 1925. In the next year Britain appointed its first High Commissioner to Ottawa. Officially we had no foreign relations outside the Commonwealth until 1926, except for a Canadian war mission maintained in Washington during the Great War. Then, only twenty-three years ago, Canada's first Minister to Washington was appointed.

Now the Department of External Affairs is vast and its officers far-flung. There is an Under-Secretary and two Assistant Under-Secretaries, assisted by officers of various ranks, formally designated in the diplomatic list as Counsellor, First, Second and Third Secretary. The Department has twelve divisions. Here is the imposing list: Commonwealth, European, American and Far Eastern, United Nations, Defence Liaison, Economic, Protocol, Legal, Information, Consular, Personnel, and Administrative.

Canada now has twenty-nine diplomatic missions abroad, eleven consular offices, and four special missions: the Permanent Delegation to the United Nations and to the Atomic Energy Commision; Permanent Representation at the European Office of the United Nations in Geneva; the Military Mission in Germany; and the Liaison Mission in Japan. The diplomatic missions consist of fourteen Embassies, eight Legations, and seven High Commissioners' Offices. The total number of posts abroad is, therefore, forty-four; this does not include Luxembourg, to which the Canadian Minister to Belgium is accredited, but where no office is maintained.

Other countries recognize Canada even more numerously than Canada recognizes them, for fifty-one countries maintain missions here. The diplomatic growth has been continued. Last year seven new Canadian posts were established: a Legation in Belgrade; permanent representation to the U.N. at New York and Geneva; a Consulate-General at San Francisco; Consulates at Detroit and Boston and at Frankfurt in Germany. The legation at Rome was raised to the status of Embassy.

It is a tribute to the talents and abilities of Canadians that the Department was able to expend so rapidly in so short a time and yet reach and maintain a high level of competence. Undoubtedly Canada has much still to learn about diplomatic techniques, but the consolidation period seems now to have been reached. In the latest annual report of the Department is the statement that "no comparable (with 1948) expansion of representation abroad is contemplated during the coming year". The Department is expensive to maintain, but in such times as these and in such a critical period of our country's expanding influences, we cannot afford not to spend liberally on keeping ourselves internationally posted.

Old Stonebottom

Even in Russia people have nicknames, and we learn that the nickname for the Vice Premier, Vyascheslav Molotov, is "Old Stonebottom". This name was bestowed upon him by the Soviet journalist, Karl Radek, who has since been liquidated—not, of course, for his frankness concerning Molotov. "Old Stonebottom" is thought to fit Molotov exactly; it expresses his immovable quality, that quality which enables him to sit and sit and sit at a conference, unmoved by any opposition or excitement, and the same quality which, in his earlier days, permitted him to do fabulous amounts of desk work. Mr. Molotov, it appears, is a believer in the dictum that "genius is the result of the application of the seat of the pants to the seat of the chair".

Genius is a fiery word, suggesting sudden, brilliant flights and cataclysmic inspirations. But some of the effects which are achieved by genius are also achieved by methodical, tireless, determined men like Molotov. Lenin called him "the best filing clerk" he had ever had. Lenin was a man of genius. Trotsky once provoked Molotov to say: "Not everyone can be a genius, Comrade Trotsky, but we shall see who comes through in the end". Because his methods are unspectacular, Molotov has sometimes been undervalued by his associates, but unless something unforeseen happens, we shall see him succeed Stalin as head of the U.S.S.R.

Winston Churchill, who is an admirable judge of men and a particularly good judge of politicians, writes thus of Molotov:

> ". . a man of outstanding ability and cold-blooded ruthlessness" who "had lived and thrived in a society where ever-varying intrigue was accomplished by the constant menace of personal liquidation. His cannonball head, black moustache, and comprehending eye, his slab face, his verbal adroitness and imperturbable demeanour, were appropriate manifestations of his qualities and skill. He was above all men fitted to be the agent and instrument of the policy of an incalculable machine".

From now on we may expect Mr. Molotov to be not only an instrument of Russian policy but one of its principal makers.

Sleeping Pill Addiction

The attention of the public has been drawn during the past few months to the popularity of sleeping-pills on this continent. Apparently they are consumed in considerable quantities, and from time to time an overdose (usually taken with intent) causes death. The pills themselves are not considered harmful by physicians; that is to say, they do not contain habit-forming drugs and no addiction need result from their use. But there is more than one kind of addiction; sugar is not habit-forming, but for various reasons some people take it to excess. It is the neurotic belief in the *need* for the pills which does the harm, and not the pills themselves. Apparently this form of hypochondria is fairly common.

It would be foolish, however, to attribute this condition to any special problems of our age. In all ages hypochondriacs have sought medicines which would soothe their fears. In the days of our parents and grandparents every drugstore had its shelf of patent medicines, all of which were guaranteed to help "nervous" complaints. Many of these compounds were made of generous doses of whisky with something in it to conceal the taste. A tablespoonful, taken when the "nervous disorder" manifested itself, worked wonders.

The roots of the hypochondria which drives people to take sleeping pills and nerve medicines lie buried deep in unhappy lives. And the problem of that unhappiness is not merely of our time; it is one of the oldest problems of humanity.

Diary Of A Speech-Maker

By SAMUEL MARCHBANKS

SUNDAY: Met a man this evening who admitted to playing the autoharp, an instrument which I assumed had passed into oblivion. They used to be advertised in Eaton's catalogue when I was a boy, and they sold (complete with instruction book) for something under five dollars. The instrument was said to be so simple that anyone could play it after a few minutes' practice, but so ravishing in its sweetness that nothing comparable had been heard since David played before Saul. I recall one sturdy lie from the advertisement: "The sound of a distant peal of bells can be so closely imitated as to deceive the most practised ear". But the only auto-harpist I ever heard produced thin, wiry sounds, like the whimpering of a fretful child.

* * *

MONDAY: A man was telling me today that he had been summoned as a witness in a case about a motor accident. He pretended to be greatly annoyed and said that he would give anything to get out of it, but I did not believe him. It has been my observation that all but a few people nourish deep in their hearts a desire to be a star witness in a court case. In day-dreams they see themselves standing, relaxed and intelligent, in the witness box, while a Brilliant Cross Examiner tries to break down or confuse their testimony. He is unable to do it, and his chagrin and frustration are plain for all to see. Then comes the Great Moment. "You insist, then, Mr. Doakes, that the man you saw creeping away from the scene of the accident with a galvanized pail full of blood, was The Accused?" says the Brilliant Cross Examiner, foaming at the mouth. "Oh, no", says the Witness, coolly, "that is out of the question, for the man I saw lacked the topmost joint of his left index finger, whereas the Peter Pointer of The Accused is complete". "Why didn't you say so before?" shrieks the Brilliant Cross Examiner, tearing open his collar. "Because you didn't ask me", says the Witness. Sensation in court, and the judge warmly compliments the Witness on his brilliant showing. . . . That is Everyman's secret dream of a day in court.

TUESDAY: Spent several hours today preparing a speech which I must give soon. I do not think that the people who ask for speeches so readily have any idea how long it takes to prepare one; my estimate is that a speech which is to last an hour takes at least six hours to prepare. But at last the thing was completed and I handed it over to my secretary to be typed. "It seems rather short", said I; "I wonder if I can make it last long enough?" "Oh", said she, "you can stretch it out by saying 'ah' and 'er' a lot". . . . This is true, but it is also a depressing comment on a great deal of public speaking. In my experience there are several sorts of speakers: there are orators, like Winston Churchill, whose speeches resemble music in their nobility of style and their capacity to suggest more than is actually contained in their words; then there are After Dinner Speakers, who deal heavily in urbanity, sly jokes and personality; then there are inspirational speakers, who are good at making people do things they don't want to do, and give money to causes toward which they are indifferent, this class depends heavily on loudness of voice and quotations from the cheaper grade of poetry. And last of all come the ragtag and bobtail of the speaking world — such wretches as myself, relying upon a few carefully garnered facts, a laborious joke or two and a great deal of 'Ah' and 'Er'. We are the speakers who suffer most, and who speak without being paid. The three other classes love speaking and make quite a bit from it.

WEDNESDAY: My tobacco jar is a fraud. I bought it a while ago, on the understanding that, in its keeping, my tobacco would be always moist. It has a special lid which is supposed to guard the juicy essence of the hero as scimitared eunuchs guard the treasure of the harem. But my tobacco gets just as dry as it did when I kept it in a tin with a loose top. I have tried various tricks such as putting slices of apple and orange in the jar, and this preserves the fruit in an interesting manner, but makes the tobacco so moist that it will hardly light; it also makes the fragrance of my pipe smell like a fire in a fruit store. On advice from a false friend I substituted a piece of potato for the fruit, and spoiled a jar of tobacco. What am I to do? The easiest thing, I suppose, would be to develop a taste for dry, hot smoke. Or I might forget the jar and use cake tobacco, shaving it off into the pipe whenever I wanted a fill. Cake tobacco, kept in the pistol pocket, does not become dry, for it is impregnated with so much tar and inflammable oil of its own that the warmth of the body keeps it always ready for use. But it is only possible to smoke cake tobacco outdoors; after each draw the smoker needs several breaths of pure, fresh air.

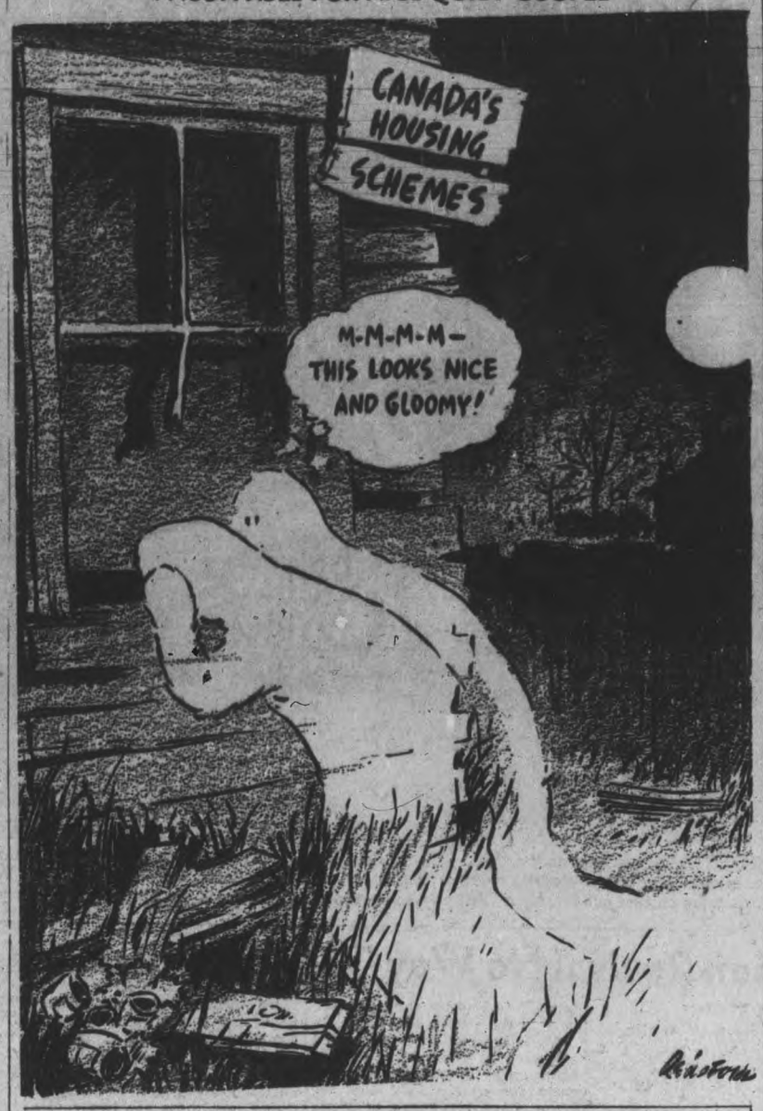
THURSDAY: Helped some people who have an old-fashioned refrigerator to get a few ice-cubes this evening. The cubes were contained in those rubber shapes which refrigerator makers have now very sensibly given up, for the accursed things yield up their ice only after they have been wrung, and torn, and hurled upon the floor. The problem is like that of getting a fat woman out of her girdle—or rather, as I imagine it to be, for no fat woman has ever called upon me in her extremity. We got a little ice at last by running hot water over the tortured mess of rubber and ice until a few cubes, rather slushy and soft, could be pried loose. By that time we were all in a bad temper.

* * *



FRIDAY: Made a speech today, a type of effort which I always find exhausting. Having given tongue I sank into a stupour from which I did not emerge until late in the evening when I found myself in the kitchen of a friend, mixing several sorts of breakfast food in a bowl, obviously with the intention of eating it.

* * *

SATURDAY: Was invited by a gentleman who owns a tape-recording machine to record my voice this afternoon. Did so, and then listened to the result. Through force of circumstance I have grown used to the sound of my own voice and am somewhat reconciled to it but the first time I heard it I blushed for myself. It is a good idea for everyone to hear his own voice, see himself in the tailor's triple mirror, and overhear a few conversations about himself from time to time; it keeps his ego within reasonable bounds. I have known people who did not recognize their own voices when they heard them, and thought that they were the victims of a cruel practical joke. I always sound to myself like a man who is trying to make himself comprehensible in spite of a heavy cold in the head—a man speaking precisely and carefully in spite of enormous difficulties. But it is a solemn thought for all of us that, with so many recording machines about, our voices may live indefinitely after we ourselves are gone. It behoves us to mind our speech, for not only will our voices be well-remembered—they will also be subjects of ribald criticism.

"SUITABLE FOR NICE QUIET COUPLE"

Avoiding Religious Excess

(THE KINGSTON WHIG-STANDARD)

ADDRESSING the United Church Ministerial Association of London, Ontario, on Monday, Dr. J. E. Jenkins declared there is a need for "healthy religion," free of excesses in practices and opinion. Dr. Jenkins, who is a psychiatrist on th staff of the Ontario Mental Hospital ,added that one of the great problems of the church is to make sure its parishioners avoid "unhealthy exercise" of religion, which may be due to "a repressed sense of guilt, as distinct from healthy regret for one's wrong-doings; it might take the form of living by a set of obsessive rules, or of unhealthy hostility expressed in aggressive religion." This and other statements made by Dr. Jenkins impressed us as being matters which should be widely discussed. Leaders of the Christian Church today often assure their hearers that the greatest need of our times is a resurgence of the Christian faith. Less often do they point to features of the church itself which quite possibly may be hindering that development.

* * *

There has been no lack of generalities about the needs of the Christian Church, but generalities offer little as a basis for constructive improvement. It is refreshing, therefore, to have a few specific ills now present pointed out, and to hear them flatly described as unhealthy. And if it is widely realized that, at the very least, Dr. Jenkins has made a thought-provoking contribution to discussion of the needs of religion, he will have served the cause of Christianity well. There is nothing new in the accusation that some quality within religion hinders acceptance of it by the intelligent: such charges have been made before, and often fully based on facts. But they should be restated when the need seems apparent.

* * *

As Dr. Jenkns pointed out, the history of religion in the Middle Ages contains many instances of the church acting in a manner likely to drive scientists to atheism. A classic example of that was the examination of Galileo by the Inquisition at Rome, following the publication of his "Dialogo dei due massimi sistemi del mondo," although before then and many times since the church has obstructed the development of science. No one denomination has had a monopoly on this obstruction; we recall the statement of one noted author that, as between the two great groups—Protestant and Roman Catholic—the honors were about even in obstructing scientific development.

* * *

There is encouragement, then, in Dr. Jenkins' opinion that scientists are now moving back to religion as an essential part of man's makeup. It coincides with similar expressions of opinion from both great scientists and churchmen. It was also encouraging to hear that the "modern plan" of attack against illness was to treat all three constituents of personality — body, mind and spirit — simultaneously. In describing this as the "modern plan," we are inclined to think that Dr. Jenkins meant that it is now being more widely — and consciously — adopted. Simultaneous consideration of the health of spirit, mind and body is not, we think, a new thing in either religion or medicine. Great leaders of the church have become famous in past through such comprehensive consideration, and the same is true of famous doctors. Adopted generally, however, it should mark a great advance toward the ideal of a sound mind in a healthy body as a fit receptacle for the spirit.

* * *

The excesses in practice and opinion mentioned by Dr. Jenkins are, we think, the most unpleasant aspects of the Christian religion today. The best forces of religion, psychiatry and medicine are needed to eliminate them. And they should be eliminated, for those who inflict tortures, wounds and deaths upon themselves serve religion as poorly as did the "flagellantes" of centuries ago. Recognition of the undesirability, even the evil, of these practices would seem essential to any great resurgence of the Christian religion, and we think there will be general agreement that in such a movement lies or of the greatest hopes of the world today.

Bible Message

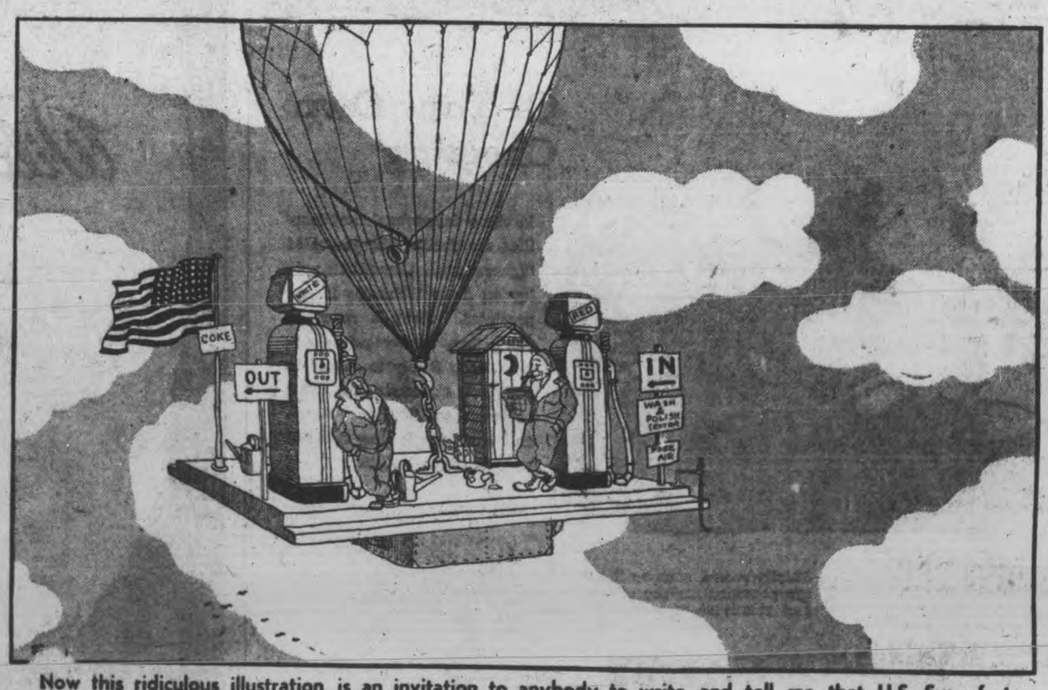
(From the Authorized Version)

Now when Jesus was risen early the first day of the week, he appeared first to Mary Magadalene, out of whom he had cast seven devils. (Mark 16: 9.)

* * *

Jesus saith unto her, Mary. She turned herself, and saith unto him, Rabboni; which is to say, Master. Jesus saith unto her, Touch me not; for I am not yet ascended to my Father: but go to my brethren, and say unto them, I ascend unto my Father, and your Father; and to my God, and your God. . . .

Then the same day at evening, being the first day of the week, when the doors were shut where the disciples were assembled for fear of the Jews, came Jesus and stood in the midst, and saith unto them, Peace be unto you. . . . But Thomas, one of the twelve, called Didymus, was not with them when Jesus came. The other disciples therefore said unto them, Except I shall see in his hands the print of the nails, and thrust my hand into his side, I will not believe.



And after eight days again his disciples were within, and Thomas with them: then came Jesus, the doors being shut, and stood in the midst, and said, Peace be unto you. Then saith he to Thomas, Reach hither thy finger, and behold my hands; and reach hither thy hand, and thrust it into my side: and be not faithless, but believing. And Thomas answered and said unto him, My Lord and my God.

Jesus saith unto him, Thomas, because thou hast seen me, thou hast believed: blessed are they that have not seen, and yet have believed. (John 20: 16, 17, 19, 24-29.)

Male Eye Thrill As Fashion Flounces Foibles, Frills

By A. J. THOMAS

This is a report to the men of Peterborugh on what their women will be up to. On behalf of the men this observer intrepidly injected himself into the midst of 847 women. The occasion was the I.O.D.E. "Salon of Fashion," held in the Collegiate auditorium. The Salon—or to get away from the French word and to use the English verbal equivalent which men understand better, the [illegible], —was open two evenings, Wednesday and Thursday.

On the first evening only two males kept watch over the flock —this reporter and another man who sat in the same back row in the balcony. (The back row was was partly a precaution, for even the most daring men must have some armour, a wall at their backs against 847 women, even if it be only their backs to the wall.)

He seemed to be the type of man who comes to criticise but is beguiled into applause. Just as the show started and as the house lights dimmed, two other men slunk into balcony seats, but they were (so it is said) men who had come to guard fur coats which they had lent. The experience of the male seems to be that he cannot trust any woman in the presence of a three thousand dollar mink coat. During the coffee interlude (of which more late) rumours were flying that there actually was a man down in the pit of the auditorium. One can hardly credit the rumour.

Gentlemen, you may have seen fashion parades in the movies, but that is lifeless stuff compared with the real thing. Until you have felt the thrill of having the height of fashion in a lovely mannequin brush by your elbow, give a courtly bow or drop an impish eyelash in your elbow, direction, you have not experienced one of the rarer delights. The wonder is that you did not seize the advantage available to be not ten men among five women, but ten among hundreds.

Perhaps you were afraid of what you might see —not on the stage but on your wives' faces as they eyed what your purse might not be prepared to afford. If you stayed away for that reason, you were not acting in business-like fashion. Such things must touch your purse, so why not get a preview and prepare for the worst? Foreknowledge is the best defence. Actually, prices were not mentioned and the fashions were so fine, the show so excellently done, that the matter of cost was as far removed as the shops from which the gowns came.

Here is what happened in plain English. The house lights went out, some preliminary explanations were made, and the commentator appeared before the curtain to explain that fashions are never new—just different. It seems that most fashion shows end with a bride. In this one it began so, the commentator believing that woman's life does not end with marriage. The curtains parted, and there on the handsomely-set stage was a bridal party (all female as most are) radiantly gowned and as luscious to the eye as eclairs to the palate. It was like a play, and there was even a mock photographer taking a picture. The gowns were described, and each model took a graceful turn around the stage to display the finer points (of the dresses) as they were mentioned.

The bridal story was developed. Every bride has a trousseau. (For your information, bachelor readers, — ah there was much to pick up in that saloon —a bride should have a trousseau which will last her a year. It is, the commentator explained, the vestige of the dower which a bride is expected to bring to her husband.)

So the trousseau was exhibited by comely bridemaids, matrons of honour and guests, who after the stage display, went down into the pit, and be it joyously said, up into the balcony, even to the last row, so that the spectators might have a closer view of the costumes and mannequins. All this was done very speedily. In fact, the other man in the last row remarked: "Now how the deuce did she get back to the stage so fast; Only a moment ago she was here at my feet". Or maybe that was what this reporter's better self said.

There was not time to be bored and there was too much colour and finery. The commentator used all sorts of stage terms, like "fish-tail effect", "plunging neckline", " cascade of lilacs", "dog-tooth check", "Mother Hubbard buttons", but they were easy to comprehend with the eye. The comments were quite delighful. Some history was brought in with good effect, for instance the comparison of "off-the-shoulder-neckline" to Victorian fashions in bathing suits. And later in the program, the explanation of "stoles". Stoles are an ecclessiastical accoutrement, but the commentator reduced, or prolonged, the stoles into ancient Greek times, when they were as wide as five feet six and as long as sixteen feet six, and a fulsome ornament to the female form. The modern fashionable stoles are it seems to me, kerchiefs or shawls, not stoles at all, Fashion has stolen the word from the church. The last exhibit of the bridal pageant was a maternity dress. This the commentator properly and whimsically justified by reference to Princess Elizabeth.

What, gentlemen, may you expect to find in spring fashions? What must you anticipate seeing your women - folk in? Dresses slightly shorter than those of a year ago. In high waist - lines. In fairly small hats. This you may regret for hats are like a picture-frame, and larger ones make fine silhouette frames for picture faces. In stockings with clocks in them. (Here again the commentator reduced a modern fashion to history in such a way that any good man would be anxious to see clocks in his mistress' hose.)

The report is deviating from the promised plain English. The fashion show went on with accumulating interest. Even this reporter began to believe that fashion was imporant. What impressed him most in this regard was the calm, judicial air of the comments, even woven as they were into textiles and hats with "pixie" crowns. While some of the remarks flew above male ears, there was an excellent continuum to this effect: The female form cannot be a thing of beauty and a joy forever, unless art aids nature:—the art of make-up, (as ancient and modern as Cleopatra who plucked her eyebrows and used paint on her face), the clothing adapted individually to the wearers.

Hats ended part one—mostly little hats, very pretty with their artificial flowers. There was a longish interval in which coffee was served. The coffee crowd in the hall was not to be entered into lightly by a solitary man, so this reviewer made his way to the dressing-rooms in the hope of interviewing some of the mannequins. He did not get very far, for the dressing-rooms were being used for the purpose intended. It was a matter of amazement that women, not notoriously quick-changers, could have had such an excellent show of speed during the evening. The eighteen models changed clothes a dozen times in the two hours, it seemed as quickly as a zipper zips. And never a slip showed.

Hats began the second part of the program, and very tastefully and cunningly displayed they were. "Hats," said the commentator, "should be a picture, as differentiated from a spectacle." (The man on my left mumbled Hear! Hear!) We saw some fine feathers, some largish hats, and even one with a veil that looked like a mask across the face. A stunning number. The theme of Part II was holiday-wear. For it the stage was re-arranged. As the commentator lightly whisked her audience to Britain and Italy, California and Banff, gorgeous clothes accompanied their flight of fancy. It was the cheapest travel tour of the year—and the least tiring. Capes, suits, cottons (one dress was so vivid that even the women laughed; a very fetching one, nevertheless), mink and jewels. A rich, scintillating parade. The suits and capes, caught one male's fancy, and he hopes to see many on our streets this spring. They have an elegance and air—and swoosh—which lifts the heart. As the mannequins paraded them, the mind travelled back to Victoria's day. They had a nineteenth century frippery and grace. Oh to have been young in the gay nineties!

Next year, gentlemen, we hope that with the assurance here presented you, you will troop to the Fashion Show in as large numbers as you did to foreign ones when you were in uniform in Paris four years ago. The chairman will have to say: "Ladies and Gentlemen," instead of, as last night, callously ignoring the two or three brave males. (It was doubtful that she could see them.) However it was humbling to hear merely, "Ladies." We, gentlemen, must keep our end up.

FORMER POPULAR PASSENGER RUN from Peterborough to Lakefield, CNR Train 373 northbound now travels fairly light every week day. Turning southbound as Train 372, it hauls about 1,800 tons of nepheline ore daily for furtherance to various cities in Canada and the United States and overseas export. In Left Top photo, brakemen Sharpe and O'Loughlin put on a kettle for tea in the caboose. Top Centre, the northbound train passes the Nassau crossing. Top Right, veteran Conductor George Palmer of Lindsay, for 42 years a railroader, is shown with beginner telegraph operator Ross Walker. Lower Left, cars of coal and barley are shunted to Charlton's grain elevator in Lakefield. In Lower Right, a string of empty ore hoppers stands beside the nepheline stockpile of ore on the Lakefield docks. The clamshell shovel, Left, was broken down and would have ordinarily have filled the waiting cars.

Milordly Ride In Caboose For 35 Cents

By NICK NICKELS.

If you want to feel like an Indian Nabob riding in a private train, for the princely sum of 35 cents, go down to Peterborough's CNR station at 3 p.m., any weekday afternoon.

Ask the telegraph operator-agnt for a single ticket to Lakefield and he will probably give you a quizzical look.

"We don't have many passengers on this line any more," he said the other day as he fumbled through the tariff book to determine the price of the ticket.

"Is the train made up?" we asked professionally.

It appeared that it was only partly made up and that it would be 40 minutes late.

"Three seventy-three is a mixed train," the agent explained and we inferred from this that mixed trains made no attempt to run on schedule.

There were five cars on the siding readied for Lakefield. The conductor's manifest showed that there was one hopper of coal and one empty, one boxcar containing some express, one filled with barley and one empty. There was also a passenger coach and a faded orange caboose.

An engine, which had come down from Lindsay after lunch pulling train 456, was shunting cars around the yard spurs. Its five-man crew, consisting of engineer, fireman and two brakemen banged the rolling stock on the sidings while Conductor George Palmer did some paper work inside the station.

We watched the official railroad clock as it ticked off the minutes. Several people went into the waiting room and we surmised that a small crowd of Lakefield passengers were gathering and waiting impatiently. We were wrong, however, it appeared that they were only townspeople using the rest rooms.

At least 35 minutes behind scheduled time, the engine of staunch old 456 hooked on to the string of Lakefield cars. Conductor Palmer gave Engineer Gil Saunders his orders and waved us aboard, not the passenger coach which was empty, but the caboose. The coach was empty—no one but ourself seemed to want this 35-cent joy-ride in state.

Brakemen O'Loughlin and Sharpe set the kettle boiling on the stove for a spot of tea and the conductor whittled away at more paper work. We lolled on the dusty cushions of the cupola. It was a beautiful afternoon. The train lurched slowly over city intersections, picked up speed and rumbled over the trestle bridge at Auburn. It slid along the east bank of the Otonabee River, north beside the water.

The trip brought back childhood memories of hot dusty rides many summers ago when the coaches were filled with fellow-passengers bound for the steamers "Islinda" or "Empress" at the Lakefield docks. Then there were hundreds of passengers, it seemed, and express cars were jammed with baggage, campers' gear, canoes and lumber. Confusion and excitement filled the dock area in those days. From his perch in the wheelhouse of the old "Islinda" Capt. Pat Young placidly smoked a cigar and greeted everyone by name. His brother Fred, deep in the bowels of the engine room, swabbed the gleaming dials and greeted curious small boys with a greasy handshake. Those were the good old days.

Brakeman Sharpe put an end to our pleasant dreams by announcing that we were pulling into Lakefield. It was such a short ride, 9.87 miles to be precise, and yet in childhood days the journey seemed endless.

The train rolled into Lakefield's small station and car couplings were broken for shunting operations to begin. The coal and barley hoppers were pushed to the siding along Charleton's grain elevator and the empties shunted to the docks.

No stately steamers waited here. Ice pans floated silently down the empty river.

Two mechanics were tearing the motor out of a diesel engine that powered an immense clam-shell shovel. A mountain of gleaming white nepheline ore towered above them on the dockside. It was a winter stockpile from the American Nepheline Mines at Blue Mountain and had been brought down the Kawartha Lakes by tug and barges during open navigation in 1948.

Ordinarily, the racket of the roaring shovel banging ore into the empty hopper cars eclipses the noise of the shunting train. Today it was strangely silent. There were no filled cars waiting and the engine backed away to the station, huffing.

It was indeed a light day for Train 373 and lighter still as it swung southbound preparatory to its return journey as Train 372. But business would improve as soon as the clam shovel was operating again.

Each week the southbound trip hauls about 30 cars of coarse and fine ore to mainline junction points for furtherance east, west and south. One railroader estimated they hauled about 1,800 tons of this sort of freight.

Tonight, however, our dream train pulled away from the village station very light, whistling mournfully. And now, in the gathering dusky, the ore pile appeared flat and uninteresting. The power shovel mechanics went home to their suppers and the river rolled along deep, black and cold.

It was all very depressing but there was one happy thought. Our thirty-five-cent dream ride was worth at least a million dollars in personal memories.

Legion Gets Championship Trouncing Meteors, 17-1

Smearing Toronto Meteors 17-1 here last night, the local Legionnaires captured their second straight OHA Senior "B" group championship before a good-sized crowd at Civic Arena. It was their third win in as many starts of the best-of-five group finals, and they now meet the Belleville-Kingston winner in the first round of provincial playdowns.

IN ON FIVE—Bob Greenlaw, classy winger for Legion's first line, led them in scoring, being in on five goals, as they trounced Toronto Meteors 17-1 here last night to win their senior "B" group title.

Meteors were short four of their players, out with the flu, but they were no match at all for the fast-stepping Legion squad. After a four-goal lead in the first frame, it developed into a rout as the Vitarelli pack sank 10 without a return in the second. The champs had most of the play in the third, too, though only outscoring Toronto 3-1. Play was fast and clean throughout on good ice but too one-sided to be exciting.

Bob Lead

All the winners looked good in this game, playing fast, smart hockey, while the visitors were lost most of the way, though they kept trying. Bob Greelaw led the local snipers, being in on five goals, while line-mates Joe Rochetta and Bill Crowley were in on four each, as was Bob Parnell. Chum Fryia, up from junior, did his part, too, scoring three goals. The defence and goaltending were good. Williams went best for the losers and their goalie made some fine stops at times.

Legion went on the hunt early to rap in four in less than seven minutes. Rochetta got the first from Crowley on a passout and Fryia took Parnell's pass for a blue-line shot that beat Lynn. Toodie Greenlaw counted then in close from Parnell and Hill added one on Mortimer's corner passout. Bob Greenlaw nearly tallied and Meteors fought back hard the last half. Stewart came close and Nicholls thefted Vallure, Meteors got but four good shots on goal in this period.

Poured In

It was a scoring parade in the second. R. Greenlaw got the first from Godfrey, and Fryia followed suit with Vitarelli's pass. He got another on Toodie Greenlaw's passout and, with C. Robertson off for interference, Bob Greenlaw hit the twine. Toodie and Parnell came close and then the latter scored neatly from Vitarelli. Stewart added one in close from Coombs and Hill, with R. Greenlaw counting again on passes from Rochetta and Crowley. Rochetta hit the hemp from R. Greenlaw and, with C. Robertson away again for tripping, Crowley counted on Rochetta's pass. Near the close, Parnell scored from an in-close faceoff to make it 14-0.

Parnell came close to open the third and a Hill-Coombs rush nearly paid off. Hill got one then from Mortimer as Carter was robbed by Nicholls. Rochetta went off for tripping and Crowley scored a lulu, checking at centre and racing in fast to dent the cord. Williams made a good try and Bell finally spoiled Nicholls' shutout by bashing a quick one by him from a close-in faceoff. Parks got the air for tripping and Rochetta followed for holding. Bob Greenlaw wound up the sniping with a fast and smart lone rush right in there to pick a corner of the net. Play was fast and clean throughout.

The teams:

Meteors: Goal, Lynn; defence, C. Robertson and Conacher; centre, Bell; wings, Vallure and Williams; alternates, Carter, Parks, Fisher, B. Robertson and Preston.

Legion: Goal, Nicholls; defence, Godfrey and Vitarelli; centre, Rochetta; wings, R. Greenlaw and Crowley; alternates, Parnell, H. Greenlaw, Fryia, Hill, Stewart, Coombs, Mortimer and Burns.

Referees, J. Crombie and L. Heffering.

Summary:

First Period

Legion—Rochetta (Crowley) 3.05
Legion—Fryia (Parnell) 4.15
Legion—T. Greenlaw (Parnell) 4.30
Legion—Hill (Mortimer) 6.27
No penalties.

Second Period

Legion—R. Greenlaw (Godfrey) 2.52
Legion—Fryia (Vitarelii) 4.35
Legion—Fryia (T. Greenlaw) 5.15
Legion—R. Greenlaw 9.15
Legion—Parnell (Vitarelli) .. 11.50
Legion—Stewart (Coombs, Hill) 14.25
Legion—R. Greenlaw (Rochetta, Crowley) 15.35
Legion—Rochetta (R. Greenlaw) 16.10
Legion—Crowley (Rochetta) 16.55
Legion—Parnell 18.45
Penalties—C. Robertson, 2.

Third Period

Bisons Drub Lions

WASHINGTON, March 12 (CP)—A slim crowd of 700 fans Friday night watched Washington Lions take an 8-3 drubbing from Buffalo Bisons in an American Hockey League game between the tail-end clubs of the Eastern and Western Divisions. Murdo McKay tallied twice and Floyd Curry, Joe Levandoski, Tom Cooper, Les Douglas, Tom Johnson and Ab Demarco completed the Buffalo total. Tom Forgie, Win Mousseau, and Bryan Hextall counted for the losers.

Togs Winners In Series Over Cobourg

Towne Togs defeated Cobourg girls 67-59 on their LOBA round here last night, though losing the second game of their series by a 39-34 count. Their lead from the first game a week ago gave them the series and sends them into the next round of the provincial playdowns. Neille's beat CGE 34-23 in a postponed local league game to open last night's twin bill at the YWCA.

Joan Plunkett led the local attack for Togs with a fine 15-point effort as the whole team fought well against a determined Cobourg attack to whittle down the series count. Cobourg drove hard from the start and led 18-14 at the half. With but a minute of play left in the game, Togs were only in front three points on the round, but Joan Plunkett and Bev Pringle rallied to throw in two quick hoops. The locals sank six of 21 foul shots in a fine game as Cobourg clicked for 13 of 24. The teams:

Cobourg: R. Naylor 1, R. Waite, J. Allen 12, B. Omerod 4, A. Smith, B. Jamieson 3, A. Dufton 13, K. McCaig 6.

Towne Togs: B. Pringle 3, D Callan, A. Davis 1, S. Curtis 2, J. Vass 2, J. Dunk, A. Bowler, J. Castle 5, J. Caverly 4, E. Whittaker 2, J. Plunkett 15.

Referee: J. Dyer; timer, S. Ecobichon.

Loop Game

In a league game, Neill's racked up a 21-15 lead at the half and outscored CGE 13-8 in a close second part. CGE watched Jean Vass closely the first half to keep the count down, but she and Wilma Floyd stood out as top snipers for the winners over the distance. Irene and Betty Stewart with Marg Perrin turned in a fine game for the Electrics, who got nine of 20 free throws as the winners sank eight in 20 tries. This leaves Neill's and Nurses tied in top spot with eight wins and one loss each.

The teams:

Neill's—D. Callan 1, J. Dunk 3, J. Caverly 2, W. Floyd 10, G. Post F. Floyd 3, M. Freeman, J. Vass 15.

CGE—I. Stewart 4, B. Stewart 5, M. Perrin 4, M. Batley, E. O'Brien, M. Kennedy 8, B. Luther 2.

Referees—J. Cooper and H. Smith; timer, S. Ecobichon.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

It's true some of the shops have been laying workers off, but there is little indication of a depression looming. Certainly those capacity crowds at sports' spectacles spread no gloom around the box offices. Things were often pretty scratchy during the "hungry 30s" as most of us will recall. Nothing like today. And we can go back a bit further and recall the crash of '29. It followed an unprecedented upsurge in spending, sports and good times generally. As a matter of fact we lived in Detroit at that time, enjoying several boom years and then, following the Wall St. debacle, surviving a couple of lean years. Enjoyed it all, too, both the fat and the lean.

* * * * * *

Looking backward for a moment, we recall those rather mild winter nights when we'd head out toward Grand River and McGraw to watch the new Detroit Cougars do battle at Olympia with the Leafs of Ace Bailey's time, the Senators when King Clancy was a war-horse, or Canadiens sparked by the fabulous Howie Morenz. Jolly Jack had just brought his Cougars—later the Red Wings—over from Windsor to introduce NHL play to the Detroiters and they went for it big. The Olympia had fine cushioned seats of the theatre type. One would fold the overcoat across the back of the seat and buy ice cream in dixie cups from hawkers patrolling the aisles. Solid comfort and good games.

* * * * * *

Down At Navin Field

In the sweltering July and August days, of course, there was Navin Field with Ty Cobb's Tigers packing 'em in when Babe Ruth and the lambasting Yanks came to town. A good grandstand seat by first base for a buck and a half, or bleachers at six bits. For the best ball in the world. Plenty of semi-pro sandlot stuff in various parts of town, too. Or you could head out Jefferson East to swim at Belle Isle if you could see the water through the teeming thousands. Shows, night clubs, carnivals, blind pigs, etc., for night entertainment.

* * * * * *

The blues' songs were getting quite a play then. "Am I Blue?", "I Get The Blues When It Rains", "My Blue Heaven", and so on. Paul Whiteman and Al Jolson came to town in stage plays, Greta Garbo became a hit in the silents, then talkies came in. Tunney beat Dempsey in the rain at Philadelphia, Red Grange ran wild on the gridiron against Michigan, and we saw Jim Thorpe playing pro football. Draught was two bits a schuper in the blind pigs and smuggled bottled brew from Windsor was half a slug a pint. You could buy a good suit for $22.50. Lot of hi-jacking and shooting over there around that time. Yes, it was a good town even after the crash, as many local chaps will recall. But enough of memories for now.

* * * * * *

Legion Are Champions

Civic Arena wasn't jam-packed last night but there was a goodly crowd on hand to see the local Legionnaires win their second straight OHA senior "B" group title. They swamped the Toronto Meteors 17-1 (that's right) for their third win in as many starts of the group finals. Meteors were minus four players—out with the flu—but at full strength they would have been soundly beaten the way the Vitarelli pack was rolling last e'en. Nothing to it. It was 4-0 in the first seven minutes, before the visitors had time to be tired, and they ran in 10 without a return in the middle heat. Yeah, they're ready now for Kingston Nylons—or possibly Belleville—in the first round of the playdowns.

* * * * * *

The boys fattened their batting averages, with Bob Greenlaw leading the way, closely followed by Joe Rochetta, Bill Crowley and Bob Parnell. Chum Fryia notched three, also. In on two were Hill, Vitarelli, Mortimer and Toodie Greenlaw. Whole gang looked good. Only Al Burns and Ross Nicholls didn't get a point and they did a stout job defensively. A fast, clean tilt but such a rout that it wasn't exciting after the first 10 minutes. Nevertheless, the fans must remember that Legion looked mighty smart and should give any team in playdowns a rough ride before they'll bow out battling—if they have to bow out. They might just go right through to a provincial crown this season. The team has been building up the past several years and looked good last year. They look a lot better this season. You see, they still have that hungry look.

Some Hither And Yawn

Don't forget the OMHA bantam final at eight tonight in Civic Arena between Crowland and Marines . . . Come out and give the boys a hand, as well as seeing a swell playoff scrap . . . Sutton is at Marmora on Monday in OHA intermediate playdowns . . . Other district puck-info should be in elsewhere . . . And likewise with cage results . . . Belleville or Kingston plays Marines "B" at 8.30 tonight in the YMCA in OABA playdowns; Marines "A" basketeers are in St. Kitts today . . . . Bert Hall had a nifty 385 single this week in the City Bowling League for men . . . Committees working for the OBA convention here next month have a meeting at seven Monday eve in the "Y", Eddie Murphy advises . . . Quinte Diesels and Kingston Nylons clash in Belleville tonight in the third of their best-of-five senior "B" playoffs, Kingston winning two so far . . . Legion may get a game with them early next week . . . Bill Edger is just getting over an appendix operation, keeping him out of cage playoffs, though he'll be okay for baseball . . . . S'long for now.

Dutchmen Stage Comeback Trounce Marlboros 2-0

By The Canadian Press.

Don't put the 10-count on the Kitchener - Waterloo Flying Dutchmen yet.

Last night they drove back from near-elimination in the Ontario Hockey Association Senior A finals by defeating Toronto Marlboros 2-0 to take the first game in four of their best-of-seven series. Previously, the Dukes had beaten them twice in Waterloo and once in Toronto.

Before a sell-out crowd of 13,216 fans, the Dutchmen fought through two scoreless periods and then counted on two screened shots in the third.

It was little Marcel Pelletier, the Dutchmen's agile netminder, who saved the day.

The alert little custodian from Sorel, Que., kicked out 38 shots shots by the Dukes, who had more glistening chances than their rivals. However, the Dutchmen got in 26 shots at Howie Harvey, and the two that counted were about 40-foot screened shots that Harvey could not see.

Dinning Starts

Bill Dinning sent the Dutchmen on their first victory of the series. He took a pass from Billy Curick inside the Toronto goal zone, skated a couple of strides, and drove a long shot that never left the ice for the first counter at 7:45.

The 3,500-odd Twin City fans shouted themselves into near-hysteria when Dick Behling counted on a blue-line shot at 8:25. Again, Harvey's view was obstructed by numerous players.

Pelletier not only received joyous hugs from his teammates, but was presented with the Turofsky Trophy as well. He won the goalkeeper's trophy — offered this season for the first time — when he finished off the regular season with a goal average of only 2.70 a game for 40 games. Harvey was close behind with a goal average of 2.74.

Houtteman May Live

LAKELAND, Fla., March 12—(AP)—Young Art Houtteman, hard-luck guy of Detroit Tigers' pitching staff, appeared today to be winning his fight for life. Physicians said the 21-year-old right-hander, critically injured in an automobile accident Thursday night, showed some improvement although he was still on the danger list. He suffered a fracture at the base of his skull when his auto collided with a fruit truck as he and three companions were returning from a dance. The others involved were slightly injured.

R. Clark's Rink Captures Empress Trophy

With the presentation of prizes at 7.00 o'clock Friday evening, the week-long mixed rink bonspiel for the Empress Hotel Trophy came to a successful conclusion.

Dr. R. Clark's local rink took the honors. G. Braund, Peterborough, came second; C. Giroux, Peterborough, third and Dr. McKee of Peterborough, was fourth.

In the consolation event the main prize went to M. Thurston of Bobcaygeon; H. F. Downey, Peterborough, second; N. Murphy, Bobcaygeon, third, and W. Hursey, Haliburton, fourth.

As far as the primary event was concerned, it was a purely local affair, all four prizes going to local rinks.

In the consolation event it was different. Three visiting rinks and one local rink winning out.

Good Game

There were many good games played during the week, but maybe the ones that took the spectators' fancy were some of the games played on the final day.

That extra end game of Downey-Murphy was good.

That hair-raising finish of the Giroux-McArthur game was outstanding.

The Braund-McKee game was a dandy, as was the Clarke-Giroux affair.

The committee of T. Doughty S. Lorne and I. Moore stayed on the job all week and kept the games going.

Winners:

First—Empress Hotel Trophy—Peterborough, Mrs. A. Janes, G. Putnam, Mrs. L. Browne, Dr. R. Clark, skip.

Ottawa Nats Provided With 2-Year Home

OTTAWA, March 12 (CP). — Ottawa Nationals, 1948 pennant winners in the Class C Border Baseball League, will be making their home in the Capital's Lansdowne Park for the next two years at least.

A two-year contract with a three-year renewal option, was signed last night at a meeting of the Central-Canada Exhibition Association, administrators of the city-owned Fair Grounds.

Signing of the contract came after repeated warnings by T. P. (Tommy) Gorman, Nats' manager, that he would take the team across the border to the United States unless the association came through with a contract.

WINS IN FIFTH ROUND

At New York, Steve Belloise, hard-hitting Bronx middleweight contender, stopped J. T. Ross, lanky San Jose, Calif., youngster in 1:13 of the fifth round of the featured 10-rounder in Madison Square Garden Friday. Each weighed 157¼.

PCVS Teams Capture Group Titles

Lakeshore Girls' Basketball honors were swept by the cage crews of the Peterborough Collegiate and Vocational School Friday night in the school gym. In a rough and tumble junior game the school team defeated the Cobourg juniors decisively 28 to 3. The Cobourg team was defeated previously in the evening by the junior cagers from Lindsay 21 to 9 in the first game of the four-game tournament.

PCVS seniors, assured of the playoff position by the defeat of the Cobourg seniors by Lindsay seniors 12 to 10, handed the Cobourg team their second setback of the night by the score of 17 to 14.

Peterborough [illegible] the [illegible]

Cobourg Beaten

In the first game Lindsay juniors overpowered the Cobourg juniors 21 to 9. Lindsay team was led by J. Bell and M. Frost. Miss Bell sunk baskets to the count of nine points and Miss Frost passed and checked hard throughout the game. Score at half time of play was 9 to 5 for Lindsay. B. Thompson got five of her team's nine points.

Lineups:

Lindsay—D. Jardine 2, S. Meath 6, I. Green 4, M. Walling, K. Moore, J. Bell 9, A. Torrey, L. Wagstaff, D. Finlay, S. Pitts, M. Frost, F. Swinson.

Cobourg—D. Medhurst 2, B. Thompson 5, A. McQuaig 2, D. Taylor, B. McLelland, E. Jones, P. Ray, Y. McFaddyn, B. Taylor, E. Manning, M. Riddell, I. Hogan.

Defensive Game

In the Cobourg-Lindsay senior game the Lindsay team had difficulty in defeating the lakeshore team, 12 to 10. Both teams played defensive basketball and what shots were taken were off the target. B. Fisher with her wild brand of basketball was the pick of the teams. She has seven points. S. Algar played a good defensive game for the Lindsay team.

Line-ups:

Lindsay Seniors—M. Coombs 4, L. Cullis 4, J. Mitz 2, M. Owens 2, Y. Redick, R. Onrie, S. Algar, S. Brooks, J. Carew, R. Green.

Cobourg Seniors—B. Fisher 7, S. Wilson 3, K. Tunney, M. Stewart, D. Butler, M. Harvey, M. Kellough, M. Clarke, J. Hogan.

PCVS Juniors

In the PCVS junior game with Cobourg the basketballwise Peterborough team cracked the whip on the rival outfit 28 to 5. Closechecking made the game rough with the girls on either team not giving ground without a struggle. The passing of the PCVS team and their accurate shooting gave them the nod. Mary Craw netted 16 of the PCVS team's points. Scores at the half was 11 to 1 for Peterborough.

Lineups:

Peterborough — D. Penhall, Carol Raper 7, L. Hutchinson, M. Craw 16, B. Jaquith 5, J. Tivy, P. Nixon, A. Magee.

Cobourg — D. Medhurst 1, B. Thompson 2, A. McQuaig, D. Taylor, B. McLelland, E. Jones 2, P. Ray, Y. McFaddyn, B. Taylor, E. Manning, I. Hogan, M. Riddell.

Seniors Win

Tricky and quick passing of Estlick, Braund and Clifton saved the day for the PCVS seniors in their game with the Cobourg seniors. These forwards had 10 of the PCVS points. Peterborough led the Cobourg crew 11 to 4 at the half. The Cobourg team came flying to the attack in the second half to outscore the homesters 10 to 6. At times the Cobourg team crept to one point of the PCI'ers. Jane Hall rescued the home team by registering six points in the last half to keep her team ahead.

Leading scorer for the PCVS squad was Jane Hall with seven, closely followed by K. Clifton with six. B. Fisher and S. Wilson scored 12 of their team's points, having six each.

Lineups:

Peterborough Seniors — M. Braund 4, J. Hall 7, L. Paddock, K. Clifton 6, N. Mason, P. Estlick, H. Westran, K. McElroy, B. Lawrie, C. Graham, W. Watson.

Cobourg Seniors — B. Fisher 6, C. Wilson 6, K. Tunney, M. Stewart 2, B. Butler, I. Hogan, M. Harvey, M. Clarke, M. Kellough.

Officials for the four games were Beverley Morrison and Edith Schacter, both of Toronto.

Marmora Takes TVL Title

MARMORA, March 12.—(ENS).(ENS).—The championship of the Trent Valley Hockey League for 1949 goes to Marmora as a result of their win over Norwood on the home rink on Friday evening by the score of 12-4.

The Marmorians thus created a new record in that their sixteen league fixtures and all play-off games were played with no defeat and only one tie. The game was of the traditional stiff nature that has characterized encounters between these teams and a little roughness was in evidence on two occasions. The ice was in perfect shape and the battle was waed at a fast pace.

McInroy, for the champions, was top scorer, obtaining six goals. Norwood played pluckily until the end and their goals were well merited.

Teams lined up as follows:

Norwood—Goal, Morrison; defence, Hamilton, Simpson; centre, W. Webb; wings, J. Brown, Rogers; alternates, Payne, Kelly, I. Webb, G. Brown, Petterson. Spare goalie, Hill.

Marmora— Goal, Borland; defence, G. Leonard, E. Leonard; centre, Cousins; wings, aLvender, K. Trumble; alternates, Goodchild McInroy, E. Trumble, Loveless, Kerr, Nicholson. Spare goalie, Brooks.

Referees— W. O'Malley, Trenton, W. Holway, Belleville.

Summary:

First Period

Marmora—Goodchild 2.20
Marmora—McInroy (E. Trumble) 3.58
Norwood—Payne (Simpson) 5.00
Marmora—McInroy (E. Trumble) 9.54
Marmora—McInroy 12.30
Marmora—McInroy (E. Trumble) 16.45

Penalties—E. Leonard, Loveless, Kerr.

Second Period

Marmora—Loveless (K. Trumble) 3.17
Marmora—Kerr (Cousins).. 8.50
Marmora—McInroy (G. Leonard) 14.05
Norwood—W. Webb 14.35
Marmora—McInroy (Goodchild) 19.44

Penalties—J. Brown, E. Leonard, Hamilton, Rogers.

Third Period

Norwood—Hamilton (W. Webb) 2.38
Marmora—G. Leonard (Loveless) 3.18
Marmora—Loveless (G. Leonard) 9.18
Marmora—K. Trumble (Loveless) 10.50
Norwood—W. Webb (Simpson, Payne) 12.40

Penalty—Payne.

Game Cancelled

MARMORA, March 12—(ENS)—The opening OHA game that Marmora was to have played with Sutton on Monday evening has been cancelled. Manager Joe O'Neill received word on Friday that his team will be at home to a team unnamed as yet.

Marmora Midgets drawn to play Sundridge Midgets will not be playing on the Sundridge rink tonight as originally planned, but will meet their northern opponents at Burks Falls instead.

The boys held a final practice on the Marmora rink on Friday evening. Their travelling and other expenses are being met through a subscription taken up in Marmora and Delorp which met with good support.

CGE And Quakers Win Industrial Loop

Two games were played in the Industrial Hockey League at Omemee Friday night. In the first, CGE trounced Outboard Marines 5-0 and eliminated the Mariners 6-3 on the round.

Quakers won from the Ventilating Shades with a score of 6-1 and eliminated the Shades 12-7 on the round.

Friday night's victors, CGE and Quakers, will play the best two out of three games and the first tilt will be at Omemee on Monday.

Button Leading For Skating Title

ARDMORE, Pa., March 12 — Richard T. Button today held a commanding lead in defence of his North American figure-skating championship. The world and Olympic title-holder moves into the free-skating competition tonight.

The 19-year-old Englewood, N. J., skater, a freshman at Harvard University, compiled 1,229.4 points Friday in the school figures. He was favored first by all six judges.

Unlike the men's competition, the women's division of the championship is nearly deadlocked with Gretchen Merrill of Boston and Yvonne Sherman of New York battling for first-place honors. Marlene Smith of Niagara Falls, Ont., is right behind them.

At the completion of the com[illegible] school figures Friday [illegible]

Although no Canadian entries placed at the top, two Canadian entries placed fifth and sixth in the men's championships. The women's delegation placed a third, fourth, sixth and eighth. Roger Wickson, Canadian champion from the University Skating Club, Vancouver, garnered 1,106.1 points to place fifth behind Button. He is followed by William E. Lewis of Toronto, runner-up in the Canadian championship, with 1,092.

Miss Smith led the Canadians in the women's competition with 1,121.3 points in the unofficial standing to take third place.

Suzanne Morrow of Toronto, Canadian women's title-holder, was in fourth place with 1,110.7 points.

CITY CARPETBALL

The City Carpetball League is fast drawing to the end of its season and one trophy has been definitely labelled by Geo. Gimblett, Junior, and his doughty secretarial staff when they eliminated the Bell Ringers and then the Glengarrys, both in two straight games, the first by the scores 16-3; 9-9 and the Glens by 6-4 and 6-3.

The leadership of the league schedule is still in abeyance with only one game remaining to be played between the Glens and the Orange-squeezers. A double win for the Orangemen will place them at the top of the league by one point. A win and a draw will give them second place through the average column whilst a win and a loss will give them third place. This game should prove interesting.

Results received this week: King Billie beat the second place holders, the Thistles, two games [illegible] Plugs [illegible] two in favor of the Bouncers as they tied the first game 12-all and won the second 13-11; a last end decided it for the Bouncers were leading 11-9 going into the final frame to let the Plubs get a four on them.

The Thistles made up for their slackness with King Billie when they met the Fighting Parsons, taking that gang for a knockout by 10-8. The test between the Bell Ringers and the Woollens proved good, each taking their share of points home—14-9 and 9-10.

The Woollens also helped in keeping King Billie in check at the battle of the Boyne but could not hold him down altogether for, after trimming him 19-5 in the first, they retreated in the second to lose 16-5.

Another surprise by the Woollens was in their tussle with the Secretary's gang as they pulled the wool over their eyes and took them twice 15-7 and 11-10. It must be that they want to cheer up their skip, Jack Cridland, who is making a steady recovery in hospital.

Four games were played in the doubles and, owing to a little misunderstanding, a slight change will be made.

Pilling and Foster eliminated Garside and Bell in two out of three with the scores 7-4, 7-8, 10-4.

Douglas and Read put out Fulbrook and Wilson in two straight 7-11 [illegible]

[illegible] and Scott, [illegible] two old timers of the league, made short work of Graham and Kemp to the tune of 8-3, 11-8.

The only schedule game remaining is between King Billie No. 3 and Glengarry's No. 7.

Doubles: We are still waiting the results of the one or two games the balance of the schedule being as follows:

W. Morley, W. McMahon v. J. Douglas-A. Moscrop.

S. Cummings-A. Simswill meet the winners of O. Maley-P. Gahagan v. N. Lowes-C. Steadman.

O. Varty-W. Wilson v. D. Bartley-T. Nice.

H. Lundy-H. Harrison v. A. Robinson-R. Ralston.

F. Leether-J. Anderson v. L. Jackson-A. Price.

A. Pilling

A. Pilling-G. Foster v. F. Parsons-A. Bromley.

L. Thackeray-V. Read v. F. Honor-G. Whitehead.

Attention is drawn to the teaming of O. Varty with W. Wilson, G. Fulbrook having played with J. Wilson in error.

Musgrave Star Of League Game

NORWOOD, March 12—(ENS)—Musgrave secured a shutout in the deciding game between Keene and Norwood, of the Rural Group semi-finals in the Arena Thursday night, before a good crowd of spectators. The score was 8-0.

Musgrave was not kept busy at any time in the game, but Aldred, Norwood net minder, stopped a lot of rubber at different times. He was peppered with shots from all angles.

Mackness and Dalton were right in there for Keene, scoring three goals each. The others were scored by W. Thompson and Anderson.

Lineups were:

Keene—Goal, Musgrave; defence, Doughty, Robertson; centre, T. McCarthy; wings, J. Houle, B Thomson; alternates, Dalton, [illegible] Kempf, B. [illegible] wings, Bay Webb, Sutton; altednates, D. Kumpf, T. Brown, J. Robinson, S. Rusaw.

Referees, W. Leggett, K. MacArthur.

THE BRILLIANT NEW

DE SOTO

STYLED TO STAY Beautiful

HERE is the brilliant new DeSoto, featuring true automobile design — to give you more comfort, more safety, more performance — and styled to stay beautiful.

Passengers in this striking new DeSoto will find it bigger, wider, roomier, more comfortable — yet it is slightly shorter from bumper to bumper for easier city driving and parking. The 125½ inch wheelbase is 4 inches longer to further improve the restful "between-the-axles" ride. Seats have been made wider — but overall car width has not been increased. Wide, high doors let you get in and out with ease.

Drivers will enjoy DeSoto's time-tested and improved "Tip-Toe" gear shift . . . the transmission that lets you drive all day without changing gears. With "Tip-Toe" shift you still have a clutch, so you retain complete control of the car at all times for greater safety.

From the smallest detail of the luxurious new interior . . . to the still better "Tip-Toe" shift . . . every improvement has been planned to increase the high standards set by previous DeSoto models.

See this fine new DeSoto at your Dodge-DeSoto dealer's showroom. He will be happy to show you, and demonstrate, the many new and tested features which make DeSoto the distinctive car of the year.

DISTINCTIVE FROM ANY ANGLE

From the sparkling new grille to the high-set tail lights and convenient back-up light, the new DeSoto represents true automobile beauty, its graceful lines and gleaming chrome combine with the luxurious interior, outstanding performance, to make it the distinctive car of the year.

A wide view of the road through the higher, wider windshield and rear window makes city driving and parking easier and safer. The new, quieter windshield wipers sweep 44% greater area for greater driving safety. Defroster vents cover the whole windshield width.

You relax on chair-high seats in the luxurious upholstered, roomy interior of the new DeSoto. Two-tone interior trim is available in tan or blue shades to blend with the 8 distinctive body colours. All seats are covered with sponge rubber for extra comfort.

Suggest Cures For The Blues

MARMORA, March 12—(ENS)—A cure for the blues was the subject of the roll call at a meeting of the WMS at the home of the secretary, Mrs. W. G. Chrysler Wednesday. The president, Mrs E. C. Prentice was chairman.

The financial report stated the Hall Decoration Fund was close to $500 and it was decided to make a house to house canvass to augment the Hall Decoration fund.

A letter from the Department of Home Economics drawing attention to a course which is to be held in St. Andrew's Hall on April 12 was read. The subject will be Canning Ontario Foods. Mrs. F. S. Sivert gave the monthly report on Social Welfare and Mrs. D. Thomson on the Tweedsmuir book. Mrs. W. D. Lavender reported on the contract for the redecoration of the stage of Marmora Town Hall.

The Rev. G. D. Young addressed the meeting, the speaker giving a fine address on Social Welfare.

Catering arrangements were made for banquet in connection with a School Area project which is to be held in St. Andrew's Hall on March 17.

Miss Grace Warren and Mrs. James Rice were appointed to draw up a slate of officers to be presented at the April meeting to be held at the home of Mrs. A. H. Connor.

Miss Helen Lummiss played the piano and duets were rendered by Mesdames P. Gray and L. R Rundle. Refreshments were served.

Asphodel Council Sets Rate At 12 Mills

NORWOOD, March 12—(ENS)—Asphodel council set the general township and road rate at 12 mills to be used in addition to the provincial grant at the March meeting in Westwood town hall.

The council decided it could no longer be responsible for an indigent patient at Queen Elizabeth Hospital.

It was also decided to provide expenses for delegates to the Municipal road convention.

Waiting Room Rental Causes Controversy

MILLBROOK, March 12 (ENS)—The rental charge placed on the waiting-room by the municipal council recently, is not being received without adverse criticism. The late F. C. Scott, to whom the community owes this accommodation, gave it as a free gift to the village. However, a recent thorough renovation cost more than $400 for labor and materials, and the upkeep, heating, lighting and general maintenance amount to a considerable.

Fees of $3 for all reservations sponsored by religious organizations, welfare, or service clubs and $6 for reservations sponsored by private or commercial groups are being charged.

The Lions Club has provided improved facilities such as dishes, cupboards, a stove, extra tables and chairs, and piano.

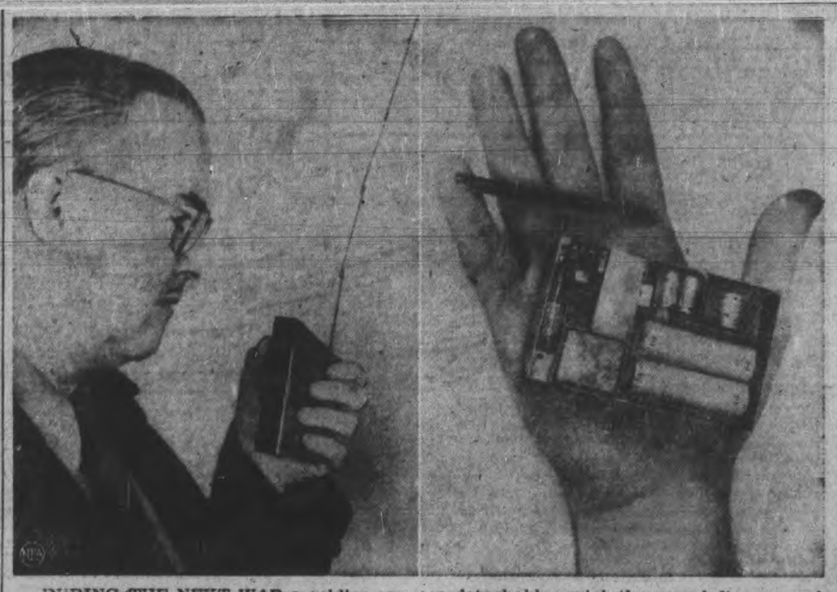
Orders Investigation



OTTAWA, March 12 — (CP)—Resources Minister MacKinnon said Friday he has ordered an investigation into a charge that foreign seamen are working aboard a Canadian vessel at Halifax in violtion of immigration laws. The complaint was made by the Canadian Seaman's Union (TLC), which claimed the men were brought from the United States originally to man a Panamanian ship and then were aboard the Colchester County, a Halifax-owned vessel.

Can't Reach Decision

CLEVELAND, March 12—(AP)—Delegates at a conference representing 35,000,000 American Protestants came to no decision Friday on holding a meeting between top world Protestant leaders and the Vatican on religious freedom. They referred the matter to the executive committee of the Federal Council of Churchs of Christ in America which meets in New York next week.

500 Pupils Picket

NEW YORK, March 12 (AP)—Five hundred striking High School girls went back to classes on Friday, but not before the students were threatened with suspension and four adults were arrested. The girls picketed Walton High School in the Bronx for the second day, protesting against a new attendance rule.

DURING THE NEXT WAR a soldier can carry a radio in his pants pocket. The Army Signal Corps has developed a pocket-sized transmitter-receiver, believed to be the only radio its size that contains all necessary component parts. By simply inserting a detachable aerial, the user, left, can send and receive spoken messages over distances greater than 200 yards. The radio and collapsed aerial fit into a man's hand, right. The 11-ounce set features plug-in units which can be pulled out and replaced like fuses.

British Movie Industry Is Fighting For Survival

By NORMAN CRIBBENS

LONDON, March 12—(CP)—Vying for front-page space with the cold war and budget estimates is the British movie industry, fighting a battle with costs as realistic as any it puts on the screen.

Nevertheless, movie magnates do not believe the industry is doomed. They declare that, as it yields nearly £40,000,000 ($160,000,000) a year in revenues, no government is likely to allow British movies to suffer extinction.

Extravagance and high taxation are blamed for the losses which have made city financiers reluctant to advance money for new productions. One example is the British film "My Brother Jonathan," made last year. Although it cost £198,000 to produce and took in £1,041,000 at the box office—the second highest British earner of 1948—its producers still lost £5,000 in the home market.

Taxes Too High

The producers' explanation is that of the money earned the government took £416,000 in taxes, the exhibitors £375,000 and the distributors £57,000—making a total expenditure including production costs of £1,046,00.

Two drastic changes have been suggested for putting the British movie industry on a paying basis: first a larger percentage of the box-office returns must reach the producer, and second, picures must be made at less cost.

Some pressure is being exerted upon Harold Wilson, President of the Board of Trade, to have the government refund part of its taxation so that it can be plowed back into production.

Tells Of Foundation Of Cottesloe WMS

COTTESLOE, March 11 (ENS)—United Church Women's Missionary Society met at Mrs. Howard Harden's home.

Mrs. William Forsythe told how the Cottesloe W.M.S. was organized more than 25 years ago by a Presbyterian minister's wife, Mrs. Atkinson, who was then living at Warsaw. The Society was named The Letitia Atkinson Society. Mrs. Richard McMillan contributed a crib quilt for the relief bale and members decided to make a large quilt.

Mrs. Haddow of Peterborough is to be invited to speak at the Easter Thankoffering service.

The story of the Good Shepherd was read by Mrs. Thomas Webster. A circle of Prayer was taken by 10 members Mrs. Elmer Metcalfe read For Such a Time as This. Mrs. Harnden served lunch. The April meeting will be held at the home of Mrs. Howard Patterson.

Cut Postal Rates

OTTAWA, March 12 — (CP)—A "substantial" reduction in the postage rates on gift parcels to the United Kingdom was announced Friday by Postmaster-General Bertrand in the Commons. Effective April 1, the new rates are: 50 cents on parcels from one to five pounds; $1 from five to 10 pounds; $1.50 from 10 to 15 pounds, and $2 from 15 to 20 pounds. The new tariffs apply only to gift parcels containing non-perishable food stuffs, discarded wearing apparel and soap.

Decide To Build Cavan Memorial

MILLBROOK, March 12 (ENS)—The Council voted in favor of a Memorial Community Centre after a delegation, representing the various committees appointed at a joint meeting of citizens of Cavan and Millbrook gave details of cost, method of financing, government grants available, and a summary of what has been accomplished to date at the March meeting of the Council this week.

Spokesmen for the delegation were President P. E. Hamilton, Vice-president G. A. Woods and others.

The clerk was instructed to inform the Lions Club that the Council is in agreement with the proposal to continue to provide and pay a caretaker for the community waiting-room. This would constitute rental, and the club is to continue using the waiting-room for its meetings as in the past.

The [illegible] roll was [illegible] month.

A claim by J. E. Wall, resulting from an accident on King Street was referred to Lloyds of London by the municipal council this week.

The assessor and other members of Council will attend the meeting of the Association of Assessment Officers, to be held in Cobourg on April 11.

The clerk was instructed to order 100 feet of 2½-inch fire hose (first quality), with couplings attached, from the Dunlop Rubber Company; also three gas masks, and three pairs of rubber boots.

James Godfrey, representing the local branch of the Canadian Legion, No. 402, was granted permission to hold a sports day and street dance on July 1.

Ministry Of Jesus Is Said Big Need Of World Today

By WILLIAM E. GILROY, DD.

"The Son of Man," said Jesus, referring to Himself, "came not to be ministered unto, but to minister, and to give His life a ransom for many" (Matthew 20: 28).

What does it mean to minister? The dictionary says that it means to supply as something needed. The great outstanding fact concerning humanity is human need. Young and old, rich and poor, sick and well, of every time, race and color, the one common denominator of the human family is need.

There are needs that the greatest wealth cannot supply, and needs that the most robust health leave those thus fortunate still in want. Man needs food, warmth, and rest. He needs health and peace of mind. Besides innumerable other needs of which he is aware, he needs a great deal of which he is not conscious. It is a part of man's progress to become aware of new and expanding needs.

Jesus came to supply man's need, or to teach men the way to God's supply. He fed men's bodies, but He brought to them the bread of life. He healed man's diseases, but He was the physician to sin-sick souls. He offered men rest, He ministered to man's need of faith, hope and vision.

There was no need of man to which Jesus did not minister. And we ought to write that in the present tense, for there is no need of man to which Jesus does not minister to-day. Even the basic physical needs of man for food, health, housing and welfare can be met in our modern complex world only as men learn to be mutually helpful, and minister to one another, in the spirit of Jesus It is ministry that the world most needs.

But the supreme ministry of Jesus was the ministry of salvation, the ministry in which He did indeed give His life a ransom for many.

As a boy I was impressed by a picture in a boys' paper that came to our house. It was a shipwreck at sea, a vessel returning from the California gold fields, with miners laden down with their treasure, but casting their bags of gold across the deck with the cry "Take it, who will; we are all going down." The man who has spent his life getting and grabbing, and even being very successful at it, is like those miners, little as he realizes it.

"My God shall supply all your need." say's the Apostle. And first in man's need is "the kingdom of God, and His righteousness."

Gospel Of St. Matthew

REV E. R. JAMES

The Book of the Generation of Jesus Christ, The Son of David, The Son of Abraham. St. Matthew 1; 1.

Blacks clouds of horror, famine and destruction hovered over the Jewish nation when this Gospel was written. The Roman Government had decided to wipe out the Jewish nation completely. It was the cancer in the Empire. Every Roman Governor looked upon his appointments to Palestine as a black mark. His enemies rejoiced.

Our Lord Himself placed great strain upon the patriotism of His Apostle, who came from Galilee, the centre of nationalism. To them He said. "When these things come to pass then look up and lift up your heads". They were to rejoice at the downfall of their nation. It was in such days that St. Matthew, moved by the Holy Spirit, wrote this Gospel.

Every man claiming to be the Messiah must be of the lineage of David. Otherwise no devout Jew would give him a second thought. Above all the Messiah, the Christ, The Anointed of God, must be more than man. He must be the incarnate Son of God. So we have the story of the Virgin Birth and His Divine Name;—Emmanuel, God with us. He is to be a King. So we have the story of the wise men asking: Where is he that is born King of the Jews. They offer the Babe kingly gifts.

The King must have a kingdom. So His forerunner proclaims the coming of the Kingdom of Heaven. The King Himself makes the same claim. This is the Gospel of the Kingdom of Heaven. For the sake of devout Jews the writer substitutes Kingdom of Heaven for Kingdom of God. The Jews shrank from using the divine so frequently.

The Kingdom must have laws. These are laid down in the Sermon on the mount. St. Matthew gives ten parables not given elsewhere, among them being "the Pearl of great Price", making its appeal to Jews who are willing to pay the price to enter into Kingdom of Heaven. Seven chapters are given for the trial and crucifixion of the Christ. The book closes with Our Lord's own command:—"Go ye into all the world and teach all nations." An universal religion is founded from the Jewish race. His promise:—"Lo, I am with you all the days, even unto the end of the age."

The writer draws attention to two kingly thoughts.

SEVERITY. A famous writer says the New Testament is a very severe book; especially this Gospel, which contains many saying of judgement especially the fall of Jerusalem, and the condemnation of the Scribes and Pharisees. "How shall ye escape the damnation of hell". No wonder they crucified Him.

TENDERNESS. This is the other kingly quality. Tender care for His people is the mark of a true king. He is the father of his people, especially of the weak and the poor. "Take heed that ye despise not one of these little ones; for I say unto you that their angels in heaven do always behold the Face of My Father". This writer alone gives us "the comfortable Words", which have brought strength and peace to multitudes thr[illegible] as "Come unto Me all ye that labour and are heavy laden and I will give you rest."

THE GOSPEL OF CHRIST IS THE POWER OF GOD UNTO SALVATION: TO THE JEW FIRST, THEN TO THE GENTILE.

Tenth Anniversary Of Death Of W. G. Morrow Community's Benefactor

Sunday is the tenth anniversary of the death of W. G. Morrow, benefactor to the citizens of community in his bequest of funds with which the Council is planning a new City Hall. Mr. Morrow died in Pasadena, Cal., March 13, 1929, from a brief illness of pneumonia. He was vice-president and managing director of the Toronto Savings and Loan Co., president of the Peterborough Lock Company, and was director of several financial companies whose headquarters are in Toronto.

At his death Mr. Morrow was 69. He was born in Cavan township, son of William Morrow and his wife, Mary Hopkins. In his earlier years Mr. Morrow, a nephew of Senator George A. Cox, was secretary of the Board of Education, an experience in municipal recording and a connection in administration that resolved his civic interests at an early stage of his career. Later, he was elected to the City Council as alderman, and finally Mayor of Peterborough in 1910.

Public Benefactor

Mr. Morrow's attachment for the welfare expressed itself in many directions, through the Public Library Board, the Little Lake Cemetery, Trinity United Church, the Peterborough Curling Club, and other local associations. That same deep spirit of citizenship and its practical responsibilities, and a love of Peterborough as his home, manifested itself posthumously in his last will and testament.

His Bequests

He appointed the National Trust Company as his executor and trustee of his estate. Bequests in his will included one-sixth of the cost of a new Sunday School, for the congregation of Trinity Church, providing it was built in five years after his death. The time lapsed, but the trustees recently renewed provision for financial assistance in the building of a Trinity Sunday School.

To Anson House, the former Protestant Home, $1,000; the YWCA, $1,000; YMCA, $500; Red Cross Society of Canada, $5,000; Little Lake Cemetery Co., $1,700, for maintenance of the Morrow burial plot.

The residue of the estate was to be held for the following trusts:

Victoria University, Toronto, $50,000; Albert College, Belleville, $25,000; Peterborough Public Library, $5,000, to be held as a fund for the purchase of books.

The sum of $25,000 was to be invested and its net income was allotted to the missionary and maintenance fund of the United Church for 25 years.

The executors were to set aside $100,000, and its net income was to be paid for the general purpose of Trinity United Church.

Scholarship Fund

For the Morrow Scholarship Fund for local students $25,000.

The next clause of the will defind the bequest to the community of Peterborough. "The balance of residue of estate shall be held in trust for the relief of poverty and the advancement of education in the city, and for any other charitable purpose beneficial to the community of the city.

Recent information of present value of the estate, after 10 years, various bequests, is around $500,000.

"To assist him, the Trustees shall consult with the Mayor, Senior Judge of the County Court and the chairman of the Board of Education; trustee to keep residue invested, to use balance of residue or any part thereof or the income therefrom, or any part thereof, at such time or times and in such proportion and to such terms and conditions as it shall be decided upon."

"Without in any way restricting or limiting the general power, authority and discretion herein given to my Trustees, I would suggest to it (National Trust Company) that if, when the said balance of the residue of my estate becomes available for carrying out the trusts herein contained, the city of Peterborough shall not have erected a city hall or proper municipal buildings, my Trustee should, if it deems advisable to do so, use such balance or part thereof as it may consider advisable for the purpose of erecting or helping to erect a suitable building to be used as a city hall. If my Trustee should decide to carry out this suggestion, I do not desire to limit in any way its power to carry out the matter as it thinks fit, but at the present time, it is my idea that the cost of erecting a suitable hall would be approximately $200,000, exclusive of the land which should be provided by the municipality.

It is my desire that if my Trustee pays for or contributes to the cost of construction of such a building, a reference to this bequest should appear by a tablet or other suitable indication on such building."

Finds Attitude Of Canadians Most Friendly

Friendly attitude of Canadian business people towards British salesmen is going a long way towards helping Britain's adverse trade balance thinks Miss Rosalind Kauffman, an English business woman who arrived in Peterborough this week. Miss Kauffman came to this country in May last year, intending to spend only a few months here to establish export markets for one of her father's patent designs but she has found Canada far too interesting a country for only a fleeting visit and is prolonging her stay until the summer.

Twenty-nine-year-old Miss Kauffman, an attractive brunette with a slight Lancashire accent, arrived alone and an absolute stranger to Canada, with only her merchandise to sell and an amazing spirit of adventure.

Expecting to have to fight her way through a barricade of indifference before establishing a foothold in the Canadian market, Miss Kauffman set out to conquer Ontario and parts of Quebec. It was her intention to demonstrate her father's new design in stores throughout these provinces but well she knew the setbacks which have to be taken by all salesmen.

But Miss Kauffman has found Canadian business people more approachable than any she has met before.

Unaided, she has travelled west from Montreal to nearly every city and town is southern Ontario and never before, she says, has she met such interesting and friendly people. She also thinks Canadian women dress smartly. "To see the women going to their work on a summer morning you would think they were going to a garden party" she declared.

45-Mill Rate Seems Likely

The tax target of city council is a 1949 rate of 45 mills, Mayor Max Swanston told the Examiner this morning.

That would be an increase of 3½ mills over the 41½-mill rate of 1948.

Finance committee, with Ald. Hugh Waddell presiding, has not spared itself in threshing through the departmental recommendations, committees, commissions and so on.

They sat until nearly 11 o'clock Friday night for the third night in a row. On two of those evenings they were burning the fluorescents in the committee room until after 11.

"We expect to have the rate adopted next Wednesday at the latest," His Worship said. "We took $18,000 off the board of works department last night, but we have to remember that there is quite an extensive repair problem facing us. On the other hand, if we do some more permanent paving this year, as is proposed, that should cut down some on road maintenance cost."

Mayor Swanston said it should be generally recognized that there has been quite a large increase in civic wages this year.

DOUSE TWO CHIMNEY FIRES

Firemen put out a chimney fire on Friday afternoon at the residence of C. Morgan, Murray St. Shortly before 7 a.m. today they extinguished another at the home of H. Schell, Park St.

DENTIST EXAMINE PUPILS

During February 469 pupils in Peterborough Public Schools received a dental examination. Other activities of the dental unit of the Board of Education Health Services: Treated at clinic 52, treated at family dentist 110, number OK 179, left school 10, still needing treatment 118.

C.G.E. Fridge Move Hoisted Far Flung Plants Booming

Removal of the refrigeration department of the Canadian General Electric Peterborough plant, which was expected to start in May, has been postponed until later in the year, probably September. Ian McRae, general manager of Peterborough plant, returned from Toronto Friday, where discussions have taken place during the past two days on details concerning the removal. He has not yet made a public statement revealing the actual date of removal or the number of workers who will be affected by the change. J. E. Girven, assistant works manager, told the Examiner Friday that it was not yet possible to announce matters which were still being discussed, but he thought most of the workers affected by the removal would be absorbed by another department.

The plant in Montreal was used during the war for producing tanks. Purchased by Canadian Electric from War Assets, it is now being converted to work at full capacity. It is expected there will be 1,000 workers there by the end of this year.

Increased production in considered to be a solution to high prices and already Canadians are buying electric light bulbs at prices below pre-war level. Electric kettles, blankets and irons have also come down in prices recently.

Production of generators and transformers for hydro development is being stepped up and the switchgear is working at full pressure.

Diesel in Peterborough

The company, in collaboration with Montreal Locomotives, has embarked on the production of diesel electric locomotives in Peterborough, which is expected to abate smoke nuisance and enable railroads to trim operating costs.

One of CGE's special projects is the television receiver which it pioneered in Canada. In this field there is tremendous scope for further development for at the present time, 10 people are waiting to buy every set produced despite the fact that Canada has no television stations of its own. There are 1,200,000 Canadians living within the range of American stations. Although the price of television sets is high today, CGE predicts that prices will become lower once production swings into higher gear. Where facilities and manpower permit, CGE is working in double shifts to get the products out. Motors, essential to the mining industry are in heavy demand.

Peterborough plant, apart from generators, is supplying industrial needs in wire and cable, porcelain and welding electrodes. The Toronto Davenport plant is busy with transformers, conduit and

Contract Given Local Firm For Groceteria

Contract for the building of the Peterborough groceteria of Dominion Stores has been left to Walter H. Mortlock of this city. He confirmed this morning a local report, and said, "I hope to get started on this construction before the end of the month".

Dominion Stores bought from the city the vacant property at the northeast corner of George and Sherbrooke Streets for a modern marketeria similar in design and facilities of merchandising to their latest branch in Toronto.

The building is of one story with a 55 foot frontage on George St. and depth of 120 feet. Adjacent parking space for the convenience of motorists will be provided.

Among successful contracts carried out by Mr. Mortlock were the six-room addition to Confederation School, Park St. south, for the Board of Education, and the interior rebuilding of the S. S. Kresge store that was extensively damaged by fire last summer.

Chemong Lake Bridge To Be Ready In April

The Dominion government's bridge and swing span in the Chemong Lake causeway should be completed early in April, Mr. R. M. Glover told the Examiner today, relaying information from the Department of Transport.

The bridge is now being built as a separate link in a chain which is gradually approching it. Mr. Glover said it was expected that traffic would be rolling over the causeway toward the end of spring.

Boy Finds Purse

A small boy aged about 10 walked into city police station today with a man's wallet containing $31 which he had found on Charlotte St. He was Robert Chapman, 301 Bethune St. The wallet contained papers identifying it as the property of Edward Toal, 537 King St.

"A very excellent service; and for them a very economical one" commented James Dutton, chairman of the Board of Health after hearing the report.

Chamber Plans To Observe Diamond Jubilee

An important milestone in the history of the Peterborough Chamber of Commerce, which down through the years has contributed much to the community life and business development of this city, will be observed on Tuesday evening, March 15, at 6.30 when the Diamond Jubilee of the founding of the organization will be fittingly observed at a reception and banquet. A large number of invitations have gen extended to dignitaries in all walks of life, including church, state, labor, and the various levels of government, to attend the function, which will be held in the Empress Hotel.

Special speaker at the banquet will be John H, Brace, O.B.E., of Montreal, vice-chairman of the Executive Committee of the Canadian Chamber of Commerce and vice-president in charge of personnel and public relations of the Bell Telephone Company of Canada. Chairman will be W. M. Gemmell, president of the Peterborough Chamber of Commerce.

An outstanding feature of the banquet will be the presence at the head table of the only two members of the present Chamber of Commerce who were also member 50 years ago, namely; F. D. Kerr, K. C., Peterborough barrister, and Vincent Eastwood, chairman of the City Trust Commission.

Membership in the local Chamber now stands at 350, the highest in its history, which is an increase of 210 over the figures of a year ago. A membership drive conducted last October is largely responsible for the increase.

Two Earlier Attempts

While actual formation of the local Chamber of Commerce as it presently exists took place on March 21, 1889, two earlier abortive attempts to set up a "Board of Trade" are recorded in records in possession of the chamber. A minute dated Feb. 11, 1886, tells of an "item in the local press to the effect that the "alleged Board of Trade' has not met in four years." It goes on to record that "steps were taken to disband the organization such as it was" some three years before the formation of the present group.

Twenty-four members comprised the organization on its inception in 1889. The first president was George Hillard, a lumber merchant, who was twice elected to the House of Commons at Ottawa, in 1878 and 1882.

The first attempted organization of a Board of Trade or Chamber of Commerce took place on January 9, 1877.

A perusal of the minute book of the Chamber of Commerce of 50 years ago reveals that there is considerable similarity between the questions dealt with by the chamber of that day and the problems faced by today's group. For instance, the following item appears in the minutes of Tuesday, May 9, 1899:—"Communications from Mr. J. W. Leonard, general superintendent, Canadian Pacific Railway, Dr. S. U. Wells, Mayor of Barrie, Lever Brother, Ltd., (Sunlight Soap), and E. E. Stearns Bicycle Company, the latter two with reference to locating their manufacturing businesses in town, were read."

A "Certificate of Formation of the Board of Trade of the Town of Peterborough" in the possession of the present manager of the Chamber of Commerce, James M. Fraser, lists the following as "Corporators and residents":—W. Lech, Thomas Kelly, Robert McWhinnie, W. Manson, W. E. Mathews, R. G. Kingan, Adam Hall, A. Ernest Sherwood, J. Carey, Robert Fair, W. G. Minore, W. J. Green, W. J. Sherwood, MacFarlane Wilson, H. S. Macdonald, Routley, H. Phelan, F. H. Dobbin, D. Belleghem, William Langford, Thomas Calvill, J. G. Turnbill, W. A. Sanderson, B. Shortly, J. Hackett, John McClelland, W. Paterson, Thomas George Hazlitt, and George Hilliard. First secretary appointed by the board was J. Hampden Burnham.

Members of the 1949 executive of the Peterborough Chamber of Commerce, elected last January, are:—President, W. M. Gemmell; Vice-President, J. E. Girven; Treasurer, J. Blake Bell; Directors, E. C. Braund, D. A. Kerr, K. Kingston, Dr. H. J. Long, Herb. Mason, Gordon S. Matthews, Robert Peirson, Harold Rehill, P. D. Scollard, W. Ross Thompson, Hugh F. Waddell, J. E. Weir; Manager, James M. Fraser, and Secretary, J. J. Dorris.

Main Street Topics

COUNCIL HAS TWO-DAY SESSION

The County Council March session will be on March 22-23. The estimates for the year will be brought down as this two-day meeting.

TWO CARS COLLIDE

Two cars collided at Hunter and Rogers St. Friday night damaging a car driven by John Tinney, Cavan to the extent of some $200 and the other car involved in the collision, driven by Frank Scott, R.R. 9 Peterborough, had the left front fender and steering damaged. There were no personal injuries.

OPTI-MRS. AFFAIRS

Trafalgar House, Optimists' Boys' Town project, is being used by the Opti-Mrs. Club for their meetings. They plan their next get-together on March 21. With election time drawing near the following nominating committee has been chosen: Mesdames Phyllis Race, Jessie Tweedy and Vivian Edwards.

MAGISTRATE PHILP TO SPEAK

Peterborough Optimist Club will meet on Monday at 6:30 p.m. for dinner and to discuss club business matters. Guest speaker will be Magistrate W. R. Philp, KC, who will talk on juvenile delinquency, a subject of much concern to the Optimists' Boys' Town program at Trafalgar House.

MILK SAMPLES IMPROVE

An improvement was shown in the samples of pasteurized milk taken during February, H. H. Hamilton, Milk and Food Inspector, reports. During the month he visited 20 dairy farms; took 29 pasteurized milk samples; examined the market four times; slaughter houses three times, and stables five times. In some instances the cleaning of stables was ordered and the removal of animals other than cattle from the dairy barn advised. All slaughter houses were found satisfactory.

VISITS PRECEPTORY

Dr. E. Montgomery of Toronto Provincial Prior of Sovereign Great Priory of Canada made his official inspection of the Moore Preceptory Knight Templar in the Masonic Hall on Friday night.

ADDRESS JUNIOR HI-Y

Guest speaker at the junior Hi-Y luncheon Tuesday will be William Swiss of the Outboard Marine and Manufacturing Company Limited. He will speak to the boys on outboard motor production.

NEW CANADIANS RECEIVE AWARDS

New Canadians who have completed their course in Basic English and Citizenship will receive certificates at a special gathering in the auditorium of Queen Mary School on Wednesday, March 23, 8 p.m. Refreshments will be served by the Home and School Association.

SMART CATCHERS

In random sports recollections it might be a surprise to some of their friends today to know that Mat Breckenridge and Jimmy (Sr.) Ellis used to be smart baseball performers years ago; both behind the bat and on different teams. Mr. Breckenridge used to play a sturdy game for a southend team in the long ago. Mr. Ellis was probably with an Ashburnham outfit, was full of energy and "pepper" and could also whale the ball.

PRACTICAL PLANS FOR THE HOME YOU WANT AND HOW TO PLAN IT

Learn Useful Hints To Keep House Free From Cracks

Q. How can I be sure that tiles on my bathroom walls will not loosen and fall out?

A. See that the ties are applied with a special binder of pure cement and water atop a firm well-scratched coat of cement plaster and metal lathing. The sandless plaster will hold the tiles firmly in place.

Q. What can one do to prevent unsightly cracks from marring the appearance of plastered walls?

A. Cracks often result from settling of a foundation where poor drainage is causing the ground to soften. The immediate areas around the house should always be so graded that surface drainage will not seep into the basement. Whether the home is on a hill or in a valley, the pitch must be sufficient to drain all water away from the foundation

Q. I would like to know some material other than tile that I can use to cover my bathroom?

A. If you want a tile effect, there are a number of good wallboards made in imitation of tile that are attractive and serviceable. If you do not insist on having that appearance there are waterproof wall boards with plain surfaces that you can use. These can be painted. You should use at least one coat of high gloss enamel as a finish. Only the best grades of enamel and paint should be used as steam and hot water vapor are very hard on these surfaces.

Q. When wood starts to rot is there anything that can be done to check it?

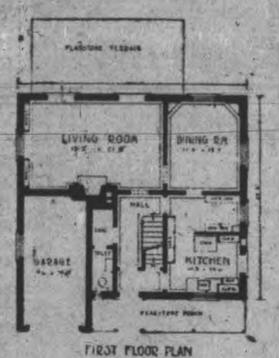
A. The remaining wood can be saved by the complete removal of the rotted wood. If decays is caused by dry rot, which is a fungus that will spread, the infected wood must be cut out completely and destroyed. When decay is caused by dampness, the wood that has rotted should be removed and replaced, and the new woodwork protected from future dampness in order to prevent a recurrence of decay. When wood is affected by termites means must be taken to destroy their tunnels and to prevent them from reaching any moisture in the ground.

Q. I would like to build a dining alcove in my kitchen if I can afford the space. What is the least amount of space that can be used and still allow for a convenient alcove?

A. It depends on whether the table and chairs are to be portable or built-in. In the former type dining alcove the minimum desirable size is 7 feet 6 inches square. In the second type an area 4 feet 6 inches by 5 feet will suffice.

Q. I want to lay a wooden floor over the concrete one in my basement.

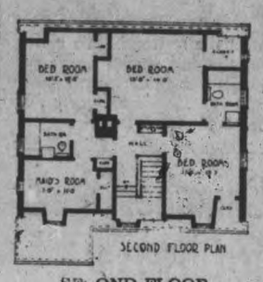
A. The concrete should be damp-proofed. Lay 2-inch by 4-inch wood sleepers over concrete, 16 inches on centre, and nail wood floor to the sleepers.



Q. What information can you give me about the use of metal lath?

A. Metal lath provides a durable base for plaster and is especially desirable under stucco and waterproof surfacing in bathrooms. Metal lath is available in different types and weights for various purposes. For use under stucco, metal lath may be either zinc-coated or galvanized and for interior work either painted or galvanized. Ceilings and exterior work call for a heavier weight lath than side walls.

When applying the lath, sheets should lap at least on inch on the sides and ends and be fastened on six or eight-inch centers. If self-furring lath is not used, do not fasten the lath tight against the face of the framework to which it it attached. Instead, use a type of nail which will hold the lath one-quarter to three-eights inch away so that the lath can be completely embedded in the plaster and afford good reinforcement.



HOUSE NO. 1004—Yes, and the picket fence is only one typical detail of the charm of this house. Just notice how harmoniously every feature blends to create this delightful composition. You'll like the interior just as well, too, when you study the plans. Here is everything to make life enjoyable. For instance there's the kitchen facing the street and with convenient access to front door. Between the kitchen and dining room is a space suitable for use either as a butler's pantry or a dining nook. The dining room itself overlooks the garden and has two built-in corner cupboards. Two sets of French doors open from the living room onto a flagstone terrace. A detail typical of the care that has gone into the planning of this house is the coal storage space opening off the ground floor hall near the fireplace. Upstairs you will find evidence of the same skilful planning. Contents, approximately 2,500 cubic feet. For further information write Home Building in Canada, 372 Bay St., Toronto.

Council Told Of Danger Of Present Water System

PORT HOPE, March 12.—Although the Waterworks Commission of Port Hope and the Town Council agreed Tuesday to the need of a filtration system and an extensive program of expansion of the waterworks system such as extending mains, etc., the larger expense of a new filtration plant was shelved for the time being.

At the same time, Council agreed to pay the Commission $25 per hydrant each year for the next five years, which, said Mayor W. R. Jex, should, with an increase in the water rate to the users, set up a kind of sinking fund for the continuation of the work within five to ten years, without the issuing of debentures.

The danger of a 50 year old 10 inch main from the pumping station breaking down must be eliminated as soon as possible, Council was told, by installing a new one. A break in the old main would leave the town waterless within 24 hours and helpless should a fire break out.

A resolution was finally passed at the meeting to pay rental on the hydrants for fire protection, in order that the Commission might proceed with the first of the extension and improvement plans such as the 10 inch main from the pumping station.

The situation was explained to Council in a letter read from the Port Hope Waterworks Commission

Council approved expenditure of $2756,000 on a 10-roomed extension to Dr. L. B. Powers' Public School which is expected to be completed by the fall next year.

The contractors are prepared to commence construction immediately, Council was told by the five-man body of school trustees that addressed the special meeting at the Town Hall on Tuesday. The approximate time required to complete the building from the time of starting work was estimated at one year.

The new building will handle approximately 400 pupils. It will have seven classrooms above the ground level and a double kindergarten and playroom with the floor 41 inches below the ground level. The Dr. Powers School will then be a complete Public School with all grades.

Debenture Required.

Approval of the issue of debentures is now required from the Ontario Municipal Board, and will be applied for immediately. The Department of Education has already approved the plans and cost, thus assuring the 37 per cent Legislative grant from the Provincial Government, as set down for this year.

Mrs. St. Laurent Finding Days Aren't Long Enough

By KAY REX

OTTAWA, March 11 (CP)—The merry-eyed woman shrugged her shoulders expressively. "Not enough time," she said.

That is Mrs. Louis St. Laurent's chief complaint about this job of being the wife of the Prime Minister.

For instance, she used to have lots of time to cook; to do a bit of needlework. But now the days aren't long enough to manage that and keep an eye on Parliament Hill.

Any day Mrs. St. Laurent can be seen in the Senate gallery of the Commons, watching her husband at work on the floor of the house.

Time Slips

Following house proceedings and attending necessary official functions doesn't leave Mrs. St. Laurent much time for anything else.

"Occasionally I slip away to do a little shopping," she said, admitting that she liked "to look at the hats."

She usually rises around eight o'clock daily to share breakfast with her husband who generally is at his office by nine. Soon after that Mrs. St. Laurent is busy reading newspapers.

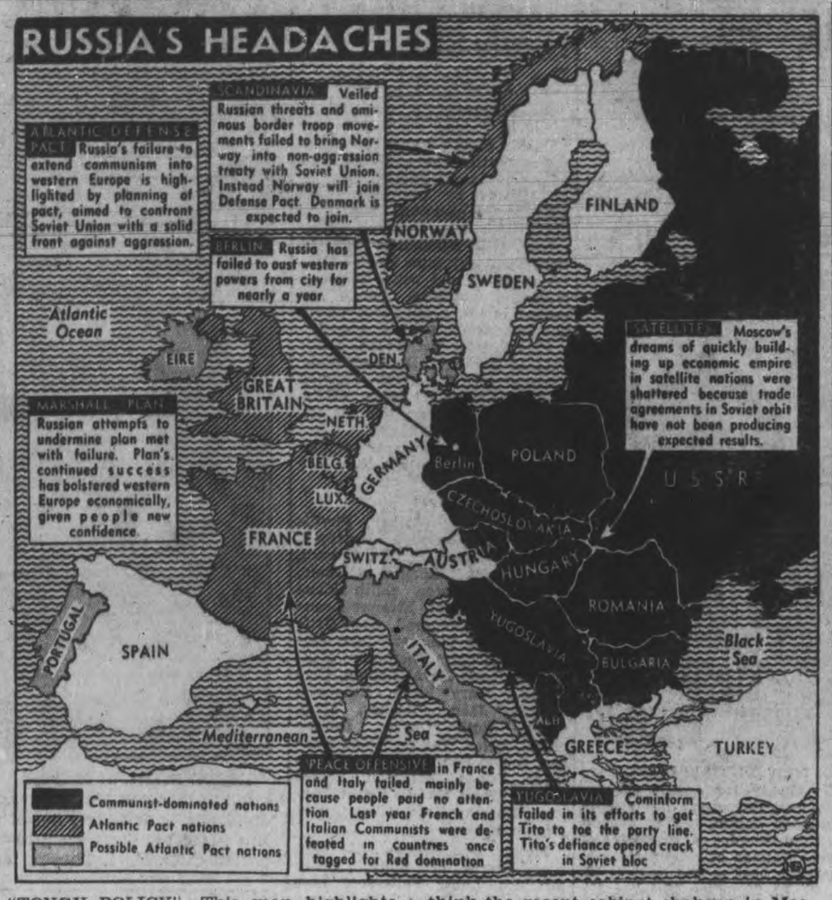
"I read all the editorials," she said. "Some are good—some are not so good."

Most of this newspaper reading is done in a corner of her husband's office "where there is a good lamp, and where I can rest when I grow tired of sitting in the Commons."

Busy Week-End

The week-ends have been and are destined to be even more taken up with visiting various parts of the country. Mrs. St. Laurent accompanies her husband on as many of these trips as possible—just as long as it doesn't mean travelling by plane.

"I'm not going on any plane," he said with a laugh.



"I would get nervous. . .they say planes are safe; but I'm not one who believes everything they tell me."

Normal Students Visit Industry As Part Of Course

Creameries, printing firms, brickyards are being visited by the students of the Peterborough Normal School as part of their curriculum. Every student has to make one visit during the eight-month term. This is done in an effort to change the Grade 13 students from learners to leaders.

Burritt Smitheran, master at the Normal, said by the visits to the firms the students learn to have confidence in themselves. He added that they learn the method of approaching people who have authority and people who are unknown to them. In this way they also learn to locate information which is not readily available.

Early in the fall a list of 20 places, for the choice of the students to visit is posted. Four students are assigned to visit each place. In places outside the school such as the city directory or the yellow pages of the telephone book the students get the name of the owner or manager to whom they can write and obtain an interview.

Each member of the group writes a business letter to the owner or manager stating the purpose of the visit. The four letters are then submitted to the English teacher. He decides which letter is to be mailed. From there it is left to the students.

They make arrangements for the visit. The student make the visit without being accompanied by a member of the Normal staff. A report of their visit is written and handed in. Co-operation between the four students must be had for a good report. In this report each member of the group must have one question and its answer.

This is the third year that the interviews have been used in the teaching of the student teachers.

Approves Alliance

ROME, March 12—(AP)—Premier Alcide de Gasperi announced Friday his government has approved Italy's participation in the projected North Atlantic Alliance. His statement, made in a tense session of the Chamber of Deputies, was followed by a sweeping attack on the proposed treaty by Communist and pro-Communist Socialist leaders.

David Wilson Dies

PONTIAC, Mich., March 12 — (AP). — David R. Wilson, 74, pioneer of the United States automotive industry, died at his home here Friday. Wilson had been ill for more than a year. He began his automotive career at the turn of the century as an executive of the former Olds Motor Works

Start Fund For Child

SASKATOON, March 12—(CP) — Neighbours Friday started building a fund as a reward for information leading to two-year-old Nora Emily Stone, missing since Tuesday. The child's mother, Mrs. W. J. Stone, feels that Nora Emily did not tumble into a nearby South Saskatchewan river. Police said they are investigating a kidnap theory, although they believe it more likely the youngster fell into the water.

Raffles' Trouble Started At 5 When Father, Mother Separated

NEW YORK, March 12 (CP)—How Gerard (Raffles) Dennis fell into a life of crime was told Friday by Detective Lieutenant Maurice P. Kelly of the New Rochelle, N. Y., police.

The story was published by the New York-Telegram. Kelly said he got the information from Dennis during the train-ride home from Cleveland where the Canadian, accused of jewelry and fur roberies totalling some $600,000, was arrested as he tried to sell some diamonds in a jewelry store.

"He went over his youth, how his parents separated when he was five. .. and how his mother, older brother Paul and sister Mary left for England in 1926 when he was six," the detective Lieutenant said.

"He said his father, a $12,000-a-year auditor for Lord and Burnham, Ontario manufacturers, was convicted in 1928 of embezzling $80,000 in company funds, and served three years in Kingston.

"He said kids at school refused to play with him because his father was a jailbird. So he teamed up with another eight-year-old in petty thievery.

At 14 Dennis heard his mother and sister, planning to go to England again, discuss the advisability of putting him in a home, the detective related. He ran away, slept in cellars and vacant lots and finally moved into the attic of a rooming house where his father was living. He came and went as he pleased.

First Trouble

He was arrested at 16, on Sept. 18, 1936, for a Brockville theft. It was his first trouble and he got nine months.

A year later, Kelly said, Dennis was sentenced to a year on housebreaking and possession burglary tools. Meanwhile Dennis, at 19, had married a "fine girl." They were divorced in 1947 after there were two children.

In 1941, St. Catharines police tagged him for burglarly, and he was sentenced to another year.

In 1942 Dennis was convicted of housebreaking and attempted abortion and sentenced to two years less a day at Burwash industrial farm. He was then 22.

"Nine day later he escaped when guards failed to count a work crew. He said he almost froze to death that night when he tumbled into a river."

He became a haberdashery clerk, Kelly said. One of his first customers was the policeman who had taken him to Burwash. The officer's memory was stirred but he left the store.

"Dennis also lit out," said Kelly. "But he came back a week later to demand his salary."

In January, 1944, under the alias of Langstaff, Dennis and Eleanor Harris, whom he met in a war plant in Toronto moved to Montreal where a baby girl, Wendy Julia Langstaff, was born Oct. 21. Lieutenant Kelly said Eleanor, as Eleanor Farrell, was subsequently apprehended and released — when Dennis' New York apartment was raided following their move to the United States.

Dennis arrived at Rye, N. Y., in March, 1946, Kelly said. He was picked up Feb. 10 in Cleveland and brought back to New York State. Thursday a Westchester County Grand Jury at White Plains, N. Y., handed up 12 indictments, containing 27 felony charges against him.

Shot In Senate

WASHINGTON, March 12—(AP)—A sensitive 69-year-old man shot himself to death Friday outside the United States senate chamber because he was "shamed" by the world's lack of progress "morally, ethically and politically." He was identified as Thomas C. Williams of Buffalo, N.Y.

Picture Window Views Created by Gardener

Views from picture windows are made—not born. That is, when the owner has been inspired to action by Mr. John A. Weall, landscape gardener and lecturer on horticulture at Guelph Agricultural College. As he gave a "chalk talk" to the Women's Art Association Friday afternoon, many of his listeners had pencils poised to record the advice that touched their particular gardening problem.

Use of coolored chalk to draw the picture he is talking about on a green board is a method devised by Mr. Weall when he found his pupils had more interest in agriculture and were going to sleep in his classes. The plan has worked with them and he held the full attention of his Peterborough audience.

First he drew the arrangement of trees in a Toronto ravine as they appear from the picture window. As a giant oak took form he explained how like people they are. "Trees adapt themselves to circumstances, they respond to stimulants and are like us in many other ways." He urged caring for the trees as was done when they were worshipped, because they too need meals. "Make perforations around the outside circumference of the tree and put fertilizer in" he advised. Reason for the placing comes from nature herself who makes leaves pointed so they will let the water drip off at that point and feed the roots. His love for trees was evident as he pointed out the virtues of the birch, the lady of the woods, which has appeal for all the senses in its make-up. On the slopes he put trailing arbutus and added dogwood for vivid color in the fall.

Picture windows are at their best in the country but can have a truly lovely scene in the city too. Mr. Weall's chalk had illustrated a typical lot, neatly fenced in, showing a neighbor's house across the street and on the other side a garage and car washing operations. In between the family wash was going on the line. Choosing exactly the right spot for it, he planted a pyramid tree that shut out all but one window of the house. A horizontal tree, preferably with different leaves and habits, quickly blotted out the garage scene. High summer shrubs nicely screened out the laundry. For filling in spaces he recommended using catoniasta, a fall shrub of which there are 33 varieties to choose from. Also euonymus lace, a variety that turns red in the fall.

"Careful study of foliages is necessary for a good looking perennial border" he advised and explained planning to keep it alive with color throughout the seasons. He suggested making it curve nicely and edge it with white elysium. The latter plants are greatly improved after a clipping which might be done just before leaving on vacation, he said.

Basis for every picture is good grass and to have this there must be six or eight inches of earth. Mr. Weall said in closing.

Mrs. N. D. Seaton, president, introduced the speaker.

Next meeting will be in the evening on Thursday, March 24, when the Literary Study Club will read "Fortune My Foe" by Robertson Davies, and other plays.

Church WMS Trend Toward Parent Education

Spring thankoffering meeting of St Paul's was held Friday afternoon in the Sunday School auditorium, with Mrs. D. T. Diplock presiding. Miss Lily MacArthur, Presbyterian deaconess from Toronto was guest speaker and gave a short outline of the varied fields of work with which she has been identified. These included welcome and welfare duties of work with which she has been identified. These included welcome and welfare duties at ports of Montreal and Quebec, later work at Val d'Or and Tindall House in Montreal. At another period she worked in Northern Ontario and also in the Western provinces.

At present Miss MacArthur is children's work secretary for the church and the WMS and has recently returned from a tour of Manitoba and Saskatchewan. She stressed the importance of right training early in the life of children, and quoted "He who helps a child helps humanity." In view of widespread child delinquency, lack of discipline and sordidness, the church has a grave responsibility and a great opportunity she pointed out.

Trends in children's work are toward all organizations in the church becoming united with more emphasis on the place the home should occupy and on parent church-school. "It is only through co-operation of the parents and capturing and holding their interest that finest results can be obtained," she said.

Reference was made to the interesting Indian children's schools and the training that is fitting them for more abundant living. Also to the work with Chinese and Japanese young people in BC. "Work with children takes faith and patience but is satisfying," she concluded.

Mrs. A. Sollitt introduced Miss MacArthur.

Guest soloist was Mrs. R. C. Searles who delighted hearers with two numbers. She was accompanied at the piano by Mrs. J. Arnold.

Mrs. T. J. Carley expressed the appreciation of all to the guests.

Devotions were led by Mrs. Jas. Dutton and based on the theme "Thankfulness." An invitation to attend the 60th anniversary celebration of St. Andrew's WMS on March 15 was read.

Tea was served with Mrs. C. A. Sollitt, Mrs. W. A. Hinds, Mrs. O. M. Steer, Mrs. W. A. Gray and Mrs. L. Mitchell as hostesses.

Park St. Ladies Hold Pleasing Concert

A pageant of living pictures in the family album entertained a large crowd in Park St. Baptist Church hall Friday evening. Arranged by the Ladies' Aid to raise money for a donation to the new Civic Hospital, it had pleasing results.

Narrator Mrs. J. Halcrow arranged the feature presentation with assistance of Miss Judy Barry and Mrs. J. Barry was the director. The cast was: Mrs. E. J. Whan, mother; Mr. C. Dayman, father; Yvonne Grant, the little girl; Mr. Eric Bills, Eden; Brenda Rogers, bride; Daniel Sisters, twins; Mr. Paul Wicks, the parson; Mrs. Roy Rogers, his wife; Rodney Halchrow, their son; Joy Blackwell, sister Jane; Mr. B. Smith, her husband; Irma Dayman, their daughter Sophie; Alberta Whan, daughter Liza Ann; Miss Ruth Barrie, the village beauty; Mr. Gordon Hertzgog, grandpa Hobbs.

A miscellaneous concert opened the program. Albert Wolfraim and Terry Huffman gave musical selections on the chimes and marimba. Mrs. Aikenhead contributed a reading and a monologue with piano accompaniment by Mrs. Dugan. An old-time quartette of Mr. and Mrs. C. Corbett and Mr. and Mrs. G. Batley sang with accompaniment by Adam Hawley.

Mrs. J. Pilling was chairman.

"Shamrock Ball" Nicely Staged By Y Girls Club

The Shamrock Ball was a lovely event of Friday evening at the YWCA. Eighty guests danced in the recreation room, the girls all charming in enhancing formals, highlighted by beautiful floral gifts for the occasion. Shamrock decorations were sharply contrasted with silhouettes of the Irishman's clay pipe. Gay streamers of green and white cascaded from the doorways. Lunch was served in the green room where quartette tables were arranged.

Miss Phyllis McClennan, president of Gym and Business Girls' Club, greeted the guests, assisted by Miss Lenore Edwards, YWCA girls' work secretary and Messrs. Ab Vass and Bob Quirt.

Door prize winners were Miss Jean McIntyre and Mr. Russ McGregor.

CGIT Doings

ST. PAUL'S

Josephine McMeekin reports that during business period of their meeting, Jean Smith and Grace Hudson were elected to represent this group at the CGIT Provincial Area Conference being held in Toronto on March 18-20.

Junior group continued project of making a map of China, while intermediates and seniors combined to learn the Virginia Reel.

✧ ✧ ✧

TRINITY

Barbara Shier and Helen Maudsley of intermediate group were in charge of worship period and followed the theme "Those Who Need Help."

In presenting the report of girls' council, Joan White announced the tea to be given by the Peterborough Girls' Work Board on April 9 and asked the girls to assist by selling tickets and making candy.

Highlight of the evening was presentation of a framed copy of the CGIT Purpose by Miss Anna Edmondson.

In their individual groups, the intermediates worked on a play, then enjoyed a Chinese game before closing the meeting with taps.

Seniors followed their mission study project, some of the girls working on their donations for the Canadian Church Relief Abroad during the discussion of China.

✧ ✧ ✧

GEORGE STREET

Carol McKenzie reports the girls of George St. brought box lunches to their meeting this week. Miss Constance Wagar spoke to them about opportunities for full time service in the United Church, at home or abroad. She directed the group in making dolls from pipe cleaners and felt, and also showed examples of wood carving, picture frames and painted silk handkerchiefs.

✧ ✧ ✧

CESAR FRANCK

A GREAT NAME IN MUSIC!

A native of Belgium, having been born in that country in 1822, Franck became organist at Ste-Clothilde's in Paris. There he composed the famous D Minor Symphony, which has a style reminiscent of Beethoven. D Minor was performed under protest of the musicians at the Conservatoire concert and use of the English horn in it evoked biting criticism. However, this use of the English horn has long since been recognized as one of its most beautiful features. Franck also composed the well-known Panis Angelicus.

PIETRO MASCAGNI

A GREAT NAME IN MUSIC!

This Italian operatic composer, born in 1863, produced the ever-popular Cavalleria Rusticana, a naturalistic work undiluted by Romantic tendencies. The best-known piece in the opera is the Intermezzo which, since its composition has been performed independently from time to time. Portions from the opera were sung by Enrico Caruso for the first radio broadcast that took place from the stage of the Metropolitan Opera House in New York. The date of this broadcast was January 20, 1910.

DOROTHY DIX

Homesick Brides Told Take Initiative, Make Friends

DEAR MISS DIX: A great many people who have had to leave their home towns and go to live in strange places complain of being lonesome. They have no friends or acquaintances, and are miserable and homesick. I'd like to tell these unhappy ones that my husband and I, who have been through this ordeal, have found a sure cure for it, which we are glad to pass on to others who are suffering from the same affliction.

Dorothy Dix

It is to be a joiner. Don't wait for strangers to make advances to you. Beat them to it. Be the one to hold out the glad hand. Here is how it happened with us: My husband's business required he should move into a strange city where we knew no one.

But he did not wait for people to hunt us up. We went to see them and we joined everything in sight—the church, the Sunday School, the clubs, the Town Grange, the Volunteer Fire Department, etc. Now I am on the hostess committee of the whole group and an active member of the Schools' Parents' Association. Even my 6-year-old son has adopted a grandmother for himself.

Believe me, the secret of adjusting yourself to your environment and being happy in it is to be a Joiner. H.D.

ANSWER: These are words of wisdom that many a woman who is eating her heart out in repining for her old home and her old friends would do well to paste upon her mirror where she would see it every time she put on her makeup. For it is not possible for us always to be able to choose our environment and our associates. Most of us have to take life as it comes. We can't alter it to suit our tastes.

Tears Heartstrings

Breaking family ties is a tragedy that tears at the heartstrings almost as cruelly as death itself. It is so hard to be separated from those we love, so lonely to live among strangers. There is but one remedy for it, and that is to be a "joiner," to make friends, to take an interest in others' interests, to literally rejoice with those who rejoice and weep with those who weep.

I especially give this message to young brides who are leaving their homes and their families to go to strange places to live. Be a joiner.

✧ ✧ ✧

DEAR MISS DIX: I have a strange problem. I am engaged to be married to a man whose wife is dead. They lived together for five years and he promised her that if she died and he considered remarrying, that he would wait five years before he married again. He feels that we cannot marry because of his promise not to marry again until the five years have passed.

He says he can't break a promise made to his wife and I would feel that if he married me within the five years that her ghost would always be between us. But why must the dead come to haunt the living? And why aren't the living more important than the dead? We are in our fifties and have not long to live, so why can't we marry and enjoy life? PUZZLED.

ANSWER: There is no sane reason why the living should be sacrificed to the dead, but it is a superstition that brings sorrow to many otherwise intelligent men and women. For it is not an unusual thing for a jealous man or woman to wring a promise from his or her mate never to marry again.

Just what pleasure the dear deceased are supposed to get out of inflicting years upon years of loneliness and, perhaps, poverty and want upon the mates they have left behind them, nobody knows. But to my mind it smacks more of Hell than Heaven. Certainly you cannot imagine a saint in Paradise gloating over the misery they have wished upon a good and faithful husband or wife.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a young girl who is engaged to be married. My problem is that I am undecided whether I should do so or not. My fiancee is so jealous that he never wants me to go out alone, and if I am ever seen talking to any man he flares up and makes a scene which is very embarrassing. Lately, whenever I say anything with which he disagrees, he goes into a tantrum and hits me.

Does a man change after he is married, or would I have to put up with this all of my life after marriage? DESPERATE.

ANSWER: I don't know why you should have any indecision about whether or not you should marry a man who shows you every day, in every way, what sort of a hell he would make for you if you married him. Any man who seems to have every mean quality that a husband can possess, and who has not even decent manners to cover up his boorishness, makes a poor prospect for a life mate. This man has shown you what to expect if you marry him. Your sorrow will be on your own head if you do.

HENSHALL—In loving memory of our darling son age 3 years, who passed away 2 years ago today March 12, 1947

Gone is the face we loved so dear,
Silent is the voice we loved to hear,
Too far away for sight or speech,
But not too far for thought to reach
Sweet to remember him who once was here.
And who though absent is just as dear.

—Sadly missed by mother and dad.

MASTERS—In loving memory of a dear sister-in-law, Margaret Masters, who passed away March 12, 1948.

We who loved you sadly miss you,
As it dawns another year,
In our lonely hours of thinking,
Thoughts of you are ever near.

—Sadly missed by Lucille and George Dodson.

MASTERS—In loving memory of a dear daughter, Mrs. George Masters, who passed away March 12, 1948.

Just when your life was brightest,
Just when your years were best,
You were called from this world of sorrow
To a home of eternal rest.

—Ever remembered by her Dad, M. A. Lucano.

MASTERS—In loving memory of a dear sister, Mrs. George Masters, who passed away March 12, 1948.
In our hearts your memory lingers,
Sweetly tender, fond and true,
There is not a day, dear sister,
That we do not think of you.

—Always remembered by Mr. and Mrs. M. D. Lucano.

MASTERS—In loving memory of a dear wife, Margaret Masters, who passed away March 12, 1948.
No one knows how much I miss you,
No one knows the bitter pain
I have suffered, since I lost you dear
Life has never been the same;
In my heart your memory lingers,
Sweetly tender, fond and true,
There is not a day, dear Marg,
I do not think of you.

—Lovingly remembered by husband George and daughter Gail.

MASTERS—In loving memory of a dear sister, Mrs. George Masters, who passed away one year ago today.
Nothing can ever take away
The love a heart holds dear;
Fond memories linger every day,
Remembrance keeps her near.

—Lovingly rmembered by sister and brother-in-law Marcelle and Fred O'Donnell.

MASTERS—In loving memory of Mrs. George Masters (Margurette), who died March 12, 1948.
Gone from us but leaving memories
Death can never take away,
Memories that will always linger
While upon this earth we stay.

—Always remembered by Harriette and Herb.

MASTERS—In cherished memory of a dear daughter-in-law, Margaret Masters, who passed away March 12, 1948.
I miss you so, dear Marg.

—Too dearly loved to be forgotten by her mother-in-law, Mrs. O. Masters and family.

PRESTON—In loving memory of my dear husband, Bruce Preston, who passed away two years ago, March 13, 1947.
Peacefully sleeping, resting at last,
The Worlds' weary troubles and trails are passed.
In silence he suffered in patience he bore,
Till God called Him home to suffer no more.

—Lovingly remembered by his wife, Mary and family.

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF THE TOWNSHIP OF DOURO TO STOP UP AND CLOSE PART OF A HIGHWAY AND TO SELL THE SAME TO ARCHIE WINDSOR.

NOTICE IS HEREBY GIVEN, Pursuant to Section 498 of The Municipal Act that the Municipality of the Township of Douro proposes to consider and if deemed advisable to pass at its Regular Meeting to be held at the TOWN HALL AT DOURO, on MONDAY, THE FOURTH DAY OF APRIL, 1949, at 1:30 o'clock p.m., a By-law to Stop Up and Close Part of River Road according to Registered Plan Number Twelve of the said Township, which said Parcel is further described as follows, that is to say:

ALL AND SINGULAR That certain Parcel or Tract of Land and Premises situate, lying and being in the Township of Douro, in the County of Peterborough, and the Province of Ontario, and being composed of Part of River Road according to Registered Plan Number 12 of the said Township adjoining and lying East of Block C according to the said Plan; which said Parcel, containing by admeasurement 0.17 Acres be the same more or less, is further described as follows, that is to say:

PREMISING that the said Easterly limit of the said Block C has a course North 6° 00' West and relating all bearings herein, thereto,

COMMENCING at the Intersection of the present fence with the said Easterly limit of the said Block being at a point 5 feet Northerly from the South-easterly angle of the said Block

THENCE North 23° 40' East along the present fence 172 feet to a fence corner,

THENCE North 58° 10' West along the present fence, 50 feet more or less to the North-westerly limit of the said River Road,

THENCE South-westerly along the said limit, 73 feet more or less to the said Easterly limit of the said Block C,

THENCE South 6° 00' East along the said limit 130 feet more or less to the point of commencement, and to sell the above described to Archie Windsor, for the sum of $1.00.

FURTHER TAKE NOTICE, That before passing the said By-law at its Meeting to be held at the time and place above mentioned, the Council of the Municipality of the Township of Douro shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at Peterborough this 26th Day of February, 1949.

J. J. COUGHLIN, Clerk.

IN THE SUPREME COURT OF ONTARIO

Cranley v. Cranley et al

JUDICIAL SALE OF PART OF THE EAST HALF OF LOT 1, IN THE 7TH CONCESSION, TOWNSHIP OF DOURO, IN THE COUNTY OF PETERBOROUGH

Pursuant to the judgment and final order sale made in this cause, and bearing date respectively the 20th day of December 1948, and the 23rd day of February 1949, there will be offered for sale by public auction in one parcel with the approbation of W. R. Philp, Esquire, K. C., Local Master of this Court at Peterborough by John H. Miles, Auctioneer, at his Auction Rooms at 211 Hunter Street West in the City of Peterborough, at the hour of 2:00 o'clock in the afternoon, on Thursday the 17th day of March 1949, the following lands and premises: The east half of Lot One in the Seventh Concession of the Township of Douro in the County of Peterborough, save and except therefrom the lands and premises described in Registered Instrument Number 1605 for the said Township of Douro, namely: Commencing on the northern limit of the boundary road between the Townships of Douro and Otonabee at a point westerly 16 chains and 28 links from the south-east corner of said lot, then north 16 degrees west 1 chain and 82 links, then south 74 degrees west 2 chains and 75 links, then south 16 degrees east 1 chain 82 links; then north 74 degrees east 2 chains and 75 links along the said northern limit to the place of beginning.

Upon the property is said to be erected a house and barn and it is believed to be adjacent to a Township Highway about one and a half miles north of Provincial Highway No. 7 and about four and a half miles east of the City of Peterborough. A public school is said to be on the above excepted lands

The property will be offered for sale subject to a reserve bid to be fixed by the said Local Master. The Purchaser shall pay 10% of the purchase moneys on the day of sale to G. N. Gordon, K. C., and shall pay the balance of the purchase money into Court without interest within fifteen days after the date of sale, adjustments to be made as of date of Sale. The purchaser shall search the title at his own expense.

In all other respects the conditions of sale are the standing conditions of sale of the Court as modified by the undersigned

Dated at the City of Peterborough this 25 day of February, 1949.

CGE Fridge Move

(Continued from Page 11)

industrial heating. At its Royce Ave. factory, radio receivers, lighting and electronic heating equipment are moving along production lines in great volume.

Manufacture of incandescent lamps in Toronto has been so accelerated that supply is more than ample for current demands. In Barrie CGE has an important production centre for irons, toasters, kettles, heating pads and electric blankets. Cobourg is busy with plastics for radio cabinets, telephones, textile mill equipment, cosmetic containers and household appliances. Another plant in Toronto is turning out tools and dies of tungsten carbide: Quebec City has its watt-hours meters and permanents magnets.

CGE is at present engaged in long term commitments which eventually benefit Canada's power stations.

Nobody seems to know just how many items Canadian General Electric produces. The total runs well into the thousands—30,000 in the Toronto warehouse alone. It is a far cry from 1888 when Frederic Nicholls persuaded 10 business men to provide $10,000 "to enquire into the feasibility of establishing an electric plant to supply electric light and power by means of underground wiring." In 1889, the syndicate formed the Toronto Incandescent Light Co., which had a working agreement with Edison Electric Light of New York. Later, an agreement was also entered into with the American firm of Thomson-Houston.

Started In 1891

The Nicholls group, in 1891, formed the Toronto Electrical Supply and Construction Co. In the same year, the General Electric Co. was formed in the U.S., taking over the American companies in which the Canadian group had agreements. In 1892, the Nicholls companies were reorganized as Canadian General Electric.

From a small $10,000 company whose beginning hinged on a better lighting system for Muddy York has developed a firm whose interests are national in scope; whose products go all over the world. It has provided close to half of the generators and many of the massive transformers and switchgear required for power stations which total $10,500 hp in Canada.

Canadian pulp and paper industry has grown with CGE machine drives. For transportation, the company has been an active contributor of marine diesel-electrics, trolley coach motors and controls. In communications there are FM radio for trucks and ferries, radar for ships and planes and radio station equipment.

Fulfills Many Needs

In construction the company has been a leader in floor wiring and conduit. For paints and varnishes it has provided an essential base product in Glyptal.

Municipalities have called, and are still calling on CGE for street and highway lighting and motors for water and sewage, floodlighting, etc. For institutions, germicidal and heat lamps are produced along with cooking equipment. Welders and motors for pumps, milking machines and sawing wood dot the farms. For the home, CGE has its oil burners, air conditioning units, water heaters, vacuum cleaners, clocks, lamps, etc.

The most significant development of the postwar period has been the return to a peacetime production schedule much greater than pre-war. Employment, in this process, has risen to new heights, totalled 12,500 at the end of 1948.

EDUCATION ACCOUNTS CONFIRMED

Accounts amounting to $55,559.16, presented by the Finance Committee of the Board of Education, have been confirmed. Chief item was $46,884 for salaries; $4,797.45 for tax deductions, and $1,078 payments of overdraft. Recommendation of payment of further accounts amounting to $5,916.14 was accepted by the Board.

SNOW SCENES

Snow was swirling this morning over the moor that used to be Monaghan, and winter was still striding the suburban margin with stern visage. It was quite a blustery scene, worthy of the middle of February.

Warsaw Defeats Westwood 3-2

NORWOOD, March 12—(ENS)—In a nip-and-tuck battle that was close fought all the way and which was featured by several fistic encounters between opposing players and other rough tactics, Warsaw defeated Westwood by a score of 3-2 in a semi-final game of the Rural Hockey League here. As a result Warsaw came out on top in the semi-finals, qualifying for the final round.

Only one goal was scored in the first period: it was chalked up by J. Watts on a pass from I. Watts for the Warsaw team.

Play roughened up considerably as the second period got underway, with Short of the Warsaw team being given two penalties in quick succession and McQuaig, also of Warsaw, one. Scores by Woods from Starke and by Starke from Warr gave Westwood the lead in this period. Thompson of the Westwood team was forced out of play for a while after an encounter with Marshall. Marshall also mixed it up a bit with Woods of Westwood team. Thompson returned to the ice in a few minutes, but again got in a tangle with Marshall, this time being unable to return for the balance of the game.

In the third period G. Payne of the Warsaw team was penalized for holding the puck and Sargent of Westwood was also put off. Joe Watts, for Warsaw, shot from the blue line to tie up the game and was given a penalty for slashing. Marshall, for Warsaw, got into a tangle with H. Warr, of Westwood, in this period, ending up in Warr giving him a punch on the nose. The rest of the players on both sides joined in this time, the battle royal being quite merry while it lasted. J. Watts shot in the winning goal for Warsaw on a pass from Short with six minutes to go.

Westwood—Goal, Renwick; defence, G. Shearer, L. Sargent; centre, H. Mason; wings, T. Woods, W. Thompson; alternates, L. Starke, D. Andrews, B. Warr, W. Morris, H. Warr, B. Humphries, J. Elmhirst.

Warsaw—Goal, Heath; defence, Marshall, G. Payne; centre, S. McQuaig; wings, D. Evans, E. Darling; alternates, L. Short, D. Sharpe, J. Watts, I. Watts, E. Payne, R. Payne, B. Judge, V. Clements.

Referees, W. Leggett, K. MacArthur.

LAKEFIELD, March 12 (ENS)—Bobcaygeon defeated Lakefield by a score of 7 to 5 in the third game in the final round Intermediate B series OHA before a large crowd in the local rink Friday night.

First goal of the game was scored by I. Nichols on a pass from E. Nichols and Gordon for Bobcaygeon after 5 minutes and 20 seconds of play. First tally for Lakefield was made by Henry from F. Lonsberry after 13 minutes and 30 seconds of play. Next, for Lakefield, Hopkins scored on a pass from Henry a minute later. The score at the end of the first period stood at 2-1 for Lakefield. Penalties were handed out in this period against Gendron and P. Nichols of Bobcaygeon and against Jopling of Lakefield.

First goal in the second period was scored by Kimble on a pass from P. Nichols for Bobcaygeon. Next tally was made for Bobcaygeon by P. Nichols from I. Nichols. First score for Lakefield in this period was made by Jopling on a pass from Patterson. Burton also scored for Lakefield unassisted. Penalties handed out in this period were against Jopling of Lakefield and E. Nichols of Bobcaygeon. Four goals were scored altogether in this period, two for each team, bringing the score up to 4-3 at the end of the second period for Lakefield.

First tally of the third period was chalked up for Bobcaygeon by E. Nichols after two minutes and 27 seconds of play, and this goal was followed a few seconds later by another one for Bobcaygeon netted by I. Nichols on a pass from E. Nichols. Two more goals were scored in this period for Bobcaygeon, one by P. Nichols unassisted and the other by E. Nichols on a pass from Kimble. Only score for Lakefield in this period was made by Hopkins on a pass from Henry. Penalties were handed out against Jopling and Blewett of Lakefield and D. Gordon of Bobcaygeon.

The teams lined up as follows:

Lakefield: Goal, Junkins; defence, Jopling and Blewett; forwards, Jewell and Chappell; centre, Fawcett; subs, L. Lonsberry, Patterson, Hunter, Hopkins, Henry, S. Lonsberry, Burton and Birch.

Bobcaygeon: Goal, J. Nichols; defence, Hicks and P. Nichols; forwards, Gendron and Kimble; centre, E. Nichols; subs, Gordon, Kelley, Lee, Meullem, Poile and Jackett.

Round Captured By Campbellford

CAMPBELLFORD, March 12—(ENS)—Campbellford fans saw Owen Hendy's all-star aggregation turn a defeat of 6-3 at Napanee on Wednesday into a rousing victory of 8-2 on local ice Friday night to take the OHA intermediate "B" two game round with goals to count by 11-8.

The all-stars went on the offensive from the start and pushed home a brace of markers in the first period and two more in the middle stanza before the visitors snapped out of their lethargy. Then the Napanee squad drilled two counters past goalie Nelson to close the session with the outsiders one up on the round. In the final period the local puckmen went on a scoring spree to beat goalie Curry four times while Napanee failed to register a single marker.

Petticrew, the Hastings boy, won the laurels by chalking up five goals and Schmitt, the big boy from Frankford, was a tower of strength on the defence. In the dying moments of the last session Blake was carried off the ice with a sprained ankle and fractured elbow.

The teams:

Napanee—Goal, G. Curry; defence, Barker and Vanbolkenburgh; centre, Clark; wings, Markle and Jocks; alternates, McPherson, Gilbert, Holmes, T. Curry, K. Murphy, J. Murphy, Moore, Fish and sub-goalie Perry.

Campbellford—Goal, Nelson; defence, Schmitt and Forrester; centre, Robinson; wings, Blake and Muffitt; alternates, R. Muson, P. Mason, West, Desjardins, Petticrew, Harrington, Tanner, Free and sub-goalie, Aquino.

Referee, K. McNaught; linesman, P. Everett, both of Belleville.

Summary:

First Period:

Campbellford—R. Mason (Desjardins) 12.30.

Campbellford — Robinson (Schmitt) 19.15.

Penalty——West.

Second Period:

Campbellford — Petticrew (Schmitt) 7.40.

Campbellford—Petticrew (Harrington) 10.20.

Napanee—Clark (Jocke, Barker) 12.11.

Napanee — Clark (Markle) 12.52.

Penalties—Desjardins, K. Murphy, R. Mason and Vanbolkenburgh.

Third Period:

Campbellford — Petticrew (West) 5.10.

Campbellford — Muffitt (Schmitt) 11.52.

Campbellford—Petticrew (Harrington) 12..06

Campbellford—Petticrew (Harrington) 19.30.

Penalties—Forester, K. Murphy and Petticrew.

Experience Counts

And over a long period of time the P.L. Staff have learned to prepare for the many building problems that arise to confront the new builder.

The P.L. have learned that the best way to have dry stocks is to procure these and pile them in our own yard. (Have you noticed the splendid variety and quantity in our Monaghan Road Yard?).

P.L. have the Mill and Kiln to further process this material so it best meets the builder's requirements.

And the P.L. Sheds are near "busting" with materials that must be kept under cover and again you will notice that P.L. experience has provided plenty of shed room.

Committees Appointed for District Grassland Day, June 29—British Agriculture Highly Mechanized, Elliot Moses Reports — Wilson Gemmell Will Be Speaker at Final Luncheon of Peterboro Federation.

Grassland Day in the eight counties of Central Ontario has been definitely set for Peterborough, June 29, and general organization, with working committees, was effected here Thursday at a meeting of more than 40 representatives from most parts of the district.

George A. Gillespie accepted the general chairmanship with Reeve M. H. Johnston of North Monaghan as vice - chairman; Frank C. Paterson, secretary; and Wilson M. Gemmell, treasurer.

Committee chairman and vice-chairmen are: Finance: G. A. Gillespie and W. M. Gemmell.

Publicity:—Art G. Douglas and Graham Eastwood.

Grounds: — Robert McAdams and Vern Campbell.

Machinery: Art McIntyre and Stuart Hall.

Parking in charge of Peterborough Junior Farmers.

Program: Gordon Hancock and F. C. Paterson.

Reception: W. W. Dawson and Warden Wm. Darling.

Catering: Dick Stewart and Alex Huston.

Peterborough was allotted one of three district Grassland Days in Ontario this year. The two others are in eastern and western Ontario. Local promoters have been chiefly concerned up to the present in laying a solid foundation for this event which is essentially a demonstration of pasturing.

Actually pasture plans should be laid two or three years in advance of Grassland Day, but is hoped that satisfactory conditions may be found in the circumstances of field location for the event that have to be accepted for this year.

G. A. Gillespie has had a great deal of experience in the management of plowing matches and other community affairs, including the Peterborough Exhibition, and he has a strong and enthusiastic framework of committees to help him.

FINAL LUNCHEON

Wilson M. Gemmell, president of Chamber of Commerce, will be the speaker at the last of the winter noon luncheons of the Federation of Agriculture at the Empress Hotel, Tuesday March 15. The subject of his talk will be "Farming as a Business".

"I have no intention of presuming to tell farmers how they should conduct their business," Mr. Gemmell remarked to the Examiner, "but I have gained many impressions in my dealings with them which I hope will be of some help. The importance of farming has been too much a handy phrase with all of us, and there is not enough serious appreciation of its place in our economy and in the broad upbuilding of our nation."

Federation executive is hoping that the large attendance of the luncheon series will be continued into this final one.

IN FAVOR OF SERVICES

On the farm radio forum subject "Render Unto Caesar," North Bruce forum commented: "More taxes (for service) could be raised from beer, liquor and amusements. You never hear anybody kick about the cost of these things; only butter, milk, eggs, etc."

Farmers know that social services are available because taxes are paid. Heckston West forum Grenville, said: "We can't have a high standard of living without paying for it." Many forums urged that government should cut administration costs. Heading the list of desired services were: family allowances, old age pensions, medical services, hospital and dental clinics in schools. Rural roads were also near the top.

HOLSTEINS AVERAGE $325

Fifty Holsteins sold for $15,312 at the recent breeders' combination sale at the farm of A. B. Brubacher & Son, Bridgeport, Ont. The average of $325 was considered excellent in view of the fact that top piece was only $510.

Thirty-three milking females averaged $353, two bred heifers $387, nine calves $160, and four bulls $282. Norman Nichol, Listowel, paid the top price of $510 to W. V. McKersie, Rockwood, Ont., for the year-old bull, Monogram Re-echo Hartog. This was a well-bred bull of a XXX grandson of the century sire Montvic Monogram, and out of the former Canadian champion Jasmine Pabst Meg Posch with 1,167 lbs. fat from 31,791 lbs. milk. His dam has close to 100,000 lbs. of milk in seven lactations, and is from an 800-lb. cow.

Highest price for a female was $455 for a fresh two-year-old heifer paid by Adrian Ball, Lakeside, to L. E. Shantz, Breslau, and the same figure for a six-year-old cow, sold to W. N. Lawless, Moorefield, to Murray Christie, Cromarty.

J. H. Smale & Sons, Mossley, bought ten head for $3,105.

PASTURE PROPAGANDA

Good pasture is the most economical high-protein dairy ration available to the dairyman, says J. S. Leefe, assistant in field husbandry at the experimental station, Kentville, N.S.

Ten-year tests show it is possible to produce an average of 15,500 pounds of green herbage per acre, but unfertilized pasture in the same test at Kenville produced 3,050 lbs. to the acre.

Protein content from the fertilized field was more than four per cent, while that from the unfertilized field was under two per cent. This protein content increase was brought about by applying the equivalent of 500 lbs. to the acre of 3-8-3 mixture each year. Experience indicates that 300 to 500 lbs. of 3-15-16 will give profitable returns in increased herbage yields.

"On a cost basis, pasture is a cheap food to produce. It is also the cheapest forage to harvest. In the permanent pasture tests mentioned, each dollar spent on fertilizer returned between four and five dollars in protein alone, at current feed prices. If the grass had no other value than its protein, it would appear that fertilizing a pasture is a paying practice."

INCOME TAX

"Many Happy Returns" is the allusive subject of the Farm Radio Forum broadcast Monday, March 14, reflecting a vein of light humor at headquarters. It is the last of the series on taxation, and will discuss particular problems of farmers in filing income tax returns.

SURPRISED IN BRITAIN

"We were astounded to find in Britain one of the most highly mechanized agricultures in the world," said Elliott Moses of the executive of the Ontario Plowmen's Association, at the dinner in Lindsay, Tuesday night, for Alvin Mark of the provincial plowing team which recently returned from the Old Country.

"We went over there expecting to find a backward agriculture in respect to mechanization. Farms of 400 or 500 acres surprised us with five or six tractors."

Rationing is still in effect, but farmers brought food to the hotel where the Ontario plowmen were staying. Everywhere the hospitality was heart-warming.

"Stabling on all the farms visited was efficient and of modern planning. On most of the larger dairy farms, milk was handled so carefully that it was not exposed to the air before it reached the consumer. From the milking machine it goes to the coolers, and there to the pasteurization process where it is bottled and sent to the consumers." Stables were spotlessly clean, and Mr. Moses described them as "milking parlors. It was not uncommon for a dairy farm to have as many as 150 cows."

THRESHERMEN'S DINNER

Eastern Ontario Brotherhood of Threshermen will hold their convention sessions in the office of the Department of Agriculture here Thursday, March 24. They wind up business with a dinner at the Canadian Legion that will be supplied by the women of Stewart's Hall. The speaker will be Frank Wilson, Toronto, manager of the Canadian Federation of Mutual Insurance Companies. The day's program closes with a dance in the Legion Hall.

SALE OF BULLS MARCH 15

Ninety bulls, 16 Aberdeen-Angus, 18 Herefords, and 56 Shorthorns have been entered for the show and auction sale of beef bulls at the Royal Winter Fair building, Toronto, March 15. The Ontario Department of Agriculture is offering for the first time a premium to purchasers of one-third of the selling price of each bull, not exceeding $150. There are no reserve bids.

HIRED MEN'S UNION

The hired man on the average British farm is a union man getting about $25 a week "and all found," with 55c an hour for overtime beyond the 48-hour week. "All found" includes free living quarters, milk, garden and fuel.

Harold White, secretary-treasurer of the Dominion Shorthorn Breeders' Association, brought that wage news report back from his trip to Britain. The average farm, he said, runs from 800 to 8,000 acres, requiring farm management almost on an industrial scale. Farm owners seemed reconciled to the union's entry into agriculture.

Canadian Shorthorn Breeders have a membership of 4,600, and is second to the Holstein-Friesian Association in strength.

LESLIE J. SORENSON, chairman of the Chicago Traffic Commission, inspects a new traffic safety device to prevent skidding on slippery pavements. The operation is similar to the sanding of slick rails by a locomotive engineer. Abrasive traction material is carried in two hoppers in the luggage compartment, left, with tubes under the fenders. A touch of a switch on the steering wheel spreads the grit in front of the rear wheels, right. The manufacturer claims the device cuts the braking distance of a car 30 to 50 per cent.

ALLAN L. WOODROW, of Toronto, banker and industrialist, has been appointed honorary treasurer of the National Liberal Federation. Announcement of the appointment was made by Senator J. Gordon Fogo, president of the Federation.

C.D.S.

The Lady of Spring

IS PRETTY AND POISED

Fashion this Spring is delicate, light, airy; developing from an affinity of design and fabric rather than from one definite silhouette. There are rules, of course, shoulders follow their natural curve, the throat is often deeply bared and waists may rise to an Empire line, but the news is the fresh interpretation fashion gives to floating chiffons, crisp surahs, textured wools and cottons woven to new worldliness. This feeling of harmony in texture, tone and pattern follows through in hats, shoes, gloves and other accessories.

We, at the C.D.S., have assembled just such fashions . . . beautiful, becoming, wearable clothes designed to make you, the lady of Spring, pretty and poised.

Ask Labor Act Amended In Brief Presented To Kennedy And Cabinet

Federation Wants Certification Clause Deleted From Law; Urges Ontario Health Insurance Bill

TORONTO, March 14—(CP).—The Ontario Provincial Federation of the Trades and Labor Congress today asked Premier Kennedy and his Cabinet to amend the Ontario Labor Relations Act which Federation delegates said "will definitely cause a great deal of trouble." The Federation delegates met the Cabinet today and read a 19-page printed brief, calling for amendments to the Act, a provincial health insurance plan, lower milk prices, higher old age pensions, a subsidized, low-rental housing plan, higher compensation rates, guarantee of civil rights.

The brief asks that provision for revocation of certification be deleted from the Act and that the Ontario Labor Relations Board have the right to grant conciliation and institute prosecutions, rather than the Labor Minister.

Other amendments asked by the Federation: A clear definition of company unions and elimination of these unions from all forms of certification; right to apply for certification when 25 per cent of the union has indicated approval; certification when 51 per cent of members actually voting in a labor department poll approve, rather than a clear majority of eligible voters; union shop and compulsory check-off when approved by a simple majority of union members; inclusion in the list of unfair practice of threats to shut down, move plants or declare lockouts; inclusion in the Act of employees of municipal corporations, their boards and commissions without passing of by-laws or resolutions.

Ask For Health Bill

The brief urges that until a National Health Insurance Act is passed, the Ontario government introduce an Ontario Health Insurance Bill. In unorganized territories in Northern Ontario methods of caring for the sick and injured were "totally inadequate." The brief urged that the government convene a conference of representatives of unions and industries to amend the Public Health Act to provide for proper maintenance of camp standards.

"Immediate steps should be taken to lower the price of milk," said the brief. "A large percentage of the people in lower wage brackets in Ontario have had to curtail seriously their use of this basic food because of its high price."

The Ontario government should agree with the Dominion government to change the Old Age Pensions Act to provide for payment of pensions to all men over 60 years of age, their wives to become eligible at the same time.

More Leaders In Russia Lose Their Jobs

MOSCOW, March 14.—(AP).—New major shifts in the top Soviet leadership were announced today in a decree of the presidium of the Supreme Soviet.

Nikolai A. Voznesensky has been relieved as chairman of the State Planning Commission. This job placed him at the head of the U.S.S.R.'s industrial production. He also has been released from duties as a deputy prime minister.

Ivan T. Golyakov was relieved of his duties as president of the Supreme Court of the U.S.S.R.

The changes were announced to the Council of Nationalities, one of the two equal houses of the Supreme Soviet, now in session. The Council approved.

The planning job went to Voznesensky's vice chairman, Maxim Z. Sauburov, who was the commission's chairman once before, in 1941. Sauburov became a deputy prime minister in February, 1947. He is one of a dozen vice-chairmen of the Council of Ministers, the Soviet Cabinet, of whom V. M. Molotov ranks first.

Soviet industries were sharply criticized at the opening meeting of the Supreme Soviet's current session. Finance Minister A. G. Zverev blasted certain industries for meeting their goals by making the goods easiest to produce, rather than concentrating on the needs of the Soviet consumers, and declared this sort of thing must stop.

Voznesensky, only 45, is the youngest member of the all-powerful party executive, the politburo of 11 members headed by Prime Minister Stalin. (There was no indication in this dispatch whether he would retain the politburo membership).

Iceland Envoy Studies Pact

WASHINGTON, March 14 (AP)—Iceland's foreign minister was due to call at the United States state department today to seek information which may determine whether his strategically-located island republic will enter the North Atlantic Security Pact.

The foreign minister, Bjarni Benediktsson, arrived here last night. He told reporters in New York that his government had not yet decided to join the alliance and that it definitely would refuse to grant peacetime bases to any power.

"I think there can be no discussion of bases," he said.

Door-to-Door Search For Berserk Gunman

PHILADELPHIA, March 14 —(AP). — More than 900 Philadelphia policemen to-day pressed a door-to-door search for a short, squat man who shot to death two State liquor store employees and critically wounded a third on Saturday.

George F. Richardson, Assistant Superintendent of Police, said the dragnet rounded up "hundreds of men generally meeting the description of the slayer." But no arrests were made.

Police said the man went berserk when he was foiled in a robbery attempt. Firing bullet after bullet in the crowded store, he killed the store manager, Herman Weintraub 30, and a clerk, Howard Robinson 57. A second clerk, Fielder Jackson 28, is in hospital with a bullet wound in the chest.

Detective Surrenders

NEW YORK, March 14 —(AP).—Kenneth Ryan, former New York City detective sought as a key figure in a sensational wiretapping plot against high city officials, surrendered today. Ryan, object of a widespread police search since his escape from City Hall last Saturday, walked into the District Attorney's office and gave himself up. He was accompanied by his lawyer.

Rebel Troops Capture All Mandalay

RANGOON, Burma, March 14—(AP)—Burma offered rebelling Karens an autonomous state of their own today as reports reached Rangoon that the Karens had captured all of Mandalay.

A Rangoon newspaper said the Karen tribesmen had taken all of Burma's second largest city in a three-day battle with government forces. The Burmese government admitted yesterday part of Mandalay had been taken by the rebels. Mandalay, with a population of 200,000, is 500 miles north of Rangoon on the Irrawaddy river.

The newspaper which reported the city in Karen hands was voice of the Paccock. It added that fighting still is going on outside the city, mainly along the banks of the Irrawaddy river. It also reported the Karens attacking the city of Sagaing, across the river from Mandalay.

The government, meanwhile, announced its acceptance of recommendations for creation of a separate Karen state within the Burma union.

Want To Keep Army

The Karens originally demanded complete independence but Feb. 2 Ba U Gyi, Karen leader, offered to keep Karenistan within the Burmese union provided the new province were allowed to maintain its own armed forces.

The government said boundaries of the new state would be determined by a plebiscite.

The government also announced an amnesty for Karens in Insein, a suburb of Rangoon, provided they lay down their arms by Thursday.

Rebels in other parts of Burma are called on to surrender by March 31 on similar terms.

Judge Refuses Bail For Carr

TORONTO, March 14 —(CP)—Mr. Justice J. Keiller Mackay today refused to grant bail for Russian-born Sam Carr because he feared Carr "might flee to the land of his birth."

Charged with uttering a forged passport for a Russian spy, Carr was recently deported from the United States to face trial.

Mr. Justice Mackay observed that extradition proceedings against Carr would be difficult if he were "behind the Iron Curtain."

Joseph Sedgwick of Toronto, counsel for Carr, said he is "not through trying" and may seek a change of venue from Ottawa to Toronto where Carr would be closer to counsel and defence witnesses.

Postpone Belgian's Trial

TORONTO, March 14—(CP) — Immigrant Arthur Matthys, wanted by the Belgian government on murder charges, today was remanded to March 28 and bail of $5,000 was renewed. Today's adjournment was granted pending receipt of further depositions from Belgium. Peter Wright of Toronto, representing the Belgian ambassador to Canada, assured the court proceedings would get under way when the hearing resumed.

10 Nfld. Families Marooned As Flood Destroys Bridge

ST. JOHN'S, Nfld., March 14—(CP)—Ten families were marooned in the tiny settlement of Nuggetville, 45 miles from here, as flood waters wiped out the bridge connecting the hamlet and other communities. A premature thaw brought an early spring breakup.

One woman in Nuggetville is in need of medical aid but the nature of her illness is not known.

A crew set out for the scene to repair the bridge and it was expected food would be shipped there. A brief distress message from Nuggetville said supplies were short.

Three children drowned in separate accidents on the south coast when they fell through rotting ice.

Meanwhile, railway gangs worked night and day to replace a steel bridge on the trans-island railroad carried away by crunching ice at Port Blandford, 148 miles northwest of St. John's.

Crews dynamited a channel for the floes to pass into Chandlers Reach and thence to the sea. New spans for the 250-foot bridge already are at the scene and railway officials said they hoped to restore train service in five days.

The railway connects St. John's on the east coast and Port Aux Basques on the southwest corner of the island. At Port Aux Basques is the ferry terminus connecting with Canada.

Though there were no trans-island trains, service was operated from both coasts to the scene.

Britain Lifts Ration On Clothes

Can Buy Clothing Without Coupons Effective On Tuesday

LONDON, March 14—(Reuters)—The end of clothes rationing in Britain today was announced in the House of Commons.

From tomorrow, Britons will be able to buy any clothing or textiles without coupons which they have had to use for the last eight years.

Harold Wilson, Board of Trade President, made the announcement. It was greeted with cries of "Bravo" from his supporters. Opposition members shouted "What a coincidence" — referring to the forthcoming parliamentary by-election at Sowerby, Yorkshire.

Wilson said he was satisfied that, taking clothing as a whole, demand and supply were in reasonable balance. Home supplies would not be increased at the expense of exports. The necessary measures to ensure the allocation of textiles required for the full export targets would remain.

Nor would there be any change in Britain's requirements of dollar raw materials as a result of the decision to end rationing.

"The export drive in textiles must continue to be pressed with the utmost vigor," Wilson said. "This action does not mean an abundance of clothing—indeed, some items remain in short supply in the home market."

Gas Still Rationed

Last month all woollen goods except gabardines were taken off the ration. Cotton goods remained rationed at that time.

Rationing of shoes ended last year.

Candy is to become ration-free on April 1 and milk and eggs will be taken off the list of rationed foods temporarily this spring while supplies are plentiful.

Gasoline remains tightly rationel.

Goods still rationed, including meat, of which each individual is allowed one shilling's worth (20 cents) weekly, bacon, butter, margarine and fats, cheese, tea, and a number of canned goods.

Committee Indicts Ex-Premier Sun Fo

NANKING, March 14 (AP) — Former Premier Sun Fo was indicted today on charges of approving the improper dismissal of enemy alien property to Miss Lan Li.

His name has been linked romantically with the charming woman.

The indictment was voted eight to seven by a sub-committee of the Control Yuan (auditing). It now may be referred to other organs of the Control Yuan for further investigation or be sent to the executive Yuan (cabinet) for corrective action or the criminal court for prosecution.

Sun was reported in Shanghai, tn route to his home in Canton.

The indictment alleges that Sun approved the disposal of dyestuffs to Miss Lan No while he was premier.

The Control Yuan is investigating a charge of legislative members that Sun approved the sale of his Shanghai residence to the Central Bank of China for an excessive price.

Fear Deaf Student Drowns In Moira

BELLEVILLE, March 14—(CP)—A student of the Ontario School for the Deaf here, Howard Vernon House, 15-year-old son of Mr. and Mrs. Belson House of Preston, is believed to have drowned Sunday while crossing the ice at the mouth of the Moira river.

With three other boys from the school House had gone for a walk along the shore of the Bay of Quinte and had continued his walk after the others had turned back.

He failed to return to the school at supper time and searchers found his tracks ended at some black ice at the mouth of the river.

Provincial and city police and firemen assisted in the search until early today, grappling irons will be used in an effort to find the body.

A $4,000 FIRE swept Marshal Longmuir's service station, 4 miles from Trent River, early Sunday morning. Only a few tires and batteries were saved by a passing motorist, Frank Dunham, of Seymour West. Gas pumps were destroyed but underground tanks were unharmed.

Garage Razed In $4,000 Fire; Gas Tanks Saved

TRENT RIVER, March 14 —(ENS). — Efforts of a hastily-formed bucket brigade were in vain early Sunday morning when fire swept through a garage and service station owned by Marshal Longmuir on No. 30 Highway, four miles south of Trent River. Loss is estimated at $4,000.

The fire was spotted by Frank Dunham, Seymour West, a passing motorist, who turned in the alarm after pulling out tires and batteries from the blazing building. Windows were barred from the inside by heavy wooden shutters, but he managed to get into the garage through a bathroom window.

The fire, of undetermined origin, started in the second storey shortly after the owner had left. Most of the contents and the gasoline pumps were destroyed, but underground gasoline tanks were unharmed.

The garage was built three years ago by Mr. Longmuir, who had been left with a limp after a fall from a hay wagon.

As news of the fire spread, a bucket brigade was quickly formed and district farmers managed to prevent sparks from starting a fire at the neighboring Woodland's Cheese Factory.

The flames were fanned by a strong wind and barrels of oil added to the fire. In addition to the tires and batteries rescued by Mr. Dunham, Mr. Longmuir was able to save some office records.

Jungle Too Much 47 Mennonites Back

NEW YORK, March 14 (AP)—A group of 47 Mennonites from Manitoba, who went to Paraguay last spring to try farming there, returned here by plane last night.

Diedrich Wieler, of Altona, Man., a member of the group, said the Paraguayan government, which experienced three changes of administration during the last year, had not kept its original promises to the migrant farmers. He said the group found the task of clearing the jungle too great and the type of farming required by the country too far removed from their previous experience.

Wieler said some others of the 1,700 already have returned to Canada and more are to follow.

425,000 Miners Stay Home Pits Close Till March 28

PITTSBURGH, March 14—(AP).—Coal production virtually ceased in the United States today. Some 425,000 miners east of the Mississippi simply stayed home. To a man, they were obeying the orders of John L. Lewis, the 69-year-old leader of the United Mine Workers who ordered the pits closed until March 28. Lewis called the work stoppage last Friday. He said it would be a memorial to the miners killed or injured last year. And, he continued, it would be the miners' protest against President Truman's nomination of Dr. James Boyd as director of the United States Bureau of Mines. Dr. Boyd's appointment awaits Senate ratification.

In Washington, Senator Harry Byrd (Dem., Va.) called on the Senate to "promptly confirm" Dr. Boyd's appointment "as a reply" to the mine shutdown.

The first effects of the work stoppage came in the railroad industry. Eleven United States railroads laid off 57,425 workers. They're employed by railroads who get a big chunk of their freight revenue from hauling coal.

Have Large Supply

Steel industries will not be hit immediately. They have large supplies of coal above ground. The United States coal stockpile totals are estimated 70,000,000 tons, the most in any spring since 1942. It's good for about 45 days.

As the work stoppage went into effect only maintenance men headed toward the diggings.

The miners themselves didn't show up.

President Lewis has emphasized the fortnight holiday isn't a strike. He says, too, it won't cause physical distress. He's allowing miners west of the Mississippi to work "to avoid public hardship in areas where climatic conditions have recently been unfavorable."

While there's plenty of coal in the east to fend out any wintry blasts which remain, the work stoppage will be hard on the pocketbooks of the miners. The UMW has a standing policy of not paying strike benefits.

With this in mind, some UMW leaders say they're going after unemployment compensation benefits from States. The States have never paid off in similar situations before.

Alexander Goes To Los Angeles

OTTAWA, March 14—(CP) — Viscount Alexander, always on the go, will make a flying trip to Los Angeles Thursday, his fourth to the United States since his appointment as Governor-General in 1946.

He will make his first visit to a Hollywood movie set and receive his fourth honorary degree from an American university, this time the University of California which will present him with an Honorary Degree of Laws.

Accompanied by his Secretary, Maj.-Gen. H. F. G. Letson, Viscount Alexander will leave in an RCAF Dakota Thursday.

He'll stop off at Fort Leavenworth, Kansas, visit Canadian and British officers in training at the General Staff School there, and continue the journey next day.

At Los Angeles the Governor-General will deliver the charter day address at the University of California March 21 and move on to San Francisco to deliver the same address to California students there March 23.

On the return trip, the Governor-General will stop off at Victoria, Vancouver and Winnipeg, arriving in Ottawa March 30.

Nursing Station Burns

MOOSE FACTORY, Ont., March 14—(CP)—Valuable medical records and historical documents dating back more than two centuries were destroyed in a fire which levelled the new federal government James Bay nursing station here Saturday. Believed to have started from an over-heated stove, the flames quickly spread through the building which was constructed last fall. The settlement has no fire-fighting equipment.

Massey Has Solution For Trade Problem

Suggests Funds Should Be Invested In Commonwealth Countries

MONTREAL, March 14 (CP).—Investment of Canadian funds in British Commonwealth countries was suggested to-day by Rt. Hon. Vincent Massey as one solution of Canadian economic and trade problems.

The Chancellor of the University of Toronto and former Canadian High Commissioner in London said in a speech prepared for delivery to the Canadian Club of Montreal that investment of Canadian funds in under-developed Commonwealth countries would provide those countries with Canadian dollars to spend on Canadian goods. He said Canadians might follow the example of the United Kingdom, which recently exported goods to other countries and made huge capital investments in them instead of accepting direct payment.

Economic problems which could lead to a "serious misunderstanding" between the United Kingdom and Canada have arisen because of the lack of American funds. The United Kingdom cannot pay for all that Canadians could sell her; therefore Canada cannot pay the United States for what she used to buy with the proceeds of sales to Britain.

Fears Artificial Measures

"We ask ourselves what is to happen to our external trade when we can no longer look to these artificial measures (gifts, loans and Marshall aid dollars to the United Kingdom) for help."

One solution to the "imemdiate difficulties" was more buying from the United Kingdom to give her dollars to buy Canadian goods and Canadians should manufacture more products usually imported from the United States.

Some Canadians had suggested a customs union between the United States and Canada as a possible solution but "economic union would be but a prelude to political union." And "no responsible Canadian would advocate such heresy."

Tried Sailing Across Bay On Tiny Raft

Two Fathers Find Broken Pontoons Drifting In Water

HAMILTON, March — (CP)—Tragedy struck four Hamilton homes today as hope waned for the safety of four school boys, believed drowned last night when they slipped from their pontoon-type raft into the icy waters of Hamilton Bay.

The four boys, whose homes are in the Birch Avenue-Burlington Street district, fashioned their raft from pontoon-shaped "slipper" gas tanks, reportedly taken from the airplane stock of a nearby junk yard.

The missing boys are Barry Personick 14, Bernard Lezon 14, Murray Smith 11, and John Barclay 14.

They are believed to have taken the raft to the bay front, near the the International Harvester docks at about 8:30 p.m. Sunday. Parents were alarmed when they did not return home by 10 o'clock, but it was 1 a.m. today before they learned of the raft's construction and telephoned city and harbor police for help.

Constables Harry Brown and John Slater began the hunt first, checking at the waterfront.

Find Maps

When it was found the raft was missing from the Barclay back yard, detectives checked further and located maps of Hamilton Bay at the Personick boy's home.

Later the detectives cruised along the north shore of the bay, hoping to catch sign of the raft in the bright moonlight.

At 3.15 a.m. Murray Smith's father and Harry Southworth, night security chief of Stelco police, located one of the pontoons, broken away from its mate. A few moments later, they located the second.

In the first of the two pontoons recovered, police found a small felt pennant with Montreal printed on it, and identified it later as one which the Parsonick boy had been carrying.

Fire Breaks Out Aboard Mail Car

NORTH BAY, March 14 (CP)—Stacks of weekly papers and magazines destined for Northern Ontario homes lay in sodden and acrid heaps aboard a mail car in a North Bay siding this morning. Many of them were charred and burnt by a fire which broke out aboard the mail car as the crack northland train ran along the Ontario Northland Railway tracks toward Latchford Sunday morning.

The fire, of unknown origin, was noticed by the three railroad mail clerks as the train passed through Johnson, a mile or so south of Latchford.

At Latchford the car was taken alongside the water tank, where the fire was extinguished with the aid of a party of sectionmen.

Registered mail, leters and other first class mail were saved. The greater part of the damaged mail, which froze solid after the fire had been put out, consisted of weekly papers and magazines which are shipped in large quantities on Sunday. There were also some parcels.

Russian Army Plans Biggest Manoeuvres

BERLIN, March 14 (AP) —The Russian Army in Germany is planning its greatest spring manoeuvres since the war, it was reported in Berlin today.

The western-licensed German press said the Russians would stage gigantic war games in eastern Germany, including river crossings and mock ground-air combined offensives.

Fifty thousand German policemen, making up the Communist "Volks Polizei," will take part in the manoeuvres, especially assigned to handling traffic, the British-licensed Telegraf said.

May Include Canada In Pacific Pact

CANBERRA, March 14—(CP)—Discussions are under way here between representatives of Britain, New Zealand and Australia for a Pacific defence pact similar to the North Atlantic Alliance and embracing British Commonwealth and other countries, John Dedman, Australian defence minister, announced today.

Dedman said that Britain has taken an "active part" in the talks.

The Earl of Listowel, British minister for colonial affairs, who is here for the defence talks, saw Prime Minister Chifley today. He will confer with Dedman tomorrow.

The Canberra correspondent of the Sydney Daily Telegraph reported that the talks envisaged "a strong defence system from Western Europe across the Atlantic through the Pacific to the Indian Ocean."

Dedman said "there are many problems to iron out" in considering a Pacific pact, including possible membership. He said Australia would like to see the membership spread out over the widest possible area.

He added:

"An alliance obviously would include countries outside the British Commonwealth as well as inside."

Dedman added that some countries on the Asian side of the Pacific would be invited to join.

Invitation For Canada

Informed observers here believe that Canada, the United States, Mexico and some countries in South America will be invited in what really amount to a big extension of the Anzac Pact, a regional defence agreement signed in 1944 by Australia and New Zealand.

The Australian government is openly concerned over revelations that Australia is being excluded from the current vital defence talks at London on the grounds of security.

It was reported here that the United States was believed to have put strong pressure on Britain to exclued Australia.

Sir Frederick Shedden, permanent head of the Australian defence department, will fly to London within the next two weeks to try and straighten out this impasse.

In the last few weeks the federal government has done much to tighten up possible security leaks. A new Australian secret service, modelled closely on Britain's M-15 and the United States' Federal Bureau of Investigation has been set up.

MAJOR BLAZE — With damage estimated as high as $3,000,000, fire which swept the Northern Hardware Building in downtown Edmonton was the largest in the city's history. Firemen battled 24 hours to bring the flames in the combined warehouse-office structure under control. This photo shows the clouds of smoke billowing from the building during the height of the blaze.

Oldest MPP Dies In Hotel

BROCKVILLE, March 14. — Walter B. Reynolds, oldest member of the Ontario Legislature and MPP for Leeds since 1937, died on Saturday night in his hotel suite in Toronto, where he had been attending the Legislature. He was in his 80th year.

A lifelong resident of Brockville, Mr. Reynolds had been in public life here since 1905, when he was elected to the School Board. He was a member of the Public Utilities Commission in 1916, and was elected to the City Council in 1922. He served as Mayor of Brockville from 1923 until 1928.

In 1937 he was elected to the Ontario Legislature, and had served as Progressive Conservative member for the riding of Leeds ever since. In 1945 he was elected Deputy Speaker.

Son of James Reynolds, a ship's carpenter, Mr. Reynolds launched his business cbareer in 1884 when he joined the W. T. McCullough Co., coal dealers. He worked up through the firm until, in 1911, he took it over under the name of W. B. Reynolds Co., with Mr. Reynolds as president. He held this position until 1936, when he disposed of his interests.

In 1925 the George Hall Steamship Line of Canada named a 2,500- ton lake boat in his honor, the Walter B. Reynolds.

Takes Youth In, Benefactor Slain

LOS ANGELES, March 14 — (AP).—Arthur Clayton Hester, 18, was arrested here Saturday on a charge of murdering his guardian, the elderly Canadian-born dean of Texas Christian University's graduate school.

"If he's dead I'm ready to face the music, but I guess I just wasn't in my right mind," police quoted Hester.

Hester told them he had frequent arguments with Dr. Lord, and last Tuesday he was refused permission to take his guardian's automobile and go to Fort Worth, 12 miles away.

"I told him I was going anyway," police quoted Hester. "I was pretty excited, I guess, and during the scuffle I picked up a piece of pipe and hit him. But I didn't know he was dead. I thought he was just knocked out. I knew I was in plenty of trouble. I took the car and started west..."

Police said the youth told them he was in the Texas State Orphans' Home when he went to Dr. Lord's home in 1946, begging food. The educationist took him in.

Trading At Standstill On Toronto Exchange

TORONTO, March 14 (CP). — Trading was practically at a standstill in the Stock Exchange to-day as prices moved narrowly on slightly lower levels. Norpick Mines provided some interest, turning actively for a slight advance but the remainder of the market was asleep.

The Exchange's 1 p.m. index showed industrials down .17 at 71.86, golds .30 at 94.73, base metals .25 at 96.37, Western oils .03 at 48.43. Volume for the first three hours was 354,000 shares, about 217,000 shares less than Friday's similar period.

Action in Norpick for the first three hours totalled about one-third of the activity. The company holds property in the Patricia district of North-western Ontario and the stock was in demand at 13 cents in early dealings, but weakened to 11½ cents under profit-taking.

Base metals slipped slightly as Steep Rock, Quebec Manitou, and Labrador weakened.

Gypsum tightened and Powell River was down 1½ at a new low at 30¼.

In Western oils Royalite recovered an early 20-cent decline, rising to $6.05, five cents higher than Saturday's closing price.

Coldwell Raps Unemployment Preparations

SUDBURY, March 14—(CP)—M. J. Coldwell, national CCF leader, indicated here Saturday that if government plans prepared to meet unemployment were put into effect, they would be insufficient to help even the 50,000 unemployed in Vancouver.

Swinging over from a CCF federal nominating convention at Algoma East to another one here, he said he had asked the government for its plans to meet unemployment and had been told "they did not provide work for more than 40,000 in the course of a full year."

Mr. Coldwell said the Liberal Government had failed to grapple with the problems of both housing and unemployment. George Drew, Progressive Conservative leader "has failed to discuss any of the great problems that confront Canada."

The "old parties," he said, "have nothing to offer because they are controlled by powerful financial and economic interests. They shout loudly about the menace of Communism but they provide the soil of poverty, misery and want in which Communism takes root and flourishes."

He criticized Mr. Drew because he "has carefully avoided presenting any policy to parliament on housing, health, unemployment or the high cost of living."

"On the conrary, he has demanded the removal of controls and the dismissal of those public servants who are called upon to operate them."

Mr. Coldwell said the press has given "loud voice" to certain parliamentary discussions on procedure "in the hope that it will give the impression that a revitalized Progressive Conservative party offers some hope to the Canadian people."

Says King's Condition Remains Satisfactory

LONDON, March 14—(AP) — The King is more comfortable and his general condition "remains satisfactory", his doctors reported today. He underwent a delicate nerve operation Saturday in an effort to increase the blood circulation in his right leg.

A bulletin issued from Buckingham Palace this morning said:

"The King slept for the greater part of the night. His post operative discomfort is lessening and his general condition remains satisfactory."

The bulletin was signed by Prof. J. R. Learmonth, who performed the operation, and five of his associates.

20% Increase Likely In Hogs

OTTAWA, March 14—(CP) — Indications are that the spring pig crop in Canada this year may be almost 20 per cent larger than last year, the Dominion Bureau of Statistics reported Saturday.

Increases are expected for all provinces with the greatest change indicated in Manitoba, where a 37 per cent increase is anticipated. However, the bureau adds, a substantial rise in the central provinces, with increases of 22 and 19 per cent expected for Ontario and Quebec respectively, will have the most significant effect on the size of the crop.

There were 14 per cent fewer hogs on Canadian farms at Dec. 1, 1948, than at the same date the year before. The fall pig crop was about 90 per cent of what it had been in 1947.

Total number of hogs at Dec. 1, was 4,604,200, compared with 5,381,200 the previous year.

One Tanker Stuck In Ice At Goderich

By The Canadian Press

Although ice remains troublesome at several ports—one tanker was stuck at Goderich during the week-end — the Great Lakes is getting ready for one of the earliest openings of the navigation season in many years.

The oil tanker Imperial Kingston was caught in slush ice at Goderich Sunday night, on its attempt to be the first vessel into the Lake Huron port this year. Inside the outer breakwater slush ice was said 15 feet deep. A sister ship, the Imperial Simcoe, was expected to reach Goderich this morning to free the Kingston.

The Kingston already had broken a 17-year-old record when she passed the outer Goderich breakwater.

Believe Oil Driller Killed For Money

PETROLIA, March 14 (CP)—Provincial Police, called into the case of the death of Harry Brown, 60-year-old oil driller believed to have been the victim of foul play, Sunday released the body for burial.

Brown's body was found in the furnace room of the Town Hall early Friday morning. Post mortem examination showed he died from a fractured skull and cerebral hemorrhage.

Coroner A. P. MacCallum has ordered an inquest with the date undecided.

The town police chief, Gordon Fowler, asked Provincial Police aid after his preliminary probe indicated Brown was beaten and robbed of about $100.

A blanket found was identified as one from the Barclay home.

On the bottom of the first pontoon, police found water had already frozen over several fresh doughnuts.

"They told me they were going to sail it across the bay to Lasalle Park and I said, don't be silly, you'll be drowned," said Mrs. William Barclay, mother of John.

The four boys had brought the plywood tank-shaped apparatus home earlier in the week and put it in her backyard, Mrs. Barclay said and when she asked them where they had got it, they said they had found it in the fields.

Wasn't Worried

"All week and last night before supper, they sat around the table drawing maps of the bay," she said. "After supper last night, it was about 8:30 and quite dark, they went outside to play. I took a look out of the front window and saw them playing in the road so thought they were all right."

Later on, Mrs. Barclay said, there was no sign of them and one of her other children said the "boat" had gone from the backyard. When she told her husband about it, he suggested calling police but Mrs. Barclay thought they were probably at one of the boys' homes. Her children went out to look for the boat but could see no sign of it anywhere.

ONE MINUTE NEWS ABOUT JOHNS-MANVILLE

Cramped For Living Space?

Most families could do with another room to live in these days. And it's possible too! Take a look at the waste space in your attic or basement. This space can be turned into useful liveable rooms at very little expense.

Johns-Manville has just the thing for the job . . . a fireproof building material called Flexboard. Made of asbestos and cement, Flexboard is like a sheet of stone, yet it can be worked with ordinary tools and bent to conform to moderately curved surfaces.

Flexboard is excellent for exterior finishes too—it's rotproof, moisture-proof and never needs paint to preserve it.

To learn more about J-M Flexboard, send for free illustrated folder. Write Canadian Johns-Manville, 199 Bay St., Toronto, or see your nearest J-M dealer.

GOOD CITIZENSHIP

is a lot of little things

TAKE CARE OF THAT COLD

This is the season for sniffles and sneezes. More time is lost, more general discomfort suffered because of the common cold than any other single factor in modern life. So, if you feel a cold coming on, avoid direct contact with others, look after it right away. Get lots of sleep. By building up your resistance, you slow down the spread of infection and help guard the community's health. That's "Good Citizenship".

You can help this public service effort. Make a note of some of the little things which, in your opinion, contribute to Good Citizenship.

Mark St. Church Anniversary Guest Preacher

Large congregations at both morning and evening services attended Mark Street United Church on Sunday, its 20th anniversary day.

Guest minister at night was the Rev. J. V. McNeely, M.A., B.D., pastor of King Street United Church, Oshawa, and president of the Bay of Quinte Conference. He spoke on the theme, "Wanted —Direction," and took his text from the command Jesus gave to Peter in the 21st verse, 21st chapter of St. John: ". . . follow thou me."

Mr. McNeely stated that the Christian must have direction, otherwise he would drift through life aimlessly "like a cake of ice in an open river."

"We must have direction," he said, "and that direction must be Christ."

Faith at Low Ebb

After the crucifixion the faith of the disciples was at a low ebb, Mr. McNeely said; and Christ had to prepare them to do His work. Three times he asked Simon Peter "Lovest thou me," and after Peter's affirmative reply in each case he said, "Feed my lambs."

The disciples from that time on had to do the work of the Good Shepherd, said the speaker, and the shepherd "must be a leader with an air of dauntlessness and courage.

In order to understand direction, he said it is necessary that we consider four things: heritage, history, reaction, and destination.

In heritage he said that we are now living in an age of disillusion, having lost the Christian ideals that marked the 19th century. During that period he said the power of science had grown and those who have inherited that knowledge have not known how to use it.

"Two World Wars have made known to us that science has been misapplied by using it for destruction not construction," he contended.

The early Christians had their troubles, too, said Mr. McNeely. They were maligned and persecuted. They received the world's hostility and yet Christ had not returned. He explained that the early Christians thought the coming of Christ was at hand.

"Some gave way; others held on. And eventually they conquered an Empire."

Only Giving Up Service

"Men readily persuade themselves they are following Christ when they are only giving him lip service," he said. "Following Jesus is not just following the crowd."

He singled out the historical epoch that saw the execution of Charles I, the "reign of the Saints" under Cromwell and his Ironsides, and the eventual restoration of the Monarchy under Charles II.

Two giants of English literature lived during that period—John Milton who wrote "Paradise Lost" and John Bunyan who wrote "Pilgrim's Progress."

These men were of neither extreme, he contended, but sought for the better realization of the individual. Bunyan he cited as an example of "how a single soul can triumph over temptation."

He explained that all men must be guided by a theory, but the Christian must be guided by one founded on the Master's teachings.

Fashionable to Reject Christianity

It has been fashionable in the past few years to reject Christianity, said Mr. McNeely, referring to his third point "reaction"; but he said that thoughtful men are now rediscovering the value of Christianity.

John Wesley saw that the gospel was sufficient for human needs and he began the regeneration of England, said Mr. McNeely.

"Power comes with the gift of Christ, and if we fail to give him the world we will not be redeemed."

Of destiny, he said: "If we look around enough we will find the footprints of one who knew the way. I beseech you to follow the footprints of that one. The Saviour says to all of us "Follow thou me."

Mr. McNeely congratulated the congregation on the church and the excellent singing of the choir. The latter sang three anthems at the evening service.

The Rev. R. E. Morton, temporary minister at Mark Street United, conducted the service. Guest speaker in the morning was the Rev. E. W. Rowland of Grace Church and former minister at Mark Street.

A SMALL-TIME, JESSE JAMES-TYPE TRAIN ROBBERY in the West Virginia hills wound up like this on the streets of Washington, near the White House, where the law closed in on two zoot-suited gunmen a little more than 12 hours after they had held up a Baltimore and Ohio streamliner and robbed its passengers and crew of $1500. Cornered in a pawnshop, George L. Ashton, 21, of Youngstown, O., smirks at a detective (left photo) as he's led away. His companion, Luman Ramsdell, 23, also of Youngstown, had to be carried (right photo). He was shot after he drew a gun when police closed in.

Dr. C. W. Dickson Dies In Grafton

GRAFTON, March 14 — For many years government agent at Kelowna, B. C., Dr. Charles William Dickson died Saturday night at his home, Locust Grove. He had resided in Grafton since his retirement seven years ago.

Born in Kingston, he was the son of the late Charles Thompson Dickson and Isabella Margaret Smith Dickson. He was graduated from Queen's University in 1900, receiving his M.A. degree of Ph.D. at Columbia University. He spent some time in research work in chemistry at Heidelberg, Germany. For a few years he taught on the staff of Queen's.

On his return to Canada from Germany, Dr. Dickson prosepcted at Cobalt, where in 1905 he was co-discoverer with Dr. Cyril W. Knight of the Silver Bar mine.

Dr. Dickson served in the First World War with the Seaforth Highlanders of British Columbia and was wounded at Vimy Ridge. In 1918 he was awarded the military cross. His brother, the late George Dickson, who served in the same war, was winner of the Victoria Cross. Following demobilization, Dr. Dickson was appointed government agent at Kelowna. He was a member of St. George's Anglican Church, Grafton.

Surviving are his widow, the former Una Anson - Cartwright, and three sisters, Mrs. Hugh Nickle, Kingston; Mrs. Bruce Grady, Vancouver, and Mrs. William Knox, Kelowna.

Bankers Take Win Over Sergeants' Mess

Bankers' Association defeated the Sergeants' Mess in cribbage last week in the Mess' weekly cribbage games. Bankers won by 171 points in seven tables. First and second honors were also taken by the Bankers with Bankers French and Jackson, first with 985 and Grindrod and Iley with 952.

For the first time in weeks a recount was demanded. It was believed at first the Sergeants had won but 222 points had been omitted by one of the Bankers' teams.

Cribbage opponents for this week will be the Brinton-Peterborough Carpet Company players.

Ski Tows Busy On Two Hills

Skiing enthusiasts flocked to the slopes at Bethany and Kemp's Hill Saturday and Sunday to enjoy perhaps the winter's last skiing. Tows at both Peterborough's skiing areas were in operation Sunday, although the snow became patchy at Bethany. Bush skiing was excellent.

Minor skiing accidents marred the week-end. Douglas Wiley received a slight concussion when he fell at Bethany Sunday. He was taken to the Civic Hospital. James Craig was believed to have broken his arm, but it was only a bad sprain. Kenneth Gadd burnt his hand on the tow rope. Sandy McTavish was cut on the chin when his ski pole jabbed him during a fall. Accidents at Kemp's Hill number only one, a girl injurying her kneecap late Sunday afternoon.

Skiers from Oshawa and Cobourg visited the slopes.

Parents Watch Boys Swimming

Three hundred parents and friends attended Parents' Night at the YMCA Friday. This was the largest number ever to attend a parents' night on swimming in the YMCA. More than 115 boys took part in the display.

Outstanding event of the night was when Louis McClennan broke the backstroke pool record, set by Lennard Smith in 1941 at one minute and 17 seconds. The new time for the event is now one minute 16 seconds.

Exhibition in swimming was presented by the non-swimmers' class. Seven of this group tried to pass tests but failed. They had to swim one length of the pool. The beginners class of boys who had passed the elementary test in October and the Tadpole Club of 40 boys also took part in the displays.

A group workout was done by the Swimming Club. Eleven boys raced Kenneth Stacey, assistant coach, in the 440-yard swim. Each of the boys swam two lengths of the pool. Although slightly beaten by the boys, Mr. Stacey finished the swim in six minutes, six seconds. In the 100-yard free style, John Boorman, Louis Taylor, Jame Starr and Alec Baptie all bettered their best times, finishing in test order. James Heffernan gave a demonstration of the butterfly breast stroke. Ken Stacey and Gerard Armstrong did a clowning act and diving exhibition. James Starr and Jack Rowley also did some exhibition diving.

After the swimming, Al Clark, physical director of the YMCA, gave a short talk to the parents on the values of swimming. Movies on camping were shown and refreshments were served.

Gordon Minty, coach of the Swimming Club, and Donald Duncan, secretary of the Boys' Department, conducted the Parents' Night. Frank Wright, assisted in the direction of the non-swimmers and Gordon Dobbin was timer for the events.

J. A. Thomson Dies

TORONTO, March 14—(CP)—John Arnold Thomson, 73, well-known Belleville architect, died Saturday at his daughter's home here. He suffered a seizure 10 days ago on a business trip to Toronto. For some years he was chief draftsman for the federal government public works department at Ottawa. A daughter, Mrs. Cecil D. Wight, lives in Ottawa.

200 Claimants Plan Action To Get Money

MERTHYR TYDFIL, Wales, Mar. 14—(Reuters)—Two hundred claimants to the "Edwards Millions," an Anglo-American fortune said to amount to £50,000,000 ($200,000,000) in Britain alone, crowded the Miners Hall here Saturday night to plan further action to establish their rights.

They have to prove that they are lateral descendants of William Edwards, a bachelor and 18th century stonemas who emigrated to the United States.

The meeting was told that new documents have been discovered proving the Edwards family's title to money held by the authorities and to land extending 27 miles from Cardiff to Erthyr Tydfil.

The meeting decided to amalgamate existing "family groups" claiming descent from four brothers and a sister of William Edwards.

Charge Flier Spy

PARIS, March 14.—(AP).—Pioneer ocean flier Dieudonne Coste went on trial today as a spy. He was charged with having been one of the "best paid" agents of German counterlintelligence, working in the United States during the Second World War. Coste, now 57, who with Maurice Bellonte made the first east-west flight over the Atlantic in 1930, denied he returned to the United States 13 years later to spy for Germany.

3-Vehicle Collision

CAMPBELLFORD, March 14—(ENS)—A light truck driven by George Stafford of Campbellford and Russell Young's heavy truck collided Friday at the intersection of Bridge St. and Stirling Road. Stafford's truck, thrown diagonally across the street, was hit head-on by a car driven by Harry Grills, Seymour East. The light truck and car were slightly damaged. Chief Constable G. H. Hardy investigated.

Shears Car In Two

TORONTO, March 14.—(CP).—A 12-year-old motor car driven by 19-year-old Roy Young stalled on a highway crossing here yesterday and drove off later, minus part of its rear end. Roy and his brother William jumped clear as a speeding passenger train approached. The train sheared off a fair-sized chunk of the back of the car, but the vehicle could still be driven home.

Students Play HMS Pinafore

CAMPBELLFORD, March 14—(ENS)—The presentation of Gilbert and Sullivan's H. M. S. Pinafore by the High School students on Thursday and Friday nights was well received by capacity audiences. The performers displayed dramatic talent of a very high order in individualizing the peculiar qualities of Gilbertian characters in this satire on the personnel of the British navy. The vocal parts were well taken and the artistically designed costumes gave color and variety to the whole performance. A very true replica of the quarter-deck of one of Her Majesty's fighting ships in the days of Merry England formed the stage setting.

John Anderson took the part of Sir Joseph Porter; John Pierce, Captain Corcoran; Bruce Melville, Ralph Rackstraw, Grant MacColl, Dick Deadeye, Douglas Oddie, boatswain; Muriel Heagle, Josephine; Phyllis Goodfellow, Buttercup; and Evelyn Atkinson, Hebe. The dancers were Marion Bailey, Joanne Chapman, Shirley Davidson and Helen Vansicklen.

Taking the part of sailors were Bob Bennett, J. Benor, Howard Clarke, Ronald Chapman, James Dunk, Robert Glen, Ronald Dooker, Jack Guimmo, George Heath, Bill Hay, George Holmes, Robert Huycke, Maurice Kelly, Murray Locke, Geerald Melville, Robert Nicholls, Patrick Quinn, Douglas Sharp and David Vice.

Sir Joseph's female relatives were Lorraine Barnum, Helen Beattie, Shirley Dunk, Ada Goodfellow, Marilyn Huycke, Joyce Masterson, Alice Peake, Rose Quinn, Cherrie Rose, Joan Seaborn, Rose Simpson, Marie Sharpe, Marilyn Stephens, Helen Stinson, Fern Tinney, Peggy White and Barbara Whiley.

The play was under the direction of Miss Irene Stephen and Principal H. R. Hendershot, the business manager was Mr. E. E. Darling and the stage manager, Mr. Donald Gentleman. The costumes were in charge of Miss Doreen Jarvis; the scenery, Miss Kathleen Ferris; and Miss Anne Nicholls was at the piano.

In The Water, But Where?

There is a muddling variety of plans, projects and prattle concerning wading and bathing places in Peterborough. They leave us up in the air, and unless there is more decision and co-ordination, we shall still be up in the air by summer, or in water at places chosen at random. There is the problem of placing the outdoor pools which the Lions Club propose to construct in Riverside Park. There is a proposal to develop a natural bathing spot in Nicholls Oval, at the river. There are the proposals contained in the City Development Plan. The town planner's recommendations should not be overlooked, but when we look them over they appear rather numerous for present purposes.

* * *

Among the proposals is one that "facilities should be provided for bathing" in Jackson Park. Another refers to Nicholls Park:

"Arrangements should be made with the Canadian National Railway Company for the building of three arches under the tracks which run through the park to allow access to the river. The Otonabee provides a natural sand bar at this point and would be ideal for wading and swimming. If this proposal is carried out dressing rooms should be built under the stage mentioned above".

The proposal seems to have considerable merit, and we are glad that some members of the Council are now taking an interest in it. The lower part of the new band shell should be adaptable for use as dressing rooms.

* * *

The proposal is made in the Plan for Riverside Park that a natural swimming course be placed just south of the present wading pool. If this is to be carried out, what will its relation be to the projected artificial pools there? Point St. Charles Park (south of the George Street wharf) is suggested as a fine location for aquatic sports, including swimming, provided the pollution of the water in Little Lake is ended. That time may be distant, but there is a good argument for having some bathing place located in the southern section of the city—an artificial one, for instance.

* * *

There are many proposals, and before any one is approved, the whole situation should be carefully studied by responsible city officials. It should be studied now, before uncoordinated plans become concrete and the whole business becomes more confusing.

The Chain-Letter Mentality Is Always With Us

Despite one or two futile attempts to revive it, the chain-letter craze which swept over this continent some fourteen years ago has been a long time buried—a fact we found cheering and comforting. We now learn, however, that the chain-letter mentality, far from being dead, is alive and very active. There are still countless thousands of men and women willing to gamble a few dollars, make nuisances of themselves by cajoling others to do likewise in order to keep a chain intact, in the hope that at the end of the chain there'll be a basket of currency. And these men and women are at their silly game from coast to coast in the United States; it may be only a question of time until it spreads to this country.

It isn't a chain this time. It's a pyramid. The idea, however, is the same. Someone induces an acquaintance to join a Pyramid Friendship Club. The new member pays in two dollars and becomes a Number Twelve. Next meeting night he becomes a Number Eleven and must bring two new members, each with two dollars. In theory, the member advances in rank each night until he gets to be a Number One and enjoys the delightful experience of having better than $4,000 dumped in his lap. According to reports, no person has yet received that amount, but there have been enough winners of sums ranging from $500 to $2,500 to keep the chains alive.

Like so many other daffy practices, the pyramid clubs originated in California, but they have travelled across the United States until they are now reported in New York, which has reacted to them typically by raising the ante from $1 to $5, making the theoretical payoff better than $10,000. And there are rumours that this craze has hit the cunning, imperialistic conspirators of Wall Street, who are said to have started a $100 club with a $200,000 payoff.

Whatever we may think of this latest method of pursuit of a fast dollar, it is apparently less irritating than the chain-letter. As far as we know, there are portentous warnings of horrid things to come if an approached innocent refuses to take his place in the pyramid, and invitations to join are presumably extended in person, thus affording an opportunity for a proper reply. We intend to dust off a few rudely descriptive words which never appear on this page and keep them handy in the event that someone invites us to go to a party and become a Number Twelve.

Money In The Sock

The foreign exchange condition nearly upset Canada's trade cart in 1947. We were lacking chiefly American dollars. In that year the deficit with the U.S. was 1.1 billion dollars and the overall favourable balance of trade with foreign countries was only 47 million dollars. The figures for 1948 have now been made public. The deficit with the U.S. has been reduced to $401 million dollars and the general foreign exchange balance has been raised to $453 million dollars. This is a satisfactory, even excellent condition. Canada has never had in peacetime so large a balance of exchange on the right side of the ledger.

The change has been brought about by several means. Imports from the U.S. have been curtailed. Exports have been increased. Our trade with Britain and Europe has flourished, chiefly because Europe is slowly recovering and has had American E.R.P. dollars to spend on Canadian goods. Countries included in the E.R.P. plan bought $1,292,000,000 worth of Canadian produce during the year and nearly half was financed by E.R.P. dollars.

E.R.P. will end, at the latest, in 1952. After that Canada can no longer count on having its sales to the European continent partly paid for by direct American dollars. It is expected, however, that by 1952 the economy of Europe will be sufficiently restored to permit a normal flow of goods and money between this continent and Europe. But without considerable wooing of the British and European markets we shall not be able to sustain the high level of trade. It should be noted that a principal device by which the various countries in Europe plan to recover their economy is greater reliance on trade among themselves, with fewer demands for goods and services that must be paid for in "hard" (dollar) currency. This development should not alarm us, and our trade experts in government and business are considering the future with confidence.

South Africa Sets Her Course

Dr. Malan, the Premier of South Africa, announced some time ago that he would regard the support which his Nationalist party received in the provincial elections as an endorsement of his "white supremacy" policy; the elections, held last week, gave the approval he wanted, for he now has a majority of the popular vote both nationally and provincially. There now appears to be no check on Dr. Malan's ambitions.

Inevitably all parties in South Africa are pledged to white supremacy in one form or another. The whites are no more than a quarter of the total population, and they have a firm hold on virtually everything that is profitable in the country. But Field Marshal Smuts' ideas about white supremacy leave room for improvement of the lot of the Negroes, and even N. C. Havenga, Malan's partner in coalition and head of the Afrikaner party, believes in some measure of Negro representation. But in Malan's opinion the place of the Negro is a position of peonage, virtually without rights, and subject to severe restrictions. Apparently a majority of his countrymen support him in this, as well as in his opposition to English-speaking South Africans, and his hostility toward any remaining links with Britain.

As Malan waxes in power, he becomes more of an embarrassment to the British Commonwealth and to the western world. His policies are about as narrow and inhumane as any to be found in a civilised country, and it will soon be out of the question to describe South Africa as a democracy, even in the broadest interpretation of the word. Race riots, in which the Negroes have attacked the Indian population, have been common since he came to power, and we may expect to see this anger turned against the white population as well. Such revolt is doomed to failure; the ill-armed, unorganized Negroes cannot hope to oppose the whites successfully. But a bloody struggle could result, and western nations may have to choose sides. It will not be an easy choice

Of Cabbages And Kings

By PETER ELIOT

THE better part of an interesting and eventful life is crowded into The Best Is Yet... the autobiography of Morris L. Ernst, the genial and friendly New York lawyer who defended the publishers of James Joyce's Ulysses, Radclyffe Hall's The Wall Of Loneliness and the books of Dr. Marie Stopes and Havelock Ellis. He wins the sympathy of his readers when he attributes his success to luck rather than hard work. Maybe it is the sequel to suffering, he says, at some fortunate stage of life. He recalls telling Judge Brandeis, in answer to his question concerning what people thought of Franklin Roosevelt in New York, that many thought him too casual. The Judge looked at him and asked, "Have you ever suffered?" Ernst replied that indeed he had, not once but three times. The old Judge said, "No one has suffered more than once. But if you recall suffering, whether it was a death, or physical pain, or financial insecurity, you will recall that you were very casual to life during that period of pain. Money meant nothing to you. You were objective to all around you. And this great man Roosevelt was on his back for a year and didn't know whether he would ever get up to make another speech. No wonder, said the Judge, he could send a message to Congress on an agricultural bill saying etc.: "This is a good bill. I hope it works. If it doesn't, I'll let you know."

❖ ❖ ❖

ON the death of Louis Brandeis, an outstanding American, respected and admired by all but by none more faithfully than Morris Ernst, he was bequeathed the lamp that for more than twenty-three years in the Supreme Court had shed light on the Judge's wisdom. His old friend long ago had told him that he wanted to have it, but when Ernst wrote to the marshal of the Court asking that he lamp be shipped to him, he received a reply which stated that the lamp was the property of the Court and that he had no right to it. Legally he hadn't, but the wise marshal had a legal philosophy which reasoned that whereas the lamp could not be given, or even sold, it would be exchanged for a lamp of equal value, so if Mr. Ernst cared to replace it with the same....Equal value. To Ernst it had a value above rubies: it was a lawyer's Aladdin's lamp, his Diogenes lantern. And someone said the law was an ass!

YANKEE From Olympus, by Catherine Drinker Bowen—the story of Justice Holmes and his family is a masterpiece of biography. It is really a generous and sympathetic interpretation of the New England scene since before 1800 and the antagonisms between grandfather, father and son—the last the famous judge.

A very famous journal, really a chronological History of America,—was kept by old Abiel Holmes, the grandfather. Miss Bowen sees him vividly . . . "looking out on Cambridge Common where a seventeen-starred flag hung now from the staff and the revolutionary cannon sat fat and cocky, not yet rusted through. It was good to see the Common green with summer, good to take one's spade back of the house and dig in the vegetable garden. The months passed, and in his almanac Abiel made occasional note of meetings and appointments, adding little that was personal.

"But on August 29, 1809, Abiel broke his rule. Alongside the date and the printed prediction that the day would be "pleasant," he added a little remark:—

X August 29 Pleasant.

X August 30 Commencement Cambridge College.

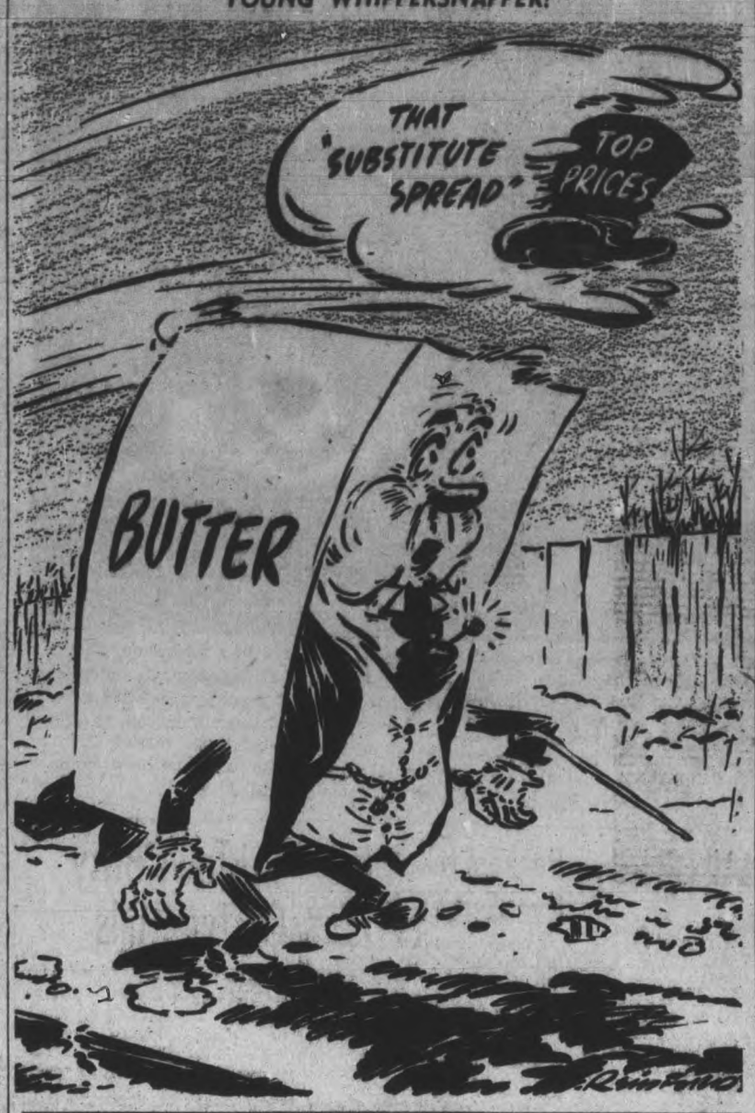
X son b. (Thus modestly was announced the advent of Oliver Wendell Holmes, doctor, professor, Autocrat of the Breakfast Table and poet to Boston for half a century.

❖ ❖ ❖

THE son of the Autocrat did not shine at Harvard, but what is more important young Oliver Wendell Holmes Jr. thought. Plato's Republic gave him the inspiration he required for his debut in the University magazine. But first he decided to submit this, his first literary attempt, to someone quite impartial who would frankly criticize. He decided on Emerson, who knew everything and could be counted on to answer one with neither amusement or condescension, as man to man. And that is precisely what Emerson did when he had finished the last page of the essay, while the nervous young literary aspirant fidgeted on the sofa. Handing the sheets back to Wendell, he shook his head, and gave it to him straight from the shoulder. "When you shoot at a king you must kill him." He told him the truth as man to man, just as the boy knew he would. The next time that is exactly what young Holmes did, and of course, won the coveted prize.

❖ ❖ ❖

ONE of the greatest speeches in history, and one that will forever live not only for the sentiments it carried, but for the beautiful simplicity of expression, was a dismal flop when it was first delivered. Miss Bowen writes:



'September, October, November (1863 in the midst of the Civil War)... Abraham Lincoln went up to Gettysburg to say a few words on the battlefield in honour of the new Soldier's Cemetery. Edward Everett came down from Boston on a like errand. Next day Wendell read their speeches in the Newspaper, agreeing with his friends that the Bostonian had by far the better of it." Ears accustomed to flowery eloquence and cultured accents, were not in tune to appreciate the majesty and truth and hope contained in the plain words of Lincoln.

❖ ❖ ❖

THERE is the story told of the President on the field of battle—his first battle. The firing began, and his generals shouted warnings to the six-foot-four hatless figure, a perfect target for enemy bullets, but he neither answered or moved, while below him on the dusty ground, this thing for which he held himself responsible was happening—men ran forward and fell sprawling on their faces, wounded, dead. He had seen this picture before as he paced the floor at night. The thing he dreaded. He seemed turned to stone.

"Get down, you fool!" a young voice shouted, and roused Lincoln from his trance. Automatically he stepped back. It was Wendell Holmes, angry and terrified. From the protection of the bulwark, Lincoln looked down at the white face, streaked with dirt, the brown hair wild....."Captain," he said, "I am glad you know how to talk to a civilian."

Majesty Of The Law

L. W. BROCKINGTON IN THE CANADIAN BAR REVIEW

LAW is primarily concerned with the drama of life and its essential humanity. Whatever men do, their joys, their hates, their loves, the daily round of their common tasks are all part of the dedication of our lives. For the whole drama of man's progress from savagery to civilization is the drama of the law. His progress is the progress of the law.

Our quest, too, is the quest for truth. With the astronomer and his telescope, the scientist and his microscope, the philosopher with his careful thought, stands the lawyer with his cross-examination and the judge with his patience.

And if we have been concerned with the making and the enforcement of law, no group of men have done so much to see that law is not the will of the master but the organized will and conscience of the community, that it is not a fixed and unalterable thing, but that it grows and changes—too slowly sometimes perhaps—but that it is adapted to the conscience, the mercies and the needs of mankind.

It is as easy to talk about relativity without mentioning Einstein as it is to talk about the majesty of the law without mentioning Mr. Justice Holmes. "Because law," he says, "is the will of the community it is the child of morality. The law is the witness and external deposit of our moral life. Its history is the history of the moral development of the race; the practice of it, in spite of familiar jests tends to make good citizens and good men."

Today you have a giant's strength. But no land is ever less likely to use it like a giant. You are not always told the truth but there is no one who knows you who would not trust you with the truth until the end. Your great men at their best have made pity the harmony of action and compassion. They have raised liberty to the dignity of a burning faith. Your Republic is that faith's great adventure.

It is a crime for any man to despair of his country. For you such despair is the cardinal sin against the future of all men. No free man can have a greater wish for America than that she may renew her youth, recover the sharpness of her vision and find once again the pure, simble strength of the thoughts and emotions of those who gave the sinews to her youth.

Victory, in peace as in war, belongs to the resolute. You, too, have great companions and friends who do not forget, camerados to stick by you as long as you live. This is the prayer of all those who speak your tongue, a prayer for themselves and for you. It is not without purpose and meaning that the poet fashioned it upon the lips of the young:

"Grant us the strength that cannot seek
In thought or deed to harm the weak
That under Thee we may possess
Man's strength to comfort man's distress."

Future Timber

One of the most important functions of the BC Forest Service is the annual planting of millions of fir seedlings. It provides a measure of guarantee that this province will not eventually be denuded of its forests—that reforestation will take place even in those areas where the natural process of seed distribution appears to have failed.

This season, if the conditions of weather and labor are favorable, some 10,000,000 seedlings will be heeled into start the long period of growth that will culminate in timbers for homes and buildings a couple of generations from now.

This is "farming" on a long term scale, but it is farming nevertheless. And it must conform to the same laws that govern crops of shorter maturing periods—there must be planting, either naturally or by hand, before the harvest can eventually be gathered in.—Victoria Times.

Bible Message

(From the Authorized Version)

Honour the Lord with thy substance, and with the firstfruits of all thine increase. (Prov. 3: 9.)

Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it. (Mal. 3: 10.)

❖ ❖ ❖

And Jesus sat over against the treasury, and beheld how the people cast money into the treasury: and many that were rich cast in much. And there came a certain poor widow, and she threw in two mites, which make a farthing.

And he called unto him his disciples, and saith unto them, Verily I say unto you, That this poor widow hath cast more in, than all they which have cast into the treasury: for all they did cast in of their abundance; but she of her want did cast in all that she had, even all of her living. (Mark 12: 41-44.)

❖ ❖ ❖

Hearken, my beloved brethren, Hath not God chosen the poor of this world rich in faith, and heirs of the kingdom which he hath promised to them that love him?....What doth it profit, my brethren, though a man say he hath faith, and have not works? can faith save him?

If a brother or sister be naked, and destitute of daily food, and one of you say unto them, Depart in peace, be ye warmed and filled; notwithstanding ye give them not those things which are needful to the body; what doth it profit?

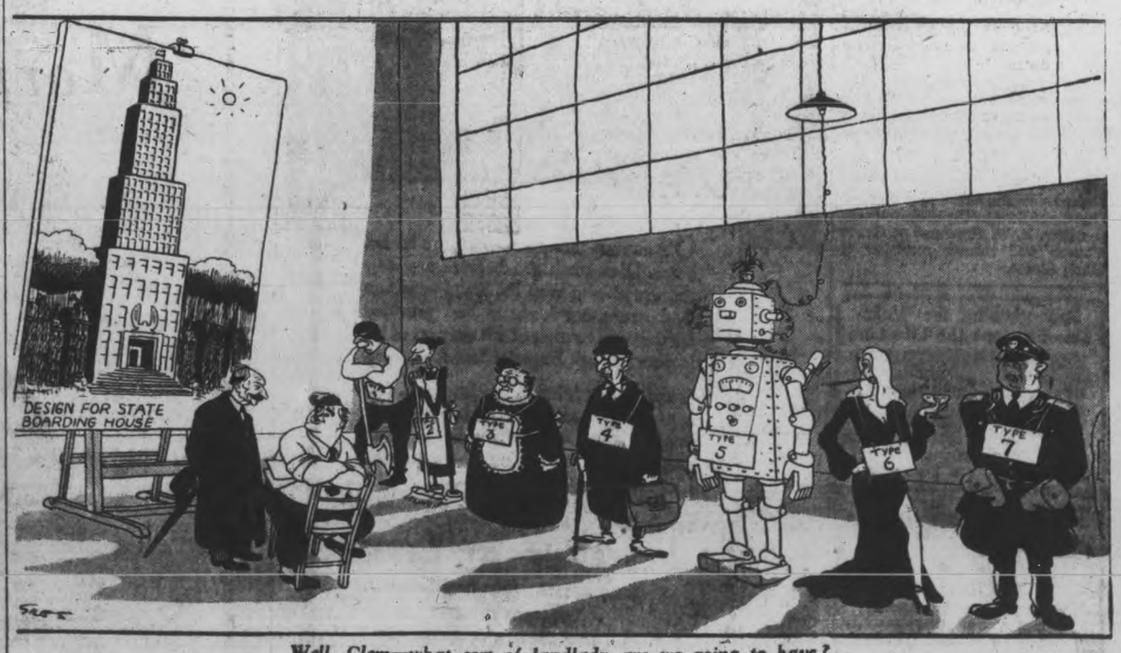
Even so faith, if it hath not works, is dead, being alone. Yea, a man may say, Thou hast faith, and I have works: shew me thy faith without thy works, and I will shew thee my faith by my works. (James 2: 5, 14-18.)

Letter To The Editor

LAND FOR COTTAGES

Sir: An out-of-town businessman suggested to me that those having parcels of land suitable for cottages and cabins should list these with the Peterborough real estate agents so tourists would know where they could buy for building and inspect the sites for cottages.

In the United States lots are sold frequently some distance from water but under shade trees and upon these lots families frequently camp in tents or trailers or build cottages. He said there were probably a couple of thousand locations that could be sold if proper selling methods were adopted.



Tourists are attracted to Peterborough from the congested areas of the United States frequently to have medical surgery and dental care for members of their families, and the Canadian fees are about half to one third less than in the United States.

Americans speak highly of our doctors and dentists, and of our selling staffs in the stores where they say they are met with courtesy and good manners.

The Junior Chamber of Commerce last year did splendid work and I am suggesting that they should be supported generously this year as they have shown their ability to show tourists where to go and what road to take.

Yours truly,
G. N. GORDON

Marine Bantams Victors To Open Provincial Final

Outboard Marines Bantams won over Crowland 7-4 Saturday night at Civic Arena, in the first of a home-and-home series for the Ontario Bantam "B" championship, while more than 700 local fans cheered. The boys put on a brilliant display against worthy rivals.

Crowland had previously eliminated Thorold, Port Colborne, Waterloo, St. Thomas and Walkerton in that order and suffered but one defeat. The return game will be played at Welland Thursday, at 8.30, in the Crowland Arena.

Two beautiful goals by Jim McGrath in the final three minutes of play, one unassisted, the other on a pass from Jerry Frizzelle, climaxed a hectic struggle after Corbett and Turner combined on a neat passing play to break a 4-4 deadlock mid-way in the period. Goals by Nick Kereluik and George Robbins had knotted the count early to put the teams on even terms after 44 minutes of sparkling play, both ways.

Alex Notar scored for the visitors in the first on a close shot as he combined with Nemeth and Katch. Kearns tied it up six minutes later as Marines pressed hard aroound Rumsby. Then McDougall passed out and Kearns slipped a neat one into the right corner. Seconds later, Kelly scored as the locals again worked into rival territory and as Kearns reached his check, Kelly deftly took the disc from him in time and whistled a 12-footer to the left corner to score.

Worked Hard

Crowland fought hard in the second as the pace quickened and finally clicked on a scramble Rome from Piedl. McDougall and Kearns combined three minutes later as Marines' extra speed and checking prowess began to stand out as a big factor. Kearns took a forward directly in front of the net 10 feet out from his mate (while going at top speed) and sizzled a dandy past Rumsby, to the lower right corner. Matchka was off at the time. Penalties proved costly to Crowland who roughed their lighter rivals at times and paid dearly for it, as Marines took advantage of the odd man to score valuable goals. Ball fired a whistler mid-way in the period as Turner set up a fine cross pass from left wing, directly in front of the net six feet to make it 4-2.

The visitors knotted the count early in the third. McCormack, McGillen and Holden worked nicely in front of Byrne. The latter, a regular defenceman, played a great game in the nets making some remarkable saves in each period. Kearns with two goals and an assist led the scorers while McGrath had two tallies and played a stellar game. Strickland shone defensively, while McDougall, with two assists, Kelly one goal, Corbett and Ball with one goal apiece. Turner two assists and Frizzells one, all worked hard as did every player. Notar, Nemeth, Robbins, Rome Piedl, Matchka and Kereluik were best for the losers with Rumsby good in the net also.

Crowland: Goal, Rumsby; defence, Reeves, Mateka; centre, Kereluik; wings, Rome, Piedl; alternates, Nemeth, Katch, Notar, Walters, Cibik, Kelly, Robbins, Subosito.

Marines—Goal, Byrne; defence, F. McGillen, McCormack; centre, McGrath; wings, Frizzelle, Strickland; alternates, Kearns, McDougall, Kelly, Corbett, Ball, Turner, Holden.

Eberts.

First Period:

Crowland — Notar (Nemeth, Katch) 7.52.

Peterborough — Kearns (McDougall) 13.00.

Peterborough—Kelly (Kearns) 14.10.

Penalties—Matchka, Turner.

Second Period: .. ..

Crowland—Rome (Piedl) 5.48.

Peterborough — Kearns (McDougall) 8.38.

Peterborough — Ball (Turner) 10.52.

Penalties—Natchka, Kerluik.

Third Period:

Crowland — Kereluik (Rome) 3.40.

Crowland—Robbins (Nemeth)

Peterborough—Corbett (Turner) 10.13.

Peterborough—McGrath, 17.00.

Peterborough—McGrath (Frizzelle) 19.20.

Penalty—Kereluik.

Czechoslovakia Delightful Host-Wolves

LONDON, March 14—(CP) — Sudbury Wolves returned to London Sunday night enthusiastic over the hospitable gap Czechoslovakia opened for them in the iron curtain. However, there were misgivings over the world political outlook.

Three weeks ago when the 15 Canadian players were competing in the World's Amateur Hockey Championships at Stockholm, they seemingly hadn't a political view. Life to them was one succession of hockey games, meals, hotel rooms and local diversions.

From Manager-coach Max Silverman down, without exception, the team had appreciative words for the Czechs.

"They gave us a private plane, its crew stayed with us throughout the tour becoming almost part of the team," Silverman said. "They showered us with gifts and banquets—we couldn't pay for a thing.

Lots of Tours

"Nothing was too much trouble. They took us on sightseeing tours everywhere, on visits to their factories and industries and laid on dances for the boys after the games.

"Politics? Ask the diplomats about that," Silverman said. "We were ambassadors of sport."

In the team's hotel rooms were gifts—Czech glassware, costume jewelry and native embroidered blouses.

A more misgiving note was sounded from the players themselves.

They agreed that the hospitality was unusual but Tom Russell of Hamilton suspected in might be "just propaganda." He and his roomate, Joe Tergeson of Winnipeg spoke of seeing troop drills throughout Czechoslovakia, evidence of industrial rearmament and of newly acquired conviction of "there's a war coming, boy" in the people.

Hockey's Big Seven

By The Canadian Press.

Boston's Paul Ronty was a big production man in the National League during the week-end, collecting one goal and three assists to move into sixth place in the scoring derby with 45 points. The perennial leaders, Chicago marksmen Roy Conacher and Doug Bentley, went pointless but still lead the parade by a wide margin with 66 and 64 points respectively.

The leaders:

	G.	A.	Pt
R. Conacher, Chicago	25	41	66
D Bentley, Chicago	22	42	64
Abel, Detroit	26	26	52
Lindsay, Detroit	22	26	48

Flyers Bounce Dukes 5-2 In Fast Game

By The Canadian Press.

It appears as if Barrie Flyers possess the know-how to take the Ontario Hockey Association Junior A title. And they have netminder Gil Mayer's standout ability to back it up.

The Flyers went up 1-0 in their best-of-seven final series on Saturday afternoon by defeating Toronto Marlboros 5-2 in Toronto.

Hap Emms' charges felt right at home as they garnered their fifth straight playoff game. And Mayer was no stranger to his chores, even though he was recuperating from a slight case of pneumonia.

The Flyers surprised the sell-out crowd of some 13,000 fans the way they treated their rivals. They drove into a 2-0 lead in the first period, held a 4-1 margin at the end of the second and then split two goals in the third session.

Only for a short while in the second and third periods did the Marlboros carry the offensive. Tommy Lockhart had a tough time in the Toronto nets and time and again was at the mercy of the sharp-shooting Flyers.

Work Fast

It took Emms' defending OHA champions only 26 seconds to chalk up their first goal. It came when Stan Long beat Yockhart on a long screened shot. Minutes later Rick Hogg gave Barrie a 2-0 lead.

Early in the second session, the Dukes came to life and George Armstrong beat Mayer on a hard shot that the little goaltender did not see. But the Flyers drove back and Paul Meger put them up two goals again. With barely a minute left in the period Harold Hopper made it 4-1.

In the third period, the Marlies cut the margin when Larry Regan scored. However, Flyers would have no part of it. From then on they hemmed the Toronto squad in their own end and sewed up the game when Sid McNabney tallied at 16:10.

SPORTS SHOW WINDOW

CEC. PERDUE, Sports Editor

Lots of good grapple fans have paid good dough the past year here to see somebody try to unmask the Masked Marvel. Well, they get another chance this Wednesday at the Brock Arena when Slidin' Billy Hanson, the California smoothie, meets the hooded horror in the main mat bout. The Whipper ripped off the hood recently in Toronto but no other town has seen the hated face of this big rough wrestler. Hanson, who gave the Whip some of his toughest bouts, might do the unveiling here. Earl McCready, a challenger for the British Empire title, meets Abe Yourist in the semi-final of this card. Bill (Smoke) Stack tackles Mike (Prince) Mahalakis in the prelim. Likely plenty of action on this card.

* * * * * *

Dootch Vitarelli is around again after his operation in Toronto for a broken jaw. It was a real nasty break—throwing all the teeth on one side out of line—suffered in a puck drill with Legionnaires. This fine young athlete (only one of the Petes' lacrossers last championship season who didn't miss a game or practice all through) won't play any more hockey this year, but he hopes to be ready for senior "A" lacrosse again comes warmer weather. His puck teammates have arranged a benefit game for 8.45 tonight in Civic Arena for Dootch, Legion playing Markham Millionaires. We hope it draws a big crowd.

* * * * * *

Legion Mark Time

As Belleville beat Kingston Saturday, with the return in Kingston on Wednesday, the Legion are idle for several days at least. Unless they're thrown into playdowns against Orillia about Wednesday. That's uncertain at the moment. Meantime, the group champs want to keep in shape and (besides wanting to help Dootch Defray some of his hospital bills) they would dearly love to beat the Toronto-packed Markham crew, which beat 'em during the senior "B" schedule. The Millionaires are really smart and should give Legion plenty to do before a playoff conscious crowd here tonight while the ice still lasts.

More than 700 fans saw Marines beat Crowland 7-4 at Civic on Saturday eve in the first of their goals-to-count OMHA bantam finals. So they'll tote a three-goal lead down Welland way on Thursday. They may need it, too, as they got most of their goals while the heavier young Crowland chaps were short through penalties. Marines played good hockey, leading 2-1 and 4-2 the first two heats. Their opponents tied it early in the third but the crew master-minded by Albert Watkins and Eddie Woodhouse had enough punch left to win handily. McGrath, Kearns and McDougall caught the eye for the locals on the attack, while Goalie Byrne and Strickland shone defensively. A good bantam team this.

Hockey Petering Out

Hockey in district rinks is nearing the end of its trail. Marmora ousted Norwood for the TVL title and will play in Campbellford tonight in OHA playdowns. Campbellford put out Napanee to continue in OHA competition. Lakefield bowed out to 'Caygeon, and the Haywire Loop finals are on this week up Lakefield way. In Norwood tonight, the peewees battle for the championship, Black Hawks against Maple Leafs. There tomorrow p.m., it'll be Warsaw and Keene (barring a hitch) to open the Rural League finals. Bill Thompson of the Westwood team suffered a fractured rib a few days ago in a rugged semi-final game down that way. Yeah, they're cleaning up loose puck ends around the district this week.

* * * * * *

Provincial playdowns are downright tough. You see, your group winner goes in against other district champs, so the cream of the crop in two rather large hunks of the province are tangling in every provincial playdown series. Our good Marines' cagers—both the "A" and "B" teams—found that out over the week-end. The Quinte chaps yanked out a 56-45 win o'er Gord McIntyre's "B" Marine bunch in a good game here to carry an 11-point lead home. And Al Clark's classy Marines "A" squad lost out 58-33 to St. Kitts, last year's Ontario champs. That gives St. Catharines a 25-point lead—a gloomy outlook—for the return here Saturday, but it must be remembered that Marines led by 25 points last spring when they went to St. Catharines, and our gang lost the round by four points.

Dese. Dem And Dose

Ball men working on the OBA convention meet at seven tonight in the "Y"... Annual open meeting of the Girls' Softball League at 7.30 tomorrow eve in the YM... PCVS juvenile boys walloped Bracebridge 60-19 to win the round 126-36 and enter OABA finals... Ruby Pearse leads ladies and Harold Mesley tops the men in the Mercantile Bowling League, each having an average to date of 217 .. Orillia eliminated Durham 9-5 to advance into OHA senior "B" playdowns ... Toronto Lions rubbed out Welland 6-3 in Oshawa in their junior "B" series... Millar's name was omitted from the local junior scoring list; he played in eight games.... Omemee boys beat Trojan bantams 7-6 Saturday in a hockey exhibition... Markham, who are here tonight, would probably have won the Ontario intermediate "A" title but they were chucked out by the OHA last week for carrying too many Toronto players ... Kiwanis curling 'spiel is on here today and Tuesday... A week from today and spring is officially here.

Curling Notes

By HERB MARTIN

With rinks entered from Kirkland Lake, Pembroke, Belleville, Cobourg, Oshawa, Collingwood, Guelph, Lindsay and Peterborough, the annual men's bonspiel sponsored by the Peterborough Kiwanis Club got under way at 9:00 o'clock this morning.

The bonspiel will continue this evening and, up till 6 p.m. Tuesday.

A. Parkhill, Oshawa, winner of the Kiwanis Trophy last year, is back again and will try to repeat and win the Rolex watches.

This year, in addition to the Kiwanis Trophy, there are two new trophies—the Lord Calvert and the R. Wilson.

The games are being played on the straight elimination system. Jack Allan is bonspiel chairman and he and his committee have put a lot of pep into the 'spiel. We feel sure that it will be as big a success as it has been in the past.

The committee has room for two more entries for the Ostrander Trophy bonspiel Wednesday.

And while we're on the bonspiel business—how about an entry for the annual mixed rink spiel for the Sturgeon Trophy. Play begins next Saturday night at 7:00 o'clock.

Over at Oshawa the other evening, V. Brown's team won that round in the province-wide Colt's competition. We believe that their next move is to Toronto.

R. Collins, B. Ashmore, B. Harrison, V. Brown, skip.

Four rinks skipped by G. Green, M. Wells, E. Williams and J. Ashmore motored to Lindsay on Saturday evening for a friendly game.

Twelve mixed rinks were out on Saturday evening for the usual week-end 'spiel. The prizes were donated by Mr. F. Batten.

Winning skips—F. Batten, R. Bastable, D. Clarke.

Weekend Stars

By The Canadian Press.

Bill Durnan, Montreal netminder, who racked up his fifth shutout in six games Saturday as Canadiens blanked New York 3-0.

Paul Ronty, Boston centre, who collected one goal and three assists as Bruins won twice, 2-1 over Toronto and 6-2 over Detroit.

Johnny Peirson and Kenny Smith, Ronty's linemates, who collected three points apiece in the Boston victory over Detroit.

Elmer Lach, Montreal pivotman, who made the plays for all three goals as Canadiens blanked New York 3-0.

Harry Watson, Toronto leftwinger, who scored a goal in each game as Leafs split.

Quinte Cagers Take Win To Open Series

Belleville basketeers took a 56-45 victory over Marines B hoopsters here Saturday night to open their OABA Intermediate B playdown series before a goodly gallery in the Y gym. The return game of the points-to-count series will be next week-end on the Quinte floor, with the winner going into the provincial semi-final series.

Belleville buckled in from the start in a hard-fought first half to earn a 28-20 edge at the intermission. They barely eked out a 28-25 margin the last half as the wellmatched squads battled hard right down to the finish. It gives the Quinte crew a lead of 11 points against the return match. Payne, Thorburn, and McLaren led the attack for Gord McIntyre's locals, while Watkin, Lockyer and Spafford were the main snipers for Belleville. The teams:

Belleville — Faulkner 9, Pappas, Buchanan 5, Leport, Watkin 15, Spafford 10, Miller 3, Lockyer 12, Galbraith 3.

Marines B — Payne 11, Dadson 5, Trimm 3, Griffin 5, Green, Bachelor, Butcher, Smith 1, Thorburn 10, Deroo, McLaren 10.

Referee—R. McComb.

PCVS Juvenile Basketeers Reach Finals

PCVS Juveniles advanced to the OABA finals Friday night at Bracebridge High School when they defeated the home team 60-19 to win the round 126-36. The finals, scheduled for March 19 and 26, will be a home and home series with the winner of the 4-team tournament held in St. Catharines Saturday.

As in the game here a week ago, PCVS had no trouble after the first 10 minutes. Held to a 7-4 score to that point, PCVS pulled away easily in the second quarter to lead 23-5 at the half. A lopsided third quarter when 10 more field goals were added by PCVS was followed by an even last quarter when each team scored five times from the floor.

Don Griffin and Neil Thompson led the scoring parade, the former counting 18 points on eight field goals and two free throws, with the latter getting 15 points on six field goals and three free throws. Al Northcott had 10 points and Bryon Young six. Ken Black had seven and Laurie Arnson six for Bracebridge.

The teams:

PCVS—Bailey, Thompson 15, Sergeant 4, Hall 2, Jopling 1, Grant Ackford 4, Grafstein, Griffin 18, Northcott 10, Young 6, Evans.

Bracebridge—Arnson 6, Goltz Lawson 2, Parlett, Black 7, Kirkpatrick 4, Gleason.

Step Nearer Union

THE HAGUE, March 14—(AP)—Belgium, The Netherlands and Luxembourg have moved a step nearer union. It was revealed yesterday that economic union of the three countries will become effective July 1, 1950. The union, when effective, will set up a free-trade area with common excise taxes and customs. The countries will also co-ordinate their commercial monetary policies.

Leafs Knock Off Hawks 3-1 Boston Wallops Detroit

By HANS GROTTKE,
Canadian Press Staff Writer.

The only thing certain now after another hectic National Hockey League week-end is the fact that Detroit Red Wings, Montreal Canadiens, Boston Bruins and the Toronto Maple Leafs are definitely going to be in playoffs.

That much, at least, was established at Chicago Sunday night when the defending champion Maple Leafs knocked off the fifth-place Chicago Black Hawks 3-1 and thus mathematically eliminated the last threat to their playoff spot.

Boston, by virtue of their two triumphs over the week-end now are entrenched in the runner-up slot, but only lead the third place Canadiens by one point. The Habitants in turn have only a four point margin over the fourth place Leafs.

Each of the three teams has three games left to play and a winning streak by any one of the clubs is liable to upset the present standing.

Two Victors

Both Boston and Canadiens emerged victorious in the only two games played Saturday. The Bruins edged the Leafs 2-1 in Toronto as the Flying Frenchmen helped Big Bill Durnan to his 10th shutout of the season as they blanked the tail-end New York Rangers 3-0 at Montreal.

Sunday night, Boston thumped Detroit 6-2 right in the Wings' hoome rink, Canadiens tied New York 1-1 and Toronto beat Chicago 3-1.

Grant Warwick and Paul Ronty notched the Boston markers Saturday while the lone Toronto tally was scored by Harry Watson.

In Montreal, Durnan proved unbeatable once more and rang up his fifth shutout in six games. Rip Riopelle led the Canadien marksmen with two goals while defenceman Fred Shero tallied at 16:50 to nullify Murph Chamberlain's second-period goal for the Habs.

Lead Snipers

At Detroit Sunday night, Kenny Smith and Johnny Peirson led the Bruin snipers with two goals each while Jimmy Peters and Milt Schmidt scored one apiece. Veterans Ted Lindsay and Sid Abel notched the Detroit tallies.

Besides losing the game, the Red Wings fiery netminder, Harry Lumley, just about blew his chances of winning the Vezina trophy this year. He now trails Durnan by 17 goals and only a complete collapse on Durnan's part could rob Durnan of his fifth Vezina.

At Chicago, the Leafs' scoring was equally divided with Harry Watson, Max Bentley and Joe Klukay potting a goal each while the lone Hawk tally came from Jim Conacher in the first period.

St. Kitts Lead In Playoffs Over Marines

St. Catharines, 1948 Ontario champions, defeated Outboard Marines 58-33 in St. Kitts on Saturday evening to take a 25-point lead in their two-game OABA Intermediate A cage semi-final series. The return game will be played in the Collegiate here at 8:30 next Saturday night, the winner going into the provincial finals. Marines were Ontario winners in 1947.

The homesters built up an early lead to go ahead 29-10 at the half in a fast, open game. The dance floor was slippery and it bothered Al Clark's crew more than St. Kitts, but the game was well handled all the way. St. Kitts have the same first-game lead as Marines had against them in playoffs last year, but Marines lost by four points in the return game. The visitors Saturday missed Bill Edger. Al Stewart and Ed Nicholls led their attack in a fine showing against powerful opposition, with Marrick, McKenna and Farley their big guns. The teams:

Marines A—J. Stewart 1, Burns 2, Nicholls 13, Gillespie 2, Plunkett, Smith 1, Menzies, Kidd, A. Stewart 14, MacPherson.

St Catharines — Marrick 13, McKenna 11, Farley 14, Storm 5, Clinton 7, Hoskings, Anthony 6, Cambray, Neff, Pickard 2.

Belleville Drops Kingston Nylons 9-4

BELLEVILLE, March 14—The CNR Diesels of Belleville, showing a complete reversal of form, kept their playdown hopes alive at the Belleville Memorial Arena Saturday night by defeating the Kingston Nylons, 9-4, in the third game in the best-of-five series for the local OHA Senior "B" group championship and the right to advance into the provincial playdowns. The Nylons lead the series, 2-1.

IN MAIN BOUT—The Masked Marvel, pictured above, who will wrestle Sliding Billy Hanson in the main bout at the Brock Arena Wednesday night. Although unmasked in Toronto by Whipper Billy Watson, The Mask's contract calls for him to be unmasked in any city where he is beaten. This means the hooded terror will wear his face covering here until he is defeated. But Hanson should be able to turn that trick and give local fans a glimpse of the mystery man.

In the semi-final Earl McCready tackles Abe Yourist. Yourist made a great hit on his only appearance here and a good lively match can be looked forward too. In the opener young Billy Stack of Bowmanville will hook up with the experienced and canny Mike (Prince) Mahalakis. A well-balanced card that should provide plenty of action.

Hamilton Tigers went on strike after winning the National Hockey League championship 24 years ago today when the club executive refused a bonus to players who were to meet Victoria Cougars in the Stanley Cup final series. Toronto St. Pats and Canadians then played off for the right to meet Cougars, the Montreal squad winning. But the other series was taken by Victoria.

UNGAVA IRON ORE BED — Here is typical bizarre barren formation that characterize Quebec's northeastern Ungava. The endless successions of valleys represent dried up river beds containing some of the world's richest iron ore. Most conservative geologists estimate there are at least 2,500,000,000 tons of ore there. Some say five times that amount...

Describe Value Of Newspaper In Community

MARMORA, March 14—(ENS)—The value of the press in the life of the community was stressed at the monthly dinner meeting of Marmora District Chamber of Commerce Thursday.

Press representatives who attended the Press Appreciation Night were S. R. Curry, editor Tweed News; James H. Ormiston, editor Trenton Courier-Advocate; Ernest Acmey, business manager, Trent Courier-Advocate; J. N. Loucks, editor Frankford Advocate; J. Morton, editor, Belleville Ontario-Intelligencer; James Watson, editor North Hastings Review, Madoc, H. W. Sabine, editor Marmora Herald and W. J. Cottrell Marmora correspondent for the Peterborough Examiner. They were introduced by H. W. Sabine and welcome was extended by the Rev. H. J. Farrell on behalf of the Chamber of Commerce.

The press representatives congratulated the chamber on its part in the Civic Arena project and tribute was paid to the fine progress of hockey in the district. Alex Fraser, president of the Chamber spoke in appreciation of assistance the press had given to service organisations.

Mr. McNally reported that the Liaison Committee had attended recent March sessions of Marmora village and Marmora and Lake Township councils to ask them to take the necessary action toward establishing a water authority for Beaver Creek and Crowe River.

Judge J. C. Anderson of Belleville who was introduced as guests speaker by H. W. Sabine, said a free press such as Canada had was one of the cornerstones of the country's democratic life. He advocated a correct use of headlines and thought that in publicity there should be no over emphasis. Crawford Russell moved a vote of thanks to the speaker.

The president announced that the next executive meeting would be held on March 24. The monthly dinner meeting on April 14, will be observed as Sport Night when members of the Marmora hockey teams will be entertained.

At the request of the visiting newsmen to visit the Dr. Hamilton Crawford Arena, a personally conducted tour of the building was carried out.

Make Quilt Blocks

TRENT RIVER, March 14 — (ENS)—Mrs. Robert Morrison entertained Havelock Anglican Church Women's Guild Thursday afternoon at her home. Mrs. Frank McKay president was in charge of the meeting.

The afternoon was spent in appliquing quilt block. It was said that small repairs to the church were to be looked after by the property committee.

Tea was poured by Mrs. Frank McKay and Mrs. W. Fraser and Mrs. James Cook assisted the hostess in serving.

Bleak Depths Of Ungava Least Known In America

By RICHARD DAIGNAULT

QUEBEC, March 14—(CP)—The bleak, rugged depths of ore-wealthy Ungava, which today has big steel interests of United States casting hungry eyes Quebecward, are, so geologists claim the least known in North America, apart from Arctic Islands.

Discovery of an immense bed of high-grade iron ore, "the Labrador trough," sent five mining companies into this sub-Arctic barrenland during the last seven years. Now U. S. steel interests hope Ungava may be the answer to a thorny problem:

Where will America get iron ore when Minnesota's once-great Mesabi Range peters out?

U. S. steel interests struck out to find the answer after unearthing reports by geologist Robert Bell and A. P. Low, both Canadians, who before 1900 surveyed parts of Northeastern Quebec for the Federal Government.

Historically, the Bell and Low surveys were but two of numerous earlier reports, some of which date back almost four centuries, on Labrador and the St. Lawrence north shore.

Much Near Surface

Apparently the first geologist to reach Ungava, Low could scarcely help finding ore. Its proven 300,000,000 tons are mostly rich, surface ore that can be scooped up with a mechanical shovel. How much more there is, no one knows.

Earliest mention of mineral deposits in Labrador came from the Indians.

Spanish, Dutch, English and French in turn opened settlements on the jagged, rocky outer rim of Ungava—but none appear to have penetrated its forbidding interior.

None of the early explorers took advantage of natural river routes to reach the interior.

The idea finally struck H. Y. Hind, a professor at Trinity College, Toronto, in 1862 when he made a voyage by canoe which later became a guide to the discovery of Ungava's wealth.

Hind's contribution to the development of the area is reflected in the fact that a projected 360-mile railway by the Quebec North Shore and Labrador railway at a cost of $100,000,000 will follow approximately the route he mapped out.

Hardy Operates For 2nd Time Without Laurel

By BOB THOMAS

HOLLYWOOD, March 14 — (CP)—There stood Oliver Hardy, chins and all, but something was missing. No Stan Laurel.

For the second time in 23 years of existence, the famed comedy team of Laurel and Hardy has split up. I found round, firm and fully packed Hardy in a buckskin outfit on the set of John Wayne's "A Strange Caravan." He admitted that a couple of cows gave their lives to supply the costume.

I asked if his present role meant a permanent split with the wistful Laurel.

"No, No," Babe assured. "This is just temporary until we get active again. In fact, my salary goes to our joint corporation. We've been incorporated since 1935."

The two comics started preforming together in 1926. Until now they had only one professional division. That was in 1935 when they were working under separate contracts to Hal Roach. Stan had a dispute with the producer and left the lot.

Hardy had to finish out his contract and Roach put him into a thing called "Zenobia," co-starring Billie Burke, Alice Brady and an elephant. The picture fell flat on its trunk, and Babe rejoined his teammate.

Non-Support

Their last Hollywood contract was with 20th-Fox. They quit because of non-support.

In 1947, the pair played successfully all over Europe. Babe shed 75 pounds and wasn't happy with the experience. "I tasted my first whale meat and my first horse meat," he said sourly. He now is back to his standard 295 pounds.

Hardy offered a reason for their recent inactivity.

"The producer don't seem to want to be associated with slapstick comedy; they think it hurts their prestige," he said. "Actually, ours was more situation comedy than slapstick."

Laugh Thirsty

He hoped (as do I) that film makers would realize the public's thirst for laughs.

Babe said that he and Stan have never had any friction. "Why should we argue? We both do different things professionally. What I do, he can't do, and vice versa.

HANDS ACROSS THE BORDER—Renewing traditional rivalry started a quarter of a century ago, Royal Military College and United States Military Academy hockey teams played their annual game Saturday at West Point, N.Y. West Point captured the honors this year, winning 5-4, for their third victory in 18 tries. Members of the two military academies toast each other—in milk—across the training table.

In early days the "horse power", operated by teams of horses hitched to its arms and walking in a circle, supplied the power to operate the threshing machine and other farm machines. Today tractors and engines supply the power to operate most farm machines. Nickel Steel and Nickel Cast Iron are used for important parts of tractors and other farm machines to give extra strength, toughness and wear resistance, and to eliminate breakdowns.

Canadian Nickel sold Abroad brings in U.S. Dollars

Since more than ninety per cent of the Nickel produced in Canada is sold to the United States and other countries, it brings a constant flow of dollars back to Canada. In fact, Canada's Nickel industry is one of our chief sources of U.S. dollars so essential at the present time to maintain our foreign trade and make available products not produced in this country.

These dollars help pay the wages of the 14,000 Nickel employees, and help provide the dollars which make it possible to pay millions in freight to Canadian railways, to buy timber, steel, coal, machinery and supplies amounting to many millions each year.

These millions, flowing into all industries through the length and breadth of Canada, help create jobs for Canadians.

Greater Freedom Permitted English Teacher

Peterborough English teachers, unlike their Toronto confreres, seen satisfied with the present English course as laid down by the Department of Education. And they are less critical of present-day students' grammatical knowledge.

Recently a number of Toronto teachers listened to an address "What We Expect from our Teachers of English," by the Hon. Dana Porter, Minister of Education. After the address several of them told the Minister what they expected of the students; and they spared a few barbs for the Department as well.

Commenting on the claim of a Harbord Collegiate teacher that English teachers could plan their courses better if left alone by the Department, R. Lloyd Hale, PCVS, said, "We are allowed to plan our courses more fully now than ever before."

He said English teachers were allowed a choice of texts right up to the Upper School. And in the Upper School they were free to choose among the Shakespearean plays.

Mr. Hale did not agree with those critics who felt that English as a subject was being pushed into the background. "We have seven periods a week", he said, "and in the first year two periods a week are for grammar."

Takes Sharp Exception

One Toronto teacher stated "perhaps 25 per cent of the students coming to Collegiate are unable to read a sentence of eight or 10 words and get much meaning out of it."

With this Mr. Hale took sharp exception. "I've noticed that the grammatical knowledge of students has improved during the past five years."

G. Leslie Woodruff, Normal School master said that no Department of English is ever completely satisfied with its students, and it was his experience that the knowledge of English fluctuates from year to year depending on the quality of instruction at the individual High Schools.

On a couple of points Mr. Hale agreed with the Toronto critics. He contended that the curriculum in primary and secondary schools should not be separate, but there should be a continuity in study unbroken by the jump from the lower institution to the higher. And he agreed that more time should be spent in individual instruction.

Mr. Woodruff, like many other educationalists, is looking ahead for the publication of the Royal Commission on Education. "I hope that the Royal Commission will give us leads to follow," he said. He stated speculation on the subject would not be of much use until the findings of the Commission were made known.

As for Education Minister Porter's statement that the greatest examples of "English literature are found not in the novel but in the writings of English historians such as Lecky, neither Mr. Hale nor Mr. Woodruff would commit himself.

Acording to press reports the Minister of Education compared the works of Charles Dickens with those of W. Somerset Maugham, saying: "The boyhood life depicted in 'Oliver Twist' is similar to that described in 'Of Human Bondage,' but they are different in style. I alway thought Maugham had a very readable style. When I finished one sentence I always wanted to know what was next."

"That's one man's opinion," said Mr. Hale.

"But then perhaps no writer has contributed anything new to literature since Shakespeare," the Minister is reported to have said.

"Well, he's on safe ground there," laughed Mr. Hale.

WORLD'S LONGEST TUNNEL

The tube through which London's underground trains run, is the longest continuous tunnel in the world. It has a length of 17¼ miles.

REQUIEM MASS was said at Sacred Heart Church today for Robert Lawrence Shaughnessy, who died suddenly on Friday morning in his 34th year. The executive, office staff, and some of the factory workers of the Outboard Marine Manufacturing Company attended the funeral, where he was assistant cost accountant.

18 Rinks Enter Kiwanis Trophy 'Spiel

The two-day annual Kiwanis Trophy bonspiel started here today with 18 rinks competing. The Kirkland Lake entry was snowbound and unable to get here for the opening. The bonspiel is run in three competitions on the elimination basis for the Kiwanis Trophy, the Lord Calvert Cup, and the Reuben Wilson Trophy. Rinks were entered from Pembroke, Guelph, Belleville, Oshawa, Cobourg, Lindsay, and Peterborough. The Parkhill quartette from Oshawa, winners of the trophy last year, was due to curl this afternoon.

Mayor Max Swanston welcomed the visiting curlers. Jack Allan, chairman of the committee, also extended best wishes to the visiting rinks. The bonspiel will end early Tuesday evening. The results this morning:

OBITUARIES

ROBERT J. BEGLEY

Robert J. Begley, 85, of Peterborough, died in hospital on Sunday following a lengthy illness. He was born in Belleville, son of the late Patrick Begley and Mary Ward, and he lived nearly a lifetime in the city. His wife, the former Rebecca Preston, predeceased him.

He leaves one son, William J. Begley of this city and a sister, Mrs. Frank McFadden of Lindsay. He was a member of St. Peter's Cathedral and of the Holy Name Society. He was also one of the original members of the former Total Abstinence Society and vice-president of the TAS lacrosse team.

Funeral will be from the Anglesey Funeral Home to St. Peter's Cathedral on Wednesday for Requiem Mass at 9 a.m. Burial will be in St. Peter's Cemetery.

MRS. FREDRICK J. REDPATH

Mrs. Fredrick J. Redpath of 641 Water St. died on Sunday at her residence following a sudden illness. She was born in Cavan township, the former Margaret Jane Morton, and has lived in the city for the past 45 years.

Besides her husband she leaves one sister, Mrs. Lizzie Hutchison of Millbrook and one brother Charles Morton of Peterborough. She was a member of George Street United Church, of its Red Cross Society, the Women's Auxiliary and Women's Missionary Society.

Funeral service will be from the Belleghem Funeral Home on Wednesday at 2 p.m. The Rev. Dr. James Semple, assisted by the Rev. Dr. J. R. R. Cooper, will officiate and burial will be at Little Lake Cemetery.

World Control To Follow Drive In China

If communism wins control of China it will not stop there, as it has a world program. This was the warning note sounded by Rev. Tene K. Chiu, native Presbyterian Church pastor of Honan, China, and now continuing his studies in Canada on a Sabbatical leave of one year, in a sermon delivered to the congregation of St. Paul's Presbyterian Church on Sunday evening. Speaking on the subject of "China and Communism," Rev. Mr. Chiu, who is at present associated with Glenview Presbyterian Church, Toronto, stated that, while it was quite true that the poor people in areas overrun by the Chinese Communists were getting more food than before, it was at the price of sacrifice of freedoms which "we call sacred."

Rev. Mr. Chiu was also the preacher at the morning service in St. Paul's and was introduced on both occasions by the minister, Rev. C. G. Boyd, who stated that Mr. Chiu was in Canada to study the methods, organization and doctrine of the Canadian church, and that the Chinese minister was a graduate of Fukien Christian University at Foochow, China, and Cambridge University in England.

The Chinese Communists at the moment are "quite a mixed group," Mr. Chiu said, and it is the fear of many that the pro-Russian group will gain full control eventually.

Like Football Game

The speaker likened the present struggle in China to a football game, "with two very strong teams fighting for supremacy and the people being used as the ball." He said that the people are being kicked about like a football, with many foul plays being committed in the process.

Seventy per cent of the Chinese populace are still illiterate. Mr. Chiu reminded the congregation, and whoever gains control of China will have control of more manpower than exists anywhere else in the world. Millions of young people in China today are throwing off the religious beliefs of centuries, but so far they have not adopted anything else in their place. To emphasize the inroads communism has been making in China in recent years, Mr. Chiu recalled that Christianity in its 140 years in China had made 1½ million converts, whereas communism since its introduction into the country 30 years ago had secured 3,000,000 party members.

Rev. Mr. Chiu described the communists as "ruthless" in their purging out of party members who did not hew strictly to the party line and "cruel" in their crushing of opposing elements. They have "no respect for personality," he said.

Some Good Points

Mr. Chiu declared, however, that "there are some good things about communism (as it is being practised in China) that we cannot afford to ignore." For one thing, their succoring of the poor people was on a far larger scale than "the piecemeal and individual basis" so often the rule in the western democracies. They are the first segment of the population to receive aid after the communists move in. Secondly, the communists "are much more ready to die for their faith than we are ready to die for Christ," and thirdly, the communists have a world view. To illustrate the last named point, he stated that the Indian, Burmese, Siamese and Chinese communists are all working together, with no distinctions of race or class.

Mr. Chiu recalled that in 1916 Dr. Sun Yat Sen, the founder of modern republican China, called upon the western powers for aid in setting up a new system of government, but that such aid was not forthcoming because the Allies were too impoverished as a result of the ravages of the First World War to think of anyone else but themselves. Dr. Sun then turned to Russia for help, with the result that the communists gladly co-operated by sending the needed assistance. The situation in China today stems from this.

In conclusion, Mr. Chiu asserted that in his opinion the only hope of the Chinese people ever emerging finally from chaos was in "God and the love of Jesus Christ," who urged his followers to be constrained by his love and go out and conquer the world in His name." We need to match the "powerful faith" of the communists with a faith of our own equally powerful.

SPECIAL SPEAKER — John H. Brace, OBE, of Montreal, vice-chairman of the executive committee of the Canadian Chamber of Commerce and vice-president in charge of personal and public relations of the Bell Telephone Company of Canada, will be the special speaker at the Diamond Jubilee banquet of the Peterborough Chamber of Commerce on Tuesday evening at 6.30 in the Empress Hotel. Mr. Brace, a past president of the Montreal Board of Trade, will discuss human relations in industry under the heading "What Are We Doing About It?"

Two Men Hurt At New Hospital

Two men working in the basement of the new Civic Hospital were injured early today when the scaffolding on which they were standing broke, and a heavy expansion joint crashed down pinning them to a pile of piping. They were taken to Civic Hospital to be x-rayed and given medical treatment.

Both of them received "crushing injuries and bruises, according to Dr. R. K. Magee. They were identified as Alan Cummings, 24, 302 King St., and Leonard Donovan, 42, a Toronto resident now working on the new building.

Donovan was released from hospital before noon today and allowed to go home. Although severely bruised on the right side he had no bones broken. Cummings, who had an injured left hip, possibly fractured, is still under observation pending the x-ray results.

The two men, employed by J. Wiggins and Son, Toronto plumbing contractors, were standing on a scaffolding about four feet above the basement floor, and were fitting an expansion joint weighing 300 pounds to a steam line.

Apparently the weight was too much and the scaffolding broke causing them to fall to the basement floor with the heavy joint crashing down on top of them. Police reports indicate that Cummings fell onto a pile of piping with Donovan landing on top of him. The joint pinned both of them fast.

Neither man was unconscious when removed to hospital.

G. R. Schwab Entry Grand Champion

The fifteen entries of G. R. Schwab of the Kawartha Chinchilla Ranch at 369 Mark St., among other prizes, won at the Ottawa show last week the highest award, the much coveted John Labatt Trophy for the grand show champion, the best of show.

Second highest award for grand champion female was also won by a Kawartha chinchilla, as were three class champion rosettes, three first prizes, four seconds and one third, totalling fourteen awards for the fifteen entries. Among these are one silver trophy and two silver cups.

Kawartha chinchillas have won their share of the highest honors at both the Toronto and Ottawa shows, bringing to Peterborough five silver trophies and cups out of the total of six awarded.

Motor League Opposed Early Closings

Service stations throughout Ontario would undoubtedly have been forced to close at 7 p.m., to the serious detriment of the U.S. tourist industry, if it had not been for the strong opposition of the Ontario Motor League.

That statement was made recently by Arthur W. Sandrock, Kitchener, at a meeting of the St. Thomas Motor Club.

"The early closing of gasoline stations was almost made a provincial law, and you know what that would mean to the tourist industry. The OML has many veterans of the Second World War who, because of injuries and wrecked nerves, were not capable of engaging in many lines of work. They put all their savings and gratuities into little filling stations. Then certain interests came along and told them they couldn't stay open after 7 p.m. We went to battle for them and for others opposed to such drastic and arbitrary legislation. I wish you could read some of the letters of gratitude the Ontario Motor League has received from many of those ex-service men who have been protected."

Mr. Sandrock said there were many men available to look after service stations on the shift basis, enabling them to maintain a 24-hour service.

Gets Six Months For $410 Fraud

COBOURG, March 14—(ENS). —Peter Walker of Glasgow was sentenced to concurrent terms in the reformatory of six months definite and three indefinite when he appeared in police court today on three charges of fraud. Walker obtained a total of $410 from local people as a result of posing as being interested in purchasing property in Cobourg.

Snatched Purse Found On Sidewalk

Mrs. E. James, 77½ Park Hill Rd., who chased a bag snatcher from Edinburgh St. to Park Hill Road in a vain attempt to retrieve her purse which the man took from her Friday night now has the purse which was found Sunday morning on a snow bank outside her home.

Fifty cents in small change was all she was carrying when a young man snatched the purse from her. This money was missing but a jack knife, silver pencil, gold chain, postage stamps and glasses had not been taken.

Mr. Jim Doyle, also of Park Hill Road, found the purse on the sidewalk at six o'clock Sunday morning.

Young Deer Escapes Injury Struck By Car, Placed In Zoo

Peterborough's zoo, located at the city's filtration plant, already the possessor of one doe and a buck, received an unexpected addition to its ranks on Sunday morning as the direct result of an incident which occurred on No. 28 Highway on Saturday night. The new resident of the zoo is a beautiful young deer, which miraculously escaped death or serious injury when it collided with a car driven by Henry Dunn, 375 Holloway Drive, salesman for F. H. Patterson, vacuum cleaner dealer.

Mr. Dunn was bringing back to Peterborough a group of members of a Trojans hockey team following a game at Apsley. The encounter with the deer took place about 25 miles from Peterborough at a point some six miles on the other side of Burleigh Falls, and near a sawmill 4 miles south of Apsley.

Came Right At Car

Mr. Dunn told The Examiner that he had just gone over the brow of a hill and was proceeding down the other side when he sighted the deer. It came upon him so suddenly that he was unable to avoid striking it. He stopped the car and with his young passengers picked up the deer and placed it on the back seat of the car. It was unconscious at that time, but shortly after being put in the car, it regained consciousness.

Mr. Dunn then resumed his trip to the city, where upon arrival he turned the animal over at the headquarters of the Provincial Police, who kept it in their cellar over night.

Taken to Zoo

Mr. Dunn was assisted in placing the deer in his car by Jack Church, 574 McCannan St., who was driving a car immediately following Mr. Dunn's car. Church, a student at Peterborough Collegiate and Vocational School, got in Dunn's car and held the deer down, as it was in a highly frightened state.

On Sunday morning, the Provincial Police authorities got in touch with Game Warden Stanley Windsor, who examined the deer and found no injuries apart from a sore left front leg, causing it to limp a bit. The police then called James Harrison, keeper of the zoo, who came over to the police office with three men. After quite a struggle with the highly excited creature, they finally captured it in the cellar and took it over to the zoo, where on Monday morning Mr. Harrison reported that the deer, which he estimated to be about a year old, was "doing nicely."

$9,613.72 Paid For Suggestions

Canadian General Electric Company paid to employees last year gratuities amounting to $9,613.72 for suggestions of improved methods.

Summary of the report of this voluntary and enterprising contribution by members of the staff of the several works are: 3,604 suggestions by 8,770 eligible employees; one-third, 1,194, were accepted.

Average award was $8.05, but the Peterborough average was $11.76. In that respect Peterborough employees led the CGE household with practical and bright ideas that were accepted and put into effect.

Received $450

L. J. Heath of Peterborough received the largest sum of $450, and incidentally, the Peterborough staff had the largest number of acceptances, 40 per cent. of their total of 1,278 suggestions. More than $6,000 was paid out to employees of the Peterborough division of the big company.

The suggestion plan was first adopted in the local works, and gradually extended to the other branches of the company. It is a continual challenge to the inventive spirit and to the conceiving of means of reducing costs of production, means of safety, and various forms of "better way" of doing things.

Hunters Bring Wolf Out Alive

Max Humphries of Asphodel led a wolf-hunting party into an Otonabee bush Saturday morning, and actually brought the animal out alive.

They are not emphasizing that final flourish to their round-up for they had shot the wolf several times. They had the animal helpless and it was just a final detail of giving the "coup de grace".

Word of the Otonabee wolf hunt having been recently seen, stirred the Asphodel party into action. With Max Humphries were Stewart Graham, Bruce Graham, Frank Walsh and Reeve James Humphries.

Armed with shotguns, and with three hounds to help in beating the bush it was not long after they entered it until the huge wolf was seen by Bruce Graham. His were the first shots but the quarry escaped that attack. It was next in range of Jim Humphries' gun. He registered a wounding hit. The wolf turned on the dogs, went at them furiously, and then dashed off into the thicket.

The chase led off to another bush, and the dogs would not take up the track again. Jack Cavanagh of that locality joined the party at that stage and volunteered to take up the pursuit. He sharpened a long stick, packed some snowballs and set out after the wolf. It took him only ten minutes to rout the beast out of the swamp. Bruce Graham hit it with four shells. Still, the big gray animal kept going with Graham and Max Humphries following it into the woods. They cornered it in a brush area, and with complete mastery of the wounded beast they decided to fetch it out alive. Humphries grabbed its hind legs and dragged it into the open while Graham kept his shotgun trained on its head.

The party saw another wolf that played hide and seek with Frank Walsh and then got clear away. Not a fox was seen in the morning's chase. Apparently they have become scarce in that area.

Dillard Sets New Record At Track Meet

HAMILTON, March 14—(CP)—A 17-year-old Hamilton sprinter, Don Stonehouse, edged into the limelight with some of the United States' best runners Saturday night in the annual Argyll and Sutherland Highlanders track meet here.

Four track records were broken over the indoor oval at the Highlanders Armories. One was made by Stonehouse, who raced 300 yards in 33.7 seconds to better the mark he set last year for boys under 18.

Harrison Dillard of Cleveland, holder of the 100-meter Olmpic title, set a new local mark of 7.4 seconds over the 60-yard hurdles and went on to win the 60-yard invitation dash in 6.3 seconds. Stonehouse, showing well against the veteran U. S. runners, was close behind in third place.

Equals Record.

In the 60-yard dash for boys under 18, Stonehouse equalled the standing record of 6.5 seconds.

UWO runners copped the Lt.-Col. Fred Wigle memorial trophy in another featured race, the one-mile university relay. McGill was second and Queen's third.

The two other records were set by the East York Track Club who took the 440-yard girls' relay in 54.2 seconds and the Hamilton Central Collegiate relay team in the half-mile event, with a time of 1:39.9.

In the featured one-mile invitation run, Ronald Wittreich of Princeton, N. J., won with a time of 4:18.8. Curtis C. Stone of Pennsylvania State College placed second.

Gord Haight, a Queen's University runner, took the 1,000-yard run in 2:24.5.

NEW MONT ROSA
EVERBEARING RUNNERLESS
DWARF BUSH
STRAWBERRY

Fruits from seed the first year: easily grown. Bush form, about one foot high. No runners. Hardy perennial. Bears abundantly from early summer till killing frost. Has an intense luscious flavor and aroma like that of wild strawberry; rich and juicy. Neat compact bushy growth makes it highly ornamental as well as valuable in vegetable, fruit or flower garden, borders, etc. A showy pot plant too. Though smaller than commercial strawberries Mont Rosa is the largest fruiting of any variety we know from seed, surpassing the popular solemacher and similar types. Its unique bush form and exquisite flavor place it in a class by itself for every home garden. Seed supply is limited. Order early. (Pkt. 25c) (3 pkts. 50c) postpaid.

Legislation Not Cure-All For Evils Of The Country

There is not much use in trying to cure the evils of the country by the passage of legislation alone; an atmosphere must be created which "will make evil an impossibility," declared Rev. Dr. Archer Wallace of Toronto, noted writer of religious books for boys and young people, in a sermon delivered at the morning service Sunday in George Street United Church. Dr. Wallace, who has been editor of "Onward," United Church of Canada paper for young people, for the past 30 years, preached on the topic "Spiritual Atmosphere." The service was conducted by the minister, Rev. Dr. J. Semple, who referred to Dr. Wallace as "Canada's greatest writer of stories for boys."

Spiritual Atmosphere

"The chief function of the church," said Mr. Wallace, "is to create an atmosphere of high-mindedness, lofty, passionate, and spiritual, all over the land." It is the duty of the church, he stated, "to bring man into touch with Almighty God" and then to let him work out his own spiritual salvation. A greater "atmosphere of spirituality" is needed both in our churches and throughout the country.

Instead of continually berating our politicians at Queens Park and Ottawa, we should be praying for them and asking God to help them carry out their great responsibilities, Dr. Wallace said. "We all carry around with us an influence and atmosphere" which can affect others, he declared.

Increased Sunday School

In an interview granted to an Examiner reporter following the service, Rev. Dr. Wallace stated in answer to a question that there has been "a very definite increase in Sunday School attendance in Canada in the past three years" as a result of measures taken by the churches to arrest an alarming decline in enrolments.

Dr. Wallace asserted that there is a much greater interest in youth today among the churches than there was 50 years ago. As an example of this, he cited an increasing trend in the building of new churches to spend more money on facilities for young people and less on structural adornments.

There is a definite feeling among church leaders today, he said, that the church must more and more provide wholesome outlets for youth recreation. "It is no longer enough just to have the church open on Sunday only."

Author of 26 Books

Dr. Wallace is the author of 26 books, chiefly for young people, but he also has written some devotional books for adults as well. They have been translated into six foreign languages, Japanese, Chinese, Korean, Hindustani, Portguese (for use in African missions), and Spanish (for use in South America). They have also been translated into Braille for the benefit of the blind. "Onward" now has a circulation of over 100,000 copies per week.

Rev. Dr. Wallace has just finished another book to be published in May entitled "The Field of Honor," containing 100 stories for boys.

Dr. Wallace also preached at the evening service in George Street Church, on the theme "Universal Love of God." After the service he presented a travelogue "A Tale of Two Cities" in the church hall, a sympathetic study of the differences between old London and modern New York illustrated by 100 recent views.

St. Laurent Hints Citizens To Get Bang Out Of Budget

By GEORGE KITCHEN

OTTAWA, March 14—(CP).—Prime Minister St. Laurent predicted the other day, as loudly as he could without shouting it from the parliamentary roof-tops, that you, Mr. Taxpayer, are going to get an awful big bang out of the forthcoming budget. He dropped the hint, just like somebody dropping a sledge-hammer in a violin recital, during a Commons discussion on which legislation the Government has in mind for the immediate future.

He sort of sidled into the thing with the statement that "perhaps it might be of interest to the public" to have Finance Minister Abbott bring down his budget before the end of this month.

Then he added (and you can put your own interpretation on this):

"I think the public would be glad to know the contents of the minister's proposals as soon as they can be made available."

Some observers on Parliament Hill say he couldn't have made it plainer if he'd used an axe that this budget was going to be jim-dandy when it comes to cutting taxes.

Hint Income Tax Eased

Some Liberal members—and maybe they know—suggest that the main cut is going to take the form of a lifting of income tax exemptions. This means that the government might lift the basic exemptions to, say, $1,000 for single persons, and $2,000 for those who are married. That means that anybody earning less than those amounts won't have to pay taxes.

Of course, there are other kinds of taxes, although you don't always see them when you go down to the store to buy the groceries, or the school books or a new three-and-a-half-buck shirt. They're what the politicians call the "hidden" taxes. Usually, the government takes its cut when the goods are manufactured and you don't see it at the retail store.

These taxes include the 25-percent-sales tax which applies to just about everything you buy except certain canned foods, and the so-called "nuisance" taxes which boost the price of soft drinks and chocolate bars.

Some of these have caused more grumbling than any others and the betting here is that they—or some of them, at least—will go out of the window.

Explain Set Up On Recreation To Rotary Club

COBOURG, March 14—Operation of the recreational director set-up was explained Friday to the Rotary Club by Earl Webster, District supervisor of community programmes, Department of Education. The speaker was introduced by Mayor Joe Smith and thanked by Bill Malton. Guests were Rev. H. Bedford-Jones, president of the local ministerial association; Bill Edwards of the Galloping Ghosts Rugby Club; Claude Fowler, president of Kinsmen Club, and Councillors F. Lapp, H. Brent and V. Climo.

"We'll do our part to support you but your recreational programme will be your own responsibility to work out with a minimum of interference from us. We'll do all we can to help you and to bring to you the experience of other places. It is a new thing. In eastern Ontario we have 30 communities engaged in recreational work, ranging in size from Ottawa down to Grafton and there are nine fulltime directors. The last one appointed was in Prescott," said Mr. Webster.

He explained that the government would pay one-third up to a maximum of $3,100 plus one-fifth for maintenance and operating costs up to a maximum of $400. A community could get up to a maximum all told of $3,500. The department would help in drama, discussion groups, art, music, folk dancing, crafts and sport. The steps for Cobourg to take in initiating such a programme would be to pass a by-law.

Advesory Council

He went on to explain that the by-law would provide for an advisory council made up of representatives of the various organizations interested in the work and in addition a membership of seven on a smaller board of management. This latter committee would create the policy to be followed and direct whoever was the recreational director.

Don't let your recreational director do all the work while you sit back and find fault. You can advise each other. I used to be a teacher, and directors get more than I do and so they should. I have security which they do not possess. They have a big responsibility and you can't do with too cheap a man. You have different needs and he will be subject to advice from your board and he will use public and private recreational facilities. The amount of co-operation in that regard will depend on his ability to secure support. There must be adequate supervision if the public is to be satisfied," said Mr. Webster.

Cancer Victim Dies

VANCOUVER, March 14—(CP)—Mrs. Jack Northam, 37, one of three Vancouver women who a year ago flew to Australia seeking a cure for cancer, died here during the weekend. She made the trip despite the warning of John Braund, Sydney's "cancer expert," that he could not cure her. Braund has since been officially pronounced a fraud. One of her companions, Mrs. Ruth McIntyre, died shortly after her return to Canada.

Accept Russ Suggestion

LONDON, March 14—(AP)—The Board of Trade said Sunday night it has accepted a Russian suggestion to open talks on a proposed new one-year trade pact. Harold Wilson, board president, and A. I. Mikoyan, former Soviet foreign trade minister, agreed in Moscow on the previous one-year pact. Last May talks opened on a proposed long-term trade treaty between the two countries but broke down.

Reds Lead Riot

ROME, March 14 — (AP) — Communist-led crowds stormed through downtown Rome for a wild half-hour Saturday night, shouting protests against Italy's joining the Atlantic Pact. Shouting "Peace, peace!" A crowd of 800 to 1,000 Leftist youths, many wearing flaming red neckerchiefs tried to storm into the Palazzo Chici, the foreign ministry building. Jeeps raced through the area bearing police with drawn tommy-guns.

Find Fatalities Heaviest In Maritimes

By the Canadian Press.

The Maritime Provinces, with six violent deaths during the week-end, bore the brunt of a fatality toll of 10 in Eastern Canada.

The Canadian Press recorded three deaths due to railway mishaps, two drownings and two deaths from gunshot. A streetcar, sled and automobile accounted for the other fatalities.

Louis Muise, 48-year-old fisherman of Yamouth, N. S., drowned when his skiff capsized at Pictou, N. S., Roy Langille, was hit by a train, At Meadowvale, N. S., Donald Neily, 16, was accidentally shot. The body of George Patterson was found at Waterside, N. S., with his rifle nearby.

Osborne Brown, 43, a Fredericton, N. B., motorist, was killed in a car accident. A farmer near Fredericton, Percy Crouse, 59, died of injuries caused when his horse bolted and dragged him under a heavy sled.

Dorothy Parker, 17, of Woodstock, died in hospital there of injuries from a Friday night level crossing collision and in Toronto Peter Dewda, 61, was fatally injured when he walked in front of a city street car.

Searchers at St. Catharines, are dragging the waters of the old Welland Canal for the body of Harry Green, 65-year-old civic employee, who is believed to have drowned.

The body of an unidentified man, about 65 years old, was found on the railway tracks near Sunbridge, Ont., near North Bay. Police said the man had been struck by a train.

The year was 1885 . . .

. . . above the crackling rifle fire of the Battle of Batoche in the Northwest Rebellion rose a make-shift red and white flag. It had been sewn together by Major-General (then Surgeon) G. Sterling Ryerson from factory cotton and pieces of red cloth "borrowed" from an ammunition cart. Under its protection wounded men were carried from the field. For the first time . . . the Red Cross flag had been flown in Canada!

Eleven years later the first "colonial" branch of the Red Cross in the British Empire was formed in Canada. The General Ryerson who had patched together the flag at Batoche was *elected* chairman of the executive. Even in their humanitarian efforts, the men of Canada *demanded* democratic procedure.

Today all over the world, the Red Cross is built on the recognized principles of democracy. Not only does the Red Cross deserve your support—it is a dramatic reminder that men of all races and beliefs can work together for the welfare of others—under all conditions—in war, in peace, in flood or famine, or personal distress.

Labor Reports No Desire For Domination

WINDSOR, March 14—(CP)—Trade Union leaders interviewed Sunday expressed the view that organized labor has no desire to achieve domination in this industrial city.

They were commenting on the report by Prof. C. W. M. Hart in the Canadian Journal of Economics and Political Science that labor unions had taken from other groups such as the church and big business the leading influence in this border community.

Labor is actually co-operating with, and receiving co-operation from, many business groups, local spokesmen said. At the same time, organized labor recognizes there are certain anti-labor forces in Windsor.

Most unionists said they felt that Prof. Hart had attempted an impartial study of the expanding role of the labor union in an industrial community; Prof. Hart had noted that his findings might equally apply to such centres as Oshawa, Brantford and St. Catharines.

Leaders of the United Automobile Workers (CIO) which represents 18,000 of Windsor's 20,000 unionists are expected to issue a statement later on their reaction to the report.

Object To Report

BRANTFORD, March 14—(CP)—Prof. C. W. M. Hart "did not properly investigate the objectives of the union in Windsor," George Burt said here Saturday night in commenting on the sociologist's report that labor is tending to dominate community life in the border city.

Burt, Canadian director of the United Automobile Workers, told the closing banquet of a UAW educational conference that Prof Hart's published findings might have a detrimental effect on "good relationships" between labor and other groups.

"We hope," he said, "that this report will not result in destroying any of the contribution that the union has been making in Windsor on collective bargaining and the social fronts."

Social Evening

TRENT RIVER, March 14 —(ENS)—United Church Choir held a practice and social evening at the home of Mr. and Mrs. George Brooks on Thursday evening. The members decided to hold a crockinole party on March 25.

Those present were Mr. and Mrs. Francis Ruttan. Mr. James Cook, Mrs. Ernie Vaness, The Rev. F. R. Vanderburgh, Mrs. Walter Lewis, Helen Hay, Marilyn Lean, "Chum" Lean, Afton Vaness, Jim Brown and John Bird. Mrs. Brooks served lunch.

Minor Derailment

LONDON, Ont., March 14—(CP)—East and west passenger trains on the Canadian Pacific Railway main line were delayed more than two hours at noon Sunday by a work train derailment on the southern outskirts of the city. No one was injured. Officials said that failure of a dump car to clear its load of clay threw one car off the tracks and then forced four others from the rails.

Gives Own Opinion

WINNIPEG, March 14—(CP)—Wilbert Doneleyko, CCF member of the Manitoba Legislature, said Sunday he had been stating his "personal" opinion and not that of the CCF when he attacked the Marshall plan and the North Atlantic Pact in a broadcast address last week. A retraction of his statement was requested at a meeting of the CCF provincial executive Saturday.

Honeymooner Suicides

SOUTHAMPTON, March 14—(AP)—Officers of the liner Durban Castle said Saturday an RAF veteran, Stephen Harper, 24, on a honeymoon trip from South Africa, shot himself through the head while looking at his reflection in a mirror. The Durban Castle is the liner on which the London actress, Eileen (Gay) Gibson, was slain and shoved through a porthole last year. A ship steward, James Camb, was convicted of her murder.

Canadians Copy-Cats

OTTAWA, March 14 — (CP) — Will R. Bird, president of the Canadian Authors' Association, believes Canadians have turned into a nation of "copy-cats". The only exception, he told a Chelsea Club audiences Saturday night, was French-speaking Quebec, still strong because its citizens have determined "to be themselves". In other parts of Canada, Mr. Bird said, Canadians are pathetically deferring to foreign opinion, and reading foreign books and magazines, instead of Canada.

Steel Man Dead

MEAFORD, March 14—(CP)—Edward S. Cleland, 70, prominent manufacturer of steel products in this Georgian Bay town, died Saturday after a month's illness. He was general manager of the Meaford Steel Products until his death.

Alice M. Perry Is Bride Of Frank H. Pickett

St. Luke's Anglican Church, Ashburnham, was the scene of a quiet wedding Friday afternoon, March 11, when Alice Mary, only daughter of Mr. and Mrs. Walter David Perry, was united in marriage to Mr. John Harris Pickett, son of Mr. Frank Pickett, Cooksville, and the late Mrs. Pickett.

The Rev. Walter Gilling performed the ceremony and the Rev. A. M. Dowdell played the wedding music.

The bride, given in marriage by her father, wore a cameo blue gabardine suit, styled with fitted waistline and softly flared back. She wore a navy straw hat, navy accessories and corsage of white carnations and Sweetheart roses. Mrs. Robert Rollwagen as matron of honor wore a sapphire blue dressmaker suit with matching accessories and corsage of fuchsia roses.

Mr. Emile Armstrong acted as groomsman. Ushers were Walter Perry Jr. and Arthur Lucking.

A reception was held at the Kawartha Golf and Country Club. Mrs. Perry received her guests, gowned in ice blue crepe, purple straw hat trimmed with multi-colored flowers and wearing a corsage of carnations and purple iris. Mrs. Kenneth Clifton, aunt of the groom, assisted, wearing navy crepe and pale green feathered toque.

The bride and groom left on a motor trip to the United States. For travelling the bride donned a matching cameo blue topcoat with her wedding ensemble.

Mr. and Mrs. Pickett will reside in Peterborough.

Davey-Spiers

ROSENEATH, March 14 (ENS) In a quiet ceremony at Roseneath United Church parsonage today Doris May, eldest daughter of Mr and Mrs. Alex Spiers, Roseneath, was united in marriage to Leslie Eric, youngest son of Mr. and Mrs. Sidney Davey, Baltimore. The Rev. R. C. White officiated.

The bride wore a poudre blue gabardine dress, with mandarin neckline, fitted bodice with gold buttons down the front, and full skirt, with black hat and accessories and corsage of red roses. Miss Muriel Spiers was her sister's bridesmaid wearing royal blue silk jersey with fitted bodice, peplum and full skirt, black accessories and corsage of pink roses.

Mr. Jay McVety of Warkworth was groomsman.

A reception for only immediate relatives was held at the bride's home. Mrs. Spiers received, wearing a blue crepe dress.

Mr. and Mrs. Davey left later for a short honeymoon. They will reside at Baltimore.

Guests from a distance were Mr. and Mrs. Bruce Spiers of Keene, Mrs. Walter Dredge of Edmonton, Mr. and Mrs. Sidney Davey, Baltimore.

Help to Brides Being Given By YW Course

Second of three evening meetings at the YWCA, specially arranged for future brides and homemakers, takes place this week. Facts about china, srystal and silver and some hints on shower preparations will be heard Miss Helen Weddell will be the first speaker and Miss Joan Austin will cover silver. Program convener is Mrs. R. L. Cochrane.

Believing that the way to a man's heart is through his stomach, the first topic, dealt with last week, was "cooking." Mrs. Edythe Davidson, residence superintendent of the Y, inspired confidence by explaining simple principles of the art. Basic recipes for the beginner which can be varied and added to in many ways as experience widens, were included in a booklet of tasty suggestions she prepared.

A valuable hint to the novice was not to take away appetites by serving things too sweet as a prelude to the meal she has worked hard to prepare, Mrs. Davidson's wide experience preparing food in small and large quantities provided other valuable advice that isn't in cook book, such as balancing meals with the right soup, serving light dessert when the salad is heavy and vice versa, and watching out for lack of color on the plate.

A splendid suggestion for those who are cooking for two is to use the small tins of vegetables put up specially for babies. Her sure-fire test for deciding when the cake is baked is the old trick of putting the finger in it's centre. If no impression remains, take the cake from the oven.

IODE News

57th REGIMENT CHAPTER

Dedication of a new flag for 57th Regiment Chapter, IODE, was held at the regular meeting in the Armouries. Mrs. A. W. Turner, regent of Municipal Chapter, read the prayers and the flag was placed in position by Mrs. P. Latchford, standard bearer. The flag previously in use, a gift from the sergeants of the 57th Regiment when the chapter was formed 37 years ago, was laid away by Mrs. R. E. Clark, Provincial Chapter standard bearer Mrs. Clark also gave a talk on flags, their origin and uses.

The Chapter has received an invitation to attend a ceremony on April 1 at HMCS Cataraqui, Kingston, when chapters which adopted ships during World War 2 will be presented with scrolls by the Hon. Brooke Claxton, minister of National Defense. Members wishing to attend are to contact Mrs. C. E. Newman.

Mrs. C. M. Scott, regent, was appointed delegate to the provincial convention at Hamilton in April. Mrs. A. W. Turner spoke of the work being done in preparation for the chest survey next month and asked members to be prepared to help. Plans were made for a rummage sale, the date to be announced. The Chapter will continue to send 10 overseas boxes per month until June.

Conveners elected to complete the nominations slate were: Mrs. G. Groombridge, child and family welfare; Mrs. G. H. Moore, press secretary Mrs. G. Langhorne, film council; Mrs. H. G. Carleton, Empire study; Mrs. P. Latchford, post-war; Mrs. D. Eldred, ex-service personnel. The following conveners were appointed: Mrs. R. G. Cottrell, telephone; Mrs. J. A. Gibbs, hospital; Mrs. C. Stuart, flowers. Mrs. W. G. Hall will act as archivist for the chapter.

Refreshments were served by Mrs. H. Dodds and her committee.

Tricks With Leftover Meat Practised by Good Chefs

By MARY MOORE

One of my friends from high school days discovered that all of the members of her small family were to be away from home for dinner but her, so, since she seldom has such a good opportunity to see me, or anybody else, she telephoned and said "Put on another plate — I'm on my way up for dinner." She knew how welcome she was.

I had enough cold roast beef for my family but not enough to look like generous servings for a guest dinner, so I thought fast and decided on beef croquettes.

My friend was so impressed with them she said "Now why didn't I think of that sometime."

It certainly is no mediocre rehash of a leftover. It may be that I had some chicken fat to deep fry them in and that that improved them — however the most important thing about a meat croquette is to serve it hot.

Beef Croquettes

Two or three cups ground cold roast beef, 1 cup thick white sauce (see below), 2 tablespoons chopped celery, 1 teaspoon very finely chopped green onion (optional), shake of nutmeg, 1 egg, 2 tablespoons water, about ¾ cup fine bread or cracker crumbs. Make the white sauce by melting either 2 tablespoons butter and 2 tablespoons beef fat or 4 tablespoons butter or margarine, and add 4 tablespoons flour and blend. Stir in 1 cup hot milk until thick. Add ½ teaspoon salt. Mix all ingredients, up to nutmeg. Chill well. Mould into cylinders, roll in crumbs, dip in beaten egg diluted with water, roll in crumbs, fry in deep fat (preferably chicken) at 390 deg. Fahr. Drain on paper towels, serve as soon as possible.

Tamale Casserole

(This is a dish I learned to make in Missouri where one of our fellow students was married to a girl from Louisiana who knew many of these deep Southern dishes.)

Dice 3 cups leftover roast beef and brown it with ½ to ¼ cup finely chopped onion in 2 tablespoons salad oil. Stir in ½ teaspoon salt, shake of pepper, ½ cup canned tomato juice, ½ cup catsup, from ½ to 1 tablespoon chili powder, and if desired 12 ripe or green olives which have been stoned. Cook for 3 or 4 minutes. Turn into ungreased large casserole. Bring 2½ cups water to boiling point and slowly stir in ½ cup corn meal with 1 teaspoon salt, until thick, stirring constantly. Beat into this 2 beaten eggs. Spread over meat in casserole. Dot with 2 tablespoons of butter. Bake at 375 deg. Fahr. for 45 minutes or until nicely browned. This amount will serve from 6 to 8.

Some of you may remember that I recommended a dish of scalloped potatoes and Spanish onions that I tasted last December. Well I went along a little further with this and made

Scalloped Potato, Onion And Beef

Basically this is scalloped potatoes but reduce the potatoes to 1 medium-sized one for each person to be served; use only 1 large Spanish onion, and up to 3 cups ground beef. Put in alternate layers in large casserole, salting and peppering each layer. Pour over enough homogenized milk to submerge everything. Place in oven of about 375 deg. Fahr. for about 1¼ hours or until potatoes and onions are soft, milk has been almost absorbed and the whole is an attractive light brown. This is a delicious dish that I think beats hash or corned beef hash — the moisture from the milk in the meat give it a new flavour.

Beebe-Armstrong

The wedding was quietly solemnized Saturday in the parsonage of Bailieboro United Church of Anne Marie, daughter of Mr. and Mrs. Albert Armstrong, RR 1, South Monaghan, and William Arthur Beebe, son of Mr. and Mrs. George Beebee of Bailieboro. The Rev. B. Heywood performed the ceremony.

The bride wore a suit of grey gabardine and wine accessories. She was attended by Miss Gwen Bebee also attired in grey and had accessories in navy. Each had a corsage of red roses.

The groom was attended by Mr. Wm. Thompson.

Following a reception at the bride's home the couple left for Toronto and Kitchener. On return they will live at Bailieboro.

Hastings News

John Clancy 23, almost lost his life on Saturday evening from escaping gas fumes from the exhaust pipe of the car which his brother Joseph, 25, was driving on the Campbellford-Warkworth road.

When his head began to ache so bad that he could hardly see, Joseph turned to ask his brother to take over the wheel and found him laying unconscious.

They were taken to Warkworth by a passing car and treated by Dr. Joliffe who said that if the fumes had of been inhaled a few minutes longer John never would have survived them.

The fumes had no effect on the boy's father, Mr. Ed. Clancy who was riding in the front seat.

Charles Richard (Tinker), the small son of Mr. and Mrs. L. W. Potter, Front St., celebrated his second birthday on Saturday with a very gay birthday party.

Games were enjoyed under the direction of Miss Patricia Quanlin who also assisted the hostess with the serving of the lunch.

His guests included: John O'Reilly, Pamela Duff, Jeannie and Shirley Smullin, Marie Quinlin, Joan and Elaine Stevens, Catherine Potten, Miss Bridgett O'Shea, Mrs. Bert Steven, Mrs. E. Mahoney of Campbellford, Mrs. J. Harden and son Frances of Warkworth.

Short Essay on Marriage 40 Years Ago Still Timely

DEAR DOROTHY DIX: The other day I accidentally came across a time-yellowed clipping in an old dictionary. It was an article that you must have written 40 years ago and that you have doubtless long forgotten; but it still hits the nail on the head, and I am wondering if you won't republish it?

Dorothy Dix

MRS. JOHN S.

ANSWER: Well, inasmuch as human life and human nature are always old and always new, it doesn't matter being a repeater now and then. So here's the article which was entitled "Little Mary's Essay," and which ran as follows:

My teacher told me to write a composition on matrimony and I asked my Papa what matrimony was, and my Papa said that matrimony was an agreement that a man and woman signed up for a continuous scrapping bout in which every kind of a foul and strangle hold was allowed, and where the man generally went to the mat.

And my mother said it was a shame to tell a trusting, innocent little child such a thing as that. She said that matrimony was a guessing game in which the woman nearly always guessed wrong, because she thought she was getting a husband who was a grand, noble hero who would spend his life in cherishing her and buying her new gowns and automobiles and things.

Miserable Shrimp

And what she got was a miserable, little human shrimp who was always rowing about the bills and thought that woman ought to wear her year before last's furs, though, goodness knows, they weren't in style at all and anybody could see they were mangey.

Then I asked my Aunt Amanda, who is an old maid and who locks the door when she puts on her complexion, and she said that matrimony is one of the things that a woman is prefectly miserable about until she gets in and utterly wretched about after she does. And then she said: "Run away, child, and play."

I asked my Uncle Bob, who is an old bachelor with a funny bald spot on the top of his head and a bay-window and lots of money what matrimony was, and he said it was what a man got for talking too much to a lady in the moonlight, and not being foxy enough to dodge the traps that were set for him, and that it served him jolly right for being such a mutt.

The I asked my Grandma what matrimony was, and she said "Well, in my time it was a life job, but in your mother's time it seems to be a temporary engagement, and by the time you are grown up I suppose there won't be any." And then she sighed and said: "Matrimony is life, my child. It is sunshine and rain. It is tears and laughter. It is heartbreak and heart's delight. But only those have really lived who have been married."

Then I asked Hilda, our maid, what matrimony was, and she said, "It is what gives a gentleman the right to talk to his wife the way he dasn't talk to the cook, who can give notice and quit, and which gives a woman the right to wear curl papers and a kimono at home, and sass her husband to his face." And Hilda says that when a man and woman, who have been sweeties, get tired of being polite and agreeable to each other they get married so they won't have to wear out their good manners no more.

Then I asked pretty little Miss Mamie, who lives next door to us and who has a great, big, new diamond ring, what matrimony was, and she said, with her eyes shining like stars: "Oh, child, matrimony is the Land of Hearts' Desire and I've got a glory ticket to it."

When I'm grown I am going to try matrimony for myself.

✧ ✧ ✧

DEAR DOROTHY DIX: I am a woman 33 years of age, in love with a man three and a half years younger than I am. We are both college graduates. Have the same religion. Like to do the same thing together. Everything's all right, except the matter of age.

Do you think that this difference in our age would be a paramount problem now, or even in later life?

PUZZLED

✧ ✧ ✧

ANSWER: While adolescents are still growing and changing and developing, a difference in age is important, but after a man and woman have reached the age of discretion a few years are of no consequence. Children do not know what they are going to want in a mate, but the taste of the mature men and women are settled and they are not likely to make a mistake in picking out their mates, because they marry for congeniality, not by the calendar. So a few years either way makes no difference.

Menus For Special Purposes

By MARY MOORE

Broiled Halibut Steaks, Lemon (¼-lb. 137 cal.)
Scalloped Tomatoes (¾ cup 35 cal.)

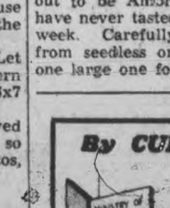
Ambrosia: Orange and Fresh Cocoanut (see notes—¾ cup 75 cal.)
Clear Coffee (o cal.)

High-Calorie Low-Cost Dinner
Beef Croquettes
Baked Potatoes in Jackets
Celery, Apple and Lettuce Salad with Mayonnaise
Mince-Apple Pie (see notes)
Cheese Coffee

One-Burner Dinner
Creamed Tuna and Peas on Toast
Variety Salad Plate: Baumert-Stuffed Celery Tomato Wedges Curled Carrot and Turnip Wafers (see notes)
Steamed Chocolate Pudding Whipped Cream Coffee

Directions

I had forgotten about Ambrosia until I saw a cocoanut and bought it, and after making a cake and snowing it under with fresh cocoanut (and grating off some of my skin in the process) wondered how to use up the remainder of the cocoanut. It turned out to be Ambrosia and if you have never tasted this, try it this week. Carefully cut sections from seedless oranges allowing one large one for each person to be served sprinkle with about 1 teaspoon berry sugar for each orange, and mix in about ¾ cup freshly grated fresh cocoanut for every 4 large oranges. Sprinkle top lightly with berry sugar. Cover, and let stand 1 hour in cold place before serving in dainty stemmed glasses.



Because I had to have 2 pies and had only enough mince meat for one I covered bottoms of both pies with sliced Spy apples and filled the remainder with mincemeat. This makes a mild mince pie that was enjoyed by one of the members of our family who does not like mincemeat. Everybody knows this method of extending mincemeat but I am just putting it in here to remind them to do it.

Carrot and Turnips sliced into wafer thin slices can be made to curl very attractively if you soak them in salted ice water for about 1 hour before serving. Dry them well before arranging on salad plate. The same thing may be done to utilize the outer stalks of celery. Cut the celery in 2-inch pieces. Slit the cut ends for about ½-inch down stalk at ⅛-inch intervals. Place in salted ice water. The little fringe curls back in about an hour's time. Dry these well before serving.

Steamed Chocolate Pudding

This is the chocolate pudding you often see on the menus in large restaurants. It is delicate and popular. I think the addition of a few drops of mint flavouring to the sweetened whipped cream is a good finishing touch.

One tablespoon butter or good quality shortening, ¾ cup sugar, 1 egg, 1½ cups flour (preferably cake flour), ½ teaspoon salt, 1½ teaspoons baking powder, ½ cup milk, 2 squares unsweetened chocolate. Cream the butter with the sugar well, then beat in the whole egg. Mix and sift flour, baking powder and salt, then sift over butter mixture alternately with the milk, mixing between additions. Beat well. Add melted chocolate. Pour into greased large mould or into greased individual moulds, filling ¾ full. Cover tightly and steam 1 hour. Serve with whipped cream or heavy pouring cream or scoop of vanilla ice cream.

"No one minds a trifling error of a few hundred million or so, but when it gets into the billion ranges, we really MUST draw the line!"

ENQUIRY COLUMN

By MARY MOORE

QUESTION: I follow your column and notice your answers in detail to the various enquiries.

I am now asking for help with my diet. It is under doctor's orders, limited to 1400-1600 calories per day. Do you have a booklet of your low calorie meals given in the paper and also a booklet of various foods with calories values. I have one but it leaves out a number of things especially any variety of meats.

I have already lost five pounds in six days and as near as I can judge stayed at the 1400 calories, or less per day, but any additional information makes for more variety.—Mrs. McD.

ANSWER: I have mailed you a very good calorie chart which covers most of the food we are able to get in Ontario. If you follow it I am sure you can keep to your 1400-1600 calories per day.

QUESTION: In last week's paper I notice you publish a low-calorie dinner menu, so I am wondering if you have a calorie chart. I am not a regular reader so could not be sure of seeing such a chart published. I have tried in many places to secure one, even to trying in drug stores, without success. I am sadly overweight, but any diet I have tried has not been successful, so I hope to reduce by counting calories.

What is the proper number of calories per day for a reducing diet? You are so proficient I am afraid I can not help you any, and do hope I am not asking too much. —Mrs. R.

ANSWER: I dare not suggest the number of calories you require—you really should consult your doctor about this—but read the above letter. I am mailing you the same calorie chart I am sending to the writer of the above letter.

She needs YOUR help...
Out on a far frontier a woman is about to give birth to a baby. At a far northern outpost a man meets with a serious accident, or a little child is dangerously ill. Medical aid may be hundreds of miles away, but fortunately a Red Cross Outpost Hospital is within reach to minister to those who need hospital care.
The Red Cross needs your help in financing 75 Outpost Hospitals; in supporting and extending the free Red Cross Blood Transfusion Service; in assisting disabled veterans; in providing relief in case of flood, fire or disaster; in helping the sick and suffering everywhere.
The Red Cross is YOUR Red Cross. The work it is doing can only be done with YOUR help. This work must not be left undone. Give generously.
Red Cross services also include: Treatment for Crippled Children, Nutrition Services, Home Nursing Courses, Swimming and Water Safety, Women's Work Activities, etc.
This is YOUR work — GIVE!
When considering your donation, remember that this year the Canadian Red Cross needs 5 Million Dollars—40% more than the previous appeal.

6—In Memoriams

HEATHER—In loving memory of my dear mother, Eva Jane Nisbett Heather, who passed away March 14, 1936.
O happy hours we once enjoyed,
How sweet their memory still,
But death has left a loneliness
The world can never fill.
—Lovingly remembered by her daughter Myrtle.

HAWKES—In loving memory of a dear mother, who passed away March 14, 1945.
No one knows how much we miss you,
No one knows the bitter pain
We have suffered, since we lost you
Life has never been the same.
In our hearts your memory lingers,
Sweetly, tender, fond and true,
There is not a day, dear mother,
That we do not think of you.
—Always remembered by son George and daughter-in-law Grace Hawkes, Keene, Ont.

7—Cards of Thanks

I would like to take this opportunity to express my sincere thanks to the attending doctors and to the nurses of the Civic Hospital and all kind friends and relatives who sent cards, fruit, flowers and gifts and visited and helped in any way during my recent operation and stay in the hospital. Mrs. R. A. (Pete) Collins.

Mr. George Rogers and family wish to thank their friends, neighbours and the attending doctor for their kindness and sympathy shown during their recent sad bereavement. Also to all who sent flowers and cards.

Mr. and Mrs. Richard Warr, Campbellcroft wish to thank all those in the city and district, also anyone who helped them when their home was burned.
